County Jail Gets New Cook Stove

The Bailey County Commissioner's Court met in a regular session in the Courthouse on Monday, August 8.

After a review of several reports, a motion was made by the court to purchase an electric cook stove from Wilson Appliance for the amount of \$400 for use in the Bailey County Jail.

Reports of the Sheriff's report on out of town prisoners, on the coliseum and ambulance were given showing the amount of funds collected by each particular one.

The court also approved transfers of funds in the following amounts: \$60,000 from the Road and Bridge General to be divided equally among each of the four precincts and \$15,000 from the general fund to the officer's salaries fund.

Other miscellaneous items of business were taken care of according to Bailey County Judge Gordon H. Green.

Around Muleshoe

Physicals for girls in the seventh through twelfth grades will be held on Sunday, August 21 at 2 p.m. in the High School Field House, according to Coach Jerry Johnson.

Freshman Coach Jerry Johnson has announced that football practice for beginning freshmen students will begin at 7:30 a.m. on August 15, Monday. Practice will be two-a-day for both Monday and Tuesday and then only once a day thereafter. Equipment will be issued to players on Monday morning and practice will commence on the high school football field. Johnson will be assisted by Coach Lonnie Scott and practice will get underway for the first game scheduled on September 1 against Portales. The game will be played in Muleshoe at 5 p.m.

Fred Mardis, Muleshoe Junior High School principal has announced that all 6th, 7th and 8th grade students may pick up their class schedules at the junior high school on Friday, August 19 between 8:30 a.m. and 11:30 a.m. Cont. Page 6, Col. 5

GETTING HITCHED...Though these identical white mules are not "getting hitched" in the matrimonial sense, they are never-the-less getting ready for the big Mules Day Festival extravaganza scheduled for August 13, Saturday in Muleshoe. The driver, Donald Harrison, is considered quite a mule-skinner and will prove his prowess with the animals in the downtown parade at high noon. This will be one of the many attractions of the day and the celebration will continue on into the evening hours with a dance and barbeque.

School Days, Times Set For Teachers, Students

Trustees of the Muleshoe Independent School Board met in a regular session on August 8 for the discussion of regular school business.

Board members set the 1983-84 school day for students to begin at 8:25 a.m. and run until 3:25 p.m. Superintendent Fuller presented the board with recommendations indicating that current law requires that the school day be a minimum of seven hours from bell to bell. Also included in the recommendation was an indication that the teacher day be set from 8 a.m. until 4 p.m. for all teachers. In his explanation of the recommendation, Fuller pointed out that it was necessary for the school district to supply adequate supervision of students prior to and at the ending of each school day. "This proposal will allow all teachers to have the same work day," Fuller said.

Two bid proposals were considered by the Board for the Depository Contract with the School District for the 1983-85 school biennium. Trustees determined that

the best bid was submitted by the First National Bank of Muleshoe. The First National was awarded the bid and will serve in that capacity over the next two years.

In the consideration of gasoline bids for the 1983-84 school year, it was determined that the best of four bids submitted was by Morrison Oil Company and the bid was awarded to them.

The milk products bid for the coming year was bid on by two companies. Members elected to use the bid received by Borden, Inc. since it was determined that it was the best bid. Board members also approved a contract for media services with the Regional Education Service Center.

Board members also heard a tax collection report and additional information

Muleshoe Roadriders Win At Hereford

On August 6, the Muleshoe Roadriders traveled to Hereford to attend the 10th Annual Run and Bike Show sponsored by the Panhandle Roadriders Club. Members attending the show were: Donald and Jennie McDaniel, Charlie and Joan Anderson, Lee and Margaret Kimbrough, O'dell and Marcia Rasco, Jess and Bobbie Bryant, Aubrey Heathington and Betty Carpenter, Tommy and Jody Whatley, Billy and Sue Reese, Howard and Linda Baker and Joe Meyers.

The Panhandle Roadriders presented a program of events along with a bike show and a barbeque supper at the end of the day of activities. Hereford Police provided security and handled traffic for the cycle events. The Muleshoe Roadriders proved their reputation as a winning group by capturing five first place trophies at the Hereford show. The five first place winners in their individual categories were: Lee Kimbrough, Donald McDaniel, Jess Bryant, Howard Baker and Odell Rasco. According to those attending competition was tough, but a good time was had by all.

Donald McDaniel was the big winner of the day, since his registration number was drawn for a trip for two to Lake Tahoe, Nevada. The trip was donated by the Panhandle Roadriders and the Lubbock Honda. In a show attended on July 23, the Muleshoe Roadriders had their share of winners again. The High Plains Drifters rally winners for first place were Cont. Page 6, Col. 6

Speeding Violations Lead Court Actions

Judge Linda Huckaby recorded a total of 16 case disposals for the past week in Municipal Court dockets, along with the filing of an additional 41 counts for the same period of time. In the cases disposed of,

three were for bad checks. Two cases each were disposed of on each of the following violations: speeding, running stop sign, no MVI sticker, violation of city ordinance. One case each was disposed of for each of the following: violation of drivers license restrictions, exhibition of acceleration, theft, expired license plates and no liability insurance.

