'The Community Of Opportunity - Where Water Makes the Difference'

Vol. 64, No. 37

10 Pages Today

Published Every Thursday At Muleshoe, Bailey County, Texas 79347

Thursday, September 10, 1987

DEPOT DEDICATION, RIBBON CUTTING, OPEN HOUSE PLANNED--Saturday morning, beginning at 9:13 a.m. breakfast will be served in front of the newly renovated Santa Fe Depot, just east of the Bailey County Civic Center. In the event of rain, the breakfast and ceremonies will be held in the meeting room at the Bailey County Civic Center, as the Bailey County West Plains Fair will be going on in the arena area.

## '87 Bailey County Fair Gets Underway Thursday

### John Graves Takes First In Contest

John Graves! You're sitting pretty -- for the first Merchant's Football Contest for this year. Graves started off the football season with a first place win -- sitting all by himself in first place. He missed one game, the Boston College vs. TCU game, and was the only contestant to miss just one game.

Graves takes the \$10 weekly prize, plus 10 points toward the grand prize of \$50 at the end of the current season.

Jo Wood, a longtime contestant, won second place in the contest. She was one of two entrants who missed only two games, and her tie games, and her tiebreaker score was 41.

Third place winner, who also missed two games, was James Hanson, but this tiebreaker score was 59.

It is important to remember -- if you predict the wrong winner in the tiebreaker games -- that does count as a missed game. Also, if there is a tie, and you do not correctly predict the tie, that also counts as a missed game.

All other contestants missed three or more games in the contest for this first week.

Be sure you mark (or circle) all the games. One contestant failed to circle the winners of the two games across the bottom of the page. This particular contestant would not have been in the winner's circle this week, but it would have been just the same if the games that were not marked would have made the difference in being one of the winners.

### 1987 Football Season Tickets Now On Sale

Reserve seat tickets went on sale Tuesday for the 1987 football season. Options may be picked up at the School Business office, 514 West Avenue G, through Wednesday, September 23.

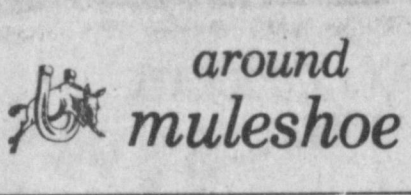

Persons whose names appear on the chart may pick up their tickets (1) in person; (2) by mail with ticket holder's personal check; or (3) by third party if tickets are purchased with ticketholder's personal check.

Beginning September 24, all remaining tickets will go on sale on a first come, first serve basis. Reserve tickets may be purchased at the School Business office during regular office hours from 8 a.m. - 5 p.m.

The cost of a reserve season ticket for four home games will be \$14. Any reserve seats remaining after the season starts will be \$4 each for each home game. General admission tickets for adults are \$3 a student season ticket is \$6 and a student general admission ticket is \$2.

## Mules, Boys Ranch Roughriders Renew Old Rivalry Friday Night

Friday night, the Muleshoe Mules will be on the road again, taking on an old rival, Boys Ranch.

Lazbuddie Young Homemakers are selling pecan halves again this year, and are currently taking orders.

This year, the price has been reduced, and they will only cost \$3.50 per pound.

You may place your order by calling Lana Copp at 965-2806.

The Muleshoe Squares will meet at 8 p.m. Thursday, tonight, at the American Legion Hall.

All square dancers, and persons interested in square dancing, are encouraged to attend.

In years past, the Mules have tangled with the Boys Ranch Roughriders more than one time, and it has always been a rough, tough competition.

And, once again, the backup quarterback, Jeff Hicks, will be starting the game. Quarterback Johnny Garcia, who was injured in pre-season action, is still not ready to play football, according to Athletic Director and head football coach Dale Keeling.

"We're really proud of Jeff," said Coach Keeling. "For the past four games, including two scrimmages, Jeff has really come through for us.

"He's a young man most teams would have for their starting quarterback."

