## Good Rains Soak Area

Good, slow rains amounting to one and one-half inches fell here last Sunday, soaking in the ground and assuring ranchers of a good spring and early summer crop of weeds and grass. The rains were just in the nick of time to do the most good. Winds had dried out the crust or top of the ground and weeds had sapped some of the top moisture needed for summer grass.

All the fall soaked in—no runoff was recorded. The already lush green ranges took another spurt forward and the pastures have never looked better for this time of the year.

### More Rain Thursday

Thursday morning more rain hit the area. Twenths fell here in town and there is a possibility of more falling as this goes to press—on Thursday afternoon. Since the ground is still wet from Sunday's good rain, water stood even from the .2 inch fall Thursday and will do a good job of finishing putting a good season in pastureland.

The weeds are abundant and the scissor-tails and other signs of the spring are here. The red ants are out working—but the old mesquite tree veteran—has not yet seen fit to lace out with its leaves as yet. When the mesquites get fully laced out, along with all the other greenery of the pastures—then will the spring be officially and truly here.

## Epsilon Zetas Hear Public Health Nurse

Mrs. Hartmann, San Angelo Public Health Nurse for the past twelve years, spoke to the Epsilon Zeta Club on "Tuberculosis and the Necessity of Patch Tests in the Public Schools" when the club met April 10 at 7:30 in the club room of the community center. Mrs. Leroy Butler and Mrs. Billy R. Bynum were hostesses.

Mrs. C. J. Copeland and Mrs. John Copeland, Jr. were in charge of the program. A business meeting was conducted following the program.

The club agreed to sponsor one group in the public schools in the Fire Safety Poster Contest. The club also voted to supply \$5.00 for a door prize at the Cancer Drive book review. It was voted to accept the assistance of the Noradata Club on the community center kitchen project for next year.

The patch tests have been postponed until the next school year. Club members are assisting in the sale of tickets to the book review April 21. For cancer relief, Mrs. L. E. Dudley will review "The King Ranch."

Members present were Mrs. C. J. Copeland, Mrs. John Copeland, Jr., Mrs. Leroy Butler, Mrs. Billy R. Bynum, Mrs. Ray Mixon, Mrs. Winn McClure, Mrs. Wayne Lourie, Mrs. Delbert Hopper, Mrs. Charlie Davis, Mrs. Don Hodges, Mrs. Elroy Butler, Mrs. Joseph Blaneck, Mrs.

## Lions Pancake Supper Held Monday Night

The Sterling Lions Club netted around \$75 when they held a pancake supper in the community center Monday night of this week.

Money raised will be used by the club in community projects.

The food committee members—H.A. Chapple and Alvie Cole, got donations of pancake mix, syrup, sausage, cream, etc. and the cooking committee—Pat Boatler, Earl Bailey and Alvie Cole were assisted by Mrs. Daisy Smith and Mrs. Sam Simmons.

A large crowd of diners showed up and were fed all they could eat at prices of 30c and 60c. Club members donated some of the food used—such as coffee, butter, sugar, etc.

President Horace Donalson expressed his thanks to all who helped at the affair. He also expressed the thanks of the club to all who were present at the supper.

## Mrs. Addie C. Pearson Buried Here Tuesday

Mrs. Addie C. Pearson, 74, was buried here Tuesday afternoon in the Mont Vale Cemetery. She had died last Sunday in the St. John's Hospital in San Angelo following a lengthy illness. She was a widow, her husband, Orb Pearson, having died in 1948. She had been a resident here for 48 years.

The funeral services were held in the Lowe Funeral Chapel with the Rev. Billy R. Crews, Baptist pastor, officiating. He was assisted by the Rev. Lewis Petmecky, Presbyterian pastor.

Mrs. Pearson was born in Missouri on January 14, 1884. She is survived by a nephew, Cpl. William Egan, Jr. of Fort Monroe, Va.

Pallbearers at the services were Ollie Carper, Roy Martin, Worth Allen, Fowler McEntire, Jeff Davis, Clell Ainsworth, John Reed and Hal Knight.

**NOTICE!** I am opening a shop in the Jack Week's shop building and will appreciate any of your work in the welding and blacksmithing line. **BEN ATWELL**

Clinton Hodges, Mrs. Fred Igo and Mrs. Charlie Pate.

Guests present were Mrs. Marcus Loader, Mrs. Eschol Crook, Mrs. Charley Probandt, Mrs. Nora Cameron and Mrs. M. C. Reed, club sponsor.

In the name of emergency, spending measures have already been enacted at this session and others are proposed which may increase the public debt by as much as \$10 billion. The amount depends on what happens in Congress during the next few weeks.

The emergency housing bill, enacted into law, is probably about the soundest of these anti-recession measures, but it is admittedly inflationary and expensive.

A proposal that Uncle Sam advance a vast sum to the States to use in extending by 13 weeks unemployment payments is viewed by many, including myself, as unsound and should not be undertaken even in the name of emergency. It would simply prolong the day of reckoning, and deviates from the basic principle upon which such unemployment payments are based.

