VOLUME THIRTY-ONE

ARTESIA, NEW MEXICO, THURSDAY, JULY 12, 1934

NUMBER 28

## Edible Cattle Are Being Sent Out At Rate Of 250 A Day

### 500 Inedible Cattle Are Slaughtered; Cattle to be Shipped and Killed to Net Ranchers About \$45,000 Says Estimate.

The livestock drouth relief is progressing rapidly. Eddy county has now been designated to purchase edible cattle and is allowed to ship 250 head per day. All men interested should get in touch with the county agent's office or with the field men who are Tex Polk and S. Williams at Artesia, Ned Shattuck and Joe Lusk are working in the lower end of the county. It is suggested that men having small herds get together and arrange a day so the field men can inspect all cattle at one time and so large numbers can be handled in each community.

More than 500 inedible cattle have been bought in the county and killed. Orders have been received for the shipment of 250 cattle to canneries daily, but it was not learned from the preliminary announcement to what packing plant these cattle would be shipped. Estimates say 2,000 edible cattle will be loaded out to packing plants and canneries to be used by families needing relief. Ranchers of the county will be richer by approximately \$45,000 when the two classes of cattle are shipped. About \$100,000,000 will be spent by the government over drouth stricken areas for the purchase of livestock.

### SCHOOL CENSUS SHOWS INCREASE IN ENROLLMENT IN STATE OF NEW MEXICO

SANTA FE—The annual school census, which includes all children in the state of school age, shows an increase this year of 2,192 according to figures compiled by the state department of education.

Total number of children of school age in the state last year was 151,601 compared with 153,793 this year, the figures show.

During the past few years the school census has been rapidly increasing while school budgets have been drastically reduced. Three years ago the school census was more than ten thousand less than it is today.

In 1931 the school census totaled 141,091 and the common school maintenance budget totaled \$6,276,226. In 1932 the census had increased to 144,990 and the maintenance budget had dropped to \$6,123,205. In 1933 the census jumped to 151,601 while the maintenance budget took a drastic cut of nearly three quarters of a million dollars, reducing it to \$5,340,901.

Mr. and Mrs. Jack Clady and son Jackie who have been vacationing for the past month are expected home Friday or Saturday.

## East Eddy Acreage Brings Good Price At The State Lease Sale

Eight tracts out of twenty-eight offered by the state land office were sold at the monthly oil lease sale, July 10th. Much of the acreage offered was classed as undesirable, which probably accounts for the fact that bids were not offered on twenty tracts. It remained for the eastern Eddy territory to create a spirited bidding and for one tract to top the prices offered for land located in either Eddy or Lea counties.

Bids were only offered on state leases designated as tracts 1, 7, 10, 11, 20, 21, 23 and 24. Tract 1, located in twps. 9, 10, 13, 14, 16, ranges 29, 31, 32, 36 and 38, and consisting of 1,000.03 acres brought a bid of \$188.00 from Roy Barton of Clovis. Tract 7, consisting of 2400.00 acres and located in twp. 11, range 35, brought \$600 from the Magnolia Petroleum Co. Tract 10, containing 2003.55 acres located in twp. 14-34, brought \$600.00 from the Magnolia Petroleum Co. Tract 11, containing 160 acres

### DOES THIS SOUND LIKE GOOD TIMES ARE HERE AGAIN?

A few newspaper "heads" picked at random from several different publications are indicative that "business is improving."

Grocery Trade Is Up 24%.  
Trade Associations Show Big Increase.  
Small Town Merchants Increase Orders.  
Retail Auto Financing Increases 83% Over Year.  
Steel Code Benefits Smaller Companies.  
Liquidations Off Over Last Year.  
General Merchandise Movements Pick Up.

## FUNERAL FOR MRS. J. M. JONAS HELD HERE SATURDAY A. M.

Funeral services for Mrs. Ella Jonas, aged 68, wife of J. M. Jonas, who died Thursday, were held at the First Baptist church here Saturday morning with the Rev. P. G. Woodruff, pastor, officiating, assisted by the Rev. Harold Holmes, a ministerial student of Plainview, Texas, and a grandson of the deceased and the Rev. F. C. Rowland, pastor of the Calvary Baptist church. The pall bearers were: J. H. Myers, B. A. Bishop, C. M. Cole, R. O. Cowan, Jim Cobble and Chas. Ransberger.

The death of Mrs. Jonas was due to blood poisoning which was caused from a small scratch on the hand suffered on June 30th. She lived five days.

Mr. and Mrs. Jonas had lived in the Artesia community for about twenty years, coming here in 1915. They were married on September 27, 1881, and to this union eleven children were born, eight of whom are still living. All children living were here at the time of the death of Mrs. Jonas. Surviving her are a husband, J. M. Jonas; mother, Mrs. M. L. McElhaney, a sister, Mrs. E. F. Jones, all of Artesia; four sons, B. F. Jonas, Deming; J. L. Jonas, Albuquerque; Kyle Jonas, Cloudford; and Tom Jonas, Albuquerque; four daughters, Mrs. J. M. Jones, Brownfield, Texas; Mrs. Della Holmes, Pampa, Texas; Mrs. Elma Scott, Kingman, Arizona, and Mrs. Dell Walters of Artesia. In addition, there were present at the funeral twenty-six grandchildren and four great grandchildren.

### MISS ALENE ROWAN RECOVERING FROM STROKE

Miss Alene Rowan, daughter of Mr. and Mrs. Beecher Rowan, and her roommate Miss Evelyn Whitmore were stricken with infantile paralysis at the same time about two weeks ago. They were at Manhattan Beach attending summer school.

Miss Rowan is out of the hospital and recovering, the doctor thinks, without any permanent effects; her friend is still critically ill.

Mrs. W. E. Flint is expected home Sunday from Marfa, Texas, where she has visited home folks for the past two weeks.

## CONTRACTS TO BE LET SOON TO PLUG 100 OLD ARTESIAN WELLS

### Board Waits on Agreement With Government Before Asking Bids to Plug Wells; 18 Wells to be Plugged Here.

The board of directors of the Pecos Valley Water Conservation district will ask for bids for plugging 100 leaky and abandoned wells as soon as the \$75,000 federal loan is available, George Frisch, board member, said after he had attended a board meeting held at Roswell last Thursday. The board plans to place two plugging crews in the district in addition to the plugging crew of E. B. Guess. The Guess crew has its present contract of forty wells half finished.

Under the present set-up forty leaky wells will be plugged in Eddy county and sixty in Chaves county. Eighteen wells are scheduled to be plugged in the south end of the district of Mr. Frisch, leaving twenty-two wells in the county to be plugged in the district of Jess Funk on the Cottonwood.

Because of the drouth the water level has continued to fall over the basin and the board is of the opinion that if additional crews are placed to work in the district, it will help maintain the present water level.

Final action on starting the well plugging campaign will be delayed until an agreement is approved by the federal government and the Pecos Valley Artesian Conservation district board, it was announced Tuesday following a board meeting at Roswell Monday. Although assurance has been given that the loan will be forthcoming, the conservancy board will cease movement until the contract is signed and returned. Because the loan calls for an appropriation for a loan new to any governmental department, it is possible that existing agreements under the PWA regulations will have to be changed.

Officials in addition to the board members attending Monday's meeting included: W. C. Powell, engineer examiner, and Tom M. McClure, state engineer.

## CROP CONDITIONS ARE NORMAL AND ABOVE IN ARTESIAN AREA

Crop conditions in the artesian basin of the Pecos valley are normal and with cotton, now the chief crop slightly above normal. Where irrigation is available the developments of cotton at this time are ahead of last year. Numerous cotton fields now have cotton well on the road to maturity with the bolls developing rapidly. On some farms the boll is said to be half as big as a hen egg.

Row crops and alfalfa are also doing well, although some alfalfa is needing water. Corn is somewhat earlier than usual with prospects for a good crop. The crops under the Carlsbad project are threatened with a shortage of water which may become serious on some farms. There is not sufficient water in storage to water all of the project and 2,500 acres in cotton will go without water until rain falls in the Pecos or its tributaries.

The supply of irrigation water over the state is described as about a third of normal with some streams drying up. The rainfall is likewise about a third or normal.

### McEACHERN HERE

W. H. McEachern of Amarillo, Texas, traveling freight and passenger agent for the Santa Fe spent Tuesday here on business.

### REVIVAL AT DAYTON METHODIST CHURCH

The Rev. J. D. Terry of Dayton has requested us to announce a revival meeting at the Dayton Methodist church, beginning Sunday, July 15th, and running thru July 22nd. The Rev. A. C. Douglas, pastor of the First Methodist church here, will conduct the revival. The public is cordially invited to attend.

## GENERAL NEWS BRIEFS

Governor Frank F. Merriam issued a mobilization call for the California National Guard after San Francisco streets ran red with blood following a riot of Longshoremen who objected to an attempt to place them back at work in an effort to end their strike.

Making an address over an international radio hookup, Paul Joseph Goebbels, Nazi minister of propaganda, declared that the recent bloodshed in his country had resulted in a more unified country and a more popular Hitler at the same time reading the riot act to the press of the world for their attitude in the matter.

Reports that John Dillinger, Public Enemy No. 1, was seen in southwestern New Mexico the forepart of this week caused sheriffs and deputies to be on the lookout for the bandit chief whose presence has been reported in virtually every state in the Union since the federal government's order to catch him.

A large mob, which officers said they were unable to control, battered down Bastop, Louisiana, jail doors and lynch a negro for attempting to attack a prominent 19-year-old white girl as she was walking to a filling station late at night after her escort's car had stalled for lack of gas.

Mrs. Nellie Madison, 39-year-old former Montana cowgirl, received the death sentence in Los Angeles following conviction of killing her husband, Eric Madison, film studio cafe manager and auditor, last spring.

The engagement of Laurance Spelman Rockefeller, son of Mr. and Mrs. John D. Rockefeller, Jr., to Mary French, was recently announced by the parents of Miss French, Mr. and Mrs. John French of New York and Greenwich, Conn.

Richard Dix and Virginia Webster, secretary, of West Los Angeles, were married at Jersey City, N. J., following a romance which started in Dix's business office in Hollywood when he selected Miss Webster as his secretary from among 600 applicants.

Joseph P. Kennedy was named chairman of the new securities and exchange commission after a dispute had been settled in which Ferdinand Pecora, well-known financier, had indicated he would not serve on the commission in any other capacity than chairman.

J. B. Stephens, 28, convicted bank robber, who escaped from the Lubbock county jail on June 24th, after kidnapping two men, was captured at Houston, Texas, last Tuesday while two of his companions, Ed Stanton, condemned killer, and Andrew H. Nelson, confessed burglar, escaped after being chased by police.

### PARALYSIS RUMORS SHOWN TO BE FALSE IN SURVEY HERE

Some uneasiness has been felt over the report that there was one case of infantile paralysis in the community. The report led an Advocate representative to make inquiry among local physicians, who denied the report that there had been a recent occurrence of infantile paralysis here. One case occurring in May in the Cottonwood community has passed the contagious stage, according to Dr. H. A. Stroup, attending physician. The victim, an eight-year-old daughter of Mr. and Mrs. Earl Hall, is affected in the facial muscles and in part of her body. A test and diagnosis made there and at El Paso confirmed the disease, which has passed the danger of contagion period. It was understood the spread of infantile paralysis in California has caused the state health department there to quarantine the state.

County Agent and Mrs. W. A. Wunsch and family of Carlsbad left Saturday for a week's vacation in Kansas points. Mr. Wunsch will visit at the home of his mother, Mrs. W. T. Coolidge at Topeka, Kansas, and will also attend the opening of the Elk's convention in Kansas City July 13th.

ENGRAVING—THE ADVOCATE

## BIDS TO BE OPENED ON TWO HIGHWAY 83 PROJECTS JULY 19TH

### Bids for Construction of 20.5 Miles of One Penetration Asphalt Road Between Here and Hope Asked For.

The state highway department will receive bids on July 19th for two road projects, located on highway 83. The project scheduled to be improved of immediate interest is the road from Artesia to Hope, a distance of approximately 20.5 miles to be given a single asphalt penetration. The successful bidders will be notified within ten days from the time bids are received and will be given fifty working days to complete the job.

In Lea county, nineteen miles of road between Lovington and Hobbs will be given a base course. A notice to bidders is being published in this issue of the Advocate.

### DONA ANA COUNTY SPENDS \$100,000.00

Dona Ana County Welfare Association has spent more than \$100,000 for labor and materials during the past year, according to their report for the last fiscal year, \$87,702.90 of this amount being for labor.

Notable projects included the Rincon arroyo and dykes, bridge, channel and dykes of Hatch arroyo, work on cleaning and clearing irrigation canals and drains, city streets and bridges, school houses repainted and repaired. All work was done by CWA.

### T. W. PLUNKETT TO VISIT CARLSBAD

T. W. Plunkett of Santa Fe, veteran's placement representative for New Mexico, has addressed a letter to William Dooley, chairman of the Eddy county reemployment committee, and to O. H. Brown, manager district 10, calling attention to a meeting to be held in Carlsbad on Friday, July 20th, to explain the policy of the veteran's placement service. Every available veteran is urged to attend this meeting.

## PROSPECTS BRIGHT FOR ERECTION OF A MUNICIPAL HOSPITAL

Prospects for the erection of a modern municipal hospital are brighter here now than at any time during the past year or more. The City Council still has some hopes of having the hospital plan approved under the public works program, since this governmental department has granted funds for several municipal projects in the state. If the hospital project is not approved then the plans will be made to carry the building plan forward under an FERA project with the aid of private subscriptions.

Building plans studied include the erection of an adobe building on a concrete foundation the dimensions to be thirty-six feet wide by 110 feet long, with an operating room, maternity ward, dressing room, offices and several wards for recuperating patients. The same plan as originally submitted to the PWA board with slight alterations will likely be used. Citizens have offered to donate a site on Roselawn avenue.

### 500 RELIEF CATTLE STAMPEDE AT EL PASO

Five hundred head of cattle, or 16 carloads, that were being shipped to Fort Worth from Arizona by the federal government to be butchered and canned as part of the drouth relief program stampeded at El Paso, where they had been unloaded for feeding and watering.

Bellowing, their tails in the air, the entire group broke from the corral and charged off for parts unknown while cowhands stood by helpless to stop them, not one of the lot yet having been found.

C. Z. Cain, federal surplus commodity director for the southwestern states, was notified that Fort Worth would be 16 carloads short.

### BUY AT HOME

SANTA FE—Heads of departments and institutions without exception have responded favorably to the request of Governor A. W. Hockenull to "buy at home."