Also on the injured list is James Ziegenfuss, who was also injured in pre-season action. But, injured Glen Flowers may see a little action, according to the Muleshoe High School coaching staff.

Last week, for season openers, the Muleshoe Mules handily did in the Olton Mustangs by a score of 35-12, scoring in each quarter of the game.

Apparently, the Boys Ranch Roughriders are a passing team. Although they maintained an early lead over the Panhandle team, Panhandle eked out a narrow 14-12 victory over the Boys Ranch Roughriders.

Both the Panhandle TDs came in the fourth quarter, as Boys Ranch scored in both the first and third quarters, before watching their lead melt away in the fourth.

For some good football action, Cont. Page 6, Col. 4

### 3-Way Eagles Play Hard; Drop Opener

Although the Three Way Eagles dropped their opener game against Dawson Friday night, first year head football coach Greg Jeffcoat is not the least depressed.

"We have a lot of new players," he said, "and Saul Guillen was injured in the first quarter. We thought at first he had broken his leg, but he came back later in the game, and played hard."

Dawson was leading 30-0 at the end of the first quarter, but the Eagles came through with stiffened up defense, and held the Dawson to only eight points in the final three quarters of the game, while accumulating 18 points.

On the way to the 38-18 score, Saul Guillen became the leading rusher with 12 carries for 94 yards; and he had an additional 192 aerial yards from his 17-28 pass attempts, along with three touchdowns.

Jarrold Sowder received two of the TD passes, one for 60 yards and the other for 24 yards. Mario Guillen latched onto the final Guillen TD pass for 36 yards.

## Anchor Brothers Band Recording New Album

The Anchor Brothers Band from Sudan, TX, will enter the studio in mid-September to begin laying down tracks for their ninth album, and their first national release.

"We have recorded our last seven albums at Don Caldwell Studios in Lubbock and feel that we work so much better there, with Don Caldwell and Lloyd Maines (Maines Brothers Band) that we decided to record our first national release there instead of in Nashville where a majority of recording is done," said Reydon Stanford, lead singer for the band.

The new album will feature several newly written and very inspirational songs, and has tentatively entitled "Backseat Driver."

"We have been working very hard in our home studio on these songs and we have sorta 'tested the waters' with a few of

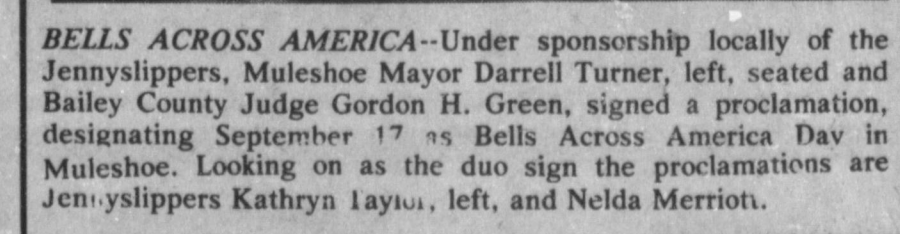

them in concert. We are very excited about the audience reaction, and feel confident that this album will be our best by a long shot," added Stanford.

The first single to be released nationally will be the title track "Backseat Driver." Time of release is estimated to be in January, 1988.

Stanford said, "Our local support in the last nine years of traveling and performing have been so great, and so encouraging, that we feel we want to expand our music nationally and represent all of our friends locally who are so supportive."

Members of the band include: Reydon Stanford, vocals and keyboards; Kenneth Richards, vocals and guitar; Dean Richards, bass; Lanny Kenney, vocals and guitar; W. T. Watson, steel guitar and Tracey Woods, drums.

