Behind the 8-Ball

By the editor.

Cold weather has set in for the coming winter. And it has arrived ahead of time, according to my calendar. When it gets down to ten degrees 15 days ahead of winter, that is too quick. Guess we'll have a hard winter, specially compared to the last one.

8-BALL

This cold weather reminds me of an old newspaper joke. An weekly newspaper editor up in Canada got out his regular issue one week and left the forms on the press as was his usual. Then a terrible norther blew in. On Monday he sat around in the bar that was close by his plant and kinda kept warm. On Tuesday the norther had not abated—and he sat around the stove in his shop trying to keep warm. On Wednesday, he just didn't feel like working and wham, it was press day. He was caught. He put his thinking cap on and went over to the press and took out a very small paragraph of news off the front page of last week. Then he set up a paragraph of blackface type and put it in that little space. It said—Due to popular demand, we are repeating last week's issue of the paper—for this week.

He solved that problem. An old friend of mine from Saskatoon, Canada, told me this one. He used to live in Big Spring. He was taking out citizenship papers for this country when uranium was discovered on his old family homestead in Saskatchewan. Something looks wrong on that last spelling. Anyway he went back to Canada, and has returned back for one visit.

8-BALL

One time in the early 30's I went to see Sir Harry Lauder, the Scotsman who put on a one man show—all dressed in his kilts and with his old crooked walking stick, his thick Scotch brogue, and his illimitable style of singing and joke telling. You knew you had seen and heard a real artist and top-notch entertainer. I started out in the cheap seats in the balcony, but the crowd was so thin, that I and others gradually worked our way down to the main floor where the higher price seats were. The crowds did not show up.

A few weeks later (in the same San Angelo City Hall Auditorium) the Harley Sadler show troupe put on a performance. I went to it and it was FULL to overflowing. The prices were about the same for the two shows. It just goes to show you that some people prefer Harley Sadler to a world famous comedian like Lauder.

People's tastes differ.

8-BALL

When I was in high school at San Angelo High School, we had assembly every Monday and Friday mornings at about ten o'clock. On Monday we would have an uplifting or class type of a program. When the bells rang—we would dutifully all get up and go on to our next class. On Friday, we had an entertainment type of program—like the San Angelo Lions Club Cowboy Band, or some good humorist or the like. So, when the bell rang then, we went to town on clapping and stomping our feet in unison trying to hold the program on into the next class. And it worked. We usually got an encore or two, and got to miss some of the next class. Even the principal would hate to cut off an encore by a popular entertainer or group.

When the bell rang at the Monday uplifting program (usually a preacher) we started shuffling our books and stuff and got ready to move on out. Golly, kids are just

Attend State PTA Convention

Mrs. Milford Wiley and Mrs. Troy Templin have returned from the Texas PTA state convention in Ft. Worth where they represented the Sterling City PTA at the annual three-day meeting of the 672,585 member association. Mrs. Jean Harris, PTA state president from Agua Dulce, presided at the November 15-17 meetings.

Approximately 3,000 delegates from PTA's across Texas attended the 63rd annual convention. Speakers included Texas governor-elect Dolph Briscoe from Uvalde; National PTA president Mrs. Elizabeth Mallory, Endicott, New York; and Dr. William Beeners, Director of Speech, Princeton Theological Seminary.

Highlighting the convention was election of top officers of the association who will serve a two year term. A legislation action program for 1972-73 was adopted by the delegates.

Defensive Driver Ed Course to be Offered

A special course qualifying drivers for a 10% reduction in car insurance for principal driver of an auto will be offered here in January.

There will be 8 classroom hours; the cost will be \$10 per participant and the person taking the course must have a valid drivers license.

There must be a minimum of 25 to make such a class, said Bobby Dodds.

The suggested dates for the class is January 17 and 24. There would be four hours a night from 6 to 10 p.m.

If you are interested contact James Thompson or Bobby Dodds at the school 378-3531 before Friday, December 15, 1972.

A golden opportunity in law enforcement awaits qualified young men. Get in touch with your Texas Department of Public Safety office or patrolman.

New Service Man at WTU

Willard Littlefield is the new service man at the local West Texas Utilities Company here, arriving for the job last week. He has worked for the WTU in San Angelo the past eighteen months, according to Albert McGinnes, local manager.

Littlefield replaces J.V. McKinney, who was transferred to Ozona by the company.

Willard and his wife, Margie have three children, Trina, age 5, Marsha, age 3 and Lee, age 2. They are Baptists.

Littlefields phone number is 378-4981 and he has moved in the Jack Durham house on the highway across from the roadside park.

