

THE CHURCHES

CHRISTIAN SCIENCE SOCIETY
613 W. Main Street

10:15 a. m. Sunday school.
11:00 a. m. Sunday services.
"Doctrine of Atonement" is the subject of the lesson-sermon which will be read in all Churches and Societies of Christ, Scientist, on Sunday, April 21st.

The golden text is: "Christ was once offered to bear the sins of many; and unto them that look for him shall he appear the second time without sin unto salvation." (Heb. 9:28).

Among the citations which comprise the lesson-sermon is the following from the Bible:

"Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit; for why will ye die, O house of Israel?" (Ezek. 18:31).

The lesson-sermon also includes the following passage from the Christian Science textbook:

"If truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight . . . I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with truth and love."

FIRST CHRISTIAN CHURCH

Services for the week:
Thursday, Friday and Saturday evenings 7:30, continuing the Holy Week services dealing with events of the last week in the life of Christ. Lord's Supper Thursday evening.

Topic: "The Message of Easter."
7:00 Young Peoples meeting.
7:30 Wednesday prayer meeting.
W. B. McCrory, Pastor.

FIRST METHODIST CHURCH
A. C. Douglas, Pastor

Sunday school begins at 9:45 a. m. There is a class for every age group with graded lesson material. George Frisch, superintendent.

Morning worship will start promptly at 11 o'clock. The pastor will deliver a message on "The Hope of the Resurrection," and following the message reception of members and baptism of children. Good music by the choir under the direction of Mrs. I. L. Spratt.

Epworth League devotional service begins at 6:30 followed by a 30-minute Bible study directed by Mr. Hornbaker.

The evening service will be given over to the choir entirely for the rendition of the cantata, "The Thorn Crowned King." About 20 voices under the direction of Mrs. Spratt will sing this beautiful cantata. We hope that the house will be filled at 8:00 o'clock so that

In The SPORT WORLD

JAPANESE GIRLS GO IN FOR BASEBALL — Since the visit of Babe Ruth, and other American baseball stars to Japan, a craze for the game has spread over the nation. Tennis balls are used.

SOCIETY'S NEW PASTIME — An intimate snap shot in the Park Avenue residence of Baroness Florence Carbonelli playing MAKE-A-MILLION, the new game in New York society. From left to right: Sidney Lenz, noted bridge expert; Princess Olga Chagodaev, Baroness Carbonelli and Signor Capablanca, international chess wizard.

MONTHLY OIL SALE BRINGS STATE A TOTAL OF \$29,561.67

Twenty-four of the twenty-five tracts of oil and gas land offered to the highest bidder by the state land commissioner at Santa Fe on April 10th, brought a total revenue of \$29,561.67. Practically all of the offerings were sold at the time of the sale.

Tract No. 1, consisting of 910.31 acres and located in twps. 15 and 16, ranges 30, 31 and 32, sold to E. W. Owen of San Antonio, Texas, for \$249.00. Nine bids were entered on this tract.

Tract 2, consisting of 872.16 acres and located in twps. 22, 24, 25 and 26, range 33, sold to the Shell Petroleum Corp., of Houston, Texas, for \$305.26.

Tract 3, consisting of 4,336.77 acres and located in 13-34, sold to the Phillips Petroleum Co., for \$3,512.78.

Tract 4, consisting of 3,154.47 acres and located in twp. 13, ranges 35 and 37, sold to the Shell Petroleum Corp., for \$6,624.39.

Tract 5, consisting of 2,401.53 acres and located in 16-33, was sold to E. W. Owen for \$625.00.

Tract 6, consisting of 2,200 acres and located in 16-33, sold to the Empire Gas and Fuel Co., of Bartlesville, Oklahoma, for \$1,342.00.

Tract 7, consisting of 1,760 acres and located in 16-33, sold to the Empire Gas and Fuel Co., for \$1,408.00.

Tract 8, consisting of 560 acres and located in 32-17-30, sold to William Spurck of Los Angeles, California, after the sale for \$140.00.

Tract 9, consisting of 440 acres and located in twp. 17, ranges 31 and 32, sold to William Spurck after the sale for \$110.00.

Tract 10, consisting of 200 acres and located in 20-28, sold to A. N. Etz of Roswell for \$256.00.

Tract 11, consisting of 400 acres and located in 20-28, sold to R. S. Magruder of El Paso, Texas, for \$105.00.

Tract 12, consisting of 400 acres and located in 20-28, sold to R. S. Magruder for \$105.00.

Tract 13, consisting of 640 acres and located in 17-33, sold to R. A. Shugart of Artesia for \$256.00.

Tract 14, consisting of 1,080.84 acres and located in 17-33, sold to Wm. Spurck after the sale for \$270.41.

Tract 15, consisting of 411.89 acres and located in 6-17-33, sold to Ralph Gallinger of Hollywood after the sale for \$110.47.

Tract 16, consisting of 320 acres and located in 32-17-33, sold to the Union Oil and Mining Co., for \$108.00.

Tract 17, consisting of 320 acres and located in 17-34, sold to the Humble Oil and Refining Co., among four other bidders for \$1,200.00.

Tract 18, consisting of 645.19 acres and located in 17-34, sold to the Empire Gas and Fuel Co., for \$1,064.55.

Tract 19, consisting of 3,738.33 acres and located in twps. 17 and 18, range 34, sold to the Phillips Petroleum Co., for \$6,786.38.

Tract 20, consisting of 600 acres and located in 17-36, sold to E. W. Owen for \$1,962.00.

