**AROUND THE COUNTY**

ARTHUR BARLEMANN, JR. COUNTY AGENT

During the last half of November and in December, some 60,000 ranchers and farmers in Texas will receive a crop or live stock questionnaire from the Texas Crop and Livestock Reporting Service. A number of these will come to Sterling County operators since the selection of those to receive the questionnaire is done on a random basis. Producers in the 254 counties in Texas are selected on size of operation in sample proportional to the size of operation. Small producers represent samples of all small producers and large operators represent the state's larger operations.

All who receive the questionnaire are urged to fill it out and return it since accurate estimates are of great importance. The individual reports are confidential. These reports are the basis of the county statistics which are available to those who desire them. Those of interest in Sterling County are the reports on livestock primarily. If anyone is interested in one of these reports, request them from the Texas Crop and Livestock Reporting Service, P. O. Box 70, Austin, Texas 78767.

What is the dollar value of leather in a pair of shoes? Why the current jump in shoe prices? "Despite a widespread belief, the rise in price is not due mainly to an increase in cattle hide prices," says Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

The price of cattle hides is only one of the major factors in determining shoe prices, he explains. A typical fresh hide weighs about 75 pounds and yields about 75 pounds of cured hide, or leather. The cost of the cured hide, including brokerage and freight, this past June, accounted for only about 61 percent of the cost of shoe leather.

The typical price of a pair of shoes now is \$32.16. The dollar value of leather in this hypothetical pair of shoes was only \$4.38. One reason for the high price is retailer mark up. A strong demand for leather, the discontinuance of U.S. production of two major synthetic substitutes, and a sharp drop in hide exports from Argentina caused domestic cattle hide prices to more than double from August, 1971 to June, 1972. This is a historic high in hide prices. Hide production in the U.S. is still equal to that of 1967 but the population continues to increase. This coupled with the increased export of hides means that prices will continue to go up.

This increase in hide prices would cause the price of the hypothetical pair of shoes to increase about 75 cents. It's going to cost more to get "shod."

Sterling County residents have again been invited to enter the Tom Green County Pecan Show in San Angelo, November 30-December 1. There are divisions for both the nuts and foods with pecans as usual. Pecans must be in the office of Rex Jones, Tom Green county agent, by noon Wednesday, November 29. One and one-half pounds of pecans make an entry. The show will be held in the lobby of the Tom Green Coun-

## New Telephone Man on Job Here

Kenneth Dwaine Baker is the new combinationman for General Telephone Company of the Southwest in Sterling City, it was announced by J. B. Goss, San Angelo division manager. He succeeds Cliff Stephens, who resigned to go into business for himself.

Baker began his career with General Telephone as a groundman in Brownwood, Texas in October, 1968. He was promoted to lineman in December, 1968. In August, 1969 he was promoted to station installer in San Angelo. Since that time he advanced to installer repairman and combinationman in Junction. He transferred to Robstown as a PABX repairman in March, 1972, where he served until his transfer to Sterling City.

A graduate of Brownwood High School, Baker served in the United States Navy from August, 1965, until August, 1968.

Baker is married to the former Laura Littlefield and they have one son, Kenny Dwaine, age 2.

## CARD OF THANKS

My deep appreciation to each of you for your visits, calls, cards, gifts and good wishes while I was being "double vulcanized" in the hospital. And thanks for your patience with me as my steps now grow a little longer each day!

Sincerely,  
Worth B. Durham

## WHAT IS ALCOHOL?

Alcohol is the major chemical ingredient in wines, beers, and distilled beverages. It is a natural substance formed by the reaction of fermenting sugar with yeast spores. Although there are many alcohols, the kind in alcoholic beverages is known scientifically as "ethyl alcohol," a colorless inflammable liquid which has an intoxicating effect.

By strict definition alcohol is classified as a food, because it contains calories. However, it has no nutritional value. Alcohol is also classified as a drug, because it dramatically affects the central nervous system.

Different alcoholic beverages are produced by using different sources of sugar for the fermentation process. Beer, for instance, is made from malted (germinated) barley, wine from grapes or berries, whiskey from malted grains, and rum from molasses.

Hard liquors result from the further concentration, through a process called distillation, of the alcohol produced by fermentation. Thus, whiskey, scotch, gin, vodka, and other liquors are referred to as "distilled beverages."

