THE AMERICAN WAY

A Dead Goose Lays No Golden Eggs

Carolyn Payne, Sterling County 4-H club member, has received a Recreation Scholarship in connection with the District 7 4-H club camp, June 2, 3, and 4. The camp will be held at Camp Rio Vista on the Guadalupe River between Ingram and Hunt in Kerr County.

Carolyn's scholarship was one of eight granted in the 22 county area which comprises District 7. Four girls and four boys received the grant which was made by the District Home Demonstration Council. The boys and four girls will help with the recreation at the district camp in June as mentioned before. All attended Recreation Leadership training meetings last fall or this spring. Carolyn, LeRuth Reed and Cecilia McDonald attended the training sessions but only the older girls and boys were eligible for the scholarships. Those selected for the scholarships were selected on the basis of one per county from those eligible by the home demonstration agents several weeks ago.

Don't forget the Brownwood sale by the Texas Purebred Sheep Breeder's Association. Mutton breeds are being sold today, starting at 1:30 p.m. while finewool breeds are being sold tomorrow starting at 12 noon.

Bubba and William Foster have several Suffolk bucks in today's sale. Tomorrow's finewool sale will have entrants from David Durham, Clinton Hodges and L.F. Hodges.

This is a good chance to get your bucks early and have them in condition by breeding season. The outstanding breeders in the state will be represented at the sale.

There is still about 30 days left in which to fertilize your fish pond. Fertilizer will help produce larger fish and control the underwater mocs as well.

The fertilizer should be applied during the spring season and should be stopped about the first of June. Many different types of fertilizer can be used. They include commercial mixed goods, cottonseed meal, barnyard manure and others. Applications of 50 to 100 pounds per surface acre of water should be made every four to six weeks during the spring.

There have been a number of cases in the state where plant insecticides have been used on livestock with bad effects. Plant insecticides should never be used on livestock; to do so often results in poisoning of the animals.

Use only the recommended materials prepared for livestock on your animals. They are properly prepared for such use and when

used according to directions, there will be no harmful results.

During the past few weeks, a number of cattle have died in this county as well as neighboring counties. In most cases they have been found dead with very little to indicate the cause.

From all appearances they die very quickly and make little struggle; the body swells very quickly. Chat Reynolds has lost one heifer while William and Bubba Foster have lost five head in this manner. Age does not seem to be a factor as all age cattle have been reported as dying. In Coke County the loss was quite heavy a few weeks ago but has dropped off lately.

Veterinarians attribute death to bloat. The dense crop of weeds results in the animals eating a lot of the highly succulent vegetation. It does not flow through the stomachs as it should. Being very succulent, it tends to settle on top of the fluid in one of the stomachs and causes bloat. The bloating occurs very fast, the animals are in the pasture where they are not seen and death occurs quickly.

If found before they go down, the usual bloat treatment is recommended. An old stand-by which works for a lot of people is tying a stick in the animal's mouth and walking them. There is also a prepared bloat remedy on the market which is injected in the stomach and which is supposed to be very effective. Key to the situation is finding the animal before the bloating has developed too far.

Bill V. Davis Announces For County Judge

This week, Bill V. Davis, local insurance agent, announced that he would be a candidate for Sterling County Judge. In announcing, Bill said that if elected, he would devote full time to the office and strive to give everyone fair and courteous treatment.

Bill, born here and grew up here, is 23 years old, married and has two children, Bill and Sandy. He is a graduate of Sterling High School and has a B.S. degree from Texas Tech College.

After spending three years in the U.S. Air Force, Bill taught vocational agriculture in Eola High School for one year. Since that time he has been engaged in the insurance business.

Davis said, "Your support in the July primary will be sincerely appreciated."

Lions Hear Nominating Committee Report

The nominating committee gave the first reading of officers suggested for next year when the Lions Club met Wednesday noon for the regular weekly luncheon. Officers as recommended by the committee were as follows.

Fred Igo—President
W.O. Green—1st Vice-President
Leroy Butler—2nd Vice-President
Alvie Cole—3rd Vice-President
L. S. Dubberly—Secy.—Treasurer
Henry Bauer—Tail Twister
L. S. Petnecky—Lion Tamer
Directors—S. M. Bailey, D. L. Haralson, Jack Douthit, and Horace Donalson.