Cases filed in Municipal Court over the past week's time included sixteen counts of speeding, four for violation of city ordinance, three for expired plates and three for no MVI. Two cases were filed on the following list of violations: theft, bad checks, defective lights, no drivers license. One case each was filed on Cont. Page 6 Col. 2

Agent Urges Soil Test For 84 Wheat

Bailey County wheat producers have begun land preparation for their 1984 wheat crop. "Generally, 1983 will be remembered as a pretty fair wheat year. Winter snows gave us better than average subsoil moisture and colder than average soil temperatures. The winter subsoil moisture helped generate some unusually high dryland yield in the Rolling and High Plains of Texas," the county agent says. However, our thoughts must now be directed toward next year and it always seems that we have to manage closer to our hip pockets. Soil testing is just one of many management tools available, but it helps remove fertility guesswork and unwarranted fertility cost.

Mule Days Festival Scheduled Saturday

84 Wheat Program Details Outlined

Secretary of Agriculture John R. Block On July 29 announced options for the 1984 wheat program, pending program legislation presently under consideration by the Congress.

Block listed general guidelines for next year's program on July 1 which permitted farmers to make preliminary planting decisions and financial commitments for their crop, while the Congress continue deliberations on target price freeze proposals.

"Since legislative action on the proposed target price freeze is now before the U.S. Senate, it is up to the Congress to decide which option they want to choose," Block said. "It is important to get this issue resolved in order to assist farmers in making their management decisions."

He listed the following 1984 wheat program options:

-If new legislation freezes the target price at \$4.30 per bushel, the acreage reduction requirement will be 25 percent and there will be a payment in kind program of 10 to 25 percent for farmers who divert additional land. The payment in kind compensation will be 20 percent of the program yield.

-If Congress does not

freeze target prices and the target price automatically escalates to \$4.45 per bushel, the acreage reduction requirement will be 30 percent and there will be a payment in kind program of 10 to 20 percent for farmers who divert additional land. The payment in kind compensation will be 75 percent of the program yield.

Producers participating in the payment in kind program and having both reserve and regular loan grain would be required to make their reserve grain available for PIK. Those farmers who have neither will be eligible for participation in the payment in kind program by volunteer. Cont. Page 6, Col. 1

Season Football Tickets Go On Sale Monday

Okay, football fans -- tickets for the 1983 Mules' home games are now on sale.

Those persons who held reserve seat tickets for the 1982 football season may pick up their options on these tickets at the School Business office at 514 West Avenue G beginning Monday, August 15. The tickets will remain available through Friday, September 2. Those persons whose names appear on the chart may pick up their tickets in person, by mail with ticket-holder's personal check or by a third party if tickets are purchased with the ticket-holder's personal check.

Beginning September 6, 1983 all remaining tickets will go on sale on a first come, first serve basis. Reserve tickets may be purchased at the school business office during regular office hours from 8 a.m. to 5 p.m.

The cost of a reserve season ticket for five home games is \$15 each. Any reserve seats remaining after the season starts will be \$3.50 each per game. Student season tickets are \$5 each and student general admission tickets are \$1.50. Adult general admission tickets are \$2.50. Large schedule placards

Events Get Underway Early - Last Late

Get ready for a lot of excitement this weekend when the annual Mule Day Festival gets underway at 6 a.m. on Saturday, August 13.

Jeff Smith, Texas Division Manager of Valley Grain, Inc. and Larry Winkler a local meat processor and restaurant owner are the co-founders of the celebration which will be another benefit for Girlstown, U.S.A.

Lots of activities are planned, beginning with the 6 a.m. breakfast to be served by the 4-H leaders from Bailey County.

At 6:30 a.m., the Hot Air Balloon show will begin, at the Jeff Smith farm 2 miles east of Muleshoe on Highway 70 and one mile south.

A highlight of the day will be the Mule Rodeo, to

be staged in Smith's all-new rodeo arena, two mile east of Muleshoe and immediately off highway 70. Construction is now complete on the structure, which includes the arena, holding pens, and an announcer's booth. Stands are in the process of being erected to hold the fans expected to watch the Mule rodeo.

During the day, the only events which will not be held at Smith's farm are the parade, the 10-K and 2 mile runs and the golf tournaments, with a regulation partnership tournament scheduled at the Muleshoe Country Club and a miniature golf tournament at the Mule Putt, adjacent to the Bailey County Coliseum on West American Blvd.

Tickets for some of the events are on sale. The only events with a fee to watch will be the Mule Rodeo and races and the three meals to be served at the farm that day, along with the dance to wind up the evening.

