AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

The feed situation—demand, supply, outlook—will be among the topics to be discussed at the second Annual Sheep Field Day of the Texas A&M University Agricultural Research and Extension Center at San Angelo. The field day will begin at 9:30 a.m. next Thursday, Sept. 4 and end at 3:00 p.m. All interested persons are invited.

Other topics to be discussed include the use of wool futures as a management tool with Robert Kensing, Extension economist, as the speaker; the feed situation will be covered by Jack King of Lubbock, executive secretary of the Texas Grain Sorghum Producers Association; and supplementation of range ewes to be discussed by Dr. Ed Huston, nutritionist. In addition, other speakers will cover other phases of management of range sheep.

A state-wide hearing on the new brucellosis program for Texas will be held in Austin on September 18 at 9:00 a.m. in Room 117 of the Sam Houston State Office Building. Any person desiring a hearing to protest the issuance of the regulations may appear either in person or by representative, or both, and may present his objections.

The new program, set to begin October 1, 1973, will move Texas from a Modified-Certified status under which it is now operating to a Certified Brucellosis Free state. Under the new program, as outlined, there will be new regulations regarding testing.

All of the 254 counties in Texas have now been tested under the old Modified-Certified status program. Under this program, free and unrestricted movement of cattle was permitted but now the thirty states that have attained the Certified Brucellosis Free status have decided that they want more stringent rules governing the movement of possible brucellosis infected cattle into their respective states. This brings about the situation and the need for the new regulations.

If anyone is interested in seeing the possible new regulations, one copy is available in the county agent's office. We would be glad to have anyone look over them if they wish.

Amy Hodges placed first in the senior sheep division of the District 7 4-H Club Record Book judging held in Fredericksburg recently. As District winner, her record book will be judged in state judging in mid-September at College Station. The state winner will receive an expense-paid trip to the National 4-H Congress in Chicago in late November.

Becky Hodges entered the junior division of the same program but did not place in the top 3 there.

Counting two and holding. This pretty well describes the confirmed screwworm case situation in Sterling County at the present time. The present 1973 count is far below the total at the same time last year which

was in the vicinity of 200 confirmed cases at this time.

The cases this year have been at opposite ends of the county and in two different species of livestock. This year's first case was sent in by Wayland Foster with the sample taken from a sore-eyed cow near Broome. Danny Stewart sent in the second case from the Reed & Stewart Ranch; the sample was taken from a cut on a ram's head.

Since that time, a number of samples have been sent to the Mission laboratory, but all have been identified as nonscrewworm. Local livestock producers are to be commended for their cooperation in the program—keep up the good work.

Septemberfest

The worst place in Texas, yet the best place, is **SEPTEMBER-FEST**. This evening of rollicking, romantic rhythm under the stars is set for September 8, from 5 to 10:30, when the fifth annual gigantic German jubilee will unfold on the grounds of the Museum of the Southwest, 1705 W. Missouri, Midland.

Whatever your taste in music, there will be something just for you—from the featured world-famous Frederick Pehl oom-pah band of Fredericksburg, with dancing on the tennis court, to local high school and college performers in the planetarium. The ever-popular Downtown Lions Club Big Name Band will play in front of the Turner Memorial Gallery for your listening and dancing pleasure, while soloists set the mood inside.

Along with Indian Summer weather, **FOOD, FOOD,** and more **FOOD** is on order for the Museum fun and fund-raising event which is sponsored each year by Las Manos (The Hands) volunteer service organization.

A German dinner of sausage, sauerkraut, dark bread and beverage will be served in Lancaster House 'garten.' Streudel will be available to satisfy your sweet tooth, and as in the past, there will be free thirst-quencher and popcorn stations scattered at vantage spots over the grounds. Indiana and 'K' Streets, at the Museum complex, will again be closed.

Delightful dinner entertainment will be 'Beethoven's Country Dances,' performed by the senior company of Permian Civic Ballet.

