COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Sterling County 4-H Club members will be well represented during the annual State 4-H Round Up and Contests scheduled to be held next week, June 4-5, at College Station. Held on the campus of Texas A&M University, the annual event is one of the highlights for club members and adult leaders.

Eight local club members and two leaders will be making the trip along with the county extension agents next week. Club members making the trip are Patti Bynum, Jennifer Lackey, Kim Rich and Mary Lynn Rich who will be competing in the Share the Fun Contest. Mrs. Billy Ralph Bynum and Mrs. Hugh Lackey who coached the group to second place in the district contest are to accompany them. Russell Davis, Amy Hodges, Michael Lackey, and Victor Probandt will be taking part in the grass identification contest.

In addition to the contests, the club members will attend programs and recreation Tuesday evening and Wednesday evening. The group will leave for College Station early Tuesday morning and return home Thursday afternoon.

Screwworms moved in right next door with the confirmation of a case in Tom Green County last week. This is the nearest case confirmed this year.

There have been a number of samples sent in from Sterling County this year but all have been identified as nonscrewworms. All producers are urged to maintain a careful check on their livestock for possible cases. Collection vials and mailing tubes are available at the feed store as well as the county extension agent's office here.

Thus far this year, the cases have been very scattered according to eradication program officials in Mission. There has been no concentration of cases in a particular area.

Many pecan tree owners have sprayed for the control of the pecan casebearer during the past few days. It would be well to check the little nuts this week for evidences of eggs or damage from the casebearer as well. If evidence of damage in the form of a small hole, usually near the base of a small nut, where the worm has gone into the nut is found, another spraying might be necessary. The recommended mixture is the same as the one in last week's paper with the exception of the zinc sulfate which should be omitted from this second spraying.

Aerial spraying of mesquite has started in the county this week. Moisture conditions at this time may be borderline in some areas of the county but the heavy foliage that the trees have this year is in favor of treatment. All mesquites seem to have a better leaf crop than usual this year thus providing the necessary area for the intake of the spray. The leaves have turned dark green and have not hardened yet as they do after a certain period of time.

Under these conditions, it is difficult to make a blanket recommendation to spray or not spray. Better topsoil moisture would improve the situation but with the foliage and progress of growth the trees are getting moisture.

Also, there has been no insect damage to the foliage at this time. Many years this has caused

## MCT Sets Dr. Cook's Garden

Dr. Cook's Garden - suspense play with a difference, opens at MCT June 7.

Ira Levin, who wrote CRITIC'S SHOICE and NO TIME FOR SERGEANTS, makes a surprising change from those two witty and uproariously funny plays, to the chilling suspense of DR. COOK'S GARDEN. He also wrote ROSEMARY'S BABY, but this one is different.

You'll know what's happening almost from the beginning when young Dr. Jim Tennyson, fresh out of medical internship, drops in to visit his home town. Dr. Jim discovers the secret of his old friend, Dr. Cook, and is up to his stethoscope in creeping horror before you can say Jack-the-Ripper.

Old Doc, long time physician and civic leader in Greenfield Center, Vt., is a great guy, beloved by three generations of loyal New Englanders—those of sound mind and body, that is.

Dr. Cook himself says, "This town is the happiest town, the healthiest town, in the entire state of Vermont! Maybe in the entire country! Maybe in the entire world!" Old Doc sees to that personally.

Burl Ives and Keir Dullea played the two dictors in the original Broadway production, and Bing Crosby was the kindly old physician in television's version of the play.

On MCT's stage Marvin Weiss will play Dr. Cook, and David Barlow, Dr. Tennyson, Dr. Cook's nurse, his housekeeper and his gardener, will be played by Helen Weiss, Patti Langford and John Chain, in that order.

Midland Community Theatre's box office will open to members on Thursday, May 30, and to the public on Monday following, June 3rd. Box office hours are 10 a.m. to 5 p.m.

## GIANTS WIN 8-7

Tuesday, May 28, the Giants won a tight game 8-7 over the Carlsbad Mets. At the top of the 6th inning, Carlsbad led 7-6. Gary Maricle brought Glen Orr in for the tying run. The winning run was scored by Gary Maricle on a hit from Dusty Demere. Don Templin led the team in defensive plays with a catch in right field for an important out. Ray Rodriguez led the pitching backed by Craig Foster and Dusty Demere.