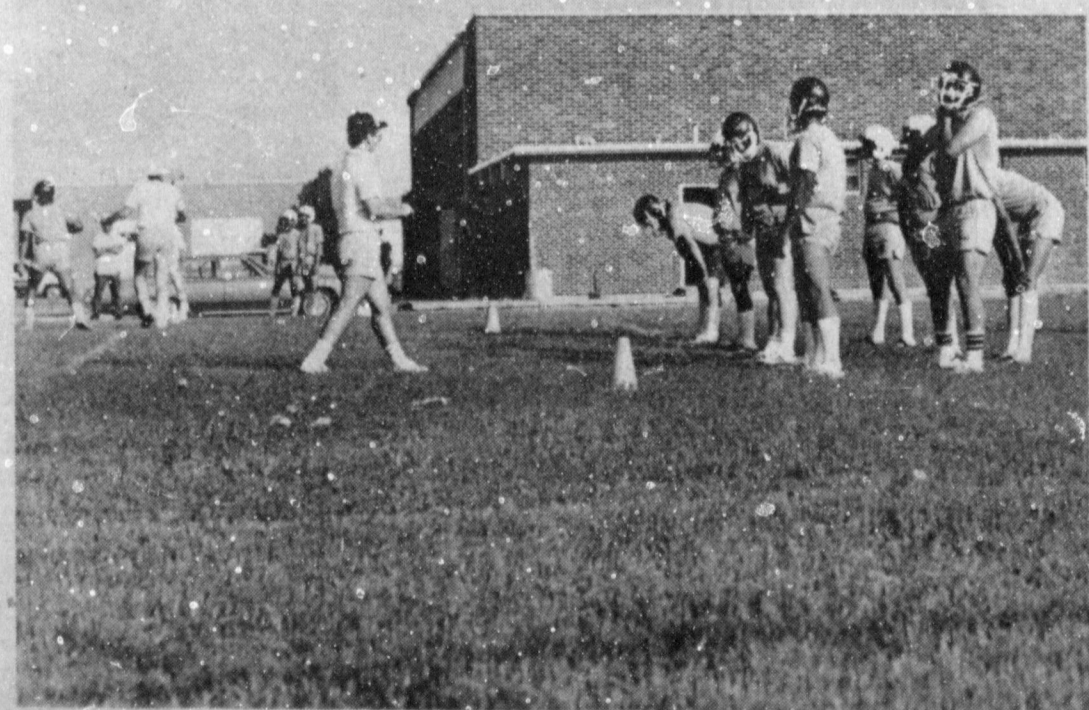

All other events will be free of charge, including the hot air balloons, the turtle races, old fiddler's contest, old settlers reunion, square dance exhibition, western art show and other special events.

Tickets are \$10 each when bought before the events take place. They are available at Reynolds & Young, Inc.; Poyner's White Stores; Valley Grain; Winkler Meat Co.; The Journal; members of the Rotary, Lions or Kiwanis Clubs or from the chairman of the events to be held that day.

Tickets for the party only will be \$10 each when purchased on August 13 -- and the Flatland Bluegrass, a well-known musical group from South Plains College at Levelland, will be providing the music for the dance. By buying your ticket early, you can save \$2.50.

This year, Smith and Winkler hope to raise \$20,000 for Girlstown after successfully raising more than \$3,000 last year with just a fraction of the many events planned as are planned for this year.

PAYING FOR THEIR SUMMER FUN...Many of these Muleshoe High athletes are paying now for their summer of relaxation with lots of sore muscles and bruises developed from the beginning of two-a-day workouts. Coach windy Williams will be a tough task-master and has lots of work cut out for his Mules in preparation for the 1983 football season. The Mules are expected to be strong contenders for the District 2 AAA title this year and play their first game in Portales on September 2.

Rural Appraisal Course Offered

Basic skills needed for appraising rural property will be taught during a weeklong course Aug. 14-20 at Sam Houston State University at Huntsville.

The comprehensive introductory course, "Basic Principles of Rural Appraising," is a cooperative venture between Sam Houston State and Texas A&M University, with participants eligible for continuing education units from Texas A&M explained Dr. James Ahrenholz. A management economist with the Texas Agricultural Extension Service, Texas A&M University System, Ahrenholz is course coordinator.

"The course is designed not only for appraisers, but also for tax assessors, real estate brokers and sales persons, and land developers," noted Dr. Gary Condra, Extension management economist at Lubbock, who is lead instructor.

"It is approved by the Texas Real Estate Commission for educational requirements toward licensing and by the Board of Tax Examiners toward professional accreditation," Condra said. "It also is approved for credit toward the Accredited Rural Appraiser (ARA) designation."

The course includes such topics as appraisal con-

cepts, principles of real estate value, appraisal process, area and neighborhood analysis, site analysis and evaluation, soils and appraising, and market approach. It will also cover cost approach, income approach, correlation of approaches, field procedure, and administration, legal and ethical considerations.

The fee for the course is \$100 and includes all course materials. Registrants will check in at Sam Houston from 5-7 p.m. on Aug. 14. The first class will be held at 7:30 p.m. that day. The course concludes at noon Aug. 20.

Tri State Fair Plans Medicare Day This Year

The 1983 Amarillo Tri State Fair, September 3-10, has something for all ages to see and enjoy: livestock, poultry, rabbits, textiles, foods, free entertainment, an art show, product exhibits, a midway of rides, and first class entertainment in the ciseum each day by top artists. A special day has been set aside for the older citizens of the area. On Thursday, September 8, a medicare card will admit the holder to the fair free of charge until 5:00 p.m. At 1:30 p.m. the same day, a program of free entertainment and door prizes has been arranged for the enjoyment of the senior citizens in attendance. All citizens of the tri-state area who have a medicare card are welcome to attend the fair and entertainment as special guests on Thursday, September 8.

April's Texas Gas Production

AUSTIN, Texas, July 20 -- Railroad Commission Chairman Mack Wallace has announced that Texas oil and gas well produced 439,716,283 Mcf of gas in April, down 14.53 percent from field runs a year earlier. That brings the total gas production for the year to date to 1,822,436,927 Mcf of gas.

Marketed gas production in April totaled 359,407,312 Mcf and reflected a 16.82 percent decrease from the April 1982 volume. Marketed production is the total gas to transmission lines and for carbon black, plant fuel and lease use.

Gas exported from Texas in April totaled 209,510,690 Mcf. Exports of Texas-produced gas in April totaled 168,310,478 Mcf, and reflected a 19.55 percent decrease from the year-earlier month.

Texas gas production in April came from 234,674 oil and gas wells.

