Mrs. Howard Lee Hinkle McENTIRE-HINKLE WEDDING HELD HERE LAST SATURDAY

Miss Pamela Ann McEntire and Howard Lee Hinkle were married during a private ceremony last Saturday morning in the First Presbyterian Church.

Mrs. Hinkle is the daughter of Mrs. Ewing Fowler McEntire and the late Mr. McEntire. Her husband is the son of Mr. and Mrs. J.C. Hinkle of Burkburnett.

The Rev. C.A. Tucker, pastor, officiated. Mrs. Larry Glass provided organ music.

Honor attendants were Miss Melanie McEntire and Ewing Fowler McEntire Jr., sister and brother respectively of the bride.

The bride was escorted by her grandfather, E. Fowler McEntire. Other grandparents of the bride are Mrs. McEntire and Mr. and Mrs. Jesse Heath of Stephenville. Grandparents of the bridegroom are Mrs. M. R. Hewell and Mrs. W.R. Hinkle of Burkburnett.

Soloist at the wedding was Jesse Blackburn, a cousin of the bride of Houston.

Miss Penny Corvin of Dallas registered guests at the church. Seating guests were Bill Allen of Sterling City and Stan Corvin Jr. of Waco.

The bride wore her mother's wedding dress of white satin floor-length gown with the skirt extending into a cathedral-length train. The dress featured a fitted bodice, bertha collar and Chantilly lace yoke. The sleeves were long and there were rose appliques accenting the skirt and train. The veil of imported illusion fell from a tiara of satin roses and seed pearls.

A reception was held in the church fellowship hall. In the houseparty were: Mrs. Danny Welch of San Antonio cut the cake, Mrs. John Sims of Lubbock served punch, and acting as rice bag girls were Misses D'Lynn Welch of San Antonio and Jena Allen of Ozona.

A spring graduate of Texas Tech University, the bride is an education major. The bridegroom, who will be a candidate for August graduation from TTU, is an accounting major. He is employed as a pharmacist technician at a Lubbock hospital.

Mr. and Mrs. Hinkle will live in Lubbock after a trip to New Mexico.

CHEERLEADERS NEED SUMMER WORK

The 1973-74 Cheerleaders will be working this summer trying to earn money to go to cheerleading school. This year they plan to attend Sam Houston State University at Huntsville, Texas. The girls are willing to do any job you may have for them. Their motto this summer is—There is no job too small or too large for us to do.

So, if you have a job call Marylynn Rich, 378-3995; Linda Currington, 378-4891; Judy Copeland, 378-4151, or Carol Jones 378-2071.

Gets Summer Scholarship

At University of Kansas

Mike E. Watts, of Sterling City is one of 30 top-ranking U.S. high school juniors selected to take part in an 8½ week college-level course emphasizing engineering at University of Kansas at Lawrence, Kansas May 30-July 30. The students were selected from a large number of applicants to attend the Engineering Division of the university National High School Institute programs in engineering.

The director for the Engineering Division said the program is designed to challenge students who have a high level of achievement in mathematics and the sciences. Participants will gain a substantial amount of scientific and technical knowledge, enlarge their understanding of roles of engineers and scientists in today's society.

Mike is the son of Mr. and Mrs. Bill Watts. He had applied for several of the summer scholarships and was accepted at five, including the University of Kansas, Northwestern University, Asbury College, Austin Peay State University and Bennington College. He was named as an alternate also at Indiana University and Louisiana State University.

Cancer Group Met

Twelve members of the Sterling County Cancer Society were present at the recent meeting of the group in the community center. President Oliver Jones presided, and reports were given on the Cancer Crusade by chairman Harold Orr. New officers were elected.

A film, featuring Jack Pardee, former Christoval Six-man football star and now a professional, an arrested cancer victim, was shown.

So far over \$800 had been reported turned in on the Cancer Crusade and memorials.

The field representative urged that memorials be stressed as a means of raising money for the programs. Bill Brooks, is handling the memorials at the post office.

