When the inversed the sum of the pronounced the some water they or the powers and the same time making the corresponding dear mide signs, and after a moment in which the young man replied to Mr. Rhodes, bus it may be they young man new the the young man they have been and the powers and the young man they have been done they young man have determine from reasonable and honest convictions, they must determine from reasonable will the nextent of the n

and promised that whe ecold hear. The exiperiments made with the other young lady
of the class were repeated successfully with
her, and she was then asked if she had ever
heard her own voice. She answered in the
negative, and she was indirected by means
of signs, and by placing fer hand on Mr.
Rhodes' throat, so as to feel the vibrations
of the vocal chords how to produce a sessed.

Then she was given a double audiphoneone in which there are two disks between
which the voice is thrown—and she endeavored to make a sound. At first she was unsuccessful, but on the second attempts she

ored to make a sound. At first she was unsuccessful, but on the second attempts she
made a long, wailing accord, which was in
strange contrast to the brightness of her face.
H. Jacobs.
Her face frushed, and she sank into her seat
and pulled her veil over her face. The instructor asked her if she had heard her
voice, and she answered that she had. She
could describe the effect it had upon her
only by saying it was "a curious sensation." To get it.

structor saked her if she had heard her voice, and she answered that she had. She could describe the effect it had upon her could describe the effect it had upon her could be said to the said of the state of the s

had never before beard her voice shot far above her head.

After this song, the andience sang, "Nearer, My God, to Thee," and the deaf mutes, who presented a curious sight as they stood facing the people with the andiphones in their mouths, seemed to enjoy the anging heartily. Their instructors said, however, that they had not the elightest idea of what music was, but that their plassure was simply owing to their hearing the sounds.

Classes will soon be formed at the Washington Heights Asylum for the instruction of deaf nutes in articulate language by means of the audiphone.

phone has done not a little to excert gether general amusement, but a man deafer than Edison has shown that people been deaf or made deaf by disease can actually be made to hear to a greater or less extent, and so can be free from many of the inconvention dition. This fact was shown yesterday at the addiphone parlors, No. 41 East Twenty-second street, where the addiphone parlors, No. 41 East Twenty-second street, where the addiphone was exhibited by Mr. Richard S. Rhodes, of Chicago. Dr. George M. Beard, the well known electrician, in introducing Mr. Rhodes said he had not thoroughly examined the instrument but believed it would prove more serviceable to those who were partially deaf, providing that the auditory nerve was not destroyed. While Mr. Beard was speaking Mr. Rhodes sat listening of his upper jaw, and when Dr. Beard had faited by Rhodes rose and in the high of his upper jaw, and when Dr. Beard had faited by Rhodes rose and in the high prove more serviceable to those who were partially deaf, providing that the auditory nerve was not destroyed. While Mr. Beard was speaking Mr. Rhodes sat listening of his upper jaw, and when Dr. Beard had faited by Rhodes rose and in the high proven the color of the more dear people said Dr. Beard had stated the case exactly. He himfelf had been deaf for twenty years and had tried every form of car trumpet without

falsished Mr. Bhodes rose and in the high recognised the original appointement, no placed by the property of the property of the property of the placed by a claim of the same manner. He articulate language in the same manner. He then began experiments to find a proper through the teeth, and after two years perfected the audiphone, which he has since used. Mr. Bhodes then exhibited the audiphone and explained the nanner of its use. It resembled an ordinary Japanese fan—a square fan with the angles rounded off and made of volcanized rubber. The fiexible fan part was adjusted in a semi-symmetrical shape by means of cords attached to it and held in place by a clump or wedge on the person could appreciate a high pitched tone better than a lower pitch, and that therefore the arc of the audiphone would need to be arranged to suit bass or treble voices.

The interesting part of the exhibition was the interesting part of th

Trou the Washington Heights Asylum. This class included two young ladies, a young girl, two young men and two boys. The first person experimented upon was a young man who had been deaf for fifteen years and who began the study of articulate language three years ago. He was a very energetic young man and he and Mr. Rhodes began a conversation, each with an andjohane against his eye-teeth. It would be hard to described the manner in which the young man replied to Mr. Rhodes, but it may be two recented to Mr. Rhodes, but it may be two recented to Mr. Rhodes, but it may be two recented and the somewhat in this fashion. When the inven-

