Roswell Man Killed When Car Overturns Yesterday P.M.

Mishap Proves Fatal to L. A. Kennedy When His Car Leaves Hiway at Dip and Overturns; Body Brought Here.

L. A. Kennedy of Roswell, aged about forty-six, was instantly killed yesterday afternoon about three o'clock when his car overturned at a dip about a half mile north of the Espulla store. Kennedy, who is with the United States Geological Survey, was en route home after attending an oil scout meeting here when the accident occurred. Officers investigating the accident said it appeared Kennedy, who was traveling around eighty miles per hour, came upon the dip unexpectedly and in an effort to slow down, probably locked or skidded his wheels and swerved to the right. The car, a 1934 Dodge coupe, hit a concrete pillar just east of the dip and turned over twice, went through a wire fence and turned back south. Kennedy was thrown clear of the car. His body was found fifteen or twenty feet west of the car, which landed upright.

The unfortunate man was probably killed instantly. The left side of his head was cut open and a small portion of his brain found sticking to the side of his car. Only one or two other bruises were found on his body.

M. S. Brown, employee of the Espulla gin, is reported to have witnessed the accident. Mr. Brown said that Kennedy was traveling seventy to eighty miles per hour when he passed the gin and waved as he passed. Mr. Brown watched the car until it overturned and was one of the first persons to arrive at the dip. Rumors that Kennedy was under the influence of liquor were denied by J. M. Jackson, city marshal, who conducted an investigation following the tragedy. He said there was no evidence that the dead man had taken any liquor and that no liquor was found on his person or in the car. M. S. Brown, at the Espulla gin, said that the car was driven straight down the road until a spot near the dip was reached and then the car suddenly swerved.

The body was brought here and is being held by the McClay Funeral Home. Roswell officers have been asked to locate relatives of Kennedy, who is said to be a single man. Kennedy, a clerk in the Roswell U. S. G. S. office, was substituting for J. L. Taylor with the United States Geological Survey, who is away on his vacation.

The deceased is survived by two brothers, one living in Chicago, Illinois, and one in Omaha, Nebraska. Instruction have been received to hold the body here for further orders and one brother is en route here.

TEXTILE STRIKE TO AFFECT 850,000

WASHINGTON—Figures on the number of workers involved in the textile strike are widely disputed, but recent government reports would indicate there were about 650,000 actually on the job when the strike call went out.

In addition about 200,000 employees were connected with the cotton, woolen and silk textile industries, but not actually at work because of layoffs and other factors.

This would bring the total directly affected to about 850,000, but there are many thousands of other workers in allied industries potentially involved.

Union leaders claim about 300,000 of the textile workers were members of unions, but predicted they would be joined by thousands of others in the walk-out.

Mr. and Mrs. Owen Campbell returned Sunday from Chicago, where they viewed the Century of Progress. They also visited relatives in Wisconsin before returning home.

CREAMERY PLANT TO START OPERATIONS HERE NEXT WEEK

The new creamery plant will be ready to operate sometime next week, W. R. Stephen, manager, said yesterday. It has taken a longer time to install the machinery and remodel the building than was anticipated, but the machinery has finally been placed and the finishing touches are being added to the interior of the building. The building, former home of the Artesia Laundry, on First street near the freight depot, has been completely renovated and repainted. A refrigerator system has been added along with the machinery usual to a plant of this type.

It is understood that Mr. Stephen does not contemplate using all of the milk production available until the plant has been thoroughly tried out.

N.M. OIL ALLOWABLE IS DECREASED 900 BBL. IN SEPTEMBER

New Mexico will be permitted to produce 45,800 barrels of oil daily for the month of September. The allowable set for September by H. L. Ickes, national oil administrator, has been received by C. J. Dexter, state production chairman. It represents a decrease of 900 barrels daily over the August allowable. The allowable has been allocated between the eleven different pools of the state. The allocation is for the first fifteen days of September and follows for each pool:

Artesia	2,300
Hogback	250
Rattlesnake	800
Table Mesa	95
Aztec-Bloomfield	15
Hobbs	33,689
Jal	3,254
Emicue	3,149
Cooper-Lynn	1,473
Lea	1,649
Lea extension	119
Total	46,793

BUILDING REMODELED FOR NEW STORE HERE

The old Southern Club Cafe building, west of the Brainerd-Corbin Hardware Co., is being remodeled for a dry goods and clothing store. It is understood C. Baldwin and son, formerly of Lamesa, Texas, will open a dry goods and clothing store as soon as the building is ready for occupancy.

THE ASHES OF ROSWELL PIONEER THROWN TO WIND

The ashes of A. G. McIlhenny, pioneer Roswell real estate man, who died in California last week, were scattered to the winds on Six Mile Hill near Roswell Sunday afternoon. The last rites for Mr. McIlhenny were in accordance with his request. When his condition became so critical that he realized he could not live, the deceased asked that his body be cremated and the ashes scattered at the top of the hill overlooking the city he loved so well.

EXCESS OF COTTON PICKERS

According to reports from some communities there is an excess of cotton pickers at the present time. Cotton is not opening up rapidly enough to absorb the local labor and the transient pickers who are coming in. Numbers of pickers from Texas points have turned to the Pecos valley recently in search of work. Sixty-five cents per hundred is the average labor schedule which is being paid in this locality at the present time.

MCDONALD'S CAR OVERTURNS

A car driven by Walter McDonald, Eddy county sheriff, was overturned on the Cavern highway about three miles out from Carlsbad Sunday morning, when Mr. McDonald attempted to pass another car and was forced off the side of the road. The car overturned when the wheels hit the soft dirt. Mrs. McDonald and two small daughters and another passenger, Mrs. John Bolton, escaped serious injury.

SUFFERS FRACTURED LEG

The small son of Mr. and Mrs. R. S. Bisbee suffered a fractured leg Friday when knocked down by his dog. He was brought to town for medical attention and is reported to be recovering nicely.

CRIMINAL DOCKET OF EDDY DIST. COURT MAY BE CLEARED 6TH

G. I. Welch Pleads Guilty to Involuntary Manslaughter and Will Be Sentenced Later; Court Docket Is Light.

The criminal docket of the Eddy county district court for the fall term will likely be cleared today, it was learned at Carlsbad this morning. Since court started on September 4th, there have been six pleas of guilty entered, including two for involuntary manslaughter. Two cases were disposed of yesterday. Shelton Crosby, charged with the larceny of an automobile, was found not guilty. M. Rodriguez, charged with displaying a deadly weapon in a threatening manner, was found guilty. The case of D. Arranzo, charged with larceny is scheduled to be tried today.

As soon as the criminal docket is disposed of, Judge McGhee will pronounce sentence on those found guilty. The criminal docket this term has been light and has attracted little interest.

Welch Pleads Guilty

Gifford I. Welch, convicted in Chaves county over a year ago for the fatal shooting of Rufe Dunnahoo, Chaves county deputy sheriff, pleaded guilty at Carlsbad Tuesday to a charge of involuntary manslaughter when arraigned at the opening of his new trial. He will be sentenced later.

Welch appealed his conviction in Roswell to the supreme court and was granted a new trial which was ordered held in the Eddy county district court.

Welch was convicted of slaying the Chaves county officer near Dexter in August, 1931.

THE FOURTH CAR OF CANTALOUPE SHIPPED

The fourth car of home-grown cantaloupes was shipped Monday to an eastern market by J. Gettinger. The cantaloupes are not ripening as rapidly as was first anticipated as it is doubtful if the number of cantaloupes first estimated are gathered.

DEMOCRATS TO HOLD MEETING SEPTEMBER 24 IN ALBUQUERQUE

The democratic state executive committee meeting in Santa Fe last Thursday selected Albuquerque as the meeting place and September 24th as the date. The democratic central committee will meet September 22nd for the transaction of any party business. J. R. Wrinkle, president of the state league of young democrats, also announced that the league convention would be held in Albuquerque September 22nd. Representatives from 24,000 young democrats are expected to attend the convention on the 22nd.

Mr. and Mrs. Rude Wilcox and two boys spent Sunday and Monday in Lovington with her parents, Mr. and Mrs. Boston Witt.

LOCAL GINNINGS

The cotton picking season is getting well underway with a total of 264 bales ginned for this district. The season is further along on the Carlsbad project, where a short crop is being gathered because of the drought. Estimates say that the project crop this year will amount to between 7,000 and 8,000 bales as against a normal crop of 16,000 bales.

The ginnings of this district are divided as follows:

Lake Arthur gin	4
Cottonwood gin	56
Association gin, Espulla	62
Farmers gin, Artesia	54
Association gin, Artesia	58
Association gin, Atoka	30
Total	264

FIRST NORTHER

Eastern New Mexico residents had the first real touch of fall Sunday night with a norther that brought a cloud of dust. Sunday the thermometer ran up to 102 degrees, but dropped rapidly when the hard wind hit Sunday night and registered a low of 56 degrees.

\$25 CASH FREE

It has been said the average high school or college student is a poor speller, which means the average individual would not grade very high. The old fashion spelling bee used to be popular, but with the passing of the spelling bee a great deal of public interest has been lost in spelling.

Advertising is another subject that has not always carried a popular appeal, but it is an inexhaustible field; one in which millions of dollars have been spent. Our readers will have the opportunity of telling their ideas of an appealing and attractive ad, at the same time to test their knowledge of spelling and a chance to win prizes totaling \$26.50 in cash and merchandise.

Here's the proposition in a nut shell: This week we are starting a series of eleven ads for eleven weeks. There will be one or more misspelled words in the series each week. The person who finds the most misspelled words and writes the best ad for any firm whose name is listed in the series, will be awarded a first prize of \$20.00 in cash. The next best will be awarded \$5.00 in cash, and the third best a box of stationery, value \$1.50. Save copies of these ads and turn your answers in not later than a week after the contest closes.

Eddy County Farm News

Fifty-three of the sheep and goat men in Eddy county have listed their sheep and goats for sale. Figures show that there are approximately 75,250 sheep in the county with 14,000 listed for sale and there are about 14,752 goats. These applications have been tabulated and sent to State College so that Eddy county may be made a sheep relief county.

The cattle buying program is still progressing and up to September 3rd 348 ranches had been visited; 60,861 cattle inspected; 14,470 were shipped and killed; 3,032 were condemned and 11,448 were shipped. Anyone having cattle they wish to sell under this program should notify the county extension agent, W. A. Wunsch.

The 4-H club held their regular meeting at the home of Mrs. Arthur Rowland. Edna Carder and Ruby Rowland gave a demonstration on the making of cheese sandwiches. Six members were present and after the regular meeting games were played and refreshments served. This is the last meeting for the summer of this club.

On Monday the 4-H club gave their mothers an 8:00 o'clock breakfast. Place cards carrying out the color and design of the club were made by one of the members and a lovely three-course breakfast was served.

The first and principal object of farming should be to make a living for the family. If the farm fails to produce a good living there is danger that the family may not have what they need and want to eat. The first step toward producing food for the family on the farm is the growing of a good garden, says W. A. Wunsch, county extension agent.

Farmers in New Mexico should pay more attention to their late summer or fall gardens. In the southern part of the state the mid-summer heat is too severe for many of the tender vegetables such as spinach, radish, head lettuce, turnip, mustard, celery and carrots. This makes the autumn garden of as great importance as (Continued on last page, column 5)

REPUBLICANS ISSUE A CONVENTION CALL TO MEET SANTA FE

The republican state nominating convention will meet in Santa Fe, beginning Monday, September 24, the executive committee of the republican state central committee decided Friday at a called session in Santa Fe. Delegates to the state convention will number 878 on the basis of each seventy-five votes cast for Dillon for governor in 1928. Of this number Eddy county will get eighteen delegates.

513 EDDY COUNTY COTTON PRODUCERS SIGN CERTIFICATES

Eddy to Be First County in State to Receive Its Certificates 100 Per Cent; Allowable Set at 16,721 Bales.

All applications for tax exemption certificates on cotton have been completed and sent to the state allotment board at State College. Five hundred and thirteen producers have signed applications, eighty-three of which did not sign 1934 reduction contracts. The total allotment for Eddy county is 16,721 bales, which certificates will be issued the latter part of this week. These certificates will be issued in Artesia and it will not be necessary to go to Carlsbad to receive them. Notice will be given to producers of the time and place of issue. Eddy county will be the first county in New Mexico to receive their certificates 100 per cent. People who live out of the state and others who wish to have their certificates handled by a trustee must have trustee papers. These papers will be furnished by the county agent's office. Each individual producer and each renter must receive his certificates personally.

About eighty per cent of the land under the acreage reduction program has been measured and the compliance certificates sent in. As soon as all these certificates are in they will be sent to Washington, after which the second reduction checks will be sent to the producers.

GRAZING COMMITTEE TO MEET SEPTEMBER 10

Members of the executive committee of the Southeastern New Mexico Grazing association have been called to meet in Roswell September 10, for the purpose of discussing topics to be considered at a meeting in Albuquerque.

The gathering will probably be held in the Chaves county district court room, and in addition to the discussion planned, delegates to the Duke City meeting will be chosen. All stockmen are invited to attend the meeting.

AUSTIN IS NAMED AS HEAD OF THE N. M. VFW ORGANIZATION

Cash Austin of Farmington, a son-in-law of Mr. and Mrs. Jeff Hightower of this city, was elected departmental commander of the New Mexico veterans of foreign wars, at the first meeting of this organization in Albuquerque Monday. The officers were named in the presence of James E. Van Zandt, national VFW commander.