Invitational Showcase promises to offer a big part of the festivities. Located in the annex of Turner Gallery, approximately 15 outstanding artists and craftsmen in different fields will display the arts of batik, ceramics, graphics, glass-blowing, print and jewelry making, wood cuts, and others related to the Shop of the Southwest. Their works will be for sale during Septemberfest, as well as on Sunday, September 9, 1:00 to 5:00 p.m., when they repeat their performance in conjunction with the Midland Arts Association 'Third Annual Artists' Demonstrations' which will be 1:30 to 4:30 p.m.

John Brauer, who made such a hit last year baking koloches in a Marine oven on the Museum lawn, will be back.

All facilities will be open to the public. Lancaster House will accommodate shows by the Garden Center and Midland Camera Club. Special exhibits at the gallery will be Sherri Smith Tapestries and Peter Moran Drawings.

D.P.S. Recruiting
Men and Women

MIDLAND — Major E. K. Browning, Jr., Regional Commander of the Texas Department of Public Safety's 49 County West Texas Region, announced that an intensive effort is being made to recruit men and women.

Major Browning stated this is the first time since the Department was created in 1935 that applications are being accepted from women for the position of Patrolman.

Major Browning said the Department has been successful in recruiting persons from minority groups to the position of Patrolman. Efforts to recruit from these groups are continuing.

All persons making application for the position of Patrolman must be between 20 and 35 years of age, between 68 and 76 inches in height, must weigh not less than two pounds nor more than 3½ pounds per inch of height, and visual acuity no worse than 20/40 correctable to 20/20. A person must be of good moral character, excellent physical condition and must have a minimum of 30 semester hours of college credit.

Persons selected as recruits will be assigned to Austin for an 18-week training school at the Homer Garrison, Jr. Law Enforcement Academy. Successful graduates will be assigned to either the Highway Patrol Service, License and Weight Service, Motor Vehicle Inspection Service or the Driver License Service, according to the needs of the DPS and consideration of personal preference.

The salary during training will be \$600 per month. Room and board while at the Academy will be approximately \$55 per month.

When a person is commissioned as a Patrolman, his salary will increase to \$743 per month. Patrolmen also receive longevity pay after five years of service, a monthly uniform cleaning allowance and travel expenses when away from their home stations.

Recruits must furnish their own uniforms which consist of khaki shirts and pants, black shoes, belt and tie. When commissioned as a Patrolman, uniforms, vehicles, weapons, ammunition and related equipment are furnished.

Group life and hospitalization are paid for the employee, and dependent coverage is available at reasonable rates. Patrolmen participate in the Employees Retirement System of Texas, as well as Social Security. Vacation, holidays and sick leave are provided.

Browning said interested men and women should contact any DPS office or Patrolman for an application. After completing the application, it should be presented to the DPS office either in Midland, Abilene, San Angelo or El Paso for the examinations.

Behind the 8-Ball

By the editor.

Well, we've decided to change our weather forecast from rain to dry and more dry weather ahead. Maybe in perverseness, the weather gods will laugh and send rain. We really need it.

If there's anything more needed around here than rain—it is more rain.

Hallelujah. Amen.
8—BALL.

A large crowd enjoyed the Collins Estate free barbecue in the city park last Saturday night.

I remember once when the Plymouth Oil Company hit oil on the Shorty Williams Estate northwest of town. A big barbecue was given. A large crowd went out to the well site for the blowout (barbecue).

I also remember when oil was hit out on the Knight Estate north of town. Hal gave a big barbecue out in the canyons.

And later when oil was hit on the Barbee Ranch south of the town, a big barbecue was given. That one I did not attend. I wasn't invited.

But it is an old custom for a barbecue to be given whenever oil is hit.

8—BALL

Have you noticed the golf course here in town recently? It looks good down there, and improves the look of the town to passers-through. It will also be a good little golf course.

Join now if you want to play (or practice) in coming years.

David Foster who is with the Wells-Fargo Security Service is now stationed in Philadelphia. He was transferred from Atlanta about a week ago.

With school now in session, things will get back to normal for Sterling. Football will soon begin and hopes are high for a successful season. Maybe this is to be Sterling's year.

