No. 17

AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

During the first three days of this week we assisted Dr. D. E. Sperry of the Texas Agricultural Experiment Station in setting out some more test plots in search of new methods of controlling bitterweed. In addition, the plots set out last spring were looked over as was some other acreage sprayed last year.

The test plots were set out on the Riley King ranch and the adjoining ranch operated by the Copeland Brothers. These plots were sprayed with a new formulation of 2,4-D to see what reaction there was from the plants.

We also looked over the plots on the King Ranch and the McEntire ranch which were put out last spring. Some areas that Clinton Hodges had sprayed last year were looked over. In addition, we looked over part of the Dayton Barrett ranch.

These visits were made in search of a heavy enough concentration of bitterweed to give a good test of the spray. It is too dry to spray the weed now even if it were thick enough but these plots were put out to check results from spraying under dry conditions against last year's results when conditions were ideal. If we receive moisture in the next 10-15 days, some more plots may be put out on both bitterweed and hoarhound.

Next Thursday is first day of the all-breed ram and ewe sale at Brownwood sponsored by the Texas Purebred Sheep Breeders' Association. Thursday will be devoted to the selection of the stud rams and judging of fleeces in the wool show. On Friday at 12:30, the auction of the medium wool breed rams and ewes will start.

Saturday morning at 9:00 the 4-H and FFA wool judging contest will get underway. Sale of the finewool rams and ewes will start at 12:30 on Saturday.

This Sunday, May 3, is Rural Life Sunday. This, the fifth Sunday after Easter, emphasizes the spiritual value of rural living. It is also the beginning of Soil Stewardship Week.

The week is intended to develop better understanding between the churches, farm organizations and all agricultural agencies. Ralph Hasten, pastor of the First Methodist Church here in Sterling City will be talking on this topic Sunday. Many other churches across the country will also observe the day with special sermons.

Livestock producers of the southwestern United States should be interested in a recent U.S. Department of Agriculture announcement of the coordinated studies on screw-worms organized by the U.S. and Mexico.

Personnel of the two governments are working on the use of sterile flies. These laboratory-reared, sterile, male flies are released in large numbers over infested areas. They mate with the female flies and prevent them from laying fertile eggs. The program now is being planned for the states of Texas, New Mexico, Louisiana, Arizona and California.

The same type of program has been in operation in Florida for about a year. There it has accomplished in one year what they had hoped to accomplish in two years. In the southeastern states, including Florida, it has resulted in less than 100 cases of screw-worms where normally there were thousands of cases.

Presently the life cycle and habits of the fly is being studied to see how the program can be further improved. Recently a man from the U.S. Department of Agriculture worked in Sterling County on the number of cases of screw-worms, the heaviest months of infestation, and the animals attacked. A number of ranchers and others were contacted with the questionnaire. On the basis of past performance, the program has great promise for the rancher.

Soil Stewardship

By Ralph G. Hasten

"And the Lord formed man of the dust of the ground." Whether one regards this statement as legend, or history, or poetry, it still is a basic truth of life. All that man is and has is formed of the dust of the ground.

Though we may not live to eat, nevertheless, we eat to live. No food, no man; no soil, no food. It is a brutally blunt statement as that! And the problem becomes increasingly more acute, for man has so brutally plundered his planet he has barely enough arable land left to feed himself.

"Of the dust of the ground"—here is the source of man's food, man's health, his homes, schools, churches, governments—yes, everything!

Wherever civilization flourishes, you will find it rooted deeply on good soil. The stewardship of the soil and all natural resources, therefore, is everyone's moral responsibility.

North Concho River Soil Conservation News Column

May 3-10 has been designated as Soil Stewardship Week here in Texas and also throughout the nation. Each year Soil Conservation Districts and local churches of all denominations join together in sponsoring and carrying out activities for Soil Stewardship Week. Your local board of supervisors of the North Concho River Soil Conservation District again has worked with the churches here and through out the area to help more people hear and understand the Bible's teaching on man and his duties toward the land.

The supervisors extend to each of you a personal invitation to attend your church and hear your pastor's message on Soil Conservation.

Serious consideration should be given to resting of rangeland from now through the summer months. Grasses are in a weakened condition and the low moisture in the soil will retard grass growth this spring until we get more moisture. Rest for 3-6 months during the growing season will give the grasses a chance to become well rooted. Weak rooted plants produce very little grazing and spread slowly.

The district has some good native grass seed that is available to anyone interested in seeding natives following brush control measures. The seed is adapted to this area. Grasses are green sprangletop and plains bristlegass. Contact the local Soil Conservation Service personnel at the courthouse.