Last year's officers of the chapter were Oliver Jones—president, Harold Orr—vice president, Mrs. Arthur Barlemann Jr.—secretary, Mrs. Thomas Asbill—public education, and Mrs. Henry Bauer—assistant Crusade Chairman.

The chapter expressed the gratitude and thanks to each one who helped in any way during the Crusade, the workers and donors, alike.

There are still several campaign workers who haven't turned in their collections. We would like to WIND-UP the campaign for '73. Please turn in your donations now.

DAUGHTER TO THE JACK ASBILLS

A daughter, named Deandra Jo, was born to Mr. and Mrs. Jack Asbill of Burleson on May 15. The baby, the first for the Asbills, weighed six pounds and twelve ounces.

Jack is assistant principal of Burleson High School and they live at 121 NW Renfro St.

Grandparents are Mr. and Mrs. Andrew Vater of Art and Mr. and Mrs. Tom Asbill of Sterling City.

SOPHOMORE CAR WASH Saturday, May 19 at Stockman's Supply. 8 to 12 and 1 to 7. \$2.50 per car.

LIONS CLUB

The Sterling City Lions Club met at noon on Wednesday in the community center. Guests present were Mrs. Jim Davis, Mrs. Louie Alexander, Mrs. H.L. Bailey, and Mrs. Harold Orr, who had worked in the Benefit Sale and Van Kinerd, Gerald Cook, Inge Maxwell, Tom Garner and Mike Kisco.

President James Thompson said three local children had been accepted at the Lions Crippled Childrens Camp and one to the Diabetic Camp for this summer.

It was announced that the work on the golf greens was to take place this Saturday, May 19, beginning at 9 a.m. All workers and those who can and will show up at the golf course then and help to get the greens ready for the sodding. Any and all help is needed and will be appreciated.

Seth Bailey, chairman of the benefit sale, told that the sales had run over \$669 and appreciation of the club was due all the ladies who worked and helped at the sale; the people who donated merchandise for the sale, Earl Bailey who let the club use the vacant building, and all who contributed in any way to the success of the sale was due a vote of thanks and appreciation. The appreciation of the club is extended to all those who helped in the ways listed above.

The club voted to put \$300 in the athletic fund to help pay bills of the Little League program of this summer.

Lions Bus Trip to Astrodome Planned

A chartered bus trip to an Astrodome game (or games) the latter part of July is now being worked up by the Lions Club. Cost will be about \$16.50 per person for the bus round trip (it was last year) and the tickets are \$4. The cost of a motel room will depend somewhat on the number going, but last year it was \$10 a room.

The bus will leave early on a Saturday morning and the trippers will see a game that night and one Sunday afternoon, returning home Sunday afternoon.

If you want to go mail in your check for \$20.50 to the Lions Club in Sterling City.

FFA Parent-Son Banquet Held

The annual FFA Parent-Son Banquet was held in the community center here Tuesday evening. Over 100 persons were present, being members of the Future Farmers, their parents, and other invited guests.

Lee Igo, president, acted as master of ceremonies. Steven Foster gave the invocation. The FFA officers opened the meeting with their usual opening ceremony. Mark Sullivan welcome the guests and Reynolds Foster responded.

Randy Hord presented the invited guests, members introduced their parents, and recognition of lamb buyers was given by Jeff Cantrell.

Skeete Foster introduced the FFA Sweetheart, Marylynn Rich, daughter of Mr. and Mrs. Lynn Rich. An honorary membership in the FFA was given to I.W. Terry and his son, Jim, made the presentation.

Jeff Copeland announced record book awards as going to Jerry Gartman, Ronnie Hord and Russell Davis.

Marylynn Rich presented the Star Farmer Award to Ronnie Hord.

The Foundation Awards went as follows: Livestock Farming Award to Lee Igo; Mechanics Award to Jim Terry; the Public Speaking Award to Jim Terry; Foundation and Wildlife Award to Tommy Bynum; the Soil and Water Management Award to Jim Terry; the Agriculture Electrification Award to Lee Igo; the Home Improvements Award to Skeete Foster; and the Poultry and Egg Production Award to Darow Atkins.

