AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The grand champion fleece of the 1970 American Royal Wool Show in Kansas City was exhibited by Allen Price. The fleece was an aged ram fleece which had previously won the title of champion commercial fleece. On the way to these titles, the fleece had won the blue ribbon in the finewool division of the commercial class.

Allen also exhibited the first place territory finewool fleece and the second place finewool commercial fleece. He has received the two blue ribbons and one red ribbon but the plaque for the grand champion fleece has not been received to date.

The fleeces were shipped to the show several weeks ago. Judging in the wool show was held on October 17 but the results were just received here this week.

The San Angelo Fat Stock Show sent out word several weeks ago the range ewe lamb show would be held again in 1971. The rules will be the same as they have been in the past.

This show has been one of the better shows but has been the subject of much discussion by the directors of the San Angelo show. Superintendent for this division will be Jim Cusenberry who is the market news reporter with the Texas Department of Agriculture. His headquarters are in San Angelo.

Texas A&M University will start a statewide survey to collect data on the effect of extending federal unemployment insurance coverage to farm workers.

The Texas project is part of a national study. Twelve land grant universities, of which Texas A&M is one, will conduct the program.

A&M's Agricultural Economics and Rural Sociology Department will direct the survey in Texas through the Agricultural Experiment Station and the Agricultural Extension Service. Unemployment insurance legislation passed in August established a research program to study the impact of extending coverage to excluded groups, farm labor in particular. The legislation passed during this session extended coverage to nearly five million workers, bringing the total number of jobs covered by federal and state unemployment insurance laws to more than 65 million. There are now more than a million farm workers in the U.S. who are not protected by this insurance.

Dr. David C. Ruesink of the Agricultural Economics and Rural Sociology Department, who is directing the Texas project, said the state survey will gather information on farm labor use and the farm work force that is needed. Additional educational and research programs will be established as a result of what is learned. It will also study the impact of current and proposed labor legislation affecting agricultural workers and employers.

He emphasized that Texas A&M is neutral on the program and is cooperating with the study at the direction of the Department of Labor. Questionnaire answers will be held in strict confidence. Farm workers and employers contacted by the survey will

The Sterling Parent Teacher Association annual Halloween Carnival last Saturday netted the group over \$600, it was said.

A large crowd attended the carnival and a popular feature this year was bingo. A large number of prizes had been donated by local and area merchants and they were used as door prizes and bingo prizes.

The PTA expressed thanks to all who helped with donations or other help with the affair.

The association has as a project the air conditioning of the school auditorium.

be selected at random. Data collected will be computer-processed and will become available to farm organization leaders and other interested groups as they develop programs which involve farm workers.

Mail questionnaires have been or will be sent to about 3,000 Texas farmers selected at random. As a follow-up, 3,000 Texas farm workers will be interviewed. Sterling County was one of the approximately ninety counties in the state selected at random for these worker-interviews. According to the information received here, it is anticipated that three farm workers will be interviewed in Sterling.

Lions to Have Turkey Shoot November 21

The Sterling City Lions Club plans a Turkey Shoot at the rifle range west of town on Saturday, November 21. It will begin at 10 a.m. and everyone is invited to participate.

Services were held at 2:30 p.m. last Sunday in the Sterling City Baptist Church with burial following in the City Cemetery. Officiating were the Revs. Andy Daniels, Baptist pastor, and Harold Orr, Methodist pastor. Lowe Funeral Home was in charge of arrangements.

Born January 20, 1903 in Sterling County, he was the son of the late Mr. and Mrs. Neal Reed, early Sterling settlers. He was a life-long resident of the county. He attended Sterling City high school and Texas A&M in 1921. He was a member of the Blue Lodge. Street Signs Ordered

The club president, Dan Glass recently exhibited some street signs for Sterling intersections or corners, and a number of club members liked them so well that some will be ordered by individuals. The signs are metal and made up of good size lettering and will help mark the city streets. Cost of the signs (two) for intersections will be between \$7 and \$10, depending on the actual number ordered. Dan Glass will order the signs for anyone who wants them. He has a city map and can make sure of the streets before ordering them. An order will be made up before long for some of the signs. Should you be interested, get in touch with Dan and give him the details of the corners, etc. you might want one for.

JUNIOR HIGH EAGLETS Eagles Win Games

Coach Milford Wiley's Junior High Eagles have won the last two games—before the crucial game of November 5.

They beat Klondike on October 22, 28 to 14. In that game neither team had been defeated up till then.

On October 29 the locals won over Garden City 32 to 16. Tom Kilpatrick scored two touchdowns for the Eagles. Tony Munoz made one TD on a pass from Russell Davis from the 30 yard line. Russell also passed to Tony for the 2 extra points after TD. Russell then scored on a 20 yard run

PLAY KLONDIKE HERE TONIGHT

The Sterling City Eagles got back into the win column last Friday night by beating the Wellman Bobcats 44 to 12 in a conference game here.

