AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Several Sterling County 4-H Club members managed to get in the ribbon-winning category at the Houston Livestock Show last week.

In the judging in the Junior Charolais Heifer Show Wednesday morning, Charles Blaneck's two year old heifer placed fourth. His year old heifer failed to place in the top eight in a class of forty. Both heifers were bred by Mr. and Mrs. Fred Gray of San Angelo.

Patti Bynum showed the eleventh place lightweight finewool lamb. Breeder of the lamb was Dayton Barrett. The lamb sold for 75c per pound in the auction Thursday afternoon.

In the crossbred lamb class, Melinda Terry's heavyweight lamb placed thirty-third. It was bred by her father, I. W. Terry. It brought 56c a pound in the sale.

Others showing lambs were Amy, Becky and Wesley Hodges, Larry, Lenard and Lisa Horwood.

Three steers were entered by 4-H Club members but none placed. Showing steers were Larry, Lenard and Lisa Horwood.

In the Junior Rambouillet Breeding Sheep Show, Amy Hodges showed the champion and reserve champion rams and the reserve champion ewe. The champion was a ram lamb while the reserve ram and reserve ewe were both yearlings.

Single class placings were as follows: Ram lamb class, Amy first and third places; Becky second and fourth places; Yearling rams, Amy first and eighth, Becky third and sixth places; Ewe lambs, Becky fourth and seventh, Amy sixth and eighth; Yearling ewes, Amy second and eighth, Becky fifth and seventh. Amy showed the first place exhibitor's flock while Becky had the third place group in the class.

The Hodges also won first place in the Herdsman's division of the Junior Breeding Sheep Show. This is based on cooperation with the show, appearance of the exhibitors, appearance and arrangement of the animals and the display of them, and keeping the area neat and clean. This netted a trophy and twenty-five dollars which has been donated to the 4-H Club fund.

I would like to express my appreciation to the Hodges for their help in transporting the lambs, Stan and Elizabeth Horwood for hauling the steers and heifers and their assistance, to Fred Igo for his help in getting the lambs home from Houston, and to Joyce Hodges and Juanita Igo for their "mobile cafeteria" at lunch time. Astrodome hamburgers are rather dear—just \$1.85—and the mobile cafeteria was much better food at less money. Thanks, ladies.

Blood testing for recertification under the brucellosis eradication program was completed last week. This has to be done every three years and usually falls in the middle of the stock show as it did this year. R.T. Foster, Jr. agreed to handle the contact part of the job last week while we were in Houston and he did a good job. It was necessary to test six herds this year. Herds tested are owned by S. K. Horwood, Billy Ralph

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include:

Mrs. Mattie Meyers
Raul Rodriguez
Jim Duke
Clark Kilpatrick
Dismissals since Thursday morning of last week were—
Mrs. Jim Butler
Bill Taylor
Mrs. Mike Foster
Mrs. Ken Rushing and infant daughter
Leon Bailey
Adella Estrada
George Jones

Patients in the Sterling County Nursing Home on Thursday morning of this week were:

Mrs. Jim Duke
Mrs. Cliff Carpenter
Mrs. Lucy Norman
Mrs. Lilly Revell
B. O. Bailey
Mud Allen
Larkin Longshore
Mrs. Allie Foster
Earnest Turner
Mrs. J. E. Bynum
Mrs. Larkin Longshore
W. J. Williams
Mrs. John Lane
Mrs. Robbie Grace
Noble Read
Julius Olson
Mrs. Noble Read
J. B. Ratliff
Mrs. Minnie Pinson
J. B. Sites
Mrs. Henrietta Long
Roy Morgan

NOTICE. BALL PLAYERS

All softball players, Senior and Little Leaguers are asked to meet at the ball park on Saturday, March 10, at 10:00 a.m. and at 1:00 p.m.

Bynum, Flavy Davis, R. T. Foster, Jr., Dayton Barrett, and Tom and Bill Humble. Their cooperation is appreciated in getting this job done this year. Jim Thomas of the Texas Animal Health Commission did the bleeding, and he told me in San Angelo this week that he did appreciate the cooperation of everyone up here in getting the job done smoothly and with no problems. Thanks, fellows.

The San Angelo Stock show this week ends the spring show circuit. Sixteen 4-H Club members have thirty-three lambs, four steers and sixteen Junior Rambouillets entered. In addition, two club members have Rambouillets entered in the Open or Adult Show.

