From all points in Southern and Southwestern Texas, it is over one hundred and fifty miles shorter, and many hours quicker, to Louisville than by way of St. Louis.

It is also shorter and quicker, and has the most felicitons arrangement of Pullman Palace Sleeping Cars that can be offered, to Cincinnati and all points beyond. It is the only route by which we can take in the Great Manmoth Cave of Kentucky. The scenery is lovely, the equipment unsurpassed, the speed unrivalled.
