If landowners want to keep a check on the salt content of their water wells, they can bring a sample in for testing. Cost of the test is only 50c, which will defray cost of the chemicals used, said Igo.

Social Security Tips CHECK YOUR SOCIAL SECURITY RECORD

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a 'Request for Change in Social Security Record' form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

For Social Security

Worried about proving your age? J. M. Talbot, social security manager, said the people at your social security office may be able to help you make your claim. There are some things you can do ahead of time. If you were born in a state that kept birth records when you were born, write for your birth certificate. If the state where you were born wasn't keeping birth records at the time, the next best thing is a baptismal record.

If you were baptized before age 5, you'll be asked to find out if there is a record. If there is, it is all the proof of your age you'll need.

If you have no birth or baptismal record, the people working in the social security office will be happy to suggest some other possibilities. Some examples are an old family Bible, school records, and federal census records.

You may not recall now, but when you bought your marriage license you gave your age. You may also have some old insurance policies about the house. The list of proofs to try is quite long. When you file your claim, it helps if you have already fund the oldest thing you can that shows your age. Usually, the older the record the better it is for proving your age. It will help the people at the social security office pay your benefits sooner if you think ahead on your age.

Many times a telephone call before you visit the social security office will help. You may be able to file your claim by phone. Contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

WHO MUST FILE SOCIAL SECURITY EARNINGS REPORT

Most social security beneficiaries who earned over \$1680 in 1970 are required to file a report of their earnings with the Social Security Administration by April 15, 1971. This report is in addition to any Federal or State tax return, and it must be filed with the Social Security Administration, according to J. M. Talbot, social security manager.

Beneficiaries who were 72 years old in all months of last year are not required to file the annual report of earnings. Disabled beneficiaries should report immediately if they become self-employed or take a job. All other beneficiaries, including families of disabled persons, are under the retirement test and must report their earnings annually.

The purpose of social security benefits is to replace earnings lost due to retirement, death, or disability. If an individual continues to earn a substantial amount — \$1680 or more — some adjustment is made in the amount of his benefits. One dollar for every two dollars earned between \$1680 and \$2880 is withheld. If a individual earns over \$2880, he gives up a dollar for each dollar earned over \$2880 regardless of the amount of yearly earnings. A beneficiary is entitled to his full social security check for any month in which he does not earn over \$140 and is not self-employed. The annual report will allow us to determine whether or not additional benefits are payable.

For more information, contact the Social Security Office at 3000 West Harris Avenue (P.O. Box 3808) in San Angelo, Texas, or see the representative when he is in our area. Persons who are unable to meet with him are encouraged to call the office in San An-

DISABLED WIDOWS BENEFITS

"Two years have passed and many persons are still not aware of the change in the social security law which provides monthly benefits for disabled widows at age 50," said J. M. Talbot, social security manager.

Since the law became effective in February, 1968, more than 32,000 disabled widows have qualified for monthly payments, Mr. Talbot estimated however that another 30,000 widows who might qualify for these benefits have never applied.

"The requirements for disabled widows' benefits are apparently not as well known as those for the more familiar widows' benefits at age 62, or reduced widows' benefits at age 60," Mr. Talbot continued.

To qualify for benefits a widow, age 50 to 60, must have an impairment so severe that it keeps her from engaging in any work. The condition must also be expected to last for at least twelve months.

The widow's disability must have begun before her husband's death or not later than seven years after his death. A widow who has previously been entitled to benefits if she becomes disabled before payments to the children end or within seven years after they end.
