Yet in the Heard Case,

CRAZY PHILIP'S RETREAT.

Forces in South America—New French Ministry Soon to be Announced. Who does not know "Grazy Philip," or Philip Schweitzer, the harmless, inoffensive San Antonio lunatic? This man has many peculiarities, and is indeed a character. Though a beggar, he is at the same time very industrious, and no doubt collects about as much through the year from different sources as the average laboring man. But Philip is not in a good humor right now, and it may amuse, if not interest, some of the readers of the Expans to know what is the occasion of his displeasure. The day before yesterday assistant marshal Cardenas happened to wander into a vacant building on the west side of south Flores street, and opposite the arsenal. The front door he found beited, but there was an entrance to the rear. In the building he discovered a miscellaneous accumulation of the effects of

ber, etc., etc. Gazing in thoughtful wonder upon the conglomerate mass, the officer was for a while puzzled as to what to conclude about it. How came it there, and who in habited the retreat? In the centre of the floor were laid a half-dozen of mora coffee sacks, which were evidently used as some one's couch. Who could the liphabitant of this tensant-seeking domicil be? Cardenas thereupon called in assistance and ordered the things to be taken out into the yard and burned. Proceeding to the work, however, and buried in the huge pile of paper of all kinds and shapes and colors, a neat paper box was discovered. The officer took held of it, raised it from its place of secretion, and took of the lid, and found it to contain a regular robber stamp, and pads. being a printer, Mr. Cardenas found no difficulty in reading the letters of the stamp, which were as follows:

A Benefactress.

Just open the door for her, and Mrs. Wisslow will prove the American Florence Nightingale of the nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winstow" for helping her to survive and escape the griping, colicking, and tecthing siege. Mrs. Winslow's Soothing Syrup relieves the child from pain, and cures dysentery and diarrhosa. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. Twenty-five cents a bottle.
