EIGHT SISTERS TAKE TRIP IN SOUTHERN STATES

Mrs. Merton Ferguson has returned from a "Sentimental Journey" with seven of her sisters. The girls fulfilled a life-time dream, and "had the greatest time of their lives." They traveled in eight states, doing a lot of sightseeing and singing at each stop.

Mrs. Wayne Satterwhite of Midland was "Wagonmaster" and handled all of the details, including the traveling partners in the two cars each day. As their journey ended, the girls in Car 2 composed a song for the girls in Car 1 and surprised them by singing it at a farewell park in Seymour.

The song (to the tune of Sentimental Journey) is as follows:

We've made a **Sentimental Journey**,

Now can set our pocket-book at ease.

We have made a **Sentimental Journey**

And renewed old memories. Loaded bags, and paid our reservation,

Spent each dime we could afford.

Like a child in mild anticipation,

Dreaded to hear that "All Aboard".

Seven, that's the time we left, at seven,

Today will be the end of Heaven,

Countin' every mile of highway track that takes us back.

Never thought our feet could be so "burny,"

But so glad we decided to roam,

Now we've made that **Sentimental Journey**,

And will now sing **Home Sweet Home**.

1972 Senior Trip

Here's a first hand account of the 1972 senior trip—told or written by one who went.

Seniors going on trip were Brandt Badger, Kenny Blaneck, Robert Bliznak, Bobby Bynum, Allen Price, Payton Wilson, Helen Coronado and Debbie Hopkins.

Parents making the trip included Mr. and Mrs. J. W. Blaneck, Mr. and Mrs. Billy Ralph Bynum, Mr. and Mrs. C. J. Copeland, Mr. and Mrs. D. Kirk Hopkins; and sponsors Mr. and Mrs. Milford Wiley. Gene Foster was the chartered bus driver.

"We left Sterling at 7:00 a. m. Friday, May 26. Stopped at Austin and went through the capitol. Friday night we saw the Astros beat Los Angeles 8 to 5. Saturday morning we left Houston and drove to New Orleans. Saw the sights Saturday night. Sunday afternoon we took a three hour river boat ride on the Mississippi (guided tour). Sunday night some of the group went to the 'Top of the Mart' (a huge tower). Monday we left for Galveston. We rode the ferry across Galveston Bay to Galveston. Ate a huge seafood supper at Hill's. Tuesday we went fishing on a commercial fishing boat out into the Gulf. Together our bunch caught 2 jackfish, 4 sharks, and lots of smaller fish. We started home at 6:00 a. m. Wednesday. In Austin we stopped and went through the LBJ Library. The whole trip was terrific."

Mr. and Mrs. Otis Hill of Dallas were here last weekend visiting with her mother, Mrs. H.L. Pearce. The Hills took Mrs. Pearce home with them for a two week's visit. They will bring her home when they return for the Alumni Association meeting here on June 17.

Social Security Tips

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

MRS. BOB (EDNA) BURNETT NAMED OFFICER OF TRUST COMPANY

Mrs. Bob (Edna) Burnett, a daughter of Mrs. Nan Davis of Sterling, has been named assistant treasurer and officer of the Chittenden Trust Co. in Montpelier, Vermont. In a letter to Edna's mother here, vice-president Conrad Flynn, said Edna's loyalty and competent service is valued by the company and resulted in her being given the new title and position with the company.

NEWS OF ECOLOGY

SCOUTS GIVE TRASH THE SACK

Three billion dollars! That's the estimated annual bill Americans are paying for public collection and disposal of garbage and solid waste — the third most expensive community service in the land. . . which is exceeded only by spending for highways and schools.

Concerned citizens, of course, can make significant contributions to cleaning up this national mess. As in Watertown, N. Y., where the initiative of the Environmental Systems Division of St. Regis Paper Company and a local Boy Scout Council is currently leading the way.

Recently, the more than 500 Boy Scouts of Jefferson and Lewis County launched an intensive environmental clean-up campaign to make their community a better place in which to live.

Soliciting the aid of the 30,000 homeowners in their area, the Scouts began their drive with the sale of St. Regis disposable refuse sacks. In addition to their 30-gallon capacity and convenience, these sacks were selected because — unlike plastic sacks — they will break down in sanitary land fill without adding to our ecological problems.

