Around Muleshoe

Kenneth Martin and Dub Armstrong announce the purchase of Texas Auto Sales, located at 501 West American Blvd. They said they will be handling used vehicles, both cars and pickups at their location. The used car business name will remain the same and in the present location.

A city wide blood drive being held in the fellowship hall at the First United Methodist Church of Muleshoe on December 7, 1983.

Bailey County used 70 pints of blood last year and only 30 pints of blood were replaced by donations (on the average).

Anyone who is of the age 17 through 65 years and are well are able to donate.

The Muleshoe Lions Club is in final preparation for the annual Pheasant Hunt Breakfast to be held December 10, 1983, from 5 to 7 a.m. at the Bailey County Civic Center. The Lions will be giving away a new 1983 F 150 Ford Pickup, as well as other door prizes. Tickets for the pickup are \$20.00 each.

The Lazbuddie Volunteer Fire Department will sponsor a Trap Shoot on Saturday, December 3 from 1 p.m. until sundown. The shoot will be located behind Con't Page 6, Col. 1

Commissioners

Meet Friday

The Bailey County Commissioner's Court will meet in a special session in the courthouse on Friday, December 2 beginning at 10 a.m. The meeting will continue until all business is concluded according to Bailey County Judge Gordon H. Green.

Items on the agenda for Friday include a review of the policy and rental fees for the Bailey County Coliseum. The 1984 fiscal year budget will also be amended and several miscellaneous items will be attended to. Con't Page 6, Col. 7

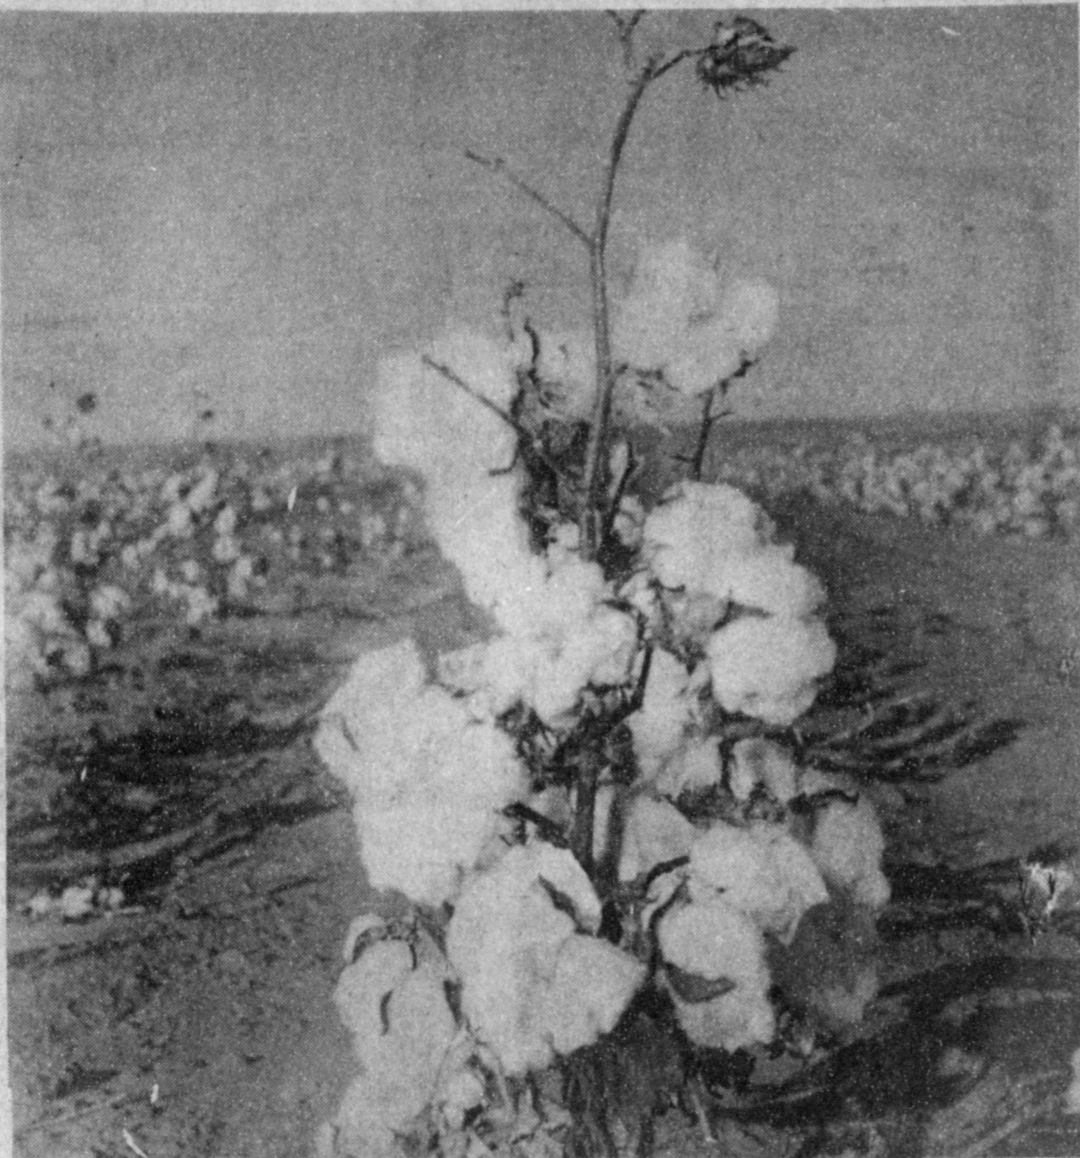

CONTEST WINNER...Debbie Weir was named as Grand Prize Winner Tuesday in the Journal's annual Back The Mules Football Contest. Debbie scored with a first place win in the weekly contest to bring her total points to 30, surpassing Ray Villalobos who had maintained a strong lead last week. She is presented with her grand prize of \$100 by Journal employee Shirley Farmer.

Firemen Plan Pheasant Hunt

The Lazbuddie Volunteer Fire Department is once again sponsoring their annual Pheasant Hunt. The season will kick off on December 10 with an early morning breakfast at the Lazbuddie High School Cafeteria. Serving will begin at 5:15 a.m. and go until 8 a.m. The cost of the breakfast is \$4 per person.

This is a big fund-raiser for the Lazbuddie VFD, and farmers in that area donate their land to the Fire Department who in turn lease it to the Texas Park and Wildlife Department to make it all legal. The season runs December 10 until

READY FOR THE TAKING...Most cotton in Bailey County is now ready for harvest, and many gins are running full time with the onset of cotton-pulling weather. While many farmers lost cotton in the October hail storms and to early drought, some portions of the county still will have a fairly good harvest.

