

# ARTESIA ADVOCATE

J. R. HOFFMAN, Editor and Manager

ARTESIA, NEW MEXICO, OCTOBER 20, 1922

VOLUME 21 NO. 48

## COTTON GIN ACTIVE

The Artesia cotton gin, under the management of H. P. Larsh, has been very active during the past few weeks in handling the cotton crop. About two hundred bales have been ginned and a greater amount is expected in the next few weeks. The farmers are in the busiest season of the crop at this time.

The crop is expected to be greater this season than last and a better price is being paid for the cotton. Buyers are active and often bid against each other for the product. The cotton of this section is of the long staple variety.

According to reports received at Artesia, the gin at Hagerman is not in operating condition on account of broken parts. The gin at Roswell burned last week, causing a great inconvenience to the farmers in that section.

Mr. Gallop and family of Hope have moved to Artesia and occupy a residence they recently purchased in the west part of the city.

Mr. Frank Ohnmus went to Carlsbad this week, where he will remain during the winter, having accepted a position at that place. He has been connected with the Richards black-nith shop during the past few years.

## Democratic Ladies Notice.

There will be a call meeting of the Democratic club of Artesia next Monday afternoon at the Elrose Theatre at 2:30. All are invited.

## WESLEY CLASS ENTERTAINED

Twenty-five members of the Wesley Bible class of the Methodist church, were entertained at the home of Mrs. H. A. Stroup on Thursday afternoon. The ladies, who are members of this class, meet each month for a social afternoon. Mrs. Tom Stagner is the teacher of the class.

The ladies met at this time for the purpose of sewing for the Christmas Bazaar, which will be held before the Holidays. Delicious refreshments were served.

## BARON AURIEMMA COLLECTS FUNDS FOR SALVATION ARMY

Noted Opera Singer Gives Concert in High School Auditorium. Sings For Student Bodies

A large crowd filled the auditorium of the Artesia high school on Tuesday evening as Baron James Auriemma, better known as "Happy Jim", entertained with a delightful musical concert. This noted singer, who has had several years of experience in Grand Opera with such companies as the Metropolitan Company of New York and many others. At one time Baron Auriemma sang for Caruso, the world's noted tenor, as a substitute for the noted vocalist. He has now devoted his time and money to the great cause of the Salvation Army and sings his way into the hearts of the people and into their pocket-books, taking collections wherever he goes for the Salvation Army, which is termed the "Soap, Soup, and Salvation Shop." After the concert on Tuesday evening, between two and three hundred dollars had been donated by the Artesia public.

The singer was assisted in the program by Mrs. M. H. Ferriman, well known vocal accompanist, and Mrs. Martin Yates, soloist. "At Dawning and "Roses at Twilight" were sung by the opera singer and Mrs. Yates as duets. They responded to several encores. The audience joined in singing or whistling "There's a Long Long Trail a Wind- ing." Little Miss Linnietta Henderson a small girl in the sixth grade of the public schools sang "Let the Rest of the World Go By with the Baron. This number was very pleasing to the audience.

The Baron's program was very varied. His jokes and humorous remarks created much laughter in the audience. His songs were of different types, being operatic and popular selections, with an occasional old ballad. His opera selection portraying the score, which was the favorite of Enrique Caruso, was especially deserving of special mention. It was this song which was sung by Auriemma when he sang for Caruso many years ago. It was the same score which Caruso requested to hear as he was dying. From the introduction of the singer by Mayor Ferriman until the closing numbers, not one person in the audience was displeased. "Calm Is the Night" and "The Rosary" were the closing numbers of the program, being sung on request.

On Monday morning, the Baron visited the high school, and the Grammar school student bodies, singing and telling humorous stories to the children. He asked the children to join with him in singing several popular songs, which they did with much fervor and joy. Miss Tris Iler sang with "Happy Jim" at the high school and little Linnietta Henderson sang a duet with him at the Grammar school. He was asked to appear again before the public school audiences.

## MONEY FOR SEWERS.

Atty. J. H. Jackson received a telegram yesterday stating the money was available for the sewer system for Artesia. The amount being \$50,000.00. The town board will probably advertise for bids and let the contract within 40 or 50 days.

## ROSWELL HIGH SCHOOL TO MEET LOCAL ATHLETES

Coach Adam's "Bulldogs" Prepared for Big Clash Town Team to Play this Week

The Artesia town team, which defeated the Artesia high school football team earlier in the season by a score of 14 to 0, will meet the high school lads in a second game this season some time this week, according to reports made known by the members of the town eleven. The game will be a great contest and the followers of the sport favor the high school lads as winners. The younger athletes are in better condition than formerly and the offense and defensive playing has been improved by the daily coaching on the local gridiron. Many of the town players are unable to be in the game, but other stellar players are available.

The big game of the season is scheduled for next Friday, October 27, when the Roswell high school team, who were the state champions last year, will meet Coach Adam's "Bulldogs" on the local gridiron on the high school campus. The Roswell lads are confident of victory after their overwhelming defeat of the Portales high eleven two weeks ago. They intend to win another state championship. The local lads have defeated the New Mexico Military Institute Preps in a fast game and are seeking revenge for the two defeats administered by Roswell last year. Unless injuries prevent, the lineup, which will oppose Roswell on Friday afternoon will be one of the best seen on the Artesia gridiron.

Captain Yeager has not been able to attend practise on account of illness. However, he will be in the lineup against Roswell. Davis and Bullock will probably start at the half-back positions with either DeAutremont or Yeager at quarter. House will likely start at full-back with Cole held in reserve for this position. Jackson, husky letter man from last years team, is out again and will be in perfect condition for the game. This will strengthen the team to a great extent. He will probably be used on a wing position this season with either Rideout or Bruce on the other end. Williams will fill the pivot position with Welsh, Long, Kaiser, Meadows Ohnmus, Knowles and others will be used in the other positions of the line. Excellent material is available for every position, especially the backfield. Lattion is a new man who is fast developing into a speedy player. The regulars, who have been out during the first of the season, will strengthen the team and two excellent games are expected.

## OFF TO LOS ANGELES, CALIF.

Miss Jewell Logsdon of Denver, Colorado, one of the leading employees of the Mountain State Telegraph and Telephone Co., who has been the guest of Mrs. Terrill, and other friends of Artesia, left Friday night, October 13th, for Los Angeles, California, to take up similar work in that city. Miss Logsdon has been in the employ of said company for a number of years, beginning her work in Artesia.

## METHODISTS SURPRISE NEW PASTOR

A large number of the members of the Methodist church were members of the group of persons who surprised Rev. and Mrs. Davis and family on last Thursday evening. Rev. R. F. Davis, who has been the pastor of the Artesia Methodist church for the past three years, has been re-assigned to Artesia. The members desiring to show their appreciation of their pastor and his family, surprised them with a regular "pounding party" where each one brought some thing to eat or of some service for the use of the family. The party assembled in the neighborhood of the pastor's home and arrived at the house in one crowd. Rev. Davis was called to the door and was unable to see anyone, as all members of the party were hid. After a few minutes of waiting, the entire group rushed into the home with their packages. The house was soon filled with about sixty persons crowded in thru the doors. A general social evening was enjoyed by the guests, who were very welcome. The adults devoted their time to amusements in doors, while the younger people used the yard as their playground. Delicious refreshments were served by the ladies of the church.

The town of Artesia, as well as the members of the Methodist church, welcome Rev. Davis back as the pastor of the Methodist church. The many friends of the family are pleased with the action of the conference, which recently met at Pecos, Texas.

## "POWDER BOX REVUE" CAST BANQUETED

The members of the Clarence Kepple Post, No. 41, American Legion, honored the members of the cast, which recently presented the "Powder Box Revue," with a delightful two course banquet at the Hardwick dining hall on last Friday evening. All the cast were not able to be present on account of the unfavorable weather conditions. However, those who were fortunate enough to be present enjoyed the occasion very much. Not only the members of the cast, but a few special guests were also present.

After the sumptuous chicken supper, George Flanders introduced Fred Cole as the toast master of the occasion, who expressed the highest praise for all, who had assisted the American Legion in making the show a success at Artesia and other towns of the Pecos Valley, where the show was presented before the public. After a few introductory remarks, Mr. Skelton Williams was announced as a vocalist of rare talent. However, regardless of the demands of all present, the man did not respond with a special musical number on account of the condition of his throat. Mr. Charlie Martin, a platform speaker of renown, held his audience dumbfounded as he soared to lofty pinnacles of oratory. Oscar Samelson was moved to tears. Messrs. George Williams and Guy Stevenson favored the audience with a photograph duet, which was a rare exhibition of classical music. Mr. George Welton, who was better known among the cast as the "Wharf Nigger," spoke earnestly and conscientiously for several minutes. He expressed a desire to speak often, but could not on account of several existing circumstances.

Mrs. Ruth L. Skeen, director of the cast, and the one person who deserves more credit for the success of the show than any other person, was requested to speak by those present. She used this opportunity to thank the cast for their cooperation and faithfulness during the period of rehearsals and performances of the "Powder Box Revue." Mrs. Skeen was the author of the two plays, presented in the show, and is responsible for its success.

After the banquet, the guests were invited to the American Legion headquarters, where a delightful evening was enjoyed. Among those present were Mrs. Ruth L. Skeen, Mr. and Mrs. Earl Bigler, Mr. and Mrs. George Welton, Misses Velma Smith, Loretta Linell, Ayliffe Polk, Phyllis Polk, Opal Martin, Lois Muncy, Eunice Wells, and Messrs. Gail Hamilton, Fred Cole, George Flanders, Oscar Samelson, Clarence Smith, Charlie Martin, George Williams, Skelton Williams, and Guy Stevenson.