Watertown homeowners who purchase these sacks sep-

arate paper, cans, rags, metal, returnable bottles and miscellaneous glass. Then, free of charge, the Scouts pick up the differentiated sacks and dispose of them in ways compatible to our ecology. Glass bottles, for example, are sold for recycling; bio-degradable trash is sent to land fill sites. Provi-

sions have even been made to tow away abandoned automobiles.

The best part about the program is that everyone profits. The community gets a cleaner environment; the Scouts get the credit for a job well done — and the modest proceeds from selling the sacks and whatever trash they can. . . for the support of other worthwhile Scouting programs.

Now — what are you doing in your community?

'Wanted by the FBI' CLERICAL EMPLOYEES

Attention: High School Graduates, Business, Junior and Senior College Students

The Dallas Office of the FBI, through its Special Agent in Charge, Mr. J. Gordon Shanlin, has announced it is again in urgent need of clerical employees to fill the positions of Cler and Typist at Bureau headquarters in Washington, D.C. These positions present an excellent opportunity for young people, male or female, who are at least 16 years of age, United States citizens, and have at least a high school education, provided they can pass a rigid investigation of loyalty, reputation, and character, and are in good physical condition. No previous experience is required. Future vacancies are also anticipated in the Fingerprint Clerk and Stenographer positions.

The entrance salary for a Clerk is \$4,897 (GS-2) per year with a raise in thirty to ninety days to \$5,524 (GS-3) per year, if their work is satisfactory. A twenty word spelling test must be passed to qualify for the Clerk position.

As openings occur, applicants for the Clerk position who are interested, are considered for the Fingerprint Clerk position which starts at \$5,524 (GS-3) per year. Successful candidates are considered for promotion to \$6,202 (GS-4) per year after six months; to \$6,938 (GS-5) per year after one year; and to \$7,727 (GS-6) per year after two years experience in fingerprint work.

A Typist starts at \$5,524 (GS-3) per year. Applicants for the the Typist position must pass a ten minute typing test of 45 words per minute and a twenty word spelling test.

A Stenographer starts at \$6,202 (GS-4) per year. To qualify for the Stenographer position applicants must pass a three minute dictation test at the rate of eighty words per minute; pass a ten minute typing test at the rate of forty five words per minute; pass a twenty word spelling test; and a twenty word vocabulary test. Qualified Stenographers must be willing to accept a Typist position until vacancies for the Stenographer position exist.

The FBI is only interested in above average young men and women. Many FBI clerical employees continue their college education on a part time basis in the Washington, D.C. area while working at these full time clerical jobs. Young men who obtain a four year/college degree from an accredited college and who have been employed in a clerical capacity with the FBI for two years and meet the other requirements are considered for the Special Agent position at a starting salary of \$11,517 (GS-10) per year.

The FBI provides counseling services to its new employees to assist them with housing, transportation, and other needs. If close friends or young married couples apply at the same time and are found acceptable, every effort is made to afford them appointments at the same time.

The FBI does not come under Civil Service in that the FBI has its own application form, tests, investigates, and hires its own employees rather than draw them from a Civil Service list or register.

An application and detailed information can be obtained by calling or writing the Special Agent in Charge, FBI, 200 Mercantile Continental Building, Dallas, Texas, 75201, telephone Area Code 214-741-1851, or by contacting the nearest FBI Office whose telephone number will be listed in the front of your telephone directory.

Completed applications should be sent to the above address as soon as possible as processing of such applications

For Social Security CHECK YOUR SOCIAL SECURITY RECORD

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a 'Request for Change in Social Security Record' form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

Oil Production Significant Here

Petroleum production continues to play a significant role in the economy of Sterling County with a direct input of \$7,377,608 last year.

According to the latest compilation of Texas Mid-Continent Oil and Gas Assn., the county in 1970 produced 1,999,879 barrels of crude oil valued at \$6,599,601 and 5,328,816 thousand cubic feet of natural gas valued at \$788,007. It ranked 112th in value of petroleum produced.

In addition, the county received the stimulation of \$922,201 in royalty payments to landowners and others with mineral interests.

"Sterling was one of 187 Texas counties that had petroleum production valued at more than \$125,000", says Kenneth E. Montague, Texas Mid-Continent president.

Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells, the smallest number since 1946.

Texas state government benefited from the county's petroleum, receiving \$303,582 in production taxes on crude oil and \$58,351 on natural gas.

Drilling expenditures in the county totaled \$3,871,213 with \$2,338,214 being lost on dry holes. Drillers completed 10 oil wells, 1 gas well and 17 dry holes. Eight wildcats were drilled with seven of them dry.