Muleshoe Cub Scouts Get Genius, Advancement Awards

On November 22, Cub Scout Troop 620 met in the Civic Center at Muleshoe for a regular pack meeting and advancement award ceremonies.

Bobcat awards were given to members of several dens. In Den 1, Chad Montgomery, Brian Box, Thomas Watson, Ryan Wilson, Charles Villareal received the Bobcat award. Den Leader for this group is Judy Watson.

In Den 5, Clay Grant, Albert Garza, Scott Springfield and Brandon Lingnou received their Bobcat awards. Marsha Watkins is leader for Den 5.

Chad Freeman in Den 2 also received his Bobcat award and leader for Den 2 is Greta McCormick. In Den 9, Lonnie Bush received the Bobcat award.

Receiving the Wolf award in Den 9 was David Lutz. Den Leader for Den 9 is Mary Wauson. Also in Den 9, silver arrow points were awarded to Steven Wauson.

Weebelos leader Howard Watson also presented awards to that group. Tadd Young received an artist award, Jessie Singletary received an athlete award and Jessie Ramores was also awarded.

Genius award for 1983 were presented to all dens. The Genius award is given

Welfare Board Seeks Aid For County Children

At a recent meeting of the Bailey County Child Welfare Board, officers were elected for the coming 1984 period. These officers were installed and took office in late October.

Elected as president was Vowery Dodd; vice president, Charlene Gregory; treasurer, Polly Ottwell; secretary, Pam Zwicky and public relations, James Johnson.

The Child Welfare Board is now in the process of accepting \$1 donations in order to aid abused and neglected children in Bailey County during the holiday season. Each donation will allow the contributor a chance at one of two hand-made quilts or \$80 towards any bicycle at Poyner's White Store.

The Board also plans a booth for the Arts and Crafts Bazaar scheduled this Friday and Saturday in the Coliseum.

The Bailey County child Welfare Board is a board functioning in cooperation with the Texas Department

Hunters participating will be given maps of all lands included in the hunt acreage and they will be allowed to hunt any part of that land. The limit per day is two roosters. There is limited space for recreational vehicles of hunters who come for an entire week-end. According to Ted Trieder, hunting looks good this season, although not as many acres will be available for hunting.

For further information contact Trieder Electric at 965-2191 or call any of the businesses mentioned previously.

Christmas Parade, Bazaar Kicks Off Holiday Season

★★★ Weir Wins Contest, Unseats Villalobos

Well, football fans, the high school and college football seasons are all over, except for the remaining playoffs and bowl games. And - guess what - we've got a grand prize winner in our annual Journal football contest. With a first place win in this week's contest, Debbie Weir has unseated Raymond Villalobos from his lead and staked her claim to the grand prize.

Debbie won this week's contest missing two games and being 19 points off in the tie breaker. She received ten points for this win and when we added them to her prior total of 20 points, she came up with an overall total of 30 points; just four points ahead of Villalobos who had maintained a good score throughout the contest.

For her grand prize, Debbie receives a check from the Journal in the amount of \$100. Let this be a lesson, guys, women do know something about football.

Tied for second place in the weekly contest this week was Donnie McDonald and Connie Bruns. Both contestants missed two games each and were 24 points off in the tiebreaker. They will split second place money and receive a check for \$2 each. McDonald had a few previous points, but was not in the running for the overall prize.

Third place this week went to Randall Stevens. Randall missed three games and was 20 points off in the tiebreaker. He also had some previous points, but was not in the running. Randall will receive a check for \$2 for his third place win.

We had a lot of "almost" winners this week, and the grand prize could have gone

several different ways. Villalobos, who was in the lead on November 24, failed to scratch in the final contest, and had to be content with his total of 26 points overall.

Scott Calvert finished this week just out of the money and points. A first place win this week would have put Scott up to a total of 26 points and a tie with Villalobos.

We do have one saving feature however. The Journal's big Bowl Contest will be coming up about December 8. This will be a one shot deal, with the big prize for the winner being a \$50 dollar bill. So be sure you keep watching for this contest and all you fans get your entries in. There will only be one prize and the winner could be you. Con't Page 6, Col. 2

Rotary Hears Talk Manager

The Muleshoe Rotary Club met Tuesday at noon in the Civic Center for their regular weekly meeting. Guests included Mickey Cloud, Leslie Hurst, Gene Paul Jarman and Tom Williamson.

Buddy Embry was in charge of the program and he presented Ben Green, General Manager of Southwestern Public Service Talk Plant. Green gave a slide presentation and a talk pertaining to the growth, progress and operation of the Talk Plant. He also explained the basic construction and operations of the facility. The second coal-fire plant is now under construction just adjacent to the first unit.

Green told the rotarians that one of the reasons that

'Wind Strips' Help Control Soil Loss For Local Farmer

In the latter months of 1982, a young Bailey County farmer became concerned about the loss of soil due to soil movement on his farms in Southwestern Bailey County. Figuring that his best bet for advice was the local Soil Conservation Service, that is where Matt Phelps took his problem for study.

Conservationists at the SCS took the problem under consideration and came up with some ideas that they thought might be of help to Phelps. This took a little time and study, but the SCS came up with the plan of incorporating "wind strips" of wheat between rows of cotton.

These windstrips were designed and layed out by employees of the Soil Conservation Service on approximately 200 acres of land. They were specially designed to fit Phelps' farm equipment, so the strips were set at a width of 63 feet and the distance between each strip (which contains cotton) was 117 feet wide. The proper distance between the wheat strips was determined by using a Wind Erosion Equation.

The Wind Erosion Equation is used to determine the amount of soil lost in tons per acre per year on a particular field without wind strips. Prior to Phelps' installation of the wheat

wind strips, it was calculated that he was losing right at 22 tons of soil due to soil movement per acre per year. After the installation of the strips, the soil movement has been reduced to about 2 tons of soil per acre per year.

Phelps is very pleased with the strips, and comments, "This practice made it possible for me to put off plowing this particular field until the last this past spring." He also stated that the strips helped in weed control by allowing him to use differently types of herbicides.

Another advantage to the new procedure of wind strips is the added organic matter which is placed in the soil by the wheat residue, Phelps pointed out. Possibly the most important advantage to the use is the reduction of soil movement, which causes severe damage to young, tender seedlings, according to the young farmer.

Phelps has been so pleased with the wind stripping that he has installed additional wheat strips on almost 200 acres of another farm, which gives him a total of 400 acres in this type program, according to Obie Kelley, Conservationist with the SCS in Bailey County. Kelley helped to incorporate

the practices on the Phelps farms and says that Phelps hopes to improve his yields when he rotates his row crop

★★★ Santa Will Highlight Parade Activities

The traditional holiday season will be kicked off here in Muleshoe this Saturday, December 3 at 2 p.m. with the annual Christmas Parade. Chamber of Commerce Manager John Gulley told the Journal Tuesday that approximately seven floats had already been entered in the parade and more were expected before the entry deadline. Parade lineup starts at 1 p.m. on the Boy Scout grounds at the South end of Main Street.

