AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The first sample of worms submitted to the Mission laboratory this year has been identified as non screwworms. Jim Davis sent in the sample from the place a mile and a half west of town. It was taken from a sheep that had been bitten by a dog.

All livestock producers are urged to be especially vigilant in the weeks ahead. Shearing season is here, conditions for a possible outbreak of screwworms are good. One missed case now could lead to many more later this season.

Mailing tubes and vials are available in the county agent's office as well as the feed store. The Mission laboratory would rather be deluged with nonscrewworm samples than no samples so send in any suspected samples whenever you find them.

Sterling County has been certified as a modified-certified area for another three years under the brucellosis eradication program. The certificate, designating that status until March 1975, was recently received. Blood testing of six herds was done in March by personnel of the Texas Animal Health Commission. Additional animals had been blood tested under the market cattle testing program and only six herds were needed to achieve sufficient numbers to qualify for certification for another three years.

Ranchers with one or more employees are included in the Occupational Safety and Health Act of 1970. An employer must provide his employees working conditions free from recognized hazards that may cause death or serious physical injury.

Another provision of the act is that farmers and ranchers must maintain records of injuries, deaths and exposure to toxic materials. The act does not apply to members of the rancher or farmer's family who work for him.

Single copies of the standards and recordkeeping requirements may be obtained free of charge from the Office of Information, Occupational Safety and Health Administration, U.S. Department of Labor, Washington, D.C. 202-10. Some who are affected by the act have secured copies of this information but there may be others who need this information.

Texas wool production was down three percent during 1972. Wool production in the U.S. was also down three percent last year. According to the Texas Crop and Livestock Reporting Service, the 1972 production totaled 29.4 million pounds while the 1971 production totaled 30.4 million pounds in the state.

A total of 4,145,000 sheep shorn in Texas averaged 7.1 pounds in 1972 compared to 7.3 pounds in 1971. The national average was 8.41 pounds in 1971 and 1972 both.

The average price in Texas in 1972 was 42 cents compared to 16 cents in 1971. The national average was 33 cents in 1972 compared to 19.4 cents in 1971.

Phone in news of your visits or visitors to the News Record. 378-3251.

Brownfield-Barton Wedding Saturday

Mr. and Mrs. Donald L. Brownfield announce the marriage of their daughter, Loretta Gail, to Bobby Dean Barton on April 14, 1973. He is a son of Mr. and Mrs. H.E. Barton of Sterling City.

The bride attended Buena Vista High School of Imperial and moved to San Angelo on November 1, 1972 from Coyoanosa, Texas.

The bridegroom graduated from Sterling City High School in 1971 and attended A.S. one year.

The wedding was held in the home of the bridegroom's parents here in Sterling City. Maid of honor was Mrs. James Barton and James Barton was best man. The Rev. Harold Orr, Methodist pastor here, performed the ceremony.

Out-of-town guests included Mr. and Mrs. Donald L. Brownfield of Coyoanosa, Mr. and Mrs. Curt Schwiening Jr. and daughter, Allison of Sonora, Mr. and Mrs. James Barton and son, Steve, of San Angelo James Bachus, Mrs. Billie Barton and daughter, Janie, of San Angelo.

The couple are making their home in Sterling City.

PTA Sponsoring a Leadership and Parliamentary Course Here April 26

On April 26 the Sterling City PTA is sponsoring a Parliamentary Course and a Leadership Procedure Course at the community center. Mrs. Meryl Coffman of Big Spring will teach the courses.

Courses will begin at 6:00 p.m. and last until completion. They will both be given on the same night.

Everyone is invited to attend.

Billy Jack Rodgers Rites Here Thursday

Billy Jack Rodgers, 49, was found dead in his bed at his home here Tuesday morning. He apparently died of a heart attack.

Services were held at 2 p.m. Thursday in the First Baptist Church and burial followed in the Garden of Memories Cemetery in Snyder. Ross Funeral Home was in charge of the arrangements.

He was born Feb. 24, 1924, and had recently retired from the U.S. Navy. He lived in the old O.M. Cole house here and he was a brother of Mrs. Charlie Drennan.

Survivors include his wife; two sons, Ronnie Rodgers and Brad Rodgers, both of California; his parents, Mr. and Mrs. J.H. Rodgers of Snyder, two sisters, Mrs. Margie Gladson of Snyder and Mrs. Charlie Drennan of Sterling City; three brothers, Henry Rodgers of Snyder, Chester Rodgers of Taft, and Jimmy Rodgers of Oak Harbor, Washington, and one grandchild.

