### European Trip EUROPEAN TRIP DELIGHTS TWO FROM HERE

The recent European trip taken by Mrs. Virgie Garrett and Mrs. Alene Glass delighted the two, and they would like to go again.

The six day trip took the two travellers to London and surrounding area and two side trips—one to Paris and one to Amsterdam and Holland.

The two left Dallas at 11:15 a.m. on Friday and got to London at 7:30 a.m. on Saturday. They refueled at Des Moines, Iowa and Bangor, Me. and landed at the London airport. Tours of the city of London and surrounding area took the group to Shakespeare's homeland, the royal palaces and historic places of interest.

In Paris they visited the Louvre museum and places of tourist and historic interest.

In Amsterdam they visited a diamond cutting and polishing place, a tulip field.

Although crowded into a 6 day trip, the travellers got a lot of going and sightseeing in and would like to make another trip soon.

### HOSPITAL AIDES CLASS TO BE HELD HERE SOON

Enroll Today for Training If You Want to Learn

A class for those who want to learn to be hospital aides will begin enrollment today—all day. Anyone one can enroll from high school age and up.

Mrs. Mildred Emery, administrator of the local hospital, said that Mrs. Margaret Blaneck, school nurse, will teach the classes two evenings each week when classes start early in June.

So today, Friday, May 14, enroll at the hospital between hours of 9 a.m. to 4 p.m. If you can't be there have some one else enroll you, said Mrs. Emery.

The ones taking the course will get 36 hours of teaching by Mrs. Blaneck and then 36 hours of work under supervision of the regular nurses.

The only cost involved will be the textbook.

The program is being sponsored by Bradford Multipurpose Center, Tom Green County Community Action Council, Office of Economic Opportunity. Sterling County is one of the target areas served by the Bradford center.

After conclusion of the course, pinning ceremonies will be held for those who finish the course.

Mrs. Margaret Martin of Bronte is the representative of the Bradford Center, and in charge of making necessary arrangements.

### Methodist Church SUNDAY IS STEWARDSHIP DAY

Sunday will be observed as Soil Stewardship Day at the First United Methodist Church here, said pastor Rev. Harold Orr. Theme of soil stewardship this year is The World and They That Dwell Therein.

County agent Arthur Barlemann Jr., who serves as chairman of the official board of the church, will speak at the morning hour.

Other laymen of the church will participate in the morning service, said Orr.

### Pick-up Drivers Take Notice

A rotten egg deal is coming up on truck drivers—even the pickup drivers. The Department of Transportation in Washington has presented the following regulations to Congress and if they are passed would become effective July 1, 1971:

1. A person would have to be at least 21 years of age before he could drive any type of truck, including pickups.

2. A person must carry certificates evidencing physical fitness.

3. Must pass a road test in truck operation.

4. Must pass examination on Federal safety regulations.

5. In case of employees, must furnish evidence of compliance with the preceding rules plus information on traffic violations.

Letters protesting this law should be mailed to John Volpe of the Department of Transportation in Washington, D.C. and ask for exemption for the trucks or pickups under 10,000 pounds and for people of 21 years old and up.

Steve Treadway of Miles, a son of Short Treadway who works here most of the time, placed first in 330 hurdles and second in the high hurdles in the recent state interscholastic track meet in Austin.

### New Postal Rates Effective Sunday

It was announced today by Postmaster W.R. Brooks that increases in most postage rates will take effect May 16 as the new United States Postal Service begins its task of achieving self sufficiency as required by the Postal Reorganization Act. The postmaster explained that the new increases—authorized on a temporary basis until the newly created Postal Rate Commission can make recommendations to the Governors of the Postal Service on permanent changes—will raise first class letter rates from 6 cents an ounce and airmail letter rates from 10 to 11 cents an ounce. Post cards will go from 5 to 6 cents and airmail postcards will go from 8 to 9 cents.

Although postage for a first class letter will increase to 8 cents, postmaster Brooks reminded local citizens that the new rates will still be cheaper than postage rates were almost 125 years ago. According to postmaster Brooks the first general issuance of postage stamps by the Post Office Department was authorized by Congress in 1847. This issuance consisted of 5c and 10c stamps, 5c a half ounce for mail traveling a distance of 300 miles or less and 10c a half ounce for mail if over 300 miles.

During this period, an average letter weighing one-half ounce cost 10c to send from New York City to San Francisco, by comparison, the 8c rate is 20% cheaper than before the Civil War.

The comparison has more significance when consideration is given to the cost of living patterns, transportation modes and other factors during this 125 years. When one turns to more recent history, first class postage has always been one of the best buys for the money, for example the cost of mailing a letter in 1932 was 3c, when the new rate goes into effect, it will mean that postage has risen 166% but during the 39 year period, wholesale prices have risen 230% and the average pay of manufacturing workers has gone up by 670%.