**PUBLIC NOTICE**  
BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
SPECIAL ELECTION  
NOVEMBER 3, 1987

**PROPOSITION NO. 1  
ON THE BALLOT**  
House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

**PROPOSITION NO. 2  
ON THE BALLOT**  
House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

**PROPOSITION NO. 6  
ON THE BALLOT**  
House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

**PROPOSITION NO. 3  
ON THE BALLOT**  
House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

**PROPOSITION NO. 10  
ON THE BALLOT**  
Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

**PROPOSITION NO. 4  
ON THE BALLOT**  
House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

**PROPOSITION NO. 11  
ON THE BALLOT**  
Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

**PROPOSITION NO. 5  
ON THE BALLOT**  
House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.  
The proposed amendment will appear on the ballot as follows:

**PROPOSITION NO. 12  
ON THE BALLOT**  
Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment permitting spouses to hold community property with right of survivorship."

**PROPOSITION NO. 6  
ON THE BALLOT**  
Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to corrections institutions

**PROPOSITION NO. 13  
ON THE BALLOT**  
Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

and mental health and mental retardation facilities."

**PROPOSITION NO. 9  
ON THE BALLOT**  
Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

**PROPOSITION NO. 14  
ON THE BALLOT**  
Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment giving the state a limited right to appeal in criminal cases."

**PROPOSITION NO. 15  
ON THE BALLOT**  
House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

**PROPOSITION NO. 16  
ON THE BALLOT**  
Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

**PROPOSITION NO. 17  
ON THE BALLOT**  
Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

**PROPOSITION NO. 18  
ON THE BALLOT**  
House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment relating to the creation, operation, and financing of jail districts."

**PROPOSITION NO. 19  
ON THE BALLOT**  
House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

**PROPOSITION NO. 14  
ON THE BALLOT**  
Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment giving the state a limited right to appeal in criminal cases."

**PROPOSITION NO. 15  
ON THE BALLOT**  
House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

**PROPOSITION NO. 16  
ON THE BALLOT**  
Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

**PROPOSITION NO. 18  
ON THE BALLOT**  
House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment relating to the creation, operation, and financing of jail districts."

**PROPOSITION NO. 19  
ON THE BALLOT**  
House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

**PROPOSITION NO. 20  
ON THE BALLOT**  
House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

**PROPOSITION NO. 21  
ON THE BALLOT**  
Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

**PROPOSITION NO. 22  
ON THE BALLOT**  
Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

**PROPOSITION NO. 23  
ON THE BALLOT**  
Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.  
The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

**PROPOSITION NO. 24  
ON THE BALLOT**  
House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

**PROPOSITION NO. 25  
ON THE BALLOT**  
Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.  
The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

**EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1**  
Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.  
The referendum will appear on the ballot as follows:  
"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

**EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2**  
The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.  
The referendum will appear on the ballot as follows:  
"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

#### CAR CANTALOUPE SHIPPED SATURDAY

A Jap farmer shipped a car of choice cantaloupe to an Amarillo firm Saturday. The Muleshoe Cantaloupe is making a big hit this season. Orders are being received from all over the country. When they get one taste of the famous Muleshoe melon they never forget it. The greatest trouble with our cantaloupe project is the acreage is far to small to supply the demand.

#### MULESHOE BUSINESS CONCERNS DELINQUENT IN SOCIAL TAX DUES

That several business concerns in Muleshoe are not complying with the Social Security act requirements, is the statement of a representative of the U. S. Internal Revenue Department who was in Muleshoe last week.

Some local citizens still do not realize that Title VIII imposes an income tax on the wages of every taxable individual and an excise tax on the pay roll of every employer of one or more persons, the present rate for employer and employee alike being one percent of the taxable wages paid and received.

Under Title IX, employers of eight or more persons must pay an excise tax on their annual pay roll. Both acts became effective January 1. Employers are held responsible for collection of employee's tax and remittance of both to the Internal Revenue Department at Dallas for this area.

Penalties for delinquencies are levied against the employer, not the employee, such ranging from five to 25 percent. Criminal action may follow willful refusal to pay.

#### GRADE SCHOOL IS NAMED IN HONOR OF MARY DE SHAZO

No longer to be known as the "Old elementary school", the group of elementary buildings located between West Third and West Fifth streets, now bear the title of Mary De Shazo Elementary School.

The board of trustees of the school district bestowed the name of the school at a meeting held early this week.

