STERLING TEAM WINS STATE

4-H SENIOR RANGE JUDGING TEAM STATE CHAMPIONS

The Sterling County Senior Range Judging Team is the 1974 State Champion 4-H Club Range Judging Team. In addition, 3 members of the team were the three high point individuals of the contest held last Saturday at San Anelo on the range area around the North Concho Lake. The Junior Team won third place in their division of the contest to help make the day even better.

Members of the Senior Team were Michael Lackey, Victor Probandt, Russell Davis, and Amy Hodges. High point individual of the contest was Michael Lackey. Victor Probandt was second high individual while Russell Davis was third high individual of the senior contest. These three will not be able to compete as team members in the future as 4-H rules do not permit this.

Members of the Junior team were John Lackey, Eddie Probandt, and Wesley Hodges.

Members of the winning senior team each received a gold medal for their efforts. The team received a plaque given by the Texas Section, Society of Range Management. The first high individual, Michael, received a gold medal; Victor received a silver medal as second high individual, and Russell a bronze medal for third.

Each of the members of the Junior Team received a bronze medal for their team efforts. The medals and plaque are on display in the window at Brooks Dry Goods.

All the members of the two teams are veterans at range judging, having participated for several years. Michael, Victor, Russell and Amy all began as juniors several years ago. Last year they placed second in the state contest. John, Eddie and Wesley have each participated for at least one year previous to this. They placed second in their division last year.

In range judging, participants are required to identify a number of range plants, including common name, which may be a grass, woody plant, forb or native legume. They must rate four different plots and give reasons for doing so. They must rate plots as to degree of use and soil site, range conditions and make recommendations as to how to improve the range and its use.

You will notice that each of the senior team members except one had a younger brother on the junior team—Michael and John, Victor and Eddie, Amy and Wesley.

Charles Probandt provided the extra transportation needed by the group and attended the contest. His interest and help is appreciated. The consideration of the parents in getting the team members to the training sessions that have been going on for several weeks is also appreciated.

In the range judging awards made at the FFA Father & Son banquet last week, the awards were presented by Hugh Lackey to Victor Probandt, Michael Lackey, Mike Bowen and Ross Hord.

**'DEMO' RUN-OFF
HERE JUNE 1**

There will be a runoff or second primary election here by the Democrats on June 1. The Sterling County Democratic Executive Committee chairman Jack Douthit said there would be two races to be voted on. No local races are on the ballot.

Robert (Bob) Krueger of New Braunfels will be on the ticket with State Senator Nelson W. Wolff of San Antonio. They are vying for the 21st Congressional seat being vacated by O. C. Fisher, veteran Congressman. Wolff led in the first primary against five other contenders. Krueger, New Braunfels business man and former college educator, was slightly behind the top contender Wolff.

In the 63rd State Legislative race, C. Glenn Toombs, county judge of Borden County, faces Michael H. Ezzell. The two nosed out the third contender, Mrs. Mary Thomas of Big Spring, but face a runoff to settle the race. The winner of this race will face John R. (Rich) Anderson, a Republican, in the November general election.

All voting in Sterling County will be done in one box at the courthouse. Since there are no precinct races, this can be done. Mrs. Lee Augustine is handling the election that day for the Democrats.

TO OUR FRIENDS IN STERLING COUNTY

It is absolutely urgent that you get out and vote on Saturday, June 1—and if you can't be there—be sure and vote absentee now.

No. 1—Glenn (High-Tax) Toombs is running on a platform that accountants say will quadruple your taxes whether you live in town or the country.

No. 2—Glenn (High-Tax) Toombs has been our County Judge in Borden County for almost four years.

No. 3—Toombs has raised the taxes every year he has been in office and two years ago the ranchers averted a lawsuit with the oil companies only by getting together with them and agreeing to raise our land taxes by 50%.

No. 4—Judge (High-Tax) Toombs wants to come in everybody's house and inventory your dishes, furniture, automobiles, etc. by a disinterested, outside appraiser and tax each of you for full appraised value of everything you own, including cash in the bank, and the cup you drink your coffee out of each morning.

No. 5—The only way we can have good government is for sound, good thinking citizens to turn out and vote on Saturday, June 1 against Glenn Toombs and then in November you will have two acceptable candidates—between which you can choose.

No. 6—Judge (High-Tax) Toombs did not carry one box in Borden County—not even the box where he was raised.

No. 7—Glenn Toombs did not carry Scurry County where he ran, not on his reputation but on the good reputation of his parents. In fact he did not carry any box where people know him and his policies.

No. 8—Judge (High-Tax) Toombs could not get reelected as dog catcher in Borden County if Borden County had a dog catcher.

No. 9—We do not think that any man should warrant the support of a fine county like Sterling if he cannot carry his home box or his home county where he is well known.

No. 10—It is absolutely urgent that you in Sterling City—whether you live in town or the country—form telephone committees to get people out to vote so we can have two acceptable candidates to choose in the November election.

No. 11—Regardless of what pretty words Glenn Toombs says it certainly can be verified and substantiated that the foregoing is definitely what he believes.

No. 12—We will appreciate it if you will check out with Borden County people to verify the above facts and then vote on one of the most important votes you'll ever make.

AROUND
THE
COUNTY
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

This weekend beginning today, Friday, is what seems to be the best time to spray for the control of the pecan nut case-bearer. There has been a gradual increase in the number of eggs found on the brown ends of the tiny nuts during the past week. A check of trees in several areas of town on Wednesday found sufficient numbers of the eggs on the ends of the nuts to make spraying necessary.

On Thursday of last week, two eggs were found on one hundred clusters. By Monday, the count had increased to four per hundred and on Wednesday, it reached six per hundred.

The eggs are laid on the tips of the small nuts by the moth. Each of the egg clusters, about the size of a small pinhead, contain 50 to 100 eggs. These eggs hatch in four to five days. The tiny worms migrate to the buds below the nuts to feed for a day or two after which they enter the nuts, usually at the base.

They then feed on the nuts, usually destroying the entire cluster. Once the worms have entered the nuts, spraying is not effective as there is no way to reach them on the inside of the nuts.

Thus, with the egg counts as they were Wednesday, they should hatch the latter part of this week. Spraying during the weekend should prove to be the most effective time.

The materials that have given the best control here is a combination of Sevin and malathion. One will give a quick knock down of the insects while the

other provides a longer residual effect. As always, in this area, zinc sulfate should be used to control rosette, a nutritional deficiency.

The mixture for one hundred gallons of water is as follows: two pounds of Sevin, one and one-fourth pints of liquid malathion, and two pounds of zinc sulfate. If the wettable powder malathion is used, use two and one-half pounds.

For small batches of the spray in five gallon lots, use four tablespoons of Sevin, three tablespoons of the liquid malathion, and five tablespoons of the zinc sulfate.

Eight Sterling County 4-H Club members and one adult leader will attend the District 7 4-H Camp at Junction next week, May 29-31. The camp site will be the Texas Tech Center on the Llano River.

Girls who are signed up for camp are: Amy Hodges, Becky Hodges and Susie Humble. Lisa Horwood, who is the incoming District Council Secretary, will also be going to camp. She will be installed in her new office during camp and is one of the group leaders. Mrs. Bill Humble will also go with the girls.

Boys who are going are Charles Blanek, Scott Davis, Larry Horwood and Fred Thompson. They will be accompanied by the County Extension Agent.