Purchases of all commodities, supplies and equipment wherever possible will be made in New Mexico, the governor was promised.

"We want to spend state money with state merchants and business men wherever possible," the governor declared. "The ready response of heads of departments and institutions to my buy at home request is indicative of a fine spirit of cooperation among administrative officers."

## PROSPECT STOCKING LAKE MCMILLAN POOR SAYS WARDEN BARKER

After a very unsatisfactory conference with the officials of the Carlsbad reclamation project in Carlsbad Friday morning, Elliott Barker, state game warden, said that Lake McMillan might never be restocked with fish. Attending the conference with Mr. Barker were W. A. Losey of Hagerman, president of the state game protective association, and T. F. Nelson of Dexter, superintendent of the Dexter Fish Hatchery. L. E. Foster, superintendent of the Carlsbad project, and George Brantley, irrigation district director, promised the game officials would be given notice before the lake was drained in the future. Foster is said to have told game officials that the reclamation service could not promise to keep enough water in the reservoir to keep the fish alive.

It was hinted at Albuquerque Tuesday by a member of the game commission that Lake McMillan would be restocked. It was assumed from this statement the commission had faith that some member would be warned in case of an emergency, such as happened June 30th.

At a meeting in Santa Fe Monday, the commission completed its 1934-35 budget, with an estimated expenditure of \$106,000 and an income from the sale of game and fish licenses at \$106,000.

### REPORTS ON ROTARY INTERNATIONAL MEET

Willis Morgan, new president of the Artesia Rotary club, Tuesday made an interesting report on the national convention of Rotary International held at Detroit, Michigan, June 25th to 29th. Mr. Morgan represented the local club at the Detroit convention.

Other visitors at the luncheon program Tuesday were: E. E. Patterson of Roswell and W. C. Thompson, city.

### J. B. McMANUS NAMED WARDEN OF STATE PRISON

SANTA FE—J. B. McManus of Albuquerque, former warden of the state penitentiary during the Harnett administration, was named yesterday by Gov. A. W. Hockenull to succeed Ed Swope as warden.

## A New Relief Office Opened In First Nat'l Bank Building

### Plans For a New Set-Up Completed Here This Week; Social Worker May Be Functioning by Monday.

Plans for the new relief set-up to be supervised by a county social worker, have been completed this week and arrangements have been made to establish office quarters for the new organization in the old First National Bank building. The plan mentioned in last week's Advocate has been approved by the Eddy county commissioner's court, whereby the expense connected with maintenance of such an organization will be borne equally by the county and state. The new set-up replaces local relief agencies in the various communities of the county and will function as a county unit.

The program has been arranged under the direction of Miss Maud B. Perry, representing the state FERA office, who has been on the ground since Monday. The Artesia welfare board, sponsored by the Chamber of Commerce, has been released so that the set-up may start immediately. The new plan is the outgrowth of developments in caring for the needy. About a year ago when the relief needs became so urgent the government offered federal aid to conduct the work and furnished funds to more adequately carry on the job which was done through the welfare board set up by the Chamber of Commerce. Previous to this time for some years welfare work was done by a committee from the Chamber of Commerce.

Relief work from now on will be done by the new organization, which is county-wide in its scope, under the supervision of a social worker with three full-time paid local workers. The social worker will divide her time between Artesia and Carlsbad and it is hoped that the social worker will start functioning by Monday. In addition a county committee will aid in the application of the program. A committee will be secured in each town, composed of representatives of the local organizations to carry on the program within the local community. Four members have been named on the committee, yet incomplete. The personnel of the committee appointed thus far includes: Willis Morgan, representing the Rotary club; E. B. Bullock, chamber of commerce; G. R. Brainard, commissioner's court; Arba Green, Artesia city council.

### P. L. Loving of Artesia will be in charge of the local office.

Miss Mary B. Perry, field representative, has written a letter of thanks to the Chamber of Commerce, expressing appreciation of the federal relief administration for the efficient relief work done in the past under the direction of the chamber.

## Five Locations--Three Completions Made in Oil Area The Past Week

Oil operators are optimistic over the outlook for the southeastern New Mexico in the next few months. The optimism is based on the fact that desirable acreage is still bringing a good price and to the fact that the exploration campaign is getting more active.

During the past week five new locations were staked in Lea county, these being the Stephens No. 2-A of the Repollo Oil Co., NE sec. 13-25-35; The Stanolind Oil and Gas Co., Turner No. 8, in the NW sec. 34-18-38; Shell Petroleum Corp., Grimes No. 4, SW sec. 28-18-38; Gypsy Oil Co., Graham No. 3, NE sec. 24-18-37; Gypsy Oil Co., State No. 1, SW sec. 9-21-36.

Since last week three producers have been completed, one well bailing and swabbing for test and another plugging back to shoot an upper pay. In the Jal area, the Continental Oil Co. has given its A. E. Myers A-17 No. 3, NW sec. 17-21-36, an acid

treatment. After treatment the well flowed at the rate of 70 barrels per hour at a depth of 3970 feet.

In the same general area, the Gypsy Oil Co. has completed its State No. 1, sec. 8-21-36, for 24 barrels an hour flowing open from a depth of 3929 feet. In the Hobbs district the Shell Petroleum Corp. added its Berry No. 3, sec. 31-18-38, to the production column. On a company test flowing open from 4225 feet, the Berry made 8184 barrels of oil with 6,000,000 feet of gas.

In the Eunice district, the Texas Company, J. S. Lee No. 1, sec. 14-20-34, is bailing and swabbing for a test after drilling to 3688 feet.

A test which has been watched with interest in Eddy county, the Getty Oil Co., Cook and Ironsides, sec. 8-20-29, has plugged back to shoot an estimated twenty five barrel showing found around 1100 feet. The test was drilled to a depth of 1598 feet.

## DANGER OF DESTROYING THE INDEPENDENT SPIRIT OF THE PEOPLE

The relief work of the government has been a great blessing to the unemployed of this country. It has relieved want and distress and has possibly saved many lives. But there is danger that it will destroy that independent spirit of our people of which we have been so justly proud. In former days the typical American citizen depended upon his own resources in any and all emergencies. No hardships were great enough to daunt him, no danger grave enough to overcome him. As a result when any great crisis confronted the government it had a citizenship at its command that could be depended upon to meet any emergency.

But all too many of our citizens have been taught to depend too much upon the government and too little upon themselves. They have lost their initiative and wait for opportunity to find them rather than look out for something to do for themselves.

A prominent ranchman said last week: "I am afraid many of the people now working upon the relief projects are like an old gray horse of mine. I can take a quart of oats a day and starve him to death. Just give him a taste of oats every morning and he'll stand around all day begging for more although the grass in the pasture may be as green as a wheat field. The only way to get him to ruse for himself is to quit feeding him."

"Understand, I'm not objecting to the government furnishing work for the needy. I think it's a fine thing if rightly used. But some of these people when they get a taste of government help and find that they can exist upon the two days work a week furnished them, seem to lose all desire for anything better. They literally starve to death waiting for the government to feed them."  
—Lovington Leader.

## LACK OF COOPERATION SPIRIT

Prospects are not bright that the Carlsbad reclamation office will extend the state game department any cooperation in restocking Lake McMillan, it was learned after a conference between the reclamation officials and the state game department officials. Nor did the project officials offer much encouragement that the lake will not be drained without proper notice. Sportsmen say this is the exhibition of the same spirit as has always been evidenced by the officials since the lake was built.

To date the only defense made of the "asinine action," committed on or about June 29th when the lake was drained without warning is that the water belonged to the project, which is certainly true, but which does not lessen the project's responsibility to the public and to the sportsmen of the state since the lake involved the damming of a public stream, built by government money and partly maintained by appropriations of public funds. Whether or not the public had any interest in the water, they were sufficiently interested in the conservation of the natural resources and the conservation of wild life to have been concerned by any action that entailed an economic loss.

If there is no way of protecting the fish supply under a federal order, the state law which seeks to make it a penalty for draining a stream, river or lake to the detriment of fish and wild life, has no business on the statute books and the state should admit it has no way of protecting or controlling its natural resources.

## FIFTEENTH CENTURY STUFF

The power of real dictatorship has been displayed in Germany under the Hitler regime, which necessitates turning the clock back three hundred years or more before a parallel in governmental history could be found. We occasionally hear that Roosevelt has been given the power of a dictator or that he is becoming a dictator, but in either case that power has never been displayed.

One hears a lot of new theories nowadays on how a government should operate and no doubt Herr Hitler had many high-sounding, catchy phrases to fool the public, but his action proves that human nature has not changed much in the last thousand years. Socialistic ideas have crept into all modern governments, proving in many cases a detriment rather than paving the way for constructive advancement.

There has never been found a substitute for individual initiative in creating individual happiness and progress even as a nation. In attempting to aid the individual by placing all collective or individual efforts under state supervision, there is grave danger in killing the independent spirit of the people. The Soviet experiment cannot produce results to back up its claims for constructive accomplishments, even though its subjects have never known what actual freedom was like. Such an undertaking in America would bring even more disastrous results, all claims to the contrary notwithstanding.

There has come a suggestion worthy of attention from the president to plant a line of trees from the Canadian border to the Texas panhandle for the purpose of checking soil erosion in the midwestern part of the nation. The proposal is being studied by forest officials and appears to be practical. What tree planting has been done in the Pecos valley has not been amiss and certainly no more worthy objective could be undertaken next winter than replanting at least the trees that were destroyed in the disastrous freeze of February 8, 1933.

Referring to Lake McMillan, it has been suggested from several sources that much constructive good could be accomplished in damming the leaks on the east side of the basin. Others have suggested that the operation of a dredge in the lake bed would do much good. Both suggestions are worthy of consideration and both are designed to create a more permanent water supply, which will add much to the possibilities of the wild life of the lake as well as to increase the available water supply to the farmers.

Reversing the old order, what we need now is labor creating, not labor saving devices.

## Ice Cold Bottle Beer - - - Convenient to Serve in Your Home

# MANN DRUG CO.

## PICKED UP ON MAIN

A local girl who came home from the Fourth celebration with a sore neck says she does not know whether she got the sore spot necking or rubbering.

Some newspapers believe Roosevelt has a sense of humor, else he would not keep some of his brain trusters around.

The Tucumcari News has found a man who says there are five brands of whiskey—good, bad, terrible, worse and the kind that makes them start talking philosophy.

We'd want no place under the sun at this season of the year, if that's what it would take to be famous.

We heard of the bravest man in the southwest, who offered to marry a widow with twelve children because she had such a tough hill to climb alone. His offer was taken.

A modern woman's version of the five children born to an Ontario, Canada, woman was that the stork landed out of control.

The prize snake story of the year comes from the Tucumcari News. A story is related in the News about a Quay county rancher who was hoeing in his garden. Seeing a rattlesnake the rancher made a pass at the snake with his hoe. The snake stuck his fang in the hoe handle and the handle began to swell. Soon the rancher had to leave his gardening operations to milk, but the handle continued to swell. By morning the hoe handle had made a considerable expansion, but for some reason the rancher never got back to hoeing his garden the following day and by the next day the hoe handle had expanded into an enormous log, so the rancher took the log over to Springer and had it sawed into enough boards to build a two-room house out on the ranch. Soon after the house was built the cow hands decided to paint the new house. So they proceeded to go into town and buy paint. The two-room house was painted and the cow hands left home on ranching business. When they returned there was no house to be seen. On looking around they found a few nails where the house had stood, so the rancher owner consulted a doctor and told his story. The doctor told him it was the turpentine in the paint that took the swelling out of the wood and caused the house to disappear.

Chas. Bullock has called our hand for referring to him as Charlie in the paper last week, saying Charlie is a horse's name. There is lots of horses we rather be named after than some men, but if it will help the social standing of Chas. and perhaps make an imprint on his lady friend, we back up right quick and solemnly promise never, never to use a horse's name in referring to Chas. again.

Did you ever hear of the nagging circle in Artesia? Mamma nags papa, papa nags his oldest daughter, daughter nags her older brother, brother nags his little sister and sister nags her baby brother.

We predict these car manufacturers will quit talking about the car knees after a while. The women have already hidden their's and its a rare sight to see an ankle now days unless you see a bathing beauty and then you dern near see everything.

A newspaper referring to Bill Robinson's candidacy for governor says Bill ain't no politician. What is he then? In the fifty years he worked around a newspaper office, we never heard him referred to as a newspaper man.

As a politician is sorter seems that Alfalfa Bill Murray won't cut the usual politician hay crop in Oklahoma this year because he's gone to seed.

Establishment of a CCC camp on the Carlsbad project will be made early in the fall, according to word received at Carlsbad Friday. Two hundred men are expected to be given work for a year on the project.

An NRA branch office will be established at Roswell shortly to serve southeastern New Mexico, it was announced at Roswell last week.

Lee Frazier, singer and composer of sacred music, will appear at the Nazarene Sunday school next Sunday morning at 9:45 and give some selections on his guitar. His latest composition, "At the Forks of the Roads" will be rendered and should be heard by all. He will give a program at the Calvary Baptist church at the close of the evening service. These programs are free to the public and everybody is invited.

Carbon Paper—The Advocate

## NEWS BRIEFS OF THE CHAMBER COMMERCE

"As Your Chamber of Commerce Is So Is Your City"

Some time ago the state highway department put on an advertising campaign in east Texas and Oklahoma, using as a medium the newspapers and radio. The result of the campaign so far has been over 3,000 requests for literature or information, by people living in most every state but massed for the greater part in Texas, Oklahoma and Kansas. These names are copied by the highway department and sent to every Chamber of Commerce in the state to use as they see advisable. It is the purpose of the local Chamber to contact the majority of these names.

A recent count of the number of head of stock in the city revealed that we have 84 cows, 13 horses and 13 pens of goats within the corporation. Most of these are in the built-up residence district and in many cases are considerable of a nuisance. The owners of all stock should see that pens and stalls are kept clean at all times both for their own interests as well as their neighbors.

The Artesia Dairy has moved from within the city limits to its new location southwest of town. This move has been contemplated by the dairy for many months but the actual move was delayed to the extensive repairs demanded by the new property.

The long talked of new city dump has at last been surveyed and by the time this is read will be in use as the only public garbage and trash dump in this locality. The public is asked to respect the instructions of the signs on the dump grounds.

The creamery development is making good progress. The floors are poured and the crew is now working on the repair of the plastering and walls. W. R. Stephens is now in Fort Stockton preparing the machinery and equipment for transportation here.