In March 1983, Texas wells produced 452,822,019 Mcf of gas. Marketed gas production in March totaled 374,065,184 Mcf. March exports of Texas-produced gas totaled 151,310,472 Mcf.

Low Income Families May Qualify For Child Care

Working parents who meet income eligibility requirements can be subsidized up to 90 percent of the cost of their children's day care through a Department of Human Resources program. The funds for this program are funneled from the State to the Department of Human Resources to the South Plains Community Action where they are dispersed.

The program is planned to help low income families. The children who are recipients of AFDC, SSI assistance, or food stamps, as well as other income eligible children may qualify if the day care allows their parents or caretakers to participate in employment or training. Children of parents who are in school full time to receive a high school diploma are also eligible for day care. Children of parents who are in training up to one year beyond high school or its equivalent are eligible for the day care service.

Eligibility for the day

as A&M University, College Station, Tex., 7/843. Registration is on a first-come, first-served basis.

The course is being offered annually at a college in Texas. Last year it was held on the campuses of Texas A&M and Texas Tech universities.

Course sponsors, in addition to SHSU, TAMU, and the Extension Service, are the Texas Society of Farm and Ranch Managers and Appraisers, Texas Chapter of the American Society of Farm Managers and Rural Appraisers, and the Texas Real Estate Research Center at Texas A&M.

'83 Oil Discoveries

On Increase In Texas

Railroad Commission Chairman Mack Wallace has announced that 60 refineries in Texas processed 127,136,560 barrels of crude oil and hydrocarbon blends during April. Through the first four months of 1983, Texas refineries ran 483,564,756 barrels.

The April volume compares to 125,509,426 barrels in March and 123,850,765 barrels in April 1982.

Texas refineries ran 97,170,204 barrels of crude

Commissioner Announces October Lease Sale

Texas Land Commissioner Garry Mauro announced today the School Land Board will offer over one million acres of public lands for lease at the October 4 semi-annual lease sale.

"This will be the largest offering since October, 1980. We will offer 1,045,957 acres including tracts in uplands, riverbeds, bays and inlets and in the Gulf of Mexico," Mauro announced. Mauro serves as Chairman of the

School Land Board. A total of 1,423 tracts will be listed in the October sale for the production and exploration of oil and gas. An additional 10 tracts totaling 3,800 acres will be offered for the exploration and production of sulphur.

The areas offered in the October lease sale are as follows: Uplands - 48 tracts, 12,181 acres; Riverbeds - 75 tracts, 6,246 acres; Bays and inlets - 616 tracts, 314,156 acres; Gulf of Mexico - 684 tracts, 713,374 acres.

All bonuses and royalties paid on public school lands are placed into the Permanent School Fund. The fund currently totals over \$3.8 billion.

"Money earned from the leasing of our public lands goes directly for the education of the school children of Texas. Last year, this fund provided over \$600 for each public school student in this state. This is money we do not have to raise

Attorney General's Ruling Sets News Precedent

A recent Attorney General opinion issued to the City of Pampa, Texas stated that the Pampa police department must release arrest, radio and jail records to the newspaper and to the public.

Attorney General Jim Mattox's opinion stated that police must release names, ages, addresses, and charges against the people they arrest, with the exclusion of juveniles. They must also release information from their radio logs, including the time and location of calls answered and the nature of the calls. Excepted from disclosure in radio records is the name of a person calling for assistance.

Economy, Unemployment Issues Most Important Facing Texas

The economy ranked as the most important issue facing the United States, while unemployment was named as the most important issue facing Texas, according to a recent poll commissioned by the Texas Foundation for Conservative Studies (TFCS), Dick Collins, President of the TFCS, said today.

The TFCS is a policy research and education organization that seeks to define critical problems facing Texas and develop practical and conservative solutions to these problems.

The TFCS commissioned Arthur J. Finkelstein and Associates to conduct the poll. A sample of 606 adult Texans was interviewed. Accuracy level of the poll is within plus 4% at the 95% confidence level.

Texans interviewed were asked a series of questions, one of which was: in your

opinion, what is the most important issue facing the United States today?

The top ten results were: the economy 29.7%, unemployment 20.5%, nuclear weapons freeze 11.6%, inflation 5.0%, foreign affairs 3.8%, national defense and military 3.0% war and peace 2.5%, taxes 2.5%, nuclear war 1.7%, energy 1.5% and crime 1.5%.

"There were differences by areas. In Houston, the economy was more important than in the rest of the sample. Dallas, Houston, Austin and Beaumont were more concerned with the nuclear weapons freeze than the rest of the state," Collins said.

According to Collins, those Texans who called themselves conservatives showed greater concern for national defense and war and peace than the rest of the sample.

When asked what they felt was the most important issue facing Texas, unemployment ranked as the number one issue with 28.5% of the responses.

The other results were: economy 12.7%, education 6.6%, illegal aliens 5.8%, teachers' salaries 5.0%, inflation 3.5%, oil and gas situation 3.1%, water 2.5%, taxes 2.0% and overpopulation 1.7%.

"Area differences were also evident in the responses. In Dallas, Abilene and Wichita Falls, concern for the education issue was higher than in the rest of the state. Lubbock and Amarillo led the state in concern for the water issue. While El Paso, Midland and Odessa were more concerned with the illegal alien issue than the rest of the state.

"Beaumont and Port Arthur led the state in concern for unemployment, with 71.4% of the people there naming it the number one issue in Texas," Collins said.