Delbert Haralson reported a profit of \$85 on the broom sale for the Blind Caravan last week.

An effort to get more members into the club to insure the future of the club was talked. More members are needed to keep the club going as a community institution.

It was announced that the Texas Rail Road Commission would hold a public hearing here on May 22 in the courthouse. The Santa Fe is wanting to do away with the agency here and put this town on what is called a prepay basis. No agent would be stationed here and a train would come only at call, and only when a complete carload was to be shipped—such as livestock.

Fred Igo, first vice-president, took the chair and appointed a committee to represent the people at the hearing. It is hoped that the agency will be retained by the company.

The company has gradually (in the past few years) dropped, first, passenger service, then express, and regular service, and now only comes when a train is needed by shippers. The section crews at Carlsbad and here have been dropped.

One rancher said, "Maybe they haven't made any money here in the last few years. But then, I haven't either. But I expect to do so in the coming years, especially if the drought is over."

Igo appointed a committee to get some facts for arguing for maintenance of the agency here. He named Earl Bailey, Darwin Sprawls, Jeff Davis, Jim Butler, Roland L. Lowe, William Foster and Alvie L. Cole. Some are not members of the club, but certainly have an interest in maintaining the agency here in the county.

Seniors on Trip To Colorado

The seniors of Sterling High School left here Monday afternoon on a six-day trip to Colorado. They left Monday afternoon about 3:00 and will arrive back here Sunday night.

Accompanying the group are E. B. Hosea, class sponsor, O. T. Jones, school superintendent, Mr. and Mrs. Forrest Foster, Mr. Joe Emery, Mrs. Evelyn Steward, Mrs. J. R. Dillard, and Mrs. C. T. Williams. The group chartered a Greyhound bus for the trip.

The group left Big Spring at 4 p.m. Monday and drove on through Lubbock, Dalhart, Raton, N. M. and on to Pueblo, Colo. They had breakfast in Canon City, Tuesday morning at 6:00. There they went through the Colorado State Penitentiary and toured the Royal Gorge in the Greyhound bus.

The group arrived in Colorado Springs at 5:30 Thursday where they stayed in the Garden of the Gods Motel. They toured Denver museums, mint, parks, etc and are to spend Saturday back at Colorado Springs. They will leave Colorado Springs Sunday morning at 6 and are due in Big Spring at 9:30 Sunday night.

Drizzles and Sprinkles

Only a small amount of moisture fell here Tuesday and Wednesday, but the damp weather did promise a lot and at least kept the ground moisture from drying out any more during the time. About .05 inch fell here in town.

Mr. and Mrs. Warren Garms of Abilene visited Mrs. Garm's parents here last Sunday. Her father, A. L. Merrell, has been hospitalized the past few weeks here.

Cecil Long went to Dallas this week to receive a Masonic degree. Miss Evie Langston of San Angelo handled the prescription filling while Cecil was away.

SANTA FE WANTS TO DISCONTINUE ITS AGENCY HERE

Mrs. A. F. Brown Dies In New Mexico

Buried in Albuquerque, New Mexico Monday

Mrs. A. F. Brown, a resident of Sterling City since 1931, died at the home of her daughter, Mrs. Minnie Johnson, Albuquerque, N.M. on last Saturday and was buried there Monday of this week. The French-Fitzgerald Mortuary had charge of arrangements.

Mrs. Brown was born Lois Rhyne April 7, 1881 in Rome, Georgia. She was married to A. F. Brown July 20, 1905. She had been in Albuquerque the past two months with her daughter.

Survivors include the husband of Sterling City, two sons, Jim of Sterling City and Ted of Almodoro, New Mexico. Also the daughter in whose home she died. She had one daughter who preceded her in death—Wylene.

Daughter to The Gene Smiths

A daughter, named Lyn Gae, was born to Mr. and Mrs. Gene Smith in the Sterling County Hospital last Saturday night at 9:30. The baby weighed seven pounds and three ounces.

The Smiths have another little daughter, Sandra. "Papa" Gene is employed on the highway construction crew west of town.

Grandparents are Mrs. Daisy Smith of Sterling and Mr. and Mrs. D. F. Young of Yuma, Arizona. Great grandparents are Mr. and Mrs. M. W. Smith of Sterling City and Mrs. Elizabeth Harper of Salinas, California.