Fire Prevention Poster Winners

The Sterling Volunteer Fire Department sponsored a fire prevention poster contest in the school last week and the winners have been announced as follows:

INTERMEDIATE—
Gary Maricle—1st
Russell Jones—2nd
June Humble—rd

PRIMARY—
Craig Foster—1st
Richard Ramirez—2nd
Sherry Drennan—3rd

JR. AND SR. HIGH—
1st—Pat Blum.

Then, at the Hill Country Firemen's Association convention last weekend in Rowena Gary Maricle's poster placed 3rd in district competition and will go on to be judged in the state contest.

LIONS CLUB

The Lions Club met at noon Wednesday in the community center with 32 present. Randy Peel was a guest.

Talk of remodeling the kitchen in the center took some time and one bid for the remodeling was discussed. A club motion (and passed) was that a dishwasher be installed in the remodeling.

A committee to meet with the county commissioners on cost of the remodeling was named by president James Thompson.

The chairman of the ladies night plans, C. A. Tucker, suggested the night of May 4 for the program and the speaker be Dr. Gage Lloyd of Big Spring. The report was adopted by the club.

The club voted to go on record as opposing the moving of the Federal District Court from San Angelo to some other city—such as Abilene or Fort Worth—or such.

Resolutions to that effect were passed and mailed to the U.S. Senators and Congressmen and the presiding judge of the Northern District of Texas.

Dan Glass of the nominating committee read the third reading of his committee's report.

County agent Arthur Barlemann Jr. told of meat producing costs compared to other costs and factors in the American way of life.

SHARON CURRINGTON GETS ASU POST

Sharon Currington has just been named president of the University Center Program Council at Angelo State University. The council plans, coordinates and presents the majority of the functions on the ASU campus.

A junior art major, Miss Currington previously served as vice-president of the program council as well as chairman of the recreation committee of the same organization. She also served on the Student Congress, this past year and is president of Eta Epsilon Gamma (a home economics sorority) and serves on the University Center Board of Directors. Miss Currington was named to Who's Who Among American Colleges and Universities earlier in the year. She is the daughter of Mrs. Nell Currington and the granddaughter of Mr. and Mrs. L. A. Griffin.

Miss Currington is employed by the dean's office as the assistant director of Women's High Rise Residence Hall.

Copeland Ranch House Burns Friday

The ranch house on the Copeland ranch in the canyon caught fire and burned to the ground last Friday night. The fire was discovered by some neighbors on the Mendenhall ranch (they saw the blaze) and they called in the alarm. The fire department made the run but the house was completely burned before it could be helped.

Mrs. John Copeland Sr and a daughter of San Angelo spent weekends at the place, but no one was at home when the fire started.

Fire Prevention Poster Winners

The Sterling Volunteer Fire Department sponsored a fire prevention poster contest in the school last week and the winners have been announced as follows:

INTERMEDIATE—
Gary Maricle—1st
Russell Jones—2nd
June Humble—rd

PRIMARY—
Craig Foster—1st
Richard Ramirez—2nd
Sherry Drennan—3rd

JR. AND SR. HIGH—
1st—Pat Blum.

Then, at the Hill Country Firemen's Association convention last weekend in Rowena Gary Maricle's poster placed 3rd in district competition and will go on to be judged in the state contest.

Cancer Crusade Progressing

Harold Orr, Crusade Chairman for the 1973 Cancer Drive here, said the Crusade was progressing. So far one third of the volunteer workers have turned in \$314 (by Wednesday morning). Orr hopes the other workers will turn in their collections or contributions by the end of this month. He wants to conclude the drive then.

The goal hoped for is \$1,000 this year. The chairman urges all workers to contact their names and turn in the money by May 1.

PTA Officers Are Installed Monday

The Sterling Parent-Teacher Association met Monday evening and officers for next year were installed. Arlice Brooks of San Angelo, a high State PTA official, was the installing officer. Officers were installed as follows:

Mrs. Larry Blackburn, pres.
Mrs. James Salvato, 1st v.p.
Mrs. Hugh Lackey, 2nd v.p.
Mrs. Don Viktorin, 3rd v.p.
Mrs. Lynn Rich, secretary
Mrs. Milford Wiley, treasurer
Mrs. Wayne Posey, parlia.
Mrs. Melvin Foster, histoir.
Mrs. Larry Glass, music
Bobby Dodds, publicity

On the program besides the business and installation, Renea Hord furnished music, the devotional was given by Amy Hodges and Marylynn Rich.