Club members with entries are: Charles Blaneck, lambs; Patti Bynum, lambs and one steer; Loren Cantrell, lambs; Scott Davis, lambs; Amy Hodges, lambs, Junior and Adult Rambouillets; Becky Hodges, lambs and Junior Rambouillets and Wesley Hodges, lambs and Adult Rambouillets; Larry Horwood, lambs and two steers; Lenard Horwood, lambs and Lisa Horwood, lambs and one steer; Melanie McEntire, lambs; Eddie Probandt, lambs; Victor Probandt, lambs; Delmer Radde, lambs; Melinda Terry, lambs; and Freddie Thompson, lambs.

Five boys will be participating in the calf scramble at Friday afternoon's rodeo performance. Those entered are Charles Blaneck, Scott Davis, Larry Horwood, Fred Thompson and Terry Viktorin.

SCHOOL TEACHERS REELECTED HERE

The Sterling School Board or Trustees here in meeting Monday night reelected all the school faculty. In action in February, the board had reelected superintendent James Thompson and principal Bobby Dodds.

The renamed teachers are as follows:

Kinedrgarten — Mrs. Alice Schovajsa
1st Grade—Mrs. Leora Barrett.
2nd Grade — Mrs. Martha Dodds
3rd Grade—Mrs. Olivia Asbill
4th Grade—Mrs. Hallie Barlemann, Jr.
5th Grade—Mrs. Jack Douthit
6th Grade—Mrs. Mary Louise Rich

Junior High— Mrs. Wanda Foster and Mrs. Jo Dell Myrick

HIGH SCHOOL

Mrs. Edna Barton — Vocational home economics
Mrs. Adele Fleming — English
Fred Igo—Vocational agriculture
James Salvato — Jr. High and high school math and science
Danny Slaughter — science and coach
Milford Wiley—social science and coach
Mrs. Jerrie Wiley—business.

Texas Lions Clubs SUMMER CAMP FOR DIABETIC CHILDREN

Applications for summer camping fun for diabetic children in Sterling County are now being sought by members of the Sterling City Lions Club.

The Texas Lions League, which has operated a crippled children's camp at Kerrville for 20 years, has expanded its Texas Lions Camp for Diabetic Children and is offering three camping sessions at two different locations for its 1973 program.

A two-week session at Camp Mansion near Friendswood for diabetic children from six through sixteen, from June 4 through June 15, limited to 150 campers.

A three-week camp, from June 18 through July 6, also at Camp Mansion, for diabetic children who have had previous diabetic camping experience. This session will operate in conjunction with the regular camping session at Camp Mansion and is limited to 50 campers.

A two-week session, from July 29 through August 11, at Texas Lions Camp for Crippled Children, Kerrville, Texas for 75 diabetic children from ten through sixteen years of age. This session will operate in conjunction with the regular session for handicapped children.

All three sessions are free for eligible campers.

For more detailed information about the various Lions Camp programs, you are urged to contact Lion James Thompson of the Sterling City Lions Club at 378-4781 or 378-4101 or Mrs. Margaret Blaneck.

Juan Rodriguez Buried Here Wednesday

Juan R. Rodriguez, 66, died at his home here at 10:00 p.m. Monday, March 5. Services were held at the Mexican Baptist Mission at 3 p.m. Wednesday and burial followed here in the City Cemetery. Ross Funeral Home was in charge of arrangements.

Survivors include a brother, Moises, of Sterling City.

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center with 28 present. Vice-president Ross Foster acted in the absence of president James Thompson. Jim Newby from San Angelo was a guest.

Jack Peel, speaking for the Little League, said some more managers for the teams were needed. If you will manage a team, get in touch with Peel. The prize went to Lion Jeff Davis.

An invitation from the Midland Downtown Lions Club observing their 45th Anniversary, was read. The meeting will be held at the Midland Country Club on March 23 at 7:30 and it will be ladies night, featuring a speaker—a director of Lions International from South Africa. The admission will be \$5 a plate.

ELECTED PRESIDENT OF ASU SORORITY

Helen Coronado, daughter of Mr. and Mrs. Andrew Coronado, has been elected president of the Alpha Upsilon Sorority for the 1973 school year at Angelo State University.

Miss Coronado has been very active in the social service sorority, and was presented the Best Pledge Award in ceremonies held at the Houston Harte University Center on February 17.

