—Mr. F. Frommer, the popular bookbinder on Houston street, has presented us with a sample of an office blotting pad, manufactured by him. It is the best thing of the kind we have ever seen, and all who have ever used them would not be without one. They are very cheap and made to over der to fit any deak.

—At the south end of Garden street, and just as the road turns off by which the second and third missions are reached, a ditch is erossed over which the bridge is just about as wide as the vehicle. There is certainly no room to spare. It is actually dangerous to reast the bridge. Street Commissioner Duffey's attention is called to it, with the suggestion that it would be well to extend the width of the crossing.

The Reason Why

People take the Chicago and Alton railroad for Chicago and the north-west-Canada, New England, and all eastern cities, as wellas Ausass City and Kansas, Colorado, Cal-fornia, etc., because no line makes better time, no line has such elegant equipments, superb reclining chair cars, such invurious Pullman sleeping cars; no line farnishes such splendid meals in "hotels on wheels;" in short, no line compares with the Chicago and Allon in all the various improvements

Learning that a number of English immigrants had arrived to the B. Andrews, of the Sunset route, and Mr. A. W. Before they had gone very far, however, the gentleman above referred to, with his wife, was seen approaching. The dress and general appearance of the pair 'gave them away' as English immigrants, and as the hack neared them Col. Andrews stopped it and halied the pair. But no heed was paid to him.