First class postage is still one of the best buys in America today.

The Lions Club met at noon Wednesday in the community center for the regular weekly luncheon. Ervin Blum was a guest.

The group of 4-H Clubbers that had won first place in the Share-the-Fun Contest in San Angelo 2 weeks ago, put on their winning skit. They had a skit on pollution and had been coached by Mrs. I. W. Terry, Mrs. Charlie Davis and Mrs. Billy Ralph Bynum.

In the skit were Charls Blaneck, Patti Bynum, Jeff Cantrell, Scott Davis, Larry Horwood, Carl Igo, Melanie McEntire and Melinda Terry.

Albert McGinnes, who was a delegate to the Lions Club District Convention last week end in Midland, made a report on the convention. He reported that over twenty persons attended from here and that the convention was a huge success.

Skipper Lively brought up the discussion of Lions Ladies Night and the program is being worked out and will be announced next week.

Mrs. E. R. Edwards has been in the Shannon Hospital this week getting a series of tests.

### Four Issues to be Voted On

There will be an amendment election over Texas on next Tuesday, May 18. Four new amendments are to be voted on by Texas voters. The elections will be held at the usual four polling places here in Sterling County — the courthouse, Tom Humble's ranchhouse, Bill Cole's ranchhouse and Bill Blair's ranchhouse.

No. 1 on the ballot would establish a State Ethics Commission empowered to set rules of ethics for members of the legislature, state officers, and legislative officers and to investigate violations; to recommend compensation for members of the legislature and the Lieutenant Governor; and to recommend improvements and economy in the legislative process.

This one would set up a code of ethics for state officials and would allow the members of the legislature to set their own salaries, rather than by the Constitution as now.

Amendment No. 2—Provides that the legislature may propose amendments to the Constitution is called as well as regular sessions of the legislature.

Amendment No. 3 Removes the limitation on the total state appropriations for assistance grants for the needy aged, the needy blind, and the needy disabled, and setting a limitation on total state appropriations during a fiscal year for assistance grants for needy dependent children and the caretakers of such children.

Amendment No. 4 Authorizes the issuance of \$100 million in bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes; providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6 percent.

This last amendment would make state grants and loans (with the bond money) to cities and other governmental bodies to update sewer plants and water treatment, and for improved water systems over the state.

### DINING ROOMS AND AREAS

Dining rooms—like old-fashioned parlors—give much pleasure. They enhance the ceremony of eating, their decoration, likewise, partakes of ritual: the centered table, the sideboard, the chandelier or wall sconces.

Somehow a deep dado is right for such a room, and above it a wallpaper mural or a large repeating pattern should be considered. Painted walls, or heavily paneled ones of wood, should be firmly rejected: the former because they lack richness and atmosphere, the latter because they have too much, like a clubroom.

In country houses, over a dado, a scenic "toile" might be an excellent choice, or even—if there is no dado—a broad floral stripe.

At present, the dining room is often just around the corner from the living room, and hence easy to decorate quite differently, with regard to both furniture and wallcovering. But it must be constantly remembered that even here, as in all adjacent and visible areas, the colors should be related, from one area to the next, although the change in pattern and texture can be as abrupt as you wish.

In a small apartment the "dining room" may consist of nothing but a table and some chairs. Should you attempt to enclose them by screens or curtains? If you do, you may make an already small room seem smaller. Rather than cut up your floor space it might be wise to define the different areas by means of well-chosen wallcoverings. It would be sad not to point up a dining room in some way. The evening meal in particular should be heightened by romantic lighting and a colorful background.