Tract 21, consisting of 480 acres and located in 17-36, was sold to the Texas Company for \$561.60.

Tract 22, consisting of 240 acres and located in 29-17-36, sold to N. H. Wills of Roswell for \$300.00.

Tract 23, consisting of 400 acres and located in 29-17-36, sold to the Ohio Oil Co., for \$820.00.

Tract 24, consisting of 440 acres and located in 35-17-36, sold to N. H. Wills for \$1,210.00.

LECTURE ON THE JORDAN RIVER

H. W. Wrye, minister to the Hamlin, Texas, Church of Christ, will deliver a stereopticon lecture at the Artesia Church of Christ Friday evening, beginning at 7:30 p. m., it was announced here by A. G. Hobbs, local minister, this week. The subject of the lecture illustrated by seventy-five colored pictures from photographs and drawings made of the Jordan river showing its physical characters is said to be very interesting. It is described as a wonderful opportunity for the Bible student to fix in his mind the dozens of important facts about "The greatest river in the world." The public is cordially invited to attend. Admission is free.

GRAVELING PROJECT IS NOW UNDERWAY

Graveling of the Hope-YO stretch of road is the only FERA project underway since the shutdown over the last more than ten days ago, M. W. Evans, county administrator, said Saturday. About two of the eight miles of roadway to be gravelled has been finished.

GUADALUPE PEAK AS NATIONAL MONUMENT

Press dispatches from Texas last week said Judge W. R. Ely, member of the state highway commission, favored creation of a national monument in the Guadalupe mountains. The proposed monument would center around the Signal Peak mountain.

NEWS REVIEW
ACTUAL COOKING TIME FOR THIS DINNER FOR 6 PEOPLE 25 MINUTES
Here's the Menu: BROILED SIRLOIN STEAK, FRENCH FRIED POTATOES, GREEN BEANS, HOT BISCUITS, COCONUT PIE, COFFEE
Better Cooked Foods Because of THE AMAZING, NEW BAND-A-BLU BURNER and FLAVOR-SAVING OVEN
Twenty-five minutes to cook a dinner for six people! That is the kind of time-saving cooking performance you get every meal—every day—with the new Coleman Instant-Gas Range—thanks to the amazing new BAND-A-BLU BURNER. The greatest improvement ever made in liquid fuel cook stoves. Gives you a band of clear blue, smokeless flame. Turns high for fast cooking. Turns down to a tiny simmering flame for slow cooking or warming. Twenty per cent more efficient. Reduces fuel consumption one-fifth.

Coleman Instant-Gas Range
GAS FROM GASOLINE BY CARBURIZATION
When you see the new Coleman Instant-Gas Ranges at our store you will think you are looking at magnificent city gas ranges. But Coleman Ranges are built for folks who have no gas service. They make their own gas from ordinary gasoline free from anti-knock compounds. Reconvert gasoline into gas just like the carburetor of an automobile. New Dial Type Safety Carburetor Valve gives positive finger tip fuel control. Amazingly economical!
Built to give years and years of easier and better cooking service. Insulated oven saves heat. Has drawer type broiler for preparing delicious broiled foods; handy, roomy utensil drawer; concealed fuel tanks of electrically welded Everdur Metal will not rust or corrode.
Visit our store and see these new Coleman Ranges. We will gladly demonstrate their many modern features.

Economy that amazes even owners of smaller cars!
A General Motors Value
Owners first won by Pontiac's beauty soon discovered that the 1935 Pontiac is one of the most economical cars on the road today! Not merely remarkably free from the need for repairs, but so saving on gas and oil that it amazes even those used to driving smaller, lighter cars.
Since the 1935 Pontiac is a big, full-weight car such economy may sound incredible. But the report comes straight from owners. We do not quote sensational figures because such figures are usually obtained under special conditions. But if you want PROOF of Pontiac's economy, we are ready to supply it. Come in—and get the facts!

Social Activities

C. H. B. BIBLE CLASS HAS PARTY

The C. H. B. Bible class of the Presbyterian church, taught by the Rev. W. B. McCrory, was entertained at the James Allen home last Thursday evening, with Mrs. Allen and Mrs. Howard Williams co-hostesses.

Mrs. Frank Smith presided during the business meeting when the class was given the name of Christian Home Builders and to be called the C. H. B. Bible class.

Well-planned and appropriate games furnished a delightful evening of amusement. At the close of the evening the hostesses served a delicious ice course to the following guests: Messrs. and Mmes. Frank Smith, William Linell, Hugh Kiddie, Russell Rogers, Goff, Mrs. W. B. McCrory, Fletcher Hornbaker, Le Dean McCrory, Howard Williams and James Allen.

SUSANNAH WESLEY BIBLE CLASS EASTER PARTY

Mrs. E. A. Hannah was hostess at the Susannah Wesley Bible class Easter party. Spring flowers were used to decorate her home.

Mrs. Hannah, class president, presided during the business session; Mrs. William Pistole read the beautiful Bible lesson. The response to roll call was given with favorite verses of the Bible.

After a delightful social hour, a delicious refreshment course was served by the hostess to the following guests: Mmes. Henriksen, Rigdon, Forsythe, Bullock, Pistole, Cowan, W. S. Williams, Frisch, Stroup, Cox, Dawson, Keller, Reed Brainard, McCann, Matteson, S. S. Ward, W. S. French, Jernigan, Ohr, Leonne French, Stanley, Stagner, and Mrs. Eaton of Shendoah, Iowa.