The second grade put on a special feature.

'The Crucible' Opens at MCT on April 27

"The Crucible", opening at Midland Community Theatre on April 27, is a true story and probably the most fascinating and gripping play on the annals of American theatre. Arthur Miller, Pulitzer Prize winning playwright, spent over a year of careful research in the Salem witch-trials of 1692, the subject of THE CRUCIBLE.

Witchcraft! The very word conjures up images of evil—and the most terrifying thing about it is—it's all true. It did happen. When the play opened in New York in 1953, Miller's account of the disastrous effect of a mass hysteria on innocent people naturally became highly controversial. The McCarthy hearings were in full way at the time and many found parallels in THE CRUCIBLE. Miller's play, however, sticks to the historical facts of 1692, and if parallels existed in 1953—indeed, if you find some contemporary ones—it is just that witch-hunts still have a way of cropping up in history, down to the present moment. This controversy contributed to the success of the play which ran for nearly six months on Broadway where it won the Tony and the Donaldson Awards.

John Chapman of the Daily News wrote of THE CRUCIBLE: A terrifying play about Puritan bigotry, a stunning production. It is a chilling, blood-curdling portrait of the monstrous course of bigotry and deceit. It is quite a story, as it relentlessly tells how small lies—children's lies—build and build until a whole town is aroused and nineteen men and women go to the gallows for being possessed of the Devil.

There is no doubt that Arthur Miller is one of the most important of contemporary dramatists and he knows how to fill a stage with dramatic intensity and emotional power. A cheering audience greeted the premiere of THE CRUCIBLE with nineteen curtain calls.

Midland Community Theatre's production of THE CRUCIBLE, directed and designed by Art Cole, will have performances on Fridays and Saturdays, April 27, 28, May 4, 5, 11 and 12. Other performances on Thursday, May 3, and Sunday, May 6, will offer special ticket price of \$1.00 to students. School-sponsored groups of students may attend any performance for \$1.00 per ticket. Prices for adults who do not hold a membership card are \$2.50 Sunday and Thursday, \$3.00 on Fridays and Saturdays. Reservations must be made in advance for all performances.

Maps and drawings showing the route and geometric design and all other available data concerning the development of this project may be inspected and copied at the Resident Engineer's Office located at Sterling City.

Easter Holidays

The Sterling School is having Easter holiday. School was out Wednesday afternoon and classes will resume next Tuesday morning, it was said.

A Good Friday service for the Methodist and Presbyterian churches will be held at 7:30 this evening in the First Presbyterian Church. The Methodist pastor, Rev. Harold Orr, will be the speaker. A special musical program will be on the program.

Many locals have gone to visit relatives and friends in other places. The churches will all have their regular Easter services Sunday.

FFA Meeting

The Sterling City Chapter of Futura Farmers of America met on April 9 with advisor Fred Igo.

The boys are sponsoring a Playday on May 6 at the roping arena. Participants are to be from 9 to 19 years of age. Everyone is invited to attend.

The FFA banquet will be held on May 15 in the community center.

Mark Sullivan, reporter

NOTICE TO ALL LITTLE LEAGUE PLAYERS AND PARENTS AND COACHES

There will be a meeting on Tuesday, April 24 at 7:30 in the community center for all Little League players (of all age groups) and parents and coaches and any interested persons.

Matters explaining this season's Little League and related matters will be discussed and settled on.

If you have children playing this year, please be present.

F. J. Caffrell

Junior High Cheerleaders Named

The junior high cheerleaders for next year were named on Wednesday of this week.

Jennifer Lackey, Lynese Gaston and Debra Watson are to be the cheerleaders.

Becky Hodges and Lisa Rich were elected twirlers.

NOTICE OF HIGHWAY IMPROVEMENT OR CONSTRUCTION

The Texas Highway Department offered an opportunity for public hearing to be requested by publication on March 23, 1973 and March 30, 1973 of a notice reporting the proposed improvement of RM 2139 from State Highway 163, 6.4 miles South of Sterling City, SW 5.0 miles. No requests for a public hearing were received; therefore, the Resident Engineer's Office at Sterling City, Texas has submitted all of the engineering data and information received in connection with the development of this project for approval of the proposed route and design to the District Office of the Texas Highway Department at San Angelo, Texas.

