THE  
COUNTY  
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The two Sterling County 4-H Club members participating in the breeding sheep division of Pan-American Live-Stock Exposition of the State Fair at Dallas Saturday did very well. Amy Hodges had her Rambouillets entered in the open show and won a total of \$221 in prize money. Becky Hodges won a total of \$174 in prize money in the Junior Rambouillet show. The girls decided to enter the show in this way to eliminate competing with each other.

Becky showed the champion ram, champion ewe, and the reserve champions of both sexes with yearling animals in all cases.

Her class placings were first and second places in each of the following classes: Ram lambs, yearling rams, ewe lambs and yearling ewes. She also had the first place exhibitor's flock of one ram, two yearling ewes, and two ewe lambs. In addition, she was named premier exhibitor of the Junior Rambouillet Show and received the special trophy, a trophy in the form of the state of Texas.

Amy exhibited the champion ewe of the open show with her first place yearling ewe. She also had the reserve champion ram with her second place yearling ram. The \$221 she won in prize money won her the premier exhibitor award of the open show which is the same type trophy as Becky won, giving the Hodges family two trophies in the same year, a feat which seldom happens.

Amy's class winnings included first and fourth place ram lambs, first place pen of three ram lambs, second and third place yearling rams, second and third place ewe lambs first place pen of three ewe lambs, first and third place yearling ewes, first place pen of three yearling ewes, and second place exhibitor's flock.

The 4-H Club won second place herdsman award in the sheep division; this award is ten dollars which will go into the club fund. This award is based on cleanliness and orderliness of the exhibit, cooperation with show officials, personal appearance of the exhibitors, and availability of personnel to furnish information about the animals on exhibit.

Six of the ewes that Amy and Becky were exhibiting at Dallas were sold to a buyer from Mexico. They were delivered to the buyer at Laredo on Wednesday of this week and will compete in the National Fair at Mexico City next week. In early December these animals will compete in the Mexican National Sheep Show at San Luis Potosi for their new owners.

Now is the time to treat peach trees for the peach tree borer, an insect that has caused trouble in this area. The larvae of the peach tree borer bores into and destroys the cambium layer and inner bark of peach trees near the ground line. Infested trees have masses of gum around the base of the trunk.

Control of the borer can be obtained from October 20 to November 15 or before the soil temperature drops below 55 degrees by placing paradichlorobenzene (PDB) crystals in a band around the trunk of the tree. All leaves and grass should be cleaned out

## HOWARD COUNTY YOUTH HORSEMAN CLUB

The Howard County Horseman Club will have a Belt Buckle Playday on Saturday, October 24, 1970, at their arena on the Garden City Highway, Big Spring, Texas.

Registration will begin at 1:00 a.m. and the activities will start at 1:00 p.m.

There will be six events—Barrels, poles, Rings, Flags, and goat tying.

In addition to these events, there will also be a Stick Horse Race, and the winner will be eligible for a belt buckle.

The concession stand will be open.

Everyone is invited. All riders and roping clubs are invited to participate.

Dr. Nell W. Sanders is the president of the Howard County group.

and the soil loosened in an area of one foot from the trunk. The PDB crystals are then placed in a narrow circular band or trench about two inches from the trunk. The band is then covered with dirt free of leaves or grass and the soil mounded around the trunk to form a cone-shaped pile about six inches high. Avoid pushing any of the crystals against the trunk as this will cause damage. The mound of soil should be raked back away from the tree in early spring to prevent damage.

The amount of crystals to be applied will vary with the age of the tree. For two and three year old trees, use 1/2 ounce of crystals; four to five year old trees, 3/4 ounce, and 55 degrees by placing paradichlorobenzene (PDB) crystals in a band around the trunk of the tree. All leaves and grass should be cleaned out

Now is the time to treat them.

## Next Week Is Public School Week

Next week, October 26—31, is National Public School week over the nation. The observance is being handled in many ways by different schools.

Here in Sterling at the school, visitors, parents and interested patrons are invited to visit the school, said superintendent James Thompson. They will be welcome to visit home rooms of their children and eat in the school lunchroom, and observe the school functions.

Sterling County has a good school system and give the students a good start in the educational set-up. The local teachers and administrators are way above average and especially for a small school system.

