EXTRAORDINARY SEMI-ANNUAL DRAW'G, Builders. Hardware,

You can get a pair of speciecies that will keep your eyes in as good condition forever after as seen you first use them. These Medicated Glasses have been thoroughly examined and analyzed Prof. Berger, the great French coulist, and Dr. Carl Hollander, the famous German conlist, of pronounced as far superior to any glass as are made, and recommended as the only glasses to used to save the eye. American oculists claim that the Medical Glasses have no equal and can some cases restore the eye to its original sight when used in time, and in no case can the eye come impaired by the use of these glasses, if properly adapted, for the following reasons:

1. The chemicals soften the light to the eye, completely doing away with that thresome sensation that is experienced in using glasses after one or two hours' use. as as at drai.

3. The chemicals keep the glasses cold as 'co-result is your optic nerves are always cool, oling away with any feverish sensations to the eye.

4. These glasses have no equal for night reading or sewing. With them you can sit up all ght, and the light has no effect on the eye, with so itresome sensation whatever, which necessally continues to improve the eye.

We suit all eyes and warrant our work, or money refunded. Persons living at a distance dering the Medicated Glasses can be fitted by sending address with postage stamp. The Medicated lasses can only be had at 74 St. Charles Sirect, as we have no agents, nor do we employ peddiers, ranulated and Sore-eye lids cured without the use of kaffe or other extreme measures.