P. E. O. CONVENTION IS HELD AT CLOVIS

The state P. E. O. convention closed its annual session at Clovis Saturday with the election of officers and the selection of a 1936 convention city, Las Vegas being chosen as the next convention city, and Mrs. R. L. Paris of Artesia was among the officers re-elected, being elected to the position of treasurer. Other officers named were: Mrs. Olga Hayner of Las Cruces, president; Mrs. Etta Devendorf, Santa Fe, first vice-president; Mrs. Mona Wilson, Albuquerque, second vice-president; Mrs. Deliah Williams, Carlsbad, organizer; Mrs. Nettie Mullins, Tucumcari, recording secretary; Mrs. Elsie Brown, Raton, corresponding secretary.

The Artesia chapter gave an exemplification of the memorial hour Thursday afternoon.

Attending from here were: Mmes. Leslie Martin, R. A. Shugart, Fred Cole, V. L. Gates, R. G. Knoedler, R. L. Paris and W. E. Kerr.

CARLSBAD WOMAN HEADS TRI-STATE MUSIC FESTIVAL

Mrs. Jeffie Lee Bynum of Carlsbad was elected president of the Tri-State Music Festival and Dallas, Texas, was chosen as the scene of the 1936 meeting in the closing sessions of the festival at Carlsbad Saturday.

Mrs. Daisy Guffin of Roswell was named vice-president, and Mrs. Marie Guist of Carlsbad, secretary-treasurer.

Approximately a thousand students, their parents and teachers toured the Carlsbad Caverns Saturday and the festival chorus, directed by Robert Hopkins of Baylor University, gave a brief concert in the great amphitheater of the caves.

EASTER CANTATA AT CARLSBAD

An Easter Cantata, "The Seven Last Words of Christ," by Debois, will be presented on Good Friday evening, April 19th, by the Carlsbad Choral club at the First Methodist church auditorium, beginning at 8:15 p. m., under the direction of Edgar Kraus.

Three guest soloists from El Paso, Mrs. Courtney Proffitt, William Balch and Tom Williams, will take part in the Cantata as well as three singers from Artesia, Mr. and Mrs. C. O. Glover and Miss Opal Benz.

All music lovers of Artesia and north Eddy county are cordially invited to attend.

AWARDED GOLD MEDALS

Two local violin students were awarded honors at the Tri-State Music Festival at Carlsbad Friday. Elnora Gage and Shirley Bartlett were given gold medals for excellent grades made in violin.

Wedding announcements, printed or engraved.—The Advocate.

Mrs. I. L. Spratt Heads Artesia Women's Club

The annual election of officers was held at the regular meeting of the Artesia Women's club Wednesday afternoon.

Mrs. I. L. Spratt was elected president of the club for 1935-36. Mrs. Spratt has been closely associated with club work for several years, is a woman of executive ability and intensely interested in club work. She was unanimously elected and has the promise of the cooperation of every club member.

Mrs. Jeff Hightower, who has served as first vice-president for the past two years, was re-elected for another term of office. Mrs. Hightower has made a splendid vice-president and was an untiring worker in the program for the building of the club home.

Mrs. John Lanning, who has served the club in many capacities for the past several years, was elected second vice-president.

Mrs. Alton Partee, one of the newer club members who has served on the entertainment committee this past year, was elected recording secretary.

Mrs. Donald Marshall, another of the newer members who has been a faithful club member for this past year, was elected treasurer.

Mrs. H. A. Stroup and Mrs. Mark A. Corbin were re-elected as custodian and parliamentarian. Mrs. Stroup and Mrs. Corbin have held these offices for several years. They have been found dependable in the performance of their duties.

A motion carried to add 10c to the regular club dues of each member in order to create a janitor's fund for next year. An amendment was presented and read before the club to change the name of the club from the Artesia Women's club back to the original name, The Artesia Woman's club. This amendment will be voted on at the last meeting of the year.

The program for the day in the year book was to have been given by Junior Club girls, an organization which did not materialize this past year. However, Mrs. I. L. Spratt, chairman of the program presented junior girls in a splendid program.

Miss Mary Katherine Woods rendered a beautiful violin solo. Miss Virginia Gates gave a brief talk on the benefits of a Junior club. She stressed that there was much time which girls might spend more profitably, social contacts more complete and something worthwhile accomplished in an organization of this kind. Miss Dawn Hornbaker gave two delightful piano numbers. Misses Joan Wheatley and Elnora Gage responded with an encore number to their beautiful vocal duet. Miss Avis Clowe read a lovely poem of her own composition. Mrs. Spratt in conclusion spoke on the possibilities and the need of a Junior club for girls next year, hoping that leaders might be found for this important work. She feels that with so many talented juniors in our community they should be given a chance for development which only an organization of this kind can offer.

Mr. and Mrs. Britton Coll are the parents of a baby girl born this morning, weight six and one-half pounds. Both mother and baby are doing nicely.

BAPTIST MEN OF PECOS VALLEY HOLD MEETING AT ARTESIA

The regular quarterly banquet and program of the Pecos Valley Baptist Men's Brotherhood was held at the First Baptist church of Artesia on Tuesday evening with about sixty men present. The churches of Hope, Roswell, Carlsbad, Loving, Lake Arthur and Artesia were represented.