Other officers were: John R. Smedley, Raton, senior vice-commander; J. B. Jones, Albuquerque, junior vice-commander; L. R. Preston, Albuquerque, quartermaster; Judge Claude J. Neis, Roswell, department judge advocate; H. A. Ingalls, Roswell, department surgeon, and H. H. Lewis, Roswell, department chaplain.

FILED FOR RECORD

In the District Court:
No. 5821. Goodyear Tire & Rubber Co. vs. Ira J. Stockwell, on account \$187.36.
No. 5819. S. E. Ferree vs. George Beal and Susan Morrison, formerly Susan Beal, suit on account.
No. 5820. Lillie May Clark vs. Bill Clark, divorce.
Letters of Administration: Estate of Walter S. Littlefield.
Marriage Licenses: Thomas F. Teel and Lois Huffman, Artesia.
Link Lofton, Carlsbad, and Paula Cole, Loving.
L. D. Orman and Lola Ashton, Artesia.
Leonard Buse and Beatrice Loftis, Carlsbad.

NOTICE TO LEGIONNAIRES

Annual meeting and election of officers of Clarence Kepple Post No. 41 will be held Monday, September 10, at 7:30 p. m. All members are urged to attend.
CHAS. MORGAN, Commander.
Typewriters for rent—Advocate.

W. A. LOSEY MADE PRESIDENT OF GPA AT TAOS MEETING

The 1935 convention of the state game protective association will be held on Labor Day at a place to be designated later by the executive board of the association, it was announced Tuesday at Taos.

Officers elected at the close of the convention Monday night were: W. A. Losey, Hagerman, president; Gordon White, Las Cruces, vice-president; Raymond Stamm, Albuquerque, Fred Sherman, Deming, Guy Reed, Carlsbad, N. G. Van Sickle, Las Vegas, and G. M. Evans, Beaverhead, directors. A secretary will be named by Losey at a later date.

Losey is serving his second term as president of the association. A number of resolutions were adopted but were not available as we go to press.

PRESIDENT NAMES BOARD TO MEDIATE THE TEXTILE STRIKE

HYDE PARK—President Roosevelt determined yesterday to name immediately a special board to inquire into and mediate the widespread textile strike.

The decision was announced after federal arbitration of the controversy had been suggested by Senator Hamilton F. Kean, New Jersey republican.

Estimates as to the number of workers who had answered the strike call contrasted sharply, ranging from 300,000 claimed by union heads to only 92,000 listed by employers.

Independent surveys placed the number of strikers at 200,000. Sporadic violence broke out in some textile centers, but for the most part the first full working day since the strike was called passed quietly.

Union textile leaders strengthened their lines yesterday in an effort to make the strike "85 per cent effective" by the end of the first week.

The strike apparently gained headway in New England with the most growth reported from Fall River, Massachusetts, one of the industry's largest centers. Seven additional mills were closed, bringing the number of 10 out of 22.

At Macon, Georgia, the three mills of the Bibb Manufacturing company were closed until further notice after a series of fights at the mill gates.

A strike call for 20,000 silk and rayon workers in the Paterson, New Jersey, area, became effective despite the fact that the Industrial Relations board of Paterson had failed to authorize the walkout.

The Paterson workers were not called out at the time of the general strike because of an individual contract stipulating that the Paterson board must rule 40 per cent of the industry outside of Paterson on strike before a walk-out there became legitimate.

TEEL ARRESTED ON A FEDERAL CHARGE

T. F. Teel was arrested here Monday by J. M. Jackson, city marshal, charged with conspiracy to defraud the government. It was alleged Teel had perpetrated the conspiracy by filing the name of minors to government land. He was taken to Roswell Monday afternoon by a United States Marshal and lodged in jail awaiting action of the federal court.

BAND CONCERTS TO BE HELD HERE AND CARLSBAD

The Carlsbad Municipal band which was to have given a program here at the City Park was unable to come on account of the heavy rain, however, they are expected to give a concert on September 14th at the City Park if the weather is more favorable. The Artesia Civic band expects to give a concert in Carlsbad on September 21.

Mrs. W. E. Flint of Carlsbad and her cousin, Miss Lorine Nagel of Fort Stockton, Texas, were visiting here Wednesday.

COTTON PICKING TO LIGHTEN RELIEF LOAD

Orders have been issued by the local welfare association to discontinue granting relief to the able-bodied during the cotton picking season. Welfare officials estimate that fifty per cent of the people on the welfare rolls will be dropped until the picking season ends. This is a general order that will be enforced in the Pecos valley this fall.

Oil Tests To Add Interest To Many New Oil Sectors

Maljamar Stakes Location in West Lea; Phillips Gets Best Well in the Cooper District in Its Woolworth No. 3.

Additional new wells to be drilled announced this week will shift interest to new territory and in one particular instance a sector which has been dormant for several years. The new locations staked include the Balish No. 4 of the Maljamar Oil and Gas Corp., in the NE corner of the SE NE sec. 21-17-32, and 1320 feet south of the discovery well. Other new tests are: Comanche Drilling Co., Sloop Purcell No. 1, SE sec. 10-11-26; the Roswell Oil Syndicate, Lillie and Hinkle No. 1, SE sec. 17-11-27, which was mentioned in last week's Advocate; Phillips Petroleum Co., Worth No. 8, sec. 22-24-36; the Texas Company, Elliott No. 1, NE sec. 22-20-34; the Texas Company, Swearingen No. 1, SW sec. 8-20-34, and the Texas Company, Shepherd No. 2-B, sec. 6-26-38, is announced as tentative.

Operators are watching developments at the Tigner, Etz and Keyes, Keyes No. 1, sec. 10-17-28, which logged seventy feet of oil sand the past week between 1450 and 1520 feet. Drilling is underway below 1650 feet. The Hammond, Etz and Keyes, State No. 1, sec. 16-17-28, is drilling below 1750 feet. The Lee No. 1 of the Skelly Oil Co., sec. 23-17-34, is another well which will be closely followed from now until finished. Drilling is underway below 3399 feet.

In the Hobbs district the Gypsy Oil Co. has completed its Graham No. 3, sec. 24-17-37, at a depth of 4219 feet and after treating with 1,000 gallons of acid the well gauged 3,143 barrels thru tubing and 3,240 barrels daily on an open flow with 6,000,000 feet of gas. In the Cooper field the Phillips Petroleum Co. tested its Woolworth No. 3, sec. 23-24-36, at a depth of 3512 feet.

On an open flow the Woolworth No. 3 made 810 barrels of oil in fifty-six minutes with 1,000,000 feet of gas. This producer is the best yet drilled in the district. The No. 4 Woolworth of the same company, sec. 23-24-36, was also completed at 3509 feet for 281 barrels an hour flowing open with 4,000,000 feet of gas.

Two wells in the Hobbs field have been completed for average production. Acid treatment more than doubled the production of (Continued on last page column 6)

HIGHWAY WORK ON 83 IS PROGRESSING

Construction has been started on the Artesia-Hope highway which will be black-topped for a distance of 20.5 miles. A construction camp has been established on Eagle Draw, about seventeen miles west of here and workmen are hauling and spreading crushed rock and gravel over the road surface. The surfacing will be laid starting on the east end of the road from the dip over Eagle Draw. Workmen will start black-topping a portion of the road tomorrow.

Construction is reported to be progressing satisfactorily on the Hobbs-Lovington stretch of highway 83, which is approximately the same distance to surface as the Artesia-Hope link of road. It is also understood that repairs are underway on the bridge over the Pecos river on highway 83, three and a half miles east of here. Construction on the Reeves hill fifty-five miles west of here will be completed within the next few days and surfacing the remaining portion of highway 83 to the Otero county line is scheduled to start shortly.

Seven miles of the road between Hope and YO crossing has been surveyed and construction will begin on this section of the highway as soon as the FERA gives its final approval.

REFLECTIONS

Speaking about federal aid to farmers, a farmer remarked the other day that the farmers as a whole had "gotten in such a mess, Roosevelt had to help us out. The reason I have never criticized the actions of the farm administration is because we were not able to solve our own problems, so why should we criticize those who are trying to do something we could not do."

There is some truth to the above statement. Regardless of political faith, most of us will confess in our saner moments the rural population had tried to better conditions, but lacking co-operation had failed. And growing tired of the conditions difficult times had brought about, the public demand action and turned to the only central organization it knew, the government. In asking the government to broaden its powers and give us in addition to protection of our lives and property, aid in regulation the conduct of our business, we ran the risk of getting our business mixed up with politics.

Getting mixed into politics is sort of a gambler's chance we take in requesting the government to control our surplus crop production. Cooperative effort would never have solved the surplus crop production. Various forms of cooperative effort have been tried in the cotton farming industry for over a quarter century, but getting over 3,000,000 people to agree to do one certain thing is something else. We were just as far from the solution as to how to hold down production where everyone could at least exist when the administration took charge as we were twenty-five years ago. Crops cannot be grown in the irrigated districts in normal years as cheaply as they can be grown in some sections. This year we are in position to profit by the other fellow's misfortune due to the drought, but with the drought and the large carry-over in cotton we doubt if ten cents per pound would have been realized by the cotton farmer this year, had there been no effort to control the cotton output.

It looks like some sort of control plan is here to stay.

The NRA hasn't stopped price cutting. Maybe it's like prohibition under the Hoover administration, "A Noble Experiment." Any way the mail order houses and some of the big chain stores keep harping on price reduction. That's the only kind of ammunition they know how to use effectively, or is it effective? If the past five years of price-cutting has not been enough for most anyone he is sure a glutton for punishment. During this time we have seen five cent cotton, twenty cent wheat and wages scaled down in some instances where getting enough to eat was difficult.

Cheap products have not meant much to those who have had to work for cheap wages. It's all in the price-cutting game.

It sometimes takes a bitter experience to teach folks that it is more satisfactory to do business with those you know. Not long ago we read of a fellow not far away driving sixty miles to buy a few supplies he thought he could save money on. En route home his car was searched and he was thrown in jail as a suspect. Although innocent he had to spend the night in the city jail of the city where he had bought his supplies. His pleadings to establish his identity and to telephone his friends of his plight were ignored. From now on this man says he is going to do business in his home town where the merchants know and appreciate him and where he is known to the officers.

This fellow Sinclair who received the democratic nomination for governor of California ran on the wrong ticket. He's a socialist or an IWW or some other radical breed. The first thing he will do, in the event of his election, will be to pardon Tom Mooney and the next thing he will attempt to run these factories shut down by the depression by the unemployed in which case the taxpayers will foot the bill. When private enterprise can't make a go of it, the state had better lay off.

The Albuquerque Journal has kicked up a lot of dirt about the Zinn tax case in recent months. Not that we particularly love Zinn, but we just wonder why the silence on the \$128,500 litigation suit of General Osborne Wood. Can it be that General Wood's act knocked the Journal speechless?

LOW TYPE OF HUMANITY

Five men who are said to have been involved in promoting the strike of FERA workers in Colfax county have been put on trial in Raton on charges of creating a riot. Before the opening of the trial on the charge of creating a riot, one of the offenders was tried and convicted on a charge of cruelty to animals, for which he was fined \$25 and sentenced to 10 days in jail. Several witnesses testified they saw him strike a horse on the head during the disturbance on the playground project. The agitator who promotes a strike of unfortunate persons who are being fed at the expense of the taxpayers is just the type of fellow who would punish an unoffending and defenseless animal, or cheerfully steal milk from a hungry baby.—State Record.

Webster defines the word "Progressive" as the act of moving onward, increasing, improving or tending to progress or improve. Naturally we think of the term "progressive" as used in a political sense to mean advancement; however, this isn't the thought in mind held by the bunch of politicians who term themselves progressive. They have no desire to move on, but want to move in (some state office). A bunch of these political "hang-ons" who have been on the state's pay roll will be actively beating the bushes for the "Progpubs" after the state convention, but so far as being progressive in a practical sense none of the bunch has even had a progressive thought, much less a progressive idea to their credit.

A wide open town and a lawless town mean the same thing.

Charity covers, our grand juries uncover, a multitude of sins.

We have the class of School Supplies your teacher recommends.

MANN DRUG CO.

PICKED UP ON MAIN

Up in our neighborhood there are at least a half dozen married couples who have not even as much as a yard fence running around the house. The proposition has been referred to Mussolini of Italy.

The Tucumcari News observes the farmer is the backbone of the nation while the politician is the jaw bone.

An exchange rightly observes that every man should lift his hat as the flag goes by and do his best to get along without the aid from the government the flag betokens.

And another thing, they say this blended whiskey has done away with the delirium tremens.

The promissory period in New Mexico this year will be from the latter part of September until November 6th, or until the election is over.

The cigar maker who jumped naked into the nest of yellow jackets may have inquired "Oh death where is thy sting," but we'd say it was just another nudist gone wrong.

C. J. Dexter is back from the California beach wearing his million dollar sun tan. Dexter brot back some new jokes, but we can't print them since the decency league has been organized here with Harry Carder as president.

The man who brags, "I run things in my house," usually refers to the lawn mower, washing-machine, vacuum sweeper, baby carriage and the errands.

Visitor (to butler who is showing him thru the picture gallery): "That's a fine portrait! It is an old master?"

Butler: "No, that's the old missus."