Ira Lewellen and family of Morganville, Texas, moved to the city last week.

## SENIOR GIRLS ARE HOSTESSES AT CANDY PULLING

The members of the Artesia high school football squad were special guests at the home of Miss Herma Welsh on last Saturday night as the girls of the Senior class entertained with a delightful candy pulling and general social occasion. A large number of the athletes were present and enjoyed the event very much. The members of the high school faculty were also the guests of the girls.

Preceding the social affair at the home of Miss Welsh, the Seniors paraded through the streets of the town, making all sorts of racket with horns, of many classes, tin pans, yells and songs. An announcer with a large megaphone announced the athletic carnival to be conducted at the high school at a later date. Although a drizzling rain was falling, the enthusiasm of the joy-makers was not affected.

A large supply of candy resulted from the efforts of the faculty and pupils, who cast aside all care and routine of duty at this time. The supply disappeared almost as fast as it appeared. Ralph Davis was easily given the first honors in making away with the "sweets". There was much opposition present as the young ladies sought to secure a gentleman member of the faculty for their partner. The young athletes were as anxious to secure one of the popular lady teachers as their partners. Peace was soon established after the most earnest efforts of Mrs. Laura Welsh. Among the faculty members present were Misses Alma Givens, Esther LaDue, Mary Sands, Ruth Morgan, Mrs. Iler and Messrs. Ralph Reed, Henry Davis, Frank Adams and O. K. Evans.

After the candy making, the guests assembled for the purpose of conducting a class on general events. In this class it developed that Herman Cole was the "Biggest Dumbbell"; Coach F. C. Adams was the first to become entangled in the nets of matrimony; Lois Burns was a failure and that a certain senior girl had the biggest mouth in the group. This was very amusing and much fun derived from this class. The remainder of the evening was spent in general social activities. The members of the faculty and the football boys declared the senior girls to be excellent hostesses.

## DR. HILL AND OTHER SPEAKERS IN ARTESIA

Republican Candidates Speak At Elrose Theatre on Friday Evening

The speakers of the Republican political party, who are touring the Pecos valley in the interest of the party candidates, were in Artesia on last Friday evening, addressing the voters of the town at the Elrose theatre. Dr. C. L. Hill, republican candidate for governor of New Mexico, was in Artesia during the day, but was unable to speak at this place on account of the speaking schedule at Hagerman. Dr. Hill and Des Georges, candidate for Secretary of State, and Hugh Williams, corporation commissioner, were the members of the party, who spoke at Hagerman.

Fred Muller, candidate for Land Commissioner; O. A. Matson, candidate for re-election as state treasurer; and ex-lieutenant governor B. F. Pankey were the speakers at Artesia. The Artesia band gave a concert preceding the speaking.

The attendance was not very large, due to the unfavorable weather conditions. Interest in the political campaign is at a high pitch and both major parties are very active.

The Republican State convention placed themselves on record as being opposed to the state-wide primary law and a real ballot such as up-to-date states use now days. Sure they are opposed to the majority rule. It is much easier to control a few hundred delegates than it is to control all Republican voters in a primary election. They don't want a ballot that takes a man who can read and write to vote it. The Democratic party of New Mexico favors an up-to-date ballot and primary system.

According to the Albuquerque Journal anything said in opposition to the Republican reign in New Mexico by the Democratic State committee is dirty. We have lived nearly 44 years in this world and have not found the truth to come amiss. There are several reasons why the people of New Mexico should vote for a change—one reason that can be forebore brought to the Artesian's mind is the laws of our state favoring corporations. For instance our light and power system. Had we laws favoring the people, we could have called a special election voting bonds to buy our electric lighting system—but no, this law passed by a Republican legislature prohibits a special election and we cannot vote bonds until the April election in 1924. The consequence, Artesia business men had to dig up the advance payment to get our plant going and take a chance on the citizens of Artesia voting bonds in 1924 to pay them back. Fine laws (?) and they are Republican made at that. Vote for a change, the change may mean a chance for laws that will favor the common people of our state.

## GRAMMAR SCHOOL NOTES

The county health nurse was a visitor at the school on Tuesday afternoon.

Robert Vogel, who was enrolled in the Grammar school last year, re-entered on Monday morning.

A Halloween program is being planned under the supervision of Miss Irene Gage and Hazel Morris. The program will consist of readings, special musical numbers and other specialties.

The first six weeks term closed last week with the usual tests, which characterize the close of a term. The faculty are busy preparing their reports and fixing the cards for distribution among the pupils.

The eighth and seventh grades have organized during the past week. Miss Hazel Morris has been elected sponsor of the eighth grade. Miss Florence Conner was elected the president. Miss Irene Gage is the faculty sponsor for the seventh grade and Wilmer Ragsdale was elected as president. Many social events are scheduled for the next few weeks.

The attendance and tardy record was better during the past week than has been the case during the first six weeks.

## SOPHOMORES HAVE PICNIC

The second year classmen of the Artesia high school left Artesia on Friday afternoon after school hours for the Pecos river, where a picnic and feed was enjoyed by the school pupils. The trip was made on an auto truck, which was used as a conveyance for both persons and "grub". Robert Rehberg proved an excellent driver and all arrived at the scene of activities in high spirits and excellent condition.

After several hours spent in outdoor games and roaming along the river banks in quest of adventure and excitement, the "gang" attacked the food supply with ravenous appetites. The supply, which seemed to be almost unlimited, soon disappeared. Miss Esther LaDue, class sponsor from the faculty, was the chaperon on this trip.

The joy-makers returned home at a late hour, after a very joyous evening.

## FEW PEANUTS HANDED OUT TO G. O. P. ELEPHANT

(From Santa Fe New Mexican)

BY JOSE A. BACA.

"John Morrow will stand on his own record and not that of his ancestors 300 years ago. If you elect Hinkle he will be the governor—not a man depending on the financiers of TEXAS to rule NEW MEXICO."

"There is but one issue before you; good or bad government, and you know the shortcomings of the last administration. You have one near the edge of your city.

"I'll oppose Bursum's Indian Bill until reformed in the proper manner to protect the Indians.

"As to the tariff, let me quote LaFollette who says it is the greatest robbery ever committed on the American people.

"The women alone will pay because of the new tariff ONE BILLION DOLLARS to the trusts in increased prices.

BY J. S. VAUGHT:

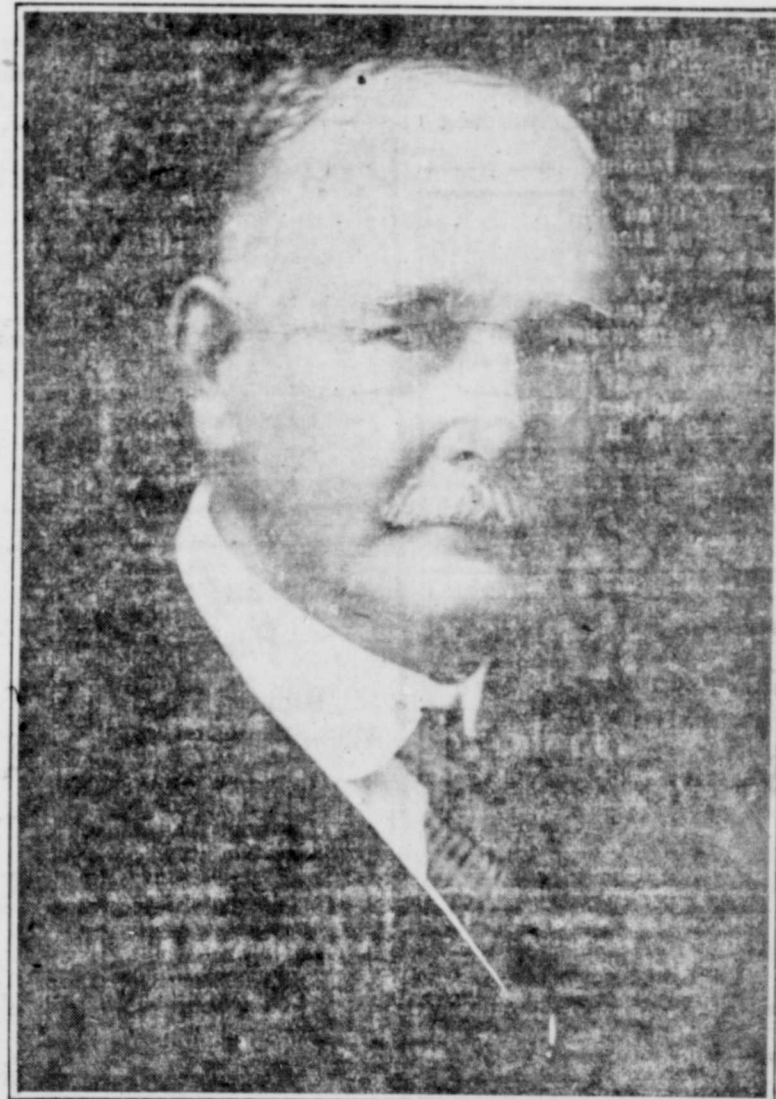

"How has the Republican convention the nerve to endorse the Mechem administration?"