A recent \$1.8 billion emergency highway bill, which will cause some construction to be speeded up which would otherwise be done a little later anyhow, marks a sharp reversal of the pay-as-you-go principle which prompted many of us to vote for the big Interstate Highway System measure in 1956, now just getting underway.

While some emergency legislation is helpful, certainly the panic approach should be avoided. Accelerated construction works on watershed and river and harbor projects, which are engineeringly sound, are being pushed in the Congress. But with scores of expensive remedies, with a dash of politics often added to the prescription, being proposed, it is a good time to remind ourselves that many sins are committed in the name of emergency.

THAT SMILING Russian Ambassador, Mr. Menshikov, is overlooking no bets in his efforts to sell the idea that the present Russian regime is moderate and peace-minded. I received from the Ambassador the other day a copy of Mr. Krushchev's letter to Mr. Eisenhower and also a copy of the Soviet resolution announcing unilateral cessation of atomic and hydrogen weapon tests. What he didn't relay was the fact that the Russians has just completed a whole series of such tests immediately before telling the world of their pious decision to forego more tests.

## Sterling FFA Boys Judge At Sul Ross College

Seven Sterling City FFA boys participated in the Livestock and Wool Judging contests at Sul Ross College in Alpine Saturday, April 12.

The livestock judging team consisting of Danny Stewart, Don McDonald, Melvin and Marvin Foster, placed 8th overall out of a field of 26 teams with 86 boys participating.

The Sterling team placed 4th high in hogs with a score of 530. Danny Stewart was 6th high individual in hog judging, and 15th high overall individual in the contest.

The team score was 1462 for 8th place. Sweetwater, the winning team, scored 1635.

The wool team, consisting of Tony Allen, Bill Davis and Robert Quintana, placed 6th in the contest. They judged two classes of 4 finewool fleeces each, and graded 20 fleeces, anrning in grade from fine to one-quarter blood.

Tony Allen was 7th high individual overall. Tony scored 309 out of a possible 400.

The team scored 507 in judging fleeces; Ozona won with a score of 524. In the grading division, the Sterling team scored 350; Robert Lee won this event with a score of 442.

In the overall contest, Robert Lee won with a score of 947, the Sterling team scored 857.

The team did very well for beginners in wool grading and judging. We hope to bring in some banners before the year is over.

## New City Officials Are Sworn In Monday

### Seniors Net \$137 at Talent Show Friday

The senior class of Sterling High School netted \$137 at the talent show held last Friday night. The show included talent from Garden City, Forsan, Midland, San Angelo and Sterling City.

Helping the seniors with the affair were Mrs. R. R. Ricker, Mrs. David O. Deans, Mrs. Tom Kent and Mrs. Dick Mitchell.

First place winners were Willene Glass, Jackie Cole and Lynda Allen in a rock and roll number called Ready Teddy. Second place winner was Sandra Williams singing Tammy. The third place prize went to Lynne Benge doing a pantomime of Jerry Lewis.

The school auditorium was full and the audience enjoyed the whole show. Apart from the competition such a show offers, it is good training for youngsters—and is good entertainment.

The seniors will use the money on their senior trip or other class activities. This was their last money-raising affair of this year, it was said.

The program as presented was as follows:

- Coming Around the Mountain..... Davee and Shaffer
- Sugartime ..... Nelwyn King
- Houn Dog ..... Billy Joe Tindall
- Twenty Dollar Bet ..... Joe Gaitan
- and Jody Rodriguez
- School Days ..... Lee Douthit and Mike Mulloy

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—  
Neill Munn  
D P. Glass  
Mrs. Leslie Cole  
A. L. Merrell  
Dismissals since Thursday morning of last week include—  
Jim Butler

The new mayor, Rufus Foster, and the two new city councilmen, Lee Reed and Harvey Glass, were sworn in to office Monday afternoon in a ceremony at the city hall. County Judge Bonnie Murrell officiated at the swearing in. All members of the city council, as well as the outgoing members, were present for the meeting. The meeting was held at four o'clock.

The judge swore in the two new councilmen first and the mayor last. Retiring mayor John Walraven presented the new mayor with two keys, one to the city hall front door and one to the safe.

Mayor Foster commended the council for the past work done. He said a lot of good could be accomplished even with differences in opinion. He said also, "I rather think it common and customary to have an audit made on what has been done and get a picture of conditions and what can be done." The two new councilmen agreed with him, as well as the old members, H. F. Donalson made a motion to have an audit made and J.I. Cope seconded the motion. It passed with no noes.

Donalson congratulated the three new members of the council and said he considered it an honor to be able to serve with them on the board. The new mayor said he did not know anything about the job of being mayor, but he would do his best in all respects. Some jollity about the amount of pay and duties livened up the session.

Present at the meeting were the three new men, and old members Donalson, Fred Hodges and Cope, and retiring members Cecil Long and Walraven. Also the city secretary Mrs. Loyd Murrell and city engineer Hugh C. Dickson and the county judge.

The city secretary read the minutes of the last two meetings and they were passed on.

## Lions to Sell "Blind" Made Products Here Next Wednesday

The Lions club members are to sell brooms, mops, ironing board covers, etc. here next Wednesday. The items are made in the **Blind Workshops** and are sold by Lions clubs over the state yearly. Rubber mats, brushes, hot pads, aprons, and a variety of items are offered.