SON TO THE VICTOR HAARS

A son, named Dennis Wayne, was born March 2 to Mr. and Mrs. Victor Haar in the San Angelo Shannon hospital. The baby weighed seven pounds and four ounces.

Grandparents are Mr. and Mrs. Edie Haar of Carlsbad and Mr. and Mrs. Tommie Augustine of Water Valley.

Great grandparents include Mrs. Will Augustine and Mr. and Mrs. Tom Humble.

Alumni Group Sets Date for Meeting

The meeting of the Sterling Alumni Association has been scheduled for Saturday, June 16, 1973.

A dinner meeting of the association will be followed by a dance.

Mrs. Bill Watts, president of the association, announced that a display of photographs through the years is being planned. Alumni are requested to gather photos of classes and activities for display at the meeting.

FOR SALE—The Ligon home with 4 lots, 3 bedrooms, good well, good location 5 pecan trees. \$4,000. See Mrs. Bob Burns or Tommy Humble.

FOR SALE—two bedroom house. E. D. Welch

School and City Elections in April

Spring Holidays for School Begin Today

The Sterling City School is scheduled to have spring holidays March 9, 12, and 13 for both students and teachers. Then on Wednesday, March 14 there will be a teacher In-Service Day, that the teachers will work but students are still on spring holiday.

The next holidays will be the Easter holidays which fall on April 19, 20 and 23 which is Thursday, Friday and then Monday.

The weather has cooperated enough here this winter that no days have to be made up—that is so far.

Thursday, May 24, is the last day of student's school, and report cards will be issued at 2 p.m. on Friday, May 25.

Marx Family Visits the Larry Glasses

The Rev. and Mrs. David Marx, and their two children, Charlotte and David Charles, visited the Larry Glasses here last week.

David, former minister of the First Presbyterian Church here, is going to the First Presbyterian Church in Sanderson as pastor. He served for several years after leaving here, as a chaplain in the U.S. Navy. He is still in the Naval Reserve.

S. B. WALLACE DEAD

Samuel Boyd Wallace, 92, died Wednesday in a San Angelo Nursing Home. Wallace taught school here and at Robert Lee for 28 years, and he was superintendent of the Sterling school in 1908.

David Foster Now with the Wells-Fargo Agency

David Foster, son of Mr. and Mrs. Reynolds Foster, is now with the Wells-Fargo Agency. David was recently with the Army Security Service at Fort Bragg, N. C., and upon his discharge took a job with the Wells-Fargo Agency. He was first sent to Pennsylvania for training and is now in California.

LEGAL NOTICE

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 8 P.M. on March 28, 1973 at the County Courthouse at Sterling City for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for Sterling County.

As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Sterling County. All interested persons are urged to attend and comment upon the proposed regulations.

NOTICE — No more day work. BOB BURNS

CARD OF THANKS

We would like to take this opportunity to thank our many friends and relatives who made our grief easier to bear and to those who did so much for my dad before his death.

May God bless each and everyone of you.
The family of Robert Foster

City Election Here April 3rd

There will be an election in Sterling City on Tuesday, April 3. The election is for the purpose of electing four city councilmen.

Three members terms are up this year, being Neal J. Reed, Ross Foster, Skipper Lively—and Roland Lowe's place is to be filled. Lowe resigned recently and he was appointed county judge.

The election will be held in the city hall on April 3, 1973

Five Have Filed for Place on Ballot

Five men filed for places on the ballot by the deadline. The three whose terms are up, Reed, Foster and Lively, and two new filers, being Dan Glass and Don Griffin.

School Board Election April 7

There will be an election to name three members of the school board here on April 7. The election will be held in the courthouse as usual.

The three members whose terms are expiring are Larry Glass, Bill Humble and Stan Horwood.

The three whose terms are expiring have filed for places on the ballot, as well as two others. They are Jack Peel and Troy Templin, both employees of the State Highway Engineers group here.

Other members of the board are I.W. Terry, Charlie Davis, Reynolds Foster and C. J. Copeland.

Sterling County Soil Survey Completed

The soil survey mapping of Sterling County has been completed, according to Hugh Lackey, District Conservationist of Sterling City SCS Field Office. Every ranch and farm in the county has been mapped. Pertinent soils information obtained by on-the-ground analysis of physical soil characteristics and aerial photograph interpretations, Lackey said.