Cash prizes will be offered again this year for first, second and third place floats, in hopes of encouraging entries. The Jenny-slippers will be in charge of the parade. Prizes are \$75, \$50 and \$25 for first through third place respectively.

Leading the parade as Parade Marshals will be the Muleshoe Chamber of Commerce Man and Woman of the Year - Howard Watson and Magann Rennels. Several antique cars have been entered and a color guard and drill team from Cannon Air Force Base plus the Muleshoe Mighty "M" Marching Band are scheduled to make an appearance.

No Christmas Parade would be successful without the appearance of the jolly little old man in the red suit and this year in Muleshoe is no exception. Santa Claus will make his appearance for all local children. Following the parade, Santa will also be at the Santa Hut, located west of the Mule Memorial to hear Christmas requests of children. Opening of the Santa Hut on later dates will be announced soon.

In addition to the parade, several other activities will be taking place with the central location being the Bailey County Civic Center and Coliseum.

On Friday, December 2 from 11 a.m. until 6 p.m. and on Saturday December 3 from 10 a.m. until 5 p.m. the Moonlight Extension Homemakers Club will sponsor it's 5th annual Arts and Crafts Bazaar in the Coliseum.

At press time, over 60 booths were scheduled for entry in the Bazaar including many local artists and craft enthusiasts and several organizations and churches. This is an excellent place to do some Christmas shopping and get

hand-made articles in the bargain. Some of the items scheduled include: Christmas pies and breads, hand-painted china, leather clocks, oil paintings, home made quilts, crockery, metal sculptures, picture frames needlework, hand made toys and woodworking. Also there will be watercolors, jewelry, knitting and crochet articles and lots of baked goods plus some snacks.

Other cities represented at the Bazaar, besides Muleshoe, will be Farwell Hale Center, Morton, Plainview, Amarillo, Earth, Lubbock, Brownfield, Friona, Hereford, Clovis, Texico, Silverton, Portales, Amherst and Canyon. Be sure and make your plans to attend either one or both days.

In addition to the parade and bazaar, the Women's Division of the Muleshoe Chamber of Commerce and Agriculture (Jenny-slippers) will sponsor their annual fund-raiser - the Holiday Barbeque Buffet - featuring a barbeque luncheon with

Hey Kids! Time For Santa Letters

Hey, Kids!!! - Christmas is just around the corner and the Journal has just completed installation of a special telephone and telegraph line to Santa's Workshop at the North Pole.

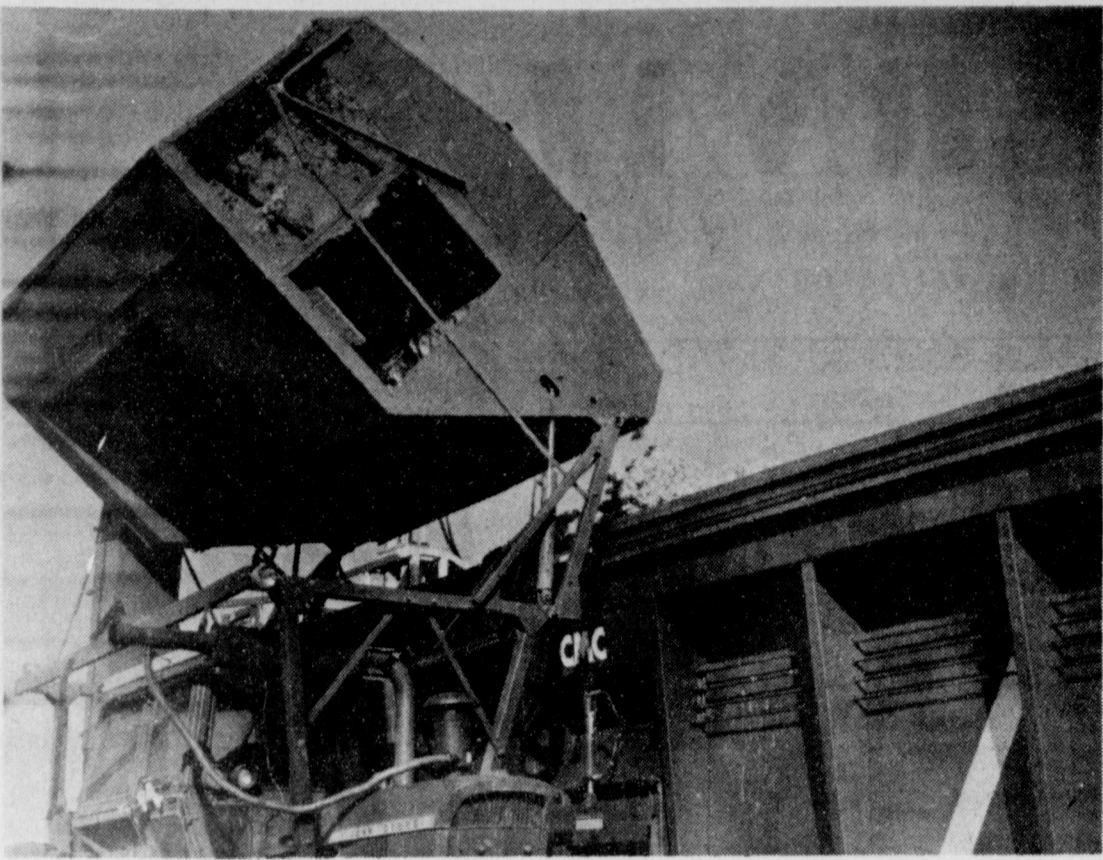

It's time for all you girls and boys (hope you've all been good) to be on your best behavior and get your pencil and paper and write a letter to Santa. If you have been especially good, tell him (of course, you know that he already knows.) Don't forget to remember your brothers and sisters and Mom and Dad.

So, children, make your list and check it twice, cause Santa will find out who's been naughty or nice. Get Mom and Dad to help you if you need help with your list.

Mail your letters to Santa Clause, % Muleshoe Journal, P.O. Box 449, Muleshoe, Texas 79347. We will get your Christmas list to Santa just as soon as we get your letters. Better hurry, so that he will have plenty of time to gather up all the goodies to fill your stockings with on Christmas morn.

WIND STRIPPING PRACTICE EVALUATED...Matt Phelps (left) discusses a new wind strip practice initiated on some of his farms this year with the help of Soil Conservation Service employee Obie Kelley. Phelps sought help from the SCS to prevent soil movement and the loss of soil from his farms.

