# Late Moisture Is Beneficial To Area Crops

The Knights of Columbus will hold a parking lot sale at the Muleshoe Supermarket on Sunday, Sept. 18.
Proceeds from the sale

will be used to help buy a lot from the Muleshoe oddfellows Lodge to locate the Santa Fe depot for the local senior citizens.

All contributions to the sale will be appreciated, according to Mike Perez.

Mules have been known to be slow and stubborn. Our Mini-Mule has joined his ancestors in showing these traits. But, if you will be patient, our Mini Mule should arrive soon. The Muleshoe ALL NEW Mini-Mule T-Shirts have been delayed but they are now on the way. We will announce their arrival the day they reach town. Shirts will sell for \$6.50 and will show a black mini-mule printed on a grey T-shirt. Shirts will be available from any P.T.A. member or from the P.E. teachers at either elementary shoool.

The Plainview Doll Club will have a Doll Show and Sale, Saturday, Sept. 17 at the Hale County Agriculture Center on S-I-27 Business Route, between the hours of 9:00 a.m. to 6:00 p.m. Admission if FREE. A 'HILDA'' Porcelian Reproduction Doll will be given for \$1.00 donation.

Airman Bill J. Johnson, son of Brenda K. Grosz of Farewell, Texas, and nephew of C.V. Lunsford of Dinnitt, Texas, has completed Air Force basic training at Lackland Air Force Base, Texas, studing the Air Force mission, organization and customes and special training in human relations. The airman will now begin on-the-job training in the transportation field at Dyess Air Force Base, Texas. He is a 1983 graduate of Dimmitt High School.

Soil Conservation Districts in need of additional techincal personnel are expected to begin hiring qualified persons after September 1. "With the 68th Legislature recently appropriating \$1,176,000 to the Texas State Soil and Water Conservation Board to assist soil and water conservation districts acquire needed techincal personnel, 164 SWCDs have applied for funds to boost their technical assistance program," said Harvey Davis, executive Director, TSSWCB.

"From a local stanupoint, in getting conservation practices applied to the land in a voluntary program we need technical assistance available to landowners to assist them in using their own resources for implementing an individual conservation plan," said James Wedel, chairman, Blackwater Valley SWCD.

"Simply put, this means that we encourage landowners or operators within our district to take advantage of technical counseling in site selection, engineering and the design of measures or management systems which would solve a conservation problem on a farm or ranch," added

In discussing how the technical assistance monies would be apportioned to districts on a statewide basis, Davis said, "We believe that the simplest and most cost efficient approach is to establish a grant program to be administered by the TSSWCB. This gives each local SWCD the flexibility to consider local conditions and conservation needs when considering technical assistance requirements. Our agency

will; however, provide

SWCDs with guidelines

under which state approp-

riated technical assistance funds may be expended." "Because of our close working relationship with the SCS here in Blackwater Valley SWCD District any

district hired employee will work under the supervision of SCS personnel," said Wedel. Wedel added that though any new technical person-

nel will be administratively responsible to the district, the employee will need to meet SCS service standards. Cont. Page 8, Col.1

### Two Area Athletes Playing For WTSU

Monty Hysinger and Dennis Steinbock, two area athletes, have recently made names for themselves as football players at West Texas State University. Hysinger is from Muleshoe and will be returning to play for the Buffs JV this fall after missing the spring drills due to an injury. Hysinger wears number 84 and weighs 179 pounds, is 5'11" tall and 19 years old. He plays flanker and will be gaining experience on the junior varisty. Hysinger also played on JV last year. He was an outstanding high school athlete and has a younger brother who plays for the Mules now, who is proving himself to be quite an athlete.

Academically, Hysinger earned a position on the Dean's Honor Roll last semester. He enjoys skiing and other sports and is studying physical education and minoring in comprehensive science. Naturally, Monty hopes eventually to have a career in coaching and teaching. He is the son

were Jay Cage, Henry and Darin Shaw. All three students summarized their summer experience in learning more about their own country and about others.