The Giants game Saturday, May 25 with the Robert Lee Indians was rained out and will be played at the end of the season.

a postponement of control measures.

In addition, the future use of herbicides for the control of brush is being seriously questioned. It is available this year and is permissible. The status of this program for another year is not known at this time. A meeting was scheduled in Washington on this for May 15 but no results of the meeting have been available yet.

Each landowner is going to have to decide whether to spray or not on what he thinks based on the conditions. Some spraying done during similarly dry conditions has been very satisfactory; some has not. The same is true under better moisture conditions.

## Maria Gonzales Funeral Held

Mary G. Gonzales, born Nov. 3, 1917, died May 24, at her home in Sterling City, where she had lived all her life.

She married Marcelino Gonzales in June, 1937. Maria was a member of the La Hermosa Baptist Church for many years and was very active in church activities. She also was a volunteer worker in the PTA, the Cancer Society, the Heart Association and many other activities.

Maria was a loyal and trustworthy resident of Sterling City and was loved by all.

She is survived by her husband, Marcelino Gonzales, her mother, Mrs. Lula Gonzales, a son, Danny Gonzales of California, a daughter, Mrs. Elizabeth Pangel of Louisiana, two brothers, Ralph Gonzales of San Antonio, and Manuel Gonzales of Waterloo, Iowa, and a sister, Mrs. Frances Gomez of California.

Funeral arrangements were conducted by the Ross Funeral Home. Services were held on May 27, at the First Baptist Church by Rev. Rojas and Rev. Tucker.

The ever-smiling face of Maria Gonzales will be missed by her family and friends for years to come.

## Summer Recreation Program

There is a summer recreation program scheduled for youngsters of Sterling City beginning June 10. Boys and girls will participate in basketball, tumbling, track, twirling, pet show, bicycle sprints, baseball, swim meets. Arts and crafts will be taught to 13, 14, and 15 year olds only.

On Monday, Wednesday and Friday, the hours will be 8 to 11 a.m. On Tuesday and Thursday hours will be 9 to 12 a.m. and 2 to 4 p.m.

A fee of \$15 per child (to be paid by June 8) will be charged and entitles each child to participate in all those planned activities, including swimming lessons.

For further information contact Kay Gaston, Kathy Kidd or Travis Ann Murrell.

## ACCEPTED AT VET SCHOOL

Janis Igo received notice this week of her acceptance to the School of Veterinary Medicine at Texas A&M University. She will begin the three year curriculum of Doctor of Veterinary Medicine in September.

## Ice Cream Party

The members of the Methodist Church held an ice cream party in the City Park here Wednesday evening at 7:30. The occasion was to honor the Rev. and Mrs. Harold Orr who will be leaving this Methodist pastorate and going to the church at Big Lake next month.

The Ors were presented with a going away gift. Ross Foster made the presentation.

## BRONCS SLAP WALL 6-4

The Broncos overcame a powerful Wall ball club last Monday night. Tony Navaro pitched another brilliant ball game, giving up only 4 runs and 5 hits. It was a pitchers duel as Wall gave up only five hits also.

Louie Hoover gathered 2 hits and 1 RBI, while Roy Currington supplied the power with a 3 run blast in the sixth. Boots Demere got one single and Dean Jones rapped a double and 1 RBI.

This win put the Broncos in first place all alone with a 5-0 season mark. The Broncos are idle Thursday and will travel to Bronte for their next game.

## Democratic Run-off Here Saturday

### Sterling Alumni Meets June 8

The annual meeting of the SHS Alumni Association will be held here in the City Park Saturday, June 8. Mrs. Mike Bodine said the home cooked barbecue supper plates are \$2 per person and will begin at 7 p.m.

People who haven't yet made their reservations are urged to do so now.

A dance follows, and everyone is welcome. Costs are \$3 per couple or \$2 per single. The dance will be from 9 to 1 o'clock said Mrs. Bodine.

### Rain Saturday Night

A quick rain passer through Sterling City last Saturday about dark, leaving one-half inch moisture here in town, and varying amounts over the county. A little hail came with the rain here, but no damage in town was reported.

Severe hail and windstorm damage was reported in San Angelo where high winds damaged buildings

### TS&GRA Auxiliary Meeting

The regular monthly meeting of the Womens Auxiliary to the Texas Sheep and Goat Raisers Association will be Wednesday, June 4th, at 9:30 a.m. at the Community Center. All members are urged to attend and any interested women are invited to the meeting.