J. C. Keley of Los Angeles stopped on his way to Kansas for Frank Howard, an old schoolmate of his in Kansas. Mr. Howard was a resident of Artesia about twenty years ago but could not be located at present.

The Santa Fe Railway has given the chamber splendid cooperation in destroying the Dodder on the right-of-way. After talking to Mr. Smyer on Friday, a crew was put to work on Saturday and the foul parasite was eliminated as a menace to the valley farmers.

Boone Barnett left Monday morning to spend his vacation in Oklahoma. Before going he called at our office and secured some of our literature to give to his friends and also placed "Artesia" stickers on his car.

During June the welfare had 300 applications for aid; this is a drop of 140 from the previous month. There were 132 separate families represented in this group but many of these families were forced to call for aid due to the fact that they had not received checks for the work they had performed for the FERA. The checks have been so irregular that at times they have failed to perform the service designed and workers would be forced to ask for aid.

SANTA FE—May receipts of \$111,875.37, incomplete, were announced Friday by Clinton P. Anderson as resulting from the state sales tax. He said total receipts were \$120,369.37, which included 8,494 of the \$1 licenses. Anderson said he expected 10,000 persons and businesses would be licensed.

The figure was in excess of his expectations, Anderson said, and would "take care of the school situation."

The tax was estimated to produce \$3,000,000 a year.

SINGER TO APPEAR

Lee Frazier, singer and composer of sacred music, will appear at the Nazarene Sunday school next Sunday morning at 9:45 and give some selections on his guitar. His latest composition, "At the Forks of the Roads" will be rendered and should be heard by all. He will give a program at the Calvary Baptist church at the close of the evening service. These programs are free to the public and everybody is invited.

Carbon Paper—The Advocate

## SCOUT NEWS

We give this week a list of local officers in scouting to gether with their official capacity.

E. B. Bullock, president of the Eastern New Mexico Area Council; Dr. H. A. Stroup, member Area Council, health and safety, also local first aid instructor and member of Court of Honor; Geo. Frisch, local Scout Commissioner; C. J. Dexter, chairman of local finance committee; B. A. Bishop, local publicity chairman; the Rev. W. B. McCrory, chairman of the camping activities; O. H. Brown, chairman of civic service; Martin Yates, Jr., chairman of unit organization; the Rev. A. C. Douglas, chairman of reading; S. W. Gilbert, court of honor committee man and secretary of local court of honor; W. E. Kerr, committee man on cubbing and member of court of honor; Fred Cole, committee man on leader training; Pete Loving, committee man on sea scouting, and W. A. Wunsch, committee man on rural scouting; Frank Smith, scoutmaster of Troop 8; Clint Cole, scoutmaster of Troop 9; R. G. Knoedler, scoutmaster of Troop 29.

Scout Reporter.

## FRANK SMITH MAKES REMARKABLE SCORE

Frank Smith of Artesia fired the remarkable score of 397 out of a possible 400 last week as a member of the Roswell Rifle club team in a postal match against the Lassen Rifle club of Susanville, California, says the Roswell Record.

The match is with .22 rifles with 20 shots at 50 yards and 20 shots at 100 yards. Mr. Smith fired scores of 100 and 99 at the 50 yard range and two scores of 99 at the 100 yard range. This is said to be the best score that has ever been made here. He fired the match at the Roswell Rifle club's range ten miles west of Roswell.

**THE CHURCHES**

**CHRISTIAN SCIENCE SOCIETY**  
613 W. Main Street

10:00 a. m. Sunday school.  
11:00 a. m. Sunday service.  
"God" is the subject of the lesson-sermon which will be read in all Societies and Churches of Christ, Scientist, on Sunday, July 15th. The golden text is: "Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever." (Rev. 7:12).

Among the citations which comprise the lesson-sermon is the following from the Bible: "I know that, whatsoever God doeth, it shall be forever: nothing can be put to it, nor anything taken from it: and God doeth it, that men should fear before him." (Eccl. 3:14).

The lesson-sermon also includes the following passage from the Christian Science textbook: "We bury the sense of infinitude, when we admit that, although God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God."

**CALVARY BAPTIST CHURCH**  
210 West Main Street  
Rev. F. C. Rowland, Pastor

Sunday school 9:45 a. m. John Simons, superintendent.  
Title: "God Cares for Elijah."

I Kings 17:1-24; 19:1-8. God cared for Elijah at the brook Cherith, when the ravens brought him bread and flesh in the morning and bread and flesh in the evening, and he drank of the brook. God took care of Elijah in his contest with Ahab and the prophets of Baal, and with Jezebel the queen. On one side there were the fat, sleek idolaters fed from Jezebel's table; on the other, Elijah claiming the scanty fare from the ravens, gaunt, thin, shaggy as a Nazarite. On one side was an empty useless idol to serve as a misguided devotion, patronizing though it was by an apostate king and queen. On the other side was the living God having at his command unseen legions of spiritual forces mightier by far than all the armies of earth. When you add in the things which were not seen by careless eyes, the situation wears another look.

Morning worship 11:0 a. m. Title of the sermon: "Resting Under the Tree."

Baptist Training Service 7:00 p. m. R. E. Bean, director.

Our Deacon's Buddies union took the banner for the association last Sunday afternoon with an average grade for the quarter of 92%. The adult and senior unions did not make such grades but are coming up on their programs and attendance.

Evening worship 8:00 p. m. Title of sermon: "Keeping Religion in the Parlor." Lee Frazier, the singer and composer of heartfelt music, will be with us again at this service and give a program on his guitar at the close of the evening services. His new composition, "At the Forks of the Road" will be rendered and should be enjoyed by all.

Mid-week prayer meeting and teachers meeting Wednesday night 7:30 p. m.

"The modern church has never asked too much of men; it has always asked too little." Come to church Sunday. A welcome to all.

**FIRST METHODIST CHURCH**  
REV. A. C. DOUGLAS, Pastor

9:45 a. m. Church school for every age group. Martin Yates, Jr., superintendent.

11:00 a. m. Morning worship. Sermon by the pastor. Subject: "Watch and Pray."

7:00 p. m. Young Peoples' meeting. Subject: "The Story of Our Missions."

7:45 p. m. Open air services at the City Park. Sermon by the Rev. A. C. Douglas. Subject: "The Supremacy of the Spiritual."

The Methodist and Presbyterian congregations are uniting in the open air services at the City Park throughout July and August. We hope that every one possible will help make these services beneficial to the entire community.

We wish to especially invite visitors and strangers to attend all the services of our church.

**CHURCH OF THE NAZARENE**  
Eighth and Missouri  
Erwin G. Benson, Pastor

"A spiritual church in a friendly community."

Bible study at 9:45. The new year is well underway and some changes in the school have been made. The Bible school program is rendered promptly at 9:45 and the classes are in session the rest of the hour. A new class of single young people only has been started with Mrs. Myrtle

**LOCALS**

Mr. and Mrs. Cavitt Jackson of Carlsbad were here over the week end visiting home folks.

Mr. and Mrs. Will Crockett and children left Tuesday for a week's vacation in the mountains.

Miss Avis Clowe visited her uncle, Roy Reddy, in Carlsbad a few days the latter part of the week.

Francis Adams has moved into the Wheatley tenant house on Eighth street for the rest of the summer.

Mr. and Mrs. Roger Durand and Miss Abbie were guests of Mr. and Mrs. C. A. Buchanan of Hope Sunday.

Mr. and Mrs. Rude Wilcox and boys are vacationing this week. They drove out to Lovington Sunday for a few days visit with Mrs. Wilcox's parents, Mr. and Mrs. Boston Witt.

Mr. and Mrs. M. A. McLean drove to Big Spring last Saturday to meet her father and mother, Mr. and Mrs. Byrd of Brownwood, Texas, who will make an extended visit with their daughter and family.

S. Y. Wilson of El Paso was here on an inspection trip in the interest of the Southwestern Irrigated Cotton Growers Association. Accompanied by Mrs. Wilson he arrived Sunday and returned Wednesday.

Mr. and Mrs. Tom Ragsdale have as their guests Miss Elsie Palmateer who arrived last Friday from her home near Clovis and their daughter Mrs. D. D. Archer of Oklahoma City who arrived Sunday.

The Rev. P. G. Woodruff, pastor of the First Baptist church, left Monday for Las Vegas to attend the Montezuma assembly. He was accompanied by George Elam of Albuquerque, who was here Sunday to attend the district B. Y. P. U. assembly.

Mr. and Mrs. S. C. Smith returned Saturday from a month's visit with relatives in Tennessee and Mississippi. Mr. Smith says he never saw finer crop prospects east of the Mississippi, but crops are burned up from a point about a hundred miles west through Texas.

Mr. and Mrs. Elza Swift, Rachel Adel and her friend Irene Gillispie, were guests of Mrs. Swift's parents, Mr. and Mrs. Dave Beckett Sunday at Hope. The young ladies are visiting Miss Elsie Dell Beckett at the home of her grandparents Mr. and Mrs. D. Swift this week.

Mrs. C. Bert Smith left Wednesday for Waukegan, Illinois, to spend the next two months with her daughter, Mrs. Edson Jones and family. While there she will join Mr. and Mrs. Jones in visiting the Century of Progress in Chicago and their vacation trip through Wisconsin.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

Day as teacher. Mrs. C. C. Pior is the teacher of only young married people up to 35 years of age and single young people between 25 and 35. A. W. Wilde is the teacher of the married people's class and Miss Eleanor Clark of the senior adult married people's Bible class. The church meets in worship at 11:00. The pastor will bring the message on the subject: "What Jesus Considers As Christian Graces."

The following groups meet at 7:00 p. m.: Young People's Society with Beatress Rhodes as president. Junior Society with Neva Benson, supervisor, and Mrs. C. J. Wilde, assistant supervisor. Class meeting with D. F. Owen as leader.

The church meets in evangelistic service at 8:00 p. m. The pastor is continuing the question period in this service. An answer is given to any question of a religious nature. The theme for the evening message is: "What Jesus Considers As Sin." Church prayer meeting tonight at 8:00. This is a service which is interesting, devotional and spiritual.

**FIRST PRESBYTERIAN CHURCH**  
REV. W. B. McCrory, Pastor.

9:55 Bible school.  
11:00 Preaching service.  
Topic: "The Depression Shall End."

7:00 Young Peoples service.  
7:45 Union service in City Park.

Miss Louise Gault of Tucumcari was a guest last week at the home of Dr. and Mrs. H. A. Stroup. She left for her home Saturday.

**COUNTY FINANCIAL REPORT SUBMITTED TREASURER'S OFFICE**

The total income of Eddy county during the past year was \$457,837.11, according to the annual report of Joe Johns, county treasurer, submitted by Harry Christian, deputy, this week.

This was divided as follows: 1933 taxes, \$273,927.01; 1932, \$67,457.86; 1931, \$27,205.21; 1930, \$5,355.43; 1929, \$3,361.81; 1928, \$1,259.95; 1927, \$439.70; 1926, \$194.37; 1925, \$347.36; 1924, \$107.70; 1923 and prior, \$50.67.

Major divisions of income from sources other than taxes were as follows: county clerk's fees, \$3,613.03; from the state, school apportionment, \$36,783.73; motor vehicle, \$10,368.95; oil severance \$10,271.90. Miscellaneous amounts accounted for the balance of the income.

The balance in the treasury at the start of the year was \$80,202.53 which with the receipts totaled \$537,039.64 less the disbursements of \$444,617.36 and left a balance of \$92,422.28.

Disbursements during the year included the following: general county, 1932-33, \$5,821.22; general county, 1933-34, \$11,162.93; salary, 1932-33, \$6,727.21; salary, 1933-34, \$20,740.63; county roads, \$7,466; court, \$8,260.47; agricultural agent, \$1,250; indigent, \$2,951.50; health, \$5,169.85; county interest, \$2,606.90; to state treasurer, \$95,961.32; partial payments, \$5,756.75; municipalities, Carlsbad, \$21,756.69; Artesia, \$8,350.36; Artesia water, \$2,406.82; Pecos Valley conservancy district, \$2,989.34; judgment, \$1,300.21; pooled school funds, \$8,709.87; municipal school districts, Carlsbad, \$45,906.78; Artesia, \$33,422.61; Hope, \$13,364.95; rural, maintenance, \$50,187.12; rural, administrative, \$9,273.89; Carlsbad, school emergency, \$7,076.95; Artesia, school emergency, \$4,764.53; Hope, school emergency, \$3,435.67; rural school emergency, \$6,090.56.

**REPORTS AT FORT BLISS**

Orson L. Mitchell of Artesia, reported at Fort Bliss, Texas, July 2nd for one month's military training.

During his stay at Fort Bliss Mr. Mitchell will receive instruction in equitation, cavalry and artillery drill, hygiene, military tactics and discipline, customs of the service, and rifle and pistol firing.

Woodstock Typewriters for sale at The Advocate.

**Smilin' Charlie Says-**

"A man should try to make his 'reputation' what he THINKS his 'character' is --"

**CAVEMEN DEFEAT OILERS AT CARLSBAD**

The Artesia baseball nine suffered a defeat at the hands of the Cavemen when the team invaded Carlsbad Sunday afternoon, losing the contest by an eight to ten count. The local nine were without the services of two of the most valuable players, but despite this fact furnished stiff competition for the Carlsbad boys. The Oilers have shown consistent and steady improvement since opening the season several weeks ago and the outlook for developing into one of the strongest teams of this section is very bright.

The box score:

ARTESIA	AB	H	R	E
G. Smith, 1b	5	1	1	0

**CONFERENCE ON THE TAYLOR BILL TO BE HELD IN SALT LAKE**

WASHINGTON — Secretary Ickes announced Monday the first of a number of preliminary conferences to lay plans for administration of the Taylor grazing act will be held in Salt Lake City July 23.

Assistant Secretary of the Interior Oscar L. Chapman will head the group of Interior Department experts who will confer with stockmen.

After the Salt Lake meeting conferences are planned at Boise, Idaho, July 26; Billings, Montana, July 31; Casper, Wyoming, August 2, and Glenwood Springs, Colorado, August 6.

Ickes said similar meetings in other western states will be held on dates to be announced later in this important and timely conservation measure may counsel with these officials in the formulation of this new legislation.

Sheep and cattle men and others interested in the administration of the public range land will be invited to attend the meeting and present their views, formally or informally at any of the designated conferences.

Ickes said there would be no announcement of a general administration policy until Chapman returns from the west and submits his report.