"I will say this about the convicts at the penitentiary in that food strike. Had I known that they were to be shot into like a beach of quail, I would have asked a suspended sentence for two of the men, shot whom I helped prosecute while District Attorney.

"The penitentiary business has given New Mexico the blackest eye.

"Has the superintendent of the state penitentiary been removed?"

"This same superintendent, who took a baseball bat behind a convict and crushed his skull. Can you imagine anything more inhuman?"

SENATOR A. A. JONES

## A RECOGNIZED LEADER

U. S. Senator A. A. Jones of New Mexico is recognized leader of the Democrats in the U. S. Senate.

More than that, he is a leader in the senate recognized frankly by Republicans.

So sound is his position on the need of taking the tariff out of politics and writing a bill based on accurate information that the sheer logic of the situation forced Republicans to support the minority. Jones tariff proposal, which failed only by two votes.

That is Leadership.

Reed, of Pennsylvania; Borah of Idaho; Nicholson of Colorado; Edge and Frelinghuysen of New Jersey; Capper of Kansas; Jones of Washington; and Bursum of New Mexico are Republican senators who followed it.

Senators say of this leadership: Nicholson: "I voted for the Jones amendment because I believed it the rational way to obtain tariff information."

Borah: "The Senator from New Mexico proposed the only concrete method of obtaining necessary information upon which to write a tariff bill. I naturally supported him. The Jones' idea finally will be written into law."

Underwood: "The Senator from New Mexico has given the party a most valuable and constructive idea. His contribution is of the most substantial and enduring character. I rejoice that it has the support of the solid minority and a very substantial number of the opposing party."

Incidentally, Senator Jones has fought steadily, persistently and effectively for protection for New

## NEW EQUIPMENT FOR LIGHT PLANT SHIPPED

According to reports, which have been broadcasted over the town, the first shipment of equipment for the new municipal electric light and power plant has been shipped. It is expected to arrive in a few weeks. The other shipments will be made as soon as possible and made ready for operation as soon as possible under the supervision of city officials.

The old plant, formerly operated by the Pecos Valley Gas and Electric company, has been purchased by the Town of Artesia and is now being operated temporarily until the new equipment arrives and is installed. The cost of the new plant will be approximately fifty thousand dollars, but will mean much more to the town in its convenience and efficiency. The new plant will be sufficient in size and power to furnish electric power for irrigation purposes as well as civic and community uses. The power will be going during a twenty-four hour period instead of about six or seven as it is at present. This can not be prevented at this time on account of the temporary repairs, which were made when the Pecos Valley Gas and Electric company decided to sell the plant.

## MISS BARLOW DEAD

The body of Miss Christina Barlow was brought to the McClay Undertaking parlor Tuesday. She lived with a sister on a farm, was fifty-five years old and never married. The body was laid to rest in the Artesia cemetery.

Miss Jennie Williams was a Carlsbad visitor on last Saturday.

Miss Jennie Williams was a Carlsbad visitor on last Saturday.

**No Punctures  
No Blowouts**

**Service TUBES**  
*Easy Riding*

NOT a tire filler. They have 40" air in honey-comb air cells. Made all in one piece, same shape as a regular tube. Never need to be pumped up. Never go flat.

With these tubes you can get 18,000 to 20,000 miles out of ordinary tires. You can put your blown-out tires back into service without repairs and get thousands of miles more service from them without fear of tire trouble. When tires are completely worn out, just transfer same tubes to other tires.

These tubes are guaranteed to last the life of your car. Thousands of car owners are now using them and have no tire trouble.

**IMPORTANT**

These tubes are being sold on a positive money-back guarantee to do as we say. They are easy riding.

Don't be prejudiced. Give us a chance to prove that we can stop forever all your tire trouble and cut your tire bill one-third by making tires run 18,000 to 20,000 miles.

Phone, write or see us today.

**A. F. ROSELLE, AT DUNN'S GARAGE**

**JONES AND SMOOT PROVEN  
TO BE YOUR FRIENDS**

(From National Press Association)  
Washington, D. C., October 14.—Had it not been for the splendid fight put up by two Western senators, namely Senator Jones of New Mexico and Senator Smoot of Utah, it is more than probable that the owner of every automobile truck and tractor in the United States would have had to pay from fifteen to one hundred dollars more per car in case that he desired to replace the bearings of his vehicle. The great Eastern trusts endeavored to have the duty placed at a figure that would have meant the gouging of the pockets of every automotive vehicle owner in the United States and while it is true that a material increase is carried in the present tariff bill, yet it will not work nearly as great a hardship as would have occurred had not Senators Jones and Smoot put up the excellent fight they did for the owners of automobiles, trucks and tractors, garage men, accessory dealers and supply stations. It is another striking example of how the great Eastern trusts appear to be figuring how they can get the last penny from the pockets of those who are earnestly endeavoring to build up the great West. It is another striking example of how Senator Jones, all during the tariff period, put up a strong fight for the man who works for a living.

The Democratic Publicity Committee has made the following charge:

"Sales of state lands have been made in years past which has never been reported to the assessor as required by law. In such cases the land commissioner held up approval of the sale in a pigeon hole, pending approval, effectually defeating the law and defrauding the state of interest in deferred payments which do not commence to accrue until the sale has been approved by the commissioner.

The above charge is absolutely incorrect in every particular. We will pay TEN DOLLARS for each and every case which anyone can cite in proof of what they allege.

## MRS. OTERO-WARREN IN THE FIELD OF EDUCATION

MRS. ADELINA OTERO-WARREN  
Republican Candidate for  
Representative in Congress

Mrs. Otero-Warren is both a worker for education and a working educator. She has demonstrated practical ability to get results in both fields of endeavor. For many years she has worked to improve the state's public school system. Her work has been done among the people and before legislative committees where it has counted in results. The county unit school law, county boards of education, practical county high school establishment the nine months school term, higher teaching standards and better salaries for teachers all have had her active aid.

When the vacant office of superintendent of Santa Fe county schools was offered to her by appointment, she accepted because she saw an opportunity to better rural school conditions then greatly in need of improvement. School buildings were out of repair or inadequate. The school funds were unpaid and the schools were heavily in debt. Teaching standards were low. Public interest and co-operation were lacking.

Today the state has no better rural schools than those in Santa Fe county. Warrants are paid promptly. School credit is restored. School buildings are modern and in repair. County high schools are flourishing. An all-year school nurse is kept busy. Only first grade teachers are employed. They are adequately paid. There is a budget balance of \$27,000 and the people of every district display interest and pride in their schools.

This is the result of less than four years' work by a woman who having ample personal means to permit a life of leisure and social amusement, has chosen to lead the life of a worker in that field in New Mexico where sympathetic understanding and wisely directed effort are most needed.

Mrs. Otero-Warren believes in adequate salaries for teachers. She has secured payment of such salaries in her own county administration.

tion. She believes in efficient teachers and demands that no other be employed in the schools she directs. She believes that no further increase in taxes for school administration should be imposed upon the people and that careful economy and more efficient school administration must be the means of maintaining adequate schools.—But she believes also, that aid should be given by the federal government through further grants of public lands for school maintenance and she believes that such grants can be obtained from congress by sustained effort and serious presentation of New Mexico's situation and necessities.

It is significant that Mrs. Otero-Warren has never failed in any undertaking for the public welfare to which she has set her hand.

Partisan political opponents hoot at the idea that a lone New Mexico woman representative can secure from congress a further grant of land to lift from the taxpayers a part of the burden of school maintenance. But Mrs. Otero-Warren led the fight which brought equal suffrage to New Mexico women in advance of the national amendment. She led the fight which resulted in establishment of the state health and welfare department, which has saved thousands of lives and bettered living conditions in every county in New Mexico. She lifted the Santa Fe county school system from its demoralized condition and made it one of the best in the state.

Heretofore further land grants for our public schools have only been talked about. Mrs. Otero-Warren proposes to work for such a grant with every resource at her command. The parents of New Mexico, confronted with duty to children on one hand and with heavy tax burdens on the other, should give her the opportunity to try. She will succeed.—Advertisement.

# Desperate Situation Exists

## With the Chosen few in Eddy County

AT FIRST THEY MADE LIGHT OF THE INDEPENDENT MOVEMENT BUT THEY HAVE NOW CALLED FOR  
HELP  
FROM THE REPUBLICAN COUNTY COMMITTEE

and  
IN VIEW OF THE HARMONY WHICH HAS FOR YEARS EXISTED BETWEEN THE TWO, AND A POSSIBLE  
AGREED DIVISION OF THE COUNTY POLITICAL SPOILS, HOW FAR, WE WONDER, THE OLD GUARD REPUB-  
LICAN LEADERS WILL GO IN ASSISTING THE CHOSEN FEW TO ELECT A STRAIGHT DEMOCRATIC COUN-  
TY TICKET.

## Did You Know?

That your County Commissioners are carrying 22 Insurance policies on the court house and contents and that by agreement they are divided between the republican county chairman and Swigart and Prater, except \$2,000 which is magnanimously given to Keinath and Son at Artesia.

The total amount of Insurance carried is \$102,500.

We favor carrying ample insurance, but just wonder who appraised the court house and contents and just about how much would actually be collected on these policies in case of a loss.

Your county commissioners do all this business for you.

Ask some one who knows what the court house cost.

Warrants are being drawn direct to county officials themselves for Clerk hire. This is not the fault of the official. It is the fault of the county commissioners. The excuse given is that the state auditor approved it. However, the law forbids. And the excuse is absurd.