President J.L. Dale gave a welcome and introduced special guests at the meeting prior to the reading of the 1982 minutes by Gary Hooten. Members were given a financial report by Johnny Young, CPA. Dale expressed his grati-

tude for the good year that Farm Bureau has had in Bailey County and Ray Davis, Agency Manager of the Muleshoe business indicated that the year had been a decent one to Bailey County. Davis told of the increase in size of the agency over the past year and stated that there were now four agents in the office. Those agents are: Ricky Barrett, Durk Green, Gene Atkins and Davis himself. Davis reported that Farm Bureau currently has about \$15 million dollars in life insurance in force in Bailey county, along with approximately 1½ million dollars of insured crops. Vehicles insured number 1750 and homes, 400. The manager also stated that due to the hail received here in June, some \$500,000 in claims Con't Page 6, Col. 2

# **Mules Meet Floydada** Whirlwinds Friday

The Muleshoe Mules will blow into Floydada Friday night with all signals "GO", looking for their third win in a row. Coach Windy Williams is very pleased with the Mules and told the Journal that he felt the squad played a "great game against Levelland." The Coach added, "Of course, we made a few mistakes and we paid for them, but we corrected them." The Mules, as far as hitting is concerned are getting better and better according to Williams, and remain relatively healthy. Trent Hysinger had a mild concussion in the game with Levelland, but is in good shape and will be back in the play for the Floydada tussle.

The Mules have proven what they are made of in the past two games, and will be called on again Friday night as they meet the Whirlwinds. Joe Paty is a new head coach there this year and according to Williams, he is one of the best. He has been assistant coach there for 15 years and knows his team well, having an excellent athletic togram. Paty has seven starters back going both ways and a good, experienced quarterback in Mark Hatley, 6-1, 170, senior. Hatley's main receiver this year will be Derrick

Jenkins, a junior split end.

Jenkins has been touted as

one of the best receivers in

the area this season. In a late Tuesday telephone interview with Head Coach Joe Paty, he indicated to the Journal that most of his team was healthy and would be playing. At least 22 players will be suited out for the game Friday night for varsity. Pary said that about 70-80 boys were in his high school athletic program and that due to no JV last year, their depth was question-Paty was complimentary

to his left-handed quarterback, Hatley. Hatley has a good arm and is a big player and has been doing a good job, Paty said. They will have one player out at tackle: Johnny Jones, senior. Jones however has had no previous varsity experience.

"We've heard all down the line that the Mules are plenty tough this year,"

### Substantial Amounts Of Moisture Noted south of Lazbuddie towards Muleshoe amounted to as

Life-giving moisture fell on Bailey County on both Saturday and Monday of this week, leaving, however scattered, from near two inches in some places north and south of the County to as little as 3/10 in others.

A survey of farmers and agricultural businessmen in the area indicated that the moisture would be a great boon to the late feed grain, wheat lands and dry pasture lands within County. Cotton has about reached the point where the rain will not much difference some said, due to the extreme stress in previous weeks of hot, dry weather.

Agent, Spencer Tanksley told the Journal Wednesday morning that during the past few days, the heaviest of the rains seemed to be concentrated in the Bula-Enochs area with Claunch Gin reporting 1 to 11/2 inches of rain on Monday. However, other re-ports from Lazbuddie's Sherley-Anderson Grain indicated that rainfall to the

much as two inches in some places. An employee of the Grain facility there stated that east of Laz-buddie reports of 1 9/10 were received and about 6 miles south at least 11/2 inches fell. Some pea sized hail came with the rain, but was not thought to have caused any damage. Corn harvest has just begun to get under way in that area and southwest of Lazbuddie is the direction it's coming from. So far, the turnout seems to be good, the employee stated. Farmers there are hoping for from 9 to 10 thousand pounds per acre this year. Late feed grain looks good in that area. Seven-tenths inches of rain v.a.s received at the elevator proper, but a mile north no moisture was recorded. Reports indicated that the rain fell hard and much of it ran off, leaving a question 25 to how much good it really

The Ruel Kirby farm north of Maple reported 1 8/10 inches of rain overall at their location. Kirby indicated that the rain was heavier on towards Maple to just past the County Barn. West of the Kirby's towards the New Mexico line. 7/10 inches were re ported, however, the Goodland area received moisture or little during the two rains. Kirby stated that the Enochs area had received in places, as much as two inches, but pointed out the fact that it was very spotted. According to Kirby, some of the crops in that southern part of the County had looked good prior to the last moisture because of previous rains. Cont. Page 8, Col. 1

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**PUBLIC NOTICE** BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION **NOVEMBER 8, 1983** 

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace

1, 1987 to comply with the amendment. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are

#### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constituional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, tegether with any improvements on the land. The constitutional requirement that, at the time of

designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limiurban homestead with a limitation based on size."