**PLATEAU SINGING CONVENTION JULY 29**

The Eddy County Plateau Singing convention will meet at the Lower Cottonwood school auditorium on the 4th Sunday in July or July 29th. A basket dinner will be served on the ground at noon. Those who enjoy good singing are invited to attend and bring a well filled basket.

**TYPEWRITERS**

**WHITE SANDS ARE EXHIBITED AT FAIR**

CHICAGO—The thousands of visitors to the New Mexico exhibit in the Court of State at A Century of Progress are walking over the famous White Sands of New Mexico.

A carpeting of the white sands covers the floor of the state's show and is proving a great attraction for those who never have had the opportunity to visit the famous spot near Alamogordo, which now is set aside as a national monument.

A full carload of the sand was shipped to Chicago and more will be shipped as it is required to keep the floor the same pure white color as the great dunes in New Mexico.

Visitors to the exhibit marvel at the sheer whiteness of the sand and many are dubious that the floor actually is sand. Several have been seen to make superstitious tests by tasting, in the belief that they were walking on salt.

**ELIDA CAFE OWNER HELD FOR STABBING**

PORTALES—Charged with assault with a deadly weapon, Buddy Manasco, Elida cafe proprietor, was being held in the county jail last week for the stabbing at Elida of J. B. Lucas, 18, on Friday night, who was stabbed eight times when he went to the rescue of a woman whom Manasco was alleged to be mistreating.

## PECOS VALLEY B. T. U. MET HERE SUNDAY

The Pecos Valley Association of Young Peoples Organizations, known as the Baptist Training Union met with the First Baptist church last Sunday afternoon for the regular quarterly meeting. The largest attendance for a regular meeting of the association for several years was reported with approximately two hundred representatives present in addition to a large number of visitors present who were not members of the B. T. U.

W. Binns of Roswell, secretary of the association, presided at the meeting, where an address by George Elam, state B. T. U. secretary, and a sermon in song by a double quartette from the First Baptist church of Artesia, were the features of the program. George Wilson, noted Indian evangelistic singer, who is assisting in a revival meeting at Loving, sang "When They Ring Those Golden Bells" at the request of the audience. Representatives of the Calvary Baptist church, Artesia, Loving, Hagerman and Carlsbad also made talks.

The Loving church with 34 present, won the attendance banner, while the adult union of the First Baptist church at Artesia won the banner for their division. The senior union of Hagerman, the intermediate union of Loving and the junior union of the Calvary church at Artesia won the banners for their respective divisions.

The association voted to meet with the First Baptist church at Loving in October for the next regular quarterly meeting.

## LEWTER-OLDS (Delayed from last week by request)

Miss Bobbie Lewter became the bride of Mr. Troy Olds at 6:30 p. m. at the home of Rev. and Mrs. Avis C. Wiggins of Carlsbad, July 4.

The bride was attired in a white crepe ensemble with matching accessories and wore a corsage of yellow baby roses.

The young couple were attended by Mr. and Mrs. Sidney S. Woods of Artesia.

Mrs. Olds is a graduate of the 1932 high school class of Wilson, Oklahoma, and spent one year at Junior College in Brawley, California, after which she came to Artesia to live and for the past several months has been employed as secretary to Col. Albert T. Woods. She is the daughter of Mrs. Jim Morris of this city.

Mr. Olds is the son of Mr. and Mrs. G. L. Olds of Nacogdoches, Texas. He completed his high school work and two years at the State Teachers College of Nacogdoches. Mr. Olds came to Artesia in 1929 and since that time has been employed as assistant manager of the J. C. Penney Co.

The young couple are at home to their friends in the Annex Apartments.

## DINNER PARTY LOVELY PRE-NUPTIAL AFFAIR

Mr. and Mrs. Cavitt Jackson entertained with a lovely dinner party last Saturday evening at the home of his parents, Senator and Mrs. J. H. Jackson. Miss Louise Compton and Mr. Lemuel Duffield, bride and groom-elect, whose marriage will occur Saturday evening, were named honor guests.

A dainty pink and white color scheme was reflected in the appointments of the prettily laid table which was centered with a beautifully decorated wedding cake and in the delicious menu which was served in three courses. The cake which contained the thimble, coin and other small pieces was cut by Miss Compton and guests were in suspense for the few brief moments as they awaited the revelation of their future according to the old adage.

Games of bridge followed, a number of rounds being played during the evening. Guests on this occasion were Miss Louise Compton, Lemuel Duffield of Roswell, Miss Margaret Nellis, Robert Woodhead of Roswell and Mr. and Mrs. William Compton.

## TROUT FISHING PARTY LEAVING HERE SUNDAY

Mr. and Mrs. John Lanning, Mr. and Mrs. Bill Mount and Mr. and Mrs. Landis Feather expect to leave Sunday for a trout fishing trip to the northern part of the state.

From the looks of the fishing tackle purchased by these anglers they are going out after the "big ones."

Fortnightly Bridge club meets with Mrs. Mark Corbin at 9:00 a. m.

### THURSDAY (NEXT WEEK)

M. E. Missionary Society meets with Mrs. Reed Brainard, an all-day session.

The Presbyterian Missionary Society meets with Mrs. J. H. Jackson at 3:00 p. m.

## WOMAN'S CLUB PRESENTS PLAY

For the heat-ridden populace who are forced to remain in town during the summer months, the Woman's Club is presenting "Putting It Over," a three-act dramatic comedy, at the Central school auditorium Thursday, July 12, at 8:00 p. m. Myrick Russell of St. Paul, Minnesota, who so successfully presented "The Ghost Bird" for the club last fall, is directing the cast for this production.

"Putting It Over" is filled with comic incidents interwoven with a suspense element that holds its audience spell-bound to the final curtain. Mr. Russell, the leading man, is supported by a cast that has delighted Artesia in previous productions. Those who are cast for parts in the play are: Richard Rockwell as Bolton, Orlan Syferd as Phillip Lannon, F. M. Russell as Tom Browne and Jack Stewart, La Vera Mann as Torrence Lannon, Vera Rockwell as Eva Lou Lane, Edw. Rockwell as Colonel Lane, Mrs. Martin Yates as Mrs. Lane Turner and Mark Corbin as Daintry.

Mr. Russell has had twenty years experience as teacher, coach, entertainer, humorist, and Little Theater director in more than thirty states and has had extended engagements with such organizations as Ellison-White, Redpath-Horner and International Chautauqua in both the United States and Europe.

Tickets for the play are on sale at the Palace, Mann and Corner drug stores. Prices of admission are twenty-five cents for adults and ten cents for those under twelve.

## WILSON FAMILY HAS PICNIC

Some forty-five members of the Wilson family enjoyed a reunion on July 9th, in the beautiful private park of Sidney Gatey, nephew of Frank L. Wilson in Colorado Springs, Colorado. Mrs. Martha Riddle, mother of the Wilson children, was the oldest member present and little Richard McClosky, her great grandson, the youngest. The only member of the Wilson family unable to attend was George Wilson of Ruidoso.

After a sumptuous picnic dinner various games were enjoyed and a great number of kodak pictures were taken.

On July 9th, Mr. and Mrs. Frank Wilson and family left for Denver, Colorado, to visit his sister.

## M. E. MISSIONARY SOCIETY

The regular July business meeting of the Methodist Missionary Society was held at the church parlor last Thursday afternoon. Mrs. Frisch presided during the business session. Mrs. R. O. Cowan conducted the study course which was completed on this day. There will not be any more study courses for the society during the summer, however, plans will be made for new courses to begin in September.

## H 2 O BRIDGE CLUB

Members of the H 2 O Bridge club met with Mrs. F. G. Hartell last Friday morning.

There were three substituting guests seated with the members at the quartet tables for the morning session of contract. Mmes. Beecher Rowan, R. D. Compton and Miss Ruth Morgan.

Mrs. Rowan held the high score at the conclusion of the games.

## AMERICAN LEGION AUXILIARY MEET

Considering the hot weather, there was a good attendance of the membership of the American Legion Auxiliary present at the hut Monday afternoon for the July meeting.

Mrs. P. V. Morris was in the chair and presided. Trophy and Awards was the subject for July discussion. Mrs. Francis Painter read an interesting article from the national bulletin, the Fidac report was given by Mrs. William Linell.

The unit is always intensely interested in the Girl Scout movement and each year a contribution is given to the local Scouts, at this time another five dollars was given.

Mrs. Fred Cole sang very beautifully, "One Fleeting Hour." Miss La Rue Mann accompanied her at the piano.

The following delegates were elected to represent the Artesia unit at the state convention at Ruidoso, August 2, 3 and 4: Mmes. Bert Sinclair, P. V. Morris, Ben Pior, Frank Linell, Gail Hamilton, J. M. Story and William Linell. Mrs. Albert Richards and Mrs. Aleck McGonagill are state officers and expect to attend also.

Mmes. Wren Barker, Albert Richards and Lewis Story were joint hostesses in serving delicious refreshments at the close of the afternoon.

## MR. AND MRS. CHENNEY ENTERTAIN WITH FISH FRY

Mr. and Mrs. Bill Chenney were host and hostess to a group of friends last Saturday evening when they entertained with a fish fry on the attractive backyard lawn at the home of Mr. and Mrs. M. W. Evans.

A bountiful supply of trout fish caught by Mr. and Mrs. Chenney on a recent fishing trip to the Brazos river were fried on small gas stoves in the open.

The guest list included: Mr. and Mrs. J. Harvey Wilson, Mr. and Mrs. M. W. Evans, Miss Phoebe Welch, Van Welch, Sr., H. Hensley, Sidney Covington, Glenn Evans and L. Roberts.

## MRS. BILDSTONE HOSTESS TO BRIDGE OF THE MONTH

Mrs. Carl Bildstone was hostess to members of the Bridge of the Month at the Artesia Hotel last Friday.

Luncheon was served at the Coffee Shop at one o'clock. Games of auction followed in the lobby which was delightfully cool and pleasant on this occasion.

Mrs. Stanley Blocker was the winner of high prize and Mrs. Leslie Martin second high. Guests were Mmes. Willis Morgan, J. Harvey Wilson, Howard Whitson, Leslie Martin, Stanley Blocker, and two substituting guests, Mrs. Mark Corbin and Mrs. Ludd Whitcomb.

## MRS. RALPH SHUGART COMPLIMENTS IDLEWHILES CLUB MEMBERS TUESDAY

Mrs. Ralph Shugart entertained very delightfully Tuesday afternoon complimenting members of the Idlewhiles Bridge club.

Mrs. M. W. Evans held high score at the close of the pleasant session of contract. A delicious salad course was served by the hostess to the following guests:

Mmes. J. W. Berry, J. Hise Myers, J. M. Story, J. H. Jackson, M. W. Evans, James Nellis, Frank Smith, Hugh Kiddy, Albert Glasser, M. G. Schultz, Lloyd Simon, Miss Mary Middleton and Mrs. Frank Middleton.

## FRIDAY EVENING BRIDGE CLUB MEETS

Mr. and Mrs. Dick Vandagriff entertained members of the Friday Evening Bridge club at their home last Friday evening.

Miss Mary McCaw and John Richards were substituting guests and carried off the high score prize, low prize went to Mr. and Mrs. Boone Barnett. Others present were Messrs. and Mmes. Charles Morgan, Walter Douglas and Rude Wilcox.

A refreshing ice course was served by the hostess at the conclusion of the games.

## WOMEN'S MISSIONARY SOCIETY MEETS

The Women's Missionary Society of the Church of the Nazarene met at the parsonage Friday afternoon, July 6th. Mrs. C. J. Wilde read the scripture lesson, after which "The Influence of the Bible on Nations" was discussed by Mrs. G. W. Forsee. Mrs. Erwin G. Benson and Miss Beatress Rhodes. After a short business meeting, light refreshments were served by the hostess, Mrs. Erwin G. Benson.

## ATTENDS FAMILY REUNION

Mr. and Mrs. H. A. Watson and daughter Shirley drove to Pecos Monday to attend a family reunion of the Watson family held at the home of his father, Will Watson. Present were the three Watson brothers, H. A. Watson of Artesia, Finn Watson of Albuquerque, and Berry Watson of California.

## LEAGUE CIRCLES ENTERTAINED WITH A SCAVENGER HUNT

Members of the Methodist Epworth League entertained those of the Presbyterian League with a "Scavenger Hunt" Wednesday evening.

The young people met at the Methodist church at 7:30 and were divided into groups with a captain, each were furnished a list of things to bring in. John Gates and his group were awarded the prize at the close of the hunt which lasted for one hour.

Refreshments of ice cream and cake were served at the church to about twenty-six young people. The following committee were in charge of this delightful entertainment, Misses Laura Bullock, Catherine Douglas, and Cyril Stone, Freeman Douglas, Glenn Stone and Earnest Hannah, Jr.

## ARNORMIS SAPIENS BRIDGE CLUB MEETS

Mrs. J. M. Story entertained members of the Arnormis Sapiens Bridge club and a number of extra guests Wednesday afternoon.

At the close of the pleasant session of contract, Miss Ruth Morgan held high score. Mrs. Story was assisted by her granddaughter, little Miss Wanda Story, in serving a delicious refreshment plate.

The guest list included Mmes. Ferree, Myers, Rowan, Jessie Morgan, M. W. Evans, Landis Feather, J. J. Clarke, J. H. Jackson, Hartell, Wallace Anderson and Misses Ruth and Esther Morgan.

## PRESBYTERIAN AID SOCIETY

Members of the Presbyterian Aid met with Mrs. Rex Wheatley last Thursday afternoon.

The meeting was presided over by Mrs. Wheatley, president. The society voted at this time to have some repair work done at the church building, the work will be done next week.

The hostess was assisted by her daughters, the Misses Jeanne and Joan in serving light refreshments at the close of the business session. About twelve members were present.

## BAND CONCERT AT THE CITY PARK

The second of a series of band concerts by the Pecos Valley band under direction of Prof. E. L. Harp will be given at the City Park Friday evening beginning at 8:00 p. m. The concert will last for about an hour. Band

concerts for Artesia, Hagerman and Lake Arthur will be a weekly feature from now until the close of the summer, if the present plans of Mr. Harp work out. The public is cordially invited to the concert Friday evening.

## VIOLIN PUPILS IN RECITAL ON MONDAY

Violin pupils of Mrs. Doris Welborne were presented in a recital at the First Baptist church Monday evening.

The program included violin solos, duets and choir numbers, with Miss Glenna McLean as accompanist. Those taking part in the program were Elnora Gage, Edgar Bishop and Elaine Frazier and Dixie Dan Goode of Lake Arthur.

A good number were present to hear these young artists perform.