FINAL PARENT-TEACHER MEETING NEXT THURSDAY

The last P.T.A. meeting of the school year will be held at the auditorium next Thursday afternoon at 3:00 o'clock. New officers will be installed, with Mrs. Chesley McDonald as installing officer.

Gayle Steward will give the devotional, and Edna Davis will play a piano selection. Mrs. Alvie Cole will discuss "What Has Our Partnership Venture Revealed?"

A program will be put on by pupils of the 9th and 10th grades. A President's Tea will follow the program and business session.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Neill Munn
D P. Glass
A. L. Merrell
Carolyn Sue Cole
Mrs. Gene Smith and infant daughter, Lyn Gae
Dismissals since Thursday morning of last week include—
Mrs. Leslie Cole
Mrs. Ruth Allen

The Santa Fe Railway wants to discontinue its agency here. That's what a hearing here on May 22 will disclose. Mayor Rufus Foster got a letter from the State Rail Road Commission this week notifying him of that action. The Santa Fe wants to discontinue the agency here and keep the road open for carload shipments at call, so said the letter from the commission.

Open Meeting

The meeting will be open to the general public and will be held in the courthouse at 9:00 a.m.

The company at present only runs a train here "upon call" or when there is freight to go or come. Such freight is livestock.

REV. GEORGE MULLINAX

Youth-Led Revival Starts Sunday at Baptist Church

A youth-led revival meeting is to begin at the First Baptist Church Sunday, May 4 and will continue through Sunday, May 11. The services will begin each night at 8:00 p.m. Prayer meetings will be held at 7:30 each evening.

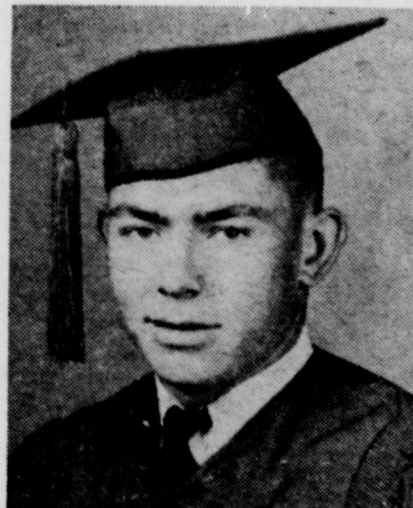

The Rev. George Mullinax of Hardin-Simmons University in Abilene will be evangelist for the meeting. Rev. Mullinax has had extensive training and work in youth revivals throughout the state and has attended clinics on youth work. At the present he is in school at Hardin-Simmons and is also pastor of the Bradshaw Baptist Church near Abilene. He will be in Sterling City on Monday in time for the evening service.

Leading the singing during the meeting will be Rex Wilson, the music and youth director for the local church. Wilson, too, has worked in many youth revivals and is well-trained for revival music.

Sam Ligon, associate pastor of the Lake View Baptist Church will be playing the organ during the meeting. He has been attending Wayland Baptist College in Planview and directing the choir at the Lake View Church in San Angelo.

Everyone is cordially invited to attend the services throughout the whole of next week.

Top Honor Students

WILBUR STONE, Valedictorian

GAYLE STEWARD, Salutatorian

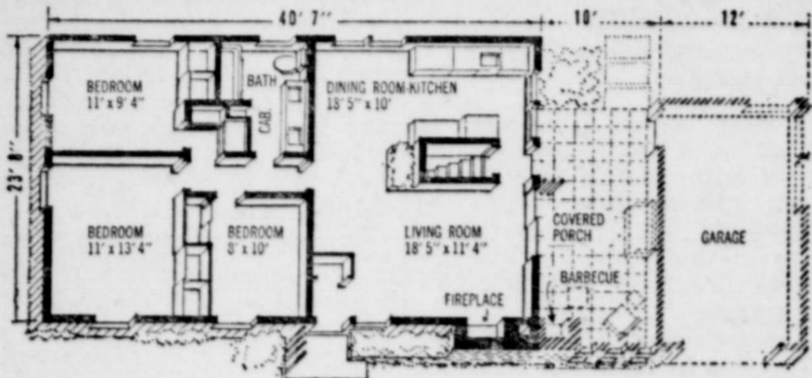

High school principal Weldon Snodgrass has announced the high ranking students in this year's graduation class.