### PROPOSITION NO. 3

ON THE BALLOT Senate Joint Resolution 1 proposes a constitutional endment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

#### PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the

Senate through a resolu-

tion approved by a major-

ity of the members pres-

Quantities Limited

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the

amendment. The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

#### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other

purposes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support pay-ments."

#### PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds. The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to f ance the Veterans' Land Program and the Veterans' Housing Assistance Program."

### PROPOSITION NO. 8 ON THE BALLOT Senate Joint Resolution

1 proposes a constitutional

amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemp-

#### PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

jurisdiction and to county courts."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

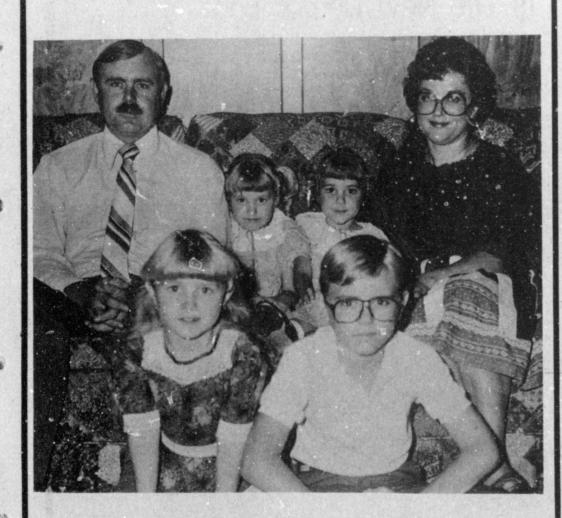

### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated. The constitutional language governing the composition of the Board of Pardons and Paroles and the manner of filling vacancies on the Board is eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

# Welcome To Muleshoe

PLEASE WELCOME TO MULESHOE the Rev. Darrel Martin and his family. He is the new pastor at the Calvary Baptist Church, and the family has moved here from Gainsville. He and his wife Barbara, are the parents of Jeremy, 12, a sixth grader; Charlotte, age eight and a third grader and twins, Cindy and Cheryl, five years of age, and kindergartners. Rev. Martin is a native of the Vernon area, and Mrs. Martin grew up in the Midland-Odessa area. He enjoys playing golf and Mrs. Martin likes to sew and read. "We always maintain an open door at our home," said both the Martins, "and are always ready and willing to visit or to help, regardless of the hour of the day or night." Be sure to welcome the new family to our community.

### Claudine's Country Club Comments

By Claudine Elliot

The Muleshoe Country Club was the place to be Thursday, Sept. 8th. The occasion was the Muleshoe Ladies Annual Partnership Scramble. Tea off time was 9:00 that morning with 35 teams playing.

There were five flights with seven teams in each flight. With 70 ladies arrinving and golf bags, shoes and etc. to carry to the Club House we truly appreciated our helping us by greeting the ladies and taking all their equipment by golf carts for

Also, all their help in other things for the day. Our special thanks to Buck Campbell, Irvin St. Clair, Carl Bamert, Ray Precure, Bill St. Clair and Houston Hart. And of course our thanks to our Pro. Cliff Goff, for all his help. The golf course was at its best thanks to Glenn Watkins for that.

We could never ask for a more beautiful day to play. As the ladies registered they were given gifts of handmade golf shoe bags. Coffee and homemade coffee cakes and sausage rolls were served between 8:00 and 9:00 that morning.

After play, a lunch was served by D. J. Homecooking, Jana St. Clair and Dana Heathington.

Winners were then announced and gift certificates were given to the following: CHAMPIONSHIP FLIGHT---first place - Alice Vinton and Carol Snider of Farwell, 66; second place-Gail Kenejon and Anna Crooks of Clovis, N.M., 69; and third place-Sharon Hughes and Helen McWhorter of Farwell, 74. FIRST FLIGHT --- first place-Nita Short and Mary

Owens of Littlefield, 75:

second place Beverly Obenshain and Herrington of Farwell, 77: and third place- Jeanetta Precure of Muleshoe and Sandie Dubose of Tulia, 77.

