San Francisco, September 24. — A Los Augelos dispatch says G. Wiley Wells has received a letter from Colonel Mosby stating that before the name of Bailey, late, consul at Hong Kong, was sent to the senate as consul general at Shanghai, the secretary of state was in possession of Mosby's dispatch charging Bailey with being a defaulter to the government, with record evidence sustaining the charge; and that not until Bailey's confirmation and a part of Mosby's dispatch had been published, did the secretary of state take notice of the charges. The department them sent Gen. Stabl., of the consulate at Hilago, and a friend of Seward and Bailey, to investage the truth of the charges made by Mosby. Stabl has concluded the investigation, and has been obliged to report to the department that the charges are true, also that Seward's private secretary, Holoomb, has written letters to various officials in China denouseing Mosby, also, Seward using his influence to shield Bailey and prevent an investigation. There is also evidence to show that Bailey was placed at Shanghai to cover Seward's tracks.

tournament. Constant clapping of hands and stamping of feet is kept up, and numbers of boquets and horse-shows were showered on the pedestrians during the evening. Guyor's pace continues good, but Mowell kesps his lead, and the efforts to chose the gap, seem, rather to whom. At the end of the 67th hour he had made 25m miles and four laps, which left him just 19 miles behind Blower. Brown's best time on record in the match in London.

Hart, the colored boy, has taken to rusning, and is working to close up the gap, between himself and Hazeli.

Weston is doing the same rapid work, and first around the track at a quick pace. Haseems to care more for gaining applause for occasional bursts of speed than for decreasing Rowell's lead of nearly sixty miles.

Eans is falling behind, owing to nances. Hazal seems inney but maintains an astonishing gait. Hazasi got one lap ahead of Guyon at ten o'clock, and thus took the third place in the race. He is rapidly overhauling Merritt, who is second.

Eoveil turned his 300 mile at 2,47, and the applause was terrific and lasted for several minutes.