Teacher (having size in mind): "What's the difference between an elephant and a flea?"

Tommy: "Well, for one thing, an elephant can have fleas, but a flea can't have elephants."

"Now, Bobby Jones," said the teacher, "where is the elephant found?"

"The elephant is such a big animal, teacher, that it is hardly ever lost."—Tit-Bits.

Will the unmarried lady faculty members of the Artesia schools please take note: The welcoming committee of the Advocate this year is Allie Brown and Vernon Bryan, who will be glad to take you to the interesting parts of our city. The only requirement being: livestock owners will keep their cows off the highways.

The Advocate hopes to reproduce two prize stories in this column at an early issue. Harry Carder told George Frisch two stories Tuesday morning and got two laughs out of George. We have asked for a copyright on each story.

Squire Ballard wishes to announce that his teething period will soon be over. He says he spurned the offer of Boone Barnett to furnish him with a specially tough door knob after he tried a few of Pa Folkner's T-bone steaks.

LOTS OF ABSTRACTS

S. W. Gilbert of the Artesia Abstract Co., says his company made more abstracts during last August than any other month this year. This indicates real estate is beginning to move. We hope September will be a better month than August for the Artesia Abstract Co.

NEWS BRIEFS OF THE CHAMBER COMMERCE

"As Your Chamber of Commerce Is So Is Your City"

The new creamery installation is nearing completion and announcement will be made next week of the formal opening. The delay has been due to the building of adequate cold storage space and the renovation of the entire building, a part of which was not at first within contemplation. The plant as finished will be first-class in all respects and well adapted to the needs of such an institution for this locality.

It would be a wise move on the part of all farmers who expect to market the whole milk at this creamery to ascertain just what will have to be done with their own milk plant in order to get the best price for their product. Milk that can be made to grade high will bring a better price for re-sale than milk that cannot so grade and the difference in the cost of production of the grades is in the favor of the producer. The state requirement for the different grades of milk are printed elsewhere in this issue.

The New Mexico ERA have taken the position that all men working for the FERA should be released from their FERA jobs during the cotton picking season if and when there is demand for their services in the cotton fields. In line with this ruling Project Manager M. W. Evans reports that he expects to lay all men off the local projects just as soon as there is a place for them in the cotton picking.

This kind of cooperation is sensible and will go far toward making it unnecessary for the local farmers to hire outside help at this time. Already many foreign pickers are on the streets looking for work; and until the work shows up, they are dependent upon charity in most cases. Thru intelligent selection and careful investigation the farmer is in position now to help materially in keeping down the heavy relief load that we must face for the winter season.

Many inquiries are coming from the Texas drought sections relative to vegetables, fruits and other farm products. The indications are that there will be a good market for all fruits and shipping vegetables.

We have just received a limited number of small booklets entitled, "Mission Churches of New Mexico." We shall be glad to give these to any one interested if they in turn will send them to someone outside the state after reading them and viewing the pictures. The booklet is gotten out by the highway department as a part of their advertising campaign and is very interesting and instructive.

STATE GRANTED \$884,360 FOR ALL RELIEF WORK

WASHINGTON—Grants totaling \$68,161,476 for September relief activities, including money for direct relief, work relief projects and other purposes, were announced Friday by the federal relief administration.

The grants were made to 36 states, Puerto Rico, the Virgin Islands and the District of Columbia. Pennsylvania, which is having difficulty meeting the relief administration's demand that it share the cost of relief in the state, was not included in the list. Grants are to be announced later for states omitted from the present allotments.

The grants included: Arizona, \$631,168; Colorado, \$1,248,686; New Mexico, \$884,360; and Texas, \$4,097,350.

STEVENSON TO DIRECT THE WILDLIFE EXHIBIT

M. Stevenson of Roswell, deputy game warden and former Artesia resident, left Saturday for Chicago, to direct the wildlife exhibit in the New Mexico booth of the Century of Progress. The wildlife exhibit, one of the most unique exhibits of the Fair is sponsored by the New Mexico Game and Fish commission. Mr. Stevenson was granted a thirty day leave of absence from his duties. Ed Roberts will act as deputy game warden while Mr. Stevenson is absent.

SANTA FE VISITORS

Messrs. Willis Morgan, J. H. Jackson, Hollis Watson, all of Artesia, and J. H. Bridgman of Hope, drove up to Santa Fe Sunday to spend a short time at the capitol city attending to business matters.

HEALTH COLUMN

Black Widow Spider

The black widow is not such a rare spider. Two scientists at the University of Denver were able to collect more than a hundred of them recently inside of two weeks. They looked in garages, basements, sheds, under the steps of buildings, around window sills and on porches. If they had been hunting in rural New Mexico they would have paid particular attention to the outdoor privy.

They were looking for a large, shiny, jet black spider with bulbous abdomen and long slim legs. The spider's under side is generally marked with red spots in the shape of an hour glass. In the summer it may have one or two egg sacs hung in it. These are destined soon to produce hundreds of little black widows.

Latrodectus mactans—that is her latin name—is not aggressive. That is why her poisonous bite makes no more havoc among us than it does. She bites only when molested. The chief danger to man and child is that they may molest the black widow without meaning to do so. If it happens in an outhouse in the dark they may have no idea what gave them the sharp prick which was really the black widow's sting. Afterwards there comes fever, nausea, vomiting and a numbing pain in the muscles. The doctor, not knowing about the sting, and noticing the rigidity of the stomach mus-

DENIES INJUNCTION ON HIGHWAY DEBENTURES

SANTA FE—Petition of A. W. Cameron in district court here for an injunction to restrain the state board of finance from disposing of \$625,000 of highway debentures at public sale Tuesday was denied Monday by Judge M. A. Otero, Jr.

Reed Holloman of counsel for Cameron served notice of appeal to the state supreme court, saying this might cloud the legality of the debentures until the high court decides the case, and it also might have some detrimental effect on the sale advertised for Tuesday.

The plaintiff's contentions here on the points he has raised, "might possibly be very interesting in a different forum," the judge said. This was interpreted outside as meaning the forum of public opinion rather than the strict legal aspects of the case, wherein a contrary vote might be shown.

Judge Otero abided by a supreme court ruling that an emergency clause put the law into effect immediately on its passage, and its provisions could be carried out despite any referendum.

Holloman argued this was the last of the \$2,000,000 issue enacted by the 1933 legislature and sale of the block of \$625,000 would mean there would be no use submitting the question to the voters.

cles may think of appendicitis. The scientists at the University of Denver are trying to prepare a serum to neutralize the poison of the black widow's bite.

THE CHURCHES

CHRISTIAN CHURCH Sunday school at 10:00 a. m. C. O. Brown, superintendent.

FIRST PRESBYTERIAN CHURCH REV. W. B. McCORRY, Pastor.

9:55 Bible school. 10:55 Preaching service. Young people's meeting at 6:30 p. m. Preaching service at the church at 7:30 p. m.

CHRISTIAN SCIENCE SOCIETY 613 W. Main Street

10:00 a. m. Sunday school. 11:00 a. m. Sunday service. "Man" is the subject of the lesson-sermon which will be read in all Churches and Societies of Christ, Scientist, on Sunday, September 9th. The golden text is: "As many as are led by the spirit of God, they are the sons of God." (Romans 8:14).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man." (Ecc. 12:13).

The lesson-sermon also includes the following passage from the Christian Science textbook: "This text in the book of Ecclesiastes conveys the Christian Science thought, especially when the word duty, which is not in the original, is omitted: 'Let us hear the conclusion of the whole matter: Fear God, and keep His commandments: for this is the whole duty of man.' In other words: Let us hear the conclusion of the whole matter: love God and keep His commandments: for this is the whole of man in His image and likeness."

CALVARY BAPTIST CHURCH 413 West Main Street Rev. F. C. Rowland, Pastor Sunday school 9:45 a. m. John Simons, superintendent. Subject of lesson: "Hezekiah Leads His People Back to God." II Chron. 30:1-27. Morning worship 11:00 a. m. Subject for the hour: "At the Table of the Lord." Baptist Training Service 7:00 p. m. R. E. Bean, director. Evening worship 8:00 p. m. A message on Sunday school importance by Mr. Fields of Roswell. Mid-week prayer meeting and teachers meeting Wednesday night 7:30 p. m. Choir practice Thursday nights 7:30 p. m. You are invited to come and join the choir and help sing for the glory of the Lord. You do not have to be a trained singer but you will receive some practice here that will be of special help to you. Several different song books are being used including the new 1935 Hartford book. "No man can neglect church-going and not backslide." Come to church Sunday! Calvary Baptist invites you.

FIRST BAPTIST CHURCH Roselawn and Grand Pastor, the Rev. P. G. Woodruff. Sunday school superintendent, Fred Cole. General B. T. U. director, Miss Morine Lewis. Sunday school begins at 9:45. Topic: Hezekiah Leads His People Back to God. Scripture: II Chronicles 30, printed passage II Chronicles 30:1-9,13. Truly we all know little enough about God's word, and we cannot hope to be guided by the principles and lessons contained therein unless we make a systematic study thereof. Regular attendance upon Sunday school is a very great help in that direction. Song service and sermon at 11:00 a. m. "Blessed are they that dwell in thy house." Ps. 84:4. The blessing of worship should be more vitally claimed by us all; it makes a difference whether we go to church or not. 6:30 B. T. U. service. Note the change in the hour from 7:00 to 6:30; be on time. Support our new director, Miss Lewis. We are all sorry to lose the valuable services of Miss LaRue Mann, who has gone away to attend our state university at Albuquerque, but we are also happy in our good fortune in securing Miss Lewis to take her place. 7:30 Song service and sermon. Again note the change in the hour of meeting. The senior B. Y. P. U. again won the efficiency banner last Sunday night, with a grade of 83%, as compared with a grade of 82%, the next highest, for the B. A. U. We are proud of both of these unions, as of the inter-

FREE BOOKLET ON MISSION CHURCHES OF N. M. AVAILABLE

The officials of the Archdiocese of Santa Fe have been greatly interested in the preparation of the booklet on the mission churches of New Mexico, which has just been completed and released by the State Highway Department, and in the advertising which will offer this booklet to the people throughout the United States. These mission churches, older than those of California by 150 years, constitute one of the principal attractions of our state and one which has so far been undeveloped from the standpoint of attracting the traveler. There is no logical reason why New Mexico, with mission churches which exceed in age and number those of any other state in the union, should not derive from them benefit even greater than has been derived by California and Arizona from the missions located within the borders of those states. Monsignor Estvelt declared, that he had gladly cooperated with the highway department in planning this booklet, and advertising it, in selecting, arranging, and correcting the material within its pages, and he most heartily commends this effort on the part of the state of New Mexico. It is his belief that most of our own citizens will be amazed at the age and number and historical interest of these churches, and he feels that this marks the first step towards building an attraction which will bring thousands of travelers to New Mexico each year.

FORMER STATE HIGHWAY ENGINEER DIES FRIDAY

W. C. Davidson, former state highway engineer, died at San Gabriel, California, Friday from heart trouble, according to word reaching the valley. Mr. Davidson went to San Gabriel on advice of a physician to seek a lower altitude and was staying with a sister when he died. Mrs. Davidson had gone to Phoenix, Arizona, to arrange to move the family there this winter. Mr. Davidson first served as district highway engineer with headquarters at Roswell. Later he was appointed highway engineer by Governor Dillon in 1927. He served in this position four years. For the past few years he has been a consulting highway engineer. He leaves a widow and two children.

mediates and juniors. These last two unions can make the same sort of high grades, we are confident, if they will continue to improve their good work. Sunday afternoon at 2:15 B. F. Fields, superintendent of the Roswell Sunday school and district Sunday school president, will be with us at the church for a Sunday school conference with all our workers and officers and teachers and others interested in the Sunday school work. Please be there, on time, if you are interested in the growth and efficiency of our Sunday school. Mr. Fields is using the time of his two weeks' vacation for the purpose of conducting these Sunday school conferences in various churches of the state. We are fortunate to have him with us.

SUNDAY SCHOOL SPECIALIST TO SPEAK

The Baptist churches of Artesia will be honored next Sunday by the presence of one of the best informed Sunday school workers in New Mexico when B. F. Fields will speak at the First Baptist church at the morning hour and at the Calvary Baptist church at the evening service. Mr. Fields is superintendent of the Sunday school of the First Baptist church at Roswell and also district Sunday school supervisor. Sunday school workers of other churches are especially invited to hear Mr. Fields.

NEW CHURCH OFFICERS INSTALLED

Three elected deacons were formally ordained last Sunday afternoon at the Calvary Baptist church when the pastor, the Rev. F. C. Rowland was assisted by the Rev. H. M. Weldon and some deacons from the Carlsbad Baptist church. At the close of the most impressive service the church gave a hearty pledge of cooperation to the new officers who are: R. E. Bean, D. A. Abernathy and J. T. Simons.