## SECOND EVENING BRIDGE CLUB MEETS

Mr. and Mrs. Jeff Hightower entertained members of the Second Evening Bridge club last Friday evening.

A fried chicken dinner was served at 6:45 in the evening. The usual rounds of auction bridge followed. Mr. and Mrs. F. G. Hartell were the winners of high score. Dr. and Mrs. J. Clarke were substituting guests.

## METHODIST JUNIORS ENJOY SWIM AND PICNIC

About fifteen juniors of the Methodist Sunday school were accompanied by their teachers, Mmes. A. C. Douglas, Reed Brainard and John McCann and several of the mothers to the Zelony pool east of town where they enjoyed a swim, last Friday afternoon.

Following the swim a picnic lunch was thoroughly enjoyed by the entire party.

## TWO WEDDINGS AT HOPE

Belated announcements have been received of two weddings which occurred at Hope July 2nd. The principals of the weddings were Miss Winnie Allen of Hope and Jack Chandler formerly of Stanton, now employed on the Casabon ranch, and Miss Lilly Carmen of Hope and Lee Payne employed on the Ed Watts ranch. Both couples will make their homes in the Hope community.

## CHEVROLET SPONSOR OF SOAP BOX DERBY

DAYTON, Ohio—A three-eighths mile hill in Dayton will assume national significance to American youth August 18 and 19, when the first nationally sponsored "All-American Soap Box Derby" will be run over the bricks of Burkhardt hill.

Originated as a local stunt feature last year by Myron E. Scott, Dayton Daily News photographer, the event attracted approximately 450 entrants and more than 40,000 spectators.

This year, through the cooperation of Chevrolet Motor Company and its dealer organization, more than 40 cities in the United States will conduct local soap box derbies, and winners will have their cars shipped here to compete for the world's championship under the auspices of the Daily News and Chevrolet.

Chevrolet dealers in each city are furnishing entry blanks, rule books and plans for the building of soap box racers, which are the old familiar box and wheel vehicles which at some time or other have provided transportation for almost every boy.

A complete list to date of the papers cooperating with the Chevrolet Motor Company in staging local contests preliminary to the Dayton finals includes:

Akron Beacon Journal, Anderson (Ind.) Herald, Albany Times-Union, Atlanta Constitution, Birmingham Press, Birmingham Post, Boston Evening American, Buffalo Courier-Express, Charlotte News, Chattanooga Times, Chicago Herald and Examiner, Cincinnati Times-Star, Cleveland News, Columbus Citizen, Davenport Times-Democrat, Dayton Daily News, Fort Wayne Journal-Gazette, Indianapolis Star, Kansas City Star, Knoxville News-Sentinel, Milwaukee Sentinel, Montgomery Advertiser, Munice Star.

New Orleans Item-Tribune, Omaha News-Bee, Peoria Journal-Transcript, Pittsburgh Post-Gazette, Richmond News-Leader, Rochester Times-Union, Rockford Morning Star and Register-Republic, St. Louis Star-Times, St. Paul Daily News, Scranton Republican, Shreveport Times, Springfield (Ohio) Daily News and Sun, Syracuse Journal-American, Wichita Beacon, Youngstown Telegram.

Additional sponsoring newspapers are being added to the list from day to day.

It is estimated that more than 20,000 boys will compete in the two divisions—the Soap Box Derby race itself for racers entirely home-constructed and driven by boys from six to fifteen; the other for cars built and sponsored by some firm or organization and driven by boys from 16 to 18 years old.

## Over 100 Prizes

For three days prior to the race a Soap Box Show will be held in Dayton, winding up with a parade of the racers on Saturday morning, August 18. In the afternoon the Ohio state championship will be held, and on the following day the All-American Derby will be run off.

Grandstands are being built on the course to accommodate some 30,000 spectators, and other thousands will be accommodated in parking spaces.

Present plans call for the Derby committee in Dayton to give the winner of the Soap Box Derby race a four-year college scholarship. There are also more than 100 additional prizes of trips, merchandise and trophies to the winners and runners-up in both divisions.

## LOCALS

Margaret and John Numa of Houston, Texas, niece and nephew of Mrs. Bert Sinclair, arrived this week for a visit at the Sinclair home.

Mr. and Mrs. W. H. Hibbs of Houston, Texas, left for their home Saturday after a few days visit in the home of their uncles, Leon and Wren Barker.

Little Miss Opal Millikin, accompanied by her brother, J. S. Millikin, of Little Rock, Arkansas, arrived yesterday for a month's visit with their aunt, Mrs. L. E. Folkner and family.

Mr. and Mrs. Arba Green expect to leave Sunday morning for La Verne, California. They are driving through with their daughter, Mrs. Bob La Folette and little daughter, who are joining Mr. La Folette there.

Mrs. Sadie Wilson, who is with the Peoples Mercantile Co., began her ten days vacation Monday. She will probably spend part of her vacation in Clovis with her sister, Mrs. T. E. May and husband.

## "These Thirty Years" New Talking Picture to be Shown Here July 19

"These Thirty Years," a new talking picture produced by the Ford Motor Company, is to be shown at the Majestic Theater, Thursday, July 19.

Complimentary tickets are being distributed by Artesia Auto Co., under whose auspices the local showings are being held.

The story of "These Thirty Years" begins 30 years ago in the town of Brookfield. Dave Haines and his aged mother see their farm and everything they own put on the auction block to satisfy a greedy mortgage holder. During the auction, however, Dave becomes inspired by a "horseless carriage" seen tearing down a rutted country road at the neck-breaking speed of 20 miles per hour. He sees a great future in automobiles and wants to go into business with him. Jed withholds his decision until Dave proves what his "carriage" can do in a cross-country race with a horse.

Success favors Dave. He wins the race—also the hand of May Larcombe. They have a son, Bob, who becomes a problem in every boy.

Mrs. Roy Phillips expects to leave Friday afternoon for Hot Springs, this state. She will return bringing Mr. Phillips who will have completed a series of the baths and will come home for a rest before taking another course of the mineral baths. Their son who has been with Mr. Phillips returned with them.

## ENGRAVING—THE ADVOCATE

Box Stationery—ARTESIAN Bond—Advocate.

later life for he favors playing to working, and spends his "dad's" money gambling on the stock market. The "crash" of 1929 catches Bob. He loses everything—including his girl, Ann Bailey, who has been disgusted with him for some time. Jed, the partner of Dave, sticks by Bob, saves his life on one occasion, and finally inspires him to become the man his dad, and Ann, would like him to be.

The players featured in "These Thirty Years" include David Morris, who played in "Come Easy," "Young Sinners," "Cradle Snatchers," and "In the Best of Families." K. Elmo Lowe, who played the lead in "There's Always Juliet," and other well known plays; Donald McDonald, who played the leads in "Left Bank" and "Here Today," and took part in "Forsaking All Others" featuring Tallulah Bankhead; Frederick Forrester, who played the father in "Animal Kingdom." Alice John, who plays the part of "Mom" Haines in "These Thirty Years" has played for the Theater Guild, Arthur Hopkins, and Charles Frohman.

## SERVE FISH DINNER SUNDAY

Mr. and Mrs. Howard Williams served a fish dinner Sunday to the following guests, Mr. and Mrs. Lewis Story, Wanda and Ed Meyer, Mrs. Roy Phillips and El Paso.

## NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals will be received until 10:00 A. M. July 19, 1934, at the office of the State Highway Engineer, Capitol Building, Santa Fe, New Mexico, at which time and place proposals will be publicly opened and read.

A certificate of compliance on the prescribed form which will be furnished for that purpose shall be signed and submitted by all bidders, in accordance with Executive Order No. 6646, issued by the President on March 14, 1934. Only bids accompanied by such certificate shall be considered or accepted. The contractor to whom award is made shall require sub-contractors and dealers furnishing equipment, materials, and supplies to sign similar certificates before making awards or purchases from such subcontractors or dealers, copies of which shall be furnished to the contracting officer. The proposed work covers road and bridge construction and is briefly described as follows:

**FEDERAL AID PROJECT NO. 29**  
(State Surfacing)

This proposal is for the construction of Federal Aid Project No. 29 (State Surfacing) located in Eddy County on State Road 83 between Hope and Artesia. The approximate length is 20.5 miles.

The proposed work consists of single penetration asphalt surfacing.

The contractor will be required to start work within 10 days from date of notification of award of contract and to maintain on the job at all times a maximum efficient working force to the satisfaction of the Engineer. The Engineer may at any time order the Contractor to place additional men and equipment on the job.

This contract must be completed in Fifty (50) weather working days. Liquidated damages in the amount of One Hundred Dollars (\$100.00) per day will be collected for each weather working day necessary to complete this contract after the expiration of the allotted time.

The Engineer's estimate of cost will not be published.

Each bid must be on proposal form of the Highway Department and must be accompanied by a certified check in the amount of One Thousand Five Hundred Dollars (\$1,500.00). No cashier's checks or personal checks will be accepted.

Plans and specifications may be examined at the office of the State Highway Engineer, Santa Fe, or at the office of District Engineer, W. R. Eccles, Roswell.

Contractors should be familiar with New Mexico laws relating to labor.

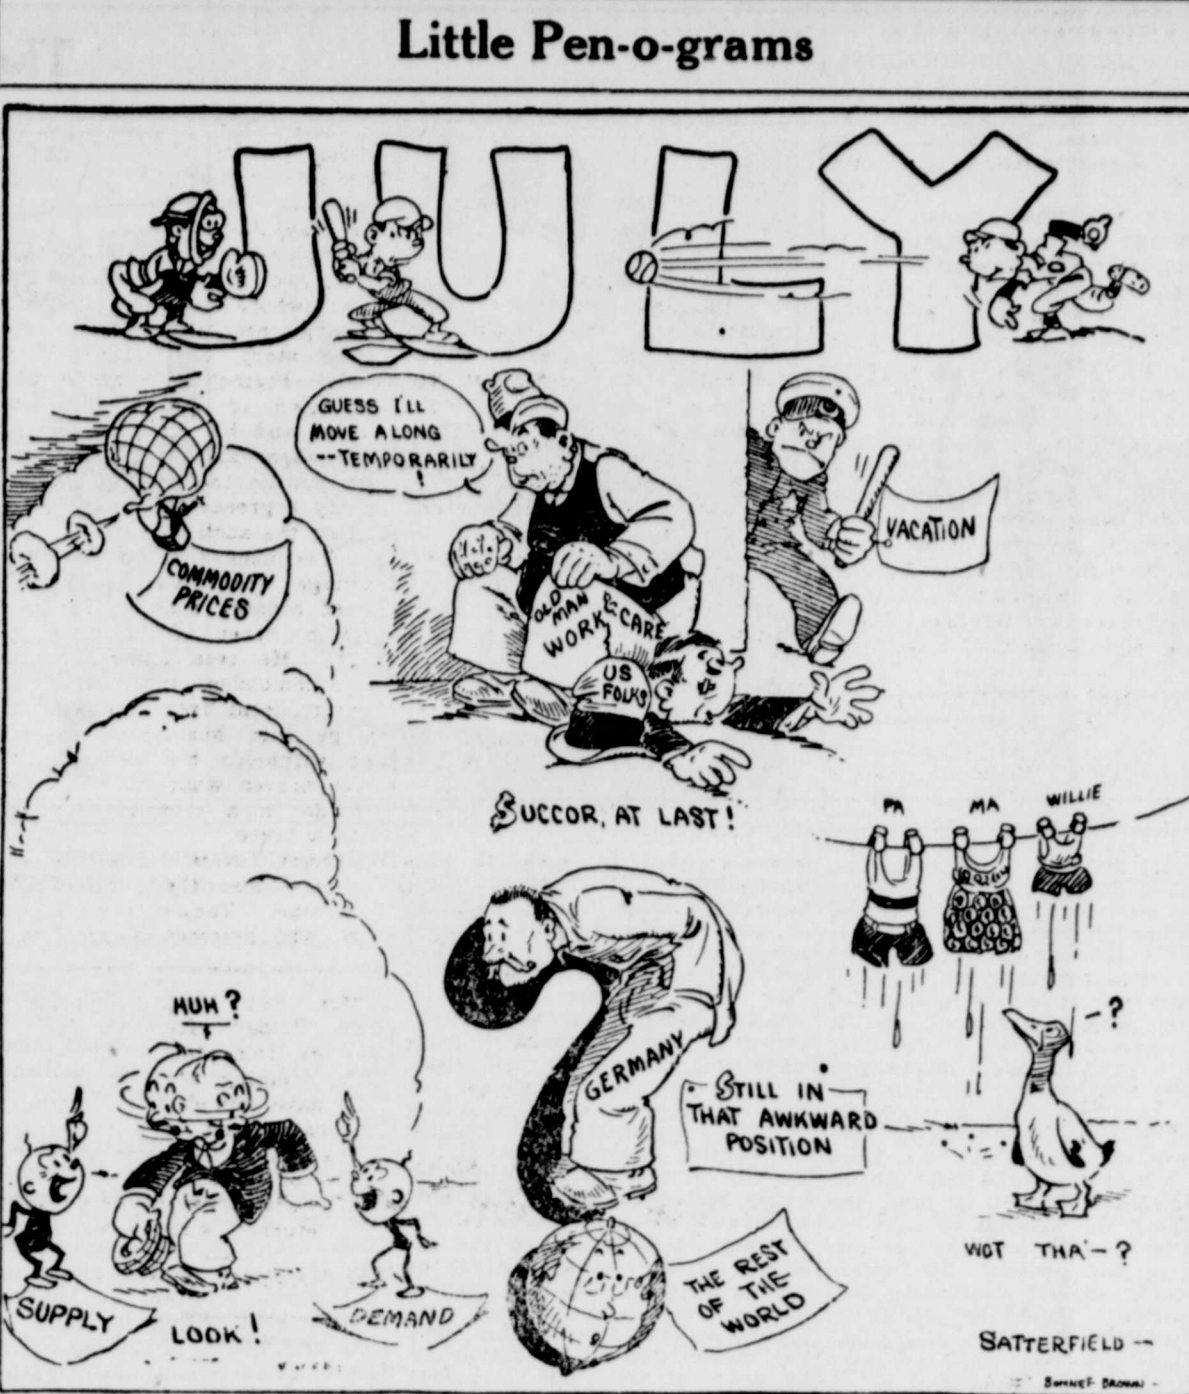

The minimum wage paid to all skilled labor employed on this contract shall be Seventy-five Cents (75¢) per hour.

The minimum wage paid to all unskilled labor employed on this contract shall be Fifty Cents (50¢) per hour.