Saturday Hobo Day
Saturday, May 2, will be a Hobo Day for the sophomore class members. If you need any kind of work done, contact a member of the class.
Reporter Gwen Blair

FFA Boys Take Part In Tech Judging Contests

The Sterling City FFA judging teams participated in the Texas Tech judging contests last Saturday, April 25.

Three teams, Livestock—consisting of Bill Davis, Danny Stewart, and Don McDonald; Wool team, consisting of Tony Allen, David Durham and Johnny Augustine; and a Grass judging team, composed of Clayton Stewart, C. L. King Jr. and Reynolds Lee Foster, went.

The group left Sterling Friday afternoon after school and spent the night in Lubbock. The contests started at 7:30 a.m. Saturday.

Chesley McDonald went along and carried a load of boys to the contest. He attended some of the livestock classes and wool show contests.

The wool team placed third overall in the contest and second in Area II. Johnny Augustine was third high individual in the grading of twenty fleeces in the contest. Johnny was also tenth high individual in the overall contest. David Durham was second high in the judging division of the contest—which consisted of placing four fleeces in a class and giving reasons for the placings. There were four classes of four fleeces to each place. David was third high individual.

The livestock team placed 15th in Area II. There were about 120 teams in the livestock judging contest. Areas I and II were competing.

The grass team ran into some samples that we do not have and were not listed for the contest, therefore they did not place in the top ten teams which is all that were announced at the contest. The grass contest consists of identifying the grass or forb, or legume and giving the characteristics of each.

The livestock judging contest included fat barrows and breeding gilts; fat lambs and breeding ewes; fat steers and breeding heifers; and five slaughter animals to grade commercially and five feeder animals to grade commercially.

J. R. DILLARD NAMED FOOTBALL COACH FOR NEXT YEAR

J. R. Dillard was named to be head football coach at the Sterling School next year. This action was taken by the school board in meeting Monday night. Dillard will continue to be grade school principal Darrell Flynt was named to handle the spring training program, basketball and the track program. Flynt will also be the junior high football coach.

Willene Glass To State Typing Finals

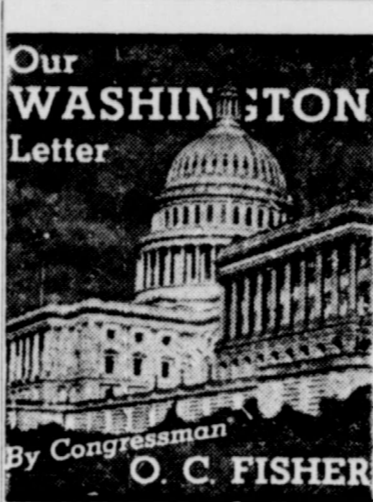

Willene Glass, local high school girl, won second in typing at the regional interscholastic meet in Stephenville last week-end. This entitles her to attend the state finals in Austin. Another Sterling girl, Phoebe Owens, placed fifth in the regional contests, but that placing does not entitle one to go on to the state finals.

In tennis, the Sterling boys' doubles placed second. The Sterling team is composed of Alfred Chapple and Lewis Petmecky. They will not go to the state.

Spending last week-end here at Mrs. Joe Emery's was her son, Jodie and his room mate at Texas Tech, John Sapp.

CARD OF THANKS

I want to express my appreciation and thanks to all my friends who sent flowers, cards, etc. and who expressed friendship by visiting, etc. while I was in the hospital.
Mrs. H. A. Chapple

By Congressman O. C. FISHER

THE Politically-charged Kennedy labor bill survived efforts to strengthen it in the Senate last week. A coalition of northern liberals and southern democrats blocked efforts by Senator McClellan to include amendment which the Arkansas Senator said were necessary in order to curb corruption and abuses his investigating committee has uncovered.

The first skirmish on an amendment by McClellan, enacting a Bill of Rights to protect the rights of union members against arbitrary actions by union leaders, met a tie vote of 45-to-45. Vice President Nixon broke the tie and voted to approve the bill of rights and thereby strengthen the bill and its effectiveness.

On that vote 14 southerners voted with McClellan to strengthen the bill, while 9 southerners voted the other way.

McClellan's amendment to prohibit secondary boycotts, the most important strengthening amendment offered, did not have a chance, however, being turned back by a vote of 50-to-41. The same southern coalition which opposed the bill of rights combined again with the northern liberals to defeat the McClellan amendment.