Next year's officers were installed as follows:

Ronnie Hord, president
Russell Davis, vice-pres.
Mark Sullivan, secretary
Dwain Davis, treasurer
Jeff Cantrell, reporter
Randy Hord, sentinel.

To the People of Sterling County

I wonder how many of the citizens of the State of Texas realize that Chief Justice Robert W. Calvert's Task Force for Court Improvement will abolish government one local level as we know it.

For example, under his plan, the County Commissioners' Court would be changed to a "County Commission" to make it clear that the body is nonjudicial. The presiding officer would be given the option of remaining as Commission President or becoming a Judge of the new County Court. Those who are not lawyers would remain as President of the Commission. The method of selecting a County Judge would be decided by the Legislature. The Legislature would make this an appointive office instead of an elective office. The office of County Judge and Justice of the Peace would be abolished at end of the present term being served.

This would abolish our right to say who will represent us in our local government (since the appointments would be made by the Governor on the recommendation of a Statewide Judicial Commission).

The Chief Justice would

Commencement at 8 P.M. Thursday

The end of school exercises for the Sterling School has been told by principal Bobby Dodds. The Baccalaureate Service will be held at the school at 8 p.m. on Sunday, May 20. The Rev. C. A. Tucker, minister of the Presbyterian Church here, will preach the sermon. Being held as usual in the school auditorium, Melinda Terry will play the professional and recessional. Bill Bautista will give the invocation. Congregational singing will be led by Stan Horwood. Kay Holler will give the benediction.

The Commencement Exercises will be held at 8 p.m. on Thursday, May 24 in the auditorium. Speaker will be Dr. Rex Kyker, head of the department of communication at ACC. He will be introduced by Chesley McDonald.

Melinda Terry will play the professional and recessional. Becky Blair will give the invocation. Steven Foster is to give the salutatory address. Dusky Wells will give the valedictory address.

Principal Bobby Dodds will certify the class members and diplomas will be presented by school board president Reynolds Foster. Honors will be awarded by Dodds. Pat Blum will give the benediction.

Candidates for graduation include Mary Angelina Amador, Darow Lynn Atkins, Willie Mata Bautista, Becky Re' Nee' Blair, Patrick Leon Blum, Tommy Ralph Bynum, Hector Delgado, Courtney Skeete Foster, Steven Davis Foster, Janie Estrada Gaitan, Paula Kay Holler, Lee Wayne Igo, Gailann Lively, Juanita Gonzales Munoz, Kenneth Royce Murrell, Travisann Oldham, Murrell, James Irvin Terry and Dusky Melinda Wells.

American Legion Barbecue June 2

Bill Watts, commander of the local American Legion post here, said the group had set the night of June 2 for the annual Legion barbecue. It is to be held at the Jeff Davis barn that night. Everyone is invited.

supervise the administration of all Courts through a system of Presiding Judges and Court Administrators. The Judiciary National Conference 1971 recommended that 'All Courts should be organized into a single, unified Judicial System financed by and acting under the authority of State government and none should be units of local government' Again here we would have no say whatsoever in our local government.

All money collected in the way of fines in the County would go to the state to help pay the salary of these appointed officials. In the event that not enough money had been collected, there is little doubt that the County would be asked to "chip in."

I strongly urge that each and every voter write his or her Senator and Representative to let them know we do not desire to have a central government with no say so whatsoever on the local level. I don't believe you want your local government run for you by the people in Austin. I am sure I don't.

NEWS OF EDUCATION

College Students: Bored of Education?

To many concerned
 parents, today's college
 students seem much less im-
 pressed with the importance
 of their education than were
 students of years ago. Some-
 times, the students even seem
 bored.

But educators and psychol-
 ogists point out—seriously,
 yet sometimes with a smile—
 that many college students
 today are learning far more at
 school than their parents ever
 did.

Today education is dif-
 ferent. Not only do new
 teaching methods make learn-
 ing easier and lots more
 effective, but also college is
 seen as a place for social—as
 well as academic—instruction.