Fred Cole, president of the organization, presided at the banquet as toastmaster. The program was presented by the Laymen's organization of Carlsbad. Speakers included T. O. Wyman, W. M. Campbell, H. C. Beydler, R. A. Smith and L. J. Estlack. S. R. McKinnon sang a vocal solo.

Following the program by the Carlsbad men, the Rev. S. S. Perry of Loving and Allisson Herron of Albuquerque, state secretary of the Baptist Brotherhood of New Mexico, made short addresses.

Out-of-town visitors included: E. C. Jackson, Charles Boyle and Lee Frazier of Lake Arthur; Will Scoggins of Hope; the Rev. S. S. Perry and Clayton Wyman of Loving; T. O. Wyman, W. H. Briscoe, B. Bartlett, R. A. Smith, James A. Johnson, B. R. Jones, H. C. Beydler, Frank Thompson, B. R. Hubbard, H. H. Wright, W. M. Campbell, Walter Wright, S. R. McKinnon and Harvey Await of Carlsbad; John Boynton, J. P. Savage, John N. Savage, B. F. Fields, George E. Toby, J. C. Nelson and Albert A. Stubbs, secretary of the Pecos Valley Brotherhood, from Roswell; Allisson Herron of Albuquerque.

AMBASSADOR CLASS HAS PICNIC WEDNESDAY

Mr. and Mrs. Tucker of the Cottonwood were hosts to the Ambassador class of the Nazarene Sunday school last Wednesday evening.

The teacher, Mrs. C. C. Pior, had planned an Easter egg hunt. After the guests had gathered they were conducted on a tour of the yard where dozens of beautifully colored eggs had been concealed. After the egg hunt, names were drawn and then an old-fashioned box supper was served.

Those attending were: Messrs. and Mmes. W. S. Boggs, Dee Kennedy, Richard Rockwell, Bert Cook, Floyd, Robert Rodgers, B. G. Sanders, C. E. Sharp, W. G. Forsee, Mrs. Rebecca McLellan, Mrs. C. C. Pior, Beatrice Rhodes, Vesta Goodlett, Fay Castle, D. A. Loucks and the Rev. and Mrs. J. A. Breece.

Mrs. Tucker was assisted by her daughters, Mmes. Carl and William Graham, during the evening's entertainment.

BIRTHDAY DINNER FOR HUSBAND SUNDAY

Mrs. Lewis Cole complimented her husband Sunday by serving a delicious birthday dinner in his honor.

Covers were laid for Mr. Cole and children, his parents, Mr. and Mrs. C. M. Cole, her parents, Mr. and Mrs. James, S. C. Albright and Mr. and Mrs. Clint Cole of Lovington.

Modernistic Beauty Shoppe, 107 Roselawn, Gilbert & Collins building, phone 34—soft water—all lines of beauty service, capable operators—Artesia's newest shop. 16-tfc

PAST NOBLE GRAND CLUB MET FRIDAY

The regular monthly meeting of the Past Noble Grand club was held at the home of Mrs. Mary Abbott last Friday evening with Mrs. Jack Hastie as co-hostess.

At the close of a business session and social hour, refreshments of dark and light cake and punch were served by the hostesses.

Those present were: Mmes. Cogdell, J. M. Story, Beulah Jones, C. M. Cole, George Johnston, W. H. Cobble, Wingfield, Ed Conner, C. Bert Smith and Miss Ella Bauslin.

IDLEWHILES BRIDGE CLUB WITH MRS. FRANK SMITH

Mrs. Frank Smith was hostess to members of the Idlewhiles Bridge club at her home Tuesday afternoon and one substituting guest, Mrs. Albert Richards.

Her guests were seated at two quartet tables for an afternoon of contract in which Mrs. T. S. Cox made high score.

Dainty refreshments were served by the hostess at the conclusion of the games.

Y. W. A. MEETS WITH MISS BETH BISHOP

Miss Jennie Beth Bishop was hostess to members of the Y. W. A. last Thursday evening at the V. L. Gates home. Miss Maurine Lewis assisted her in entertaining.

An interesting program was presented by Miss Bishop on the subject of "In This Sign We Conquer." Light refreshments were also served by the hostess to the following: Misses Ina Cole, Mary K. Woods, Jessie Lee Cunningham, Maurine Lewis and Mrs. P. G. Woodruff.

W. C. T. U. APRIL MEETING

The April meeting of the W. C. T. U. was held at the home of Mrs. C. M. Cole with five members present.

Mrs. E. A. Paton, president, presided and Mrs. Thigpen was in charge of the interesting program. Light refreshments were served by the hostess at the close of the session.

Box Stationery—ARTESIAN Bond—Advocate.

CHARLOTTE BURNETT CIRCLE

The regular meeting of the Charlotte Burnett Circle was held at the home of Mrs. Lloyd Simon last Thursday afternoon.

Mrs. Roy Langston, chairman presided.

Mrs. B. D. Clarke, instructor for the study course on "Why of W. M. U." presented an interesting discussion of the subject. About twelve members were present.

MISS HATTIE RUTH COLE BROADCASTS

Little Miss Hattie Ruth Cole, seven-year-old daughter of Mr. and Mrs. Fred Cole, sang over KICA at Clovis last Thursday morning while in Clovis with her mother who was attending the P. E. O. convention.

The next morning she had the largest number of calls requesting a repeated performance which entitled her to a large photograph of herself, free. She sang again Friday morning and was quite thrilled over her new experience.

All-America Bridge Champions

Among the bridge players, Oswald Jacoby of New York tops the list in this year's rankings.