Where camps are operated by the Contractor, or by persons affiliated with the contractor, no charge of more than Seventy-five Cents (75¢) per day for board and lodging, or more than Twenty-five Cents (25¢) for each meal consumed, will be allowed. Laborers will not be required to board and lodge at such camps unless they so elect.

The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract and to the use of Domestic Materials.

Complete specifications including schedules, proposal forms and contract forms, accompanied by general layout and typical cross sections may be obtained by listed qualified bidders at the office of the State Highway Engineer upon payment of Two Dollars (\$2.00), or same will be mailed C. O. D. Any additional plan sheets, cross section sheets or mass diagrams

## SPLENDID CROWDS ATTENDING REVIVAL

The Church of Christ revival now going on at the First Christian church is progressing with fine crowds and interest. Evangelist J. L. Musgrave from El Centro, California, is doing the preaching. Several subjects of great importance are yet to be discussed before the meeting closes. Some of them are as follows:

"Conversion by the Holy Ghost in Apostolic Days."

"Will the Unsaved Be Annihilated?"

"The Truth About the Sin Against the Holy Ghost."

"Ten Impossibilities."

"Foreordination and Predestination."

"How Shall We Know We Are Children of God and What Evidence Do We Have of Pardon?"

"The Binding of Satan and the Thousand Year Reign of Christ and His Witnesses."

"The New Birth."

"Why I'm Not a Campbellite."

Services each evening at 7:45. Everyone is invited. "Come now, and let us reason together saith the Lord: though your sins be as scarlet they shall be made as white as snow."—Is. 1:18.

## NAZARENE CHURCH HOLDS BIBLE SCHOOL

The annual daily vacation Bible school began last Monday at the Church of the Nazarene with twenty enrolling. The attendance is increasing every day.

The program consists of a worship period, Bible memory period, recess and handwork period. The girls are making posters, miniature books of the Bible and various other things. The boys are using their coping saws to make various articles.

Tomorrow all the members of the school will be together in a picnic lunch at the City Park. Another picnic lunch will also be held next Friday. The last Friday, July 27th, will be an outstanding day. There will be a big get-together meeting of the pupils, parents and faculty in the afternoon when ice cream

may be obtained on payment of Twenty-five Cents (25¢) per sheet for blue prints. It is understood that all blue prints become the property of the prospective bidder and there will be no refund for returned prints or proposal forms.

All bidders are required to properly and completely fill out the Contractor's Questionnaire found in the Proposal and to affix signatures as indicated. In addition to the above, all bidders are required to have on file with and approved by the State Highway Engineer, prior to receiving a Proposal Form, a complete Experience Questionnaire and Financial Statement on standard forms which will be furnished upon request. Failure to comply with the above conditions will disqualify a proposal. Any alteration, omission, or condition attached to a proposal will be considered sufficient cause for its rejection. The Highway Commission reserves the right to reject any and all proposals and to waive technicalities.

G. D. MACY,  
State Highway Engineer,  
Santa Fe, New Mexico,  
July 5, 1934. 28-1t

## Little Pen-o-grams

## LAKWOOD ITEMS

Mrs. M. C. Lee, Reporter

Milton Northcutt is ill from a relapse from typhoid fever.

Jim House, wife and little son spent Tuesday night at the R. L. House home.

Mr. and Mrs. Richard Floyd have moved into the house owned by the Lefe McDonald heirs.

Mrs. W. G. Porter and daughter are visiting Mrs. Porter's sister Mrs. Moutray and family.

Mrs. Ernest McGonagill returned home Monday from Artesia after spending several days with her mother who is ill.

Mrs. J. D. Millman, son Ernest, and wife Edna Millman and Mrs. Josephine Plowman and children spent the fourth in Cloudcroft.

Mrs. John Drury, sister of Mrs. J. N. Foster, and Mrs. A. B. Scarborough came in the third from Laguna to spend a couple of weeks visiting relatives and friends.

Mr. and Mrs. Casper of Austin, Texas, are visiting their daughter Mrs. J. N. Foster and Mrs. John Drury. Mr. Casper is quite venerable, being eighty years of age and almost blind.

Misses Thelma Adams and Elva May Angell left Thursday for their sister Mrs. Cleo Rynd for Los Angeles, California, where they will remain until the opening of school here.

Mr. and Mrs. Clint Rynd and two boys of Los Angeles, California, spent the Fourth and fifth visiting Mrs. Rynd's parents Mr. and Mrs. R. G. Adams, other relatives and friends.

Winston McDonald came in from Duoro the Fourth and spent the remainder of the week with friends here. Sunday he went to Cottonwood to visit his aunt, Mrs. Glenn O'Bannon and family.

Forrest Lee took his wife to Carlsbad Wednesday to the eye, ear, nose and throat specialist. Mrs. Lee's ear is giving her trouble again. It has been about three months since she had a serious mastoid operation.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

## CORN CONCOCTIONS

Unusual concoctions can nowadays be made with even so usual a vegetable as ever popular corn. Here are a couple.

### Escalloped Corn, Celery and Olives

Boil one cup diced celery five minutes, and drain. Put alternate layers of the contents of a 10½-ounce can whole kernel corn, the celery and one-fourth cup chopped ripe olives in a baking dish, sprinkling with three-fourths teaspoon salt and a few grains of pepper. Dot top with two tablespoons butter, pour over two-thirds cup milk, and cover with half a cup buttered crumbs. Bake for about forty-five minutes in a 375 degree oven, or until the celery is tender. Serves six.

### Vegetable Casserole

Cook two tablespoons chopped onion in four tablespoons butter until pale yellow. Add the contents of an 11-ounce can corn, four medium tomatoes cut in small pieces, and one summer squash (weighing about one pound), peeled and also cut small. Season with salt and pepper and pour into a baking dish. Cover and bake for about forty-five minutes in a 375 degree oven. Serves eight.

### A Cheap Corn Dish

If you want a tasty dish that it costs less than thirty-five cents to serve to four people, try this: Deviled Corn Scallop: Mix together two cups canned corn and the contents of a 2¼-ounce can deviled ham, and season to taste with salt and pepper. Pour half into a buttered baking dish, sprinkle with a few crumbs, add rest of corn, and pour in one-third cup milk. Cover with the rest or half a cup crumbs to which two tablespoons melted butter has been added. Bake in a moderate—375 degrees—oven for thirty minutes. Serves four.

Wedding announcements, printed or engraved.—The Advocate.

## CARD OF THANKS

We want to take this means of thanking our many friends for the many things they did for our dear wife and mother in her last illness, especially do we thank Dr. Womack for his faithfulness and we thank each and every one for the words of sympathy, floral offerings, also those who furnished cars. May God bless you all.

That's the last thing we expect to do, in the meantime, let us fix your auto or repair your electric motor.

## DR LOUCKS GARAGE

Phone 65

## Eddy County Farm News

Raw cabbage may be canned and fermentation will take place to only a slight extent so the product, when opened, is similar to slaw if only stored a few months.

Select firm heads of cabbage. Discard the green outer leaves. Shred cabbage as for sauerkraut. Pack it in sterilized glass jars with screw tops. Add salt to alternate layers of salt to each quart of shredded cabbage. Pour a cup of boiling water over the cabbage to completely fill the jar, some of the water overflowing. Screw the lids of the jars tight. The product will ferment some and liquid will ooze out under the lid. Screw the lid tighter when this happens.

This is very good if served with cream and salad. The slightly acid taste is similar to sour cream dressing. Raisins may be added if desired.

### Banana Cream Sherbet

(12 servings)  
2 tsp. Knox Sparkling Gelatin  
1 cup evaporated milk  
1 cup water  
1 cup orange juice and pulp  
1½ cups sugar  
4 bananas  
¼ cup cold water  
¼ cup lemon juice  
Few grains salt

Soak gelatin in ¼ cup cold water five minutes. Boil sugar and one cup water five minutes; add soaked gelatin; cool and add mashed bananas, orange pulp and juice and lemon juice. Pour into trays of electric refrigerator and freeze to a mush, then beat in whipped evaporated milk and continue the freezing, stirring occasionally. Serve garnished with sliced oranges. Or freeze in any standard freezer.

Mrs. Mae Ament of Alpine, Texas, is visiting friends and attending to business matters at Hope this week. She drove over with Mr. and Mrs. Mellard of Marfa, Texas, who are visiting his parents in the Hope community.

Mrs. J. F. Dew, Jr., of Abilene, Texas, arrived Saturday for a visit with her parents, Mr. and Mrs. Austin Stuart. Another daughter Mrs. Ray Small who has been visiting her parents left Tuesday for Belen to join her husband there.

ABOUT AUTOMATIC REFRIGERATORS

## Before you buy - Not afterward

THAT ADVICE is not entirely unselfish. We have discovered that most folks who take the time to dig out the facts become Electrolux owners. And it's not hard to see why. For, frankly, the New Air-Cooled Electrolux has them all beaten on the things that really count in automatic refrigeration. It costs less to run. Just figure what that means in money saved every day . . . every month . . . every year!

Electrolux has no moving parts to wear and need costly repairing. And that's another neat little saving! It's permanently silent, too. That's not a financial saving, but it's something to consider pleasantly. So is this—Electrolux is backed and given prompt willing service by your own gas company.

These are big things. But Electrolux has not forgotten the "little" conveniences that make every woman's life more enjoyable. If you're even mildly interested in automatic refrigeration, please come in. See the other refrigerators, too. And the more you know, the nearer you are to owning an Electrolux—the modern gas refrigerator.

**QUICK FACTS**

LEGAL ADVERTISEMENTS

IN THE PROBATE COURT OF EDDY COUNTY, STATE OF NEW MEXICO.

IN THE MATTER OF THE ESTATE OF CHARLES JAMES BUCK, DECEASED, NO. 678.

NOTICE

Notice is hereby given that C. E. Mann, Executor of the estate of Charles James Buck, deceased, has filed his final report as Executor of said estate and has filed his petition praying for the approval of said report and that he be discharged as Executor of said estate that the Honorable P. J. McCall, Probate Judge of Eddy County, New Mexico, has set the 31st day of July, 1934, at the hour of 2 o'clock P. M. at the court house of said county in the city of Carlsbad, New Mexico, as the day, time and place for hearing objections, if any there be, to said report and the final discharge of said Executor.

THEREFORE any person or persons wishing to object are hereby notified to file their objections with the Probate Clerk of Eddy County, New Mexico, on or before the above mentioned date set for hearing.

RUTH S. MANNING, County Clerk, By M. E. WALLER, Deputy.

IN THE DISTRICT COURT OF CHAVES COUNTY, STATE OF NEW MEXICO.

IN THE MATTER OF THE LAKE ARTHUR DRAINAGE DISTRICT. No. 3790.

NOTICE OF HEARING ON PETITION OF COMMISSIONERS FOR ORDER AUTHORIZING REFUNDING OF INDEBTEDNESS AND SUPPLEMENTAL REPORT OF COMMISSIONERS FOR MODIFICATION OF ORDERS CONFIRMING ASSESSMENTS.

Notice is hereby given that the Commissioners of the above named Drainage District have filed in this court a petition for an order authorizing the refunding of the indebtedness of the said Drainage District and a supplemental report for modification of orders heretofore entered confirming previous assessments, which said petition is as follows, to-wit:

"Come now the commissioners of the Lake Arthur Drainage District and respectfully petition the court for an order authorizing the district to refund its indebtedness and also to submit to the court their supplemental report and respectfully request the court to modify by order, in the manner herein specifically stated, orders of the court heretofore entered in this cause, confirming assessments for cost of construction, and in support of such petition and report show unto the court:

1. That the total indebtedness of said drainage district, including interest to March 1, 1934, is the sum of \$223,583.52, and that such indebtedness is evidenced by bonds and coupons.

2. That all of said bonds and coupons are now held by Robert N. Erskine, under power of attorney from the owners and holders thereof.

3. That said district is greatly in arrears in its payments for principal and interest upon the said bonded debt, and many bonds and interest coupons are long past due and unpaid, due to the fact that the land owners in the district during the past several years, on account of depressed financial conditions and crop values, have been unable to meet the assessments levied against them under orders of the court heretofore issued to pay for cost of construction and to liquidate the said indebtedness, and the commissioners state upon information and belief, that it will be impossible for the district ever to pay off the said indebtedness as it now exists and the only way the district can ever clear itself of said bonded debt is to secure a compromise settlement from the holders of the outstanding bonds and coupons, and obtain a new loan upon a long time basis and low rate of interest with which to liquidate the compromised sum.

4. That on account of the matters above mentioned, it is necessary for the said district therefore to refund its indebtedness as provided by the laws of the State of New Mexico, and for such purpose the commissioners have made and submitted in behalf of said drainage district to the Reconstruction Finance Corporation, an application for a loan sufficient to refund its outstanding indebtedness, including bonds and coupons, and after a full investigation and inspection of the lands in said district, the Reconstruction Finance Corporation has authorized a loan to the said drainage district, subject to the conditions set forth in the Corporation's Resolutions herein-after described, in the sum of ONE HUNDRED TWENTY-TWO THOUSAND FIVE HUNDRED (\$122,500.00) DOLLARS, of which amount TWENTY-FIVE THOUSAND (\$25,000.00) DOLLARS is expressly stipulated to be used for expenses of refinancing the said district, as specifically provided in paragraph 4 (a) of said Resolution; the balance of said proposed loan, to-wit: ONE HUNDRED TWENTY-TWO THOUSAND (\$97,500.00) DOLLARS the said bondholders have agreed to accept in full settlement of all amounts due upon the said bonds and coupons, and the said bondholders have agreed in considera-

THE FAMILY NEXT DOOR

tion of such payment, to surrender the said bonds and coupons and to release the said district from all liability thereon; that the amount so advanced by the Reconstruction Finance Corporation as aforesaid, will bear interest at the rate of 4% per annum, and repayment may be made in thirty-three (33) years, during the first three (3) years of which interest only must be paid, and thereafter, payments of principal and interest amortized to make the payments substantially equal each year through the remaining period of thirty (30) years.

5. The commissioners further state that the assessments which have been heretofore levied for cost of construction against the lands in said drainage district and which have been duly confirmed by orders of the court herein, together with the interest accrued thereon, are sufficient to provide the funds necessary to service the said loan and to liquidate the said refunding bonds, and if interest is collected on such assessments at the rate of 4% per annum from July 1, 1934, a fund will be provided for refunding the interest upon the said refunding bonds and the land owners will thereby be given the benefits accruing from said refunding contract.