HARVEST OPERATIONS BACK IN SWING...With the drying out process from Thanksgiving showers over, most Bailey County farmers with cotton in the fields are busy at work trying to complete the harvest before the end of the year. Many are using the module builders shown in this photo rather than the transportation method of trailers. The modules are hauled in by a special truck.

Southwestern Expo, Fat Stock Show Begins January 25

The 22 performances of the World's Original Indoor Rodeo, scheduled Jan. 25 through Feb. 5 in Fort Worth's Will Rogers Coliseum in conjunction with the 1984 Southwestern Exposition and Fat Stock Show, will feature a variety of entertainment acts, reports W.R. Watt Jr., Stock Show president/manager.

"We have scheduled, in addition to what has been described as the best rodeo of the year, a variety of featured acts, planned for outstanding family entertainment," Watt said.

"Nothing like it anywhere!" is the theme of this year's production, and Watt has assured visitors that the lineup of special entertainment will be "just that." He said two internationally known acts have been signed, and more are in the making.

In the lineup will be Mr. Rythm, "The Wonder Horse," from Sedalia, Mo. Trainer and owner Darrel Wallen refers to this American Saddlebred Horse as a "once in a lifetime find."

Appearing for the first time in Texas will be the Ellerman family from Alturas, Calif., with a fast action variety of trick and fancy riding routines billed as the Flying Cossacks.

The physical beauty of Mr. Rythm is coupled with a dazzling performance of more than 50 different dance steps, and he is believed to be the only horse in the world that will canter backwards. He has been featured across the U.S. and Canada.

The Flying Cossacks, a group made up of family members from 15 to 24 years of age, has been performing to rave reviews on the show circuit, mostly in the Western United States.

Their professional performance makes trick riding look easy, but hard work has made it appear that way.

Consisting of three girls and one boy, the team presents a dynamic act of colorful continuous motion. Ticket orders by mail are being accepted for the Jan. 25 through Feb. 5 rodeo at the Stock Show office, P.O. Box 150, Fort Worth, Tx. 76101.

Support Program Begins For Cotton Research

Four cotton producing states are the first in the Cotton Belt to qualify for the New State Support Program designed to expand cotton research and promotion and boost funding for Cotton Incorporated.

Georgia, North Carolina, New Mexico and Arizona all had support in excess of 80% of the producer dollars collected during the 1982-83 crop year by the Cotton Board for Cotton Incorporated. This is based upon a voluntary per bale assessment of about \$2.15.

This qualifies these states under the State Support Program to recommend specific research and promotion projects to Cotton Incorporated totaling \$131,000, with funding for approved projects available beginning in January, 1985.

Funding is equivalent to the amount of dollars retained in each state in excess of the 80% support level and will be coordinated on a project basis through Cotton Incorporated, the producer's research and promotion program.

The State Support Program will be implemented in each state through State Support Committees made up of local leadership. The program has been adopted by Cotton Incorporated and Cotton Board, plus approved by the United States Department of Agriculture.

"The State Support Pro-

gram is an exciting new for each cotton producing state to build greater support for Cotton Incorporated programs and expand cotton's research and promotion program in each state," said Aven Whittington, chairman of the Cotton Board, which administers agriculture's largest self-help program on behalf of the USDA.

Friday nights and both weekends are priced at \$10 each, other week nights are \$8 each, and Monday through Friday matinees are \$6 each. Mail orders should specify which performance is desired, and include \$1 extra for return postage and handling.

Governor White Voices Opposition To Toxic Waste Disposal Plans

Governor Mark White has joined more than 1,500 Texans in opposing the U.S. Environmental Protection Agency's plans to permit two incinerator ships to burn toxic wastes in the Gulf of Mexico.

"The entire proposal to burn deadly toxins in the Gulf poses an unacceptable level of risk to the natural environment and to the people of the region," Governor White said during the EPA's public hearing Monday in Brownsville.

"The Gulf of Mexico is a

semi-enclosed sea. Why, then has it been chosen as the incineration site?" the Governor asked. "Waste is to be loaded in Alabama, yet transported a considerable distance to a site off the Texas Coast, where possible dangers could affect both Texas and Mexico. The international implications could be far-reaching and are largely unexplored at this time."

The EPA gave Chemical Waste Management Inc. of Oak Brook, Ill., tentative approval last month to burn toxic wastes, including PCBs, dioxins and DDT, aboard two incinerator ships -- Vulcanus I and II -- anchored 180 miles from Brownsville.

During test burns in December 1981 and August 1982, the EPA reported that more than 99 percent of the waste was destroyed by the ship's incinerators. Governor White strongly criticized the EPA for not holding public hearings prior to these test burns.

The Governor said the tests were not extensive enough to determine whether damaging particulates are emitted from the ship's stack following combustion and if emissions could contaminate marine life and move upward through the food chain.

"It is not true that the proposed burn site is a non-productive part of the ocean, as indicated in the company's contingency plan. Species of economically important fish, such as billfish, tuna, pompano, and flying fish, live and reproduce in this area," Governor White said.

The Governor said the public is suspicious of EPA's speedy processing and inadequate testing of the Vulcanus I and II permit applications. "Suspicion also surrounds the motives and the conduct of the company applying for this permit," he said.

"The waste-disposal operations of Chemical Waste Management Inc. are being investigated in a half-dozen other states. There are allegations of influence-peddling by the company in its relations with the EPA and, by the company's own admission, it faces financial pressure to get this permit and proceed with the burning," Governor White said. "Safety and environmental protection, not profit, should be the number one concern. No one ever believed the Titanic could sink, until it happened."

Governor White noted that the data on the Vulcan-

us test burns in the Gulf of Mexico was collected during 1981 and 1982 when Ann Gorsuch Burford and Rita Lavelle held top positions at EPA.

"Documents released by Congressional investigators show that Rita Lavelle initially tried to Channel Superfund money to Texas to aid Governor Clements' reelection campaign. Similarly, news reports indicated that EPA officials deliberately stalled assistance to California to damage then-Governor Jerry Brown's election prospects," Governor White said.

"This raises serious questions about the commitment of EPA during this period to handle hazardous waste issues in an objective and scientific manner. Is this current proposal just another attempt by EPA to use Texas as a dump site for purely political reasons? If it was just politics, we could deal with that -- but I have grave concerns for the safety of this project," Governor White said.

The Governor said new and potentially safer ways of treating PCBs, including chemical neutralization and biological destruction, have diminished the immediate need for ocean burning of these hazardous materials.

"When should Texas set a precedent for accepting the risk of ocean incineration, when that burden is not shared by states on the Atlantic and Pacific Coasts?" Governor White said.