It was reported that about \$75 was cleared at the pancake supper Monday night. The pancake mix had been donated by the Aunt Jemima distributors. The syrup was given by Kimbell's. R.E. Coombes donated some brown-and-serve sausage; Crow's Packing House donated some sausage; Gandy's gave the coffee cream and individual club members donated some bacon and other items. The West Texas Packing Co. sold some bacon and sausage at cost to the club.

President Horace Donalson appointed a nominating committee composed of Wm. J. Swann, Roland Lowe and Darwin Sprawls.

Bill V. Davis was a guest of Joe Blaneck at the meeting.

### CARD OF THANKS

I want to thank my friends for the cards, flowers and visits while I was in the hospital.

## Read this - please!

The most precious gift you can give a son

From that first wonderful day when he drops your guiding hand to walk alone—unsteady, unsure, but on his own—his goal is independence.

And this is yours to give—even as he falters and clings, then manfully struggles on. You want so much to help him. And your heart nearly bursts with pride one day when you know he's now "his own man." How fervently you pray that no one—ever—will take away this hard-won freedom to be himself.

There's one way you may not have thought of to help him continue to enjoy the independence he's achieved.

Be on the watch for ideas that could deprive him of it—the idea, for example, that "government should run such and such—a business, a service, an institution." You have only to remember the people in socialist nations to know that when government controls more and more things, there is less and less freedom and independence for the individual!

You can use your woman-power to discourage this idea that "the government should run it." When you hear people talk that way, point out that the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business, and powerful people are pressing it to take over more.

"WE APPRECIATE YOUR BUSINESS"

AROUND  
THE  
COUNTY  
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Sterling County 4-H club will be represented by a range judging team at the district 4-H club elimination contests in San Angelo tomorrow. Team members are Claytos Stewart, Jerry Payne, David Durham and Reynolds Lee Foster.

The contests will be held at the San Angelo College and on the college farm on the shores of North Concho Lake. Counties represented there will be the 22 counties which comprise Extension Service District 7. First and second place teams in each contest will then compete in the State 4-H Club contests at A & M College in June.

Range judging consists of three parts. Team members are required to identify twenty grasses and weeds common to ranges; these twenty are taken from a list of about 60 grasses and weeds. The second part of the contest consists of a range site; contestants place it as a bottomland, hill, or rolling site based on soil depth. They grade it as to usage such as hard or severe, little used, properly used. They then make recommendations for future use of the site. The third part consists of four plots. Contestants place the plots, much the same as livestock, based on available forage and use and check their reasons for each planting.

The contest has a practical basis. Boys and girls learn how to make adjustments on a range; they learn to identify various plants found on the range; it is excellent training for future ranchers.

The annual barbecue and "bull session" sponsored by the wool warehouse in Mertzson will be held tonight at 6:00 p. m. in the City Park at Mertzson. All interested wool producers in this county are invited to attend.

The program is always a high spot of this affair. This year Leo Merriell, Range Specialist at the Sonora Experiment Station will be on the program. Marvin Worsham of the Texas Employment Commission will be on hand to discuss the labor situation. Also, Mr. Lester Womack, Program Specialist on the Wool Incentive Program will be on hand to answer any questions on the wool program for 1958.

Johnny Hailey, county office manager of the ASC office, advises that ranchers must sign application for their wool incentive payments by April 30 if they sold wool or unshorn lambs between April 1, 1957

### Rules Listed For Windows

How much window space should be planned for each room in building or remodeling a home?

Windows can affect the comfort of a family both physically and psychologically, says the University of Illinois Small Homes Council. Most homes need at least twice as much glass area as they have.

Here is a set of new rules worked out by the Council for ideal windows in the home:

1. Each room needs glass areas in excess of 20 percent of the floor area in each room. Much more is desirable on cloudy days.

2. In cool climates, the principal window areas should be placed toward the south, since this direction has the brightest sky. In warmer climates, a northeast orientation will limit heat from the sun.

3. Windows in more than one wall give more effective daylighting than windows in just one wall. One large window, however, gives a better distribution of light than the same amount of glass space distributed around the room.

4. Windows placed as close to the ceiling as possible lengthen the depth of light penetration into a room.

5. At least 10 percent of the floor area in a room should be matched with windows that open. Popular windows of ponderosa pine are available in many styles that open, including the familiar double-hung style that gives effective ventilation by opening at top and bottom. A further advantage of wood windows is that they can be painted or stained to match color schemes inside and out.

6. Draperies that cover a portion of the window when open can reduce daylight by as much as 75 percent. Drapery hardware should be installed to keep the material off to the sides of the window.

### CUTE CAPER

The latest entry in the "clothes horse" race made its debut with the introduction of the "convertible" look by Raymond A. Wilson out of Kabro of Houston. Created by Elizabeth Roth, head designer at Kabro, the new fashion modifies the "sack" look along health principles championed by Wilson, founder and president of American Health Studios and Silhouette Figure Form, International. The "convertible" look has the lines of the "sack", yet silhouettes the female figure.