The soil survey is a part of the technical assistance furnished by the Soil Conservation Service. Landowners cooperating with North Concho River Soil and Water Conservation District use the maps in preparing conservation farm and ranch plans. The basic information on the soil survey is interpreted to show the capabilities of the soil to row crops, grass, forbs, trees or shrubs.

Characteristics shown for each soil include surface and subsoil texture and structure, thickness of the soil, kind of under lying material, slope of the surface, significant losses by erosion, stoniness and evidences of poor or imperfect drainage or flooding.

The main uses of soil surveys can be grouped under conservation planning land inventory, land classification and capabilities, engineering uses of soils, research and general education on natural resources.

A Soil Survey Report and Handbook for Sterling County is now being compiled and written by Ervin Blum, who has been making the survey, Lackey pointed out.

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

ACCORDING TO TEUTONIC MYTHOLOGY, PARNER WAS THE SON OF A DWARF KING!

TURN IN A 'PUSHER'

If you know or hear of any one who is pushing heroin or hard drugs and want to report it to the federal government—it's easy to do now.

Just dial 112-800-368-5363 and you will get the Department of Justice in Washington and things will start.

This is a toll free number and someone is on duty at all times there. Callers need not identify themselves, and rights of all callers will be protected.

Help by turning in a pusher and help this program.

Instant income.—NEEDED, man or woman to restock new and amazing coin dispensers with brandname merchandise.

If you have the drive and determination to become successful, then write us today. Earnings can exceed \$900.00 per month.

To qualify you must have a good car, be able to devote no less than 8 SPARETIME hours a week, and have the necessary capital of \$1550.00 to \$3450.00.

For information write: STRATEGIC FRANCHISES 500 South Ervay—Suite 629 A Dallas, Texas 75201.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

ADOPTION OR ABORTION!

Adoption or abortion? Is there a choice? Unmarried mothers do have a choice—Today The Smithlawn Maternity Home of Lubbock extends a compassionate hand to the young lady who wants to take advantage of their confidential maternity care and know that her baby will be adopted into a solid Christian home.

The Smithlawn Maternity Home has cared for more than 600 unwed mothers and the adoption of their babies in the past decade.

CANDY SUPPLY ROUTE

Unusual opportunity for man or woman to restock new type coin dispensers with high quality packaged food products. Handling brand names only. No selling. Dependable person can net VERY HIGH EARNINGS. Part or full time. Requires \$1150 to \$3250 cash secured by inventory and equipment. Write for personal interview, giving phone number to: STRATEGIC FRANCHISES 500 South Ervay—Suite 629 A, Dallas, Texas 75201.

Notice—The Volunteer Service League meets every second Monday at 7 p.m. at the Sterling County Hospital and Nursing Home. Please arrange to be present.

Nearly \$7 Million in Oil -- Gas Production

Sale of Sterling County oil and gas production accounted for \$6,814,608 of the county's economic output for 1971, according to a study by Texas Mid-Continent Oil & Gas Association.

In producing 1,718,825 barrels of crude oil and 5 billion cu. feet of natural gas, the county ranked 120 in Texas. Value of its crude oil was \$6,050,264; natural gas value was \$764,344.

The county is among 190 Texas counties with oil and gas production value topping \$100,000, although 211 counties produce oil and gas.

Sterling County oil and gas wells made a significant contribution to Texas' share of the nation's energy needs last year, but growing demand is sapping reserves in Texas faster than they can be replaced, Robert A. Buschman, Association president said. As fewer new fields are discovered, due to less drilling, the continuing strong economy and tax base of many Texas counties may now depend on updating Texas oil conservation laws to encourage wider use of new recovery technology, he said.

The Association study showed that Sterling County farmers, ranchers, and other royalty owners received \$851,826 as their share of production.

The county's wells generated \$278,312 in crude oil production taxes for state government and \$57,326 in state taxes on natural gas. Oil and gas producers spent \$1,547,010 in drilling 11 wells in the county last year, \$1,220,842 of which was lost in drilling 7 dry holes.

Texas Employment Commission figures showed 16 oil and gas industry employees in the county last year, with an annual payroll of \$54,856.

BUSINESS OPPORTUNITY MAN OR WOMAN

Unusual opportunity for man or woman to restock new type coin dispensers with high quality packaged food products. Handling brand names only. No selling. Dependable person can net VERY HIGH EARNINGS. Part or full time. Requires \$1150 to \$3250 cash secured by inventory and equipment. Write for personal interview, giving phone number to Inter-State Dist. Co., 455 East 4th South, Suite 206, Salt Lake City, Utah 84111.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

THE LANGUAGE OF FOREIGN MARKETS

Called "dinero" in Spanish, "argent" in French, and "gelt" in German, money is luring increasing numbers of American executives to visit distant lands in search of business.

