JOURNALIST IN JEOPARDY. Arrest of Kenward Philips on Charge Telegraphic News Notes of General Enthusiastic Reception of the Distinof Forging the Garfield

New York, October 27 .- Kenward Philip, purnalist, was arrested in Brooklyn to-day on charge of forgery in connection with Garfield's says: We believe it hisse letter. He will be arraigned in the again raise its rate upreme court this afternoon. His counsel has dready applied for his discharge on a writ of habeas corpus. Another report states that the rrest was made on a 'charge of counterfeiting ostoffice d'es, upon a warant granted in the sderal courts. Philip was arrested in the loby f the Park theatre, Brooklyn, white in convertion with ex-sheriff Daggett, a republican eader of Kings county, and other gentlemen. Now York, upon a warrant issued by Judge Nowh Pavis, presiding justice of the supreme bourt, which charges the prisoner with malicous libet. Philip and the officer, accompanied by Wm. Vieder, came over to police headquargers in this eity. After a brief detention he ras taken to the supreme court. Judge Davis being temporarily absent, he was detained in a raigned before Judge Pavis later in the day. Recurrently absent, he was detained in a raigned before Judge Pavis later in the day of the supreme court. His counsel, Ger. Roger A Pryor, objected to the prosecution, teading he sildavit on which the order of arrest was bitained. But the judge overruled the objection. District altorney Bell then read the affiliavit, by Col. George Bliss, who testified that the examined the fac simile copy of the letter rith others in his possession from Gen. Garrield, and pronounced it a forgery; that he comard the photographic copy of the letter with vritings of the secued, and on intormation and ellef thoughthe was the author of it. The affisavits sworn to by Jas. E. Pay e and Albert F. outhworth, experts in handwriting, were read and were of singliar purport. Attached to the didavits was the original copy of an article and were of singliar purport. Attached to the didavits was then made to have the warrant laminased on the ground that the affidavits rere not strong enough to support it. The motion was denied by Judge Davis, who eld that the publication of an article arter its authenticity is denied, which tended to bring dum the supposed author, was a criminal bet. The vamination was then adjourned till to clock to morrow morning.

This broadside was aimed at their employes, whom it was thus expected to coerce into the support of the republis grap out out a challence. The democrats can ticket, but it appears to have let their customers. At least, a large number of the eastomers. At least, a large number of the have taken the risk of repulling many by nay a mediment which, whether reasonable to be democrate, have all the risk of the results of the resu closed their accounts with the merchants, refusing to longer trade with men who made in the democratic majority in the city in closed their accounts with the merchants,

For the past few days-since Mr. Evans's The managers of the two great political arties appear to regard the American peo- speech on Main plaza, -- some of our repubple as a body of ignoramuses who can be imposed upon at will by falsehoods and subter. fuges, and to such an extent has this been the hope of influencing the people of this carried on during the present canvass that the wonder is that the Beople do not arise ses, and nearly all of them are, directly or and with the scourge of their wrath drive indirectly-and they have taken occasion to their chief scribes from their political tem- misre present the letter of Gen. Hancock on BURNS' RESTAURANT ples. Almost every day brings some that question, and tried to convey the imhuge canard which innocent and pression that he was not in favor of protecthuge canard which industries ago ing American industries. Some time ago faith only to find, in a few days, an equally high and respectable authority offering letter, but for the benefit of our readers and

> GOVERNOR'S ISLAND, N. Y., Oct. 12, 1880. American industries. I thought I spoke plainly nough to satisfy our New Jersey friends regard

wisdom, justice and the principles the peo- up our industries and keeping Americans from ple revere, but to show that the other party the competition of the underpaid labor is composed of knaves and enemies of the

To such an extreme have treachery if we mean to administer the functions of govand deception been practised by the leaders that the people now regard the practises as a matter of course—something to be expected, rather than as acts which should bring for the administration of the government will the blush of shame to those engaged in them. | continue as long as human nature lasts. All But the result has been that no matter from parties agree that the best what high authority a report emanates, or how

But the tariff question will probably be treate with justice to all our interests and people by some such bill as Eaton's. I believe that a com-mission of intelligent experts, representing both the government and American industries. will suggest tariff measures that will relieve u present laws, and confirm to us a system effects. I am, very truly, yours,

Hon. Theo. Randolph, Morristown, N. J. That letter is certainly explicit snough on the tariff question. It is not in consonan with the tariff plank in the platform (which not one democrat in a thousand ever expected to be adhered to, and which has been a menace ever since its adoption), but it is beyond doubt the true sentiment of the great mass of the democratic party, and sets it right before the country in defiance of the platform expression.