This year the TFCS has published studies on state spending and bureaucracy, crime victims' restitution centers, state severance taxes on oil and gas, and the Texas prevailing wage law.

Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres discusses willpower this week, as best he can.

Dear editor:

One argument about why Americans are being out-competed by Japan and some other countries in some areas such as automobiles and high school diplomas, is that Americans have lost their will. They can't keep from eating too much, they can't make themselves take enough exercise, they watch too much television and go fishing on election days.

I don't know how much willpower is left in this country, Congress hasn't funded a committee to measure it, I guess because nobody has thought of it, but if you're short of the commodity there's a way around it.

If you don't have any willpower of your own, you can buy some.

That's right. In big cities now top business executives, actors, models, TV announcers and other over-paid people are hiring individual trainers to come to their homes and make them exercise and eat right. At say about 7 a.m. the trainer shows up, rousts them out of bed if they're still sleeping away and makes them do the calisthenics they don't have the willpower to do on their own. Then, as far as I know, he tells them what to eat for breakfast. Don't know if he shows up at the other two meals to see they don't go for seconds.

I can imagine one business executive saying of another: "Hmmm, I notice he's getting flabby, his business must be on the rocks, can't afford to hire somebody to make him exercise."

As for TV anchor people having to hire somebody else's willpower to keep them looking trim on camera, I'd turn off the set when they come on and pick up a newspaper, if I had more willpower.

Yours faithfully,

J.A. Sandhills Philosopher finds there's a way to function even if you don't have any willpower.

Mike Martin New Coach At Sudan

Mr. and Mrs. Mike Martin, Angela and Matthew have arrived in Sudan from Gruver and will be Assistant coach to Dewayne Sexton.

Martin, 31, is a 1970, graduate of Tulia High School and attended W.T.S.U. and received a B.S. in Health and Physical Education.

Meet Part Of Mule Days

One part of the Mule Day Festival this Saturday, August 13, will be the Old Settler's Reunion, scheduled to be held at Jeff Smith's barn two miles east of Muleshoe on Highway 70 and one mile south.

Myrtle Creamer, chairman of the event, is encouraging all old settlers to attend the reunion, and enjoy the festivities planned during the morning, beginning at 9:30 a.m.

Mrs. Creamer said she is asking for everyone with pioneer clothing, both men and women, to be dressed in long dresses, bonnets, overalls or old clothing, as prizes will be awarded for both the most appropriately dressed woman and man.

Other prizes will be given during the meeting, with two speakers scheduled to speak briefly during the meeting, along with a door prize.

According to the chairman, the old settler's reunion is being held during the morning hours while the temperature is still cool enough to enjoy the meeting.

She said to make your plans to attend the old settler's reunion and any of the other events for the Mule Day Festival possible.

10 YEAR NO SWEAT WARRANTY

If Air Conditioning doesn't have it here it probably doesn't have it.

Gas Air Conditioning Has It!

No other air conditioner has a warranty like a gas air conditioner because no other air conditioner is built like a gas air conditioner.

Gas air conditioning has fewer moving parts and no compressor to wear out or break down. This means less wear and tear and lower maintenance costs.

That's why gas air conditioning is so dependable and why it has a warranty that's *twice* as long as other types of units . . . a full 10 years!

Find out more about the air conditioning that's backed by the best warranty available. Call Energas today for a free cooling survey and cost estimate. There's no obligation.

Remember, all air conditioning was not created equal. And we have the paper to prove it!

Manufacturer's limited warranty covers all defects in materials and workmanship on the sealed refrigeration unit for ten years from the date of installation of the air conditioner when it is installed in a single family residence. All other parts are warranted for one year from date of installation.

Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on August 16 and 20 include outdoor barbecuing, mail order gimmicks, and decorative machine stitching. The show airs at 12:30 p.m. on Tuesday and at 2:00 p.m. Saturday on KENW-TV, Channel 3.

June Norman, Home Economist with the Associated Milk Producers, Inc. in Albuquerque will demonstrate barbecue techniques on the indoor Jenn-air grill for the outdoor flavor. All recipes are designed to be cooked on any type of barbecue grill.

Jackie Martin, Extension Family Finance Specialist with the Cooperative Extension Service in Las Cruces will discuss the techniques of mail order campaigns that entice consumers, and show the quality of some mail order products and the free gifts they offer. She will also discuss some of the laws protecting the mail order shopper and some helpful tips to follow when ordering merchandise through the mail.

Another portion of the show will be on decorative machine stitching, and the guests will be Kaye McCown and Ann Silva. They'll demonstrate using the sewing machine's decorative stitching to resemble hand work, but done in half the time or less. These ladies are with Ann Silva's Bernina Sewing Center in Albuquerque.

On August 18 the show will feature information on cooking for the diabetic diet. The program will have guests Ruth Morris, Extension Home Economist from Lovington, and Sharon Graham, Registered Dietician for the Hobbs Public Schools. The show will air at 12:30 p.m. on Thursday on KENW-TV.

A good diet for the diabetic is individually prescribed or tailor-made for him or her. The individualized diet takes into consideration the type of diabetes, the individual's age, sex, height, weight, activity level, medication and personal food preferences. The diabetic diet offers endless variety and is based on the Exchange System, which will be discussed.

"The Creative Woman" show is produced and hosted by Sheryl Borden. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1 800 432-2361; out of state: 1 800 545-2359 and Portales and Roosevelt County: 562-2112. Viewers are asked to call between 8:00 a.m. and 5:00 p.m. Monday through Friday.