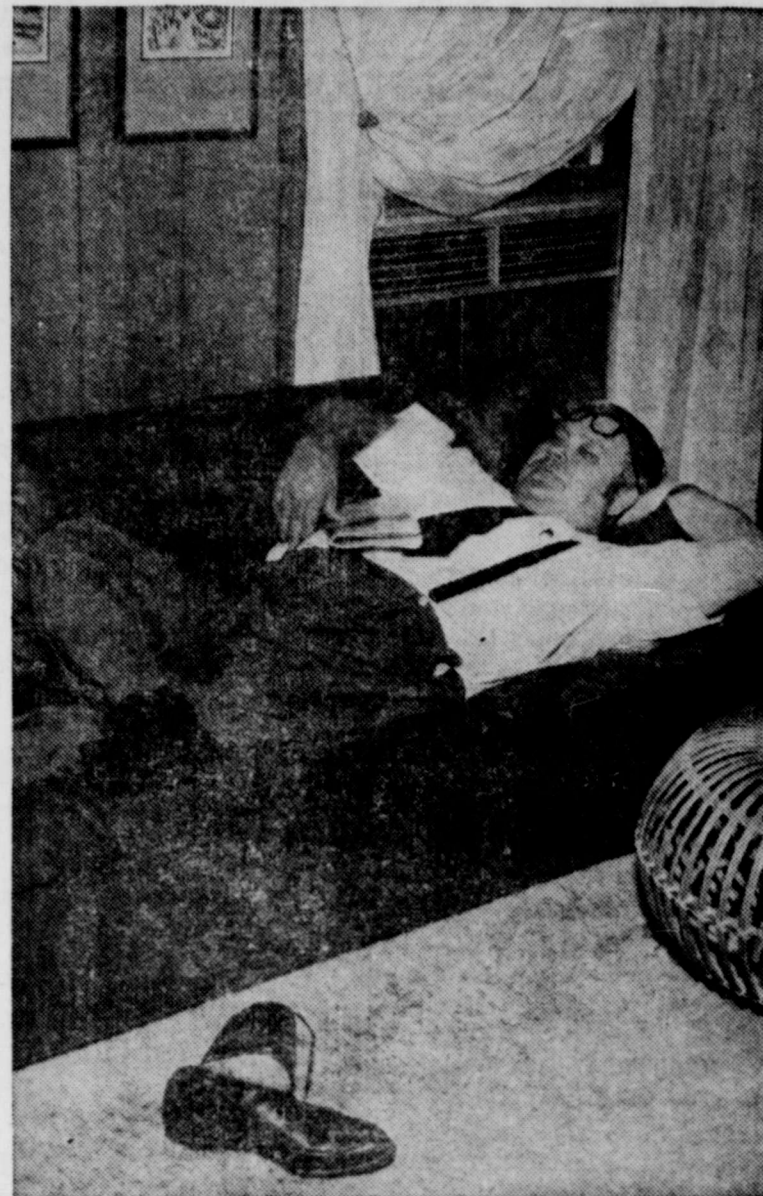

For further information on wallpaper and wallcovering, send \$1.00 for a 208-page book to "Living Walls," Wallcovering Industry Bureau, 969 Third Avenue, New York, N.Y. 10022.

### 4-H CLUB MEMBERS RAISING MONEY BY SELLING CHOCOLATE

Sterling County 4-H club members will be calling on local citizens to purchase a bar of World's Finest Chocolate, May 7 through 21, as a part of a statewide effort to raise funds for a Texas 4-H educational center. In addition, part of the funds raised locally will remain in the local county fund to be used for various purposes.

Mrs. Clinton Hodges, local 4-H leader, who is heading the county's sale campaign, says the county sales goal is 10 bars per 4-H member. The bars will sell for a dollar each.

A State 4-H Center is badly needed says Mrs. Hodges, since the 4-H program does not own any type of training or camping facility. The proposed center is being developed by the Texas 4-H Foundation and will cost approximately 1 million dollars. It will accommodate about 175 people. The center will be the focal point for camping-type programs, 4-H leader training, international 4-H activities, and other club activities. When not in use by 4-H, the center will be available to other groups with educational programs.

While the 4-H'ers themselves make their contribution, a statewide development council composed of business leaders will help raise the balance of the funds.

The Texas 4-H Foundation is made of businessmen from all areas of the state with each Extension Service district having two representatives. District Seven representatives on the Foundation are Nathan Donsky of San Angelo and Curly Hays of Abilene.

Local 4-H club members will be taking advance orders for the chocolate with the first deliveries to be made next week. In addition, they are planning a house-to-house campaign to help raise the funds. Other leaders working on the program besides Mrs. Hodges are Mrs. Billy Ralph Bynum and Mrs. Charlie Davis.

The local 4-H club will receive ten percent of the funds raised through the chocolate sales; forty percent will go to the state center fund, and the remainder will pay for the chocolate. Each county in Texas is carrying on the same program but at different times. Two weeks will be devoted to the campaign in each county with the state being divided into four areas. District Seven will be working during the period May 7 through 21 in the twenty-two counties that make up the district.

Funds raised in this manner will be used to construct a particular section of the center. This section will be designated by an appropriate marker.