Will Mr. Waller state whether or not he ever drew any such warrant when he was county assessor when no clerk actually put in the time in his office.

We blame the county commissioners for allowing this practice.

Vote for John T. Bolton and against Dugan Rickman.

Vote for Dean Smith and against G. R. Howard.

### WARNING

If you should require any one to assist you in marking your ballot on Election Day you are entitled to call for any one of the Judges you personally desire. Be sure that your ballot is marked the way you intend to vote.

### NOTICE

We are not mixing in any state politics unless the state candidates attempt to mix in this county matter. Don't let the chosen few fool you

### DO YOU KNOW?

That just before the last Democratic Primary Election, Hon. G. W. Batton, now deceased, had printed a number of sample ballots at The Carlsbad Argus, instructing the editor to print the ballots on the same form which was to be used on Election Day and that said sample ballots were printed on the Australian ballot form; that these ballots were delivered to Mr. Batton and that he distributed them among many voters, showing them how to place an X in the square opposite to his name. Do you know that some ballots had been printed by the committee in an Artesia printing office on this form for use in the Primary, but that upon the eve of the election the form was changed to the scratch system by the county chairman and actually used in the primary.

This fooled many of Mr. Batton's friends who voted for him by placing an X opposite to his name. Do you know that under the Primary Election law any vote which clearly shows the intention of the voter should be counted?

Do you know that in the Carlsbad Precinct, the largest precinct in the county, these votes were not counted? This defeated Batton by five votes.

We wonder why this order for the ballots to be voted in squares or the Australian system was countermanded on the very eve of the election.

Why were these votes not counted by the committee?

Why were they so handled by the committee that they could not be seen?

Under their own rules a re-count was guaranteed. It was refused.

Why was the convention which ratified the nominees held on Saturday morning and precinct delegates to it chosen on the evening before, after a few hours notice only?

Why then do they preach that people who believe in self government are undemocratic?

Consistency, thou are a jewel! Will the chosen few pray tell us what Democracy is?

If you believe in a clean and self government, vote for Ned Shattuck for Sheriff and back him up with Dean Smith and John T. Bolton, for County Commissioners.

Don't let them fool you on how to vote. Leave the circle blank and put an X in the square opposite each person you vote for.

### BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE  
VAST ENLARGEMENT OF EVERY  
PHASE OF GENERAL WORK

**GAIN 500,000 NEW MEMBERS**

Effort Will Be Made to Enlist These  
and All Other Baptists in Share  
in Forward Movement Dur-  
ing November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.65, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

**DR. L. R. SCARBOROUGH**  
General Director Baptist 75 Million Campaign.

and benevolent work for the three years preceding the Campaign.

The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,000 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$83,000,000, enlarged their contributions to local causes by \$22,390,000, and increased their contributions to all causes by \$43,480,490.

Baptist institutions grew. Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised. Among the outstanding accomplishments in the work of the Home Mission Board are the aiding of 1,000 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 38 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 124,332 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 753 churches organized, and 1,499 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Jugoslavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, 6,674 of 17,576 pupils, native contributions of \$1,003,398.68, and \$29,842 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,966 among needy ministers. It has invested assets of \$1,149,088.

Receive 500,000 New Members. More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 8-December 3 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash offerings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

### RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men  
in Hospitals After Four  
Years of Peace.

**CHAPTERS' FIELD OF SERVICE**

Every Veteran Needing Help Gets  
Individual Attention of Sym-  
pathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1923 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strain and exhaustion incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their special care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, aiding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim necessity.

**2,679 Chapters Aiding Veterans**

In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity.

For the current fiscal year National Headquarters appropriated \$3,030,092.90, an increase of \$865,560.84 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single work is expected again to reach the \$10,000,000 mark by June 30, 1923.

**Hospital and District Office Work**. During the fiscal year a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitals or district offices of the U. S. Veterans' Bureau. An average of 8,000 new cases requires definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February 1922 it has disposed of 64,174 allotment checks payable to veterans which the Post Office Department reported undeliverable.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,905,379 instances of service to ex-service men and their dependents, at a cost estimated from reports how at hand more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his special wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

**Spread Christmas Joy Abroad**. More than 100,000 Christmas boxes for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans already under way.

**Your Peace-Time "Bit"**. Not "all you can," but your "bit," \$1, makes for strength of the American Red Cross in peace-time service. Strength in numbers multiplies service. Join today.

### Wants Etc

WANTED--Second hand high chair. Gayle Hamilton.

WANTED:--Pasture for about 20 head of cattle and a few hogs. A. N. Coward.

LOST--Two fire insurance policies, house series, Nos. 189 and 190. Property of Fidelity Phenix Fire Ins. Co. Return to KEINATH & SON.

**TERMS OF SUBSCRIPTION**  
 One Year ..... \$1.50  
 Positively in Advance

**REPUBLICAN BUSINESS  
 ADMINISTRATION**

The reduction on large incomes,  
 the bill being passed by the Repub-  
 lican Congress, lost the United  
 States \$90,000,000. Then we are  
 just reading in the metropolitan pa-  
 pers about the government selling  
 \$50,000,000 worth of bonds. Just  
 think Harding and his Republican  
 co-workers told us that they would  
 reduce the cost of living. They did  
 reduce it for the big interests al-  
 right, and are helping the big inter-  
 ests by selling them bonds. That  
 reduction of \$90,000,000 would help  
 some toward the bonus for the sol-  
 diers that sacrificed their job, their  
 business, to fight and die for—  
 well we wonder who, since the Rep-  
 ublicans gained control of the na-  
 tion. We must say some business  
 administration, yes for the big in-  
 terests.

There will be a call meeting of  
 the Democratic club of Artesia  
 next Monday afternoon at the  
 Elrose Theatre at 2:30. All are  
 invited.

**GUESS AGAIN**

"President Wilson," said S. B.  
 Davis at Deming, "was re-elected  
 under the false and misleading slogan  
 that a vote for Taft was a vote  
 for war."

It would seem that Mr. Davis  
 should familiarize himself with at  
 least comparatively recent American  
 history. We feel it our duty to  
 explain to him that Mr. Taft was not  
 a candidate for the presidency when  
 President Wilson ran for re-election.  
 Mr. Davis, in fact, ought to provide  
 himself with a copy of the World  
 Almanac and carry it conveniently  
 in his pocket.—Santa Fe New Mexi-  
 can.

**THAT DISARMAMENT**

About a year ago the civilized  
 nations of the world agreed to scrap  
 a great many battleships. True,  
 most of the ships they planned to  
 beat into plowshares were considered  
 obsolete, in the light of modern  
 battle conditions, but the agreement  
 was considered quite generally as  
 indicating an advance toward inter-  
 national more or less permanent  
 peace.

The year has gone by, and none  
 of the ships has been scrapped.  
 None that could be used for any-  
 thing except junk.

Italy and France have neglected  
 to ratify the treaties providing for  
 the scrapping, and both Italy and  
 France now are scrapping on the  
 side of the Turks, against Great  
 Britain. Ratification of the dis-  
 armament treaties is likely to be held  
 up at least until a more peaceful  
 atmosphere envelops Europe. When  
 that will be, not even an oracle  
 would be so rash as to conjecture  
 at this time.—Wichita Eagle.

**A RECOGNIZED LEADER**

U. S. Senator A. A. Jones of New  
 Mexico is recognized leader of the  
 Democrats in the U. S. Senate.

More than that, he is a leader in  
 the senate recognized frankly by  
 Republicans.

So sound is his position on the  
 need of taking the tariff out of poli-  
 tics and writing a bill based on ac-  
 curate information that the sheer  
 logic of the situation forced Repub-  
 licans to support the minority, Jones  
 tariff proposal, which failed only  
 by two votes.

That is Leadership.  
 Reed, of Pennsylvania; Borah of  
 Idaho; Nicholson of Colorado; Edge  
 and Frelinghuysen of New Jersey;  
 Capper of Kansas; Jones of Was-  
 ington; and Bursum of New Mexico  
 are Republican senators who follow-  
 ed it.

Senators say of this leadership:  
 Nicholson: "I voted for the Jones  
 amendment because I believed it the  
 rational way to obtain tariff infor-  
 mation."

Borah: "The Senator from New  
 Mexico proposed the only concrete  
 method of obtaining necessary infor-  
 mation upon which to write a tariff  
 bill. I naturally supported him. The  
 Jones' idea finally will be writ-  
 ten into law."

Underwood: "The Senator from  
 New Mexico has given the party a  
 most valuable and constructive  
 idea. His contribution is of the  
 most substantial and enduring char-  
 acter. I rejoice that it has the  
 support of the solid minority and a  
 very substantial number of the op-  
 posing party."

Incidentally, Senator Jones has  
 fought steadily, persistently and ef-  
 fectively for protection for New  
 Mexico sheep and cattle growers  
 through proper duties on wool and  
 hides. His work to keep the Emer-  
 gency Tariff Bill alive was of sig-  
 nificant service to New Mexico stockmen.  
 He is the champion of the producer  
 of the West and a broad gauge,  
 brainy worker for the welfare of the  
 people of New Mexico and every  
 other state.