The third test related to organizational picketing, another key amendment by McClellan which he maintained was needed to curb abuses by certain union leaders and provide necessary protection to the public. But it was defeated by a whopping 59-to-30.

One Washington newspaper editorial described it as a battle between Senator Kennedy, a candidate for President, and Senator McClellan, a defender of the rights of union members and the public interest.

IN THE Meantime, the House Labor Committee continued hearings on bills to provide fair and effective legislation along the line urged by Senator McClellan. Observers doubt that the House committee, as presently composed, will approve a labor bill that will have any teeth in it.

Hospital Open House On May 17

It will be open house at the Sterling County Hospital on Sunday, May 17 from 3 to 5 p.m. The open house is being sponsored by the Noratadata Club during the week of national hospital observance.

Club members will be on hand to help in the open house and serve tea during the time designated.

Everyone in the county is invited to attend the affair, and invitations are being sent to out of towners. Sterling residents are being invited by newspaper stories.

Loves To Louisville

The Roland Loves are to leave for Louisville, Ky. next Wednesday, and will see the horse races at Arlington Downs there. They will return home Saturday.

The Loves will fly to Dallas Wednesday morning and a charter plane will take a load of G.E. dealers on the trip to Louisville. Lowe, a G.E. appliance dealer here, won the trip in a sales contest.

Mrs. Frank Youree of Snyder visited Mrs. Harvey Glass here last Sunday.

Seniors in California "March" for Cancer Fund Here Next Tuesday Night

The Sterling City seniors, class sponsor and chaperones left early Wednesday morning on the senior trip to California. They went by car to El Paso and caught a plane to Los Angeles.

Making the trip were seniors Alfred Chapple, Lewis Petmecky, Nathan Morris, Chris Bengel, Wanda Simmons, Claudia Collins, Lucia Lujan, and Lavada Mitchel, and Darrell Flynt, sponsor and Mrs. Flynt, Mrs. Claude Collins and Mr. and Mrs. H. A. Chapple.

Dr. W. J. Swann painted a "Flying Fifty-Niners" sign for the group to use on the side of a car going to El Paso. It has an eagle and a covered wagon with wings as well as the words Sterling City Seniors, Flying Forty-Niners California Bound, on it. The sign was painted on oilcloth.

The group left El Paso at noon Wednesday and arrived in Los Angeles about 6 o'clock. Thursday they toured movie studios, radio and television studios, Friday (today) they will spend at Catalina Island. They will visit Knott's Berry Farm and Disneyland Saturday. That night they will see the Ice Capades at the Ice Palace.

The group will return to Sterling City Sunday night.

Mrs. John Wesley Denton of Los Angeles called her mother, Mrs. George Case on Wednesday night and said they met the plane at the Los Angeles airport and the group got there o.k. They arrived at 7:20 p.m. and the flash bulbs were popping all around the plane—taking pictures.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week were—

Neill Munn
D. P. Glass
Mrs. Chas. A. Long
Mrs. Fred Hodges
H. E. Bartlett
Henry Bauer
Mrs. Robert Cochran and infant daughter
Dismissals since Thursday morning of last week include—
Mrs. Forrest Smith
Mrs. Ramona Medina
Mrs. Worth Durham

Foster Conger is furnishing money and Robert Foster is doing the work of completing the signal system at the Sterling County Hospital. Signals will be put in the kitchen and some more back rooms.

Bill Swann, son of Dr. and Mrs. Swann, was home last week end from Austin. Bill is a student in Texas University there.

The members of the Noratadata Club will hold a "Mothers' March" to conclude the Cancer Fund Drive here next Tuesday night at 7:00 p.m., it has been announced.

The town has been divided and workers will cover the town, soliciting donations for the Sterling County quota of the Cancer Fund, said club president Mrs. Reynolds Foster.

Dr. Wm. J. Swann is the Sterling County chairman for the drive this year and various clubs and individuals are helping in the drive.

On Wednesday noon Dr. Swann said he had in hand \$252 for the fund. The quota this year is \$500.

Mrs. Joseph Perkins Reviews Book for Club Tea

Mrs. Joseph Perkins, now treasurer of the General Federation of Women's Clubs and a past president of the Texas Federation, was the book reviewer at the Wimodausis Club guest day tea here Tuesday night. She reviewed "Dear and Glorious Physician" by Taylor Caldwell, a novel about St. Luke.

Nearly fifty persons were present for the review, including the host club members, members of the Noratadata and Epsilon Zeta clubs, school faculty and other invited guests. The affair was held in the community center.