Wilbur Stone, son of Mr. and Mrs. Wilbur Stone, is valedictorian of the group, with an average of 93.94. The grades are from the past

two years, said Snodgrass. Gayle Steward, daughter of Mrs. Evelyn Steward, is salutatorian. Gayle's average for the two year period is 93.26.

Jim Davis, son of Mr. and Mrs. Jeff Davis was third ranking student with an average of 88.69.

Small House Big Charmer

Here's a house designed to be built for a modest price, yet which would be a welcome addition to most any neighborhood. Its designer, architect Rudolph Matern, of Jamaica, N. Y., conceives it as an ideal "first house" for a young couple with small children.

The house has less than 1,000 square feet of floor space, yet looks bigger from the outside. This is largely due to the gently sloping roof of white asphalt shingles that covers the house, breezeway, and garage in a single sweep.

Matern specified white for the roof because a light color gives an appearance of greater height and width, and white asphalt shingles help make a house more comfortable in summer by reflecting much of the sun's heat.

Other exterior features are the board and batten siding, covered entranceway, and the broad fieldstone chimney that gives the house a "solid" look.

Careful interior zoning keeps entertainment and activity rooms

away from sleeping quarters. The living, dining, and kitchen areas have "open planning" and are handy to the covered breezeway with its own fireplace for barbecues even on rainy days.

The house has a full basement, fireplace with raised hearth, and double lavatory in the large bathroom.

Architect Matern specifies thick mineral wool insulation in the walls and ceiling to insure year-around comfort and heating economy. Recommendations are a thickness of at least 4 inches of mineral wool in the ceiling, and a minimum of 3 inches in walls. For air conditioning or electric heating, ceiling insulation would be 6 inches thick.

The house, with breezeway and garage is 62 feet long. The plan can be turned lengthwise to fit on a narrow lot.

Further information, blueprints, and specifications can be obtained from Rudolph A. Matern, 90-04 161st St., Jamaica, L. I., N. Y. Refer to plan 9491.

FIRST BAPTIST CHURCH NEWS NOTES

Youth Rally Held Here Saturday

The Concho Valley Baptist Youth Rally met last Saturday night at the First Baptist Church here. There were 15 churches represented with 185 in attendance. The attendance banner went to Sterling City, while the efficiency banner went to East 24th Street church in San Angelo. The next meeting will be at the Park Heights Baptist church on May 25.

The speaker for the youth rally was Billy Crews, local pastor. He spoke on the subject of "Ambitions."

Refreshments were served by the local members following the meeting.

Admitted to Scottish Rites Hospital

Dallas—Jackie Deryl Byrd, 3 year old son of Mr. and Mrs. T. A. Gartman, Jr., of Sterling City, was admitted on Friday, April 18, of the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital thirty-four years ago in an effort to provide a chance at a normal life for the handicapped child. The hospital, which has accepted more than 100,000 children for treatment since 1925, is supported by public contributions and bequests.

An expert staff, plus exceptional physical facilities and dedication to the welfare of the child, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

CHIFFON ROLL FOR DESSERT

By JANE ASHLEY

Chiffon cake and whipped cream are synonymous with entertaining. What's unusual is this answer to dessert problems—Mocha Chiffon roll. The filling may be whipped cream or a white fluffy frosting spread on the delicate tender cake and then rolled. After rolling cake, wrap in waxed paper and chill about an hour before serving. May be stored in freezer.

MOCHA CHIFFON ROLL

¾ cup sifted cake flour
 ½ cup sugar
 1½ teaspoons baking powder
 1 teaspoon instant coffee
 ½ teaspoon salt
 ¼ teaspoon cinnamon
 ¼ cup cocoa
 ½ cup Mazola corn oil
 3 egg yolks
 6 tablespoons water
 1 teaspoon vanilla
 ¼ teaspoon cream of tartar
 ½ pint heavy cream, whipped