Senator A. A. Jones is unalter-  
 ably and absolutely committed to  
 the policy of adjusting the compen-  
 sation of the men who fought for  
 world freedom on French soil. His  
 career in the Senate, his public and  
 private talks, his letters to constitu-  
 ents and all his acts stamp him as  
 the friend and defender of those  
 who defended this nation. His  
 sentiments are epitomized in an ex-  
 cept from a recent speech delivered  
 at Santa Fe. He then said in part:

"I want my critics to understand  
 that it was partly by my vote that  
 our young men were called into the  
 service of our country in the great  
 war. I knew my responsibility  
 then. I also know how well they  
 served their country and so long as  
 God spares me I propose to serve  
 them. This country is great enou-  
 gh, big enough, just enough, to pay  
 its honest debts."

Senator Jones said the soldier has  
 the first call upon the gratitude and  
 the treasury of the nation. He  
 supported the measure vetoed by  
 the president. He did not believe  
 it was liberal enough, but voted for  
 it because it was the best measure  
 obtainable at that time. The Sen-  
 ator has promised to keep the mat-  
 ter before his colleagues until full  
 justice is done to the men who so  
 gallantly upheld the American cause.

**JONES AND NEW MEXICO**

New Mexico as a partner in the  
 Union, has benefited by all the salu-  
 tary legislation for which Senator  
 Jones has worked and voted during  
 his six years' service in the Senate.  
 But New Mexico has profited in a  
 special manner by the zeal, indus-  
 try and ability of her senior Sen-  
 ator. Shortly after his election in  
 November, 1916, and months before  
 he was sworn in as a member of the  
 Senate, Senator Jones made a spe-  
 cial trip to Washington to urge up-  
 on the government the necessity of  
 providing for the drainage of the

Mesilla valley. Through his ef-  
 forts work was begun at once to  
 remedy the situation from which  
 the people of the valley were suffer-  
 ing. They are today the benefi-  
 caries of his active interest in their  
 behalf. Camp Cody was establish-  
 ed in New Mexico during the World  
 War at the instance and through  
 the labors of Senator Jones. This  
 was one of the largest camps in the  
 country and was obtained for New  
 Mexico only after the keenest com-  
 petition with several other states.  
 The new Federal building at Santa  
 Fe was erected in compliance with  
 a bill introduced and pushed to pas-  
 sage by Senator Jones. His bill  
 for a post office at Las Vegas has  
 passed the Senate under his guid-  
 ance and is now pending in the  
 House of Representatives.

Fort Bayard, one of the finest  
 soldiers' hospitals in the country,  
 has been saved to New Mexico by  
 the diligence and persistence of  
 Senator Jones. When the War De-  
 partment was about to abandon this  
 hospital, Senator Jones induced the  
 government to transfer it to the  
 Public Health Service as an institu-  
 tion for the care and treatment to  
 disabled former service men. Sen-  
 ator Jones obtained an appropria-  
 tion of \$750,000 for the enlarge-  
 ment and improvement of this hos-  
 pital. This sum was subsequently  
 increased by about \$100,000. New  
 Mexico now has one of the finest sol-  
 diers' hospitals in the United States.  
 Albuquerque now has an Internal  
 Revenue Collector as the result of  
 the work done by Senator Jones for  
 his state. This official formerly  
 had his headquarters in Arizona, al-  
 though New Mexico was in his jur-  
 isdiction. So numerous have been  
 the services rendered by Senator  
 Jones to individuals and separate  
 communities in New Mexico that  
 they defy recounting here. He has  
 always given courteous attention to  
 every request that has come from  
 his people, whatever their political  
 creed or social condition. He has  
 kept informed of the needs of the  
 state and has been alert to protect  
 and further her interests not only  
 in Congress but also in the various  
 government departments.—Santa Fe  
 New Mexican.

### CONVICTS SHOT INTO LIKE A BUNCH OF QUAIL, VAUGHT SAYS; BLISTERS GOV. MECHEM REGIME

Prison Brutality Horrible, Says Speaker at Democratic Rally Last Night

"How in the world could a Republican state convention find the nerve and show the cheek to announce to the state of New Mexico that it commended and endorsed the administration of Governor Mechem?"

This was the question Attorney J. S. Vaught of Deming, Luna county, asked at the Democratic rally held last night in the Rialto theater where several hundred Democrats and Republicans sat for over two hours and listened to what was probably the severest arraignment of the Republican party's record ever heard on a platform in New Mexico.

The question was asked at the opening and at the close of Mr. Vaught's address; but this "sandwich" had as its meat a summary of the achievements of members of Governor Mechem's official family at the capitol—and one superintendent out at the pen.

Mr. Vaught led up to that superintendent at the penitentiary as a climax and declared that the penitentiary muddle, from the shooting into a bunch of quail, to the striking of a wounded convict over the head with a baseball bat, gave New Mexico "the blackest eye."

Mr. Vaught's speech, enlivened by negro anecdotes, which rocked the theater at times, followed addresses by Jose A. Baca, of San Miguel county, candidate for lieutenant governor, and John Morrow of Raton, candidate for congress.

Mr. Baca brought down the house when he referred to Mr. Morrow as a candidate "who will stand on his own record and not that of his ancestors."

Mr. Morrow's speech was featured by his discussion of the educational problem, his endorsement of the soldier bonus bill and his opposition to the Bursum Indian bill until it is "reformed."

Judge Samuel G. Bratton, of Clovis, Curry county, candidate for the supreme court, was introduced to the audience, but he did not speak, the chairman of the meeting W. J. Barker, arousing laughter by explaining that Mr. Bratton was one judge and one candidate for a judicial position who did not believe in dragging the bench into politics.

"Waiving Irregularities"

Mr. Vaught in delivering the chief address of the evening, said that he was not a candidate for any office, but he belonged to the bunch who look at people in office and tell what they think of their conduct. He then told of a legal encounter he had with a tipsy attorney who wanted little to do with testimony of witnesses, asking that the court "waive all irregularities" which might be found in the case. The speaker asked whether the people of New Mexico on November 7 are going to consider the Republican record of the Mechem administration for the past two years, or will they "waive all irregularities" and vote the Republican ticket again from top to bottom, and have some more of a Republican administration?

Reviews the G. O. P. Record Then the speaker reviewed the G. O. P. record of the past two years as he saw it.

As to the traveling auditor, he said: "This official announced that a former state educational superintendent was found short. He made that announcement. Then he rechecked and found the state superintendent was not short five or six

thousand dollars, but that the state of New Mexico owed that superintendent 15 cents." (Laughter) "Would you keep a bookkeeper in your business like that?" (More laughter and applause.)

As to the state auditor, he said: "In auditing something to his account which should have been to that of the state, I kept books ten years before I began studying law and I want to say that there were two rules I was taught as a bookkeeper. No. 1, Make out the monthly statements. No. 2, Check the bank account each month as banks, too, are liable to make mistakes. I merely say in passing that here we find a department which failed for five or six months to check up."

**State Banking Department**  
"As to the state banking department. This is a very important part of the Government of New Mexico. Down in Lordsburg, in Hidalgo county, we had the Lordsburg Bank. It was examined 8 days before it failed and was given a clean bill of health, and yet this bank failure was one of the worst wrecking examples we have seen. Let me ask you people, in connection with this talk of running a state as a business, would you keep a man like that in your private business?" (Laughter)

**The State Land Office**  
Mr. Vaught rapped the state land office management as a fault with the general manager of this state, known as the G. O. P. He wanted to know about interest on funds received by the state land office. He said last fall the amount of \$448,792.87 was received by the state land office in oil leases, and asked "how about the law passed getting 3 per cent interest to be given for that deposit?" He asked about other funds, and what provision was going to be made to get interest on money received.

**The State Treasurer**  
As to the state treasurer's office, Mr. Vaught said he did not believe there had been such a state of affairs in New Mexico as in this office adding "with white wash covering it." He told of the muddle over a bank deposit larger than the law permits, of the newspaper criticism, and added that "we heard of" against the former state treasurer.

**The Highway Department**  
Mr. Vaught referred briefly to the highway department, saying that there was a 61-mile road from Deming to Lordsburg which he had often traveled over in a motor and that it was a pretty good road. Now the highway department, he continued, decided to grade this road. He declared it did not need it. "I am opposed to needless work on highways when New Mexico is nearly bankrupt," Mr. Vaught exclaimed.

**The Tax Question**  
Referring briefly to the tax question, Mr. Vaught said that the people of New Mexico should bear in mind that there has been an increase of 178 per cent in taxes from 1914 to 1921. And of 314 per cent in the cost of roads. And of 341 per cent for schools.

"Have your schools increased 341 per cent in efficiency since 1914?" he asked, "and have your roads improved 314 per cent since 1914? Let me ask you to think it over." "Sight is Stronger than Word of Mouth"

The speaker told a negro story of a man and his wife who had separated because of a row over their private bank account. He said that the negro had come to him to discuss his troubles, explaining that his wife had grown angry because he had asked her to show the bank book to back up her statement that there was no balance in it. "Ah, believed, sah, dat sight is stronger dan word uv mouf," the negro explained, according to Mr. Vaught, who said that it is a good saying when you want to get at the truth about anything. He asked that this rule be applied when looking over the record of the G. O. P.

**And the Penitentiary**  
Discussing the penitentiary muddle, Mr. Vaught said that "the pen business has undoubtedly given the state of New Mexico the blackest eye." He continued: "I'm assuming that you are familiar with what happened out there with that superintendent. It's horrible."

Mr. Vaught said that when he held the position of district attorney he had prosecuted quite a number of the men who are out at the penitentiary and he said he had "a feeling for them," realizing that these men had let their foot slip at an unguarded moment. He said that a bunch of convicts are behind prison walls at the mercy of the guards, but they are entitled to some consideration. "They had a right to object to the food when they worked," he added.

