Editors San Astonic Expuss.

In seems queer that the people in the country should be treated as a noncentry by the postoffice clerks in your city, but such is too true, for it has been demonstrated time and again. All of our pleas and orders go by unheeded. We love The Expuss, and we don't like the idea of having to give it up, for it-is-a welcome visitor. But the day is not far distant, judging from the past, when our voices will cease to be heard. It is singular that so many of the supporters of your city and city paper should be treated with such neglect. We enquire for our mail generally on Saurarys, when we ought to get the Weekly Expuss, the Galveston Christian Advocate, and others, for they all arrive at the office previous to our calling. We know this to be a fact, because we efter received to receive the or three numbers at a time numbers that we should have received a week or two carrier.