### LEGAL NOTICE MEETING OF BOARD OF EQUALIZATION

In compliance to an order of the Board of Equalization of the Independent School District No. 1, Sterling County, Texas, duly convened and now sitting for the year of 1974, this May 6, 1974 notice is hereby given that said Board of Equalization will be in session at 10:00 A.M. on Friday, June 14, 1974, at the courthouse in Sterling City, Texas as which time and place said Board will then consider any evidence you may elect to submit as to the value of said property for taxable purposes. The Board, on said date, will form evidence now before it and such additional evidence as may then be brought before it, finally, fix, determine and equalize the value of your property for taxable purposes of the year 1974 and any and all persons interested or having business with said board are hereby notified to be present.

By order of the Board of Equalization of Independent School District No. 1, Sterling County, Texas, this 6th day of May A.D. 1974.

Charlie Davis, Secretary Board of Education, Independent School District No. 1, Sterling County, Texas.

### FOOTBALL CAPTAINS FOR NEXT YEAR NAMED

The 1974 Eagle footballers named the captains for next fall—being Russell Davis, Ronny Hord, Tom Kilpatrick and Jeff Copeland.

Head coach Danny Slaughter said 21 boys had signed up to come out for football next year.

FOR SALE—Pool table, good condition. \$20. Tony Dodds, 378-3371.

There will be a runoff or second primary election here by the Democrats on June 1. The Sterling County Democratic Executive Committee chairman Jack Douthit said there would be two races to be voted on. No local races are on the ballot.

Robert (Bob) Krueger of New Braunfels will be on the ticket with State Senator Nelson W. Wolff of San Antonio. They are vying for the 21st Congressional seat being vacated by O. C. Fisher, veteran Congressman. Wolff led in the first primary against five other contenders. Krueger, New Braunfels business man and former college educator, was slightly behind the top contender Wolff.

In the 63rd State Legislative race, C. Glenn Toombs, county judge of Borden County, faces Michael H. Ezzell. The two nosed out the third contender, Mrs. Mary Thomas of Big Spring, but face a runoff to settle the race. The winner of this race will face John R. (Rich) Anderson, a Republican, in the November general election.

All voting in Sterling County will be done in one box at the courthouse. Since there are no precinct races, this can be done. Mrs. Lee Augustine is handling the election that day for the Democrats.

### BE SURE AND VOTE

The possibility of a very light turnout of voters is worrying both candidates and officials. Please take time to vote Saturday—that is what makes democracy work—said the county chairman.

### WIN AT ART SHOWS

Maxine Turner won 4 awards at the Ballinger Arts and Crafts Fair on May 18. Her paintings, The Bath and Basket Weaver were second place winners and Apple Blossom Time and Safe Harbor won third.

On May 25, the Ballinger Art League held their fifth annual art show. Maxine Turner won a first, two thirds and three honorable mentions. Pat Copeland won a second and Merle Thompson a third. Other exhibitors from Sterling City were Lucy Onstott, Beth Wells and Joyce Salvato.

The group is now getting ready for another show in Snyder.

### CARD OF THANKS

We wish to express our thanks and appreciation to all the many friends for their many expressions of sympathy at the death of our loved one, Maria G. Gonzales.

A special thanks for the memorials, the food, the flowers—the flowers from N.E.S.P.C. and Kelly A.F.B.—and all expressions of love and sympathy.

Your many acts of thoughtfulness and kindness were gratefully accepted.

God Bless You.  
The Family of Maria G. Gonzales

## NEWS OF ECOLOGY

### ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

Sooner or later they're going to develop a computer so human that it will blame its mistakes on other computers.

## Spotlight on HEALTH

### PROFILE OF A COLD VICTIM

What are your chances of catching cold? According to a booklet on the subject, they're especially good if you're female, live in a large city in the western or north-eastern part of the U.S., and are the mother of a child under 6 years of age. Young children are the greatest cold-spreaders. Your chances are further enhanced if you're going through a period of stress and strain. "Contentment preserves one even from catching a cold," the great philosopher, Nietzsche once said.

The booklet, which discusses the common cold, is distributed by Winthrop Laboratories, the makers of Neo-Synephrine nose drops and nasal spray that are widely used in the U.S. and abroad.