The school board is to be commended on securing good and outstanding faculty members and administrators for the school here.

## Students Get Holiday Next Monday

Next Monday, October 26, will be a holiday for the students in the school here. But not for teachers.

The district meeting of the Texas State Teachers Association is holding their meeting in Brownwood, and the teachers are going. It is considered one of the teacher's work days—which come under the longer working year for teachers.

## Eagles to Play in Dawson Tonight

## AS IT LOOKS FROM HERE

By Omar Burleson, Member of Congress, 17th District

WASHINGTON, D. C. The Jeffersonian cyclopedia is as potent today as when written even with all the changes which have taken place. Jefferson's guidelines of government and its administration are broad enough to accept change and at the same time to preserve its principles.

"In questions of power," Jefferson wrote, "let no more be heard of confidence in man but bind him down from mischief by the chains of the Constitution."

The Constitution itself is broad enough to accept modern government without perverting it.

Jefferson admonished that under a mass of misrule and oppression, a people might justly press for a thorough reformation and dismount their roughshod riders and leave them to walk on their own legs.

An election year always affords people the opportunity of deciding whether government, as whatever level, is being run properly—by those elected. It is a matter of judgment and that judgment for all of us as citizens should be based on proper information. The errors of government may not always be made by elected officers but those elected are responsible—they are responsible because they appointed those who administer much of our government.

Jefferson gave this advice, "How easily we prescribe a cure for their difficulties while we cannot cure our own."

This line has more to do with our foreign involvements than domestic in present day home affairs it is equally applicable. A central government prescribe a cure for every ill in the country with a prescription which works everything. Local governments being swallowed by Federal authority removes government from the people. With no authority standing between the people and the huge bureaucracy, we as citizens, become a number rather than individuals.

In the same context Jefferson warned against unequal branches of government but connected it with concentration of power in one place. In this reference he said, "I would be uneasy when I saw the executive body swallow up the legislative. I believe that a single consolidated government would become the most corrupt government on earth. What has destroyed the liberty and rights of man in every government which has ever existed under the sun?"

He answered his questions by saying, "Concentrating all powers into one body, no matter whether the autocrats of

## Drop Game to Garden City Last Week

The Sterling City Eagles go to Dawson tonight at 7:30 for the third conference game of the season. The Dawson Dragons have proven to be a formidable opponent in years gone by.

Coach Danny Slaughter's locals lost a conference game to the Garden City Barkkats there last Friday night 24 to 8. Sterling's lone score was made by Bobby Bynum and Bobby Barton added the two extra points.

Eagle back Ray Escobar, who underwent an appendectomy last week, was due to be released from the hospital in Big Spring the middle of this week, said Slaughter. His absence from the local squad hurt. He will not play anymore this season, unless perhaps he gets in the last game, it was said.

Defensively in last week's game, Bobby Bynum was on top with 50 points, Dayid Gaston had 48, Payton Wilson 47 and Bobby Barton 41, said the coaches.

## DR. SWANN'S MOTHER BURIED OCTOBER 17 IN ALABAMA

Mrs. J. C. Swann, 94, of Wedowee, Alabama, died in a hospital there last week and funeral services were held on Saturday, October 17 in Wedowee.

Dr. and Mrs. Swann attended the services; they had gone to Wedowee as soon as they learned of her condition last week.

Russia and France or the autocrats of a Venetian Senate. When we are directed from Washington when to sow and when to reap, we should soon want bread."

Even in Jefferson's administration the public debt was a matter of concern. Even then there were advocates that a public debt was not a bad thing. On this matter he had this to say, "The doctrine is that a public debt is a public blessing, so they think a perpetual one is a perpetual blessing. We should all consider ourselves unauthorized to saddle posterity with our debts. We may consider each generation as a distinct Nation with a right by the will of the majority to bind themselves—but not bind the succeeding generation any more than the inhabitants of another country."

Familiar sounds of today are embodied in this statement. There are those who continue to say that we simply owe ourselves the amount of the Federal debt. The minority view is that there is a saturation point and it comes when people lose confidence in the ability of those entrusted to run the government.

