Eagles Beat Union 20-6 Last Friday

Play Ackerly There
Tonight at 8:00

The Sterling City Eagles football team whacked the Union team by a score of 20-6 here last Friday night in a non-conference tilt. This was the third tilt for the locals this season, having already played the Knott and Dawson teams previously. The Sterling teams journeys to Ackerly tonight to play the Ackerly Eagles in a non-conference

As last Friday night's game got underway, Union kicked off to the local boys. Nathan Morris, Sterling back, made 14 yards on the first try. Then Sterling drew a 15-yard penalty for illegal use of the hands. Alfred Chapple dashed for a 7-yard gain but in the end the Eagles punted. As Union started they fumbled and Jodie Green recovered for the Eagles. Sterling still couldn't gain and again kicked the ball on the 4th down. Union went the same route. As the Eagles took over, Morris picked up 3 yards and then a fumble lost the pigskin for the Eagles. The Union boys did make a first down, but then they fumbled and lost possession of the pigskin.

A long pass from Robert Quintana to Jodie Green was good for 30 yards for the locals. THEN a pass to Tony Allen and lateraled on to Alfred Chapple was good for a touchdown for the Eagles. The try for extra point failed.

The first quarter ended with the try for extra point.

Sterling kicked following the TD and Union's Hunter returned the kick for 15 yards. Then Union fumbled and Danny Gonzales recovered for the Eagles. Quintana made 11 yards on the first try. Morris went through the Union line for 5 yards and then for 15, but the long run was called back with the locals offside. Union got the ball on downs but it soon went back to Sterling. Quintana passed to Alfred and a total of 15 yards were chalked up and Alfred plunged through the line for 5 and the half ended.

Halftime score was 6-0 in favor of the Eagles.

Sterling kicked to Union as the second half started. They failed to make a first and the ball went over to the Eagles. Morris made a 1st down on the first try. Then he got 7. A pass play was intercepted by Union. They fumbled and Morris recovered for the Eagles. A pass from Quintana to Chapple put the ball down on the Union one-yard

line. Nathan took the ball on over for the second touchdown for the Eagles. The try for extra point was no good. Sterling kicked to Union and they failed to gain on the first two tries. On the third try a pass gave them a 30 yard gain before the ball carrier was downed by Alfred. Thus the third quarter ended.

Huddleston took the pigskin over for a Union score. Their try for extra point was no good, but the score now stood at 12-6 in favor of the Eagles.

Union kicked to the Eagles following the touchdown. Sterling passed on the first play and Union intercepted. Then Union got a 15 yard penalty for holding. Union's center centered the ball way over the kicker's head and Sterling covered the ball. Quintana went over left end (with good blocking by Morris) for another score for the locals. Quintana passed to Tony Allen for two extra points making the score 20-6.

Sterling kicked to Union and they fail to make a first. Then they kick. Don McDonald returns the punt for 15 yards. Sterling failed to make a first and kicked back. Fetnecky got off a good punt.

The Union boys couldn't gain and fumbled, with Sterling City recovering as the game ended.

Final score Sterling City 20, Union 6.

BILLIE NADINE GREEN

Engagement Announced

Mr. and Mrs. W. O. Green announce the engagement and approaching marriage of their daughter, Billie Nadine, to Mr. Dillard Allen Young, of Goodfellow Field Air Base.

Mr. Young is the son of Mr and Mrs. Shellie Young of McMinnville, Tennessee.

The wedding date has been set for October 15, and will take place here in the home of Miss Green's parents.

Miss Green graduated from Sterling High School and attended the San Angelo Business College.

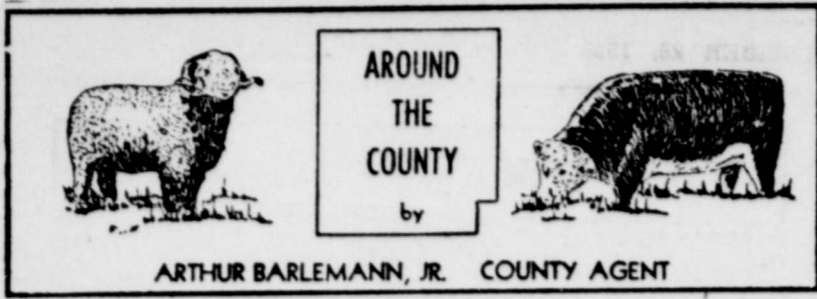

Mr. Young attended General High School in McMinnville and is presently stationed at Goodfellow field Air Base, San Angelo.