SUNFLOWERS CAN BE MADE INTO SILAGE

Wild sunflowers, which grow in large numbers, especially along the roadways and in bar-pits, if cut before they become too tough, make excellent ensilage, says W. E. Watkins of the New Mexico State College. When silos are not already at hand, pit or trench silos can be made and filled with sunflower ensilage. This offers perhaps one of the most practical solutions possible to the problem of obtaining an adequate supply of roughage for the coming winter. The tonnage of these sunflowers thruout the state is quite large and they are much easier to gather and prepare for ensilage than some of the tougher perennials, such as yuccas. Arrangements should be made with the State Highway Department if the sunflowers along the highways are to be cut and used by individuals. Sunflower ensilage has been fed with good to fair results to dairy cattle, beef cattle, sheep and even brood sows. Sunflowers make a silage similar in composition to rather immature corn but one not nearly so palatable. A good trench silo can be dug with a Fresno, making a trench 20 to 25 feet long, 6 feet wide and 6 feet deep. After the silage is cut, it can be covered with straw earth. Soapweed, Spanish dagger, sotol and beargrass make good maintenance feeds for cattle when cut in lengths similar to silage, but the addition of 1/2 to 1 pound of cottonseed meal or cake makes a more efficient feed. This also could possibly be used for sheep and goats but no data are available. Cattle will eat 25 to 35 pounds a day. After burning the dry leaves off the stout succulent

APPROVES NEW RESERVOIR

By an overwhelming vote, the land owners under the Carlsbad project Friday approved the proposed dam at the Alamogordo creek site, fourteen miles northwest of Fort Sumner. The proposed dam to cost \$2,000,000 will supplement Lake McMillan and Lake Avalon.

Four hundred thousand dollars will be available to start work on the construction of the Alamogordo reservoir northwest of Fort Sumner and for the cementing of the canals on the project as soon as the order has been given the official approval of the public works administration and received the signature of President Roosevelt, C. W. Beeman, president of the board of directors of the Carlsbad irrigation district, said Saturday.

The approval of the PWA was promised Beeman provided the measure was approved by the farmers of the project.

SIXTEEN BIRTHS FOR AUGUST

The grim reaper was badly beaten in this district for the month of August, vital statistics prepared by S. E. Ferree, sub-register for the Cottonwood, Atoka and Artesia districts show. Birth certificates were issued to: Mr. and Mrs. Curtis Williams, daughter; Mr. and Mrs. Willie Leaton, son; Mr. and Mrs. J. G. Waldrip, daughter; Mr. and Mrs. Jose Escandon, son; Mr. and Mrs. Louis E. Bingham, son; Mr. and Mrs. Paul A. Otts, daughter; Mr. and Mrs. Clarence Sheets, daughter; Mr. and Mrs. Jose Perez, son; Mr. and Mrs. J. A. Patton, son; Mr. and Mrs. Walter Amstutz, daughter; Mr. and Mrs. Dan T. Sharp, daughter; Mr. and Mrs. Neal Martnes, daughter; Mr. and Mrs. Walter L. Russell, son; Mr. and Mrs. R. F. Dobson, son; Mr. and Mrs. Ramon Deana, daughter; Mr. and Mrs. T. Escivel, daughter.

yucca stems, the plants are cut down and the stem and tuft of green leaves finely chopped by a machete or by special power machines, and then fed to cattle. Experiments have shown that cattle suffer no serious ill effects from the use of these plants, even when they are fed in large quantities. Cacti may be fed to cattle by first singeing off the spines with a torch. Then they may either be grubbed out and hauled to feed lots or else allowed to remain standing on the range where cattle eat them with apparent satisfaction. However, cacti do not provide a maintenance ration for stock but should be mixed with other feed to furnish more protein and carbohydrates and to prevent scouring.

BANDS BY THE SCORE TO ATTEND TRI-STATE FAIR AT AMARILLO

AMARILLO, Texas—Bands by the score, each accompanied by large delegations, will be here, September 15-22, for the Tri-State Fair.

Every section of the region served by the second largest exposition in Texas will be represented. It will be a "free gate" fair. Interest in the 1934 fair never was more intense, according to Mason King and Bill Beechler, who have just completed a long tour of the Panhandle, New Mexico and Oklahoma.

"I predict the greatest attendance in the fair's history," declared Beechler, chairman of the association's reception committee. "Everywhere we went there was unusual enthusiasm over the 1934 greater exposition," added King, director of racing.

As president of the exposition this year, Wilbur C. Hawk has arranged larger premiums and more attractions.

"There will be full exhibits in every department," said Mr. Hawk. "Even the worst-hit drought counties are sending agricultural displays."

The livestock show probably will be the best, because famous herds have been entered to compete for increased cash prizes. Approximately \$15,000 is offered to Hereford exhibitors alone. Prizes in all departments will

OLD TIMERS MEET AT ROSWELL SEPTEMBER 9TH

The ninth annual old timers day will be held at the First Methodist church in Roswell September 9th. Dr. H. C. Henderson, pastor of the First Methodist church, will deliver the sermon in the morning and at noon a dinner for all old timers will be held in the church basement. Those who have been residents of eastern New Mexico for thirty years and more will be eligible to attend.

Typewriters for rent—Advocate.

be equally liberal. Requests for entry blanks have come from far and wide. Seven days of racing with entries from all of the major tracks; Tom Mix, screen star, heading the Sam B. Hill three-ring circus; a motor show offering capital prizes, a carnival company, two baseball games with the House of David tournament-winning team, a baby show, choral contests and other attractions have been arranged for entertainment of the crowds.

Social Activities

ARTESIA WOMEN'S CLUB OPENS WITH RECEPTION

The Artesia Women's club opened Wednesday with a lovely reception honoring the new officers, new members, the lady teachers and wives of the married men in our schools. More than eighty guests attended. The new club home was beautifully decorated with baskets of garden flowers.

Mrs. C. R. Blocker acted as hostess at the door. In receiving line were Mrs. Martin Yates, Jr., president; Mrs. Jeff Hightower, first vice-president; Mrs. Jack Spratt, second vice-president; Mrs. Howard Gassler, treasurer, and Mrs. H. A. Stroup, custodian. Mrs. J. M. Story registered the guests and handed out the attractive new year books.

Mrs. Willis Morgan and Mrs. Jack Spratt rendered a number of beautiful musical numbers/vocal and violin with piano accompaniment. Mrs. Martin Yates was introduced by Mrs. Stanley Blocker, chairman of entertainment. She greeted both the old and new members and visiting guests in her charming and gracious manner. Her remarks were ended with the club pledge which she believes if lived up to by club women will insure the club a prosperous year: "Let us then be what we are, say what we think, and in all things keep ourselves loyal to truth and do the greatest good to the greatest number." Mrs. Hightower and Mrs. Spratt were each introduced and each extended greetings to those present. Members of the entertainment committee were beautifully gowned in long flowing evening gowns as well as the officers in receiving line. Mrs. Aubrey Watson presided at the punch bowl and Mmes. Stanley Blocker, John Lanning, Hugh Kiddy, Jack Clady, Lemuel Duffield and Fred Cole served the attractive plates in which an orange and white color scheme was carried out in the dainty little sandwiches and punch. The club opened this year with more than one hundred percent increase in membership, yet there are a number of women in Artesia who should belong to the Women's club and it is hoped that each member will present names of their friends or neighbors who are interested in joining, to the membership committee.

With Mrs. Martin Yates, Jr. as president again this year, a splendid corps of officers and with the enthusiasm of both the old and new membership, much is expected of the club during this year.

Out-of-town guests who attended were: Mrs. Gayle Richmond of Oklahoma City, Mrs. W. E. Flint of Carlsbad, Miss Lorine Nagel of Fort Stockton, Texas, Mrs. M. K. Lester of Casper, Wyoming, and Mrs. T. E. McIntyre of Denver.

MRS. McCORRY ELECTED VICE-PRESIDENT W. C. T. U.

Mrs. Katherine I. McCorry of Artesia was elected vice-president of the New Mexico Woman's Christian Temperance Union at the close of a three-day session in Las Cruces last Thursday. Mrs. W. C. Holland of Roswell was chosen president.

Others elected were: Mrs. H. C. Henderson, Roswell, corresponding secretary; Mrs. Sarah Umer, Tucuman, recording secretary; Mrs. Carrie Craft, Albuquerque, treasurer.

Roswell was named 1935 convention city.

Outlining its future policy, the W. C. T. U., in a resolution, declared: "Although we lost the battle for prohibition, the war for temperance is still on. The policy of the organization shall be to make its work educational and evangelistic for the purpose of educating the people of our land to the evil effects of the use of alcoholic beverages and other narcotics."

GEORGE-LOVEWELL

The marriage of Miss Mattie George of Artesia and Johnnie Lovewell was solemnized in Alamogordo last Saturday.

The bride is the daughter of Mr. and Mrs. Perley George and has been reared in this community. She was a member of the graduating class of the local high school last spring. Following her graduation she entered training as a nurse in Lubbock but came home for a rest several weeks ago.

Details of the wedding could not be gotten. However, it is understood the young couple are on a honeymoon trip and will be at home at Ft. Bliss, Texas, after the 15th of October. Mr. Lovewell is enlisted in the army and stationed at that place.

MRS. R. D. COMPTON ENTERTAINS WITH A BRIDGE PARTY THURSDAY

Mrs. R. D. Compton entertained with one of the loveliest bridge parties of the summer season at her home on West Main street last Thursday afternoon.

At one o'clock the hostess was assisted by Mrs. William and Mrs. Stewart Compton in serving a dainty, delicious two-course luncheon at the nine quartet tables. Five rounds of contract bridge were played. The beautiful prizes were presented to Mrs. J. M. Story who held high score and Mrs. Ralph Shugart, who held low.

Those enjoying this delightful entertainment were Mmes. Richard Atchery, J. B. Atkeson, C. R. Blocker, Stanley Blocker, Earl Bigler, Raymond Bartlett, J. J. Clarke, Mark Corbin, M. W. Evans, L. B. Feather, S. E. Ferree, Arba Green, F. G. Hartell, Jeff Hightower, John Lanning, W. C. Martin, J. H. Myers, Jessie Morgan, James Nellis, Albert Richards, Beecher Rowan, Frank Seale, Ralph Shugart, J. M. Story, Lewis Story, H. A. Watson, Hollis Watson, A. T. Woods, J. K. Wallingford, John Lowery, Wallace Anderson, S. D. Gates, Howard Williams, J. Harvey Wilson, Frank Smith and Mrs. Alethea Phillips of Roswell.

MRS. KIDDY ENTERTAINS BRIDGE OF THE MONTH

Mrs. Hugh Kiddy was hostess to members of the Bridge of the Month at the Artesia hotel last Friday afternoon. This was the first party in several weeks for the club.

A delicious luncheon was served at one o'clock in the Coffee Shop and games of contract followed in the lobby. High score prize was awarded to Mrs. M. W. Evans and second high to Mrs. Willis Morgan.

Guests were: Mmes. Stanley Blocker, Carl Bildstone, Willis Morgan, J. Harvey Wilson and Mrs. Malcolm Mitchell, who has been elected to membership to fill the vacancy made by Mrs. W. E. Flint, and two substituting guests, Mrs. M. W. Evans and Mrs. Raymond Bartlett.

MRS. GUS HOAGLAND ENTERTAINS MEMBERS OF PAST NOBLE GRAND

Mrs. Gus Hoagland entertained members of the Past Noble Grand club at her home Saturday afternoon from 2:00 to 5:00 o'clock. As the guests arrived they were each shown the beautiful quilt which was made by members of the club, displayed on a marvelous old fashioned bed. The quilt was awarded to Mrs. Hoagland in a recent contest.

At the close of a pleasant afternoon the hostess was assisted by Mrs. D. E. Buckles in serving ice cream and old fashioned pound cake to the following guests: Mmes. W. H. Cobble, Ed Conner, Effie Wingfield, Mary Abbott, Beulah Jones, J. M. Story, Frank Thomas and Mary Thompson, the Misses Mary McCaw, Ella Bauslin and Linna McCaw.

MISS LYDIA CARAWAY WEDS CHARLIE KIMBELL

Miss Lydia Caraway, youngest daughter of Mrs. Jack Hastie, and Charlie Kimbell, son of Mr. and Mrs. J. G. Kimbell of Matador, Texas, were married Saturday afternoon at the Methodist parsonage in Carlsbad, the ceremony being read by the Rev. Sam E. Allison. Their attendants were: Miss Lois Fanning and the bride's brother, Mark Caraway.

The bride has been reared in this community and received her education in the local schools. She wore a smart fall suit of black and white with accessories to match. The groom has lived in this community for the past five or six years. His family returned to their former home in Texas last year. He is an employee at the Continental station at the corner of Main and First.

Following the ceremony the newlyweds returned to Artesia and were honor guests at a wedding supper at the home of the bride's sister, Mrs. Walter Douglas. The long dining table, in snow white linens, was attractively laid and centered with a beautiful five-tiered wedding cake which was decorated with a miniature bride in a gown of white satin and a miniature groom and minister. Seated were the bride and groom, Mr. and Mrs. Charlie Kimbell, Mr. and Mrs. Jack Hastie, mother and step-father of the bride, Miss Emma Caraway, Mark Caraway, sister and brother of the bride, Miss Lois Fanning and Mrs. Douglas.

Mr. and Mrs. Kimbell will be at home to their friends at the Duncan apartments on East Richardson street.

MISS MARJORIE KEYES IS MARRIED LAST WEEK TO NOBLE LITTLEJOHN

Mr. and Mrs. Grant Keyes of Roswell announce the marriage of their daughter, Marjorie, to Noble Littlejohn of Kilgore, Texas, which occurred Tuesday morning of last week in Alamogordo with the pastor of the Methodist Episcopal church officiating.

