Eight Sterling County 4-H Club members are planning to take part in State 4-H Round Up and Contests next week in College Station. The event is the gathering of approximately 1800 club members from all parts of Texas. District winners in thirty-odd contests will be competing for the title of state winner.

Local club members who are going to be participating in the contest are: Bobby and Tomy Bynum, Beef Cattle Business Junior Symposium; Janis Igo and Ray Sparks, Natural Resources Conservation Demonstration; Charlotte Foster, DeNeal Reed, Skeete Foster, and Steven Foster, Range and Pasture Grass Identification contest.

The group will be accompanied by two mothers. At this writing, it is not certain who the two will be. The group will leave here Wednesday morning at 6:30 and return home Friday afternoon. Contests will be held on Thursday with awards presented that afternoon and a banquet honoring the winners and all participants Thursday night.

Twenty three pecan case-bearer pupae were removed from the bands in John Brock's grove last Friday evening. The pupae were placed in a holding cage where they are being watched for moth emergence. This emergence will give a timing for the application of spray to control the pests.

Thus far, there has been no emergence of the moths but several people have wanted an estimate of the proper time to apply the spray. Though there has been no emergence of the moths at this time, an estimated time to spray now would be sometime next week. Throughout the state, according to the reports, the moth emergence has been fairly rapid. Cool, damp nights may have slowed it some here.

The weather may also cause the moth emergence to string out. Thus, by spraying next week with a combination of malathion and Sevin, it is felt that control should be effective. The malathion will get a quick knockdown while the Sevin will get a good residual effect over a number of days.

A negative report was received last week on a sample of worms sent in by Bill Cole. The sample was taken from sheep and identified as non-screwworm by the Mission laboratory.

The Southwest Animal Health Research Foundation last week moved forward on plans toward initiating an eradication program in Mexico when they approved a feasibility study for constructing a sterile fly production about 300 million flies a week. It could be modified, fitted for the task, and anchored on the Pacific side of Mexico near the narrow Isthmus of Tehuantepec. This would relieve pressure on the Mission plant and allow more sterile flies for both the U.S. and Mexico.

## Baptist Brotherhood Project

The Brotherhood of the First Baptist Church has learned of an orphanage in Guadalupe, Mexico that is in great need. This information was given to them by Rev. Crescencio Rodriguez, pastor of the La Hermosa Baptist Mission here in Sterling City.

The Brotherhood decided to get directly involved by gathering food for this orphanage. A box for this purpose has been placed by the front door of the church and will be placed in the grocery stores. Anyone that wants to help can do so by placing non-perishable food items in any of these boxes.

A tentative date of June 12-13 has been set to deliver these food items. The group will probably leave on Friday afternoon, stay overnight and re-

## Runoff in Judge's Race June 6

There will be a run-off race between J. K. Martin and W.G. Fincher here on June 6 for the Democratic Party nomination of Sterling County Judge.

In the Democratic primary election on May 2, Martin and Fincher tied 151 to 151 and thereby forced into a runoff election.

Absentee voting began on Wednesday of this week and will end next Wednesday.

## All Voting in One Box

All voters will vote in the box at the district courtroom, said Sterling County Democratic Chairman Jack Douthitt. Where there are no precinct races or contests, this is permissible under the law. The polls will be open from 8 a.m. to 7 p.m., said the chairman.

## CLUB SPONSORS HOSPITAL SHOWER

The Epsilon Zeta Club sponsored a linen and gift shower for the Sterling County Hospital last Saturday. The tea was held in the community center and more than 100 persons participated in the shower and a good number or persons called during the tea hours.

Many items, such as sheets, pillows, towels, wash cloths and such, were contributed and they have been on display all week at the hospital.

## Thanks from the Hospital

The board of managers and the employees of the hospital wish to express their appreciation to the Epsilon Zeta Club for arranging the gift shower that brought so many lovely gifts to the hospital. The thanks of the group go to all who contributed and to Brooks Dry Goods for getting the items and selling them at cost for the shower.

## Homer Pearce III Honored

Mrs. H. L. Pearce has gone to Abilene to see her grandson Homer Lewis Pearce II graduate from Cooper High School Monday. Homer, with his science project, won the high school sweepstakes and last week was given a flight to Baltimore, Md., along with his project—to show.

He will attend Texas A&M, and will be the third Homer L. Pearce to attend A&M.

## Showers Hit Area

Thunder showers hit the Sterling area last Saturday afternoon leaving a half inch in town and more in some favored spots. Monday night early showers again dumped a half in town and was varied over the county, some getting more and some less.

On Wednesday night, thunderstorms again hit the area and dumped up to 1½ inches in favored spots. One quarter inch was recorded in town.

turn on Saturday. Men are encouraged to make plans to go with this group and get a first hand look at the needs that do exist.