It is in memory of Mrs. J.J. DeShazo who taught for many years in the buildings and who passed away in November 1952.

Mrs. DeShazo taught for 17 years in the elementary schools in Muleshoe.

#### SCHOOL ENROLLMENT CLIMBING EACH DAY

At the close of school Friday a total of 1,918 students had enrolled. This is 123 less students than had enrolled at the same date last year.

High School is the only school in the system which is showing an increase. Last year's enrollment stood at 509 students while 520 registered this year.

Junior High School shows a reduction of 45 students. Richland Hills is 35 students short and Mary DeShazo shows a decrease of 54 students.

Superintendent Neal Dillman said more students were registering each day, bringing the total nearer last year's enrollment each day and enrollment is expected to level off in the next few days and could easily equal or exceed that of last year.

#### WRECK, SHOOTING LEAVE ONE DEAD SEVEN INJURED

Weary law enforcement officers, ambulance personnel, hospital personnel, and emergency firemen looked at the three day period from Saturday afternoon through Monday night and hoped things

would quiet down just a bit. Tragic events started just before 1 p.m. Saturday when a grinding near head on crash five miles West and two miles South of Muleshoe on a dirt road claimed the life of a Farwell man.

Horace Edwards, 66, died at approximately 2:30 p.m. Saturday in West Plains Medical Center.

Injured and taken to Methodist Hospital in Lubbock for treatment of head injuries was Eubank's grandson, James Allen Eubanks, also of Farwell. Hospitalized in Muleshoe was James William Eubanks. Treated and released at the hospital was Maldonado Eulalio Villalobas, driver of the other vehicle.

Around 9:30 p.m. Sunday officers and ambulance personnel were called to the Valley

Motel to pick up a shooting victim. Julian G. Tijerina of Morton was reportedly shot in the right shoulder and through his face by a high powered rifle as he drive down Highway 84 adjacent to the motel.

A third incident at 7:15 p.m. Monday, sent a third violence victim to Methodist Hospital in Lubbock.

In that accident, at the west side of Progress, a semi-truck load of potatoes struck the left side of a truck of corn, forcing the corn truck into a field before the semi-truck went out of control, skidded down the highway and overturned.

Injured in the accident was Michael Baker, who received emergency treatment at West Plains Medical Center before being transferred to Lubbock for treatment.

Teachers received 10 hours of Advanced Academic Training from the Texas Education Agency for completing the workshop.

### In Fashion

Jeans and oversized shirts and sweaters will continue to be favorites on the campus this year.

There will be classic styling in denim jeans and jackets. Today's collection of styles range from basic blue to stonewashed to frosted in most departments.

Designer T-shirts with ribbed neck and short-sleeve cuffs are relatively new...color and design seem to have no limit.

## Make It Milk For School Lunches

There's no doubt that children and teenagers need plenty of calcium, but they're now less likely to get it from the small square milk carton that used to be a part of every school lunch.

The availability of fruit drinks in pouches or individual serving size cartons means children don't have to buy milk to go with their sack lunches. In many high schools, students also have the choice of getting a soft drink from a machine.

"The question for parents is whether they think their child is getting enough calcium each day for good health," says Dr. Dymple Cooksey, a nutritionist with the Texas A&M University Agricultural Extension Service.

"Children ages one through 10 need 800 milligrams of calcium a day," she says. "This requirement can be met with three servings of dairy foods as part of the everyday diet."

"Due to increasing bone length and development, adolescents 11 to 18 years old need 1,200 milligrams of calcium, which can be met by eating four servings of dairy foods daily," she adds.

One 8-ounce cup of milk, which is the amount contained in a milk carton served in schools, is one serving. A 1 1/2 ounce piece of cheese or a cup of yogurt are also equivalent to one serving, according to the nutritionist.

"According to recent U.S. Department of Agriculture studies, many young people don't get enough calcium daily," states Cooksey. "In fact, females over 11 years of age were reported as one group at greatest risk of calcium deficiency, which can lead to osteoporosis in later years."