The ceremony was read in the beautiful garden of the pastor's home in the presence of Miss Keyes' parents, Mr. and Mrs. Grant Keyes, Miss Barbara Keyes, Robert Keyes, sister and brother of the bride, and a few close friends.

The bride, a popular Roswell girl, attended Lindenwood College at St. Charles, Missouri, for one year and the Southern Methodist University at Dallas for three years, majoring in art. The groom is the son of Mr. and Mrs. J. Littlejohn of Kilgore, Texas, former resident of Artesia. Mr. Littlejohn is well known in Artesia, as well as Roswell where he has attended the N. M. I. for the past six years, graduating with the class of last June. He was a popular and outstanding athlete.

Following the ceremony the young couple spent a few days in El Paso after which they returned to the Keyes cabin on the Ruidoso where a beautiful wedding dinner was served in their honor. They left the first of this week for Kilgore, Texas, where they will make their home.

Y. W. A.

Miss Beth Bishop entertained members of the Y. W. A. at the home of her parents last Thursday evening.

A delicious picnic supper was enjoyed in the open. Miss Alice Moore, program leader, presented "Walking Through China" for discussion.

Miss La Rue Mann, who will be in Albuquerque this winter, was complimented by the young ladies by being showered with handkerchiefs and other lovely gifts on this occasion.

Those present were: Misses Ina Cole, Alice Moore, Lillian Byrd, Mary Jane Williams, La Rue Mann, Mrs. Fred Cole, the hostess and Miss Edna Bullock, a visiting guest.

HUSTLER CLASS HONORS MR. AND MRS. STROUP

Members of the Hustler Sunday school class of the Methodist church drove out to the new Howard Stroup home south of town Tuesday and spent the evening with Howard and his new bride.

Games were played in the open as well as inside and it was a very pleasant social gathering. Mr. and Mrs. Stroup were presented a beautiful set of salad forks by the class members.

A melon feast was enjoyed at the close of the evening.

Where Faculty Members Of The Artesia Schools Are Located

There are twenty-nine teachers and a health nurse in the local schools of Artesia. They are located at the following homes and apartments for this winter:

Central teachers, Miss Lucille Morris, principal, is at the Thompson rooming house on Main street; Miss Kathleen Newman resides with her mother on Richardson street; Mrs. Davidson and Miss Corrine Puckett share one of the Brooks apartments; Miss Margaret Williams shares an apartment with a sister; Miss Jean Macdonald is at the Jack Spratt home on Grand street; Miss Elsie Palmateer is at the Tom Ragsdale home on Missouri street; Miss Beulah Strang is at the Messer boarding house on Richardson street; Miss Mary Woods and her sister are located at the Whitson apartment; Mrs. Joe Hamann lives on Dallas street, and Miss Merrill Bradley lives with Miss Linna McCaw on Quay street.

Junior high school teachers: Miss Linna McCaw, principal, resides in her own home on Quay street; Miss Lucille Rowley is at the Thompson rooming house on Main street; Miss Winnifred Deterick is at the Joe Richards home on Texas street; Miss Ella Brown resides with her parents on Second street; James Allen and wife are located in the Welch residence on Main street; Mrs. Leone French and her family are located across from the junior high building on Richardson street.

High school teachers: Supt. and Mrs. W. E. Kerr will live in the J. E. Robertson residence on Grand street; Donald Marshall, principal, and Mrs. Marshall are at the Brooks apartments on Rose Lawn; Miss Edna Drury and Mrs. Maurine Lewis are at the V. L. Gates home; J. Clark Bruce, wife and little daughter, are at the

Gable apartments on Washington street; Alton Partee and wife are in the Paris apartments on Dallas street; Ray Barton is also located in the Paris apartments on Missouri street; Miss Lucille Forsythe is with her mother in the J. M. Story apartment; L. C. Reynolds and wife are in the Harve Muncy apartments on Richardson street; E. L. Harp, orchestra leader, and Mrs. Harp are located on Rose Lawn avenue; Mrs. Grover Kinder, school nurse, with her family are located on Main street; Miss Alma Thompson, music teacher, is with her mother on Main street.

STREAK FRY FOR TEACHERS OF THE SCHOOLS TUESDAY

Mrs. W. E. Kerr, wife of Supt. Kerr, and the five wives of the married men of the school faculty, Mmes. Donald Marshall, Alton Partee, J. Clark Bruce, James Allen and L. C. Reynolds were hostesses at a steak fry out at the Oasis swimming pool Tuesday evening, having as their guests twenty-seven members of the faculty, Mr. and Mrs. Grover Kinder, Mr. and Mrs. E. L. Harp, Joe Hamann and Robert French. This was a pleasant occasion on which teachers of the three buildings met each other and members of their families. Steak was fried western style in dutch ovens and served piping hot with all kinds of good eats to go with it.

PICNIC PARTY AT WALNUT GROVE

Mr. and Mrs. Jack Clady and little Jackie, Mr. and Mrs. Dick Vandagriff, Mrs. Charles Morgan and twin boys, Mrs. Aubrey Watson and Shirley and Mr. and Mrs. Walter Douglas were members of a picnic party who spent Sunday and Monday at Walnut Grove.

LEAGUERS HAVE BACKWARD PARTY

An unusually clever party called a backward party was given by the new officers of the Epworth League at the Methodist church Wednesday evening, with college students who are going away as honor guests: Cyril Stone, president; Miss Marion Coll, vice-president; Miss Irene Gage, treasurer; Glenn Stone, secretary, and Freeman Douglas, high road agent.

Between forty and fifty young people attended. Upon their arrival cars were parked backward; they entered the back door of the reception room and the lights were revealed that their clothing was donned backward. Refreshments were served immediately upon the arrival of all guests and well-planned games followed. There was not a stop or pause, the games were kept going thruout the entire evening.

It was a most successful entertainment and a grand evening was reported by the young people and their counselor, Mrs. Martin Yates.

WILLINGHAM-CALLIHAN

Mrs. Edith Willingham, a former resident of Artesia for several years, who has been operating a cafe in Red Bluff for the past few months, was married to Jack Callihan Wednesday of last week. Mr. and Mrs. Callihan will make their home at Red Bluff where he has employment and she her business.

H 2 O BRIDGE CLUB

Mrs. Jessie Morgan was hostess to members of the H 2 O Bridge club Friday afternoon.

There were four substituting guests for the session of contract, Mmes. Arba Green, S. E. Ferree and Misses Ruth and Esther Morgan. At the conclusion of the games Miss Esther Morgan held high score.

STUDENTS LEAVING FOR SCHOOL IN SEPTEMBER

A number of students who were not listed with those of last week will be leaving for colleges of their choice this month.

Delbert Jones, son of Mr. and Mrs. W. A. Jones, expects to enter the University of Texas about the middle of the month.

Miss Mary Lynn Haley will re-enter the Central College at Conway, Arkansas, for a second year, about the 10th of this month. Miss Haley, daughter of Mr. and Mrs. H. Q. Haley, is majoring in music. She and her mother have been visiting in Arkansas for the past month.

Miss Marjorie Kerr, daughter of Supt. and Mrs. W. E. Kerr, will enter Park College at Parkville, Missouri, as a freshman the 18th of this month. Miss Kerr is visiting with relatives at Osawatomie, Kansas, at the present.

IN SOCIETY

"THE LAND OF MANANA" AT CENTRAL AUDITORIUM

"The Land of Manana" was given at the Central auditorium last Friday night by Senor Roberto de la Rosa, "The Spanish Serenader" and Myrick Russell, entertainer.

The young "Spanish Serenader" won the admiration and applause of his audience with his Spanish voice and pleasing personality. Myrick Russell, in his impersonations of the Navajo and that of a "Prima Donna" maintained a high standard of performance.

Mr. Russell and Senor Roberto de la Rosa expect to tour the states during the fall and winter season, giving their unique Spanish and Indian entertainments.

M. E. CHURCH OF ROSWELL INVITES OLD TIMERS THERE

Individual invitations will not be sent out this year to old timers for the annual old timers' day at the M. E. Church, South, of Roswell on September 9th, but a general invitation is issued to all persons who have lived in New Mexico for thirty years or longer.

Services will be held in the morning and is open to the public. Old timers who qualify with the thirty year requirement will be guests of the church at a dinner in the church basement.

COTTONWOOD ITEMS

Mrs. Wayne Norris was a guest of the Rambo home Tuesday.

Chas. Johnson, who suffered a broken leg sometime ago, is able to walk with the aid of crutches.

Mrs. Wilkins, one of the Upper Cottonwood teachers, recently moved into the Cottonwood teacherage.

Monroe Howard underwent an operation for appendicitis at Carlsbad Saturday and reported to be recuperating nicely.

Miss Alice Norris returned to Alamogordo Friday to resume her duties as a teacher in the Alamogordo schools for her third term.

Mr. and Mrs. Ray Zumwalt have moved back to Lower Cottonwood, where Mr. Zumwalt will resume his duties as principal of the Lower Cottonwood school.

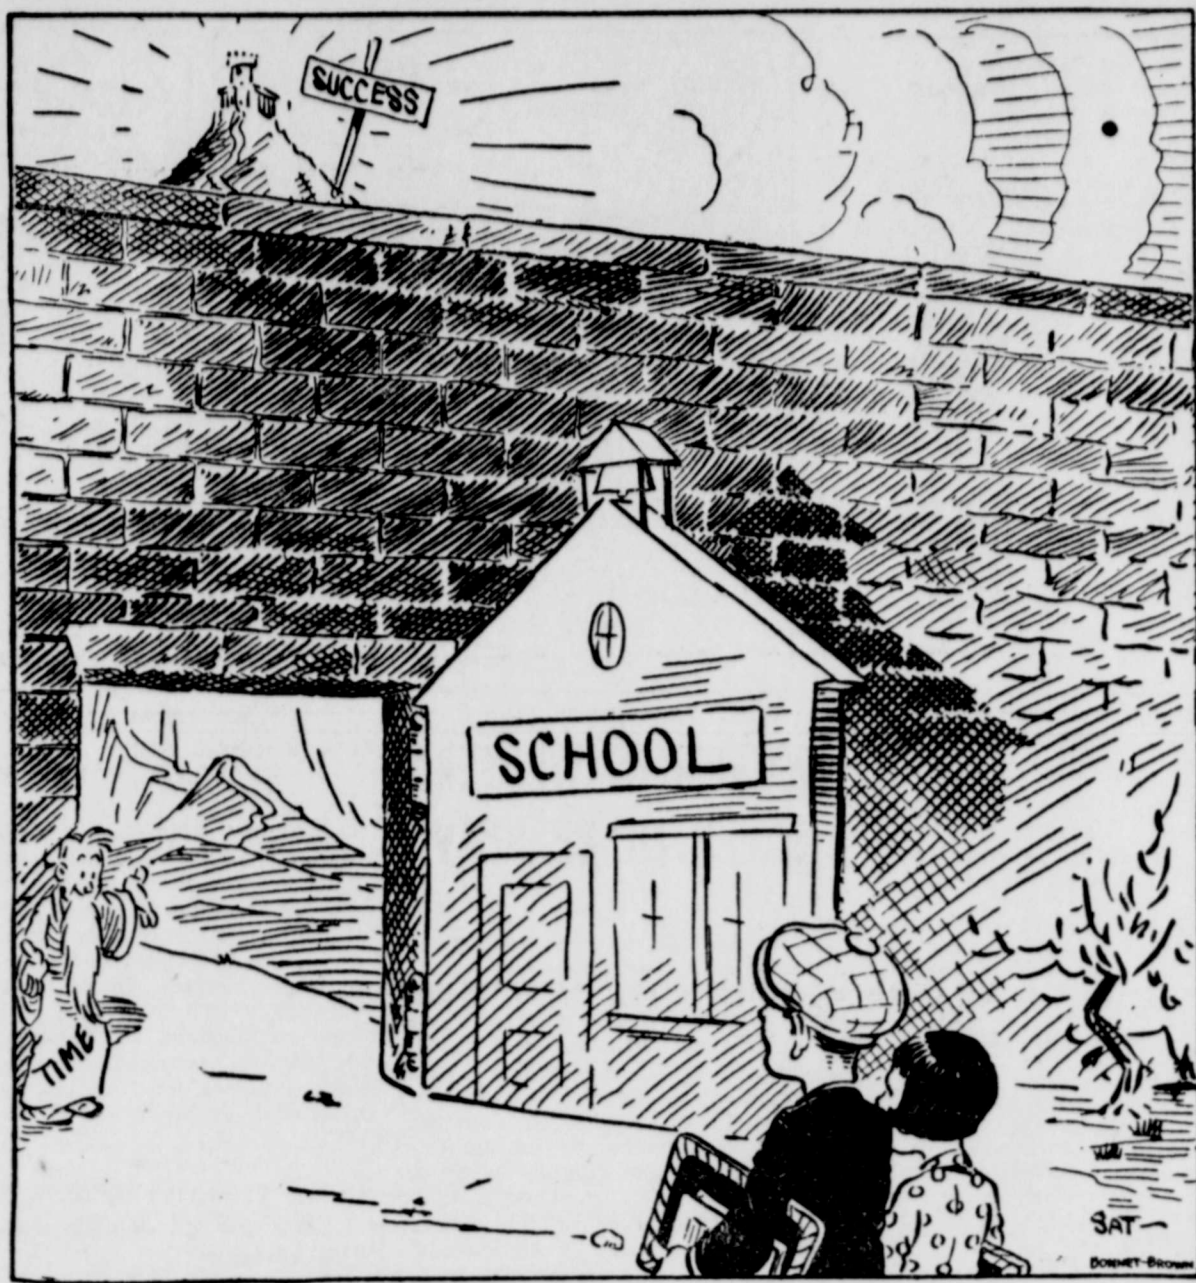

Mr. and Mrs. L. P. Evans closed their cabin at the Sacramento camp about the middle of last week and returned to their home here. Mrs. Glenn Evans and children took the train at Cloudcroft for their home in Chicago after spending the summer at the Evans cabin.