With the close of the official contract bridge tournaments, the year's rankings have just been announced by Collier's Weekly, which every year selects the All-America champions. The final selections are in the following order of excellence: 1. Oswald Jacoby, New York; 2. Howard Schenken, New York; 3. Richard L. Frey, New York; 4. David Burnstine, New York; 5. Michael Gottlieb, New York; 6. Sherman Stearns, New York; 7. Samuel Fry, Jr., New York; 8. Louis H. Watson, New York; 9. Elinor Murdoch, Birmingham, Ala.; 10. Jeff Glick, Cleveland; and Aaron Frank, Cleveland (tied.)

MISS WHEATLEY IN CONCERT

Miss Jeanne Wheatley, daughter of Mr. and Mrs. Rex Wheatley, a student in Mount Holyoke College at South Hadley, Massachusetts, is a member of the Mount Holyoke College Glee club. The Mount Holyoke Glee club, with the glee club of Yale University, presented a joint concert at Mount Holyoke last Friday evening.

REBUKE GERMANY

GENEVA — Thirteen nations joined yesterday in rebuking Germany for rearming and in effect served notice that international treaties and obligations must be fulfilled.

Only the voice of Denmark was raised in warning that condemnation of Germany's treaty violation would not help to smooth Europe's troubles.

The league of nations council adopted the Franco-British-Italo resolution, introduced yesterday, censuring Germany for rearming in violation of the Versailles treaty and asking financial and economic sanctions against any power which disregards international obligations in the future.

INCOME TAX PAYMENTS GOOD IN NEW MEXICO

SANTA FE—State income tax officials were busy the first of the week receiving and helping make out returns on the final day for payment of the state income levy.

L. D. Sparks, who is in charge of the department, said the returns were coming in unusually well, both by mail and by personal delivery. A penalty charge of \$5 a day is made for late payments, he said.

WOMEN IN SPORTS

WOMAN BRIDGE CHAMPION — Miss Elinor Murdoch of Birmingham, Ala., is the only woman to win a place on the contract bridge All-American team, just selected by Collier's Weekly. She ranked ninth among all American players for the year. She also wins the annual award for "the most spectacular event in the year's championship play,"—her victory over the 35 best players in the country in the Individual Masters Championship conducted by the American Bridge League.

CHAMPION FISHERWOMAN — Marjorie Brooker recently returned to Florida, from a fishing cruise in the Gulf Stream with a catch including three sailfish. The largest measured close to seven feet.

SAN FRANCISCO, Cal.—Mrs. Helen Willis Moody, former American women's tennis champion, started a flock of rumors when she recently appeared on the tennis courts for the first time in over a year. Many sports followers believe Mrs. Moody is preparing to stage a comeback.

LOCALS

G. U. McCrary attended probate court in Carlsbad Saturday.

Mr. and Mrs. Clint Cole of Lovington were here Sunday visiting their home folks.

The Rev. and Mrs. A. C. Douglas and baby daughter were Roswell visitors last Friday.

Mr. and Mrs. Arvil Gray of Hope report the birth of a daughter Saturday morning.

Dr. Edward Stone is attending an optometrist convention in Dallas, Texas, this week.

Edgar Williamson, Carlsbad cattleman, was attending to business matters here Monday.

A. P. Mahone has contracted for the purchase of the J. H. Jackson residence on Grand avenue.

Mary Dixon, daughter of Mr. and Mrs. I. C. Dixon, underwent a tonsillectomy operation Saturday.

Winston Lowrance, aged 44, of Hobbs, who died in Carlsbad last week, was buried in Fort Worth, Texas, Saturday.

Mr. and Mrs. Chas. Ballard left for Wilcox, Arizona, Tuesday, where Mr. Ballard plans to spend a few days looking after his mining interests.

Mr. and Mrs. S. C. Smith and Mr. and Mrs. C. M. Cole drove up to Roswell Sunday afternoon to hear the famous negro singers at the Baptist church.

Mr. and Mrs. G. R. Brainard left Wednesday for Henderson, Texas, to spend the Easter vacation with their son and wife, Mr. and Mrs. Guy Reed Brainard.

Tom Jernigan of Roswell, former United States deputy marshal, for the Pecos valley district, has resigned his position to accept a place with the bureau of revenue.

I. W. McIlhenny, city street sweeper was painfully injured Tuesday while working on the street. In some manner he suffered a rupture, which will necessitate hospital treatment.

Miss Jack Ward accompanied Mr. and Mrs. G. R. Brainard to Henderson, Texas, leaving here Wednesday to spend Easter with her sister and husband, Mr. and Mrs. Guy Reed Brainard.

Mr. and Mrs. Chas. Carper of Uvalde, Texas, spent Tuesday here on a short honeymoon visiting Mr. Carper's sister, Mrs. W. H. Ballard and Mr. Ballard and his brother Emery Carper and family.

Mr. and Mrs. Martin Yates and John Ashby expect to leave today for Austin, Texas, to spend Easter with their children who are attending university there. They received word this week that Mrs. Harvey Yates is recovering from an appendix operation.

John Dunn left yesterday with his family for Los Angeles, California. Mrs. Dunn and children will make their home in Los Angeles for a few months, while Mr. Dunn plans to return here in about a week in preparation to moving to Chihuahua, Mexico.