6. The commissioners further state that they have caused to be prepared new assessment rolls, which are presented herewith and are hereby referred to and made part hereof, and that such rolls show the remaining unpaid assessments for construction, together with accrued interest thereon, and also show the assessments for benefits, as shown by the various assessment rolls, all of which have been heretofore confirmed as against each and every tract of improved, cultivated and irrigable lands in said district, and the commissioners further state to the court that they have made an actual examination of all of the lands in said drainage district, and that they have included in the said assessment rolls only such lands as are reasonably worth the amount of assessed benefits against them.

7. The commissioners further show to the court that certain lands in said Drainage District are unimproved, uncultivated and non-irrigable, and are not worth the assessments levied against them for cost of construction, and that such lands have not been included in the said assessment rolls because the assessments against them heretofore levied for cost of construction have not been paid for many years, and are now greatly in default and aggregate much more than the reasonable value of said lands and to include the same in the said assessment rolls and extend the payments thereon as requested by the commissioners as to the improved, cultivated and irrigable lands would result in defaults annually as to the said lands in the payment of such assessments, and would require repeated levies of additional assessments against all the other lands to make up for deficiencies caused thereby; that such lands are described as follows, to-wit:

Fairchild, NW 1/4 NE 1/4, NE 1/4 SE 1/4 Sec. 14, T. 16 S., R. 26 E. Part of NE 1/4 NW 1/4 West of Pecos River Section 11, T. 16 S., R. 26 E. Mrs. M. J. Harr, Part of NE 1/4 NW 1/4 Sec. 11, T. 16 S., R. 26 E. John and C. Carlesso, SE 1/4 NE 1/4 Sec. 14, T. 16 S., R. 26 E.

8. That the commissioners have caused to be prepared an accurate map of the said drainage district, which is herewith presented and hereby referred to and made a part hereof, and such map correctly shows by section, township and range the lands above referred to as improved, cultivated and irrigable lands, which they have included in the said assessment rolls and which are designated on said map as Class "A" lands, and also shows by section, township and range the lands referred to as unimproved, uncultivated and non-irrigable lands, which are designated thereon as Class "B" lands.

9. The commissioners respectfully submit to the court that it will be greatly to the interest of said drainage district and to the land owners therein to refund the said district under the arrangements herein set forth, and to refund its present indebtedness and that the commissioners should be permitted to comply with the requirements of the Reconstruction Finance Corporation as heretofore set forth, and to complete the arrangements for obtaining said loan.

10. That there is filed with this Petition, a copy of the Resolution of the Reconstruction Finance Corporation above referred to which is marked Exhibit "A", and also a copy of the Resolutions duly passed by the commissioners accepting all and singular the terms and provisions of the Resolution of said Corporation and agreeing to comply with all requirements therein, which is marked exhibit "B", both of which said Resolutions are hereby referred to and made a part hereof.

11. That under the provisions of the several orders of the court heretofore entered in this cause confirming assessments for bene-

fits and for cost of construction, the said assessments are required to be paid in fifteen (15) annual installments; that it has been impossible for the land owners to meet the payments as provided by said orders, and as represented by the said assessments, and it is necessary for such assessments now remain unpaid under each of the assessments for construction, together with accrued interest thereon, as shown by said assessment rolls, should be ordered by this court to be paid in installments sufficient to meet the principal and interest of said refunding bonds, as they accrue, and to that extent the orders heretofore entered confirming said assessments should be modified.

WHEREFORE, the commissioners now pray the court to enter its order herein approving in all things the actions of the commissioners in effecting said loan in refinancing said drainage district and approving in all things the Resolutions of the commissioners above referred to and ordering the said commissioners to do and perform all acts and things necessary, proper, or convenient to comply with said Resolutions adopted by the Reconstruction Finance Corporation, and authorizing the said drainage district, through its commissioners, to refund all the outstanding indebtedness of the district, including bonds and coupons, and interest thereon; that the said drainage district, through its commissioners, be authorized and directed to issue its refunding bonds in such form as the court shall prescribe, to evidence the amount advanced by the Reconstruction Finance Corporation under the terms above mentioned, and such bonds to be payable as above described, and to be issued in denominations as the Corporation shall require, said bonds and interest thereon to be secured by a lien upon the existing unpaid assessments against each and every tract of land in the district, and upon such additional assessments to the extent of the benefits established against such lands, as may hereafter be necessary to secure payment in full of the principal and interest on said bonds; that the assessment rolls herewith presented showing the assessments for cost of construction that are now unpaid as the same exist against each and every tract of land included therein, and as the same appear on said map as Class "A" lands be established as a correct statement of each and every assessment set forth against the several tracts of land appearing upon the said rolls as they now exist; that such rolls and the said map be ordered filed in this cause and that the court by proper order extend the time of payment of each and every such assessment for construction appearing in the said rolls against said several tracts of land over thirty-three (33) annual installments. Since no principal on the refunding bonds is to be payable during the first three (3) years, no part of such assessments except interest thereon should be payable during those years; the first of such installments shall be payable in the fourth year after the date borne by such refunding bonds and in each year thereafter for thirty (30) years, each such annual installment to be of such amount as is needed to pay the principal of the district's bonds falling due in such year. That it shall be expressly provided

however, that in each of said thirty-three (33) years the commissioners shall require payment of such additional part of said assessments as they or the Reconstruction Finance Corporation may deem necessary, proper or prudent, either to set up a suitable reserve for payment of principal and interest in bad years pursuant to the provisions of Section 8 (e) of the Resolutions of the Reconstruction Finance Corporation above referred to, or for the purchase or retirement of bonds before maturity. That notwithstanding such provision for payment in installments, the interest on all unpaid portions of such assessments shall be payable in each year at the rate of four per centum (4%) per annum; that the commissioners be authorized by order of the court to collect the said assessments, including accrued interest thereon and including interest hereafter accruing, as above specified, at such times and in such amounts as shall be provided in said order; that no extension of the time of payment of the assessments, as provided in said original order, be made by the court at this time with regard to the lands above described, as uncultivated, and non-irrigable and which are shown on said map, as Class "B" lands, but that the assessments against such lands remain as they now are and as provided in the said original orders confirming such assessments; that upon filing this petition the court shall by order fix a time and place when and where the matters and things herein set forth shall come on for hearing; that the court shall prescribe such notice of said hearing as the court shall deem proper, and that all persons interested may then appear and remonstrate against the confirmation hereof and the order of the court herein requested, and that all such persons shall then be given a full and fair hearing upon said matters at which time they may present to the court such evidence and arguments as may be relevant to said matters." Notice is hereby further given that by order of the court duly made and entered in said cause, the matters and things set forth in said petition and report will come on for hearing before the court in the main court room in the courthouse at Roswell, Chaves County, New Mexico, at 10:00 o'clock A. M., on the 20th day of August, 1934, at which time all parties interested may appear and remonstrate against any and all matters therein set forth.

WITNESS my hand and the seal of said court, this 10th day of July, 1934. (Signed) D. P. GRIENER, Clerk of the District Court.

By (Signed) LOUISE McCONNELL, Deputy. (SEAL) 28-44

NOTICE FOR PUBLICATION Department of the Interior, U. S. Land Office at Las Cruces, New Mexico, July 5, 1934.

WHO CAN WORK UNDER THE FERA PROJECTS

A number of people seem confused as to whom has a right to work on projects under FERA. Miss Margaret Reeves, director of the state relief work made this very clear in a published statement last Friday when she said:

"There has been some misunderstanding regarding the difference between the civil works program and the present work relief program. Any unemployed person was eligible for work under the civil works program as long as a state kept within its quota of men and quota of money. New federal rules require investigation of relief needs of every person put to work under the new work program. Only those persons may be put to work who must otherwise receive direct relief. This is not an employment but a relief measure."

SE 1/4, NE 1/4 Section 29, Township 16 S., Range 32 E., N. M. P. Meridian, has filed notice of intention to make 3 year Proof, to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner, at Artesia, N. Mex., on the 16th day of August, 1934.

Claimant names as witnesses: Taylor Moneit, of Lovington, N. Mex., Clarence Dizier, of Hagerman, N. Mex., Luke Taylor, Tack Vowell, both of Artesia, N. Mex. PAUL A. ROACH, Register. 28-5t

**Odd—but TRUE**

**JOHN MILES NAMED STATE DEMOCRATIC CHAIRMAN MONDAY**

The state relief question was hopped on by two speakers at the democratic state central committee meeting at Santa Fe Monday and demands were made for removal of Dr. H. L. Kent, Miss Maragret Reeves and Waite Keeney.

Before coming to the only dispute of the day, and an unexpected one, the committee selected John E. Miles by acclamation as chairman to succeed E. B. Swope. Resignation of John Bingham was accepted after Bingham flatly refused to go farther as secretary-treasurer. Joe Valdez, Colfax county, nominated by David Chavez of Santa Fe, was named treasurer. A secretary will be chosen by the chairman.

A committee of five will investigate the relief question and make recommendations. Another committee, executive, was named to fix the apportionment for the state convention on the basis in each county of a delegate to each 100 votes, or major part, cast for the late Gov. Arthur Seligman in the 1932 election.

Senator Carl A. Hatch and Congressman Dennis Chavez each spoke highly of the other, denying reports there was any rift between them. Mrs. Jennie Kirby, vice-chairwoman and the governor, A. W. Hockenull, spoke. Another speaker was Mrs. Harrison Parkman, national vice-chairwoman from Kansas.

The morning session completed the changes in guidance. The afternoon was given over to bids for the nominating convention and the tiff over relief and naming committees.

John Bingham, before retiring, read a telegram from Ed Swope expressing regret at having had to quit, friendship for the party members and appreciation of honors. He then called on Mrs. Kirby who in turn nominated Senator Hatch to act as temporary chairman during the meeting. The election was by acclamation.

**LOCALS**

R. M. McDonald left Friday to make an extended business and pleasure trip to Los Angeles, California.

Mr. and Mrs. Fletcher Owen and children returned Monday from a week's camping trip in the mountains.

Mr. and Mrs. Henry Paton returned to Fort Worth Saturday after spending a few weeks here and at the oil field.

Little Miss Phyllis Wilcox of Dexter was a guest at the home of her uncle, Rude Wilcox and family last Friday and Saturday.

Mr. and Mrs. W. C. Bartlett expect to return to their cabin in the Artesia Sacramento Camp today after a short time spent here.

Mrs. Raymond Bartlett returned last Friday from Herrington, Kansas, where she was called by the serious illness and death of her father a few weeks ago.

Lloyd Cowan, son of Mr. and Mrs. R. O. Cowan has returned to Dallas after spending several months here. He has employment with the same firm by whom he was formerly employed.

Mr. and Mrs. Chas. Morgan and family left Sunday for a visit to Denver, Colorado, Glen Rock, Wyoming, and to Harrison, Nebraska, for a short visit with Mrs. Morgan's parents.

Mr. and Mrs. Boone Barnett and family left Sunday for a visit to points in Oklahoma. The family will spend a few days with the parents of Mrs. Barnett and Wilson and with his parents at Wynona.

F. E. Waltrip of Houston, Texas, arrived Saturday and with Mrs. Waltrip left by train Sunday for Chicago to visit the Century of Progress. Their small son, Travers, remained with his grandparents, Mr. and Mrs. T. H. Flint.

Misses Catherine and Zanna Filbert who have spent the past two weeks with their grandmother at her cabin on the Ruidoso are expected home Sunday. Miss Natilee Filbert who is spending the summer with her grandmother, came down to accompany the band to Clovis the Fourth and will return Sunday when her father drives up for her sisters.

**LIVESTOCK VALUES JUMP THE FIRST SIX MONTHS OF 1934**

CHICAGO—Approximately \$1,640,000,000 was added to the market value of cattle, hogs and sheep on American farms during the first six months of 1934, figures compiled by the Institute of American Meat Packers showed Sunday.

The value of cattle was enhanced by \$1,394,000,000, hogs, \$174,000,000 and sheep \$72,000,000.

These figures, it was said, do not include hog processing taxes of approximately \$107,000,000 which were incurred by the packing industry during the period.

"An improvement in consumer purchasing power and heavier demand for meat and meat products coincident with a reduction in livestock marketings, was responsible for the upturn in values," the institute said.

Mrs. L. P. Glascock and daughter Virginia and Mrs. A. J. Cox spent Monday in Roswell attending to business.

Ralph Smith left Saturday for his home in Borger, Texas, after spending a week here visiting the Charley Cole family.

Mrs. Anna Coffin left the latter part of the week for Albuquerque where she is visiting her daughters Mary Catherine and Mrs. Martha Clancy.

Kenneth Goddard left the last of the week for Las Cruces after spending several days here the guest of Mary Louise Cole in her home here.

Mr. and Mrs. Howell Hamil and children returned to their ranch home Monday after spending the week end with Mrs. Hamil's parents Mr. and Mrs. Hilary White, Sr.

Mr. and Mrs. Garland Mellard of Marfa, Texas, arrived here Monday evening to spend a week visiting his father, R. T. Mellard, and sisters, Mrs. Billie Ballard and Babs Mellard.

Melba Lee spent Monday in Hope visiting Wilhelmina Wilburn. Miss Wilburn returned to the Mule Shoe ranch Monday evening with Miss Lee and will spend the week visiting there.

Mrs. Irvin Cox and son Charles left Sunday for Hamlin, Texas, and she will visit her sister Mrs. Joe McCrary. From there she will go to Fort Worth where she will visit her niece Freddie May Holms.

J. J. Daniels has sold his crop on his farm here together with farm implements and milk cows to David Whiteley of Hope. He left Monday with his family for Coreyell county, Texas, where they will make their home.

Mr. and Mrs. Elza Swift and daughter Rachel of Artesia and Mr. and Mrs. Ed Bryant of Carlsbad spent Sunday here visiting Mr. and Mrs. D. Swift and their granddaughter Elsie Dell Beckett of Canoga Park, California.

Mrs. John Dunn and children of Artesia spent Monday here visiting her sister Mrs. Andy Teel. Mrs. Teel also has as her guest this week her mother Mrs. Nellie Smith and children Alen, Raynell and Ruie of Los Angeles, California.

R. E. Horne returned Saturday from his vacation trip which took him to Chicago where he visited the Century of Progress, to Detroit where he visited his son and family, and his former home in Mississippi where he visited relatives. His granddaughter Miss Katherine Gordon of Decatur, Mississippi, and niece and nephew, Miss Ada Mae Partin and Frederick Partin of Meridian, Mississippi, accompanied him on the return trip and will visit here for a week or more. They will visit the Caverns, White Sands and the mountain section while here. Mr. Horne returned to his work with the highway department west of Roswell Wednesday.