Keeping up one's resistance helps to avoid the common cold, according to the publication, which advises getting sufficient fresh air and exercise, well-balanced meals, and as much sleep as possible in a well-ventilated bedroom. In cold weather areas, an extra hour a night is recommended.

Early stages of the common cold are the most contagious. Every sneeze fills the air with thousands of virus-laden droplets. To help

prevent spreading a cold to the rest of the family, to friends and to co-workers, everyone should have his own glass, cup, silverware and towels. Hands should be washed thoroughly and often, preferably with a liquid antibacterial skin cleanser. pHisoHex is the one that is used in most U.S. hospitals to help prevent spread of infections. Particularly during the cold season, it is wise to keep a handwashing preparation in the kitchen, as well as in the bathroom.

Your chances of catching a cold will be reduced if pre-

cautions are taken. However, the Winthrop booklet also states that it is not completely possible to avoid a cold. Just breathing the air that someone with a cold has merely talked into offers the possibility of infecting a healthy person.

## Read the Facts

### To the voters of 63rd Legislative District:

I appeal to the intelligent voters of this district to use logic in voting on June 1st.

I was SHOCKED and APPALLED at the HOSTILE and SLANDEROUS political advertisement paid for by JOE R. LEMLEY of San Angelo, Texas, who lives OUTSIDE of this district, claiming to be Chairman of a POLITICAL COMMITTEE that IS NOT on file with the Secretary of State in Austin and is therefore a VIOLATION OF THE TEXAS ELECTION CODE.

The statements he made are completely FALSE AND RIDICULOUSLY ABSURD. The tax records of Borden County are a matter of public record and are on file in the Tax Office.

I stand on my honor and integrity as County Judge that the taxes have been LOWERED since I have been in office and not raised as Mr. Lemley would have you to believe. Ranch land in Borden County is taxed at a rate of just under four cents (.04) per acre. These facts are recorded for you to inspect, and I INVITE you to do so if you have any doubts or questions concerning the tax structure in Borden County.

I have run my race consistently on my own integrity, experience, and sincerity, and I will continue to do so, and, I am shocked that all opposed to my candidacy would appear to sanction such hostile and slanderous language. I have no use for mud-slinging, nor do I feel that our government has use for it. I want to serve you, the 63rd Legislative District. I have lived in this district most of my life and I have strong family ties here, naturally, I am concerned about the people of West Texas and their problems.

Again, I ask you to VOTE for MATURITY and EXPERIENCE in government. The seriousness of this office and the man who fills it are not to be taken lightly. It calls for dignity, truth and honor. I believe I am a candidate who represents these qualities. I strongly urge ALL DEMOCRATS to make yourself known—

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here. If your check is lost or stolen,

get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.' Social security pays over \$4 billion a month in benefit checks

to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security. For further information contact the Social Security office at 3000 W. Harris Avenue, San Angelo, Texas 76901 or call 949-4608.

**Independent Democrat for U.S. Congress**

Pd. Pol. Adv. FRIENDS OF BOB KRUEGER 228 S. Seguin St., New Braunfels, Texas Bill Richter, Chairman

**If you don't vote this Saturday, the San Antonio political machine will elect their candidate for U.S. Congress.**

*If you DO vote, we can have a conservative minded congressman who will represent ALL the people of the 21st district.*

Unlike Nelson Wolff, the San Antonio political machine's candidate, **BOB KRUEGER** is a man from our part of the district. Bob is from Comal County and as a boy his family taught him to be an honest, hardworking, and conservative minded man.

Coming from Comal County, Bob Krueger knows what it's like to want a representative who will not forget the people outside the very large metropolitan areas. **BOB KRUEGER IS COMMITTED TO REPRESENTING ALL THE PEOPLE OF THE 21ST DISTRICT.**

Krueger is a straight shooter and has taken a stand on every issue:

- FOR a balanced budget
- FOR the right to work
- FOR a strong national defense
- FOR maintaining all our local military bases
- FOR predator control
- FOR a tough anti-crime and drug abuse program
- FOR an agricultural policy which encourages rather than discourages production
- FOR a fair share tax plan
- FOR oil depletion allowance
- AGAINST Federal Land Use policies
- AGAINST forced busing
- AGAINST general amnesty
- AGAINST gun control
- AGAINST wage price controls
- AGAINST metro-government
- AGAINST a national socialized medicine program

Bob Krueger, like Gov. Coke Stevenson and John Poerner, knows how important it is to have a congressman who'll represent us, not forget us.