The score was all tied up at the end of the first quarter as Bobby Bynum scored from the six yard marker for the Eagles and Grady Herron bulldozed over from the 1-yard line for the Bobcats. Neither PAT try was good.

Tommy Bynum broke loose for a 40-yard touchdown run for Sterling City in the second period of play and Bobby Barton ran for two extra points.

Vic Jeter scampered for 20 yards for the Bobcats in the second period for the final Wellman score. Conversion attempt failed.

After the half, the Eagles racked up four more touchdowns and three two-point conversions.

Tommy Bynum ran across twice in the third quarter on

PAPER HALF A DAY LATE

The paper is a half a day late this week. There was a reason for this—The editor spent the weekend in the local hospital and didn't get out until about the middle of the morning—Tuesday.

Then, on Tuesday, the general election was on tap and some 'had-to' paper work had to be gotten out of the way—so, we were a day or so late in starting this week's paper. Hence a little late.

City of Sterling City Council

General election day here on Tuesday saw Sterling voters go all the way with the Democrats. They also voted for 4 of the seven amendments offered.

In a write-in for Sterling County Commissioner, Precinct 4, saw incumbent E.F. McEntire get 16 write-in votes against Danny Stewart, who was on the ballot. Stewart got 20 votes, thereby cinching his election to that post.

In a non-contested race for County Commissioner in Precinct 2 Clinton Hodges got 23 votes. He will fill the spot being vacated by veteran Dayton Barrett.

Locally, J.K. Martin, judge; W.W. Durham, clerk; Mrs. Sallie Wallace, treasurer; and E. R. Edwards, justice of peace, were renominated with no opposition.

For U.S. Senator Lloyd Bentsen got 215 votes to Republican George Bush 103.

For Governor Democratic incumbent Preston Smith got 223 votes to 93 for Republican Paul Eggers.

Congressman Omar Burleson did not have a Republican opponent, and of course, won handily.

For Lt.-Governor, incumbent Ben Barnes received 247 votes to 63 for Republican Byron Fullerton.

For Attorney General, Crawford Martin received 269 votes and his opponent Yturri got 39; and so it went on through the races that had contests between Democrat and Republican. None of the Democrats faced serious challenges, except those for U.S. Senator and Governor.

Statewide, voters approved all of the seven amendments to the state constitution except No. 3—the one dealing with that of basing land for taxation on its production, rather than value.

But here in Sterling, voters liked that one, 194 to 93. They also liked No. 1, pertaining to judges' retirement, 175 to 92. Sterling voters also voted for No. 5—approval of the road bonds allowance 138 to 126. They also liked the homestead exemption raise by a vote of 149 to 132. They were against the others, and especially against the liquor by the drink one—only 89 approved of it, and 208 voted against.

Surprisingly enough, John C. White, commissioner of agriculture, polled the largest vote for a candidate state-wide in Sterling—275 to 34 for his opponent Heath.

The votes will be canvassed by the commissioners court in their next meeting. The votes given above are, of course, unofficial.

Services will be held each morning at 7 and each evening at 7:30, it was said.

DISABLED WORKER NEWS

In most instances disability claims take a longer period to process than other social security claims. The extra processing time is due to additional documentation, such as medical reports and different procedures in the claims process.

By applying as early as possible, the complete processing of the claim can be finished before the six months waiting period has expired. If the claim for benefits is approved, you get a check at the earliest possible time.

File Early For Disability

What do you do if you get so sick or injured you can't work? One of the things you should do is see if you are eligible for disability payments under the social security law. Although there are no benefits payable during the first 6 months of a disability, J.M. Talbot, social security manager, urges everyone who believes he may be entitled to monthly benefits to apply for them as soon as possible after becoming disabled.

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year. The report of agricultural employees must be filed with the Internal Revenue Service by January 31 of the following year. Reports should be on Internal Revenue Service Form 943—showing each employee's name, social security number, and amount paid. The report should be accompanied by tax withheld from employee's pay and matched by employer.

To be sure which employees to report, Mr. Talbot recommends keeping records on anyone working for you in your agricultural business.

WANT A PEN PAL FAR AWAY?

Soon a letter dropped in some mailbox in the U.S. will mark the millionth pen-friendship arranged by Letters Abroad, Inc. since its founding in 1952 as a clearing house for Americans and persons in other lands wishing to exchange ideas.

"Right now we really need names from the United States, especially in the 15 to 30 group, to help fill the backlog from all over the world. People today seem more anxious to learn about our country than ever before," explains Mrs. William Marsh, vice president of the non-profit organization devoted to promoting international friendship and understanding.

Trained volunteers match would-be correspondents by age, interests and occupation. The group's files literally run from A to Z, with the over 100 countries covered ranging from

Algeria to Zambia and interests running from art to zoology.