NEW CONTRACT BRIDGE CODE IN EFFECT AND PENALTIES REDUCED

Drastic reductions in penalties are made in a revised code of rules for contract bridge, effective on March 31, 1935. Under the old code the greatest set possible, failure to take a trick at a grand slam vulnerable redouble contract, would cost 20,800 points; under the new code the greatest possible set is 7,800.

The new scoring table is as follows:

Table with Trick Values: Clubs and diamonds—20, Hearts and spades—30, No trump—40, First trick—40, Other tricks—30.

Undertrick Penalties

Table with Undertrick Penalties: Non-vulnerable and undoubled—50 per trick, Non-vulnerable and doubled—100 for the first trick, 200 for each successive trick, Vulnerable and undoubled—100 per trick, Vulnerable and doubled—200 for the first trick and 300 for each successive trick, Doubled penalties—twice doubled.

Overtricks

Table with Overtricks: Undoubled—Same as trick values, Doubled and not vulnerable—100 per trick, Doubled and vulnerable—200 per trick, Redoubled—twice doubled, Little Slams: Not vulnerable—500, Vulnerable—750, Grand Slams: Not vulnerable—1,000, Vulnerable—1,500.

CHAVEZ WON'T FILE AMENDED PETITION

ALBUQUERQUE—Dennis Chavez, former New Mexico congressman, contesting the election of Senator Bronson Cutting, (R-NM) will not file an amended petition in the contest, Sen. George (D-Ga) chairman of the elections committee was notified by letter yesterday, Fred Wilson, Albuquerque attorney and one of Chavez counsel, announced here last night. Wilson said the letter had been mailed to Senator George.

It now remains, Wilson said, for Senator Cutting to answer the allegations remaining in the petition.

Allegations pertaining to unlawful expenditures by Cutting were ordered stricken from the petition when the senate elections committee denied a motion by Cutting for the dismissal of the contest.

At the time the dismissal was denied, the committee gave Chavez until Saturday to file the amended petition.

EATING HOUSE INSPECTIONS

The eating house inspections in Artesia have just been completed by the County Health Department. The eating houses were found to be in very good condition, and in a few cases much needed improvements have been made and as a result the grades of some were raised.

Those places inspected were: Bus Station Cafe—A, Oasis Cafe—A, Mrs. Folkner's Cafe—A, Sy's Cafe—A, Shorty's Cafe—A, Club Cafe—A, and the Artesia Hotel Coffee Shop—A.

CARL HENDERSON, Inspector.

CARLSBAD MAN DIES

Boone Kindel, aged 32, of Carlsbad, died suddenly Saturday night in a Carlsbad hospital following an operation for quinsy. Mr. Kindel had been employed as shop foreman for the Sears Chevrolet Co., for several years.

Brushing Up For Spring by Gloria Lane

GAY, spring days are here—and thoughts of that new permanent wave are in the air. But for your hair to take a good, lasting wave, it needs reconditioning to erase the mark that cold, hard winter has left on many a head of hair. After being bottled up under tight hats, your hair is drab and lifeless, to say nothing of the drying effect that over-heated rooms have had on it. The simplest and most highly effective home treatment is correctly brushing the hair. A brush with wave-like bristles is especially fine

Plans To Check The Wind Erosion

Farmers, county commissioners and extension workers from 12 counties in eastern and northeastern New Mexico met at Tucumcari last week to develop a wind erosion program and make application for federal funds to check, as far as possible, the serious wind erosion which is developing in that section at the present time.

Resolutions were drawn and a plan developed which was presented to the governor and New Mexico representatives in Washington. This program is in conformance with the recent federal ruling which will permit the use of federal funds to check soil movement.

There are now over 800,000 acres of dry farming land drifting badly with the spring winds. Some of it has gotten beyond control and unless immediate action is taken it will be impossible to farm a large part of the non-irrigated portions of the state in the future. Large mounds of soil have been raised by the winds, some of them five and six feet high while miles of fences have blown out and are falling. Other cultivated areas have had all of the soil that has been broken blown completely away from the farm.

The worst affected area is that in the extreme northeastern part of the state where millions of tons of dirt have already been moved by the winds.

Farmers are asking the government to furnish funds for gas, oil and minor repairs for tractors. Farmers, where possible, will be expected to furnish labor to list, chisel or cultivate their land in such a way as to stop the effects of the devastating winds. Approximately 50¢ per acre will be required for these essentials to put over the preliminary emergency work. This condition has been developed largely on account of the shortage of moisture and small amount of vegetation covering on this land in 1933 followed by another dry season. Farmers have not had a crop and consequently were not able to finance themselves.

Typewriters for rent—Advocate.

FIVE-MINUTE TALKERS HAVE PROGRAM TUESDAY

Five 5-minute speakers had the program at the luncheon program of the Artesia Rotary club Tuesday. Dr. C. L. Womack, in charge of the program, called on Gail Hamilton, who spoke briefly on modern telephone service; W. B. McCrary on "What's New in the Chamber of Commerce;" Hollis Watson on "Highway 83;" Col. J. D. Atwood, a visitor from Roswell made a brief speech on the national relief funds and what plans were being made to help the small farmer in the wind erosion belt.

C. J. Dexter announced that a Rotary Ann banquet would be held at the Roof Garden of the Artesia hotel next Tuesday evening.

CHILDREN IMMUNIZED AGAINST DIPHTHERIA

On Tuesday afternoon, April 16, Dr. O. E. Puckett, assisted by Mrs. Kinder, held a pre-school clinic at Central school.

A number of children were immunized against diphtheria and small pox.