The EPA has extended its deadline for accepting written comments on the Vulcanus project until January 15, 1984, and will make a decision to grant or deny the Vulcanus permits after March 14, 1984.

Social Security

The maximum amount of annual earnings subject to the Social Security tax will increase from \$35,700 to \$37,800 on January 1, 1984.

As a result of the increase in the wage base, the maximum yearly Social Security tax paid by employees will rise by \$140.70, to \$2,532.60. Although the Social Security Amendments of 1983 raised the tax rate in 1984 from 6.7 percent to 7.0 percent, a one-time tax credit of 0.3 percent of covered wages will be allowed against 1984 employee taxes. Thus, the effective tax rate for employees will remain at 6.7 percent in 1984. The maximum tax paid by employers on a worker's earnings will rise by \$254.10, to \$2,646, reflecting the increases in both the wage base and the tax rate.

The maximum Social Security tax paid by self-employed individuals will rise by \$933.45, to \$4,271.40, reflecting both the increase in the wage base and an increase in the effective tax rate from 9.35 percent to 11.3 percent. The 1983 amendments raised the tax rate to 14.0 percent, but included a tax credit in 1984 of 2.7 percent, making the effective tax rate 11.3 percent.

The 1984 wage base was determined under automatic adjustment provisions of the law and is tied to the average increase in wages as determined on the basis of data provided by the Internal Revenue Service. A number of other changes will also become effective January 1, as a result of these automatic provisions. The include:

- The maximum amount of earnings that a beneficiary under age 65 may earn without losing any Social Security benefits will increase from \$4,920 this year to \$5,160 in 1984.

- The exempt amount for beneficiaries aged 65 to 69 will increase from \$6,600 to \$6,960 in 1984.

- The amount of earnings required for a quarter of coverage will increase to \$390, up from \$370 this year.

Miss Kent, Dawson United In Marriage

Pamela Ann Kent and Larry Don Dawson were united in marriage Saturday, Nov. 19 in the home of the bride's parents. Rev. Truman Johnson read the double ring vows.

Parents of the couple are Mr. and Mrs. Pat Kent of Sudan and Mr. and Mrs. L.M. Dawson of Westbrook.

Vows were exchanged before a chandelabra with 13 candles, decorated with greenery, roses and burgundy silk flowers and rose bows.

Judy Mason of Morton played traditional wedding music on the organ and accompanied Perry Kent, brother of the bride, as he sang the Wedding Song.

The bride, given in marriage by her father, was attired in a frost lace gown with nylon point d'esprit lace, illusion net sweetheart neckline, stand up collar and leg-of-mutton sleeves with schiffli embroidery trim. She carried a bridal bouquet of white, rose and white baby's breath flowers atop a white Bible. Inside the Bible was a letter written to her on the day she was born, from her late grandmother Hanna.

Community Service Held At Sudan

Some 150-200 persons of all local Churches gathered together Sunday evening, Nov. 20 for the annual Sudan Community Thanksgiving service at the Sudan First Baptist Church.

Persons from each church also sang in the choir led by Mike Fisher. George Schuster, Church of Christ minister gave the opening prayer and read the scripture. Carol Williams of the Methodist Church sang a special followed with the welcome by Truman Johnson, pastor of the Sudan First Baptist Church.

A special in songs was presented by members of the Mt. Olive Baptist Church followed with congregational singing of "Count Your Blessings".

"The Singing Children" of the Assembly of God Church presented several selections before the offering was taken for the "Community Service Fund". This fund helps those in distress either locally or for those who may be traveling through the community.

The offering prayer was by the Rev. Cliff Houghton of the Sudan Assembly of God Church. Mike Fisher and Precious Johnson presented a message in song prior to the evening message by Tallie Saxton, pastor of the Church of God of Prophecy. He spoke on Thanksgiving and going beyond lip service.

Pitts Davis, pastor of the First United Methodist Church of Sudan directed the time of testimony and Ed King of the Mt. Olive Baptist Church gave the benediction.

Following the service a fellowship period was held in the fellowship hall of the church with cookies and coffee being served.

FASTER WAYS WITH MICROWAVES

The holiday season is a festive time of the year when everyone is planning good things to serve for parties and family get-togethers. A traditional favorite for many families is eggnog and here's a new and different recipe that uses it to make an elegant Easy Eggnog Pie. Another delicious holiday recipe from a Whirlpool microwave oven cookbook that you'll want to try is Very Fast Fruitcake. Surprisingly easy to prepare, it makes a perfect gift for family and friends.

EASY EGGNOG PIE (shown)
 1 3- or 3 1/2-ounce package regular vanilla pudding mix
 1 envelope unflavored gelatin
 Dash ground nutmeg
 3 cups canned eggnog

1/2 cup light rum
 1/2 cup whipping cream, whipped
 1 9-inch baked pastry shell

In a 2-quart bowl, combine pudding mix, gelatin, and nutmeg. Stir in eggnog. Cook at HIGH for 8 minutes, stirring after every 2 minutes, or till bubbly. Stir in rum. Chill till mixture mounds. Turn mixture into large mixer bowl. Beat on high speed of electric mixer for 2 minutes. Fold in whipped cream. Chill till mixture mounds again. Pile into pastry shell. Sprinkle lightly with nutmeg. Chill 4 to 6 hours. Makes one 9-inch pie.

VERY FAST FRUITCAKE
 1 2-layer-size package spice cake mix
 1 3/4- or 3%-ounce package instant lemon pudding mix
 1/2 cup apricot nectar
 1/2 cup cooking oil

1/4 cup apricot brandy
 4 eggs
 1 cup dark raisins
 1 cup dates, snipped
 1 cup chopped walnuts
 1/2 cup dried apricots, snipped
 1/2 cup light raisins
 1/4 cup apricot brandy

In large mixer bowl, combine cake mix, pudding mix, apricot nectar, oil, and the 1/4 cup apricot brandy. Beat on medium speed of electric mixer for 2 minutes or till smooth. Add eggs; beat on medium speed 2 minutes longer. Fold in fruit and nuts. Turn one-third of batter into a lightly oiled 8-inch microwave ring mold. (Cover remaining batter

and let stand while cake bakes.) Cook at MEDIUM for 12 minutes, giving quarter turns after 4 and 8 minutes. Cook at HIGH for 2 1/2 minutes. Cool in ring mold 10 minutes. Remove from mold and cool thoroughly on rack. Wash ring mold and repeat filling, baking, and cooling process two more times with remaining batter. If desired a waxed paper lined 8x4x3-inch non-metal baking dish may be substituted for the ring mold. Wrap each cake in double thickness cheesecloth moistened with remaining apricot brandy. Overwrap in foil and store in refrigerator 24 hours or more to allow brandy to penetrate. If stored for long period, moisten cloth every few days. Before serving decorate each cake with a mixture of 1/4 cup sifted powdered sugar and enough brandy to make drizzling consistency (about 2 tablespoons). Makes three 1-pound cakes.