At the time of the greatest shock of the Depression, Walter Lippman wrote in the spring of 1932, "Those in high places are more than the administrators of government bureaus. They are more than writers of laws. They are the custodians of a Nation's ideals; of the beliefs it cherishes; of its permanent hopes; of the faith which makes a Nation out of a mere aggregation of individuals."

There would be greater assurances for the future if everyone made their Government all their business and the Government made less of everybody's business.

**METHODIST YOUTH TO TRICK OR TREAT FOR C.R.O.P.**

Too often, the destructive violent incidents, involving young people, are the ones which "hit the headlines." At the same time, there are creative constructive activities being done by teenagers all over the country and in our own midst.

Right here in our own community a group of young people are concerned enough about hunger in our world to do something about it.

The United Methodist Youth are going Trick or Treating for CROP Sunday afternoon, October 25, from 5:00 to 6:30 CROP as the Community Hunger Appeal of Church World Service is sponsored in Texas by the Texas Conference of Churches and is the only statewide community food appeal in our state for the overseas program of our churches.

World hunger is a major crisis of our time. Surveys indicate that seven persons die each minute from hunger and malnutrition, and that one out of every three children now living will carry through life some of the irreversible effects of food deficiency.

If you are not contacted on October 25 and you wish to contribute to this cause, mark your gift for CROP and mail it in care of the United Methodist Youth treasurer, Steven Foster.

**REWARD NOTICE**

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**CHECK YOUR SOCIAL SECURITY RECORD**

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

**LIONS CRIPPLED CHILDRENS' CAMP**

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given over 12 thousand handicapped youngsters a new dimension since it was opened in 1953. The camp, located at Kerrville in the Hill Country of Central Texas, is free to crippled, blind, deaf or mute children from the ages of seven through sixteen. The 17 permanent buildings and other improvements dotting the 504-hill-side acres represent an investment of more than \$700,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their shyness imposed by their handicaps. By mutual association with other handicapped children and by skillful and gentle counseling, these youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow. While the Lions are paying tribute to their camp, we would like to pay tribute to the Lions and their friends who have supported this great venture of the heart. We know a man never stands so straight as when he stoops to help a crippled child.

**Social Security**

Are you a social security beneficiary receiving his monthly check a few days late? According to J.M. Talbot, social security manager, it may be because you did not report a change of address.

When a beneficiary changes his address, he should notify the social security office in writing or in person. Reports should include the name of the person or persons moving, the social security claim number, and the old and new address.

Mr. Talbot said that notifying the Post Office alone is not sufficient. Even if the Post Office has a current address a delay still occurs because the check must be forwarded from one address to another.

Temporary financial hardship often results when checks are a few days late, particularly when social security benefits are the only source of income for a worker or his family. Beneficiaries can insure timely benefit payments only by keeping their address current.

Changes of address which have not already been reported to the Social Security Administration should be reported without further delay. Beneficiaries may report changes of address to the Social Security Office at 3000 West Harris Ave. (P.O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

**DISABLED WIDOWS BENEFITS**

"Two years have passed and many persons are still not aware of the change in the social security law which provides monthly benefits for disabled widows at age 50," said J. M. Talbot, social security manager.

Since the law became effective in February, 1968, more than 32,000 disabled widows have qualified for monthly payments, Mr. Talbot estimated however that another 30,000 widows who might qualify for these benefits have never applied.

"The requirements for disabled widows' benefits are apparently not as well known as those for the more familiar widows' benefits at age 62, or reduced widows' benefits at age 60," Mr. Talbot continued.

To qualify for benefits a widow, age 50 to 60, must have an impairment so severe that it keeps her from engaging in any work. The condition must also be expected to last for at least twelve months.

The widow's disability must have begun before her husband's death or not later than seven years after his death. A widow who has previously been entitled to benefits if she becomes disabled before payments to the children end or within seven years after they end.

Mr. Talbot encourages those who may qualify to call the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas or see the representative when he is in your area.

**WANT A PEN PAL FAR AWAY?**

Soon a letter dropped in some mailbox in the U.S. will mark the millionth pen-friendship arranged by Letters Abroad, Inc. since its founding in 1952 as a clearing house for Americans and persons in other lands wishing to exchange ideas.

"Right now we really need names from the United States, especially in the 15 to 30 group, to help fill the backlog from all over the world. People today seem more anxious to learn about our country than ever before," explains Mrs. William Marsh, vice president of the non-profit organization devoted to promoting international friendship and understanding.

