Behind the 8-Ball

By the editor.

My body, such as it is, just is not yet adjusted to this new time change. I awake too early every morning and get ready to quit too early each afternoon. But about the time I am fully adjusted to it, then it will go back to DST. I sometimes wish they would leave the time and clocks alone, and let them stay just the good lord set 'em up the first time.

Don't you?

8-BALL

The New Jersey judge that is to rule on whether the life saving equipment that is keeping a girl alive there, has a hard job—and my sympathy. It seems to me, tho, that the family could or should be the ones to decide.

Who wants to be a vegetable that is kept alive by respirators and that is all. Yet I bet that the ruling will be to keep her alive as long as possible.

8-BALL

With all the government programs going in our country now, no one should go hungry, go without clothing, food or medical treatment, eye glasses, dental problems fixed, books to read from libraries, learn how to cook, sew, belly dance, farm or ranch, handle finances, put up with prickly pear or mesquite, stay out of college, do without when out of work, get down and out when old and feeble, and anything else. If you take dope, the government will cure you, if you are an alcoholic, they will cure you, (hopefully on all scores). And oodles more.

It is sorta cradle to the grave care by the state, for those who can figure out how to get it all together. And if you can't, there are paid government workers to help you figure it out.

Bring on the Circus Maximus, Caesar, my lord.

8-BALL

Thomas Jefferson once said—the he who is the least governed is the best governed. Somebody has to pay for all these programs. I say, let the oil rich Arabs pay for 'em. I'll let them.

8-BALL

I read in the Dallas News last week where Richard Nixon deposited \$5,920,000 in a Swiss bank. The IRS probed into it and then turned it over to the Special Watergate Prosecutor's office for any possible violation—but neither the IRS or the Special Prosecutor will talk to reporters about it. Each side says—you'll have to go to the other for any comment.

8-BALL

We notice in the Standard—Times roundup of the 3B foot ball playing records that Jeff Copeland, Sterling back, with the top number of touchdowns in this district—with 14 to his credit and also 10 PATs. That gives him 94 points made this season so far. He leads all the district in points made. The next closest is Denton of Bronte with 63.

Fourth place went to Rudy Rodriguez, Marsh Gonzales and Arthur Barlemann Jr. Tied for fifth place were teams of Randy Peel Ken Rushing, Manuel Lujan, Louis Watson and Bill Jones, Tony Parsons and Worth Durham.

Barretts team won with a 4 under par, Peel's group had 2 under and third place had 1 under par.

OCTOBER 10 TOURNEY

In the Sterling Golf Tournament of October 10, Barretts team won first place (Barrett, Roland Lowe and Louis Watson), 2nd place went to Randy Peel's team (Peel, Howard Cudd and Leslic Cole) and 3rd place went to Bill Jones' group (Jones, D. K. Hopkins and Bob Dodds.)

SEWING FOR THE WAY YOU ARE

According to Mrs. Jean Holland, County Extension Agent-at-Large, a program—Sewing for the Way You Are—will be presented on November 4, 1975 at 10:00 at the community center in Sterling City. This program, sponsored by the Texas Agricultural Extension Service will be presented by Mrs. Cathy Dial, Educational Representative for the Unique Zipper Company.

Sewing For The Way You Are means something different to everyone who sews. If you're figure-conscious, it explains how styles, fabrics and colors can help you look your best. If you like to sew things the fast, easy way. Sewing for the Way You Are, means that picking up new sewing tips that will save time and make you feel like a pro when you sew. And if you enjoy crafty projects for gifts or bazaar items, this is a chance to see some interesting ideas for you to create. Following the program Mrs Dial will be available to answer questions and help solve your sewing problems.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Deer Permits

PICK UP ANTLERLESS DEER PERMITS SOON

San Angelo—Parks and Wildlife Department biologists have finished their deer census work and antlerless deer permits for the upcoming hunting season will be available to landowners in Sterling County on November 6 at the county courthouse.

Wildlife officials at P&WD urge landowners to pick up their permits at the designated place and time since P&WD officials will be on hand to answer any questions they may have regarding the new permit system and issuance rate.

Permits this year are based on current deer censuses by designated compartments in the county. Maps outlining the compartments and rates of issuance will be available to the public at the county courthouse prior to the issuance dates.

For Constitutional Amendments or Revision

There is to be a Constitutional Amendment election here next Tuesday, November 4. (In fact it will be held all over the state.) Voting will be held here in all the boxes in the county and polls will be open from 7 a.m. to 7 p.m. said Mrs. Sandra Peel of the clerk's office.