TIPS & TECHNIQUES

Pastry for single-crust pie: In a mixing bowl stir together 1 1/4 cups all-purpose flour and 1/4 teaspoon salt. Cut in 1/2 cup shortening and 2 tablespoons butter or margarine till pieces are the size of small peas. Sprinkle 1 tablespoon cold water over part of the mixture; gently toss with a fork. Push to side of bowl. Repeat with additional 2 to 3 tablespoons cold water till all is moistened. Form dough into a ball.

On a lightly floured surface, flatten dough with hands. Roll dough from center to edge, forming a circle about 12 inches in diameter. Wrap pastry around rolling pin. Unroll into a 9-inch pie plate. Ease pastry into pie plate, being careful not to stretch pastry. Trim to 1/2 inch beyond edge of pie plate; fold under extra pastry. Make a fluted, rope-shaped, or scalloped edge. Prick pastry well with a fork.

Cook pastry, uncovered, at HIGH for 6 minutes, turning pie plate after 3 minutes.

For Tart Shells, mix and roll out pastry as directed above. Cut into four 5-inch rounds. Cut four 3-inch paper toweling rounds and place over inverted custard cups. Fit pastry over paper toweling and cups. Pinch pleats in 5 or 6 places. Prick well with a fork. Cook, uncovered, at HIGH for 4 minutes, rearranging after 2 minutes. Cool a few minutes; carefully remove shells from cups. Remove the paper toweling liners.

Cook the pie shell first! Pastry cooked in the microwave oven is tender and flaky as long as the shell is cooked till it is dry and flaky before you add the filling. An unbaked shell would absorb moisture from the filling and be underbaked and soggy.

Seedlings Still

Available At SCS

The Soil Conservation Service in Muleshoe has notified the Journal that low-cost seedling for use in planting windbreaks around Bailey County fields and farmstead are still available in some varieties.

The nursery in Lubbock, which provides the seedling is now out of the popular Arizona Cypress, but still have a good supply of Australian, Ponderosa and Afganistan Pine. A few Red Cedar seedlings are still available. These seedlings are all containerized.

Order forms and catalogs are available at the SCS office in Muleshoe along with other information on the trees available.

The pick-up date for the trees is March 8, 1984 from 8 to 5 p.m. at the Texas Agricultural Experiment Station located on FM 1294 in Lubbock, north of the Airport.

Task Force Developed On Indigent Care

Governor Mark White, Lieutenant Governor Bill Hobby and Speaker Gib Lewis have created a state-wide Task Force on Indigent Health Care. The Task Force has been charged with identifying indigent health care issues and developing recommendations.

The Task Force will concentrate on five areas when making recommendations to the 69th Legislature. These include: eligibility criteria for indigents; defining the scope of services; developing an administrative structure to implement a program; developing methods of finance; and proposing a pilot program for the fiscal years 1985 and 1986.

To acquaint members of the Task Force with indigent health care problems in the Lubbock and Panhandle area a public hearing will be held in Lubbock at the Lubbock Civic Center. The public hearing will begin at 2:00 p.m. on December 8 in rooms 108 and 109 at the Lubbock Civic Center. The testimony will relate to issues of eligibility, services, administration and financing of indigent health care. The Task Force is seeking information on successful indigent health care programs as well as problems in the current system of providing services.

There's quite a difference between being present and doing the work.

The first requirement of a law enforcement officer is that he obeys the law.

CUB SCOUTS AWARDED... At a recent advancement awards program, Cub Scouts from five dens were awarded with "Genius Awards." These are given to the scouts who do the best with the supplies they are given. Those awarded included: (from left) Randy Singleterry, Chad McCormick, Danny Neptune, Neal Watson and Mark Hicks.

Court Activities Quieter This Week

Judge Linda Huckaby recorded a total of 28 new filings in Municipal Court over the past week on various offenses. Five filings were made on Failure to Appear cases and five for speeding violations. Three filings each were made on the following: no drivers license, running stop sign, and minor in possession of alcoholic beverages. Two filings each were made on expired MVI stickers and violation of city ordinance on open container law. one

filings each was made on: public intoxication, making alcohol available to a minor, expired plates, violation of city ordinance-leash law, and bad checks.

A total of 35 cases were disposed of in Municipal Court and fines paid during the same period of time. Six of these were for speeding. Four were paid on failure to appear cases, and four for bad checks. Two cases each were disposed of on: expired MVI, expired license plates, public intoxication and vio-

lation of city ordinance-open container. One case each was disposed of on the following: running stop sign, violation of city ordinance-leash law and one for failure to display drivers license.

In Justice Court of Bailey County, Justice of the Peace Jack Bates filed a total of 22 new cases and disposed of 17 over the week's period.

Those cases filed included fifteen for speeding. One case each was filed on the following violations: following too close, defective head lamps, defective tail lights, failure to show change of address on drivers license, and failure to dim headlights.

Disposals made and fines paid in Justice Court included nine for speeding. One case each was disposed of and fines paid on the following charges: no lights on trailer, out of state hunter, hunting without license, failure to dim headlights, expired drivers license, expired MVI sticker, wild dove in possession out of season, following to close and violation of drivers license restrictions.

Area Cotton Harvesting Slowed By Showers

High Plains cotton harvesting reached peak momentum before general but light showers Tuesday and Wednesday halted field work.

Most gins expected harvest would be completed by December 1, if weather cooperated. Much of the unginning crop is field stored in modules. Gins can continue operating from modules unless wet soils prevent transportation.

About 102,000 samples were classed at USDA's Marketing Services at Lubbock during the week ended Wednesday November 23. This brought the season's total to 250,000 according to Mack Bennett, Area Director at the USDA facility. This compares with 192,000 classed by the same date last year.

Predominant grades during the week were grade 42 at 13 percent, grade 52 amount to 30 percent, grade 43 was 12 percent and grade 53 accounted for 23 percent. Below grades amounted to 13 percent while 57 percent was reduced one grade because of bark.

Predominant staples were staple 30 at 12 percent, staple 31 amounted to 24 percent, staple 32 was 23 percent, staple 33 accounted for 18 percent and staple 34

was 12 percent for an average of 32.0 thirty-seconds of an inch.

Mike 35-49 was 63 percent, 33-34 was 12 percent, 30-32 amounted to 15 percent 27-29 accounted for 8 percent and 26 or below was two percent for an average of 36.

High Volume Instrument breaking strenght averaged 25.3 grams per tex during the week.