### How To Stretch Your Travel Dollars

Unless you're a millionaire (and very few are), chances are it takes a determined year-round effort to save enough money for your annual vacation. With that in mind, here are some tips to help you stretch those hard-to-accumulate dollars to their maximum travel and pleasure potentials:

1. If you're going to travel by auto, make sure it's ready for the road before you leave. It's no fun listening to that clanking under the hood and wondering just where you'll be stranded. Road repairs can be both questionable in quantity, quality and quite damaging to your pocketbook. So, make a visit to your regular garageman or other station that specializes in pre-trip servicing. And, be sure to carry a spare fan belt, generator/alternator belt and water hose with you for do-it-yourself repairs, should they become necessary.
2. A lot of people have found that they can save considerable amounts of money by staying at guest houses with cooking facilities rather than at hotels. If you wonder just how much money can be saved by "eating in," think about how much it would cost you to "eat out" three times a day—as compared to the cost of a day's food shopping list.
3. The worst blow you can deal yourself on vacation is to spend too much cash too fast and wind up limping home ahead of time. Be sure, then, to take your Master Charge card

### REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

Amy Hodges won the premier exhibitor trophy in the Brownwood Wool Show Saturday. The wool show was held in conjunction with the 25th Annual Purebred Sheep Breeders Show and Sale and was sponsored by the association. President of the association during the past year was Clinton Hodges.

The Champion Range Fleece of the show was entered by Becky Hodges and was off an aged Rambouillet ram.

Amy's award as premier exhibitor was based on total points won in the wool show. Her placings in the Rambouillet division included first and fourth place aged ram fleeces, third and fourth place yearling ram fleeces, second and third place aged ewe fleeces, and seventh and eighth place yearling ewe fleeces. In addition she also showed the first place aged ewe fleece in the range division.

Becky showed the second and third place Rambouillet aged ram fleeces, the fifth and sixth place yearling ram fleeces, and sixth and ninth place yearling ewe fleeces. She showed the first place aged ram fleece of the range division as well as the third place aged fleece in that division.

Screwworms have invaded the Big Bend area of Texas for the first time since July 24, 1970. A case was confirmed in Pecos County on Monday of this week.

The sample was taken from a head wound on sheep on a ranch approximately sixteen miles west of Sheffield.

Three other cases were confirmed in the state on Monday. All were from the Rio Grande Valley area. One case each was found in Hidalgo, Starr, and Zapata Counties. All were in cattle.

Sterile fly treatment of all the premises involved was being initiated according to officials of the eradication program. Thus far, twenty-seven cases have been confirmed in the state this year and all are receiving the sterile fly treatment.

Even though there has been little rain in most of the affected areas, livestock producers should exercise vigilance and continue to be on the alert for suspected cases. Humid weather in many areas make screwworms a distinct possibility and if allowed to go untreated, it could lead to a big outbreak.

Sterling County has been approved for participation in the emergency livestock feed program. Detailed information on the program was mailed out from the local ASCS office this week to all operators in the county. Applications will be accepted beginning May 13. As the program is set up now, it will terminate on June 30, 1971. Both grain and hay are included in the program with the same regulations applying.

The 4-H chocolate sales campaign is progressing very well, according to Mrs. Clinton Hodges, coordinator of the campaign in Sterling County. Local club members are contacting area residents and many have reported good success.

Funds derived from the sale will be divided among the State 4-H Foundation and the local club fund. Those going to the State fund will be used to build a portion of the State 4-H Center planned for now on the shore of Lake Brownwood.

**For Social Security WHO MUST FILE SOCIAL SECURITY EARNINGS REPORT**

Most social security beneficiaries who earned over \$1680 in 1970 are required to file a report of their earnings with the Social Security Administration by April 15, 1971. This report is in addition to any Federal or State tax return, and it must be filed with the Social Security Administration, according to J. M. Talbot, social security manager.

Beneficiaries who were 72 years old in all months of last year are not required to file the annual report of earnings. Disabled beneficiaries should report immediately if they become self-employed or take a job. All other beneficiaries, including families of disabled persons, are under the retirement test and must report their earnings annually.

The purpose of social security benefits is to replace earnings lost due to retirement, death, or disability. If an individual continues to earn a substantial amount — \$1680 or more — some adjustment is made in the amount of his benefits. One dollar for every two dollars earned between \$1680 and \$2880 is withheld. If an individual earns over \$2880, he gives up a dollar for each dollar earned over \$2880 regardless of the amount of yearly earnings. A beneficiary is entitled to his full social security check for any month in which he does not earn over \$140 and is not self-employed. The annual report will allow us to determine whether or not additional benefits are payable.

For more information, contact the Social Security Office at 3000 West Harris Avenue (P.O. Box 3808) in San Angelo, Texas, or see the representative when he is in our area. Persons who are unable to meet with him are encouraged to call the office in San Angelo. The telephone number is 949-4608.

**CHECK YOUR SOCIAL SECURITY RECORD**

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.