Most American beers contain 4 per cent alcohol. Dinner wines like Beaujolais or Chablis, are 10 to 12 percent alcohol. Dessert wines such as sherris are fortified with more alcohol to bring the level up to between 17 and 20 percent. Distilled beverages range from 40 per cent (80 proof) to 50 per cent (100 proof) alcohol.

Any two drinks which contain the same amount of alcohol will have a similar effect on the drinker. Thus a 12 ounce can of beer, an average 4 ounce glass of wine, or the usual highball or cocktail with an ounce of 100 proof liquor, all contain approximately 1/2 ounce of alcohol, and if drunk slowly, will have an equal effect on the brain and body.

## Nearly \$7 Million in Oil - Gas Production

Sale of Sterling County oil and gas production accounted for \$6,814,608 of the county's economic output for 1971, according to a study by Texas Mid-Continent Oil & Gas Association.

In producing 1,718,825 barrels of crude oil and 5 billion cu. feet of natural gas, the county ranked 120 in Texas. Value of its crude oil was \$6,050,264; natural gas value was \$764,344.

The county is among 190 Texas counties with oil and gas production value topping \$100,000, although 211 counties produce oil and gas.

Sterling County oil and gas wells made a significant contribution to Texas' share of the nation's energy needs last year, but growing demand is sapping reserves in Texas faster than they can be replaced, Robert A. Buschman, Association president said. As fewer new fields are discovered, due to less drilling, the continuing strong economy and tax base of many Texas counties may now depend on updating Texas oil conservation laws to encourage wider use of new recovery technology, he said.

The Association study showed that Sterling County farmers, ranchers, and other royalty owners received \$851,826 as their share of production. The county's wells generated \$278,312 in crude oil production taxes for state government and \$57,326 in state taxes on natural gas. Oil and gas producers spent \$1,547,010 in drilling 11 wells in the county last year, \$1,220,842 of which was lost in drilling 7 dry holes.

Texas Employment Commission figures showed 16 oil and gas industry employees in the county last year, with an annual payroll of \$54,856.

## Eagles Lose Final To Borden County

### Midland Community Theatre Sets Comedy

"Room Service" Opens on December 1 in Midland

"Room Service", one of the zaniest comedies ever written opens December 1st and replaces THE FRONT PAGE as Midland Community Theatre's final production of 1972.

Originally ROOM SERVICE played on Broadway in 1937-38 to standing room only audiences for nearly 500 performances, and despite its birthdate, is still one of the funniest theatrical pieces in existence today.

Twice it was made into film, once with the Marx Brothers in 1938, then with Frank Sinatra in a musical version during the mid-forties. In 1953 it had a revival on Broadway with Jack Lemmon, and most recently it had a successful off-Broadway revival in 1970.

ROOM SERVICE was and is a favorite of community theatres throughout the country. MCT first produced it in 1952 and is bringing it back because of the play's intrinsic ability to make audiences fall out of their seats with laughter.

The story centers around Gordon Miller, a Broadway producer who has a HIT play he wants to produce. He is renting an entire floor in the White Way Hotel for his acting troupe of twenty-two people and is feeding them thru "room service." Too bad Gordon Miller doesn't have a cent.

The dialogue is fresh, witty and goes at break-neck speed. The N. Y. World Telegram's critic said of it—Comedy arising out of ludicrous situations and laughs coming so fast logic is forgotten and forgiveness a layman's holiday.

ROOM SERVICE is the last production at MCT for 1972 membership cards. New cards for 1973 may be used also. The box office opens on November 27 and mail orders will be accepted immediately.

ROOM SERVICE, an outrageous, hilarious spoof on theatre, hotel management, and playwriting, will be on stage at Midland Community Theatre from December 1st through 16 at \$2.50 and \$3.00 or by membership card. It is a riotously funny play that the whole family will enjoy.

## Local Homemaking Girls Place in Contest

Make It Yourself With Wool

Mrs. Edna Barton's homemaking girls entered The Make It Yourself with Wool Sewing Contest last Saturday at Angelo State University. Four girls out of five placed in the judging.

Judy Copeland placed third in the junior division with her blazer and pants.