The Texas Extension Homemakers Association (TEHA) received honors for membership recruitment and young homemakers programming in ceremonies held this week at the 47th annual National Extension Homemakers Conference in Laramie, Wyo.

The 1982 TEHA leadership and recruitment committee, headed by Arvilla Neal, Kerrville, was recognized for recruiting more than 500 new members. This is the third consecutive year that the committee has received a top award for its efforts.

The 1982 young homemakers committee also captured a third-place award for programs on child development, budgeting and consumer education aimed at homemakers under 35. Theresa Leatherman, Weatherford, chaired the committee.

The 22,000-member TEHA was represented by a delegation of 35 state officers, committee chairmen and members. Conference participants attended workshops on family and community leadership, home computers and oral history which they will use as a basis for developing Extension Homemaker programs in Texas.

More than 2,000 Extension homemakers from throughout the nation attended the national conference.

Current officers of the Texas Extension Homemakers Association include Elna Richards, Port Arthur, president; Jane Leathers, Vidor, vice-president; Maceel Brown, Amarillo, secretary; Evelyn Bryant, Midland, treasurer; and Billie McCraw, Raymondville, immediate past-president.

A Pan Full of Pizza

We start our fresh every morning by kneading our own Pan Pizza dough. Then we ladle on our tangy sauce, rich in herbs and spices. Next comes the cheese... pizza mozzarella, heaps of it followed by the toppings platter choice. And finally, for good measure, we add another layer of cheese. It all goes into the oven and is served hot and bubbly in the pan straight from the oven to you. Now that's a Pan Pizza the Pizza Hut® restaurant way! Delicious!

Local Law Action Slower This Week

Law enforcement officers had a little quieter week this past week, with not so many offenses and incidents being reported in any of the agencies.

On August 3, Maria Cervunetz was arrested on a charge of alleged disorderly conduct on a warrant. She was later released on a personal recognizance. Also on August 3, Sidney Thomas Sliger III, was arrested on a warrant for an alleged theft of the Shafer Bell Station. He posted a \$50 bond and was released.

Jenne Allan Tollar was arrested on August 3 on charges of alleged assault on a warrant. The alleged assault occurred at the Highland Motel. Tollar posted a \$206 cash bond and was released by City Judge Linda Huckaby.

Lee Murphy was arrested on August 3 on a warrant for alleged theft of Shafer's Bell Station. Murphy entered a plea of not guilty and was released on a \$50 bond.

On July 30, a minor accident was reported to police which occurred at the Civic Center parking lot, when one vehicle hit another which was legally parked. No further disposition has been made on this incident.

Also on July 30, a vehicle driven by Richard R. Kemper had a trailer come unhooked from it, hitting farm equipment parked on the corner of South First and Avenue E. No estimate of damage was given on the property.

Jose Jesus Burciaga and Jose Luis Gardea were involved in a two car collision on July 30. Reports indicated that Gardea apparently hit the Burciaga vehicle at a stop sign in the city and then left the scene of the accident.

On August 2, Estell Ramos was arrested on charges of alleged disorderly conduct, after neighbors filed these charges on her.

On August 3, several witnesses reported the theft of about \$1.00 worth of gas from Shafer's Bell Station, as they saw suspects draining the gas hoses after work time. No names have been released as yet, and the matter is still under investigation.

Ernesto Perez Toscano was arrested on August 2 on charges of alleged DWI in the 300 block of American Boulevard. Toscano was taken to the county jail where he was given a breath test and then booked pending bond. His vehicle was impounded.

On August 1, Scott Lynn Saylor was arrested on a failure to appear on a warrant from Hartley County, Texas. Police in Muleshoe notified the authorities in Hartley county and they advised the amount of the fine. Saylor was transported to a local store, where he cashed a check and the fine of \$225 was sent to the Hartley County Justice of the Peace to clear the warrant.

Prisoners in the Bailey County Jail over the past week included Jesse G. Garcia, charged with an alleged prior DWI. He was fined \$200 plus court costs and 3 days in jail. Also in jail on August 4 was Ruben Gloria on a previous burglary charge and revocation of probation. He was assessed four years in the Texas Department of Corrections. On August 3, Ernesto P. Toscano was arrested on a charge of alleged DWI. He was released after posting a \$500 bond.

Courts...

the following offenses: disorderly conduct, public intoxication, assault, illegal turn, exhibition of acceleration, running red light and no liability insurance.

In Justice Court, Justice of the Peace Jack Bates recorded a total of 32 disposals and 47 new filings for the past week.

Speeding violations once again topped the list with a total of 21 filed during the period from August 2 to August 8. Seven filings were made on over allowed gross weight and seven for failure to stop at stop sign. Four filings were made on no drivers license violations and two on no MVI on trailer and two for failure to change address on drivers license. One filing each was made on the following listed violations: unregistered vehicle, operating motor cycle without helmet or license, no commercial license, permitting a minor to operate a motor vehicle, no liability and failure to yield right of way.

Disposals in Justice Court included nine for being over allowed gross weight, fifteen for speeding, two for public intoxication and two for running a stop sign. One disposal was made on each of the following offenses for the period involved: possession of drug paraphernalia, operating unregistered vehicle, no MVI on trailer and no commercial drivers license.