"If your child drinks milk at breakfast and dinner and eats other dairy foods throughout the day, a sweetened fruit drink at lunch may not interfere with adequate calcium intake," she notes.

When children and teenagers don't drink milk at school or home the nutritionist suggests that they be offered more dairy products in meals and snacks.

Cheese sandwiches, cheeseburgers, cheese and crackers, string cheese, cheese pizza, flavored yogurts, milk shakes, ice cream and milk-based pud-

dings all add calcium to the child's diet, she explains.

"Giving children calcium supplements in pill form is generally not a good idea," warns Cooksey. "Calcium supplements can have side effects, so you should check with a physician before giving them to your child."

"Dairy foods are the best and more abundant source of calcium in our food supply," says the nutritionist. "In addition, they contain lactose and vitamin D which enhance calcium usage by the body."

## Jennyslippers Plan September Activities

Upcoming events were the main topic of business at the Jennyslipper meeting at noon Tuesday. Billie Downing, president, called the meeting to order and welcomed visitors, Paula Tarter and Judy Watson. Minutes of the previous meeting were read by Sandi Robinson, they were approved as read.

The main topic on the agenda was the Bailey County West Texas Fair scheduled Friday and Saturday, Sept. 11 and 12.

The Jennyslippers will have a booth where those attending the fair may purchase food, cold drinks or suvioners. They will also have bells to sell for ringing in the Bells Across America scheduled for Sept. 17 at 3 p.m. which is the exact time the Decoration of Independence was signed in 1787.

Jennyslippers also have tickets for the "Taco Breakfast" scheduled Saturday morning, just prior to the dedication of the Old Depot.

Vivian White gave a report on the History Book, reminding everyone that more volunteers are needed each Monday evening at the library. Everyone is encouraged to get their history in. "There will be absolutely no stories taken after Dec. 1," said Mrs. White. She also reminded the group of the two writing workshops scheduled for Sept. 15 and 17 at the library.

Safety: Beware

of Barbecue Fires

Talk about expensive meals: fires started by open barbecue grills cost Americans an average of about \$8.8 million per year over a four year period in the 1980s, according to national figures. Experts at Allstate Insurance Company estimate that the amount of losses could climb rapidly with the increasing popularity of grilling on home decks, and apartment and condominium balconies.

Hugh Gaylor, underwriting vice president at Allstate's business insurance division, said "You can prevent many grill-related tragedies by grilling cautiously and following a few safety tips." Consider these:

DO be sure your grill is sturdy and stable, especially if it stands on legs.

DON'T barbecue in a confined space.

DO place your grill so sparks and smoke won't fly toward buildings, furniture or people.

DON'T use gasoline, kerosene, alcohol or a cigarette lighter to start a fire.

DO prevent burns and protect your clothing with a heavy apron and pot holder-type gloves.

DON'T add more starter to a fire.

DO use only enough charcoal to last for the time it will be needed.

DON'T leave a grill unattended once the coals are lit.

DO properly attach your ash catcher to the kettle grill.

DON'T move outdoor barbecues indoors. Smoldering charcoal can build up lethal concentrations of carbon monoxide.

DO douse the coals thoroughly with water after grilling.

DON'T discard used briquettes in a cardboard carton or any other combustible container.

DO transport, store and use propane gas cylinder in an upright position.

## Turning Grandparents Into Graduates

By Ann Graub  
Half of the senior citizens in Texas today have never been to a senior prom. This is not surprising when you realize that half of the senior citizens in Texas never completed high school.

Growing up in the Thirties and Forties created many obstacles to obtaining a diploma. The Depression, large families with a lot of mouths to feed and too little income, military service or war effort jobs, and a general belief that a high school degree just wasn't that important were all factors making a person with a high school diploma something of a rarity in pre-World War II years.

