## Crucial BB Game Here Tonight WITH BRONTE

The Sterling City Eagles boys basketball team meets the Bronte Longhorns in a big game here tonight at the local gym. Both teams are 4-0 in district play and the winner tonight could be said to have won the first half of the season. It is the halfway mark.

In fact, Coach Milford Willey's boys have won 14 games this season and lost 4. They have lost only in games away from home, like in tournaments. Both Sterling City and Bronte have good teams.

The Eagles have won their conference or district games this month consistently, although some have been last minute squeakers, it is admitted.

#### Beat Water Valley

On January 7 the boys beat Water Valley 79 to 51. The Sterling girls team also won over Water Valley 44 to 41.

#### Beat Forsan

On January 11 the Sterling boys won over the Forsan Buffaloes 68 to 67. The local girls lost 65 to 16 and the B boys team won over Forsan 47 to 38.

#### Beat Garden City

On January 14 the Sterling boys won handily over Garden City 73 to 47. The Eagles girls lost their game 58 to 29.

#### Beat Blackwell

On Tuesday night of this week the boys won over the Blackwell boys 52 to 49 in a squeaker. Clark Kilpatrick was high for the locals with 14. Ken Peel had 14, Allen Price 3, Bautista 10, Ray Escobar 4 and David Gaston 4. Chapman was high for the Blackwell boys with 11.

The girls lost to Blackwell 41 to 36. Becky Blair had 14 for high for the locals.

The B boys lost to the opponents 56 to 46.

Among Sterling people attending the American Sheep Producers Convention in Phoenix, Arizona this week are Mr. and Mrs. Fowler McEntire, Mr. and Mrs. Worth Durham and Lee Reed.

**Social Security Tips**

"Processing time can be cut in half if people are prepared when the time comes to apply for social security benefits," says J. M. Talbot, social security manager.

Being prepared is not as difficult as many people believe. Remember to take along your social security card or the card of the person on whose record you are filing. For a widow, this would be the social security card of her late husband. This may sound hard to believe, but many people do come in to file their application and leave their number at home.

The next most important document to take with you is your birth certificate, if available. Proof of age is needed to qualify for nearly all social security benefits. If your birth was recorded when you were born or if you were baptized before age five, you will need one of these documents. If you don't have a copy, make arrangements now to get one, Mr. Talbot advises.

If your birth was not recorded and you were not baptized before age five, there are other documents you can use. In most cases, the earlier the record was made the better it is for helping to establish your date of birth.

The third thing that is needed in all claims is evidence of the worker's last year's earnings and an estimate of this year's earnings. Your W-2 Form or tax return for last year will give the information for last year. Be sure to bring these with you.

"If I apply for disability benefits, do I have to be examined by a social security doctor before I can get any checks?" This is a question frequently asked when disabled workers claim social security disability insurance benefits.

J. M. Talbot, social security manager, says the social security law requires the applicant to supply the medical records on his condition. When you apply for benefits, you must provide a report from your attending doctor or hospital.

Information from the attending doctor and the hospital is generally all that is needed. However, in some instances, a specialist's report may be necessary to clarify a question or resolve a borderline situation. You may then be asked to go for a special examination to help provide the extra information.

When you apply for disability benefits, be ready to give the names and addresses of all your sources of medical treatment for your disabling condition.

Worried about proving your age? J. M. Talbot, social security manager, said the people at your social security office may be able to help you make your claim. There are some things you can do ahead of time. If you were born in a state that kept birth records when you were born, write for your birth certificate. If the state where you were born wasn't keeping birth records at the time, the next best thing is a baptismal record.

If you were baptized before age 5, you'll be asked to find out if there is a record. If there is, it is all the proof of your age you'll need.

If you have no birth or baptismal record, the people working in the social security office will be happy to suggest some other possibilities. Some examples are an old family Bible, school records, and federal census records.

You may not recall now, but when you bought your marriage license you gave your age. You may also have some old insurance policies about the house. The list of proofs to try is quite long. When you file your claim, it helps if you have already

### DISABLED WIDOWS BENEFITS

"Two years have passed and many persons are still not aware of the change in the social security law which provides monthly benefits for disabled widows at age 50," said J. M. Talbot, social security manager.

Since the law became effective in February, 1968, more than 32,000 disabled widows have qualified for monthly payments, Mr. Talbot estimated however that another 30,000 widows who might qualify for these benefits have never applied.

"The requirements for disabled widows' benefits are apparently not as well known as those for the more familiar widows' benefits at age 62, or reduced widows' benefits at age 60," Mr. Talbot continued.

To qualify for benefits a widow, age 50 to 60, must have an impairment so severe that it keeps her from engaging in any work. The condition must also be expected to last for at least twelve months.

The widow's disability must have begun before her husband's death or not later than seven years after his death. A widow who has previously been entitled to benefits if she becomes disabled before payments to the children end or within seven years after they end.