**Shot Into Like Quail**  
The speaker declared that five men had been shot in this food strike, and added: "They were shot into like a bunch of quail." He said that it was a horrible spectacle, and had he known these men were going to be treated in such a manner, he would have pleaded in court for a suspended sentence when he was prosecuting two of them while he held the office of district attorney.

"Has the superintendent of the penitentiary been removed?" he asked, in thundering tones.

**Crushing Convict's Skull**  
Then the speaker discussed the case of the man who had been shot in the leg, when it was necessary to subdue him. This was another case he explained. But after this convict had been subdued by a bullet in the leg, Mr. Vaught declared "a baseball bat behind the convict struck him and crushed his skull. Can you imagine anything more inhuman?"

In closing, Mr. Vaught told the story of five negroes who had been

condemned to die in the electric chair, between the hours of 6 a. m. and 6 p. m., on a given day. He said that one of the condemned men went to the governor and protested that this was too long a time to sit in a chair with a red hot iron at the feet and a red hot band around the forehead. "We can't stand it, we CAN'T stand it," the negro shouted.

Comparing the electric chair to taxation oppressing the people of New Mexico, and some other alleged abuses he had pointed out as the red hot irons at the feet and heads of the taxpayers of this state, Mr. Vaught asked the voters to say also on November 7th: "We can't stand it, we CAN'T stand it."

**Baca Talks of Others**  
Mr. Baca, candidate for lieutenant governor, paid compliments to the other candidates on his ticket and seldom used "I."

He discussed the tariff, and said he could see no benefit from a protective tariff. "How are the people of Europe going to buy our goods if we have a tariff wall?" he added. "I do not believe the tariff is going to help the farmer or the stockman except the wool grower."

The speaker said there had been some criticism of A. A. Jones because he voted for the emergency tariff, and he added: "I am a wool grower. I have a few sheep. I am glad to have a tariff on wool. I believe it is helping the industry which should be helped."

**Praises A. A. Jones**  
The candidate praised A. A. Jones as a fit man to represent New Mexico in the senate. "I do not believe you could have a more faithful or a more energetic one," he said, amidst deafening applause.

As to John Morrow, candidate for congress, Mr. Baca said he thought this resident of Raton a worthy colleague to sit with Senator Jones in congress. He predicted that Mr. Morrow will stand on his own record and not on that of his ancestors of 300 years ago. The house fairly rocked at the allusion.

**What Hinkle Is Like**  
As to Hinkle, Democratic candidate for governor, Mr. Baca said: "If elected, Hinkle will be the governor. No strings on him. He is not a man depending on the financiers of Texas to rule New Mexico. Again there was laughter."

Mr. Baca said the issue before the people is whether they want good or bad government, that's all; whether there is to be efficiency and economy or the absence of both. "You know the shortcomings of the last administration," he continued. "You have one near the edge of your city and you can go further north if you desire."

Mr. Baca said little about his future plans, if elected, except this: "If elected, I'll give you the best in me." There was a shout of applause as he sat down.

**John Morrow Speaks**  
Introduced by Mr. Barker, as "a farmer, stockman and educator," John Morrow, Democratic candidate for congress, delivered an address dealing with issues he considered important for the voters to consider, and he emphasized the educational program. He said that it seemed proper for a candidate to go before the people and "tell 'em." He said he believed that the principle of platform on which the party stood should be carried out. As for the political parties he saw them as a "good thing," and the people could look at both sides of the medal.

"There are two issues before the people in this coming election," he continued. "The Republican party offers itself as a party to protection. It stands for high tariff. It is wanted by the manufacturer and the strong corporations. The Democratic party stands for the low tariff, for reciprocity. It is the party of the common people."

**Education Most Important**  
"To me the most important question before us is education. Twenty-five years ago we had 33 and one-third per cent of illiteracy in this state and in 1920 we had 41,000 over 10 years of age considered illiterate. But illiteracy has decreased from 33 and one-third per cent to about 13 and one-third." The speaker said that the people of the United States had been guaranteed an opportunity for education.

**Unfair to Rural Districts**  
Although refraining, he said, from criticizing the men who have charge of the making up the funds for educational purposes, Mr. Morrow declared that he did think it unfair to the rural communities to cut the amounts so that these rural communities can not get the best school, teachers and education. There are sufficient funds in the main cities to look after the educational requirements, he said, but in the outlying districts it is almost impossible to get teachers of the caliber to give the best education.

**Many Indians Suffer**  
Mr. Morrow said that many Indians suffer for lack of educational advantages. "There are 30,000 Indians near Gallup," he continued, "and I understand there are about 2,500 without educational advantages. Now, the Indians are wards of the government of this United States and, to a certain extent in New Mexico, wards of the people."

Mr. Morrow said cheerfully that he felt he would be elected. This statement was greeted with cheers. "If elected, one of my first acts will be an attempt to get an appropriation for the government for the education of the Indian children of New Mexico, he promised."

**As to Bursum Indian Bill**  
As to the Bursum Indian bill, recently introduced, and now being discussed in the press in many places, the speaker said: "This is a bill to settle titles to lands of the

Indians. The Republican platform has endorsed it. The Republicans have criticized the Democrats for NOT endorsing it. But I am informed there are several provisions in this bill which are unjust. I say this: I will oppose that bill until reformed in the proper manner to protect the Indians." (Applause.)

**How About the Farmer?**  
As to the American farmer, Mr. Morrow said there are six million farmers in the United States and he added that the great wealth and prosperity of the nation must be attributed to the farmer. "But this farmer today is the hardest pressed," he continued. "He is unable to pay his taxes. He is not able to meet the interest on his loans."

The speaker then gave statistics on the cost of coal measured in products of the land, in 1913, as compared with 1922. In pork 14 pounds met the cost, he said, of a ton of coal in 1913, but it takes 52 in 1922. This is sad news for the farmer who has to buy coal. The farmer is receiving 31 per cent less for labor and his produce but is paying more for everything, the speaker pointed out.

**Negro and Mr. Harding**  
Mr. Morrow aroused laughter when he told of the prosperity promised by the G. O. P. when attempting to elect Harding and of the conditions today. He said a negro had been sentenced to two years in the pen, but asked the court to "send him over," for two years and a rail. "Why?" asked the astonished judge.

"Well, hits dis-a-way" explained the colored man. "Ah'm afeared dat I mought get out during de Harding administration, Boss."

**About the Tariff**  
The speaker dwelt at length on the tariff, which he said its the highest ever offered, and quoted Senator La Follette as branding it "the greatest robbery ever committed against the American people." As to a protective tariff on wool, Mr. Morrow said that for the western country it is a proper measure. But on sugar, it takes money from the consumer. On gingham, they will cost 17 and one-half per cent more to the dismay of the housewife. And lace, 37 and a half to 63 per cent. "There will be no more five-cent lace," he added, as many women in the audience snickered.

**Good Bye Leather Gloves**  
The tariff the Republicans offer America will make it impossible for the person of average means to wear leather gloves, Mr. Morrow predicted. And the 16 button kid gloves will be raised 41 per cent to 81 per cent.

**No More Silk Socks**  
The silk will soar until there will be no more silk socks. Silk will go to 230 per cent and it will no longer be brought into the United States, Mr. Morrow predicted.

**Hardware 100 Per Cent**  
As for hardware and house furnishings, an increase of 100 per cent. "The women alone of this country will pay one billion dollars to the trusts in increased prices," the speaker added.

**Needs of New Mexico**  
Mr. Morrow added a word about the needs of New Mexico. He declared he believed in the development of the west and he asked "What is wrong with New Mexico? It has many times more than the state of Pennsylvania. It has only three people to the square mile. It is not overcrowded. The state can be developed but what we need is reclamation and a fund to keep reclaiming."

**Soldier Bonus Act**  
As to Soldier Bonus, Mr. Morrow told of the promises of the Republican party and the opposition to the measure by the president, Mr. Harding.

"Four million men, the flower of the nation, entered the service of our country in 1916," he said, "and these men were paid one dollar a day. But the home fellows drew \$3 to \$7 a day and higher. Hence the suggestion to give the soldiers some compensation. But despite the promises of his party, Mr. Harding vetoed the bill."

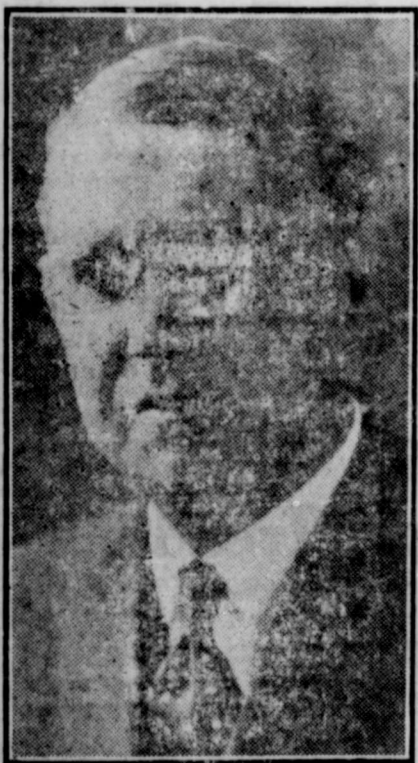

**Must Come Through Democrats**  
Mr. Morrow was applauded when he declared that Soldier Compensation must come to the boys who entered the service of this government and must come through the Democrats, as the Republicans had failed to grant it.