Trained volunteers match would-be correspondents by age, interests and occupation. The group's files literally run from A to Z, with the over 100 countries covered ranging from

Algeria to Zambia and interests running from art to zoology.

New trends are apparent in pen friendship reports the unique service. As the world continues to shrink, friends send each other gifts, use the trans-oceanic telephone to cement ties and many pen-friends even travel to visit each

other here and abroad.

Anyone 15 years or older interested in beginning a rewarding pen correspondence can write to Letters Abroad, Inc., 209 East 56th Street, New York, N.Y. 10022, enclosing a stamped self-addressed envelope.

Services will be held each morning at 7 and each evening at 7:30, it was said.

## LEGAL NOTICE

The Commissioner's Court of Sterling County, State of Texas, in regular Quarterly Session this October 12th, A. D. 1970, along with other business passed the following order, to-wit: Due to the fact that November 2nd, 1970, is the beginning date of the Fall Term of the 51st Judicial District Court of Sterling County, Texas and will likely continue through November 3rd, 1970, which is the General Election Date, and due to the further fact that heretofore the Commissioners Court in an order pertaining to the location of elections and where they would be held, did, and has always named the District Court Room as the voting place for the voters of Precinct No. 1, such order and boundaries of each voting precinct appearing of record in Volume 6, page 128, Minutes of Commissioners Court. Commissioner Barrett proposed and made a motion that such order as to Voting Precinct No. 1, be rescinded and the voting place for Precinct No. 1, in General Election on November 3rd, 1970, be, and the same to be held in the Library Room in the County Court House and the Commissioners Court Room be used to tally the voted ballots. Such proposal and motion was duly seconded by Commissioner Smith and on question carried by unanimous vote. It is so ordered by the Court.

It is the further order of the Court that the County Clerk have such proposal and order published in the News-Record, also a copy to be mailed to the officers of Election Precinct No. 1.

## EAGLETS BEAT GAIL 18 TO 8 LAST WEEK

Coach Milford Wiley's Junior High Eaglets won 18 to 8 over Gail last week on Thursday. In the first quarter Tony Munoz scored on a 40 yard run and a little later on a 30 yard run. In the second quarter Russell Davis passed to Munoz from the 30 yard line for a score. That was the quarter that Gail scored their lone TD.

On Thursday night of this week the Eaglets played Klondike in a game that might as well tell the tale of who wins the title of the district.

## WHAT YOU SHOULD KNOW ABOUT GUARANTEES

Guarantees are offered on a wide range of products and yet few people understand what a guarantee is, what to look for when offered one, what type of guarantees there are and how to evaluate one.

Essentially a guarantee is an agreement of assurance between the manufacturer and the purchaser as to the quality of the product. In looking at a guarantee, there are four main questions to be answered:

1. What has to happen?
2. During what interval of time after purchase?
3. Who will make good?
4. In what way?

There are two basic types of guarantees. Most guarantees promise that the guarantor will make good if the purchaser discovers that a mechanical defect existed in the product at the time it was purchased. Usually the malfunctioning part is replaced although at times the product is replaced. The second type of guarantee promises to make good if the product stops working.

Although extremely rare, a third type of guarantee is sometimes offered to a purchaser. This guarantee promises to make good, if you are not satisfied even when the product is working perfectly. General Electric, for example, offers a "30-day satisfaction guaranteed" on the picture quality of its color television sets. If you buy one from a participating dealer, give the set normal care, and are not completely satisfied with the color picture, you can get your money back anytime within 30 days of purchase.

The offer ends December 31, 1970 and is not available in the fair trade areas of New York, New Jersey and Connecticut.

In your own evaluation of guarantees, you may find that you can get better value, and perhaps avoid mistakes, by observing six rules.

1. Don't rely on a guarantee—even a written one—unless you know you can trust the guarantor.
2. Understand what has to happen before the guarantor must make good.
3. Be sure you know for what length of time the guarantee will be good.
4. See what you are entitled to if something does go wrong.
5. Remember that a guarantee you have in writing is less subject to misinterpretation than oral assurances.
6. If you don't get what you are supposed to, report the incident to the Better Business Bureau.