School Days Set

to Cynthia Noble, Kay Griswold and Sharon Berry. The superintendent reminded trustees of upcoming school events, including inservice for teachers on August 18, first day of school on August 22 and the new budget hearing set for 8 p.m. on August 22.

Progress was reviewed on the budget preparation and board members discussed several areas of concern that need to be addressed in the budget appropriation, such as: computer literacy, fine arts materials (including renovation of ban uniforms and purchase of new uniforms), curriculum revision and school drop-out. There will be one additional budget committee meeting prior to the budget hearing and it is set for Friday, August 19 at 6:30 a.m. in the administration building.

In the informational portion of the Monday board meeting, Superintendent John Fuller reported that a refund check in the amount of \$5,859 had been received from the Texas Association of School Board's Workers' Compensation

Self Insurance Fund for Muleshoe's share of a cost savings refund. A report was also given on curriculum matters, with it being pointed out by Fuller that the mathematics program was still being evaluated. A formal presentation will be made at the September meeting by Assistant Superintendent Elizabeth Watson.

Fuller also informed the Board of a new "Fifth Saturday - Visit Your Superintendent Program" which will be a new and voluntary program where the superintendent's office will be open from 9 a.m. until 2 p.m. every fifth Saturday of the month during the year for the purpose of allowing members of the community to visit directly with the superintendent.

Tom Jimks gave reports of bank balances in each school fund and reviewed expenditures in each function of the school budget. Board members were reminded of a meeting of the South Plains School Board Association on August 25 in Lubbock, and urged to attend.

A theft was reported on August 7 to local sheriff's officers by Nancy Bemham. She told officers that a bike, a drill, an ice chest and other miscellaneous items were missing from home in the Baileyboro vicinity.

On August 7, Raul Trevino was arrested by DPS officer Lacey Kirk on charges of alleged DWI. He remains in the Bailey County Jail at the time of this report, in lieu of bond.

On August 7, Freddie Elizard Rincon was arrested on a charge of alleged DWI. He was later released on a \$500 bond.

Tomas Blanco Martinez was arrested on August 8 on a charge of alleged DWI (Felony). He was released later on a \$500 bond.

Billy Donaldson is the son of Bob and Maxine Donaldson and has spent virtually all of his life in Muleshoe. A graduate of Muleshoe High School, he became employed in Pay and Save Grocery prior to graduation and has been associated with the store since that time.

Currently the assistant manager of the store, Billy adds his youth and enthusiasm to the popular Muleshoe grocery located at the corner of West American and Sixth Streets.

Billy and his wife, Terree, are the parents of one son, Brant, one year old. Terree is employed in the office of Dr. Jerry Redwine.

Billy adds his appreciation to that always voiced by his father, Bob, for their customers who are consistent in shopping at Pay and Save in Muleshoe.

"Our customers make our store what it is today," says Billy, "and because of our customers, we are always able to offer them the best in merchandise -- and in service."

Assistant Manager Billy Donaldson has watched and helped the store grow and enlarge, and he, along with the entire staff of Pay and Save, have pledged continued top service to all their customers, both old and new, who shop with them day after day and week after week.

SBA - Bargain For American Taxpayers

More than 60,000 of area small business persons have received help from the U.S. Small Business Administration's Lubbock office since the office was opened in 1959.

This summary of SBA assistance came as the Agency noted its 30th anniversary. SBA, a small, independent Executive Branch agency, came into existence when President Eisenhower signed the Small Business Act on July 30, 1953.

Throughout the last 30 years Congress has assigned new and wider responsibilities to the Agency, Philip O'Jibway, director of SBA's Lubbock office, said today.

He said that "in carrying out its basic mission of assisting, counseling and championing the causes of

the nation's 13 million small businesses, SBA offers financial and management assistance, helps small firms win federal procurement contracts, manages special programs to help small firms owned by minorities, women, veterans and the handicapped, and -- perhaps most importantly -- acts as an advocate of small business in and out of government."

O'Jibway said that since the Lubbock office opened, 6,947 of area small firms have received loans to help get started or expand. "Those loans," O'Jibway said, "were worth \$604,213,975."

"In addition, in excess of 40,000 persons either interested in going into business and those already in business took part in management assistance semi-

nars, workshops and other training sessions sponsored by SBA.

"Hundreds of additional men and women have been counseled, free of charge, by the area chapters of SCORE -- the Service Corps of Retired Executives -- and ACE -- the Active Corps of Executives. Also helping small business owners have been business administration students at Texas Tech University, Abilene Christian Univer-

sity, Hardin-Simmons University, West Texas State University, and the University of Texas of the Permian Basin, part of the 450 university and college network of Small Business Institutes sponsored by SBA."

O'Jibway said these statistics "reflect the important and major role which SBA has played, and is playing, in this area." He also said that "firms and individuals assisted by SBA have created many, many jobs in this area. Taxes generated by SBA-assisted companies have far exceeded the overall taxpayer costs of running SBA."

"Residents of this area have a real bargain in SBA."

On a national level, SBA in its 30 years has directed about 461,000 business loans to small firms in every state, the District of Columbia, Puerto Rico and Guam. These loans have been worth about \$35.7 billion.

The Agency also has made about 905,000 loans to businesses and individuals adversely affected by natural disasters. The disaster loans have been worth about \$12.2 billion.

In the Lubbock district alone, in excess of 12,000 disaster loans worth \$650 million have been made to eligible disaster victims, according to O'Jibway.

Statistics show that in the last five years, 1.5 million men and women attended SBA-sponsored management training sessions around the country.