**Praises A. A. Jones**  
Mr. Morrow was cheered as he praised the record of Senator Jones in the U. S. Senate. He challenged anybody to take the entire record and find one vote of Jones against the people's interest. "It would be a crying shame not to return to the senate a man recognized as the peer of any in that body," he added. "Jones' whole spirit is in the development of the western country."

**Grant Was Interpreter**  
One of the biggest jobs of the speech fest last night was the work of the interpreter, Attorney David Grant, who put all the speeches into the Spanish as rapidly as they were delivered. Seldom has an interpreter been heard in a campaign in New Mexico who could put American idioms into idiomatic Spanish with such fluency. — Copied from Santa Fe New Mexican, of October 10th.

Rev. Z. T. Moon was in town the first of the week returning from conference at Peecos. It is pleasing to announce that Reverend Moon has received an assignment for the coming year to preach at Loving and Hope. He has a host of friends here and elsewhere in the valley, for besides being a good preacher, he is a magnificent booster, one of the kind needed by every town.—Carlsbad Current.

## Aid For Livestock Growers and Farmers:

STEPHEN B. DAVIS, JR.  
Republican Candidate for United States Senator

The Agricultural Credits Act, passed by a Republican congress saved the livestock industry of this and other western states from ruin during the period of deflation.

To achieve the complete rehabilitation of the agricultural industry the operation of this act must be extended for such period as will permit livestock growers and farmers of New Mexico to recover from the effects of the present serious drouth.

I intend, if elected, to use every effort within my power to secure such extension of the provisions of the Agricultural Credits act as will enable the livestock growers and farmers of New Mexico to restore the state's most important industry to prosperity.

# Stephen B. Davis, Jr.

## SENATE SENIORITY

The men who have exercised the greatest influence upon the affairs of America and the world in the United States senate have been men of long tenure of office in that body. Leadership in the greatest deliberative assembly in the world has as one of its prerequisites, experience in the senate. A. A. Jones of New Mexico has had that preliminary experience, has received that essential recognition in less time than many of his colleagues, has demonstrated his capacity for leadership, and has been so acknowledged regardless of party lines. Senator Jones is at the threshold of his greatest usefulness as a senator. He has the capacity to take his place in history as one of the greatest of senate statesmen.

It would be rather strange were New Mexico to appear to set a lower estimate on Senator Jones than does the U. S. Senate.

Let us observe what the U. S. Senate thinks of this distinguished New Mexican. The measure of power in the senate is in committee appointments. They are earned by service, by demonstrated ability, by achievement. Has New Mexico, indeed through Senator Jones, achieved seniority in the senate? We believe she has.

**Invaluable Service**—It has been in his capacity of member of several important committees of the senate that Senator Jones has been able to give New Mexico and the country as a whole the invaluable service which he has rendered to both. The finance committee and the appropriations committees of the senate. The finance committee frames, in the first instance, or remodels and recommends legislation for raising revenues, while the appropriations committee originates or approves bills to determine, authorize and meet the expenses of the national government.

It is the finance committee that devises fiscal measures like those on taxation and tariff, which are always among the most vital subjects of federal legislation. The appropriations committee deals not only with the regular budget of the government but also with appropriations for special purposes in which, oftentimes, the individual states are concerned. At a time when the expenditures of the government reach into several billions of dollars the difficulties with which these committees have to contend are easily understood. In addition to these two powerful committees, Senator Jones is a member also of the committee on public lands and surveys (to which bills of the greatest moment to New Mexico and the entire Southwest are referred for action), education and labor, manufactures, and audit and control of the contingent expenses of the treasury. Senator Jones' assignment to these standing committees was a recognition of his abilities and his painstaking industry. By hard work he has made himself master of the principles of federal legislation and of the routine which the constitution, the statutes and the rules of congress prescribe shall be followed in the preparation, consideration and passage of bills. All this requires time as well as close study. It is his exceptional personal equipment, plus six years of service, that makes Senator Jones of so much present value to New Mexico in the senate. Additional years of service will enhance his influence and usefulness to his people. A new senator is at a great disadvantage, which his state shares with him.

**Already Nationally Known**—Senator Jones was, of course, nationally known before he entered the senate. His work as assistant secretary of the interior had not only been of immense benefit to New Mexico and the whole west, but had given him a knowledge of some of the nation's greatest economic problems, an acquaintance with the operations of the government, and an intimate contact and relations with members of the president's cabinet and representatives. Accordingly, when he entered the senate he was not kept waiting for the official recognition and the opportunities which are sometimes withheld from new senators for years.

Almost at once Senator Jones became a member of the finance committee, the public lands committee, the committee on education and labor, the committee on expenditures in the interior department the Indian affairs committee, the committee on mines and mining, the committee on manufactures, the committee on the audit and control of the contingent expenses of the senate, and of the geological survey. His position on the committees on public lands, Indian affairs, mines and mining, education and labor, and on the geological survey kept him in constant touch with many of the special problems and needs of New Mexico and gave him the means of supplying these needs. Senator Jones was selected also as chairman and member of various special committees. One of these was the historic committee on woman suffrage, of which he was chairman. It is primarily due to the labors of this committee, and particularly of its chairman, that the women of the United States now exercise the right to vote and share in the selection of public officials and the formulation of public policies, national, state and local.

**On Salary Commission**—On March 5, 1919, Senator Jones was appointed chairman of the joint commission on reclassification of salaries. The task of this commission was brought to a successful conclusion under the direction of

IT'S TOASTED  
one extra process  
which gives a  
delicious flavor

Senator Jones, its chairman, and is today the foundation for the legislation proposed in the Sterling-Leibach bill.

Recognition of the special knowledge of economic condition acquired by Senator Jones during his service as assistant secretary of the interior and subsequently in the senate was accorded him when he was appointed (August 12, 1919) as a member of the special committee on the budget system. It was this committee which perfected the budget bill which has since become a law. By his appointment to membership on the appropriations committee (June 4, 1920) Senator Jones won the distinction of being simultaneously on the committee which authorizes the expenditures of the federal government.

"Jones has never done anything in the senate," is about the best his detractors can do in the way of argument in the present campaign.

The foregoing shows what the U. S. Senate thinks about it. Does Mr. Davis or do his friends wish to offer any explanation for this recognition given Mr. Jones?—Santa Fe New Mexican.

### THE CHOICE OF FRIENDS AND READING

Your family is worth the best you can give it. You desire for their enjoyment the best house, the best food, the best clothes that you can afford. And you are very careful that they cultivate the right kind of friends. But are you just as careful about choosing the right kind of reading? You should be for reading has a marked influence upon character, especially the reading that comes under the eyes of the young and impressionable. If you choose The Youth's Companion you are giving your family an acquaintance with the best there is in periodical literature. If you see The Companion in a house you may be sure it is a safe family to tie up to—a family worth knowing. Try it for a year and see.

The 52 issues of 1923 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1923.
2. All the remaining issues of 1922.
3. The Companion Home Calendar for 1923. All for \$2.50.
4. Or include McCall's Magazine, the monthly authority on fashions. Both publications only \$3.00.

For County Commissioner District No. 2, H. G. Watson.

For County Commissioner District No. 3, G. R. Howard.

For Nineteenth Legislative District, comprising Eddy and Lea counties: G. W. O'Bannon, Artesia, Eddy county; B. S. Bennett, Lovington, Lea county.

## RED CROSS PUTS UP \$9,739,872

Year's Budget Stresses Relief and Services at Home and Overseas.

### MONIES FOR VETERAN AID

Over \$3,000,000 Allotted to the Disabled—Foreign Work Lessens.

Washington.—Expenditures totaling \$9,739,872.47 for carrying through its program of services and relief during the fiscal year in the United States and overseas are authorized in the budget of the American Red Cross, effective July 1, 1922. This total is \$2,735,975 less than the expenditures for the last fiscal year, when disbursements reached \$12,475,847.69. It is announced at National Headquarters in a statement emphasizing the necessity of continued support of the organization by enrollment during the annual Roll Call, November 11-November 30 inclusive. This total for the budget is exclusive of the large financial operations of the 3,300 active Red Cross Chapters, which, it is estimated, will more than double the total.

### War Veterans Have First Call

First call on Red Cross funds is for the disabled ex-service men, of whom 27,487 were receiving treatment from the Government on June 1 last. This work for veterans and their families in a wide variety of service that the Government is not authorized to render and for which it has neither funds nor facilities has the call on \$3,000,000 during the current year, or about \$666,000 more than was expended last year for soldier service. Adding the funds disbursed in this humanitarian work of physical reconstruction following the World War by the Chapters throughout the country will approximate a total for the current year approaching \$10,000,000. This work, in the opinion of the Surgeon General's office, will not reach its peak before 1926.

Through its Chapters the American Red Cross is equipped to find the individual ex-service man, help him in his problems and difficulties, provide immediately for his necessities, and open the way for him to the Government compensation and aid to which he is entitled. The extension of this work to the families of such men proves to them that the Red Cross has lost none of its sympathy nor will to service manifested in wartime. Similarly the service goes out to the men still in the Army and Navy, 11,087 of whom were under treatment in Government hospitals on June 1, 1922.