Mr. and Mrs. Skelt Williams are the parents of an eleven pound baby boy, born at the St. Francis hospital in Carlsbad Saturday. The young man is William Standefer, II, named after his grandfather, Col. William Standefer Williams. Both Mrs. Williams and baby are doing nicely.

Mr. and Mrs. Clyde Condrey and son Clyde left last Friday for their home in Charleston, Illinois, after visiting their daughter, Mrs. Wendell Welch and family, for the past ten days. While here they visited the mountains, Carlsbad Caverns and other places of interest.

THE OPEN DOOR

LOCALS

A daughter was born to Mr. and Mrs. A. O. Fine Tuesday.

Mrs. Charles Horne of Portales visited home folks here over the week end.

Mrs. French Gray and baby returned Sunday from Carlsbad hospital.

A son was born to Mr. and Mrs. Willie T. Woods of Hope Saturday.

Mrs. W. Leslie Martin returned Saturday from a visit with relatives at Abilene, Texas.

Mrs. Ella Stanley who has been at the George Williams home at Maljamar for the past few months visited over the week end in town.

Mrs. W. B. McCrory returned Saturday from Las Cruces where she had attended a meeting of the W. C. T. U. during the week.

Mrs. J. W. Green of Jonesboro, arrived Sunday for an extended visit with her son, Herman Green and family.

Mr. and Mrs. John McCann left Sunday for a week's vacation trip in which they will visit Mrs. McCann's parents at Coleman, Texas.

Fred Henderson, employee of the Mann Drug Co., left Sunday for Brunswick, Missouri, to attend a school of pharmacy.

Mr. and Mrs. H. C. Moorehead and family of Vaughn spent the week end with Mrs. Moorehead's parents, Mr. and Mrs. T. F. Wilson, of the Cottonwood.

The Rev. and Mrs. J. D. Terry drove to the Cottonwood community the latter part of last week and visited over night with their son Tom Terry and family.

Miss Esther Morgan who has spent the summer here with home folks returned to Roswell Saturday. She will teach in the Roswell schools again this year.

Mr. and Mrs. C. J. Dexter returned from California the first of the week. Mrs. Dexter had spent several weeks visiting relatives and friends.

Mr. and Mrs. Gail Hamilton and two daughters and Mr. and Mrs. Raymond Bartlett and children enjoyed a picnic at Sitting Bull Falls Monday.

Mr. and Mrs. J. W. Culpepper and Mrs. F. H. Sizemore went to Artesia Friday night where they attended the play, "In the Land of Manana."—Carlsbad Current-Argus.

Miss Lillian, daughter of Mr. and Mrs. Tom Heflin, returned home last Thursday from Lubbock where she has been for several months attending the Draughn's Business College.

Mrs. W. P. Riley, who has spent the summer here with her sister, Mrs. E. N. Bryan and family, went to Carlsbad Friday. Mrs. Riley has been a member of the public school faculty there for the past five years.

INSECT ROGUES GALLERY RECORDS TICK'S CRIME

Ticks take up most of the space in the rogues gallery where Dr. F. C. Bishopp, entomologist in the United States Department of Agriculture, files his records on insects convicted of crimes against humanity. Many of these criminals have been proved guilty of carrying deadly diseases, such as rabbit fever, or tularemia, to human beings, as well as of carrying diseases of livestock, to say nothing of spreading disease among wild animals.

The most notorious members of the tick tribe are the common wood ticks, which spread the Rocky Mountain spotted fever, for years confined to the Rocky Mountain country, but now breaking out here and there farther east. To find a way to combat this menace to the public health, entomologists are studying the ways of ticks from one end of the country to the other.

Ticks lay enormous numbers of eggs in the woods. These eggs hatch into tiny seed ticks that soon develop into slightly larger nymphs, and then into still larger adults, which lay the eggs that start the cycle all over again. At no stage of its existence is a tick able to support itself. As a seed tick and also as a nymph it must wait for a free meal ticket in the form of some small woods animal, such as a ground squirrel or wood mouse, to come along. Then it takes a firm hold on its host, fills up on blood for 4 to 6 days, drops off, and molts its skin. Adult ticks seek larger hosts, as dogs, horses, cattle, and human beings.

Ticks that have at any time fed on a diseased animal are dangerous, as are also the offspring of infected ticks. The bite of such a tick, as soon as it has fed on blood for a few hours, is poisonous. The danger can be averted by prompt discovery and removal of the tick, unless when it attacks a person it has already partially gorged itself with blood from a dog or other animal. In such cases the person may be infected at once from the bite. After walking through underbrush or woods, careful examination is necessary, Dr. Bishopp says, for the adult tick is very sly and has learned to crawl from a person's feet to the hair at the back of his head, a favorite feeding place, without being felt.

Although wood ticks start operations early in the season and in most parts of the country are not very abundant after mid-summer, the tick season is not definitely over until cold weather. The only way yet discovered to completely wipe out wood ticks would be to rid the woods near settled sections of all the little rodents that act as hosts. As this would be an impossible task, Dr. Bishopp recommends clearing out underbrush near houses, camps and schools, keeping dogs free from ticks, and promptly searching the entire body for ticks after a trip to the woods.

Jack Spratt left Saturday taking Mrs. Spratt's parents, the Rev. and Mrs. F. P. Turner, who have visited here for the past month, to Mulvane, Kansas, for a brief visit with their son and wife, then he will take them to their home at Little Rock, Arkansas.

Mr. and Mrs. Lloyd Netherian left Friday for their home at Phoenix, Arizona, after visiting here with his parents, Mr. and Mrs. A. L. Netherian, for the past three weeks. Mr. Netherian is in the immigration service at Phoenix. Miss Marjorie Cole, niece of Mrs. A. L. Netherian, accompanied them on the trip here and visited with her grandmother, Mrs. M. A. Cole, and her uncles and families.

A letter from O. Sparschuh of Lincoln, Nebraska, informs us that his section has received a good rain. Mr. Sparschuh is a former resident of Artesia, residing here five years. He says he is glad to see Artesia up and coming again.

Mr. and Mrs. Lloyd Netherian left Friday for their home at Phoenix, Arizona, after visiting here with his parents, Mr. and Mrs. A. L. Netherian, for the past three weeks. Mr. Netherian is in the immigration service at Phoenix. Miss Marjorie Cole, niece of Mrs. A. L. Netherian, accompanied them on the trip here and visited with her grandmother, Mrs. M. A. Cole, and her uncles and families.

LOCALS

Mrs. T. H. Flint and three daughters, Misses Sue, Kitty and Betty, expect to leave for San Antonio, Texas, today to spend the winter. The girls will enter school there. Mr. Flint will drive down with them, but will return here in a few days.

John Bill Collins came in for a short visit with his parents, Mr. and Mrs. J. W. Collins, last week. John has a good position with the United States Geodetic Survey that has been working in various parts of the state in the past few months.

Miss Mildred Doss, daughter of Dr. and Mrs. Doss, expects to return to Washington, D. C., leaving here Saturday after a two weeks vacation here with home folks. Miss Doss is a government clerk in the agricultural department.

Mr. and Mrs. Gayle Manda arrived Friday from San Bernardino, California, and visited until Sunday with his parents, Mr. and Mrs. F. A. Manda. They stopped en route at Gallup with Harry Manda and family and were there a few days for the Indian Ceremonials.

Herrings Grow Large
There are fishes belonging to the herring-like group ranging in weight up to 300 pounds that commonly prey upon their smaller cousins as well as upon other varieties of small fishes. The largest of these is probably the tarpon, which furnishes so much sport for Florida fishermen, but one of the most interesting of the larger herring species is known as the wolf herring.

Wood Used for Papermaking
Two-thirds of our pulp, used in making paper, comes from spruce, fir and hemlock. These three species supply nearly all the raw material from which the coarse paper used for newspapers is made. Pasteboard and coarse wrapping paper are made from pine. Most of the finer grades of paper used for magazines and books are from poplar and hardwood trees.

Wild Sweet Grass
After wild sweet grass is harvested, the grass is hung out of doors in the shade to cure. A steaming process then renders it pliable. The natural color of the grass is dark green, but it is sometimes bleached by a special process and dyed in brilliant hues by methods known to the Indians.

Gypsy Moths
According to the Science News Letter, the gypsy moth, a serious menace to American trees, was introduced from France in 1869 on the fanciful notion that the moths could be crossed with silkworm moths to produce a hardy race of silk-producing insects.

The Pony Express
The pony express was started in 1860, when an impending crisis made the rapid communication of news between the older states and far-distant California a national necessity. The animals used were, of course, not ponies but fleet American horses.

Total Color-Blindness Rare
About 50,000 persons throughout the world are afflicted with partial color-blindness; total color-blindness is exceedingly rare. In fact, only 120 cases have ever been found, 11 of which were in the United States.—Collier's Weekly.

Make Gas Less Inflammable
Substances have been found which added to hydrogen gas make it 50 per cent less inflammable, a discovery which may be of utmost importance to dirigibles in countries that do not have helium gas.

Do Not Eat in Flight
The bureau of biological survey says that hawks, including the pigeon hawk, do not consume large prey in flight, although of course butterflies and similar food material are swallowed at one gulp.

Valuable Tusks
Because of their finer texture and distinctive "old ivory" pallor, the well-preserved tusks of the ancient hairy mammoth are more valuable than elephant ivory.

Use for Dogwood Timber
Dogwood timber is used for shuttles wherever cotton, wool or silk is manufactured, and is also used in making spools, brush backs and wood pulleys.

Long Spell of Mourning
At Crkvanica, on the Adriatic, the women have been in mourning since the Fifteenth century for their rulers, who were driven out of the country.

First Copper Mining in America
The first copper mining in America began in Santiago province, Cuba, in 1524. The mines are now operated under American control.

Salt in India
The Mayo salt mine in Junjab, India, has yielded about 4,000 tons of salt with about 8,000,000 more accessible.

Typewriters for rent—Advocate.

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch, Reporter

Mr. and Mrs. Ray Williams are the proud parents of a baby girl born September 3.

Miss Eva Deering came Saturday from Elida to assume her position here as third and fourth grade teacher.

Mr. and Mrs. John Haven and son George Myles left Sunday for Las Cruces where George expects to enter State College.

Miss Wilma Walden of Roswell came in Saturday for a few days visit at the home of her parents, Mr. and Mrs. W. W. Walden.

Mrs. Dorwin Arnett and children of Dexter were visiting over Thursday and Friday at the home of her parents, Mr. and Mrs. J. M. Jones.

Mr. and Mrs. Wilson Sellers came in one day last week for a few days visit with relatives. They left Friday for Lawton, Oklahoma.

Miss Emmire Perce came in Friday afternoon from Albuquerque to assume her position here as home economics teacher in the high school.

Last Sunday Mrs. W. A. Hamilton entertained with a singing at her home in honor of the young people who are leaving for college this week.

Mrs. L. E. Cummins and daughter Dorothy who have been visiting for the past week at the home of her sister Mrs. E. L. Hinton at Encino, this state, returned home Saturday.

of the Citizens State Bank of Artesia, is Plaintiff, and Mrs. Mabel F. Welton, also known as Mabel F. Welton, is Defendant, to which decree and order of sale reference is hereby made for the particulars thereof. I, J. C. Jackson, heretofore appointed Special Master in the above entitled cause by said District Court, having been ordered to sell the heretofore described real estate, shall expose for sale and sell at public auction to the highest bidder for cash at the front door of the First National Bank of Artesia, New Mexico, on Thursday, September 27, 1934, at 3:00 o'clock P. M. of that day, all the right, title, interest, claim and estate of the Defendant, Mabel F. Welton, some times called Mabel F. Welton, in and to the following described real estate situated in Eddy County, New Mexico, and more particularly described as follows, to-wit:

All of Block Twenty (20) of the Original Town of Artesia, New Mexico, together with all and singular the hereditaments and appurtenances thereunto belonging or in anywise appertaining, EXCEPT two certain tracts of land; one out of the Northeast quarter (NE 1/4) of said block 100 feet by 140 feet; that was deeded to W. R. Atkinson; and the other tract of land out of the South Part of said Block described as follows:

Beginning on the South Line of said Block, 75 Feet East of the SW Corner of said block; thence South and parallel with the West Line of said Block, 150 feet; thence West and parallel with the South Line of said Block, 61 feet; thence South and parallel with the West line of said block, 150 feet to the point of beginning.

The purpose of said sale is to satisfy the judgment and decree of foreclosure rendered by the District Court of Eddy County, New Mexico, on the 28th day of July, 1934, against the defendant, Mabel F. Welton, some times called Mabel F. Welton, for the sum of \$1236.33, as principal and interest with interest thereon at the rate of 10% per annum from the 24th day of July, 1934, and for the further sum of \$122.25, as attorney fees, with interest thereon at the rate of 6% per annum from the 24th day of July, 1934, until paid, and cost of suit and further proceedings therein.