"I firmly believe that most seniors have learned as much as many of the kids in high school today," says Allen Baca, a program developer with the Texas Department on Aging. Baca is no stranger to the problems of people who have brains, but no paper to prove it. He worked in jails and prisons for more than 10 years, helping prisoners and probationers prepare for the General Educational Development test, or GED.

"As this generation of senior citizens moved to the different stages of life and the need for learning increased, the most useful tool they acquired was the ability to read," Baca says. "It was, and still is, the most useful tool a person can have. When a person needs to learn more about her or his work, it is

done through reading. Hence, many senior citizens find reading a relatively easy skill to acquire because they're motivated to do so."

After joining the TDoA staff, Baca was interested in seeing if his experiences working with prisoners and probationers would work with senior citizens. Baca was given this opportunity three years ago when he was contacted by Shirley Archer, program director of the Dawson County Senior Citizens Center in Lamesa. Archer asked Baca about the possibility of GED classes for senior citizens in her center.

"I like to give people the Gates-MacGintie Reading Test to get them going," Baca explains. This test covers vocabulary and comprehension and measures a person's reading level in terms of comparable grade levels. "This usually gets people hooked," Baca says. "Most older people have scored much higher on this test than the grade level they completed in school. When they receive their test results, they are usually chomping at the bit to work on getting their GED."

When Baca went to Lamesa to give the reading test, he expected 10 people to be tested, but news of the event had spread and he found himself testing 35. "One 83-year-old student went back to the kitchen, found a big red apple, polished it brightly and brought it to me just as I began grading her test," Baca recalls. Twenty-

four of those tested were found to have a ninth grade reading level or better.

Baca then continued Pavalos Russos of the Texas Education Agency is Austin and Archer took the scored tests to Herb Kunkel, Adult Education Coordinator in Lamesa. The ball was rolling.

Kunkel met with the Adult Regional Education director in Lubbock. A decision was quickly reached to set up a \$5,000 budget to establish a class unit in the Dawson County Senior Center. A part-time instructor was hired and a teacher's aide was provided to teach the brush-up classes as well as instruct those who wanted to begin a course of study to prepare for a GED. Ten seniors had graduated within a few months.

"Senior centers are an ideal place for senior citizens to obtain their GED," Baca says. "Most of the current setups for continuing education are held at

times and places that are not particularly appealing to an older person. Sometimes classes are offered at night, and most senior do not like the idea of being out at night. Too often, classes are held at schools and many seniors do not have transportation. And these programs usually include a broad spectrum of ages, whereas many seniors feel uncomfortable being around younger people in a learning situation.

The county agent discussed the Bailey County West Plains Fair, and says this will be the

### Cancer Society Helping Local Area Residents

The American Cancer Society announced recently that as of July 31, eight patients in Bailey County had been served since September 1, 1986, the beginning of the current fiscal year. The estimated dollar value of the services provided is \$1,642, most of which originated in equipment loans.

American Cancer Society provides hospital equipment to cancer patients on a rental basis at no cost to the patient. Items available include hospital beds, siderails, commode chairs, walkers, wheelchairs, crutches, etc. Expendable 'gift items' available include ostomy supplies, sheepskins, eggcrate mattresses, dressings, room deodorant, and laryngectomy bibs.

The Society also has available a 'Reach to Recovery' program. This program enables women who have had breast surgery opportunities to meet other breast cancer patients who have been trained to help the new patient with the emotional and consequences of breast surgery.

American Cancer Society services are available to all cancer patients, regardless of circumstances. All that is required in most cases is the physician's approval. For more information, call 806-794-5808, collect, if necessary.

For further information concerning The Anchor Brothers Band, call Kenneth Richards at 806/227-2188; or Reydon Stanford at 806/933-4607; or write The Anchor Brothers Band, 701 Second St., Sudan, TX 79371.

LATEST MAC BUCK WINNERS--Saturday afternoon, when the MAC Buck drawing was held under threatening, cloudy skies, three persons went home with the loot. They are from left, Patti Puckett, \$25; Ruby Garner, \$50; and Cleo Seagroves, \$100. Patti Puckett is a repeat winner. Whoever held orange ticket no. 099445, missed out on \$50 as they were not present.