Bob Bullock Campaigns Here

Bob Bullock, former Secretary of State and now a candidate for State Comptroller, campaigned in Sterling City this week. Bullock, 44, is the first Democratic candidate to announce for state office.

Born in Hillsboro, Bullock received his bachelor's degree from Texas Tech in 1955 and earned his law degree in 1958 from Baylor law school.

He served two terms as a member of the Texas House of Representatives, Chief of the Anti-Trust and Consumer Protection Division of the Attorney General's Office and Chief Legal Counsel for the Governor.

Most noteworthy, however, was Bullock's tenure as Secretary of State of Texas. There, he worked hard to clean up campaign financing in Texas and developed a fair and economical elections system.

During his tour, Bullock said, "Texas taxpayers are losing \$82,500,000 in tax dollars each year because some retailers are pocketing the state and local sales taxes they collect instead of reporting it to the comptroller."

"Frankly, I think it is ridiculous to talk of taxing food and medicine when ten percent of the sales taxes now being paid by our citizens is not being recovered by the State."

"As Comptroller, I will work to see that the taxes we now pay are not lost to some unscrupulous retailer because of faulty collecting procedures by the State."

Bullock, a veteran of the Korean conflict, resides in Austin with his wife and two children.

Social Security Tips

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

"If your check is lost or stolen, get in touch with your nearest social security office at once," a spokesman said. "The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced."

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

For further information contact the Social Security office at 3000 W. Harris Avenue, San Angelo, Texas 76901 or call 949-4608.

The San Angelo Social Security Office is now taking applications for supplemental security income payments, a Federal program scheduled to start in 1974 that will establish an income floor for people in financial need who are 65 or over, or blind, or disabled, according to J.M. Talbot, social security manager.

But, people already getting State old age assistance or State aid because they are blind or disabled don't have to apply, he said. They'll be getting more information later this year about how the program will help them.

"The first monthly payments under the Federal program will be made in January, 1974," Mr. Talbot said. "Until then, State and local public assistance offices will continue to make payments in the usual way."

People not getting public assistance now who think they may be eligible for the new Federal payments should call or write social security to find out if they should apply, according to J.M. Talbot.

"Federal supplemental security income payments will be made by the Social Security Administration," Mr. Talbot said. "But the program will be financed by Federal general revenues—not by social security contributions from workers and employers. It's not the same as social security."

The aim of the new program is to provide supplemental payments in cases of need so that people 65 or over, or blind, or disabled will have a basic cash income of at least \$130 a month for one person and \$195 a month

for a couple.

"This doesn't mean that every eligible person or couple will be getting that much from the Federal Government every month," Mr. Talbot said. "The amount of the Federal payment any person gets will depend on how much other income he has."

"Eligibility for Federal payments will depend not only on the amount of income people have but on the value of their assets," Mr. Talbot said.

"If you're single—or married but not living with your husband or wife—you can own things worth up to \$1500 and still get Federal payments," he said. "A couple can own things worth up to \$2250 and get payments. Not everything you own has to be counted toward your total assets, however."

"A home of reasonable value will not be counted as an asset," Mr. Talbot said. Personal effects and household goods won't count in most cases. Insurance policies or a car may not affect eligibility either, but it will depend on their value.

Certain income will be disregarded in deciding on an application for supplemental security income. The first \$20 a month of income generally won't affect the Federal payment at all, Mr. Talbot said. "In addition, people who are working part time should know that the first \$65 a month of earnings won't be included in counting their income and only half of the rest of their additional earnings will be counted, he said.

Apart from earnings, other income above the first \$20 a month generally will reduce the Federal payment. This includes social security checks, veterans payments, workmen's compensation, pensions, annuities, and gifts, Mr. Talbot said. And, if you live in someone else's household, your basic Federal payment will be reduced by one-third before other income that may affect your payment is deducted.

For more information, contact your Social Security Office at 3000 West Harris Avenue (P.O. Box 3808) in San Angelo, Texas. The telephone number is 949-4608. Even though payments cannot start until January, 1974, we're starting to take applications now so we can process them ahead of time and avoid delays that might occur if there's a rush of applications right at the end of the year, Mr. Talbot said.