**HEALTH COLUMN**

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

**Adolescence**

"It would not obviously be more difficult to construct a man than to construct a gorilla of far greater bulk. Yet the gorilla's body is substantially completed in six years, whereas the same process in man requires twenty." In these words Professor Todd of Western Reserve University epitomizes the problem of man's lengthy adolescence. The ape's adolescence is a period of severe physical strain and high mortality. In man adolescence is the period of lowest mortality and the strain occurs mainly in the development of his intricate adult personality.

The Brush Foundation, directed by Doctor Todd, has shown that the slow physical development of human youth is not necessarily uninterrupted. They find in the bony skeleton, whose records may be read by the X-rays, evidence of temporary arrest in development at various stages due to such influences as infection or malnutrition. They have shown that such influences more frequently affect the boy than the girl. The tendency of girls to mature more rapidly than boys is thus due to greater freedom from the interference of disease rather than to any clear sex difference in the rate of progress to maturity. Boys show also a greater liability to a temporary slowing up of mental growth—more boys than girls repeat their grades. Both boys and girls will mature at a steady rate if they are given the advantages of good endowment at birth and adequate nurture. Such children, from economically privileged families, are found by the Brush Foundation to be on the average nine months ahead in their growth as compared with other children of the same age.

But, as Doctor Todd well says, good endowment at birth, good nurture, adequate control of infection and other risks of childhood must be supplemented with appropriate training if the child is to develop a healthy ability to cope with the tasks of life. Parents will find several excellent and expensive books available to help them to become wise counselors. I can, however, recommend one book which is excellent and which costs only ten cents: Guiding the Adolescent by Dr. D. A. Thom. It is publication No. 225 of the Children's Bureau and may be ordered from the Superintendent of Documents, Washington, D. C.

**Today's Live News For Fat Folks**

**3 Great Letters Read Them All**

From all over the country—north—south—east—west come letters of praise for the world's safe and healthy enemy of fat—don't miss these 3 letters.

"I am using Kruschen salts on advice of my Doctor. Have used three bottles and lost 15 lbs., and gladly recommend it to all my friends." Mrs. G. W. Bryant, Foxboro, Mass., 1934.

"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Harber, Pineville, Ky., 1934.

"I have taken 3 bottles of Kruschen. I weighed 256. I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Leaven, Ariz., 1934.

If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of lugging it around with him—persistence won for Ed as it will for any fat man.

A half teaspoon in a glass of hot water before breakfast every morning—get Kruschen at the Palace Drug Store.

**STEWART RESIGNS AS CARLSBAD CHIEF OF POLICE**

M. C. Stewart, old time Eddy county peace officer and a candidate for sheriff in the county democratic primary Mary 24th of this year, has withdrawn his application as chief of police of Carlsbad. Stewart was appointed to this position more than a month ago by Miers C. Johnson, mayor, but the appointment was never approved by the Carlsbad city council. In his resignation, Mr. Stewart said he felt that he should get out of the way so this position might be filled acceptably.

**LONESOME VALLEY NEWS**

Mr. and Mrs. J. A. Jones and children of Fluvanna, Texas, spent part of last week visiting their son and brother, E. E. Jones.

**"THESE THIRTY YEARS"**

**THE FISHING ON LAKE MCMILLAN MAY BE CLOSED FOR A YEAR**

The game associations of Eddy and Chaves counties met here last Thursday evening for the purpose of mapping out plans for restocking and restoring fishing in Lake McMillan and to discuss other game projects of interest to the Pecos valley. W. A. Losey of Hagerman, president of the New Mexico Game Protective association, presided and asked for suggestions. Elliott Barker of Santa Fe, state game warden, was present and explained the position of the state game department in the effort to save the fish in the lake. Mr. Barker said he did not know what the legal aspect of the draining of the lake was at the present time, but that he had communicated with both the federal reclamation bureau and the federal bureau of fisheries and that he was hopeful a cooperative plan might be worked out making possible a federal order which would prohibit draining the lake when such action would endanger the life of the fish.

Mark Corbin, Artesia sportsman, condemned the action of the Carlsbad reclamation service superintendent in ordering the gates open and in draining the lake, saying "It was the most asinine action witnessed in the last ten years" and that there was no use in further effort to stock the lake unless some action was taken and positive assurance given that draining the lake would not occur again.

Roy Carey of Carlsbad, president of the Eddy County Game Protective association, Dr. G. S. Westfall of Carlsbad and Roy Dickson of Loving were among others to discuss remedies for restoring the lake to fishing. M. Stevenson, game warden, said he had heard since he had been here (referring to Artesia) that the game and fish commission had been notified of the intention of draining the lake and that so far as he was concerned it was all "a damned lie."

The chairman asked for suggestions on closing the lake and after some discussion it was agreed to leave the date of the lake's closure up to the state game commission. Previous to this motion it was generally agreed that recommendation would be submitted asking that the waters of the Pecos be closed for a period of one year from the dam north to the Dayton bridge.

An open season on shooting pheasant cocks this fall, recommended at the last session of the state game protective association was discussed and it was agreed that shooting of pheasant cocks this fall, the bag limit and open dates to be set by the game department would not injure the future of this sport. J. Stokely Ligon, state game expert from Carlsbad, stated he did not believe shooting of cocks this fall would injure future pheasant crops and that he did not believe it would be wise to confine the shooting to too small a territory.

**LOCALS**

T. H. Flint left yesterday for a short business visit to El Paso, Texas.

Workmen have finished plugging off a flow of salt water in the large artesian well on the J. D. Terry farm.

Carl Spratt arrived Wednesday from his home at Hereford, Texas, and will visit with his brother and wife, Mr. and Mrs. Jack Spratt.

Mr. and Mrs. Jim Chambers and son Leon returned from a vacation trip to California Tuesday night. They returned by way of the Grand Canyon.

Mrs. V. L. Gates, the Misses Virginia and Helen Meredith and Bobby, who visited her father, W. H. Withington at La Pyor, Texas, for the past two weeks, returned Monday afternoon. Monday evening the Gates family were guests of Mr. and Mrs. Rex Wheatley for a picnic supper on the lawn.

July 6	12.38	12.27
July 7	12.12	12.08
July 8	12.08	12.05
July 9	12.08	12.40
July 10	12.48	12.64
July 11	12.67	12.98

With October cotton at thirteen cents and a tax of four cents to be added to that by spinners it is evident that a consumption price of 17 cents is now taken care of by that industry. For it should be remembered at all times that regardless of the quoted price the spinning industry is paying the tax also although it is passing it on to consumers. But so also is the quoted price passed on to consumers. The real question then is how much can the consumer stand in the way of further increases in costs of manufactured articles?

This is one side of the picture. The other side is the supply. With a counted acreage of 28 million part of which is already seriously threatened by no yield at all due to drouth, it begins to look like a very short crop is in prospect unless widespread rains fall at once in the western portions of the belt. Many are saying that a crop of less than 10 million bales is a certainty and we can easily visualize a crop even much less than that but attention should now be called to these two factors: 1st, the five-year average is above 170 pounds, and 2nd, this year should be far above the five-year average. Should it be 200 pounds, and this is not unreasonable, the crop would be over 11 million bales.

While a wild runaway market could easily ensue should no relief come to the drouth-stricken area, yet with the first signs of such relief, a drastic decline will be in order. Should the market advance as far as fourteen cents we feel that at least some sales should be made, say 25 or 30 percent of the crop, and more on a scale up. The consuming world is far from normal and there still is going to be plenty of cotton to go around.

**LOCALS**

F. G. Irvin, Elk merchant, was transacting business here yesterday.

Bobbie Hadley, son of Mr. and Mrs. Hadley of the Woods farm, underwent a tonsillectomy operation Tuesday.

Fletcher Hornbaker, son of Mr. and Mrs. W. R. Hornbaker, leaves today for Chicago to visit the Century of Progress. He will go by train.

Mr. and Mrs. John Prude are enjoying a vacation visit from their daughter and family Mr. and Mrs. Finn Watson and small son of Albuquerque.

Fred Knowles, Sr., returned from Hot Springs, this state, Saturday where he took Mrs. Knowles who remained and will take a series of baths.

Wofford Cain and Joe Bartlett of Dallas were here the first of the week in the interest of the Pecos Valley Gas Company. They spent yesterday in the Eunice area.

Mrs. Joe Roach and little daughter Jovan of Deming are spending the summer here visiting her uncles and families, John and George Gage and her brother Howell Gage of Carlsbad.

Col. and Mrs. A. T. Woods left the first of the week for Santa Fe where they will spend the next few weeks at Fishers Lodge, their two small daughters, Charlotte and Mary Catherine accompanied them.

Mrs. Raymond Welborne and her sister Miss Duni Deter left Tuesday for Housania, Missouri, where Mrs. Welborne will join her husband for the rest of the summer. Miss Deter will go on to Louisville, Kentucky, where she will visit another sister.

**ACREAGE ESTIMATE HIKES COTTON MART**

WASHINGTON—The government's estimate Monday that only 28,024,000 acres of cotton are in cultivation gave the market its sharpest price stimulus in months by fixing a figure a million acres under virtually all private estimates.

This, coupled with concern over the dry weather in the western section of the cotton belt, started a rush of buying orders that brought early gains of around \$2.00 a bale. The increase for the day averaged approximately \$1.75. Secretary Wallace made no formal comment but Cully A. Cobb, head of the cotton production section, said he was "tremendously pleased."

Cobb credited both the voluntary production control campaign, which aimed at limiting cotton acreage this year to 25,000,000 acres and the Bankhead compulsory cotton control bill with "making our effort to curtail production a success in every practical sense."

Cobb said many farmers, expecting passage of the Bankhead bill, had joined in the voluntary reduction effort in order not to be penalized by the compulsory measure.

Officials said the acreage this year was the smallest planted since 1905, when 27,110,000 acres were harvested, yielding 10,575,000 bales.

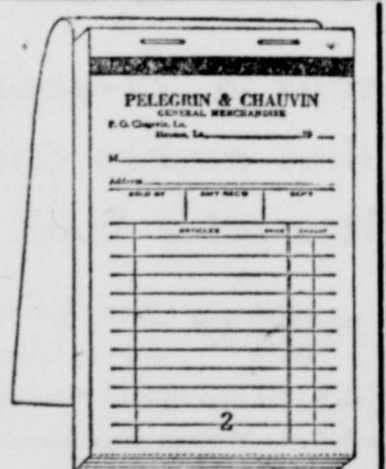

But the 1905 average yield was 186.6 lint pounds per acre, as compared to the average of 173.9 for the 1928-32 period. A 173.9 yield this year would result in approximately 10,195,000 bales, or 265,000 bales below the 10,460,251 bales which may be produced tax free under the Bankhead act.

This law levies a tax of 50 percent of the market value on all cotton produced and sold this year in excess of the 10,460,251 bales. In anticipation of a big dent in this accumulation, farm administration officials are already contemplating a liberalization of the program so more cotton may be planted next year.

Officials estimated around 25,500,000 of the 28,024,000 acres were planted by farmers who signed contracts with the government and that if it had not been for the cotton program approximately 51,000,000 acres would have been planted this year.

The acreage in cultivation on July 1 last year was 40,852,000 but the emergency plow-up campaign caused 10,495,000 of this to be turned under before it matured.

**THE SMALLEST GRAIN CROP PROSPECTS IN THIRTY NINE YEARS**

WASHINGTON—The story of the drouth was written Tuesday in figures of the government's crop forecast which predicted a wheat harvest of only 483,662,000 bushels, the smallest in 39 years.

The estimate showed the same situation in the case of oats, barley, rye, and corn save for 1930, when the corn crop was ravaged by mid-summer dry weather. Corn production for 1934 was estimated at 2,113,137,000 bushels.

"Due to acreage reduction programs and to losses from drouth, the total acreage of field crops harvested will probably be the lowest in 25 years," the report said, adding that "the crop situation is less promising than at this season in any recent year and little if any brighter than it was a month ago."

Private observers had felt that rains since the official crop forecast in June had improved conditions to the extent that the tentative figure of 500,000,000 bushels of wheat a month ago would be raised.

Instead, there was a reduction of 16,378,000 bushels. The estimate for winter wheat last month was 400,000,000 bushels as compared to 394,268,000 Tuesday.

Mrs. Jack Spratt expects to leave Sunday for Flint, Michigan, where she will purchase a new car and drive it back. She will stop in Chicago one day and at Little Rock, Arkansas. Her parents the Rev. and Mrs. F. P. Turner and a friend, Miss Melba Garner, will join her on the return trip. Mr. and Mrs. Turner expect to spend the rest of the summer here with their daughter and husband.

ENGRAVING—THE ADVOCATE

**TERRACING IS GOOD CROP INSURANCE**

Farmers who have been doing terracing on their land are now beginning to appreciate its advantages, says G. R. Quesenberry, of the New Mexico State College. A large part of New Mexico has received less than a normal rainfall and, where rains have occurred, they have been scattered and late. A few heavy down-pours have occurred in several counties. In many instances the waters from these dashing rains have run off to streams and lakes and have done very little good as only a small amount penetrated the soil on which they fell.

Where terraces were properly raised on the level or planting was done on contour lines, a large part of the moisture was held where it fell and penetrated deep into the soil. Crops on these tracts look good and the deep moisture will be used by the plants for several weeks. With a large part of the state dry, spotted showers that penetrated only a few inches have done little good since dry winds bring the soil back to its former dry state in a few days time.

Terraced lands will hold the water and catch, in many instances, some adjacent run-off. These terraces and contours have afforded, in most instances where dashing rains have occurred, an absolute insurance against crop failure. The outstanding dry land crops this year are those planted on carefully prepared terraced and contoured land. The only alfalfa hay produced in the dry land area this year is properly prepared terraced land, where some run-off is controlled.

On the other hand, there are many terraced and contoured fields which have received no moisture and these have not benefited. They will still be able to produce some forage crops, even at this late date, if the usual late rains occur. Seldom does the dry farming area of New Mexico fail to receive a few late showers which, if held in place, will make good grass and other forage crops. With the present dry conditions, it is more necessary than ever to have obstructions which will hold the moisture where it falls, as dry soil allows a greater run-off than moist soil.

Miss Nellie Ruth Yates and her brother Vestal Yates who have spent several weeks here visiting her sister and husband Mr. and Mrs. Owen Haynes, expect to leave for their home at Carrizo Springs, Texas, the last of this week. Mr. and Mrs. Haynes will probably drive home with them.