Mrs. Perkins was introduced by Miss Ethel Foster, president of the Wimodausis Club and the club presented the reviewer with a gift. Miss Foster also presented a copy of the book reviewed to the local school library.

A tea followed the book review. Hostesses were Mrs. R. T. Foster, Mrs. Roy Morgan, Mrs. Jack Douthit, Mrs. T. S. Foster, Mrs. John Reed, Mrs. H. F. Donaldson and Mrs. E.F. McEntire.

King-Burkett Wedding Monday

Joan King and Henry Burkett were married Monday at 6:00 p.m. in the Little Chapel of the First Methodist Church in Big Spring. She is the daughter of Mrs. Fred Hodges of Sterling City. Mr. Burkett a district supervisor for the Texas Game, Fish and Oyster Commission, Trans-Pecos region.

In Case of Fire Dial 8-2121.

served.

REWARD NOTICE
A reward of \$500.00 will be
paid by the Texas Sheep and
Goat Raisers Association to
any person (other than law
enforcement officers) giving
information causing the ar-
rest and final conviction of
any person or persons found
butchering or stealing any
sheep or lambs or goats be-
longing to any Association
member in good standing.
When two or more persons
give information, the above
sum will be divided at the
discretion of the Board of
the Association. When two or
more defendants are involved
in a single crime, the total
reward is limited to \$500.00,
but the conviction of one de-
fendant, even though the other
defendants are acquitted,
will entitle the claimant or
claimants to said sum of
\$500.00. All claims must be
submitted within ninety (90)
days following conviction. If,
upon conviction, a defendant
confesses other thefts, no ad-
ditional reward will be paid
weekly, have a car and \$398.
All deviations concerning the
payment of such reward and
the conditions of payment
will be made by the Board of
Directors of the Association.

C - CULTIVATOR-WEEDER
3-tines. 2 1/2" spread. 14" overall length. (No. P23).

THE CHANGING SCENE

50 YEARS AGO FARMERS WERE DEPENDENT ON THE SUN TO DRY THEIR HAY AND GRAIN CROPS. A SUDDEN RAIN STORM WOULD OFTEN DESTROY THE VALUE OF A CROP

TODAY'S AIR DRYERS AUTOMATICALLY HEATED BY LP-GAS, ELIMINATE THE RISK IN CROP DRYING. CROPS GO TO MARKET WHEN THEY ARE IN PEAK CONDITION AND BRING THE GREATEST RETURNS TO THE FARMERS.

Good Rains

Rains, totaling 1.80 here in town fell Friday afternoon and night. The fall was somewhat general, although heavier in some portions of the county. The fall in the extreme west part of the county was lighter than the remainder. Coming at an opportune time, the moisture will bring out the summer weeds and grasses, doing a tremendous amount of good for livestock ranges.

Sterling has been "short-potted" on rainfall this year so far, but Friday's rains will do a lot to remedy the situation.

Pat Hayes, sister of Mrs. Roland Lowe, left Thursday after a two week's visit here at the Lowes. She went on to San Angelo to visit another sister. Pat, a bullfighter, has been living in Mexico the past year.

In Case of Fire Dial 8-2121.

LIONS CLUB

To Have Ladies Night Barbecue May 7th

The Lions Club will hold a barbecue and ladies night on the evening of May 7. The affair will be held at Jeff Davis' place in the county, unless weather drives the affair inside. The barbecue is a feature of the new member drive just completed by the club. The losers are to pay for the refreshments. Davis' side won over the side captained by Hal Knight.

The club voted to pay \$10 for prize money to be used at the Lions District Convention in Colorado City soon.

Dr. Swann, Cancer Fund Drive chairman, reported that donations so far amounted to \$250.52. A total of \$500 is requested from this county.

The first reading of the nominating committee report was read. Officers recommended for next year was a following:

- Alvie Cole—President
- H. D. Coleman—1st Vice-President
- O. A. Madison—2nd Vice-President
- Ralph Hasten—3rd Vice-President
- Secretary—Billy Crews

In Case of Fire Dial 8-2121.

Henry Bauer—Tail Twister
L. Petmecky—Lion Tamer
Directors—Fred Igo, Roland Lowe, Earl Bailey, Wm. J. Swann and Jeff Davis.

After three readings of the nominating committee's report, election will be held. On that day, nominations may be made from the floor before voting starts.

WHY THE PAPER IS LATE

The News-Record is a day late this week. The press used to print the paper got to acting its age and a day was lost in getting it to working decently.