### Social Security Tips CHECK YOUR SOCIAL SECURITY RECORD

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a "Request for Change in Social Security Record" form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

### NOTICE—COST OF ENGRAVINGS

—Due the high cost of cuts or engravings of pictures, we are now forced to charge for all society type pictures run in the paper. The costs have always been an item to be considered, but now the cost makes a charge necessary. Cuts or engraving run from \$1.95 for a one column cut to around \$5 for a two column cut. This is actual cost and will be charged for from now on.

**LIONS CLUB**

The Lions Club met Wednesday noon in the community center for the regular weekly luncheon. Norman Smith of Las Vegas, N. M. was a guest.

Arthur Barlemann Jr. acted in the absence of president Albert McGinnes.

Talk of the emergency ambulance service here on January 31 took some time. Ross Foster, who will give up the service after the end of this month, told of all the problems, rules, regulations, costs and non-collection of fees in the business. Sheriff Cantrell said that if worst came to worst, he could possibly haul victims in his station wagon. But, if a victim is not handled properly, he can sue the operator of the vehicle that took him in—and perhaps win a lawsuit.

It was noted that there would be no ambulance service in this area until you got to the Howard County line or Midland line north, the Tom Green County line south and some of those services just will not go out of their counties. It was reported that the Tom Green service costs a dollar a mile for a run.

Members thought that perhaps the state could set up an emergency ambulance service like using helicopters and have them situated in the larger cities over the state.

County agent Arthur Barlemann Jr. expressed appreciation for the support of the people at the Sterling County Junior Livestock Show here on Monday. He said the support at the show and at the sale was much appreciated by the stock show association.

**BAPTIST MEN'S DAY**

This Sunday throughout the Southern Baptist Convention the theme in the local church will be Baptist Men. The men of the church will be emphasized in many different ways as they are used in the worship services. This theme will be followed in the local First Baptist Church as men take part in the order of service and by an all men choir Sunday morning. The Brotherhood of the church is in charge of this emphasis of which J.V. McKinney is president; Tommy Roger, vice-president; Danny Slaughter, secretary; Darrell Garrett, mission action leader; Andy Daniels, mission study leader; and James Salvato, the Royal Ambassador leader.

The morning service will be followed by an all-church covered-dish lunch in the church basement. All members are encouraged to bring their lunch and eat together.

**Behind the 8-Ball**

By the editor.

Due to the high cost of newsprint, the rising postage rates and postage regulations, we will be forced to stop all NOT PAID subscriptions on January 31. Expiration cards were mailed right after the 1st of January and each costs 6c in postage plus the card or about 10c—so one card will have to suffice for notification.

The days when a newspaper wanted a big subscriber list—paid or not—is over. It is barely a breakeven proposition when paid—and is not if the subscriber is in a far off zone.

Big daily newspapers actually lose a little money on mail subscriptions. Perhaps they can afford to lose—but eventually a daily newspaper by mail will cost \$40 to \$50 a year, depending on how far the mail subscriber is living—from the newspaper town.

**8-BALL**

Do you want emergency ambulance service here? If you do, write a letter to the editor telling why and your own idea of a solution to the problem. We will print a few of the letters along, expressing views of our citizens.

**Heart Workers Met Last Week**

The Sterling Chapter of the American Heart Association met Tuesday of last week in the community center. Mrs. Chesley McDonald is president of the local chapter.

Twelve members of the group were present, along with David Watson, district director, of San Angelo. He presented the local chapter with a certificate acknowledging that Sterling County had raised the highest per capita funds in the state for two years in a row.

The drive will begin here on February 1 with a kick-off breakfast for workers in the community center at 7 that morning. Mrs. T.J. Finnegan will again be the drive chairman.

This year's slogan is BEAT THE BIG ONE.

On February 4, the basketball game here with Blackwell will be used as one for Points for the Heart Fund. Also a bake sale will be held at the game, said Mrs. McDonald.

**PRESBYTERIAN CHURCH TO ELEVATE FIVE**

Five men will be elevated from deacons to elders in the First Presbyterian Church here at the Sunday morning service, said Charles Tucker, minister, this week.

The five who will be made elders are Jim Bob Clark, Larry and Lynn Glas, Ewing McEntire and Charles Probandt.

The Rev. Tucker said that the local church was eliminating the office of deacon.

FOR SALE—Chickens. Mrs. O. V. Anderson, 378-4281.

**Mother's March Here January 31**

The Mother's March for the March of Dimes here will be at 6 o'clock, Monday evening, January 31, said Mrs. W. R. Brooks this week.

The rates for 2 ounces stays at 8c and also for three ounces—10c—the present rate.

Thereafter, though, the new rates apply. For instance, 4 ounces will cost 13c, 2 ounces 16c, 6 ounces 18c, 7 ounces 21c, 8 ounces 24c, 9 ounces 26c, 10 ounces 29c, 11 ounces 32c, 12 ounces 34c, 13 ounces 37c, 14 ounces 40c, 15 ounces 42c, up to but not including 16 ounces 45c.