There has been a lot of talk pro and con about the proposed changes in the Texas Constitution and many are for it. But, some, including Governor Dolph Briscoe, are against it. There is so much involved that only the barest hint of what all changes involve, is given on the ballot. It is too complicated for one to discuss it unless given a couple of weeks. One should just do his or her best in voting.

The ballots are printed in both English and Spanish. In some of the counties ballots are printed in other languages. The federal law says that ballots must be printed in all languages where 5 percent or more of the population is of foreign origin.

Anyway, go vote next Tuesday, regardless of what language you vote in. It won't matter.

Lions Hear Rep. Mike Ezzell

State Representative Mike Ezzell of Snyder spoke to the Lions Club luncheon Wednesday noon. The meeting was held in the City Cafe. Thirty-two persons were present. Guests present were Ezzell, State Representative Elmer Martin of Colorado City, and Bob Browne.

Ezzell enlightened the members on the newly proposed changes to the Texas Constitution that will be voted on next Tuesday. He said that if all the changes or proposals pass, Texas would have a new constitution. If only part of them pass, there would be an amended constitution, and if nothing passed, Texans would keep the old constitution.

Ezzell explained all the proposed changes, for the good and bad in them. He had a question and answer period following the talk. A lot of interest was manifested by members.

GOLF TOURNAMENT HERE SATURDAY

There will be a golf tournament here this Saturday morning at 9:30 held by the Sterling Golf Association. All who want to enter, see Howard Cudd before that time or show up then.

Baptist Church SINGING PROGRAM

Beginning at 6 p.m. Sunday there will be a musical program here at the Baptist Church. Mr. and Mrs. Kinneson, who were formerly with the Gloryland Quartet will be on hand to lead the program, said Bobby Dodds. The couple's 2 daughters used to be with them when they had the quartet, but they have since married and moved away.

Everyone is invited to the program.

The pastor, Rev. Traugott Vogel, has been in Dallas attending the Texas Baptist Convention, and then he went on to Knobnoster, Missouri to hold a revival.

Social Security Tips

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and first conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When 2 or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If upon conviction, a defendant confesses other thefts, no additional rewards will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

NEWS OF ECOLOGY

SCOUTS GIVE TRASH THE SACK

Three billion dollars! That's the estimated annual bill Americans are paying for public collection and disposal of garbage and solid waste—the third most expensive community service in the land. which is exceeded only by spending for highways and schools.

Concerned citizens, of course, can make significant contributions to cleaning up this national mess. As in Watertown, N. Y., where the initiative of the Environmental Systems Division of St. Regis Paper Company and a local Boy Scout Council is currently leading the way.

Recently, the more than 500 Boy Scouts of Jefferson and Lewis County launched an intensive environmental clean-up campaign to make their community a better place in which to live.

Soliciting the aid of the 30,000 homeowners in their area, the Scouts began their drive with the sale of St. Regis disposable refuse sacks. In addition to their 30-gallon capacity and convenience, these sacks were selected because—unlike plastic sacks—they will break down in sanitary land fill without adding to our ecological problems.

Watertown homeowners who purchase these sacks sepa-

rate paper, cans, rags, metal, returnable bottles and miscellaneous glass. Then, free of charge, the Scouts pick up the differentiated sacks and dispose of them in ways compatible to our ecology. Glass bottles, for example, are sold for recycling; bio-degradable trash is sent to land fill sites. Provi-

sions have even been made to tow away abandoned automobiles.

The best part about the program is that everyone profits. The community gets a cleaner environment; the Scouts get the credit for a job well done—and the modest proceeds from selling the sacks and whatever trash they can. . . for the support of other worthwhile Scouting programs.

Now—what are you doing in your community?

LET YOUR CHILD TAKE YOU THROUGH DENMARK

One of the questions you hear over and over again when tourists plan their vacation is: "Where do we find a place where all members of the family can have fun and where prices fit our family budgets?"

The answer is easy. For tots and teenagers, for 20-year-olds to senior citizens, Denmark offers a variety of fun that can't be found anywhere else.

Your children will be completely captivated by a visit to a real fairy-tale park with its Renaissance castle Egeskov, erected in a lake, on the island of Funen. In the barn there is a museum filled with vintage aeroplanes, cars and motorcycles.

Denmark is truly a children's wonderland. Of course there are summer camps, riding schools and sailing schools. But what about the real children's traffic school at Legoland? The miniature village in Jutland is virtually a children's paradise.

From June through September, you can ride the Veteran Railway every Sunday from legendary Elsinore (site of Hamlet's castle) to the resort of Gilleleje, and there's a parade every Friday by the Elsinore Girl Guards.