Vote against the San Antonio political machine.

# NEWS OF EDUCATION

## College Students: Bored of Education?

To many concerned parents, today's college students seem much less impressed with the importance of their education than were students of years ago. Sometimes, the students even seem bored.

But educators and psychologists point out—seriously, yet sometimes with a smile—that many college students today are learning far more at school than their parents ever did.

Today education is different. Not only do new teaching methods make learning easier and lots more effective, but also college is seen as a place for social as well as academic instruction.

Which is as it should be, when you consider that college is a mini-model of the tough outside world students will soon enough have to cope with and function in. And adjusting properly to that world is just as impor-

tant and just as difficult as any course a school has to offer.

That's why so many students are getting involved with the running of their schools. The actuality of practical campus politics is a good deal more enlightening and instructive than classroom theories.

That's also why students seem to take their competitive sports more seriously than ever before. Trying to do one's best is very much a part of the outside world and these kids are very much aware of it. They play hard and work hard at keeping themselves fit with effective medications like Tinactin cream, solution and powder, which fight most fungus to kill and help prevent athlete's foot, that old college locker room nemesis.

Unfortunately, these kids—the good kids who make up the majority of this nation's student body—rarely make news on radio or TV. But their abilities and straight thinking have not gone unnoticed.

Each year, more and more of these grade-A students are being recruited by business and industry before graduation.

Which would indicate that they were far from bored with their college education.

## NEW TEXAS ALMANAC 1974-75 Almanacs

THE PEOPLE OF TEXAS, a study of the many nationalities and ethnic groups that have combined to make up the state's population, is one of many new features in the 704 pages of the 1974-75 Texas Almanac, published by A. H. Belo Corporation, publishers of The Dallas Morning News.

The article is by R. Henderson Shuffler, executive director of the

University of Texas Institute of Texan Cultures at San Antonio.

Texans have always come in assorted sizes, shapes and colors, with a wide variety of mother tongues and hereditary customs and traditions, Shuffler writes. He has capsuled this variety of cultures in the special Almanac feature.

The new edition also contains a comprehensive history of the livestock feeding industry in Texas, which now leads the nation in

numbers of cattle fattened in feedlots. The article was written by Sam A. Thomas Jr., manager of agricultural development for Southwestern Public Service Company of Amarillo.

Two reports are of special interest to ecologists. One is a list of endangered plants and animals in the state, prepared by the Texas Organization for Endangered Species. The other is a list of state agencies responsible for pollution control.

## TO OUR FRIENDS IN STERLING COUNTY . . . . .

**It is absolutely urgent that you get out and vote on Saturday, June 1—and if you can't be there—be sure and vote absentee now.**

- No. 1—Glenn (High-Tax) Toombs is running on a platform that accountants say will quadruple your taxes whether you live in town or the country.
- No. 2—Glenn (High-Tax) Toombs has been our County Judge in Borden County for almost four years.
- No. 3—Toombs has raised the taxes every year he has been in office and two years ago the ranchers averted a lawsuit with the oil companies only by getting together with them and agreeing to raise our land taxes by 50%.
- No. 4—Judge (High-Tax) Toombs wants to come in everybody's house and inventory your dishes, furniture, automobiles, etc. by a disinterested, outside appraiser and tax each of you for full appraised value of everything you own, including cash in the bank, and the cup you drink your coffee out of each morning.
- No. 5—The only way we can have good government is for sound, good thinking citizens to turn out and vote on Saturday, June 1 against Glenn Toombs and then in November you will have two acceptable candidates—between which you can choose.
- No. 6—Judge (High-Tax) Toombs did not carry one box in Borden County—not even the box where he was raised.
- No. 7—Glenn Toombs did not carry Scurry County where he ran, not on his reputation but on the good reputation of his parents. In fact he did not carry any box where people know him and his policies.
- No. 8—Judge (High-Tax) Toombs could not get reelected as dog catcher in Borden County if Borden County had a dog catcher.
- No. 9—We do not think that any man should warrant the support of a fine county like Sterling if he cannot carry his home box or his home county where he is well known.
- No. 10—It is absolutely urgent that you in Sterling City—whether you live in town or the country—form telephone committees to get people out to vote so we can have two acceptable candidates to choose in the November election.
- No. 11—Regardless of what pretty words Glenn Toombs says it certainly can be verified and substantiated that the foregoing is definitely what he believes.
- No. 12—We will appreciate it if you will check out with Borden County people to verify the above facts and then vote on one of the most important votes you'll ever make.