New trends are apparent in pen friendship reports the unique service. As the world continues to shrink, friends send each other gifts, use the trans-oceanic telephone to cement ties and many pen-friends even travel to visit each

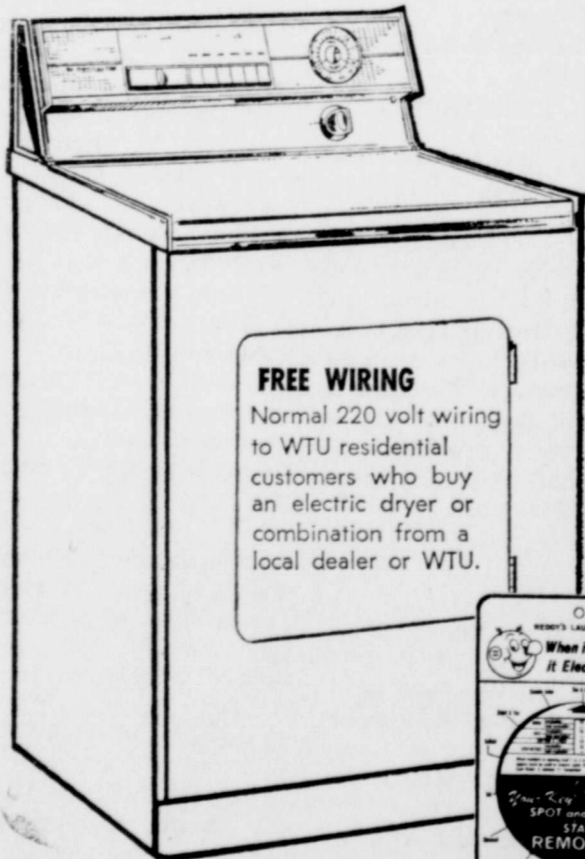

other here and abroad.

Anyone 15 years or older interested in beginning a rewarding pen correspondence can write to Letters Abroad, Inc., 209 East 56th Street, New York, N.Y. 10022, enclosing a stamped self-addressed envelope.

SCOUT'S CORNER

A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. These are the laws the Scout lives by while in Scouting. The laws that are taught during this period are the basic principles that will govern the life of the Scout in the future. If the Scout has learned and practices these laws, we as adults can be assured that we have done our part in preserving the future of our children and country. As the Scoutmaster of Troop 12, Sterling City, I have the privilege of teaching these laws to your boys. Do you know of any boy that is not a Scout? If you do, ask him to join the Scout Troop and participate in the Scouting program.

The Scouts of Troop 12 had their first overnight camp of the season. A lot of fun was had and a lot was learned. The Troop wishes to thank Neal Reed for letting us use his ranch; Jim Cantrell for the use of his pick-up and Clevis Smith for loaning us his tent.

Monday night the troop will start planning for the annual light bulb sale. All Scouts will meet at the WTU office to package light bulbs, and the bulbs will be sold during the week. All the good people of Sterling are urged to buy the light bulbs from the Scouts. This money is for Troop 12 and will be used to buy camping equipment, advancement badges and supplies for the troop.

sitions range from \$5,732 at GS-5 to \$12,174 at GS-12. They are expected to increase by about 8 or 9 percent the middle of this year. Examples: Program Specialist and Advisor (Education) U.S. Office of Education Job Corps Teacher and Guidance Counselor, National Park Service and National Forest Service; Public Health Educator, Helath Services and Mental Health Administration. Qualifying education and experience for all of these positions vary considerably. For details, consult Announcement WAS-908, Professional Careers for Educators and Librarians.

All qualified applicants will receive consideration for Federal employment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

When asking for announcements and application forms, applicants are advised to ask at the same time for Civil Service Commission Pamphlet No. 4, "Working for the U.S. A." which provides important general information about the kinds of appointments, the physical abilities required, veteran preference, and other conditions of Federal employment.

Federal agencies, principally in the metropolitan area of Washington, D. C., need Electronics Technicians. The work involves maintenance, testing, and development of various electronic equipment, ranging from radio, radar, and sonar devices to computer systems.

Both general and specialized experience are basic requirements for Electronics Technician positions, except where education may be substituted for such experience. Entry level for eligibles depends on quality and quantity of both. No written test is required. Starting annual salaries range from \$5,331 to \$10,927. Ask for Announcement No. WA-7-19.

Additional information on these and other Federal jobs may be obtained from the Civil Service Commission in Washington, D. C., 1900 E Street, NW, 20415.

**LIONS CRIPPLED
CHILDRENS' CAMP**

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given over 12 thousand handicapped youngsters a new dimension since it was opened in 1953.

The camp, located at Kerrville in the Hill Country of Central Texas, is free to crippled, blind, deaf or mute children from the ages of seven through sixteen. The 17 permanent buildings and other improvements dotting the 504-hill-side acres represent an investment of more than \$700,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their shyness imposed by their handicaps. By mutual association with other handicapped children and by skillful and gentle counseling, these youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow.

While the Lions are paying tribute to their camp, we would like to pay tribute to the Lions and their friends who have supported this great venture of the heart. We know a man never stands so straight as when he stoops to help a crippled child.