This week's U.S. textile mill cotton buying continued at a fairly steady rate. Demand was fair to good for medium and high grades while selected lower qualities continued to strengthen. Mills continued to seek lower priced qualities to reduce now material costs. Buying was largely Memphis territory and Texas cotton.

A sudden freeze persuades many Americans that it is better to be cautious than to suffer frozen pipes and busted automobiles.

It's human nature to put the blame for everything on someone else but a man begins to make progress when he blames his shortcomings on the proper person.

Right at this point, Phelps is in the process of stripping the cotton on these farms, so no proper yield can be established as yet, however, as soon as the modules which line his fields are ginned, he will be able to tell more about the increase.

For further information on wind strips and the wind erosion equation, contact Soil Conservation Service in Muleshoe at 111 East Avenue D or call the conservationists at 272-5124.

Bailey county 4-H'ers will be participating to earn the right to compete at District levels.

So, make your plans to be in Muleshoe this Friday and Saturday and take part in all the holiday season kick-off festivities. There will be something for everyone, and you might just get a good

case of Christmas "fever." Anyone desiring further information may contact the Muleshoe Chamber of Commerce or the Bailey County Extension offices.

CHARITABLE CONTRIBUTIONS (Out-of-Pocket Expenses)

Out-of-pocket expenditures which are not reimbursed that are made on behalf of charitable institutions are deductible. Such deductible expenditures could include transportation, travel, uniforms, telephone expenses, supplies, or equipment purchased for charitable purposes.

Your meals and lodging while away from home overnight on behalf of a charitable organization are also deductible. If you attend a church convention solely as a member of the church rather than as a duly chosen representative, you are not permitted a tax deduction for the expenses incurred.

You are permitted to take actual automobile expenditures, excluding depreciation and insurance, or as an alternate, you may use a standard 9 cents per mile for all charitable automobile mileage.

You are permitted a deduction of out-of-pocket charitable contribution ex-

penditures only on behalf of qualified recipients. Your expenditure must be made on behalf of a governmental unit, or an entity organized and operated exclusively for religious, charitable, scientific, literary, educational, national or international amateur sports competition, or for the prevention of cruelty to children or animals.

You are not entitled to a deduction on your income tax return for the "value of services" rendered to charitable institutions. If you spend a day working at a charitable activity and forgo \$100 of earnings, you are not allowed a deduction for lost earnings.

You are not permitted a deduction for the donation of blood nor for donations of raised livestock or produce.

Donations of large amounts of property or money should be done with the assistance of your financial and tax advisors.

Muleshoe Jr High Basketball News

MULETTES DEFEAT BOBCATS

The seventh grade Mullettes had a great victory last Monday night against the Dimmitt Bobcats. The final score was 19-6. Julie Crittenden was the high pointer of the game. Mary Lou Bastardo, Debbie Brown, Becky Vela, Mychelle Stout also added points to attain the victory. Jo Ann Gutierrez was a great assist in offensive play.

Coach DeAnn Halford commented, "I think they played a really great game."

The Mullettes will be playing on December 5 at 5:00 p.m. in the Muleshoe Jr. High gym.

MULETTES SCRATCHED BY BOBCATS

The Muleshoe eighth grade Mullettes were scratched by the Dimmitt Bobcats on Monday, November 21. The score was a close 19-18. High pointers included Amy Bean and Joey Heathington.

Leading throughout the game, the Mullettes were defeated in the fourth quarter.

The Muleshoe eighth grade teams will be in a tournament December 1-3 in the Muleshoe Jr. High gym. Mullettes next regular game is on December 5 against Friona.

MULES DECLAW BOBCATS

The seventh grade Mules played their first basketball game of the season against the Dimmitt Bobcats, Monday, November 21, at Dimmitt. After an exciting game, the Mules brought home a winning score of 31-29.

Dimmitt rebounded the first toss and went up for 2 point to begin the action of the game. After seesawing the ball back and forth, the first quarter ended with a

Jake Garn Senator, (R-U), on IMF bailout: "I'm a card-carrying conservative and I've never voted for a bailout. But this is a good package."

Ronald Reagan, President: "The single greatest failure of the Congress continues to be its inability to pass a responsible budget to bring down deficits."

score of 6-4, Bobcats leading. The Bobcats led 12-10 at the halftime of the game.

The two teams were well matched throughout the game and were tied 27-27 when the final whistle blew. This put the game into a 2 minute overtime. Each team scored one basket. During the last 5 seconds, the

Mules had possession of the ball when Jeff Hicks passed to Mike Dunham, who went up for 2 points, making the final score 31-29.

Leading scorer for the game was Dunham with 12, followed by David Sanders with 11 and Benny Parker, who had 6.

Next game for the Mules will be December 5.

BOBCATS REBOUND MULES

The eighth grade Mules bounced off another basketball season Monday, November 21, at Dimmitt. The Mules played their hardest, but came out on the bottom with a final score of 46-25. High Pointer was Johnny Garcia.

The Mules will be in tournament play at Muleshoe December 1-3, and will play their next regular game December 5.

Safety Tips Offered On LP- Gas Heaters

As the weather gets colder, Texans who depend on lp-gas for fuel are getting their lp-gas space heaters out of storage and setting them up. According to Hugh F. Keepers, director of the Liquefied Petroleum Gas Division of the Railroad Commission, following a few safety rules can stop fires or accidents involving space heaters.

First, thoroughly clean space heaters by removing dust and any rust flaking in and around the burners. These can produce incomplete combustion and dangerous yellow flames. When burning safely, an lp-gas flame is blue. Carbon monoxide gas, both odorless and deadly, can be produced if burners or burner parts are clogged.

Check air adjustment settings on the burners to make sure they'll give the proper air-to-gas mixture.

Never place space heaters near curtains, furniture or facing a wall.

Replace broken or missing

radiants. All unvented type space heaters need a ventilated room to support combustion. Slightly open a window when using unvented type heaters. This gets outside air into the house and prevents carbon monoxide buildup.

Don't use space heaters designed for outside venting without proper venting. All flue gases must be taken out of a home. Inside a home, flue gases can be very dangerous.

Have a licensed lp-gas dealer check heaters if there's the slightest concern about properly connecting or adjusting them.

Check all vents for any obstruction. A birds nest, for example, can prevent the escape of flue gases.

Don't place space heaters in walking areas where someone can trip over the heater or its hose.

Connect all lp-gas heaters with an approved lp-gas hose with proper flare fittings. Slip or hose connec-

tions are prohibited and are dangerous.

Cap off cocks or gas stops not in use. This keeps children or pets from accidentally turning on a valve.

Never put your face or clothing near a heater when lighting it.