JOSEPHINE ORTEGA, Plaintiff, vs. PETE ORTEGA, Defendant. --NO. 5955.

NOTICE OF PENDING SUIT

THE STATE OF NEW MEXICO: To Pete Ortega: You will take notice that there has been filed in the District Court of Eddy County, New Mexico, a suit numbered 5955 wherein Josephine Ortega is Plaintiff and you, Pete Ortega, are Defendant, in which suit the said Josephine Ortega is seeking a divorce from you and unless you appear, answer and defend herein on or before the 2nd day of June, 1935, judgment by default will enter against you, and the Plaintiff herein will apply to the Court for the relief prayed for in her Complaint filed herein. The name and address of the Plaintiff's attorney is J. S. McCall, Carlsbad, New Mexico. The present address of the Plaintiff is Carlsbad, New Mexico.

IN WITNESS WHEREOF I have hereunto set my hand and official seal this 9th day of April, 1935. R. A. WILCOX, County Clerk. (SEAL) 15-4t

NOTICE OF HEARING UPON FINAL ACCOUNT AND REPORT OF ADMINISTRATRIX

THE STATE OF NEW MEXICO TO: Lyda Zeleny Cleveland, Edgar Zeleny, Francis Zeleny Russell, Paul Zeleny and Adolph Zeleny and to all unknown heirs of Joseph Zeleny, deceased, claiming any right, title or interest in or to the Estate of the said Joseph Zeleny.

You and each of you are hereby notified that Mary Zeleny, Administratrix of the said Estate of Joseph Zeleny, deceased, has filed her final account and report as such administratrix in the Probate Court of Eddy County, New Mexico, in the above entitled cause and that the 24th day of May, 1935, at the hour of 10 O'Clock a. m. at the Court Room of the Probate Court of said County has been fixed and appointed as the day and time for the hearing of any objections to the said final report, if any there be, and that at said time and place the said Probate Court will proceed to determine the heirship of the said decedent, the ownership of the said estate and the interests of each respective claimant thereof, or therein and the persons entitled to the disposition thereof.

J. B. Atkeson is the attorney for the administratrix and his post office address is Artesia, New Mex.

Witness my hand and seal of office this 16th day of April, 1935. R. A. WILCOX, County Clerk. By DOTTE C. CRAFT, Deputy. (SEAL) 16-4t

COMMISSIONERS PROCEEDINGS

BE IT REMEMBERED THAT

The Board of County Commissioners of Eddy County, met in regular session on April 1, 1935.

Present and presiding: G. R. Brainard, Chairman Joe Lusk, District No. 1 L. B. James, District No. 3 R. A. Wilcox, Clerk.

The committee, heretofore appointed by the Board, to secure Right-of-Way Easements on the Highway between Carlsbad and Malaga, met with the Board and submitted the Easements, duly signed and settled, and the Clerk was instructed to deliver same to Mr. W. R. Eccles, District Highway Engineer.

Upon motion made and carried, C. J. Dexter of Artesia, N. M., and J. B. Morris, Carlsbad, N. M., were appointed as members of the Board of Health, to serve for the period of two years and four years, respectively.

Upon motion made and carried, Joe Wertheim, Carlsbad, N. M., and Bryant Williams, Hope, N. M., were appointed as members of the School Budget committee. The clerk was instructed to write warrants Nos. 17716 to 17752.

There being no further business, the board adjourned subject to call. G. R. BRAINARD, Chairman.

ATTEST: R. A. WILCOX, Clerk.

BE IT REMEMBERED THAT THE Board of County Commissioners met as a Board of Equalization April 1, 1935.

Present and presiding: G. R. Brainard, Chairman Joe Lusk, Commissioner District No. 2 L. B. James, Commissioner District No. 3 R. A. Wilcox, Clerk R. H. Westaway, Assessor.

Upon motion made and carried, the Board adjourned to reconvene May 6, 1935. G. R. BRAINARD, Chairman.

ATTEST: R. A. WILCOX, Clerk.

BE IT REMEMBERED THAT THE Board of County Commissioners of Eddy County, N. M., met in special session on April 4th, 1935.

Present and presiding as follows: G. R. Brainard, Chairman L. B. James, Commissioner District No. 3 R. A. Wilcox, Clerk.

Motion was made and seconded that the Clerk be instructed to write the Chairman of the State Highway Commission, that at a meeting held at the Court House, Carlsbad, Eddy County, N. M., April 4th, 1935, it was moved and seconded that the Commissioners of Eddy County guarantee to the State Highway Commission full possession of such gravel pits as are needed for the construction of Highway No. N. R. H. 131-A.

The location of the six pits are shown on blue prints filed in the office of the State Highway Commissioner. The motion was carried. There being no further business, the Board adjourned subject to call. G. R. BRAINARD, Chairman.

ATTEST: R. A. WILCOX, Clerk.

BE IT REMEMBERED THAT THE Board of County Commissioners of Eddy County, N. M., met in special session on Monday, April 8th, 1935.

Present and presiding as follows: G. R. Brainard, Chairman Joe Lusk, Commissioner District No. 1 L. B. James, Commissioner District No. 3 R. A. Wilcox, Clerk.

The clerk was instructed to write warrants Nos. 17753 to 17796.

Stirring Events Underway At The National Capitol

A picture of Washington today would defy any camera—or even words—to portray. Momentous legislation awaits in congress, measures that are more important than those of 1933, for they are designed for permanency rather than temporary relief. As a result the hotels and the halls of congress are filled with those giving warning against many of these proposals and their effect upon recovery.