Which is as it should be,
 when you consider that
 college is a mini-model of the
 tough outside world students
 will soon enough have to
 cope with and function in.
 And adjusting properly to
 that world is just as impor-

tant and just as difficult as
 any course a school has to
 offer.

That's why so many
 students are getting involved
 with the running of their
 schools. The actuality of
 practical campus politics is a
 good deal more enlightening
 and instructive than class-
 room theories.

That's also why students
 seem to take their competi-
 tive sports more seriously
 than ever before. Trying to
 do one's best is very much a
 part of the outside world and
 these kids are very much
 aware of it. They play hard
 and work hard at keeping
 themselves fit with effective
 medications like Tinactin
 cream, solution and powder,
 which fight most fungus to
 kill and help prevent athlete's
 foot, that old college locker
 room nemesis.

Unfortunately, these
 kids—the good kids who
 make up the majority of this
 nation's student body—rarely
 make news on radio or TV.
 But their abilities and straight
 thinking have not gone un-
 noticed.

Each year, more and more
 of these grade-A students are
 being recruited by business
 and industry before gradua-
 tion.

Which would indicate that
 they were far from bored
 with their college education.

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-
 up is underway, environmen-
 tal concern seems to be
 shifting to energy supply.
 Some ecologists worry about
 America's accelerating use of
 fuels—coal, oil, gas and
 uranium.

These basic sources of en-
 ergy, burned directly or trans-
 formed into electricity, prop-
 el all vehicles, heat and cool
 our homes, run appliances,
 cook and refrigerate foods
 and power our industries.

The use of aluminum, an
 environmentally thrifty met-
 al, stretches fuels and energy,
 the people at Reynolds
 Aluminum point out.

"Aluminum does not de-
 teriorate and is easily recycled
 with little expenditure of en-
 ergy," said Dr. Robert F.
 Testin, director of environ-
 mental planning for Reynolds.
 "That makes it an energy
 bank that can be drawn upon
 again and again. When long-
 lasting aluminum products
 are finally discarded, melting
 them down for refashioning
 into new products takes less
 than 5 per cent of the energy
 used to make the aluminum
 originally."

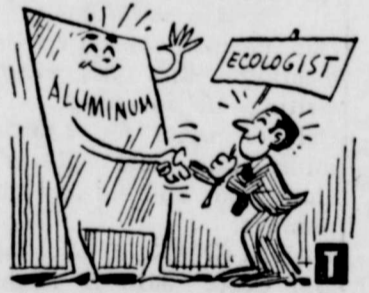

Because it is so light—
 only one-third the weight of
 steel, copper or brass—alu-
 minum provides a greater
 quantity of material per ton.
 "This phenomenon stretches
 the energy used in making
 aluminum products, as a ton
 of aluminum yields two to
 three times more items than
 are obtained from a ton of
 other materials," according to
 Dr. Earl E. Patterson, who
 heads up Reynolds metallur-
 gical research.

An example of Dr. Patter-
 son's point is beer and soft
 drink containers. A ton of
 steel produces 15,400 steel
 cans, and a ton of glass makes
 5,000 bottles, but a ton of
 aluminum results in 32,680
 all-aluminum cans.

An article in the Reynolds
 magazine reveals many other

ways aluminum conserves en-
 ergy.

Transportation of all kinds
 consumes 30 per cent of
 America's energy supply. The
 light metal cuts fuel con-
 sumption in all kinds of
 vehicles—aluminum highway
 trucks, automobiles with their
 aluminum parts, aluminum
 railroad cars, aluminum boats
 and ships with aluminum
 superstructures. The 1973
 autos average about 78
 pounds of aluminum per car.

In heating and air condi-
 tioning, which take 27 per
 cent of the energy supply,
 aluminum insulation and
 ducts, because of their high
 heat reflectivity, cut fuel con-
 sumption.

Durable aluminum siding,
 windows and other construc-
 tion items greatly reduce use
 of resources and energy in
 maintenance, repair and re-
 placement. The article points
 out that aluminum will not
 rot or warp, and is immune
 to red rust, mildew and ter-
 mites.