The project will consist of construction on a new location, of a two lane paved roadway 20 feet wide conforming to secondary highway current design standards of the Texas Highway Department. Usual right-of-way width will be 100 feet. There will be no relocations as a result of acquisition of right-of-way necessary for this project.

Maps and drawings showing the route and geometric design and all other available data concerning the development of this project may be inspected and copied at the Resident Engineer's Office located at Sterling City.

Reservations must be made in advance for all performances.

Six Flags Over Texas Now Open

Arlington, Texas — SIX FLAGS Over Texas opened its 1973 season March 17.

The St. Patrick's Day opening is the earliest in the 12-year history of the theme park.

Attendance figures—2,062,000 in 1972—rank the multi-million dollar entertainment center as Texas' top tourist attraction.

The Park, located in Arlington, midway between Dallas and Fort Worth, has played host to more than 20,000,000 visitors since 1961.

A new, 5-acre section is being added for the 1973 season. Called Good Time Square, the addition includes a games area, two major rides, a miniature circus, and other attractions.

Among other new features this year are a new fleet of miniature sports cars on the Happy Motoring Freeway, a strolling brass band, and entirely new shows in all of the Park's theatres.

SIX FLAGS will be open Saturdays and Sundays only until May 26 when daily operations begin the summer season. Spring and summer hours are 10 a.m. until 10 p.m.

4-H Clothing Project Here Soon

Mrs. Jean Holland, County Economics Agent at large reports that 4-H clothing project will soon be beginning in Sterling County. This project is available to any youngster age 9 to 19 who is interested in learning more about good grooming, sewing, posture and fabrics. The real need now, according to Mrs. Holland, is for adult help. We need leaders to teach small groups of girls and boys to sew and a little about grooming, posture and poise. Any adult who would be interested in helping with the 4-H program is first trained by Mrs. Holland in use of the sewing machine, clothing instruction techniques, fabric and pattern selection, and good grooming.

Mrs. Holland asks that any one who is interested in helping with the project, call the county agent's office 378-3181 or write Mrs. Jean Holland, Route 1, Box 950, San Angelo to volunteer. Enrollment of youngsters will be done in April during a meeting after school.

Camilla Lynn Higginbotham Higginbotham-Blum Wedding Plans Told

Social Security Tips

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

Mr. and Mrs. T. R. Higginbotham, 1407 South Harry Monahans, Texas, announce the engagement and forthcoming marriage of their daughter, Camilla Lynn to Gordon Blum, son of Mr. and Mrs. Ervin L. Blum of Sterling City. The bride-elect, a 1968 graduate of Monahans High School, received her B.A. degree in Social Welfare from Texas Tech University and is a caseworker at West Texas Children's Home at Pyote, Texas. Her fiance graduated from Monahans High School in 1967, and with a B.S. degree in geology He is employed with Core Laboratories in Midland. Vows are set for 3:00 p.m. June 16th in the First Baptist Church in Monahans.

A golden opportunity in law enforcement awaits qualified young men. Get in touch with your Texas Department of Public Safety office or patrolman.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

ADOPTION OR ABORTION!

Adoption or abortion? Is there a choice? Unmarried mothers do have a choice—Today The Smithlawn Maternity Home of Lubbock extends a compassionate hand to the young lady who wants to take advantage of their confidential maternity care and know that her baby will be adopted into a solid Christian home.

The Smithlawn Maternity Home has cared for more than 600 unwed mothers and the adoption of their babies in the past decade.

CANDY SUPPLY ROUTE

Instant income,—NEEDED, man or woman to restock new and amazing coin dispensers with brandname merchandise.

If you have the drive and determination to become successful, then write us today. Earnings can exceed \$900.00 per month.

To qualify you must have a good car, be able to devote no less than 8 SPARETIME hours a week, and have the necessary capital of \$1550.00 to \$3450.00.

For information write: STRATEGIC FRANCHISES
500 South Ervay—Suite 629 A
Dallas, Texas 75201.

Social Security Tips

Worried about proving your age? J. M. Talbot, social security manager, said the people at your social security office may be able to help you make your claim. There are some things you can do ahead of time. If you were born in a state that kept birth records when you were born, write for your birth certificate. If the state where you were born wasn't keeping birth records at the time, the next best thing is a baptismal record.

If you were baptized before age 5, you'll be asked to find out if there is a record. If there is, it is all the proof of your age you'll need.