Possibly some might have some feed to donate for the cows, pigs and goats at the orphanage. This would be a way of helping to provide the perishable food items that are needed also.

For any more information see Bob Dodds, President; Bill Humble, vice-president; James Salvato, Secretary; Charlie Davis, Mission Study Leader; or Danny Slaughter, Mission Action Leader, said Andy Daniels pastor.

## Final Exercises Held at School

### Seniors Off on Week's Trip

The seniors of the graduating class left Thursday morning on the senior trip that is to last a week.

On Thursday they went as far as Hemphill, Texas where they stayed at the Fin & Feather Marina. They planned to fish Thursday. On Friday (today) they plan to fish at the Toledo Bend Lake near there.

On Saturday morning, they will leave for New Orleans. They will stay at the Sheraton Charles Hotel and the Saturday night meal is planned for the Top of the Mart.

On Sunday a walking tour of New Orleans is planned. On Monday they will take a trip to Gulfport and Biloxi, Mississippi. The trip will last all day.

On Tuesday they leave for Galveston where they will stay at the Commodore Motel. While at Galveston, they will go to Houston for an Astro-dome ball game Tuesday night.

On Wednesday they will go through the Sea Arama and swim and surf.

They leave Galveston on next Thursday for Sterling—and should arrive home about 5 p.m.

James Thompson, the high school principal, is driving the school bus on the trip.

**Creative Handcrafts Win Hands Down**

Hooray for the beret, it's easy to crochet!

And so are the pert skirt and the "vested" interests of an attractive matching ensemble now appearing on the cover of a popular magazine.

The three-piece outfit, quick to make and fun to wear, includes a skirt worked from the waistband down in easy double, treble crochet stitches. The fringed bolero is worked from the waist up in one piece to the squared armholes. And the beret is made from a double strand of yarn.

The ensemble sets the style in fun for a gay assortment of crafts for the whole family. McCall's Annual of Creative Handcrafts also contains 24 pages of bewitching stitching and instructions for more than 38 different stitches.

"Our new 1970 issue," remarks Nan Comstock, editor, "is many faceted and all the facets are brilliant. It will help the whole family to enjoy the delights of surrounding itself with beautiful, amusing things made by hand."

The mane event in embroidery gives a lifelike dimension to lions. Manes are in Turkey work loops, but the different yarns used—fine yarns for the small lion, knitting worsted for the large—produce contrasting effects.

Lampshade dress-ups are fun to make with scraps of string and yarn in colors which match your decor. Trims are glued or sewn in various designs and patterns on plain paper or fabric-covered shades. For a three-dimensional effect, perky tufts are made by cutting loops of yarn sewn to the shades.

Made in machine applique, the colorful butterfly is composed of fabric scraps in cool, summery shades of blue and green. Pieces of fabric in contrasting colors and textures are glued to a coarse linen back-

ground; outlines and details are machine embroidered.

A fun project for Dad and a fascinating gift for a child is the big wooden barn on wheels and seven wood animals for playing "farm." These can then be put into the barn and pulled along. The barn has white trimmed windows all around and a pretty Dutch door.

The shell flower plaque consists of a myriad of shells in assorted sizes, shapes and colors grouped together to make lilies of the valley, hyacinths, and many other real and imaginary flowers. These are attached on burlap-covered cardboard, then finished with a felt bow for a summery wall hanging.

Ad-lib whimsies combine bits of yarn with rustic weathered wood and imagination for fun-to-create wall plaques. Motifs are outlined with nails, then yarn is wrapped around nail to complete design. The

plaques are embellished with household items such as tacks for corn kernels, beads for flower centers, and pipe cleaners for a spider.

To amuse tots, the three little pigs of storybook fame are made in cuddly knitting. They carry their building materials—bricks, twigs and straw. The trio is knitted on double-pointed needles, then stuffed with cotton batting.

Cutouts known as "All-Day" cookies are fun to bake and fun to eat. The extra-big cookies (the elephant is eight inches long) will create excitement at any gathering of little gourmets. A special dough makes sturdy cookies to cover with plain-and-fancy designs in sugar icing.

As a whole, the helpful and handsome 1970 McCall's Annual of Creative Handcrafts, now available on your newsstands, provides varied and crafty ways to brighten your days

**FASHIONS TO FIT YOUR WAY OF LIFE**

Girls will be girls... and the new fashions are a fitting reminder of that pleasant fact.

Cling is the thing—in slithery print dresses, lanky lowdown sweater jackets, flip little shirt and skirt combinations. Knits make the most of this flattery: knits that are delightful to wear and surprisingly easy to sew.

This McCall's coat and dress ensemble is created to win flowery compliments. The skinny sleeveless coat plays it straight over a billowy-sleeved shift that comes with its own dramatic scarf.