per of such a rotal would position as the metropolis of western Texas, not only help the men engaged in business and shipping freights, battits influence would at once be felt by every body—rich and poor characteristics of the Mormons, as a class, or The railroad committee of the board of trade have accomplished the work they were called upon to perform—the securing of information needed, and to propose a plan for organistic a company,—and we hope to see the subscription books opened at an early day. The committee was expected to make their final report to the board at the last meeting, but were prevented by the indisposition of the chairman. As soon as he is able to make his report, a special meeting will be called for the purpose—probably within the next four or five days—and the matter be disposed of as far as the board is amore rued. It will then go to the men of the amore rued. It will then go to the men of the carried of the carried for the purpose—probably as far as the board is amore rued. It will then go to the men of the amore rued. It will then go to the men of the carried of the first the mornions. It the government that he mornions of the government that he mornions of the government that the mornions of the government that the mornions. It the government all been withdrawn from this section. This vall been withdrawn from this section. The vall and the vall again predoming at the unie hat can be shown to be assured, we need not fail to make very desirable property; but if the whole two hundred thousand dol-

will to source the early taking of the stock, the Grant men in Georgia and they are few Gount Potter

the people who accord honors to him, or of 792,295 head of stock, or an average of shout a welcome home, will vote for him for president. There is no concealing the fact that there is a very great opposition to Grant's re-election within the republican party, an opposition so strong that their votes could not be scoured to him by a nomination by the party even, and it can be stelly set down as a fact that with Grant as the monines of the republicans, and such a man as Bayard as the nomines of the democrate over the produced by white and what by colored for Grant. There would be good and sufficient reasons for conservative republicans to vote for Bayard, while there would not be the singleton that the responsion of the contrary to the good and sufficient reasons for conservative republicans to vote for Bayard, while there would not be the singleton that there was an at the normal restriction to the source of the republicans to what the many of the velle are failing feat." In Navario "a good rain is anxiously looked for the singleton that there is an any of the velle are failing feat." In Navario "a good rain is anxiously looked for the singleton that the contract are the contract of the source and t the slightest reason for democrats to vote for IN New York City recently a juror was

Thursday, that the successful conduct of business depended upon a stable financial policy, and that, therefore, any tegislation during the present session materially changing the existing system of finance would be inexpedient. The people are satisfied with the exciting order of things and would prefer to not see it disturbed. It could not be roved; it might be made much

for not providing him with men and means to see made, a few days ago, Jay Gould to send out of the state for fugitives from said be had reached that time of life when ustice. He never asked the legislature for investme any; he not only did not do this, but posi- money; that he had bought up a few tho

any; he not only did not do this, but positively stated in the early days of the session that it would not be the policy of his admining that it would not be the policy of his admining that it would not be the policy of his admining that it would not be the policy of his admining that it would not be the policy of his admining that had pass away the time in his interest of his remark by decilions to an administration to bring fugitives from other states, making a practical application of his remark by decilions to an use in the self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his self with and pass away the time in his deciling years. Those are dangerous toys of tould a however.

The policy of the Atchison, Topeka and Saula Pe road is being pushed forward at the rate of two miles per day, and, it is said, will reach El Paso early next summer, at which point it will wait for the Southern Passific. a (i sposition on the part of his ex. list ey to recede from the position he them assumed.

He says he never fails to offer rewards for THE I bold to San Antonio the trade of Texas, for with it we could defy the return of fugitives sharged with a bad in the matter of stabilshing a permanent in

and suppling regards, exercise instances would at once be felt by every body—rich and poor —and the wealth of the city would be increased in a short time to more than the whole cost of the road and its equipment. The rathroad committee of the board of trade — and the work they were called upon to perform—the securing of information of the formula of

terprise forward to completion; and judgig by the present temper of our people, the reasures looking to a check upon unwar-reasures looking to a check upon unwarident, then "let an appeal be made to the intelligence and love of liberty of the peoare no fears of failure. The road should ay a handsome per cent. as a business incomendation, and properly managed could not fail to make very desirable property; but if the whole two hundred thousand dolong the should be taken as fairly representative of southern as fairly representative of southern

ple of San Antonio should be lost, they will get their money back more than four-fold in a very few years though the benefit the read will be to the city. Instead of low rents hard to cellect, property owners will receive good rents promptly paid, and business property will be almost doubled in value in a very short time.

The other milroads now pointing in this direction will come of their own according they are as anxious to reach here as we are to have them; so let the business men and property owners of this city and county or gaming their railway company to construct a line to the gulf, open their subscription books at once, and let every man work with a will to secure the carly taking of the stock.

The columbus Enquirer ways that of all the general property of the state of the state of the carles and number. The resolution is as follows:

Resolved, &c., That, for the purpose of the state of the same and number. The resolution is as follows:

Do you want a pure, blooming Complexion? If so, a few applications of Hagan's MAGNOLIA BALM will gratify you to your heart's content. It does away with Sallowness, Redness. Pimples, Blotches, and all diseases and imperfections of the skin. It overcomes the flushed appearance of heat, fatigue and exritement. It makes a lady of IHIRTY appear but TWENTY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.