Lisa Horwood placed 12th in the junior division with her layered top, and long plaid skirt.

Sherri Blaneck placed 13th in the junior division with her blazer and pants. Jeanie Wells also modeled a skirt and vest in the junior division.

### Score Was 34 to 30

The Sterling City Eagles dropped their last and most important game of the year to the Borden County Coyotes last Friday night in Gail. The score was 34 to 30 but the locals outplayed the Gail team and almost walked off with a win.

On penetrations the two teams were even, 5 to 5. On first downs, the Eagles had 21 to 12 for Borden County. The Eagles gained 392 yards in the game to many less for the Coyotes—no tally was available on their yardage.

In the last minutes of the game it seemed that the locals were going for the winning touchdown, but a plague of penalties by the officials stopped the drive short.

Jesse Lujan carried the ball 19 time for 93 yards or an average of 4.9 yards. He made one PAT. Ken Peel carried the ball 10 times for 51 yards or an average of 5.1 yards. Tommy Bynum carried the ball for 16 time for 51 yards, or an average of 3.2 yards. He made one TD and 2 PAT's. Russell Davis carried two times for 6 yards.

Ray Sparks attempted 8 pass catches, caught 5 for 99 yards or an average of 18.8 yards; and he made 2 TD's. Tommy Bynum caught 3 out of 4 passes for 30 yards or an average of 10 yards. Skeete Foster caught two of 4 passes for 31 yards, or an average of 15.5 yards, making 1 TD. Lujan caught 2 out of 2 passes for 31 yards.

Ray Sparks kicked off five times for 234 yards or an average of 46 yards. Chris Gartman punted two times for 73 yards or an average of 36.5 yards.

Coach Danny Slaughter's Eagles had a very successful season, losing only to Dawson and Gail. They finished second in the district.

### U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the writing test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border

### Oil Production Significant Here

Petroleum production continues to play a significant role in the economy of Sterling County with a direct input of \$7,377,608 last year.

According to the latest compilation of Texas Mid-Continent Oil and Gas Assn., the county in 1970 produced 1,999,879 barrels of crude oil valued at \$6,599,601 and 5,328,816 thousand cubic feet of natural gas valued at \$788,007. It ranked 112th in value of petroleum produced.

In addition, the county received the stimulation of \$922,201 in royalty payments to landowners and others with mineral interests.

"Sterling was one of 187 Texas counties that had petroleum production valued at more than \$125,000", says Kenneth E. Montague, Texas Mid-Continent president.

Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells, the smallest number since 1946.

Texas state government benefited from the county's petroleum, receiving \$303,582 in production taxes on crude oil and \$58,351 on natural gas.

Drilling expenditures in the county totaled \$3,871,213 with \$2,338,214 being lost on dry holes. Drillers completed 10 oil wells, 1 gas well and 17 dry holes. Eight wildcats were drilled with seven of them dry.

Texas oil and gas dollars paid for 22.7% of State cost of public education; 52.1% of State cost of teacher retirement.

**LIONS CLUB**

Bingo Night December 2

The club is sponsoring a  
bingo game night at the com-  
munity center here on Dec.  
4. Bingo will be played for  
prizes donated by local mer-  
chants and club members. A  
pie and coffee supper will be  
served to all who come. A  
drawing for the over-under  
rifle-shot gun will be held in  
the course of the evening.  
Everybody in town is in-  
vited to come out.

**TURN IN A 'PUSHER'**

If you know or hear of any  
one who is pushing heroin or  
hard drugs and want to re-  
port it to the federal govern-  
ment—it's easy to do now.

Just dial 112-800-368-5363  
and you will get the Depart-  
ment of Justice in Washington  
and things will start.

This is a toll free number  
and someone is on duty at all  
times there. Callers need not  
identify themselves, and rights  
of all callers will be protected.  
Help by turning in a pusher  
and help this program.