WHERE PEOPLE KNOW THEM BEST—

## Mike Ezzell Comes out ahead!

Before you go to the polls and vote in the run-off Democratic Primary June 1 for nomination of your state representative, consider these facts:

- 1.—Mike Ezzell received 53.96 percent of the vote in his home (Scurry) county in the first primary over two opponents, although this was his first political race.
- 2.—In Borden County, where his run-off opponent serves as county judge, Mike Ezzell received 58 percent of the vote and carried every box.
- 3.—In the Fluvanna box where his opponent grew up, Mike Ezzell received 57.90 percent of the vote.
- 4.—Despite a late start in campaigning due to his job responsibilities, Mike Ezzell carried Howard County.

YES, Mike Ezzell comes out ahead where people know the candidates best. Vote for Mike Ezzell June 1—you know where he stands.

# NEWS of Travel

LET YOUR CHILD TAKE YOU THROUGH DENMARK

One of the questions you hear over and over again when tourists plan their vacation is: "Where do we find a place where all members of the family can have fun and where prices fit our family budgets?"

The answer is easy. For tots and teenagers, for 20-year-olds to senior citizens, Denmark offers a variety of fun that can't be found anywhere else.

Your children will be completely captivated by a visit to a real fairy-tale park with its Renaissance castle Egeskov, erected in a lake, on the island of Funen. In the barn there is a museum filled with vintage aeroplanes, cars and motorcycles.

Denmark is truly a children's wonderland. Of course there are summer camps, riding schools and sailing schools. But what about the real children's traffic school at Legoland? The miniature village in Jutland is virtually a children's paradise.

From June through September, you can ride the Veteran Railway every Sunday from legendary Elsinore (site of Hamlet's castle) to the resort of Gilleleje, and there's a parade every Friday by the Elsinore Girl Guards.

For the adventurous, there is Givskud Lions Park, where you'll see African Lions, enor-

mous elephants and gentle giraffes in natural surroundings. Driving your car among these exotic animals is comparable to enjoying a mini-safari.

At the Circus Building, Benneweis, Scandinavia's biggest circus, presents world artists in the ring every night, from mid-April to September 30. Tivoli, Denmark's world-famous fairy-tale garden in the heart of the city, is filled with amusements for children and adults, restaurants and dancing from May 1 to September 16. It features a fascinating playground, Children's Holiday Shows, the Pantomime Theater, The Open-Air Stage, the Tivoli Boy Guards, parades and fireworks. And every Tuesday throughout the summer, there is a very lively children's circus in the Odense Zoo.

Denmark even has its very special Hans Christian Andersen Festival held in the Funen Village, in his native town Odense, from July 6 to August 5, where children enact Andersen fairytales on an open-air stage, that will delight the whole family.

For more information on events for children in Denmark this year, write to: Danish National Tourist Office, Scandinavia House, 505 Fifth Ave., New York, N.Y. 10017.

Overheard: "The trouble with being a bachelor is that by the time you've played the field, you're too old to make a pitch."

## POINTERS FOR CAMPERS

**TIP #1:** A recreational vehicle owner quickly discovers that several items are essential in overcoming problems at the campsite. Wheel chocks, for instance, will keep your vehicle safely parked on slanting ground. Never unhitch your trailer until the wheels have been blocked.

**TIP #2:** Before leaving home, measure the length, overall width and height of your recreational vehicle. Both while traveling and once you reach your destination, knowing these dimensions can save you much worrying about bridges, tunnels and campground entrances.

**TIP #3:** Any trailer weighing more than 1,500 pounds fully loaded should have an independent braking system fully synchronized with your car's brakes.

These are just a few of the many camping tips available in a new camping handbook and parts and accessories catalog. Hunters, housewives, weekend campers and even the kids will appreciate this unique publication. It is being distributed by C/P Products Corp. of Elkhart, Indiana, to many recreational vehicle dealers east of the Rocky Mountains. A copy can be obtained only from a dealer.