Mrs. Martin C. Reed began work in the bank here Wednesday of this week. She will replace Billie Nadine Green, who plans to leave the bank next month.

Howdy, Pardner, Welcome to the Fair

"Big Tex," the towering 52-foot cowboy statue who rules as the symbol of the great State Fair of Texas, is ready to welcome some two-and-a-half million visitors to the giant exposition in Dallas, October 4 through 19.

Reminder to all who have not mailed their claims for the refund of the federal tax on gasoline used in the farm or ranch operation. All refunds claims must be postmarked not later than September 30. Claims from this area go to the District Director of Internal Revenue, Dallas 1, Texas.

The rains of the past weeks have given grasses on the range around the county a shot in the arm. Although the showers have been very spotted, every section of the county has received some rain. That which has fallen has done so slow enough that there was very little run-off. There is enough covering of weeds and annual grasses to hold up the water and give the soil a chance to absorb it. For the first time in years, many of the creeks have been running clear water rather than muddy water.

With the rains now the grasses will have moisture to make a seed crop. This should be the best seed crop the grass has made in years. It is also a good time to defer some of your pastures. Deferring now will give the grass seed a chance to mature. Winter weeds will also

have an opportunity to get started if pastures can be deferred for a few months. Ideal deferment time is during the growing season to include the time when the seed crop is being made.

October 7, first Tuesday in October, is election day for Soil Conservation District Zone 5. Zone 5 in Sterling County is that part of the county which lies south of Lacy creek and the North Concho River or the south half of the county.

Eligible voters in this section of the county are entitled to vote for a supervisor who will represent them on the North Concho River Soil Conservation District board of supervisors. Tommy Foster is outgoing supervisor. A qualified voter voter is any landowner over 21 years of age who owns land in Zone 5. Wives are also eligible voters as community property owners.

Supervisors administer the affairs of the district. They furnish technical assistance in the form of personnel and certain types of equipment.

The election will be held at 2:30

p.m. in the courthouse in Sterling City. Further plans will be announced next week.

If there are any 4-H club members who are contemplating feeding a commercial Baby Beef Show at San Angelo, they are reminded that these steers must be on feed by October 1. This class was set up at San Angelo last year for the first time and replaces the baby beef show. Steers for this class may be purebred, grade, or crossbred. Only steers can be shown.

These steers are graded into market slaughter grades by a packer buyer. Grades are prime, choice, good and medium. Prize money is paid on a point basis with prime being 3 points, choice 2 points and good 1 point. Prize money per point will be based on the amount of money put up for this show but it will not exceed \$50 per point.

During the month of October the annual rabies vaccination program and Bangs and TB testing of family milk cows will be held. A veterinarian will be in the county to do the work at a nominal fee. The date has not yet been determined but will be announced as soon as all details are set up.

In view of the large number of fox, skunks and other carriers of the dread rabies, it is important that all pets be protected from rabies. The USDA recently announced that twice as many wild animals were found to have rabies in 1957 as compared to 1947. Only 1908 dogs were found to have it last year as compared to 6949 in 1947 due to increased use of preventative treatment. But 1068 cases were found in foxes, 775 among skunks, 654 in cattle, 25 in sheep and goats and 24 in horses in the nited States. Many more wild animals died from rabies than were reported since only those that molested pets or humans were reported.

North Concho River Soil Conservation News

Supervisors Election October 7
Soil Conservation Districts are authorized by state law and are run locally by elected landowners who serve as board of supervisors. The North Concho River District is a legal subdivision of the State of Texas. It is run locally by land owners. The governing body of the district is known as supervisors and they are elected by the land owners to serve for five year terms. October 7 is election day with a supervisor to be elected to represent land owners in zone 5 of the district. This includes land in Sterling County south of Lacy Creek and the North Concho River. The election is at 2:30 p.m. in the Sterling court house.

One of the primary objectives of the North Concho River District is to make available to the producers in the district assistance as is needed to help conserve and maintain our natural resources. To do this job the district has available the technical assistance of the Soil Conservation Service, and the Extension Service. The ASC is furnishing cost-share payments for certain conservation practices. All of the above agencies are assisting the district to carry out its soil water and plant conservation program. The district stands ready to help any producer do a better job by furnishing technical information and equipment. Regardless of how big or small the job, the district is here to help the producers.

PROPER USE—Grazing grassland so as to maintain adequate residue for soil and plant protection. It is obtained by varying the stocking rate and length of grazing time to amount of grass grown. Best results are obtained, range improvement and pounds gain per acre, when no more than 50% of the current year's growth is removed.