The total amount of principal and interest due on date of sale is... \$1,257.96 The Total Amount of Attorney Fees due on date of sale... 122.92 Clerk's Cost... 8.00 Service Fees... 5.50 Special Masters Fee... 10.00 Total amount due on date of sale, not including cost of publication of this notice... \$1,404.38 Dated this 27th day of August, 1934. J. C. JACKSON, Special Master. 35-4t

NOTICE OF APPOINTMENT

Notice is hereby given that I was duly appointed administrator of the Estate of Clara May Faley, deceased, on the 6th day of July, 1934, by the judge of the Probate Court of Eddy County, N. M., the Hon. P. J. McCall, in case No. 725 on the Probate Docket, and all parties having claims against the said estate must file the same with myself or the clerk of said Court, on or before 12 months after the said appointment. Signed and dated this 28th day of July, 1934. J. M. JACKSON, Administrator. 35-4t

NOTICE OF SPECIAL MASTER'S SALE

WHEREAS, in the Case of O. E. Carlson, vs. Martelia Willis, and Martelia Willis as Guardian of the Estate of Doris Willis, a Minor, numbered 5741 on the Docket of the District Court of Eddy County, within the Fifth Judicial District of New Mexico, the Plaintiff obtained a Judgment under date of July 25th, 1934, against the Defendant, Martelia Willis, Personally, for the Foreclosure of her interest in a Mortgage Deed, being: An undivided sixty-one sixty-fourth (61/64) interest in and to All that portion of the West Half of the Northwest Quarter (W 1/2 NW 1/4) and Northwest Quarter of Southwest Quarter (NW 1/4 SW 1/4)

East of Main Canal of U. S. R. S. as now constructed, all in Section 12, Township 22 South, Range 26 East, N. M. P. M., and beginning at the Southeast corner of Section 2, Township 22 South, Range 26 East, thence running North along east line of Section 2 a distance of 1452 feet; thence South 385 feet; thence in a southeasterly direction 391 feet; thence East 114.5 feet; thence South 544 feet; thence East 18 feet; thence South 519.6 feet to the south line of said Section line to the Southeast corner of Section 2, the place of beginning, containing in all 47 acres of land, more or less, according to the U. S. Government Survey thereof. Subject to a Mortgage in favor of the Federal Land Bank of Wichita, Wichita, Kansas

to satisfy a Note in the principal sum of \$2500.00, with interest in the amount of \$1132.50, Attorneys Fees in the sum of \$363.25, and cost of this suit, \$9.38, and the further cost of making sale of the property, and WHEREAS, the Court ordered that said interest in said property be sold by Special Master, and appointed me, J. C. Gromo, as Special Master, directing me to make sale of the said property as the law provides, after advertising the same in some Newspaper published in Eddy County.

NOW, THEREFORE, Pursuant to said Decree, I will offer for sale and sell the said property at public vendue to the highest bidder for cash, at the front door of the First National Bank of Artesia, Eddy County, New Mexico, on the 1st day of October, 1934, at the hour of 10:00 o'clock A. M. Dated this 22nd day of August, 1934. J. C. GROMO, Special Master. 35-4t

NOTICE OF SPECIAL MASTER'S SALE

WHEREAS, in the Case of Peoples Mercantile Company, a Corporation, vs. Sam Montgomery and Mae Montgomery, his wife; Caroline C. Weaver and A. D. Parker, Numbered 5723 on the Docket of the District Court of Eddy County, within the Fifth Judicial District of New Mexico, the Plaintiff obtained a judgment on the 31st day of July, 1934, against the Defendants, and each of them, for the foreclosure of a Mortgage Deed on: Lots Eleven (11) and Thirteen (13) in Block Seventy-nine (79) of the Love Addition to the City of Carlsbad, according to the Plats on file in the Records of the County Clerk, together with all improvements.

to satisfy a Note in the principal sum of \$5000.00, interest thereon in the sum of \$1139.04, Collection Fees of \$613.90, Cost of suit in the amount of \$11.00, and the further cost of making sale of said property, and WHEREAS, the Court ordered that said property be sold by Special Master, and appointed me, J. C. Gromo, as Special Master, directing me to make sale of the property as the law provides, after advertising the same in some Newspaper published in Eddy County.

NOW, THEREFORE, Pursuant to said Decree, I will offer for sale and sell the said property at Public Vendue, to the highest bidder for cash, at the front door of the First National Bank of Artesia, Eddy County, New Mexico, on the 4th day of October, 1934, at the hour of 10:00 o'clock A. M. Dated this 22nd day of August, 1934. J. C. GROMO, Special Master. 35-4t

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Las Cruces, New Mexico, August 23, 1934.

NOTICE is hereby given that Frank Parker, of Lake Arthur, New Mexico, who, on November 19th, 1929, made Homestead Entry No. 040945, for All of Section 23, Township 15 S., Range 23 E., N. M. P. Meridian, has filed notice of intention to make three year Proof, to establish claim to the land above described, before Dan C. Savage, U. S. Commissioner, at Roswell, New Mexico, on the 4th day of October, 1934. Claimant names as witnesses: George Payne, John E. Cooper, Roy Phillips, Kirby Phillips, all

MOVEMENT WESTERN SHEEP TO BE HEAVY

Marketings of sheep and lambs from the 13 western sheep states during the five months, August to December, this year will be much larger than last year on any other year of record, if to the shipments made through regular channels, are added the number of ewes purchased by the agricultural adjustment administration as a drought relief measure, according to the report of the United States department of agriculture. Marketings of lambs will probably be considerably larger this year than last, and, since the government buying program, as now planned, will be confined to ewes one year old and over, the lambs marketed will go through regular channels. Marketed thru regular channels as used in this report covers shipments to stockyards markets and direct to packers and direct shipments going outside the state where the lambs are raised of both feeder lambs and of ewe lambs to be kept for breeding ewes.

Many of the ewes thus sold from range flocks will be replaced by ewe lambs and considerable numbers of ewe lambs may be purchased for resale next year in some states. However, in view of the serious feed situation over most of the western sheep area, there is little likelihood that the total of ewe lambs thus kept, will be equal to the number of ewes sold and a decrease in breeding flocks on January 1, 1935, from a year earlier seems certain. Even with such reduction as takes place, winter losses are apt to be relatively large unless the coming winter is exceptionally favorable.

WHEREAS, in the Case of Peoples Mercantile Company vs. Sid Caviness and Lola Wilson, Numbered 5742 on the Docket of the District Court of Eddy County, and within the Fifth Judicial District of New Mexico, the plaintiff obtained a Judgment against the defendants, and each of them, under date of July 25th, 1934, for the foreclosure of a Mortgage Deed on: The North Half of the Northeast Quarter (N 1/2 NE 1/4) of Section Two (2), in Township Twenty-three (23) South of Range Twenty-seven (27) East, containing 80 acres, more or less

to satisfy a Note, executed by Sid Caviness, the balance of said principal in the amount of \$1984.00, interest in the sum of \$1249.48, Collection Fees of \$323.35, Cost of Suit \$11.00, and the further cost of making sale of said property, and WHEREAS, the Court ordered that said property be sold by Special Master, and appointed me, J. C. Gromo, as Special Master, directing me to make sale of the property as the law provides, after advertising the same in some Newspaper published in Eddy County.

NOW, THEREFORE, Pursuant to said Decree, I will offer for sale and sell the said property at Public Vendue to the highest bidder for cash, at the front door of the First National Bank of Artesia, Eddy County, New Mexico, on the 1st day of October, 1934, at the hour of 10:15 o'clock A. M. Dated this 22nd day of August, 1934. J. C. GROMO, Special Master. 35-4t

STATE HIGHWAY PATROL CAR IN MOTOR ACCIDENT

Two highway patrolmen, E. J. House, chief, and Roy Vermillion, former Artesia nightwatchman, had a narrow escape from serious injury when a car they were driving was struck by a drunken wood hauler north of Albuquerque Saturday afternoon. L. Griego, the wood hauler, has been arrested for drunken driving. The car which Griego was driving drove into Albuquerque, but no one was seriously injured.

21,069 PEOPLE SEE CAVERNS IN AUGUST

The August, 1934, travel to the Carlsbad Caverns approached the banner month of August, 1929, when 25,002 people saw the Carlsbad Caverns. According to a press release from the Caverns the total visitors for August, 1934, were 21,069 from forty-eight states, the District of Columbia, and fifteen foreign countries. Texas, as usual, led the states in the number of visitors with 11,670.

AREA DROUTH LOANS RUN TOTAL 23,108

"The total number of emergency drouth feed loan applications received by the emergency crop and feed loan regional office in Dallas had reached 23,108 September 1, and disbursements had been made on 19,898 loans for a total of \$1,421,408.00," Charles W. Sherrill, regional manager, announced. Emergency loans enabling farmers and ranchmen to purchase feed for one month's requirements for their animals are available in 233 counties in Texas, all counties in New Mexico, and 11 counties in Arizona designated as emergency drouth area.

A total of 2789 supplemental loans for feed purchase have been received and 2100 supplemental applications have been paid for a total of \$123,232.00.

The emergency loan office has also received 6,660 applications for winter wheat loans and approved and paid 5,569 for a total of \$1,281,660.00. Applicants for truck loans total 195 and 130 have been disbursed, representing \$23,090.00. General purpose crop loans are also being made by the Dallas office and of 43,988 applications received, approvals total 40,343 for \$3,214,570.00. Twenty-eight loans have been made to farmers

PINON-WEED ROAD TO GET \$2,000.00 REPAIRS

In a letter from State Highway Engineer G. D. Macy to District Engineer W. R. Eccles, the latter is authorized to start expenditures amounting to \$2,000 for repairs on the Pinon-Weed road. A copy of the letter has been supplied the Alamogordo Chamber of Commerce. It is understood that Eccles will make a survey of the needed improvement within the next few days. The projected work is the result of efforts of members of the Alamogordo Chamber of Commerce.—Alamogordo News.

to feed farm livestock and \$3,965.00 has been advanced for this purpose.

Two applicants have received funds amounting to \$40.00 to purchase sugar for feeding bees, the first loans of such type made in any southwestern state. Emergency aid has been extended to one ranchman to provide funds for the purpose of removing livestock to new pastures and range lands outside of the emergency drouth area.

The total number of applications for emergency aid received by the Dallas office since the emergency crop loan statute was approved February 23, 1934, followed by the drouth relief act of June 19, 1934, is 76,772. Of this number 68,070 have been approved for a total of \$6,067,965.00.

HIGH WATER RUNS OUT PLUGGING CREW

State project 445-A, Sandoval county, state road 44, between Cuba and La Ventana, 0.8 miles, bridge and approaches.

ZINN CASE TO BE HEARD OCTOBER 4TH

SANTA FE—Deposition of A. L. Essewein, Los Angeles broker, will be taken October 4, in the case of A. L. Zinn, justice.

So far a notary has not been found to take a deposition from Ed Swope, warden of McNeil Island federal prison, formerly warden of the New Mexico penitentiary.

The Essewein deposition concerns alleged stock transactions by Zinn, and the Swope deposition concerning certain monies.

Zinn is charged in the state supreme court with professional misconduct growing out of handling an estate and disposition of tax monies.

MANY ATTEND THE SANTA FE FIESTA

An estimated crowd of 5,000 to 6,000 people jammed Santa Fe Saturday at the opening of the Santa Fe Fiesta. All hotels and rooming houses were crowded. The Fiesta closed Tuesday with the world-known march to the cross of the martyrs.

HOPE ITEMS

Frances Johnson, Reporter

Mildred Puckett left Saturday for Alva, Oklahoma, where she will attend college this year.

Mrs. Ernest Flemming and son Billie of Pinon are here visiting her parents, Mr. and Mrs. F. E. Fite.

Bobbie Wood left Friday for Las Cruces where she will attend school at the Loretta Academy this winter.

Mrs. Dave Bunting returned the middle of the week from Carlsbad where she has been ill in the St. Francis hospital.

F. M. Davenport of McMinnville, Tennessee, arrived here Wednesday and has accepted a position in the Bridgman Mercantile.

Mrs. Sam Ward left Sunday for her home in Brunswick, Georgia, having spent several weeks here visiting her sister, Mrs. W. S. Medcalf.

Corrine Puckett and Margaret Williams left the last of the week for Artesia where they both have positions in the public schools there.

Geraldine Dostolick came down from Ruidoso Thursday to spend the winter with her grandparents, Mr. and Mrs. C. R. Coffin, and to attend school.

Mr. and Mrs. Bonnie Altman returned Monday from El Paso where they spent several days shopping and visiting his mother, Mrs. A. B. Altman.

Leamon Glascock and John Phillip Bush motored to Las Cruces Monday to take Barbara Glascock and Janet Parks to enter the State College there.

Mr. and Mrs. F. M. Keller returned Saturday from Hamlin, Texas, where they spent a week visiting his daughter and son-in-law, Dr. and Mrs. Joe McCrary.

Mrs. J. P. Parks and Mrs. Robert Parks returned Saturday from Estelline and Amarillo, Texas, where they spent several days visiting relatives and attending to business.

Mr. and Mrs. A. J. Cox moved to Artesia Friday and will spend the winter there. Their granddaughter, Virginia Glascock, will live with them and attend high school there this winter.