### Notre Dame Expected To Squeeze Out Win

Notre Dame lost six games last season, five of them by a total of 14 points. As a result, the Irish were barely nosed out of our final Top Twenty by Iowa. The first one point loss was to Michigan in the 1986 opener, 24-23. The '87 opener could be a repeat, but we're just reversing the score. The Wolverines rolled up an impressive 11-1 record last season, losing only to Minnesota during the regular season (had to mention it!) and then dropping still another Rose Bowl encounter to the Pac-10. Arizona State beat Michigan, 22-15.

Alabama took a bit of a thrashing from Penn State last year before the home folks. The score, 23-3. The Lions are hosting this year, and the Tide is anxious to test the integrity of Pennsylvania's license plate slogan "You've Got A Friend In Pennsylvania." 'Course there's no law against beating your friends. We're picking Penn State - but close.

In its opener in 1986 vs the Big Eight Conference, U.C.L.A. was embarrassed 38-3 by Oklahoma in Norman. The Bruins are again venturing into the midwest, this time to play Nebraska of the Big Eight. But this time they hope to be prepared. U.C.L.A. came back from its loss to Oklahoma to post a 7-3-1 season and to beat

Brigham Young in the Freedom Bowl. Nebraska finished 9-2, and upset L.S.U. in the Sugar Bowl. The winner: U.C.L.A.

The two upstart Arizonas, the Sun Devils and the Wildcats, had a combined 17-4-1 record last season, State winning the Pac-10 Conference championship for the first time in its history. Both were winners in the post-season, Arizona beating North Carolina in the Aloha Bowl 30-21. And both are favored Saturday over Big Ten opponents. Arizona will host Iowa - and win . . . and Arizona State will visit Illinois - and win.

first county fair she has ever worked with.

She also discussed the 4-H program, and said the first regular meeting for the Bailey County 4-H members for the fall will be Monday, at 7 p.m. at Summit Savings.

4-H is open to all youth, boys and girls, from the third grade through age 19, and they become involved in a number of projects.

The main projects for 4-H youth from this county are livestock, clothing, and they are currently studying Food and Nutrition. They are also looking into a Recreation project.

Miss McWhorter said 4-H meets normally on the first Monday of each month.

In other Rotary action, Dick Chitwood, who heads up the commercial booth division, said he has signed up 16 commercial booths, including some food and service booths.

A reminder was issued that the sales tax increases on October 1, which will take the current tax to seven percent. This will be followed on January 1, 1988, by an additional one-half percent tax, since the new county sales tax was approved.

### Hospitals Warned

WASHINGTON—Following nine cases of health-care workers contracting the AIDS virus on the job, the Labor Department said that it will start fining hospitals that don't follow what had been voluntary guidelines for protecting employees from contagious diseases.

### Agent Orange Found

ATLANTA—study of Vietnam veterans who served in areas sprayed with the defoliant Agent Orange found that few have elevated levels of dioxin in their blood. The National Center for Disease Control, which is conducting tests on Vietnam veterans, reports that only one of 400 tested showed higher-than-normal levels of the defoliant's ingredient.

**Agricultural**

**'Piece Rate'**

**Has Increased**

A new pay schedule for agricultural workers who are paid according to how much they harvest went into effect September 1, Texas Agriculture Commissioner Jim Hightower, announced.

"The state minimum hourly wage for agricultural workers was raised to \$3.35 during the 70th Legislative Session. Since most producers pay farmworkers based on how much produce they pick, rather than for how long they work, it was necessary for the existing 'piece rate' schedule to be updated," Hightower said. The old piece rate was based upon a state minimum wage of \$1.40 per hour.

