NEW MEXICO. STAKED PLAISS

Having done me the hostor to request a symposis of my late travels in New Mexico and other western states and territories, I lake great pleasure in furnishing you with a brief account of those travels—and especially as regards those scenes and sights witnessed along the tawny and turbid waters of the Peoce—the class of people who inhabit that with and metapeasure region and their their contracts.

all that parched and blistered expanse of

the name Liano Estacada, or Staked Planny, bad its origin. For it is the common custom of horsemen, or vaqueres, to accure their juded cabalites to those natural stakes. But the origin of the term Liano Estacada, as given by Mayne Reid, the nevelist, and other writers of leaser note, is that when the plains were first discovered a course leading most direct from water to water was surpained stated of the course leading most direct from water to water was surpained to the course of leaser note, and the course leading most direct from water to water was surpained to the course of leaser note, in that when the course of leaser note, in that when the working the fluid beginning to the first lead of the Reichel for her children, because they the beginning the lead of t record out and stakes driven along the route or that travelers would have no cutte for coing estray from the beaten track. As to which is the more correct of these opinions, I shall not offer even a conjecture, but will

As our party were encumbered with only a loose herd of horses and a wagon, it required only about thirty-six or forty hours to complete the entire distance of ainety. See to complete the entire distance of miners; "Sciences and Appendix College arriving at the Pevon river about 12 pastonal visits mode, 29th bugitisms, adults o'clock at night, at full speed. For as soon as the loose horses seemed the water, being at the time some ten miles distant from it. The session had received into the church they pricked up their ears and dashed off. 25t members by examination, 10th by later, into a run, as though a band of painted with 6 restored from sale roll, undring a they pricked up their ears and disshed off.

Into a run, as though a band of pointed with 5 restored from side with undiling a

from last night's rain, but the strong wester now blowing will soon dry up the mud, and good receipts may be expected next upek. The market showed a better feeling to-day,

The market showed a better feeling to-day, in consequence of more favorable news from Liverpool, and prices are now firm with a good demand at our quotations.

The receipts of hides to-day included one lot of Mexican hides from Laredo, and another lot of country and butchered hides from Castroville. Both lots will probably be placed on the market after the city election. Besides the above lots there were the usual receipts of fresh butchered and country hides, which sold at preces within our quotations.