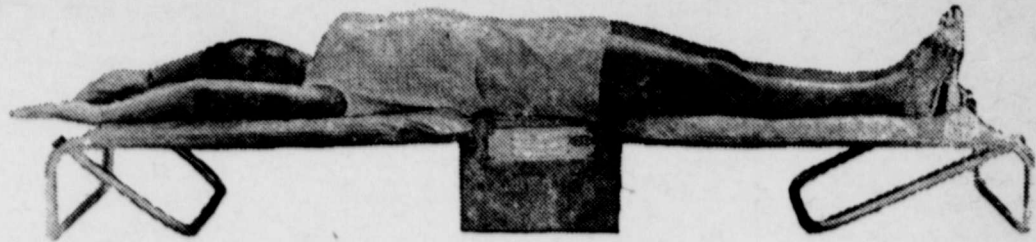

Mix and sift flour, sugar, baking powder, instant coffee, salt, cinnamon and cocoa into a deep bowl. Make a well and add in order corn oil, egg yolks, water and vanilla. Beat with a spoon until smooth. Add cream of tartar to egg whites. Beat until egg whites form very stiff peaks. Gently fold first mixture into egg whites until well blended. Fold, do not stir. Lightly grease a 10 x 16-inch jelly roll pan and line with waxed paper then grease paper lightly. Pour batter into pan. Bake in a moderate oven (350° F.) for 12 minutes or until

cake springs back when touched lightly with finger. Turn out on a towel covered with confectioners' sugar. Peel off waxed paper and cut off crisp edges, if necessary. Starting at the long side roll up in towel and cool. Unroll and remove towel. Spread cake with whipped cream. Roll cake and wrap in waxed paper. Chill for about 1 hour or until ready to serve. Makes 10 to 12 servings. Roll may be wrapped and stored in freezer for later use.

To make an even more delicate roll, use a simple no cook white frosting as the filling.

No Cook Frosting: Add ¼ teaspoon salt to 1 egg white and beat with an electric or hand rotary beater until mixture forms soft peaks. Gradually add 2 tablespoons sugar beating until smooth and glossy. Continue beating and add ½ cup light Karo syrup, a little at a time, beating thoroughly after each addition, until frosting peaks. Fold in ¾ teaspoon vanilla. Makes enough to spread a Chiffon Roll or to frost top of a 9-inch layer cake.

REORGANIZATION of the Defense Department is presently getting top attention on Capitol Hill. The President has sent a special message on the subject to Congress and a massive drive to support it is underway. Committee hearings are now airing the issue, marked by controversy and conflicting views.

The plan calls for more unification, with more directional power to be lodged in the Secretary of Defense. The advent of missiles has raised serious questions concerning the traditional roles and missions of the separate services. The streamlining proposal would, in the field of Research and Development, prevent unwise service competition in this critical area.

While there is evident need for some streamlining to meet the modern concepts of warfare, already in committee hearings Sec-

retary of Defense McElroy has admitted some of the President's proposals need to be altered. Right now, with hearings just getting underway, it looks like a bill will be reported combining some of the President's ideas with those advanced by Chairman Carl Vinson of the House Armed Services Committee, and shared by other members.

THE BRACERO program of getting Mexican laborers by contract to take agricultural jobs that can not be filled locally has just about broken down as a result of the Labor Department's action. That has happened over the protest of many on this side of the Rio Grande who contend they simply cannot find workers in local communities able and willing to do the jobs that have to be done.

In Washington this past week to confer with Labor Department and Immigration officials on the subject have been a hundred or more people representing bracero users from California to the Texas coast. More than a dozen were here from Texas, including T. A. Kincaid and O. D. Dooley, of the Sheep & Goat Raisers' Association, and Joe Montague, representing the Cattle Raisers.

NOW IS THE TIME—To fertilize your lawn, flowers and trees. Get that good 16-20-0 fertilizer at the Boots Williams Shamrock Station. We have a new shipment in.

WANTED—Some yard dirt hauled right away. Call W. R. Morgan.

Telephone Workers Get Increase

A contract agreement was reached Friday, April 25, between General Telephone Company of the Southwest and Communication Workers of America, according to Mark F. Cooper, public relations director for the company.

The new contract will increase total annual wages roughly \$265,000 but there was no across-the-board increase. Maximum wage increase agreed on was 16c an hour. The average hourly wage increase was approximately 045. There is no change in vacation status, a major point in negotiations.

The new contract will affect about 2,800 workers in the five-state area of Texas, New Mexico, Oklahoma, Louisiana and Arkansas.

Spokesmen said the wages went into effect Sunday (April 27) and will remain in effect 12 months; however, official signing of the contract by Company and union officials will not take place for several days.

Negotiations began March 17. Walter White, Federal Mediator of Dallas, was called into the bargaining sessions April 14 after a stalemate was reached.