If you have no birth or baptismal record, the people working in the social security office will be happy to suggest some other possibilities. Some examples are an old family Bible, school records, and federal census records.

You may not recall now, but when you bought your marriage license you gave your age. You may also have some old insurance policies about the house. The list of proofs to try is quite long.

When you file your claim, it helps if you have already fund the oldest thing you can that shows your age. Usually, the older the record the better it is for proving your age. It will help the people at the social security office pay your benefits sooner if you think ahead on your age.

Many times a telephone call before you visit the social security office will help. You may be able to file your claim by phone. Contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

"If I apply for disability benefits, do I have to be examined by a social security doctor before I can get any checks?" This is a question frequently asked when disabled workers claim social security disability insurance benefits.

J. M. Talbot, social security manager, says the social security law requires the applicant to supply the medical records on his condition. When you apply for benefits, you must provide a report from your attending doctor or hospital.

Information from the attending doctor and the hospital is generally all that is needed. However, in some instances, a specialist's report may be necessary to clarify a question or resolve a borderline situation. You may then be asked to go for a special examination to help provide the extra information.

When you apply for disability benefits, be ready to give the names and addresses of all your sources of medical treatment for your disabling condition.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a 'Request for Change in Social Security Record' form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

Sterling City

Just outside the walls of the old city of Jerusalem is an eroded hill that bears a resemblance to a skull and is called Golgatha. It is said that upon this hill stood three crosses the day that Jesus was crucified. That agonizing day that Christ died is referred to today as "Good Friday".

EASTER APRIL 22, 1973

Matthew 28:1-9 & Mark 16:14-20 from *The LIVING BIBLE*

Early on Sunday morning, as the new day was dawning, Mary Magdalene and the other Mary went out to Jesus' tomb.

Suddenly there was a great earthquake; for an angel of the Lord came down from heaven and rolled aside the stone and sat on it. His face shone like lightning and his clothing was a brilliant white. The guards shook with fear when they saw him, and fell into a dead faint.

Then the angel spoke to the women. "Don't be frightened!" he said, "I know you are looking for Jesus, who was crucified, but he isn't here! For he has come back to life again, just as he said he would. Come in and see where his body was lying . . . And now go quickly and tell his disciples that he has risen from the dead, and that he is going to Galilee to meet them there. That is my message to them."

The women ran from the tomb, badly frightened, but also filled with joy, and rushed to find the disciples to give them the angel's message. And as they were running, suddenly Jesus was there in front of them!

"Good morning!" he said. And they fell to the ground before him, holding his feet and worshipping him.

Still later he appeared to the eleven disciples as they were eating together. He rebuked them for their unbelief—their stubborn refusal to believe those who had seen him alive from the dead.

And then he told them, "You are to go into all the world and preach the Good News to everyone, everywhere. Those who believe and are baptized will be saved. But those who refuse to believe will be condemned."

When the Lord Jesus had finished talking with them, he was taken up into heaven and sat down at God's right hand.

And the disciples went everywhere preaching, and the Lord was with them and confirmed what they said by the miracles that followed their messages.

Soil Map of Texas Now Available

A multi-colored general soil map of Texas has now been published and is available for sale to the public, a local conservation official said this week.

Hugh Lackey, district conservationist for the U. S. Soil Conservation Service at Sterling City, said the beautiful 26-by-45-inch map can be seen in his office. It shows soil information compiled from years of detailed soil survey work by the Soil Conservation Service in cooperation with the Texas Agricultural Experiment Station.

Lackey said the map lists basic soil information which should be useful to teachers, planners, conservationists, contractors, engineers, developers, realtors, farmers, ranchers, researchers, and others.

The map give color delineations of the 73 major soil associations (containing 161 separate soil series) in the state and their extent. It also lists special limitations of the soils that affect their use.

Inset maps show rainfall, temperature, and length of growing season across the state. Current and potential urban and rural uses by soil associations are also listed.

Published cooperatively by the Texas Agricultural Experiment Station and the Soil Conservation Service, the map is available in two sheets or printed front and back. Printed front and back, the map costs \$3.00. Printed on two separate sheets, the map costs \$4.00.

For mounting on a wall, Lackey recommended the two-sheet style. For folding and filing, he said the map printed on both sides might be the best.

The map may be purchased from the Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Order blanks can be obtained from the SCS office at Sterling City.

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution cleanup is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered every body's electrical bills.