SECOND FLIGHT---first place-Doris Bolton and Julie Smith of Clovis, 79; second place-Claudine Elliott and Mary Hicks of Muleshoe, 70; and third place-Clara Hays and Ann Johnson of Clovis, 79.

THIRD FLIGHT---first place-Florence Henderson and Betty Smith of Amarillo, 81; second place-Glenna Prince and shirley Glenna Prince and Shirley Phillips of Clovis, 87; and third palce-Cookie Bamert and Pearl Gupton of Muleshoe, 88.

FOURTH FLIGHT---first place-Jodie Johnson and Jeliene Allen of Clovis, 84; second place - Marlene St.

### Amanda Nichole Daniel

Mr. and Mrs. Clifford D. Daniel of Earth are the proud parents of a daughter born at 11:50 a.m. Sept. 8 in West Plains Medical Center.

The young lady weighed nine pounds three ounces and has been named Amanda Nichole.

Grandparents are Mr. and Mrs. Reiford Daniel of Earth and Mr. and Mrs. Lloyd Pippin of Amarillo. Great grandparent is Eddie Martin of Oklahoma

City, Okla.

Clair and Brenda Black of Muleshoe, 91; and third palce-Neva Hickey and Mozelle Lilly of Dimmitt,

Prizes of putters and sand wedges were given in each flight for the longest drive and closest to pin. Those winning these honors were: CHAMPIONSHIP FLIGHT --- Longest Drive-Carol Snider and closest pin No. 9-Jan Fontalia.

FIRST FLIGHT---longest drive-Jeanetta Precure and closest pin No. 9 Mary Zoe Owens; SECOND FLIGHT-longest drive-Mary Hicks and closest pin No. 7-Ann Johnson; THIRD FLIGHT-longest drive - Shirly Phillips and closest to pin 7 - Betty Smith; FOURTH FLIGHT---longest drive-Jodie Johnson and nearest pin No. 7 - Jodie Johnson.

This tournament is our big day of the year for our ladies and it takes a lot of hard work in planning. Our compliments to our two ladies who were our chairman and co-chairman, Dorothy St. Clair and Cookie Bamert. They did a beautiful job.

They say they could not do it without all their help from all their committee who worked so well for them. Our out of town ladies wanted to linger on even after play and lunch just to visit---so we were all well pleased with our big

PRICING A BUSINESS

No one knows what the value of a business should be. He who thinks so is only giving you his "opinion." If you ask ten business people including account-ants, attorneys, bankers, insurance agents and real estate salespeople to value a given business for you, you would probably get ten or possibly twenty different

One invalid factor I see considered frequently is if the business can be bought on credit. No nation in the history of the world was ever sitting as pretty. If we want anything, all we have to do is go buy it on credit. That leaves us without any economic problems, except perhaps someday to have to pay.

There are a number of valid factors that enter into the value of any business, such as location, products sold, and age

There are several acceptable ways to 'help' determine the value of a busi-

The "book value" is simply the cost of the various assets less depreciation and the outstanding debt. Since this is not a

true indication of the worth of the business, it is seldom used to determine a sales price.

The second method is the "asset replacement value." This method is not valie since it does not take into consideration the earning capacity of the assets.

Another is "liquidation value." This is the fair market value (auction value) of the various assets minus the debt owed against them. This value is the lowest any seller should accept since he could simply hold an auction and realize this amount.

The most common method of valuing a business is determined by the "right to future income." This figure is arrived at by some multiple of earnings. You may have heard it said that a business is worth four times net earnings, or eight times net earnings, or whatever. The multiple of earnings you pay is determined in part by the industry and nature of the business and by what percentage of return you are looking for on your invest-

His responsibilities with the Water Commission, formerly the Texas Water Rights Commission, include acting on applications for water use, waste disposall and other permits, creation of water districts, and funding approval of applications for bonds by water districts.

Roming has worked in water related issues and in state government as chief clerk of the Texas House of Representatives Agricultural and Livestock Committee from 1979 to 1980. He was legislative director of the Alcohol Fuel Products Association from 1980

A graduate of Muleshoe High School, Ralph farmed in Bovina for 20 years.