In cooking, the rapid heat
 conductivity of aluminum
 pots and pans—six times
 faster than steel, for example—
 conserves electricity and
 gas. In the refrigerator, foods
 in aluminum foil chill or
 freeze quicker than when
 wrapped in paper or plastic
 film, saving electricity.

The public depends on alu-
 minum electrical cable for
 low-cost delivery of electric-
 ity to the home. Replacing
 expensive copper, aluminum
 cable has lowered every-
 body's electrical bills.

RESOLUTION OF SYMPATHY

In memory of Ewing Fowler McEntire, who died May 5, 1973. He was a faithful member of the Sterling Volunteer Fire Department, even to the point of building and maintaining his own fire truck, fighting rural fires throughout the county.

The Chief above has called him to his final resting place.

Whereas, in acknowledgment of the service and friendship of our departed member, be it resolved that the Sterling Volunteer Fire Department tenders to the family our sincere condolences in this sorrow, and that a copy of this resolution be printed in the Sterling City News-Record.

By the committee on resolutions:

NOTARY PUBLIC APPOINTMENT TIME NEAR

Secretary of State Mark W. White, Jr., announced that all presently commissioned Notaries Public desiring re-appointment for the new term which begins June 1, 1973 and ends June 1, 1975, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1973 and May 15, 1973, inclusive.

Secretary of State White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1973, should apply to the County Clerk before May 14, 1973. The required application forms may be obtained from the County Clerk.

Mr. White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

Spotlight on HEALTH

PROFILE OF A COLD VICTIM

What are your chances of catching cold? According to a booklet on the subject, they're especially good if you're female, live in a large city in the western or north-eastern part of the U.S., and are the mother of a child under 6 years of age. Young children are the greatest cold-spreaders. Your chances are further enhanced if you're going through a period of stress and strain. "Contentment preserves one even from catching a cold," the great philosopher, Neitzsche once said.

The booklet, which discusses the common cold, is distributed by Winthrop Laboratories, the makers of Neo-Synephrine nose drops and nasal spray that are widely used in the U.S. and abroad.

Keeping up one's resistance helps to avoid the common cold, according to the publication, which advises getting sufficient fresh air and exercise, well-balanced meals, and as much sleep as possible in a well-ventilated bedroom. In cold weather areas, an extra hour a night is recommended.

Early stages of the common cold are the most contagious. Every sneeze fills the air with thousands of virus-laden droplets. To help

prevent spreading a cold to the rest of the family, to friends and to co-workers, everyone should have his own glass, cup, silverware and towels. Hands should be washed thoroughly and often, preferably with a liquid antibacterial skin cleanser, phisoHex is the one that is used in most U.S. hospitals to help prevent spread of infections. Particularly during the cold season, it is wise to keep a handwashing preparation in the kitchen, as well as in the bathroom.

Your chances of catching a cold will be reduced if pre-

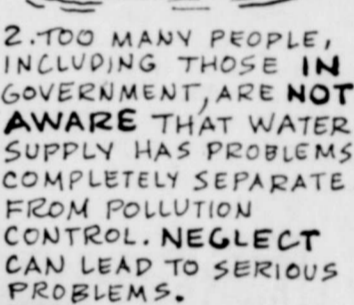

cautions are taken. However, the Winthrop booklet also states that it is not completely possible to avoid a cold. Just breathing the air that someone with a cold has merely talked into offers the possibility of infecting a healthy person.

OUR GREAT LIQUID ASSET—WATER!

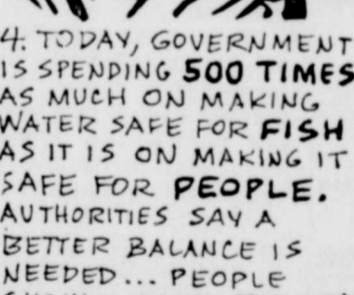

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLIGENCE CAN LEAD TO SERIOUS PROBLEMS.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!