Titled *Camper's Catalog*, it also contains sections of recipes developed to brighten camping menus, and some clever "color-your-own" post cards for children. The catalog section features over 4,000 quality recreational vehicle and mobile home parts and accessories, including the C/P Products line of fine camping gear, the *Camper's Pride* line.

*Camper's Catalog* is a useful and informative book you will want to keep and refer to during the entire year. If you are unable to find a copy, write for a list of the dealers nearest you. For those west of the Rockies, mail order dealers are listed for your convenience. Address your inquiry to: *Camper's Catalog*, Dept. N. R. C. Box 923, Elkhart, Ind. 46517.

Mr. Jack Douthit  
Sterling City News-Record  
Sterling City, Texas 76951

Dear Mr. Douthit:

The political advertisement published in your May 24, 1974 issue of the Sterling City News-Record paid for by Joe R. Lemley, Chairman, Committee for Good Government, prompted me to write this letter.

The advertisement stated that during his administration as County Judge of Borden County, Judge Glenn Toombs caused taxes to be increased approximately 50%.

I own between 12,000 to 13,000 acres of farm and ranch land in Borden County. Since Judge Toombs took office January 1, 1971, my taxes have not increased 50%. In fact, my 1971 taxes assessed by the State of Texas and Borden County decreased 3.05% from 1970. My 1972 State and County taxes increased 7.71% over 1970. And my 1973 State and County taxes decreased 0.69% from 1970. Do these facts indicate that Judge Toombs increased taxes 50%?

I have known Glenn Toombs since his childhood. I believe him to be a honest, forthright individual. In my opinion his integrity is beyond question.

Glenn Toombs will represent all of the people of our legislative district, and our district will be proud of Glenn Toombs.

Sincerely Yours,

(Signed) Dewey Everett

**PD's Column**

**PRINTER'S DEVIL**  
By The Associate Editor

We have returned for a week, hoping for a rest, but instead finding that the publisher had arranged to put out a ten-page paper and was counting on our help. We were not amused especially since we have been trying to communicate with a computer for the past three weeks. Computers are great if what you tell them to do is actually what you want them to do. Often it is not, but computers do not read minds too well. I really think it's all magic anyway.

—PD—

The computer at the University of Texas, Austin, is one of the biggest in this part of the country. It costs a user \$260 per hour of computer time to use it, unless you are on the faculty or staff of the University. Then it costs \$26 per computer hour. This semester we were involved in 4 different projects, all but one of which turned out. The best part was in generating pictures of Snoopy, Mona Lisa, or Lucy and in playing slot machine or Star Trek with the computer. We consistently won at slot machine, but always lost to the Klingons in space. There are other games to play with the computer, chess, poker, pollution, cell biology, and so on. These are not part of any project, but do provide a sense of accomplishment when the real

stuff doesn't work. The real projects included defining and correlating characteristics of Great Kivas in the Mogollon area of Arizona and New Mexico, dating ceramic types in the same area, and making out tests for a freshman class in anthropology. Yes Virginia, tests from the computer.

—PD—

We have read the complete transcripts of the tapes. Very interesting bedtime reading. We found ourselves trying to figure out what the deleted expletives were. We have a list of possibles if anyone wants to try to fit them in. It's one way to keep your sanity in the face of what was actually going on, but the expletives and characterizations were and are not the really important things happening.

—PD—

After reading the transcripts, and even before, it becomes apparent that it was not the Democrats who blew the whistle, but the men involved, McCord, Dean, Magruder. It is nice to live in a country where people can talk without being done away with. It also points up the fact that if you are in public office, you had better be careful what you do because someone will always talk. So, if you want dirty work done, do it yourself, or else get rid of the guy that does it for you.

—PD—

You notice that there are no women involved in Watergate. Either the administration is male chauvinist or else women are too

*Or do you want a congressman like Bob Krueger who will represent all the people of the 21st district?*

Unlike NELSON WOLFF, the handpicked candidate of the San Antonio political machine, BOB KRUEGER is a man who believes that its time for government to represent the great majority of the American people.

Bob Krueger is the only candidate who has taken stands on every major issue.

He has spoken out:

- For a balanced budget
- For the right to work on a national level
- For a strong military
- For an agricultural policy which encourages rather than discourages agricultural production
- For a freer market system
- Against forced busing
- Against general amnesty
- Against gun control