F. E. Fite motored to Las Cruces Sunday to take his daughter, Miss Effie, to enter the State College there and to take his nieces, Bernice and Berta Fite, home after they had spent a week here visiting. This will be Effie's senior year in the State College.

Mr. and Mrs. Hal Hammel motored to El Paso Saturday to take Mrs. Sam Zumwalt who has been visiting her parents, Mr. and Mrs. Hilary White, the past two months and to bring Olive Blanch White home. Miss White has been in El Paso the past year working and attending a business college.

The Hope public schools opened Monday morning with an entirely new staff of teachers, including Superintendent E. C. Hawkins, formerly of Grenville. The high school teachers are Miss Mabel Loy of Nara Vista, Merel Ogal of Portales, Colorado, Frank Curry of Trinidad, and William Pickel of Fort Sumner. The grade teachers are Miss Hilda Kietke of Morino Valley, Miss Edna Bullock of Artesia, Miss Edna Puckett of Carlsbad, and Marjorie Johnson of Hope.

STATE REGULATIONS NECES'Y PRODUCTION OF GRADE "A" MILK

For the benefit of the farmers who contemplate marketing their dairy products through the local creamery, when the plant is placed in operation, we are reproducing the regulations necessary to produce grade A milk. These are the requirements of the state health department and follow:

1. Cows must be healthy and must be tested for T. B.

2. Dairy barn: Must be well lighted having 3 square feet of light for each stallion. Must have a cement floor. Walls must be white washed or painted white. Barn must be so screened as to keep out chickens and all small animals. (In case corrugated iron is used, paint is unnecessary).

3. Yards: Must be well graded so as to drain readily. Must be kept clean so flies cannot breed. Must have all refuse removed at least twice a week.

4. Milk containers: All milk containers must be washed in a separate room and in a vat used for no other purpose. That is a milk can or bucket cannot be washed in the kitchen. Hooded milk pails must be used. None with strainers usable.

5. Straining milk: Milk must be strained in a separate room not connected with the barn by a door. The room must be well lighted and fly tight. Straining must be done with or thru a cloth.

6. Permits: Each farmer selling milk to the creamery or elsewhere must secure a permit from the health officer of Eddy county. (The above rules must be adhered to before a permit will be granted).

7. Other regulations: (a) Fly-proof, sanitary toilets on premises. (b) Clean water supply. (c) No communicable disease in the home.

The above rules apply only to those who desire to sell grade A whole milk. Sour cream can be sold to the creamery without any regulation by the state.

The only difference between grade A and lower grades is in the bacteria count. The above rules hold in all grades.

Anyone who desires a permit or information may call at the Chamber of Commerce or the creamery and your questions will be answered or referred to Dr. Puckett for solution. While the regulations seem quite stiff there are none of them that will exact hardship on the part of the producer and we shall be glad to be of service to you in making any adjustments.

INDIAN WOMAN 60 WINS BEAUTY CONTEST

Age was no bar to triumph in the beauty contest Thursday of last week at the 13th annual inter-tribal Indian ceremony at Gallup. Cloni Bituni Nisi, 60 years old, from Ganado, was declared winner of the Navajo show and she received the cash prize from the hands of Oliver La Forge, author of "Laughing Boy."

Ankle length skirts, containing many yards of material, Navajo blankets, moccasins, pounds of Navajo jewelry and a concho belt made up her costume.

Hints for the Household

PRESERVING HINTS

Jelly Making

Choose firm fruit. Not too ripe is the best.

When fruit is cooking to obtain the juice let it simmer. Do not stir.

Be careful about your kettle. Do not use a tin or iron one.

Have everything ready when jelly is done. Glasses sterilized etc.

Do not cook strained juice too long. Allow it to boil 20 minutes. This is generally sufficient.

BAKING HINTS

Some Rules for Berry Pies

1. In lining pie pan, be sure and lift pastry from edges and press down again with back of hand to eliminate air.

2. For juicy pies be sure and sprinkle flour over bottom crust before adding fruit.

3. Start pie in a very hot oven.

4. After about 10 minutes or when crust is firm and starts to brown—turn down oven and bake slowly.

5. Let a fruit pie bake thoroughly.

6. Do not let fruit pies boil at any time.

Something Different

Lettuce Rolls

1 head lettuce
1 cup of cottage cheese
1/2 cup of seedless raisins
1/2 cup of chopped walnuts
1/2 cup of mayonnaise

Salt
Pimento
Method: Separate and crisp lettuce leaves. Mix ingredients and spread on each leaf. Roll and tie with strip of pimento. A nasturtium topping these in place of a bow knot is pretty.

COOKING HINTS

Sweetbread Salad

1 cup of cold cooked sweetbreads
1 cup of diced celery
1/2 cup of diced cucumbers
1 hard boiled egg
Pimentos or green peppers
Mayonnaise

Method: Mix sweetbreads, cel-

ery, cucumber, pimentos and mayonnaise and place on bed of lettuce. Trim with egg and water cress.

Cocoanut Cookies

Large can of sweetened condensed milk
2 packages of shredded cocoanut

2 squares of chocolate or 1 tablespoon of vanilla, if preferred.

Method: Mix well. Drop on waxed paper or greased pan. Bake in slow oven.

Summer Sandwiches

6 small carrots
1 medium-sized cucumber
4 stalks of celery
1 green pepper, seeded
1/2 small-sized cabbage
1/2 cup of salad dressing

Put the vegetables through a meat grinder. Mix with salad dressing and spread on thin slices of buttered bread.

This recipe will make about five dozen sandwiches.

FORECAST 5,000,000 ON THE RELIEF ROLLS

WASHINGTON—A forecast that federal relief rolls will reach a record high of 5,000,000 families in February, and a denial of "misinformation" that the government is financing strikes were issued Sunday by Donald Richberg for the president's executive council.

The prediction of future needy was the third council report on "new deal" progress. That was accompanied by a statement in which the council secretary said:

"The amount of federal relief payments which can be attributed to strikes has been almost negligible."

"Should relief rolls be increased to 5,000,000 families they would constitute the heaviest load since Mr. Roosevelt took office. The largest previous relief burden, Richberg's figures showed, was in March, 1933, when 4,560,000 families received federal aid. In June, 1934, a total of 3,716,855 families and 512,701 single persons were on relief.

The anticipated winter increase in cases was based on "the severity of the drought situation and the usual seasonal increase in relief during the winter."

With strike clouds now breaking over almost a million textile workers, Richberg said that in view of "certain amount of misinformation," he felt he should make a clarifying statement. So he said:

"The number of workers involved in strikes during the last year has been a very small percentage of the total number of employed workers; and has been a smaller percentage than in previous comparable periods. The total man-hours lost as a result of strikes has been likewise unusually small; that it, strikes have been of exceptionally short duration."

NEW STATE SHINE PARLOR MOVES WEST

Milton Kelly, proprietor of the New State Shine Parlor, has moved his establishment from the lower end of Main street to the old Oasis Cafe building, west of the Miller pool hall and has added a billiard and pool table. The new shine parlor quarters are larger and give more room.

Jack Cheney, son of Mr. and Mrs. W. H. Cheney, arrived last week from Casper, Wyoming. He was accompanied by his aunt, Mrs. M. K. Lester, who will visit in the Cheney home for a few weeks before returning to her home. Young Cheney will remain with his parents and enter high school as a freshman.

SCHOOL DAYS

By DWIG

Eddy Co. Farm News— (Continued from first page)

the early one. Many of the root crops and celery are more crisp and tender and of better quality for having escaped the summer heat.

Autumn is considered the best time to can because the weather is mild and the women do not suffer in the kitchen. Also, the late crops are the vegetables usually stored. They go into the pit crisp and at the proper stage of maturity, thus preserving good quality for winter.

Now is the time to plan the fall garden and such vegetables as lettuce, spinach, carrots, beets, early cabbage, etc., can be raised successfully in this community. A small garden well-tended is better than a large one neglected. Plan if possible to be economical of labor. If the soil is fertile and irrigation water is available, one quarter acre should produce sufficient vegetables to supply the yearly needs of a family of five or six persons. The arrangement of the garden is very important.

Anyone desiring further information should see W. A. Wunsch, county extension agent.

BUDGET DIRECTOR QUILTS

HYDE PARK—President Roosevelt Saturday confirmed the resignation of Lewis Douglas as director of the budget by announcing the appointment of Daniel W. Bell, commissioner of accounts and deposits, to serve as acting director.

ATTENTION MASONS!

Regular communication Artesia Lodge No. 28, A. F. & A. M., at Masonic Hall tonight at 7:30 o'clock. All Masons invited to attend.

OIL TEST— (Continued from page one)

the Shell Petroleum Corp., Grimes No. 4, sec. 28-18-38. Before treatment the well flowed 99 barrels and increased to 171 barrels the first test after being acidized. The Stanolind Oil and Gas Co., Turner No. 8, sec. 34-18-38, was drilled to 4196 feet and on an open flow made 7,355 barrels and thru tubing 4,270 barrels.

In the Lea district, the J. S. Lee No. 1 of the Texas Company, sec. 14-20-34, has finally been tested and shortly after the test the rig was destroyed by fire. A pumping test set the production at eighty-eight barrels daily. Another Texas Company well, the I. B. Ogg No. 1, in sec. 35-24-36, which is being closely followed by the oil fraternity will soon reach a critical depth. Drilling is underway below 3095 feet. A gas showing was found at 3055-60 feet.

TALKS ON PAINT

Boone Barnett, the principal speaker at the luncheon program of the Artesia Rotary club Tuesday noon, made a very interesting and instructive talk on the subject of paint. H. S. Williams spoke briefly on the average membership attendance for the month of August. Visitors at the luncheon included Guy Nickson and Waldon Bassett, both of Roswell.

OLD TIMERS SAY 1934 DROUTH WORST YET

You still hear the old timers talk about the drought of 1886, but they all agree that it was not as bad as the drought of 1934. The 1886 drought was more severe perhaps in places, especially in central west Texas, but its effects were not as widespread as the present dry spell just ended. D. W. Runyan, who came here in 1885 was running cattle in the vicinity of YO crossing in 1886. He says the company he was working for lost over 1,000 head of cattle, but there were still places cattle could be moved where both water and grass could be found, whereas the 1934 drought extended over so much territory, there was no place to move livestock.

J. W. Turknett, another old settler, who came here in 1880 was running sheep in 1886. He says the dry weather was bad during a period, but was not prolonged like the 1934 spell. Stockmen at the time had considerable difficulty in keeping their livestock from the lakes and bogs on the river. Once a cow ever got down to the lake region it was next to impossible to get her out. Mr. Turknett explains that the Pecos river was full of crooks and bends at this time, much more so than now and frequently the river bed would change its course, converting a crook into a lake.

NEUMANN OUT FOR CONGRESS

E. K. Neumann, attorney general, last week announced his candidacy for congress at Carlsbad. Mr. Neumann this year finishes his four years as attorney general. During this time he has served on several important committees.

Billie Sue and Betty, daughters of Mr. and Mrs. S. B. Barnett, underwent tonsillectomy operations last Thursday.

Hydraulic Jacks All Sizes... At— Dr. Loucks Garage

HEADQUARTERS FOR COTTON PICKERS BAGS in all sizes and weights. We now have the "four in one" sack, 12 feet, 10 oz. at attractive prices. Regular light weight nine foot sacks \$1.05.

Artesia Alfalfa Growers Ass'n. (Call us for the Cotton Market... We are glad to furnish it)

MARKETS

N. Y. COTTON

(Furnished by courtesy of Artesia Alfalfa Growers Association.)

	(October Option)	Open	Close
August 30	13.19		13.25
August 31	13.05		13.16
September 4	13.03		12.99
September 5	13.09		13.16

The government report will be issued at 11 a. m. next Saturday, September 8th, and we think this report will be moderately bullish, showing an indicated production slightly under last month's report. However, we also think this situation will be fairly well discounted by that date and can see nothing in events (present or future) to indicate any big advance. On the contrary, we consider rallies will prove only temporary until the heavy movement of the crop is over. Those bullishly inclined point out that the 12c loan will undoubtedly support the market somewhat above that level at least, that it is much easier to sell than to buy cotton, that the strike will soon be settled and the market will march to higher levels, that the mills have curtailed all that they can and must now buy, that the basis is very high, and that the so-called beneficial rains have really not made any more cotton.

At the same time those bearishly inclined remind us that the now famous "farm-bored" once undertook to support the market above 18c, that there is no demand for spot cotton, that takings for the first month in the new cotton year are 250,000 bales behind a year ago when conditions were not so rosy, that exports are falling far behind every day, that unsettled conditions abroad with the blackest winter in prospect for many decades (even including the world war) ahead of us, and with the heavy movement of cotton just ahead of us, that we shall witness a gradually declining market.

Sales of cotton anywhere above 13.50 are recommended.

FRACTURES LEG

The small son of Mr. and Mrs. E. M. Fuller suffered a fractured leg in a fall from an automobile Tuesday.

MISTING RAIN THIS MORNING

After a hot day yesterday in which the thermometer ran to 101 degrees, a north wind brought relief last night. It is cloudy this morning and misting rain as we go to press.

Miss Minna S. Glover of Tucson, Arizona, has arrived and will be instructor of string instruments in the Pecos Valley Orchestra. She is located at the home of Mr. and Mrs. Richard Attebery.