"On a national level as well as the local level," O'Jibway said, "SBA has been an important factor in keeping the nation's small businesses viable, growing and a continuing important part of the national economy. When the Agency was started in 1953, there were 4.2 million small businesses in the country; today there are 13 million. "Other statistics show that a record number of Americans are starting their own businesses.

Agricultural 'Man Of Year' From Bula

A Bailey County farmer, Bennie Claunch of Bula, will be among seven Tex-Hooten Named Area Director Of TADA

Robert Hooten of Muleshoe Motor Co., Inc. in Muleshoe has been reappointed to the key post of Area Director of the Texas Automobile Dealers Association.

Gene N. Fondren, Executive Vice-President in Austin, said Hooten will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Muleshoe area.

"Hooten will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Fondren.

"The job of Area Director is one of the most important in our statewide association," said TADA President Bob Hayes, Dallas, "and we are confident Hooten will serve with distinction."

TADA represents the franchised new car and truck dealers in Texas.

ans who was honored as "1983 Man of the Year in Texas Agriculture" Tuesday, August 9. These seven individuals who have contributed greatly to agriculture and related industries were chosen by the Texas County Agricultural Agents Association.

Other persons who have been selected for this honor are: William A. Porter of Terrell; Bob Trawick of Dublin; James A. Theek of Brenham; Lucas Reyes of Corpus Christi; State Rep. Larry Don Shaw of Big Spring; Charlie Rankin of Edinburg.

Bennie Claunch, along with his father and brothers, owns and operates a cotton gin in the Bula community and farms about 10,000 acres of cotton and grain sorghum. Claunch

was a leader in a 1982 fact-finding tour of the South Plains when severe hailstorms hit the South Plains area. He has also been instrumental in the beef cattle project for 4-H work in Bailey County and has served as a member of the Bailey County Livestock Committee, as well as the building committee for the recently constructed Bailey County Civic Center. He currently serves as an officer for Plains Cotton Growers and is on advisory committees for various other ag related projects.

Mule Days Topic At Rotary

The Muleshoe Rotary Club met at noon on Tuesday in the Civic Center. Dr. Barry Cowart was in charge of the program and presented Jeff Smith who gave a rundown on the expenses involved with the upcoming Mules Day Festival. Smith explained the details of items which would be available for purchase and told Rotarians of the cost involved in the construction of the arena, as well as various other activities planned for that day.

Smith estimated that total expenses for the festival would run in the neighborhood of \$10 to \$12 thousand dollars and made mention of the fact that all proceeds would go to Girlstown, U.S.A. at Whiteface, Texas. Smith also told the members that any donations or participation in the activities of the day would be greatly appreciated by the Festival Committee.

Guests at Rotary included two visiting Rotarians: Ronald Byrd and Pat Riley. Other guests were Ronnie Dent, Robert Hatrelson, Caroline and A.J. Liles and Ali Cage.

Salt air, the beating of heavy waves, and rains... these are just a few of the elements that a ship must face constantly. With all of these things, it is little wonder that the crew must be alert, looking for rust and other damage. New paint to protect the ship must be applied regularly.

An individual faces many things in this world, that would rust and corrupt his life, therefore it is good to begin each week with a renewing of spirit, that can be obtained only through worship in the Lord's house.

Dewayne Sexton Joins Sudan Coaching Staff

Mr. and Mrs. Dewayne Sexton, Kelly and Katy have moved to Sudan and are now residing at 404 Furneau street where Mr. and Mrs. Randy Humphreys formerly lived.

Dewayne has accepted the post as Boys Head Coach and he was here earlier in the spring to get acquainted with the school system and the students. He was born in Henrietta, Texas and has one

brother, Ronnie, who is employed by Elk City Daily News and a half brother who lives in Peryton. His parents are Wayne Sexton of Peryton and Mrs. Wilma Sexton of Henrietta. Dewayne graduated from Henrietta High School in 1970 and attended W.T.S.U. for four years on a football scholarship and started three years at Center. He also started on the school's First Missouri Valley Co-Championship team in 1972.

He was head football and track coach at Lazbuddie from Aug. 1974 through Feb. 1980. The football team had three winning seasons (6-4, 6-3, 7-3) and one zone title. He coached five All-State players there. His track team won two district titles and one regular runner-up. The track team he left on March 1, went on to win a 3rd District title and also won the Regional title. March 1, 1980, Sexton went to Lockney to assume duties of Athletic Director, Head Football Coach. He went to Levelland to work for College Coach, Gene Mayfield on April 1, 1982.

Karen's parents are Mr. and Mrs. Dee McDade in Amarillo and has one brother Galy McDade employed by Southwestern Public Service in Amarillo. She graduated from Vega High School and attended W.T.S.U. The couple have two daughters, Kelly Denay who is 4 1/2 years old and Katy Leigh who is 1 1/2 years old. Sexton states, "We really like Sudan and we both like the smaller towns and really have been treated well by the people here. We plan on staying here as long as we can. We hope to have a great deal of success."

"We want our children to attend Sudan Schools. We've really been impressed by the quality of instruction and the professionalism of the teachers and administration in the short time we've been here. The facilities, both academic and athletic are second to none, another indication of how much the town cares about quality education."

He further states, "I plan on running a first class athletic program. I stress fundamentals and effort. I also stress attitude and "doing the right things" to always have the parents and community proud of our athletic teams behavior and play on the field or court."