Progressive companies are realizing that the demand for the bilingual executive is growing. They have, therefore, begun adopting language training programs for their personnel.

Previously, training of employees was done in classroom groups. But most companies have found that the busy businessman couldn't be tied down to a 10:30 class twice a week—and preferred an individualized approach to learning.

Employees of Control Data Corporation had an even more troublesome "time" problem. Twenty-five employees of this computer company were being sent to Germany to set up a system for Volkswagen. They wanted to learn German but couldn't be pinned down to a schedule, since they were needed whenever computer time was available.

The Sullivan Language Schools, a nationwide network of centers with headquarters in Palo Alto, Calif., solved their problem by setting up an individualized "school" on their premises. The unique Sullivan method was developed under a Carnegie Foundation Grant by the noted linguist Dr. M. W.

Sullivan. It uses programmed texts and coordinated cassette tapes and the student can work whenever he wants to and at his own pace. With this set up, the Control Data personnel fit their lessons in between projects, when computer time is not available.

The Sullivan Language Schools have also helped Sears, Roebuck and Co. fashion buyers to learn French and the Latin American Section of A. B. Dick Co. to learn Spanish. The ambitious Japanese of Mitsui Corp. who already speak English are moving on to French, German and Spanish.

Even if their employees are not assigned to overseas duty, some large firms are offering language lessons as a fringe benefit. Companies with plants in Spanish-American districts sponsor courses in Spanish so that their people can better relate to the community.

All in all, the executive who says, "I don't need a second language—there's always someone who speaks English" may become obsolete.

A GIFT OF LIFE Your contribution to the American Cancer Society in memory of your loved one will help support a program dedicated to the conquest of cancer. Your memorial gift will not only do honor to the dead. It could help provide a gift of life.

Memorial gift funds may be sent to your local American Cancer Society office.

Social Security Tips

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

"Processing time can be cut in half if people are prepared when the time comes to apply for social security benefits," says J. M. Talbot, social security manager.

Being prepared is not as difficult as many people believe. Remember to take along your social security card or the card of the person on whose record you are filing. For a widow, this would be the social security card of her late husband. This may sound hard to believe, but many people do come in to file their application and leave their number at home.

The third thing that is needed in all claims is evidence of the worker's last year's earnings and an estimate of this year's earnings. Your W-2 Form or tax return for last year will give the information for last year. Be sure to bring these with you.

The next most important document to take with you is your birth certificate, if available. Proof of age is needed to qualify for nearly all social security benefits. If your birth was recorded when you were born or if you were baptized before age five, you will need one of these documents. If you don't have a copy, make arrangements now to get one, Mr. Talbot advises.

If your birth was not recorded and you were not baptized before age five, there are other documents you can use. In most cases, the earlier the record was made the better it is for helping to establish your date of birth.

In case of fire, phone 8-4771

HOMEWORKERS WANTED IN THIS AREA: men, women, students. No experience necessary; stuffing & addressing envelopes (Commission Mailers). Earn sparetime money at home \$100.00 weekly possible. REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. **TEXAS SHEEP & GOAT RAISERS ASSOCIATION**

Oil Production Significant Here

Petroleum production continues to play a significant role in the economy of Sterling County with a direct input of \$7,377,608 last year.

According to the latest compilation of Texas Mid-Continent Oil and Gas Assn., the county in 1970 produced 1,999,879 barrels of crude oil valued at \$6,599,601 and 5,328,816 thousand cubic feet of natural gas valued at \$788,007. It ranked 112th in value of petroleum produced.

In addition, the county received the stimulation of \$922,201 in royalty payments to landowners and others with mineral interests.

"Sterling was one of 187 Texas counties that had petroleum production valued at more than \$125,000", says Kenneth E. Montague, Texas Mid-Continent president.

Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells, the smallest number since 1946.

Texas state government benefited from the county's petroleum, receiving \$303,582 in production taxes on crude oil and \$58,351 on natural gas.

Drilling expenditures in the county totaled \$3,871,213 with \$2,338,214 being lost on dry holes. Drillers completed 10 oil wells, 1 gas well and 17 dry holes. Eight wildcats were drilled with seven of them dry.