Southwestern Exposition Will Feature Family Entertainment

Months of preparation began to materialize this week with the mailing of some 6,000 Premium Lists to potential exhibitors at the 1984 Southwestern Exposition and Fat Stock Show, Jan. 25 through Feb. 5, at the Will Rogers Complex in Fort Worth.

The book, according to W. R. Watt Jr., Stock Show president/manager, lists more than \$400,000 in premiums for the 88th annual livestock exposition and accompanying 22 performances of the World's Original Indoor Rodeo.

Watt noted the deadline for entries in divisions for cattle, sheep, swine, horses, donkeys, and mules in Dec. 10, while exhibitors of poultry, pigeons and rabbits have until Jan. 15 to enter.

He urged exhibitors to read the rules and other information to become acquainted with changes from previous years. Arrival and show schedules are also important to note, he said.

Carrying rules and regulations from the Stock Show and individual breed association sanctioned groups, the brightly colored edition lists several new show features, livestock auction, and, in some cases, higher premiums than the 1983 Stock Show.

A number of Cattle, sheep and swine divisions will feature higher premiums, showing an overall increase of \$13,387. Higher premiums in the Polled Hereford open breeding show will make the total offering \$11,000; Santa Gertrudis open breeding show, \$2,600; Pen Division, \$6,040; breeding Sheep open show, \$6,639; breeding Swine open show, \$6,624.

Also, in the Junior Livestock Division overall premiums total \$63,725, a gain from 1983. Junior Steers are up to \$27,080, Junior Jeifers to \$22,305, Junior Dairy to \$6,000, Junior Breeding Sheep to \$2,759, and Junior Barrows to \$5,964.

New items include truckload classes for Hereford bulls in the Pen Division with premiums of \$1,040; a State 4-H Club show in the Dairy Goat Division; and open Dairy Goat exhibitors will receive premiums totaling \$2,000 in addition to class ribbons.

The Horse Show Division will have a realignment in most sections, and some new classes. Premiums will be higher by \$4,530. Also, some junior exhibitor classes have been designated Youth Exhibitor, whereby some young people will be receiving breed

association showmanship points.

Also listed are eight cattle breed association sponsored sales and auctions for Paint and Quarter Horses and Donkeys and Mules. New Will be sales for Beefmaster and Longhorn cattle. Other auctions include the Texas Angus Futurity, Polled Hereford, Hereford commercial females, Hereford bulls, Shorthorn, Brahman, Maine - Anjou and Simmental.

The Sale of Champions from winning animals in the junior, steer, lamb and

barrow shows is scheduled at 10 a.m. Saturday, Feb. 4, in Sale Barn 6.

"The 1984 Premium List should be received by exhibitors by mid-October," Watt said. "Exhibitors entering for the first time may call the Stock Show office for a book, or stop by and pick one up."

The Stock Show will be officed in temporary quarters until Dec. 1 just east of the Will Rogers Coliseum. After that date the office will be located in the southeast corner of the new Amon G. Carter Jr.

Exhibits Hall, which will be completed by show time.

Along with the Premium List, the Mailing includes an information brochure on the 1984 Stock Show and Rodeo, listing schedules and rodeo performances. Mail orders are being accepted for tickets to the rodeo at the show office, P.O. Box 150,

Fort Worth TX 76101.

Tickets for the two Friday nights and performances on both weekends are \$10 each; other week nights are \$8 each; and Monday through Friday matinees are \$6 each. Mail orders should specify which performance is desired, and include \$1 extra for return postage and handling.

Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek has a few unassorted comments this week.

Dear editor:

Like most people, I guess, I watched "The Day After" but what interested me the most was the high-powered discussion afterwards by a panel of experts.

They all agreed a nuclear war is absolutely unacceptable and when asked how the world can prevent it, how we can prevent the super powers from starting one or how we can prevent some insane terrorist in some off-brand country from starting one, they summed up their answers by saying "We've simply got to insure that it positively doesn't happen."

I searched the Yellow Pages and can't find any company selling that kind of insurance.

Let's turn to other matters.

There's a suggestion going around for merit pay for politicians, but you reckon they could live on it?

A lot of people in Europe, if the TV cameras are around, don't want any American missiles installed there, but if war breaks out they'd be happy to have some American soldiers.

Congress has adjourned and fled Washington. If I had a deficit as big as the one they've got I'd flee wherever I was too.

Some people are always misquoting famous sayings. For instance, the modern criminal says "Give me liberty or give me probation."

Some Federal judges have declared that living conditions in penitentiaries are intolerable, but I've noticed that a lot of criminals who've been there and been let out and then committed a new crime guaranteeing their return, don't seem to mind.

THE SEASON FOR . . .

COLDS AND FEVER

THE COMMON COLD . . . one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things we must accept on faith.

"The secret things belong unto the Lord our God; but those things which are revealed belong unto us and to our children forever, that we may do all the words of this law." Deuteronomy 29:29

God has revealed himself, his son, and his commandments, these are the major things.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

With Regard To A Card Of Thanks

With Regard to a Card of Thanks: Quite often a Card of Thanks in a newspaper can meet needs which can't very easily be solved in any other way. It is not only a gracious expression of gratitude but also courteously expresses the services and kindness of the many whom a personal note of thanks cannot be mailed to those names and addresses are not known. You can arrange your personal card of thanks through the classified department in person or by telephone. Muleshoe Journal-304 W. 2nd or Call 272-4536 Mon-Fri. 9-5.

Sandhills Philosopher
Editor's note: the Sandhills Philosopher on his Johnson grass farm on Sandy Acres examines an issue now in the news, in a self-protective sort of way.

When asked what they think of the idea, all the Presidential candidates say "Why Not?" But they don't say who. If asked to suggest a name, they talk about the situation in the Mideast.

Women react to the idea of a woman Vice President in three or four ways. One group is flattered, saying "Sure, It's about time."

Another group is outraged, "A woman Vice President?" they say. "Baloney. We ought to have a woman President. We're tired of being put in second place."

A third group says, "Don't interrupt. We're watching TV."

A fourth group says, "Vice President? What does a Vice President Do?" They're not to be looked down on. Lots of Vice Presidents haven't known what they were supposed to do either. There may have been some Presidents in the same shape, but I won't go into that.

Some men are automatically against the idea of a woman Vice President. "What if something happened and she became President?" they ask. "Can you imagine a woman as Commander-In-Chief of the armed forces?"

It's a good question but don't ask it of the Argentinians who ran up against a woman Commander-In-Chief in the Falkland Islands. Mrs. Thatcher is still in charge and the Argentine male commander is out of a job.

I suppose that some day we'll have not only a woman Vice President but also a woman President. Why not? A deficit run up by either sex would be just as unmanageable.

Yours faithfully,
J.A.