### Greater Domestic Program

This year—after five years of constructive effort during the war and after the armistice—brings with it a greater responsibility for domestic service to the American Red Cross. The budget for foreign operations, however, totals \$3,404,000, but for this amount \$1,834,000 is for medical relief and hospital supplies for Russia, which is a part of the gift made by the American Red Cross in 1921 to the Russian famine relief work of the American Relief Administration program. The child health service in Europe continues, moreover, and \$654,000 is appropriated for this work undertaken in 1920. Other items in the stringently diminished foreign program include \$200,000 to support the League of Red Cross Societies, \$22,000 for nurses' training schools instituted by the Red Cross abroad, and \$600,000 for liquidation of the general Red Cross foreign relief program.

### Prepared for Emergencies

For disaster relief the Red Cross has set aside \$750,000, and for emergencies in Chapter work \$500,000 to be available for domestic, insular and foreign demands. This is more than \$390,000 above last year's expenditures. For service and assistance to the 3,300 Chapters and their branches \$1,293,000 is provided by the National organization. Other budget items of importance in the domestic program include \$200,000 for assistance to other organizations and education institutions for training Red Cross nurses and workers; \$190,000 for Roll Call assistance furnished to Chapters; \$100,000 for unforeseen contingencies.

Of the total budget less than \$500,000 is allotted for management in the National organization. No cash estimate, of course, is possible to weigh the value of the service by volunteers in the Chapters.

THE RED CROSS SUPPLEMENTS GOVERNMENT SERVICE BY MEETING THE PARTICULAR NEEDS OF THE INDIVIDUAL EX-SERVICE MAN. THIS WORK CANNOT GO ON UNLESS YOU SUPPORT IT WITH YOUR MEMBERSHIP DOLLAR PAY UP TODAY

## RED CROSS WINNING IN FIGHT FOR HEALTH

Better, Stronger Citizenry Now Emerging Out of Work in United States.

The American Red Cross as an evangelist of better health has looked its problem square in the face. How it accepted the task revealed to it in the nation's physical condition as brought out during the World War, and conscientiously applied its activities to correction forms a vivid chapter in the forthcoming annual report. Historically and practically, nursing is a basic work for the Red Cross. In its public health nursing service, in instruction in home hygiene and care of the sick, nutrition classes, first aid and life saving courses and health centers, the American Red Cross is applying effectually the lessons learned during the war and making for a healthier, stronger and better nourished citizenry.

The task of the Red Cross Public Health nurse in the 1,240 nursing services now operating throughout the country instructing their communities in health essentials and disease prevention is demonstrating the possibilities of human betterment and the great benefits of enlightenment.

During the last year 313 new public health nursing services were established by Red Cross Chapters, and several hundred services so convincingly proved their effectiveness that they were taken over by public authorities. In order to promote this work \$30,000 was allotted to provide women to prepare themselves for public nursing. The home visits made by the 1,240 nurses aggregated nearly 1,500,000, visits to schools numbered 140,000, and in six months 1,250,000 school children were inspected by these nurses and where defects were found advised examination by physicians. In rural communities this service has made a very marked advance and has won thousands of converts to approved methods of disease prevention.

In home hygiene and care of the sick instruction, which fits the student in methods of proper care where illness is not so serious as to require professional service, the Red Cross conducted 3,884 classes during the last year, enrolled 2,356 instructors, 93,448 students and issued 42,656 certificates.

On June 30, 1922, nutrition service embraced 1,199 classes, with a total of 27,523 children and 2,589 enrolled dietitians. Seventy-eight food selection classes graduated 733 who received Red Cross certificates. In general health activities Red Cross Chapters maintained 377 health centers, serving as many communities, provided 38,751 health lectures for large audiences everywhere, while clinics numbered over 10,000.

## Red Cross Gains Strength in All Foreign Fields

In insular possessions of the United States and in foreign lands the American Red Cross scored heavy gains during the last year, passing the previous membership high mark of 1915 by 4,261 and advancing the figure to 150,498. The Philippines take the lead, gaining nearly 100 per cent, now having 115,917 members. In Europe the 1921 Roll Call enrolled 11,125, with the Constantinople Chapter reporting 665, a gain of 33 members. China was 1,782 members, a gain of 596; the little Virgin Islands have 1,000, while the Dominican Republic with 2,927 advanced from its previous high mark by 1,423 new members. Haiti, organized in 1920, now has nearly 1,000 enrolled. Mexico reports 354, a gain of 327 in one year. The American Red Cross has spread its membership over some 70 foreign lands and its Junior membership outside of the United States is close to 700,000.

## Red Cross Water First Aid Makes Life-Saving Gain

More than 825 Chapters engaged in life saving or water first aid last year with the result that the American Red Cross Life Saving Corps has set a new high mark for enrollment and the number of qualified life savers developed. The influence of "learn to swim week" in many localities is reducing the water fatalities through instruction and the wider dissemination of resuscitation methods demonstrated by the Red Cross representatives. Excellent work has been done in teaching a large part of the American population how to take care of itself in the water. Growing appreciation for this Red Cross Life-Saving Service is shown by the compulsory instruction adopted in many cities for members of the police and fire departments in the prone pressure method of resuscitation.

### Help to Help Others

You can't "give until it hurts"—for giving an American dollar to join the American Red Cross helps you to help others who are hurt and who need relief.

## Which Is Larger the Sun or a Cent

The sun is the largest but you can hold the cent so close to your eye that you'll lose sight of the sun. Don't let a cheap price or a big can baking powder make you lose sight of quality.

## CALUMET

The Economy BAKING POWDER

Is the quality leavening—for real economy in the kitchen, always use Calumet, one trial will convince you.

The sale of Calumet is over 150% greater than that of any other baking powder.

## THE WORLD'S GREATEST BAKING POWDER

### HIGH SCHOOL CARNIVAL THIS INTERMEDIATE B. Y. P. U. HAVE SOCIAL WEEK

The pupils of the Artesia high school, under the supervision of the high school faculty, will stage the annual athletic carnival at the school auditorium on Friday evening of this week. Many strange and novel acts have been scheduled and an excellent program is assured. Each class and organization of the student body have special attractions, while many individual acts will demand much attention. Special musical numbers, orchestra selections, beauty contests, fashion shows, freaks from all parts of the world, acrobats, stunt performances, wire walkers, human worms, bearded ladies, Gypsy bands, Hindu magicians and many other peculiar and strange concessions will be witnessed.

Beautiful lasses will sell candies, cider, pop corn, posies and other necessities for an athletic carnival. The brawn and sinew of the high school athletic department will be pitted against each other on the mat and in the ring. The fast bout between the "Scrappy Frenchman" DeAutremont and "Scotch" Bruce was worthy of much mention in last year's carnival. See the wrestling matches. An effort is being made to match a contest on the mat between 'Kid' Rideout and 'Runt' Long.

Mr. Ralph Reed and Miss Esther LaDue are the managers of the carnival and are doing everything possible to make the event a success. The proceeds will be used for the benefit of the athletic teams as no fund has been provided for this purpose. Be sure to help the young athletes by attending this carnival.

Miss Pauline Bishop of Floydada Texas, arrived in Artesia on last Saturday to visit with her sister, Mrs. Tom M. Cox.

Mr. and Mrs. J. E. Thompson and family of Haskell, Texas, arrived in Artesia this week to make their home. They are occupying the Cunningham place on Grand avenue.

The Intermediate Baptist Young Peoples Union were entertained at the home of Miss Helen Mann on last Friday evening. A large number of the young people were present, regardless of the sprinkling rain, which was falling outside. The guests began to arrive early in the evening and fun continued until the last guest had departed for their homes. Many amusing games and contests were entered with much zeal and enthusiasm. Norman Bullock and Frank Wingfield were in high spirits and proved the stellar performers in most of the amusements.

Mrs. W. C. Taggart, superintendent of this department of the young peoples organizations, and Mrs. C. E. Mann were present and assisted the young people in having an excellent "time." Delicious refreshments consisting of punch and cookies were served by Misses Helen Mann and Gladys Cole. Among those present were Alberta Bowman, Eva McDaniel, Eula Bee Turner, Gladys Cole, Glenn Polk, Eula Moore, Charles McNeil, Keith Hoffman, Clarence Conner, Sydney Proctor, John Williams, Norman Bullock, William Taggart, Frank Wingfield, and the hostess.

### Get the Facts about your Eyes. Consult EDWARD STONE

Don't forget the high school carnival at the high school building tonight.

Professor Henry Davis was a Carlsbad visitor last week, attending to business matters.

Miss Beverley Kirkpatrick came down from Roswell on last Saturday to visit with her aunt and uncle, Mr. and Mrs. Will Benson.

Calvin Dunn, Jess Truitt, Dayton Reecer, and others were in Carlsbad this week serving as members of the jury.

## HOW DO I DO IT?

I'm selling quality tires of standard makes at prices that will make you wonder how I do it. These tires are fresh right from the factory. None better made. Every one is guaranteed. Our motto is the customer must be satisfied. How I do it is not as essential as that I am doing it.

### Here Are The Prices. Gates Super Tread

	Gates	Oldfield	Diamond
	Fabrick—Cord	Cord—Fabrick	Fabrick—Cord
30x3	\$ 9.35		
30x3 1/2	10.90	\$11.60	\$ 8.60
31x4	17.50		\$10.65
32x3 1/2	13.95		
32x4	18.75	25.50	23.75
33x4	19.90	26.75	25.00
54x4	21.00		

Other sizes of tires and all tubes priced in proportion—Don't forget.

VULCANIZING IS MY SPECIALTY.

## Pior Tire Co.