Roming says he has realized that water is the most crucial problem that the State faces for the next 20 years. He believes it is time to make specific strides in formulating a state policy that will eliminate problems and shape the direction that should go.

"I have some ideas both dealing with conservation and innovative technology that I think will be useful in formulating the over-all scheme of this state's water policy," says

week in Seattle, Michigan. Last year the Sun Devils of Arizona State were rolling through their season with nine straight wins and 5 and 0 in the Pac-10 Conference. Then the sky fell in. Successive losses to Washington and Arizona drowned hopes for their first trip to the Rose Bowl, and dropped State into a third place finish in the conference. However, they rallied with that big win over Oklahoma in the Fiesta Bowl. U.C.L.A. beat the Sun Devils 34-24 in their last meeting in 1981. We think the Bruins will

Those crops that looked and were stressed before the rains will not be helped much now, except for feed grain, wheat and pasture lands. The moisture will help to some extent however, he admitted.

Mrs. Don Seales who lives west of Muleshoe on FM 1760 told the Journal that only showers were received at their residence. However, Seales farms several other places and reports that east of Stegall at least 11/2 inches were received in two rains on Monday. In the Longview area about 3/10 inches of moisture fell and near the old Monument Church site area a total of 1 3/10 was received overall on Monday. There is a lot of pasture land in that area and it will be helped significantly by the moisture.

Other reports throughout the area showed that near the West Camp area about 2/10 inches of moisture was received. On Buster Kittrell farm 8 miles south of Muleshoe 9/10 highway 214 about inch fell and six miles northeast of Muleshoe on the Kenneth Hanks farm they received 1 4/10 inches of moisture. Reports west of Stegall and North showed from 11/2 to 1 3/4 inches on Saturday night.

The Needmore area received showers of about 1/2 inch, however some isolated areas were heavier

In 1982. Steinbock was the Buff's leading scorer with 40 points including 13 during a game against McNeese State in which he booted over four field goals. This set a school record and tied a conference one, earning him the title of Most Valuable Player of the week.

Steinbock also connected on 16 of 21 extra points and 8 of 16 field goal attempts. His other interests include water skiing, motorcross racing and golf. Following graduation, this business/economics major hopes to farm. Steinbock is the son of Mr. and Mrs. Max Steinbock of Lazbuddie.

### **Rotary Gets Suggestions** On Burglary Prevention

The Muleshoe Rotary met at noon on Tuesday for their regular weekly meeting with three guests, plus a guest speaker. The regular guests were Bob Kirk, Warren Daton and Jerry Meir. Two new members, Ronnie Dent and Doug McMeans were installed at the noon meet.

Dr. Tom Bonds was in charge of the program and presented Muleshoe Police Sargeant Wayne Holmes who discussed with members the proper ways to lock up a house in order to prevent burglaries. Holmes

said that residents should not allow newspapers to stack up, which sometimes is taken as a signal that residents are away. Leaving a dog in the house while away is a good safeguard, as well as leaving lighting on in the house.

Sgt. Holmes advised to "let you neighbors help. Help from the public on unusual activities will prevent many burglaries, and any unusual activity should be reported to local police." The sargeant said that police do not worry about false alarms, and are glad to be of assistance. The Muleshoe police

officer stated that proper locks should be installed on all doors. "Good locks on front doors and second rate locks elsewhere are good combinations," further stated; and, suggested that people install locks that cannot be unlocked from the inside. Locks which do not allow unlocking in this manner make it hard for large objects to be taken from the home.

Finally, the Sargeant told members that engraving of valuable objects with the number of their driver's license was one of the best ways to trace down stolen objects. An engraver costs about \$8 and can be pur-

chased at most hardware stores. Holmes also advised that several stolen bikes were in the property department of the station, which have been identified and suggested that persons having one missing should check

### Hay, Roughage Being Sought By Dry Counties

Martin Chandler, Parmer County ASCS Executive Director has stated: due to wide-spread drought conditions this summer in many areas of the county, we have received several reports of hay shortages. Some states and counties are known to have a surplus of hay or other roughage. Due to this problem Parmer County ASCS Office is keeping a list of producers with hay or other

roughage for sale. This list will be sent to the Texas ASCS Office each Wednesday. If you have hay or roughage for sale, please contact us at this number-806-481-3311.