**HELP WANTED**

**REWARD NOTICE**

A reward of \$500.00 will be  
paid by the Texas Sheep and  
Goat Raisers Association to  
any person (other than law  
enforcement officers) giving  
information causing the ar-  
rest and final conviction of  
any person or persons found  
butchering or stealing any  
sheep or lambs or goats be-  
longing to any Association  
member in good standing.  
When two or more persons  
give information, the above  
sum will be divided at the  
discretion of the Board of  
the Association. When two or  
more defendants are involved  
in a single crime, the total  
reward is limited to \$500.00,  
but the conviction of one de-  
fendant, even though the other  
defendants are acquitted, will  
entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**GOOD SAMARITANS TAKE THE BITTERNESS OUT OF 'HOME SWEET HOME'**

To this youngster growing up in a makeshift tent city, there's supreme irony in the romantic notion: "Be it ever so humble, there's no place like home." Americans who contribute every year to Catholic Relief Services Thanksgiving Clothing Campaign take a more realistic view of the poverty that plagues millions in underdeveloped countries. Taken to the nearest Catholic church in November, your gifts of clothing and blankets will lend a touch of sweetness to bleak and bitter lives.

**NOTICE—**The Volunteer Ser-

the time you've played the  
field, you're too old to make a  
pitch."

**LIONS CRIPPLED  
 CHILDREN'S CAMP**  
 Members of Lions Clubs  
 throughout Texas this month  
 are pausing to pay recogni-  
 tion to their camp for cripple-  
 d children which has given  
 over 12 thousand handicapped  
 youngsters a new dimension  
 since it was opened in 1953.  
 The camp, located at Kerr-  
 ville in the Hill Country of  
 Central Texas, is free to  
 crippled, blind, deaf or mute  
 children from the ages of  
 seven through sixteen. The  
 17 permanent buildings and  
 other improvements dotting  
 the 504-hill-side acres repre-  
 sent an investment of more  
 than \$700,000.  
 At the camp, these young-  
 sters who have been denied  
 a normal childhood through  
 no fault of their own learn  
 to shed their shyness imposed  
 by their handicaps. By mutual  
 association with other handi-  
 capped children and by skill-  
 ful and gentle counseling,  
 these youngsters have found  
 the freedom to grow, mentally  
 and spiritually, into useful  
 citizens of tomorrow.  
 While the Lions are paying  
 tribute to their camp, we  
 would like to pay tribute to  
 the Lions and their friends  
 who have supported this great  
 venture of the heart. We know  
 a man never stands so straight  
 as when he stoops to help a  
 crippled child.

**ON THE MOON WITH APOLLO 17**

Almost nine years after the  
 Apollo space program began to  
 unearth the mysteries of the  
 moon, the words of Apollo  
 astronaut Neil Armstrong  
 were heard from the surface  
 of that distant satellite.  
 Now, as Apollo 17 makes  
 headlines, these same words  
 re-echo throughout the world:  
 "That's one small step for  
 man, one giant leap for man-  
 kind."  
 Millions of people "partic-  
 ipate" in some of the greatest  
 scientific discoveries of our  
 age. The speed and compre-  
 hensive reporting provided by  
 modern communications con-  
 tinue to give people every-  
 where "instant" knowledge  
 about the experiences of our  
 astronauts on the moon.  
 This knowledge is expand-  
 ed and made even more vivid  
 by a lunar map and guide on  
 the Apollo 17 mission pre-  
 pared by the makers of Tang in  
 cooperation with the National  
 Aeronautics and Space Ad-  
 ministration and Dr. Gene  
 Simmons, former Chief Sci-  
 entist at NASA and now pro-  
 fessor of Geophysics at Mas-  
 sachusetts Institute of Tech-  
 nology. Ideal as an aid and  
 stimulus to learning, it was  
 designed with these four pur-  
 poses in mind:  
 To provide a summary of  
 the entire Apollo program,  
 offering highlights of America's  
 effort to reach the moon.  
 To show the type of terrain  
 the astronauts of Apollo 17  
 explore while on the moon's  
 surface.  
 To present a summary of  
 what scientists have learned  
 about the moon  
 and show samples of lunar  
 materials as seen through a  
 microscope.  
 And to briefly describe the  
 activities of the astronauts  
 on the moon as they conduct  
 various scientific experiments.

Copies of this 35-inch by 22-inch map and guide -- featuring full color illustrations, including a rendering of the Taurus-Littrow region of the moon -- are available by sending 35 cents and an inner seal from any flavor of Tang for each copy to: Apollo 17 Lunar Map, P.O. Box 2003, Kankakee, Illinois 60901. Remember to include your name, address and zip code.