For the adventurous, there is Givskud Lions Park, where you'll see African Lions, enor-

mous elephants and gentle giraffes in natural surroundings. Driving your car among these exotic animals is comparable to enjoying a minisafari.

At the Circus Building, Benneweis, Scandinavia's biggest circus, presents world artists in the ring every night, from mid-April to September 30. Tivoli, Denmark's world-famous fairy-tale garden in the heart of the city, is filled with amusements for children and adults, restaurants and dancing from May 1 to September 16. It features a fascinating playground, Children's Holiday Shows, the Pantomime Theater, The Open-Air Stage, the Tivoli Boy Guards, parades and fireworks. And every Tuesday throughout the summer, there is a very lively children's circus in the Odense Zoo.

Denmark even has its very special Hans Christian Andersen Festival held in the Funen Village, in his native town Odense, from July 6 to August 5, where children enact Andersen fairytales on an open-air stage, that will delight the whole family.

For more information on events for children in Denmark this year, write to: Danish National Tourist Office, Scandinavia House, 505 Fifth Ave., New York, N.Y. 10017.

Library Books by Mail Now

YOUR MAIL BOX CAN BE YOUR LIBRARY

Still haven't read that book that you heard about and wanted to read? Like or read mysteries, science fiction, western, Gothic romances or contemporary fiction? Or do you prefer nonfiction books on sports, archeology, travel, crafts, religion, gardening, ESP, western lore, etc. Whatever your preferences, the Abilene Public Library will lend you the book through a new program of service.

On November 1, the Books By Mail program will begin for residents of Sterling County. It is a free service, made possible by federal and state funding, administered by the Texas State Library.

Posters are being displayed in town directing people to the distribution centers, where instruction sheets and book request blanks may be obtained.

The Books By Mail collection is not intended to help with school assignments, since school libraries take care of such needs. The popular collection includes, in addition to the categories listed above, cook books, how-to-do-it guides, and other helpful materials. Lists of suggested books will be posted in the distribution centers, but requests should not be limited to titles on these lists. Subject requests may be submitted when specific titles are not known. Any questions regarding this service should be addressed to: Books By Mail, Abilene Major Resource Center, 202 Cedar, Abilene, Texas 79601.

Social Security News

A SPECIAL NOTICE TO SUPPLEMENTAL SECURITY INCOME RECIPIENTS

Franklin Upp, District Manager of the San Angelo Social Security Office, addresses this news release to those of you who receive the Supplemental Security Income payments (SSI) through the Social Security Administration. As all of you know we at social security need to be kept informed about those items that could change the amount of your benefits, such as marital status (marriage, divorce, address, material and monetary loss or gain, as well as death of a beneficiary.

To do this, we rely upon you, the individual, to keep us informed; and at least once a year, we contact you. It is that time of year again for many of you. Please don't be alarmed should you receive a letter to contact us regarding your continuing eligibility for SSI. Be sure, however, that you do either meet with one of our representatives or call our San Angelo Office as soon as possible after receipt of one of our letters. Failure to do so could lead to a suspension of your benefits.

Just remember, it is of utmost importance that you reply to your letters from our office.

Spotlight on HEALTH

PROFILE OF A COLD VICTIM

What are your chances of catching cold? According to a booklet on the subject, they're especially good if you're female, live in a large city in the western or north-eastern part of the U.S., and are the mother of a child under 6 years of age. Young children are the greatest cold-spreaders. Your chances are further enhanced if you're going through a period of stress and strain. "Contentment preserves one even from catching a cold," the great philosopher, Nietzsche once said.

The booklet, which discusses the common cold, is distributed by Winthrop Laboratories, the makers of Neo-Synephrine nose drops and nasal spray that are widely used in the U.S. and abroad.

Keeping up one's resistance helps to avoid the common cold, according to the publication, which advises getting sufficient fresh air and exercise, well-balanced meals, and as much sleep as possible in a well-ventilated bedroom. In cold weather areas, an extra hour a night is recommended.

Early stages of the common cold are the most contagious. Every sneeze fills the air with thousands of virus-laden droplets. To help

prevent spreading a cold to the rest of the family, to friends and to co-workers, everyone should have his own glass, cup, silverware and towels. Hands should be washed thoroughly and often, preferably with a liquid antibacterial skin cleanser. pHisoHex is the one that is used in most U.S. hospitals to help prevent spread of infections. Particularly during the cold season, it is wise to keep a handwashing preparation in the kitchen, as well as in the bathroom.

Your chances of catching a cold will be reduced if pre-

cautions are taken. However, the Winthrop booklet also states that it is not completely possible to avoid a cold. Just breathing the air that someone with a cold has merely talked into offers the possibility of infecting a healthy person.