After wasting a day myself trying to get it in working order, Hugh Harzke came in and helped get to working in short order.

The old adage holds good—"Better late than never."

In Case of Fire Dial 8-2121.

SALESMEN OR AGENTS

Need extra \$25 to \$50 weekly? Route work on your day off and evenings brings extra cash. Wife may help too. Write McNESS CO., Dept. 2, Box 2766, DeSoto Sta., Memphis 2, Tenn.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

OUTDOOR COOKING MADE EASY

— by Joe Bates, Jr., Guest Columnist

Since we wrote in this column
 about the "stovepipe stove" (as
 described in the booklet men-
 tioned below), other similar out-
 door cooking ideas have been
 sent in by readers. A good one
 — especially for windy places
 — is the "tin can stove", which
 looks like this:

The can, of course, is a large
 and clean one with the top re-
 moved. With metal shears and
 a beer can opener, cut upper
 and lower vents as shown, and
 the stove is ready for use. Build
 a small fire and invert the can
 over it, because the can's bot-
 tom is the top on which we cook.
 The fire is fed with small, dry
 sticks added either through the
 bottom or the top vents. With
 a little practice, any degree of
 cooking heat can be obtained,
 merely by adding twigs or dry
 sticks, as needed.

We tried this stove while ice
 fishing, and rested it on a flat
 rock we had pushed out on the
 ice. The harder the wind blows,
 the better it seems to work, and
 it's an excellent arrangement
 for warming cold hands. A
 stone placed against the lower
 vent to partially plug it up acts
 as a damper, forcing the fire to
 burn slower and for a longer
 time.

First we fry bacon or sausage
 on the top to "grease the skil-
 let". Then we make pancakes,
 each of which can be as big as
 the stove-top. To some regular
 pancake mix we add an egg (if
 we have it) and a little of the
 bacon or sausage fat — plus
 enough milk or water to make
 a batter. We make chocolate
 or coffee or mocha pancakes in-
 stead of using syrup. To do this,
 merely stir three or four table-
 spoons of "EverReady" cocoa,
 or one tablespoon of "Nescafe"
 and one of sugar per cup of flour
 into the mix. If we use both
 "Nescafe" and "EverReady",
 we get mocha cakes, which are
 exceptionally good.

Of course this stove will cook
 bacon and eggs, hamburgs and
 many other "short order"
 dishes. It makes good toast,
 too, and is a good way to grille
 sandwiches. The food can be

carried in the can, so every-
 thing is in a compact container.
 When the stove is not being
 used for cooking, keep a pot of
 water heating on it. This one
 pot of water provides a choice
 of several instant drinks, such
 as "Nescafe" instant coffee,
 "Nestea" instant tea, and "Ever-
 Ready" cocoa. Just pour very
 hot water over the powder in a
 cup, and the steaming beverage
 is ready to drink. "After all",
 one fisherman said, "there are
 no grounds for waiting!"

The "energy bar" recipe
 brought lots of mail, too. This
 pocket sportsman's snack is de-
 scribed in the booklet mentioned
 below, so we won't repeat it
 here. One of the better recipes
 sent in, from the outdoorsman's
 point of view, is for "Mocha
 Peanut Clusters". We tried this
 at home and had to make a
 second batch to take while fish-
 ing, because the family con-
 sumed the first one.