Texas oil and gas dollars paid for 22.7% of State cost of public education; 52.1% of State cost of teacher retirement.

Oil Production Significant Here (Continued)

Drilling expenditures in the county totaled \$3,871,213 with \$2,338,214 being lost on dry holes. Drillers completed 10 oil wells, 1 gas well and 17 dry holes. Eight wildcats were drilled with seven of them dry.

Texas oil and gas dollars paid for 22.7% of State cost of public education; 52.1% of State cost of teacher retirement.

'Wanted by the FBI' CLERICAL EMPLOYEES

Attention: High School Graduates, Business, Junior and Senior College Students

The Dallas Office of the FBI, through its Special Agent in Charge, Mr. J. Gordon Shanlin, has announced it is again in urgent need of clerical employees to fill the positions of Cler and Typist at Bureau headquarters in Washington, D.C. These positions present an excellent opportunity for young people, male or female, who are at least 16 years of age, United States citizens, and have at least a high school education, provided they can pass a rigid investigation of loyalty, reputation, and character, and are in good physical condition. No previous experience is required. Future vacancies are also anticipated in the Fingerprint Clerk and Stenographer positions.

The entrance salary for a Clerk is \$4,897 (GS-2) per year with a raise in thirty to ninety days to \$5,524 (GS-3) per year, if their work is satisfactory. A twenty word spelling test must be passed to qualify for the Clerk position.

As openings occur, applicants for the Clerk position who are interested, are considered for the Fingerprint Clerk position which starts at \$5,524 (GS-3) per year. Successful candidates are considered for promotion to \$6,202 (GS-4) per year after six months; to \$6,938 (GS-5) per year after one year; and to \$7,727 (GS-6) per year after two years experience in fingerprint work.

A Typist starts at \$5,524 (GS-3) per year. Applicants for the the Typist position must pass a ten minute typing test of 45 words per minute and a twenty word spelling test.

A Stenographer starts at \$6,202 (GS-4) per year. To qualify for the Stenographer position applicants must pass a three minute dictation test at the rate of eighty words per minute; pass a ten minute typing test at the rate of forty

HELP WANTED

HOMEMAKERS . . . Earn extra spending money without leaving home. Occasional telephone interviewing. Experience not necessary. No selling. Must have private telephone. Send letter including name, phone number, education, any work experience, and names of references to: American Research Bureau, Field Operations, 4320 Ammendale Road, Beltsville, Maryland 20705.

five words per minute; pass a twenty word spelling test; and a twenty word vocabulary test. Qualified Stenographers must be willing to accept a Typist position until vacancies for the Stenographer position exist.

The FBI is only interested in above average young men and women. Many FBI clerical employees continue their college education on a part time basis in the Washington, D.C. area while working at these full time clerical jobs. Young men who obtain a four year college degree from an accredited college and who have been employed in a clerical capacity with the FBI for two years and meet the other requirements are considered for the Special Agent position at a starting salary of \$11,517 (GS-10) per year.

The FBI provides counseling services to its new employees to assist them with housing, transportation, and other needs. If close friends or young married couples apply at the same time and are found acceptable, every effort is made to afford them appointments at the same time.

The FBI does not come under Civil Service in that the FBI has its own application form, tests, investigates, and hires its own employees rather than draw them from a Civil Service list or register.

An application and detailed information can be obtained by calling or writing; the Special Agent in Charge, FBI, 200 Mercantile Continental Building, Dallas, Texas, 75201, telephone Area Code 214-741-1851, or by contacting the nearest FBI Office whose telephone number will be listed in the front of your telephone directory.

Completed applications should be sent to the above address as soon as possible as processing of such applications can be instituted as much as six months prior to an individual's availability. Upon receipt of a completed application, the interested applicant will be contacted promptly and arrangements made for personal interview and appropriate tests at a time and place convenient to the applicant.

Vacancies for the position of Clerk, Typist and Stenographer occasionally exist in our Dallas Office for which interested and qualified applicants may be considered.

The many benefits of working for the FBI such as annual leave, sick leave, health and life insurance, and retirement benefits should be thoroughly considered when choosing a career.

OUR GREAT LIQUID ASSET - WATER!

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLECT CAN LEAD TO SERIOUS PROBLEMS.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED . . . PEOPLE SHOULD COME FIRST!