Think pink for extra fashion impact: a hot pink double-knit

fabric for the coat, a garden of pink fantasy blooms for the jersey dress. McCall's Step-by-Step Pattern #2238, designed to make sewing easier, is for misses sizes 10-18.

Long, long jackets and short skirts are a very suitable combo for spring, as Misses Pattern #2276 reveals. A collarless sweater jacket, molded over a little slink of an A-line dress, pretty well sums up the shape of things to come this year.

The costume is especially prophetic—and pretty—in tones of pink. Choose a shocking-pink crepe for the dress, and add the excitement of print, in the form

of a geometric-patterned knit for the jacket.

Want a little suit that isn't a cliché? Make the same jacket in solid pink cotton or synthetic knit, add a matching A-skirt, and coordinated polka-dot blouse with flyaway scarf. Pure pizzazz! This pattern offers still another exciting way to suit yourself: a coat and skirt combination with princess flare.

Depending on your choice of fabrics, these designs could be worn almost anywhere: Easter Parade, PTA meeting or even cocktail party. But why shouldn't they be as practical as they are pretty?

After all, it's only fitting!

### Lose 10 Lbs. in 10 Days on New Grapefruit Diet

This is the revolutionary new  
grapefruit diet that everyone  
is suddenly talking about. Lit-  
erally thousands upon thou-  
sands of copies have been  
passed from hand to hand in  
factories, plants and offices  
throughout the U.S. There will  
be no weight loss in the first  
four days, but you will sud-  
denly drop 5 pounds on the 5th  
day. Thereafter you will lose  
one pound a day until the 10th  
day. Then you will lose 1 1/2  
pounds every two days until  
you get down to your proper  
weight. Best of all there should  
be no hunger pangs. Now re-  
vised and enlarged, this new  
diet plan lets you stuff your-  
self with foods that were for-  
merly 'forbidden' . . . Such as  
big steaks, trimmed with fat,  
Southern fried chicken, rich  
gravies, mayonnaise, lobsters,  
swimming in butter, bacon,  
fats, sausages and scrambled  
eggs. You can eat until you are  
full, until you cannot possibly  
eat any more. And still you  
should lose 10 pounds in the  
first ten days, plus 1 1/2 pounds  
every two days thereafter un-  
til your weight is down to nor-  
mal. The secret behind this  
new "Quick weight loss" is  
not generally known. Stuff  
yourself on the permitted foods  
listed in the diet plan, and still  
lose unsightly fat and excess  
body fluids. When the fat and  
bloat are gone you will cease  
to lose weight, and your weight  
will remain controlled. A copy  
of this new and startlingly suc-  
cessful diet plan can be ob-  
tained by sending \$2 to

### Civil Service

Police Openings in District  
Of Columbia

The Washington Metropoli-  
tan Police Department has  
openings for 1,000 policemen  
in the District of Columbia.  
Interested applicants can get  
full information from An-  
nouncement No. WA-7-02, "A  
Career In The Nation's Cap-  
ital With The Metropolitan Po-  
lice Department," which is  
available at any of the Civil  
Service Commission's 65 Inter-  
agency Boards of Examiners.

The starting salary for a D.  
C. police private has been  
raised to \$8,000 a year, with  
periodic increases for satis-  
factory service until annual  
salary of \$10,300 is reached.  
In addition, there is extra pay  
for special duty.

A career in the Nation's  
Capital with the Metropolitan  
Police Department offers the  
best professional training and  
broad opportunities for ad-  
vancement. Medical and surgi-  
cal care are furnished without  
cost, as are uniforms and all  
equipment. Additional fringe  
benefits include liberal annual  
and sick leave, 8 paid holidays  
a year, opportunities for ad-  
vanced law enforcement edu-  
cation, an excellent retirement  
program, and the privilege of  
family participation in low-  
cost Federal life and health in-  
surance programs.

To qualify, an applicant  
must be male American citi-  
zen, 21 through 29 years of  
age, be between 5 feet 7 inches  
and 6 feet 5 inches tall, weigh  
at least 140 pounds, and have  
20/40 vision or better, that is  
correctable to 20/20 with glas-  
ses. He must have a high  
school diploma or a certificate  
of equivalency issued by a  
recognized department of ed-  
ucation — or one year of ex-  
perience as a sworn officer or  
member of a principal munic-  
ipal police force of a city with  
a population of 500,000 or more  
persons. In addition, he must  
be in good health and of good  
moral character.

A person who meets these  
basic requirements may apply  
to take the written U. S. Civil  
Service examination at or near  
his home according to direc-  
tions on Announcement No.  
WA-7-02.

