OFFICE OF DATAY AND WERKLY KLYERS, Monday, December 6, 1880.
With better roads and favorable weather the receipts from—the country have been quite heavy, and general business has feit the effect in a larger movement. The outfreight ny wagons has been heavy, and f-eighters were leaving for their various decimations on the frontier during the entire day. The forcease in receipts by wagons was not conduct to any one line, and the result has been that the paza has been very lively all day with the farmers and buyers. Grain has been in liberal receipt, and the ruled on Saturday thas weexpected it would be. The regular plaza price for corn is buck from wagons is now 15 cours per bushel. Outs are unchanged, and all the store prices are the same as at our last report.

Pecans are in fair receipt, and prices rance about \$5 per bushel for good nuts and higher for rancy nuts. The demand is settive, and is likely to continue so during the remainder of the week, as the New Orieans market is higher-than the New York market and transportation is much quicker and freights are correspondingly cheaper.

Hides are in good receipt to-day, and this