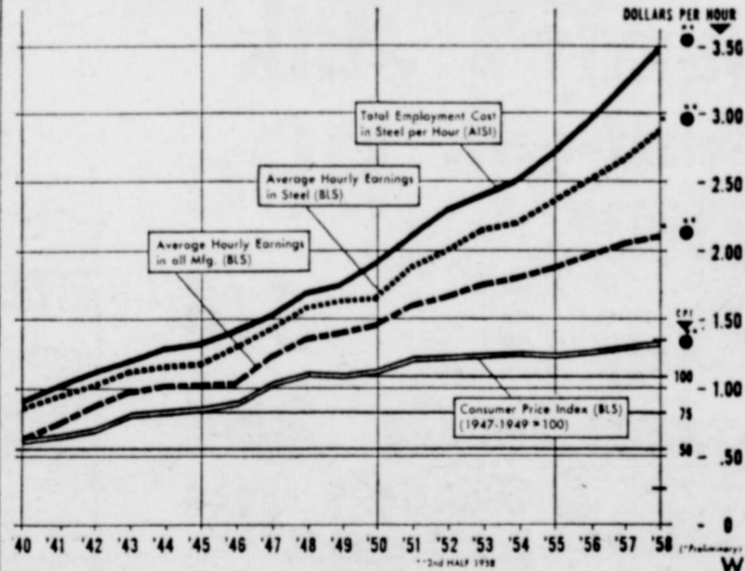

To make "Mocha Peanut Clus-
 ters", merely put a 6 oz. pack-
 age of "Nestle's" Semi-Sweet
 Chocolate pieces into a double
 boiler and add a third of a cup
 (2/3 stick) of butter or marg-
 arine. Keep stirring, and when
 this is melted and smooth, add
 a tablespoon of "Nescafe" in-
 stant coffee. Mix well; remove
 from heat, and stir in two cups
 of salted peanuts. Drop the
 mixture from a teaspoon onto
 waxed paper.

Both the "energy bar" and
 the "peanut cluster" recipes are
 good ones for outdoorsmen be-
 cause they contain a lot of pro-
 tein and chocolate — both val-
 uable energy builders for folks
 who enjoy exercise. Wrap them
 in foil and carry them in your
 fishing or hunting coat, so you'll
 have a tasty, energy-building
 snack when you want one.

The "stovepipe stove" and the
 "energy bar"; plus scores of
 other ideas and recipes for out-
 door cooks, are contained in a
 free booklet called "The Easy
 Way to Outdoor Cooking". To
 get a copy, just mail a postcard
 request to "Joe Bates, Jr., Box
 414, White Plains, New York".

STEEL WAGES AND EMPLOYMENT COSTS AT ALL-TIME HIGH

Steelworkers' average hourly earnings have consistently
 been above the average for all employees in manufacturing
 industries, and have increased more rapidly, according to Steel
 Facts, published by American Iron and Steel Institute. The
 increase in earnings far exceeds the increase in the consumer
 price index, as shown in the chart above. The rise in steel-
 worker wages is even more precipitate if all employment costs
 per hour worked (insurance, pensions, etc.) are taken into
 account.

EPSILON ZETA CLUB MEETING

Mrs. E. B. Hosea, Mrs. Joe Blanek and Mrs. Elroy Butler were hostesses when the Epsilon Zeta club met at the community center April 14. Mrs. Charley Davis, Mrs. Winn

the business hour it was decided to hold a bake sale on May 9.

Guests present were Mrs. Charlie Speck, Mrs. Jack Peel and a Mrs. Riley. Others present were Mrs. M. C. Reed, Mrs. E. H. Crook, Mrs. Clinton Hodges, Mrs. Fred Igo, Mrs. Charley Davis, Mrs. Marcus Loader, Mrs. Winn

McClure, Mrs. Ray Mixon and Mrs. Wayne Loury.

Earlier in the month of April the club members entertained with a turkey barbecue honoring their husbands.

Twenty-three were present and bingo and 42 were played. Guests included the John Copelands and the Johnny Haileys.

Mrs. Hubert Williams Is Noratadata Hostess

Mrs. Hubert Williams was Noratadata Club hostess on Thursday, April 23 at the community center. A plate, consisting of salad, sandwiches, and cake was served.

In the business meeting the members voted to give the hospital a one-year subscription to the Saturday Evening Post. The club has taken the hospital as a project for one year. A tea and open house will be held at the hospital on May 17 from 3 to 5 in the afternoon. The whole county and a large number of out of town guests will be invited.

The club is sponsoring the first aid course that is being held at the State Highway Department building. Eighteen persons have signed up for the course and the classes are two hours once a week now.

A Cancer Fund committee was named for the club, including Mrs. Finis Westbrook, Mrs. Chesley McDonald and Mrs. Hubert Williams.

Members present were Mrs. McDonald, Mrs. Ewing McEntire, Mrs. Neal J. Reed, Mrs. Westbrook, Mrs. Bill J. Cole, Mrs. Forrest Foster, Mrs. Ross Foster, Mrs. Bill Brooks, Mrs. Joe Emery, Mrs. I. W. Terry, Mrs. F. S. Price, Mrs. Reynolds Foster, Mrs. Martin Reed, Mrs. Williams and Mrs. Stanley Horwood.

Guests were Mrs. Leah Wycoff and Mrs. J. I. Cope.

HAVEN OF SAFETY IN A SUDDEN STORM

Way back in the horse-and-buggy era, this old covered bridge provided a welcome haven of protection for those caught on the road in an unexpected rain or hail storm. Today, a growing savings account is the best safety haven against financial "stormy weather" that can occur so suddenly, so unexpectedly. Open your account here now.