Nearly \$7 Million in Oil -- Gas Production

Sale of Sterling County oil and gas production accounted for \$6,814,608 of the county's economic output for 1971, according to a study by Texas Mid-Continent Oil & Gas Association.

In producing 1,718,825 barrels of crude oil and 5 billion cu. feet of natural gas, the county ranked 120 in Texas. Value of its crude oil was \$6,050,264; natural gas value was \$764,344.

The county is among 190 Texas counties with oil and gas production value topping \$100,000, although 211 coun-

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center. Four guests were present, being Mrs. Dan Glass, Mrs. Wanda Foster, Mrs. Jerrie Wylie and Sam McGinnes.

Mrs. Foster and Mrs. Wylie, coaches of the junior high and high school girls' basketball teams, told of the teams activities.

The club will put up the towns Christmas decorations Friday (today) afternoon. The West Texas Utilities pickup—with ladder, will help with the work.

The prize went to Roland Lowe.

WALTER W. HENSLEY DIES

Walter W. Hensley, 65, was buried in rites at Kingsland, Texas last Saturday. He had died in a Temple hospital on Thursday afternoon.

Mr. Hensley was a brother-in-law of Mrs. Roland Lowe of Sterling City.

An office supervisor for Marathon Oil Co. in Irran, he retired in February, 1971 after 45 years with the company. Active in civic affairs in Iran for many years, he served on the Pecos County Hospital Board for 20 years, and was deputy district governor for the Lions Club. He had lived in Sunrise Beach for the past year.

Services were in Sunrise Beach Federated Church with burial in Lake Hills Memorial Park Cemetery. Harper-Alasek Funeral Home of Temple was in charge of arrangements.

Survivors include his wife, Florine; a son, Malcolm Hensley of Odessa; a daughter, Mrs. Bert Pope of Singapore; his mother, Mrs. Serena Hensley of Claremore, Okla.; a brother, Thomas Hensley of Claremore and four grandchildren.

The Lowes attended funeral services.

Lions Bingo Game Held Saturday

About 85 persons were out and played bingo at the Lions club annual bingo game held Saturday night at the community center here. Prizes had been donated by local merchants.

In a drawing for the over-under rifle shotgun, winner was Mercer Slaughter of San Angelo.

The club netted a little over \$400 on the two projects.

ties produce oil and gas.

Sterling County oil and gas wells made a significant contribution to Texas' share of the nation's energy needs last year, but growing demand is sapping reserves in Texas faster than they can be replaced, Robert A. Buschman, Association president said. As fewer new fields are discovered, due to less drilling, the continuing strong economy and tax base of many Texas counties may now depend on updating Texas oil conservation laws to encourage wider use of new recovery technology, he said.

The Association study showed that Sterling County farmers, ranchers, and other royalty owners received \$851,826 as their share of production.

The county's wells generated \$278,312 in crude oil production taxes for state government and \$57,326 in state taxes on natural gas. Oil and gas producers spent \$1,547,010 in drilling 11 wells in the county last year, \$1,220,842 of which was lost in drilling 7 dry holes.

Texas Employment Commission figures showed 16 oil and gas industry employees in the county last year, with an annual payroll of \$54,856.

Mrs. H. H. Wilson Buried Here Sunday

Mrs. H. H. Wilson, nee Allie Lyles, daughter of the late Mr. and Mrs. H. Q. Lyles, passed away last Friday in the Hendrick Memorial Hospital in Abilene. Graveside rites were held at 2 pm. Sunday at the Montvale Cemetery here. The Rev. Andy Daniels, Baptist pastor, officiated.

Mrs. Wilson was born Feb. 26, 1899. She was married to Mr. Wilson Oct. 13, 1943. She was a member of the Baptist Church.

Survivors include her husband, one son, Gene Springer of Austin; two daughters, Mrs. Lucile Poindexter and Mrs. Peggy Shelton, both of Las Vegas, Nev.; one brother, H. Q. Lyles of Ft. Stockton; two sisters, Mrs. G. C. Potts of Big Spring and Mrs. Lester Foster of Sterling City.

Pallbearers were nephews and one grandson. Elliott Funeral Home of Abilene and Ross Funeral Home of Sterling City were in charge of arrangements.

Students See Puppet Show Monday

Students and teachers of the fourth, fifth and sixth grades here all saw the Heinken Puppets perform at the San Angelo auditorium Monday afternoon. The school bus was driven by school principal Bobby Dodds, and teachers accompanying the students included Mrs. Arthur Barleman, Jr., Mrs. Jack Douthit and Mrs. Lynn Rich and music teacher, Mrs. Mildred Mitchell.