Applicants accepted for ap-  
pointment will be reimbursed  
for transportation for them-  
selves and their families, as  
well as for moving expenses  
necessitated by relocating in  
the Washington, D. C. area.

After appointment, residence  
within 21 miles of the U. S.  
Capitol Building is required.

### Kindergarten Next Year

A kindergarten for all five year old children will begin here next fall at the beginning of the 1970-71 school year, announced James Thompson this week.

Any student that will be five years of age on September 1, 1970 will be eligible to attend a public school kindergarten program here. All parents that have children in this age group should register at the school by June 1, 1970.

### Headstart This Summer

The Headstart program will begin here on June 8 and go through July 17, said Thompson. This program is only for students that will enter the first grade this fall.

On registration day, June 8, all students should show up bringing their birth certificates and records of inoculations by 8:30 a.m.

Mrs. Juanita Noles will be the teacher of Headstart this year. She is the regular first grade teacher here.

So many people have been in to buy papers containing the PTA Cookbook corrections that we have long since sold out. So as to have some more for those who need them, we are repeating the corrections this week for the third and last time — Editor.

### CORRECTIONS FOR THE PTA COOK BOOKS

For all sad words of tongue or pen.

The saddest are these: "It might have been!"

—Whittier

The Sterling City P.T.A. Cookbook Committee regrets that their cookbook was not perfect . . .

But they wish to make amends by printing these corrections.

Also the P.T.A. wishes to take this opportunity to thank all the people that supported this project and made it possible to purchase playground equipment for our school.

### U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral in-

terviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Applications are now being accepted for the civil service examination for Immigration Patrol Inspector which will be held on Saturday, January 24, 1970. An additional examination is scheduled for April, 1970. However, those wishing to be tested in January must submit their applications before December 19, 1969. Full information is given in Announcement No. WAM-911 which may be secured from Interagency Boards of Examiners and from many post offices as well as any office of the Immigration and Naturalization Service. Applications should be submitted on the tearout application form on the announcement or CSC Form 50090AB and forwarded to the Interagency Board of U. S. Civil Service Examiners for Washington, D.C. 1900 E St. N.W., Washington, D.C. 0415.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

### You and the Automobile Crisis

Highway safety can no longer be regarded as a routine matter. More than 56,000 men, women and children died in traffic accidents in the U.S. last year. Over 4 1/2 million suffered injuries. The actual dollar cost including wages lost, medical expenses and property damage rose to an astonishing \$16 billion, according to the Atlantic Mutual Insurance Company.

Auto insurance costs also continue to rise intolerably. And despite rate increases, the insurance companies pay out more in claims each year than they accumulate in premiums.

If 150 people were to die suddenly and violently each day from some mysterious new plague, we would immediately declare an emergency and apply the nation's entire resources to ending the epidemic. Yet on the highways 150 or more persons are dying daily.

What can you do? You . . . and only you . . . can apply and maintain the necessary pressures on legislators, law en-

forcement agencies and auto manufacturers. You can provoke action and, the experts at Atlantic assure us, you can get positive, life-saving results.

Results in our 50 state capitals. In the drafting rooms and the board rooms of auto builders. In high school classrooms. In judges' chambers. In Congress. And in your home community.

Atlantic believes that individual and small-group pressures, from youth, housewives and executives can initiate a swelling and effective appeal to state and national lawmakers, drivers, manufacturers and law enforcement agencies.

All must be made aware that there is truly a deep and universal desire for a reversal in the rising trend of auto accidents. To start with here are five concrete, practical things

you can do:  
ACTION 1—Lock your car and pocket the key. Auto thefts are skyrocketing—and each stolen car is 200 times more likely to wind up in an accident. Most thefts seem invited, because 75 per cent of

stolen cars are left unlocked, often with keys in the ignition.

ACTION 2—Develop the art of defensive driving. That's the common-sense ability to be certain that your car is at all times in the right place and the right speed in order to handle any potential situation.

ACTION 3—Don't teach your youngster to drive. Leave that job to the professional instructor. Too many "good citizens" violate traffic regulations, and parents are no exception.

ACTION 4—Legislate the drunken driver, the speeder and the traffic violator off the road. Many states today make it easy for dangerous drivers to keep driving. Write your legislator today; he'll welcome your support for new, safer standards.

ACTION 5—Persuade auto manufacturers to build safer cars. It was recently estimated that one improvement, better bumpers, would save hundreds of lives annually—plus more than a billion dollars in repair costs, medical and legal bills.

Here are some other basic things you can do: keep your car in safe condition and don't lend it to anyone; observe traffic and safety laws and insist that others do; report unsafe road or lighting conditions to municipal officials.

Atlantic believes that the deaths and economic waste of the highway carnage is intolerable, that insurance costs need not keep climbing and that you—can do something about it.