Thursday Morning, October 28, 1880 BARON SPINELLI'S GREAT FIND

The Beautiful Ornaments Unearthe From Ancient Tombs Near Naples

From the London Daily News. From the London Daily News.

Naples, September 4.— Last June we were courteously invited by Baron Spinelli to pay a visit to his casino, near Cancello (a station within three quariers of an hour from Naples), which he has made into a museum for all the valuable objects he has gathered from the crowded part of the metropolis of Sucretia already exervated. Passing through fields tich in produce, and meadows crowded with young buffalres and scented with sweet clover, we arrived at the simple old country over, we arrived at the simple old country ouse, which leans against an old medieval

ower.
Ascending a broad staircase, lined with own of amphone, we entered a suit of spaious rooms filled with cases and tables rowded with rare objects. It was difficult orowded with rare objects. It was difficult to believe that such a quantity and variety had Leen found in a piece of ground not more than about two acres in extent. We ask vases, scarabel, ornaments for the neek, bracelets, rings, brooches on exactly the same principle as the modern a fety-pin—the sheath which guards the point being, however, very long—some with several ends of threads, upon which bung a few remaining heads, still adhearing; and various large ornaments, the use of which it has not yet been feel. BOWEL COMPLAINTS.
A SPEEDY AND EFFECTUAL CURE.

PERRY DAVIS' PAIN-KILLER
Has stood the test of FORTY YEARS' trial.: =

their figurative decoration when it exceeds a mere straight or waving line.

Several bracelets which Baron Spinelii caused to be optimized shine with a deep luster like that of zed gold, and still posess there relativity. Some were found composed for the most part of pure gold. It accessed for the most part of pure gold. It accessed for the most part of pure gold. It accesses if the aurochales so praised by Pfiny and others had been re-discovered. In only one options has a similar metal been found, that is, in Corinth; the c-lebrated mirror with the representation of Korinthos and Leukas is made of the same material. The appearance of these bracelets is, when in an oxidized condition, execuly similar to that of oxidized and condition, execuly similar to that of oxidized MOORE'S BUSINESS UNIVERSITY, Atlanta, Ga. 17 \$100 covers total expense for three months. Send for lilustrated Circu uly 2 12w condition, exactly similar to that of oxidized sonatron, executy annuar to that or oxidized bronze, but the metal of the bracelets is considerably heavier. In Naples the dealers in antiquities made a good business by selling all that they possessed of a similar shape to those eager to have and wear such ornments; but no one could change the nature of the courses bronze by

other wase which contained the ashes of some fatty substance was one of the man. Lettery of Hieron, the first of that make found with two names inscribed upon it, indicating that Makron, its maker, worked in Athens, in the atelier of Hieron. It is the curry one of its kind and except its road. THE SWIPT SPECIFIC COMPANY, Propri-efors, Atlenta, 68
Sold by F. Kalteyer & Son and A. Dretss & Co., Sas Autonio. at macraum, and it would be premature to draw from its prisones there any chronolog-ical conclusion. It might well be that such a vase had come into the possession in later ages of one far from the country of its manufacture. A carious object was a cup with a cover ornamented with figures, inside manators perhaps a toy. The arms and supports of the balance to preserved; the plates were made of the two halves of a nut. The bracelets were always found in pairs, and generally still encircling the bones of the skeleton.

From the fact that forgrounds of lives may

From the fact that fragments of linen may From the fact that fregments of finen may sometimes be seen addressing to the inner side of the ornaments, it may be inferred that when the corpse had been clothed in a kind of long-sieeved shirt, the bracelets were put on outside, so as not to be hidden by the dress. - They are mostly of a spiral shape, like e scripent, and often wind several times round the arm. They are so clastic that hike a serient, and often wind several times in round the arm. They are so clastic that they can be drawn out to a great length. Many rings are also spiral, and so long that that they must almost have covered the fager, like the rings worn in such numbers by Nespolitan women. No arms of bronze were found at Suersula, and but few of iron; it was a factor of the reversal twices and descreas and necessary.

were round at Sucreum, and but few of iror:
several knives and daggers, and percaps
some lance-heads. The chjocis from the
oldest and these fore most interesting period
give evidence of a people little advanced in
the art of design, yet well-kn-de, and not
only accustoms.