Mrs. Riley King's Brother Dies in Oklahoma

Joel Johnson, brother of Mrs. Riley King, and a resident of Boswell, Oklahoma, died at his home on November 25 of an apparent heart attack. Mrs. Riley King and Mrs. Walter King of Blackwell attended the funeral services.

Every minute of every day, your electric clock indicates with visible proof, the precision and dependability of electric service.

It's dependable, because electricity operates the clock faithfully — 24 hours a day. It's precise, because our electric system operates in time with a master clock at the U.S. Naval Observatory, keeping your clock in step, down to the second.

Your clock operates a whole year on about 43 cents worth of electricity...one of the bargains you get with your electric service.

Today, the average residential customer uses nearly twice as much electricity as he did in 1962. But the average cost of a kilowatt hour is 15% less now than it was ten years ago.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

Social Security Tips

"Processing time can be cut in half if people are prepared when the time comes to apply for social security benefits," says J. M. Talbot, social security manager.

Being prepared is not as difficult as many people believe. Remember to take along your social security card or the card of the person on whose record you are filing. For a widow, this would be the social security card of her late husband. This may sound hard to believe, but many people do come in to file their application and leave their number at home.

The third thing that is needed in all claims is evidence of the worker's last year's earnings and an estimate of this year's earnings. Your W-2 Form or tax return for last year will give the information for last year. Be sure to bring these with you.

The next most important document to take with you is your birth certificate, if available. Proof of age is needed to qualify for nearly all social security benefits. If your birth was recorded when you were born or if you were baptized before age five, you will need one of these documents. If you don't have a copy, make arrangements now to get one, Mr. Talbot advises.

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a 'Request for Change in Social Security Record' form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

GOOD SAMARITANS TAKE THE BITTERNESS OUT OF 'HOME SWEET HOME'

To this youngster growing up in a makeshift tent city, there's supreme irony in the romantic notion: "Be it ever so humble, there's no place like home." Americans who contribute every year to Catholic Relief Services Thanksgiving Clothing Campaign take a more realistic view of the poverty that plagues millions in underdeveloped countries. Taken to the nearest Catholic church in November, your gifts of clothing and blankets will lend a touch of sweetness to bleak and bitter lives.

NOTICE—The Volunteer Service League meets every second Monday at 7 p.m. at the Sterling County Hospital and Nursing Home. Please arrange to be present.

ON THE MOON WITH APOLLO 17

Almost nine years after the Apollo space program began to unearth the mysteries of the moon, the words of Apollo astronaut Neil Armstrong were heard from the surface of that distant satellite.

Now, as Apollo 17 makes headlines, these same words re-echo throughout the world: "That's one small step for man, one giant leap for mankind."

Millions of people "participate" in some of the greatest scientific discoveries of our age. The speed and comprehensive reporting provided by modern communications continue to give people everywhere "instant" knowledge about the experiences of our astronauts on the moon.

This knowledge is expanded and made even more vivid by a lunar map and guide on the Apollo 17 mission prepared by the makers of Tang in cooperation with the National

Aeronautics and Space Administration and Dr. Gene Simmons, former Chief Scientist at NASA and now professor of Geophysics at Massachusetts Institute of Technology. Ideal as an aid and stimulus to learning, it was designed with these four purposes in mind:

To provide a summary of the entire Apollo program, offering highlights of America's effort to reach the moon.

To show the type of terrain the astronauts of Apollo 17 explore while on the moon's surface.

To present a summary of what scientists have learned about the moon

and show samples of lunar materials as seen through a microscope.

And to briefly describe the activities of the astronauts on the surface of the moon as they conduct various scientific experiments.

Copies of this 35-inch by 22-inch map and guide - featuring full color illustrations, including a rendering of the Taurus-Littrow region of the moon - are available by sending 35 cents and an inner seal from any flavor of Tang for each copy to: Apollo 17 Lunar Map, P.O. Box 2003, Kankakee, Illinois 60901. Remember to include your name, address and zip code.

YOUR LITTLE BROTHER?

No one is ever too young to join the brotherhood of man.

That's why Americans of all ages are being asked to help this youngster from the Indian Ocean Republic of Malagasy, one of over 70 countries aided through the Catholic Relief Services Thanksgiving Clothing Campaign. Taken to the nearest Catholic church in November, your surplus clothing will help millions who live in tatters not only to protect themselves against the elements but to enjoy a dignity otherwise hopelessly beyond their reach.

For no matter what his age, you are your brother's keeper.