Farmworker Liaison Olga Moya of the Texas Department of Agriculture, explains the benefits of the increase. "This means that farmworkers picking black-eyed or hull peas will be paid eight cents per pound rather than three cents per pound. Someone picking green or snap beans will now be paid 12 cents per pound instead of five cents. Those workers picking cherry, hot or sweet peppers will receive \$7.46 per 5-peck basket instead of \$3.11," Moya said.

"At the same time, citrus workers who pick oranges and grapefruit will receive 92 cents and 54 cents per full citrus bag, respectively, compared to the old rate of 38 cents for a full bag of oranges and 22 cents for

**Buck Gregory**

**Funeral Service**

**Scheduled Today**

Funeral services for T. W. (Buck) Gregory, 70, of Farwell and Lariat, are scheduled for 10 a.m. today, Thursday, at Hamlin Memorial United Methodist Church in Farwell, with Rev. H. E. Stevens, Jr. officiating. Interment will be in Sunset Terrace Cemetery at Farwell under direction of Steed-Todd Funeral Home of Clovis.

Gregory died Monday, September 7, at Lubbock. He was born November 2, 1916 at Bronte, and moved to Farwell in 1949 from Maple.

He owned and operated Gregory Produce at Lariat since 1952, and was a longtime area farmer. He was a member of Hamlin Memorial United Methodist Church at Farwell, and served as a member of the Farwell School Board from 1962-1966, serving two years as board president.

He is survived by one daughter, Rita Norrod, Silver Springs, MD.; two sons, Larry of Farwell and Randy of Austin; two sisters, Olga Whalen of Fort Worth and Nolia Walls of Farwell; eight grandchildren and two great grandchildren.

He was preceded in death by a sister, Laura Taylor. The family suggests memorials be made to the Farwell Fire Department.

a full bag of grapefruit," Moya added.

According to Moya, the new piece rates will have their greatest impact in South Texas and the South Plains, where most of the state's fresh produce is harvested.

"For farmworkers, every penny counts. That's why it is so important that Texas producers throughout the state be aware of the changes in wage rates and instituted them on September 1," Hightower said. "Anytime there is a change, there are bound to be some questions and some confusion. Olga Moya is very knowledgeable about the changes and is available to help producers with their questions. She is only a phone call away."

Moya can be reached in Austin by calling 512/463-7427.

**Class Of '45 Holds Reunion**

Several of the members of the graduation class of 1945, from Muleshoe High School, met at the home of Billye 'Littleton' Jones, 318 West Seventh, on Friday, August 29, for a patio party.

Attending were Byron and Rachel Linville, Pete and Jean (Witte) Jenkins, Claude and Evelyn (Nickels) Riley, Gwyneth Bigham Peterson, Bill and Doris Jean (Bearden) Yeary, Mattie Hogan Hicks, Billye Littleone Jones, Dick and Neva (McGuire) Rousselet, Robert McReynolds, Jack and Cara Juan Schuster and Alta Mae Ellis.

Jack and Magann Rennels taped interviews with each person attending the party.

Saturday morning, the group

met at the Hungry Mule Restaurant for breakfast and to view the taped interviews.

The group toured the renovated Depot and the Gwyn Room, which they said they enjoyed very much and could see the many possibilities of its use.

After lunch at Leal's, the group spent the afternoon free, before regrouping in Clovis for dinner, followed by a visit in the home of Gwyneth Bigham Peterson in Clovis.

"We certainly enjoyed visiting and recalling school memories, and are looking forward to our next meeting, again in 1990," said Littleone Jones.

Memo to: Landowners of the South Plains

From : Jim Hayes

James F. Hayes & Co. is known throughout the Panhandle and South Plains as the agricultural real estate firm that gets the job done. Our agents live and work in the rural communities they serve.

Vic Coker, our representative in your area, has done such an outstanding job selling farmland that we are beginning to run short of listings.

If you have been considering selling your land, I hope you will give Vic a call. He is a true professional and I know you will enjoy doing business with him. You can contact him by either calling him at 965-2468 or calling our Clarendon office.

We look forward to hearing from you and working with you.

Yours truly,

Jim Hayes