In the steadily expanding government departments and bureaus—with their increased personnel and payrolls—things move at top speed reminiscent of war days. Although in the past ten years many large and beautiful government buildings have been erected, the government bureaus have overflowed into all available office space in the city. Rented office space is on the upgrade, as Washington control of local affairs expands.

David Lawrence, eminent newspaper correspondent, describes the situation in this manner: "The real problem of the moment is for those persons who come to Washington to see their representatives in congress on business. Many a company is faced with ruin by pending legislation. Many a company will have its operations materially curtailed or restrained if some of the bills go through. Should all the administration measures be passed, for instance, there will be a revolutionary change in the management of businesses related to foods, drugs, cosmetics, agricultural products that are processed, public utilities, banks and trust companies, certain aspects of advertising, and manufacturing establishments that employ large numbers of employees, especially as labor relations may produce more strikes and more labor controversies."

ENROLL 300,000 IN CCC CAMPS

WASHINGTON—Enrollment of 300,000 new men for the Civilian Conservation Corps camps within 60 days was promised Saturday by Robert Fechner, CCC director, after a conference with President Roosevelt.

On this phase of the \$4,880,000,000 public works program, Fechner discussed with the president, recommendations for 1,500 new camps in the 48 states.

Early presidential approval is in prospect. The war department will build the camps.

Fechner expressed the belief it will be possible to complete the job of enrolling the 300,000 men within two months time.

The law authorizes a corps of 600,000 men.

Roosevelt was represented as relying on the CCC as one of his first points of action.

TONSILLECTOMY OPERATIONS

Eight school children underwent tonsillectomy operations Monday and Tuesday. The patients were: Wilbert Smith, Dorothy Linell, Katherine and Marjorie Crockett, W. H. Polk, Catherine Sinclair, Will Davis Sinclair, Lee Roy Bynum.

"THAT LITTLE GAME" Inter-nat'l Cartoon Co., N.Y.—By B. Link

CATTLE MOVEMENT FROM THE SOUTHWEST SMALLER THIS YEAR

The spring movement of cattle from the southwest (Texas, New Mexico and Arizona) will be 15 to 20 percent smaller than last year, and the smallest in many years, according to a report of the United States division of crop and livestock estimates.

The spring shipments (March 1-June 30) will depend on feed supplies. Short feed will force some cattle to move from dry areas, but if feed conditions improve, there will be a tendency to hold cattle and restock by local buying.

There will be a marked reduction in the shipments from New Mexico and Texas, with a fairly heavy movement from south Texas and Arizona. The spring movement (March 1-June 30) of cattle and calves from the three states in 1934 was 770,000 compared with 798,000 in 1933, 705,000 in 1932, and 848,000 the average for the nine years (1925-1933).

Cattle numbers were greatly reduced in Texas and New Mexico during 1934 due to drought conditions which forced heavy shipments through regular channels and government purchases. Western and northwest Texas and eastern New Mexico have a relatively small supply of cattle and there will be a tendency to hold and restock if feed conditions improve. South Texas and Arizona are fairly well stocked with cattle from drought areas and will ship fairly heavy.

Range conditions are very poor in west and northwest Texas and eastern New Mexico. Feed conditions are fair to good in central, eastern and southern Texas, and the western third of New Mexico, while Arizona ranges are the best in years.

TEXAS: The spring movement of cattle and calves will be much smaller than last year when 587,000 cattle and calves were shipped. In 1933, 631,000 were shipped, compared with 579,000 in 1932, and 655,000 the nine-year (1925-1933) average. Following the heavy marketings and sales to the government in 1934, there will be a tendency to hold cattle and restock where feed conditions will permit. There are fewer cattle on feed than a year ago. Shipments this spring will probably carry a smaller proportion of cows and heifers than last season.

The movement to Kansas and Oklahoma pastures will depend on feed there and local feed supplies. This movement will probably be slightly smaller than last season, unless short feed forces shipments. Ranges are very dry and short in west and northwest Texas, with fair to good feed in central, eastern and south Texas.

The south Texas spring movement of cattle will exceed last year's shipments of 140,000 head. In the spring of 1933, 145,000 head were shipped, compared with 154,000 in 1932, and the five-year (1927-1931) average of 161,000. South Texas is fully stocked with cattle moved in last fall from dry areas. There will be a fair supply of grass-fat cattle. Ranges have been good, but more rain is needed to make sufficient feed to carry the cattle now on south Texas pastures.

NEW MEXICO: The spring shipments (March-June) of cattle will be much smaller than last year when 128,000 cattle and calves were shipped. In 1933, 114,000 head were shipped, compared with 75,000 in 1932, and the nine-year (1925-1933) average of 112,000 head. Ranges are very dry and short in the eastern two-thirds of the state, but fair to good in the west and northwest.

MOTOR INDUSTRY MOVING IN HIGH

DETROIT—The nation's No. 1 industrial colossus, the motor car industry, is in high gear. In haul-away trucks, in freight cars and in drive-away processions the product of the assembly lines is moving from factory to dealer and on to consumer in heavier volume than at any time during the last five years.

Gaining momentum steadily under the impetus of a swelling consumer demand, the industry has assembled more than 1,313,000 passenger cars and trucks since January 1. Within the next 10 days it will have covered over 16 weeks of 1935, but will have produced as many units as were manufactured in all of 1932. Output for that year, lowest point in the depression, was 1,431,494 cars and trucks.

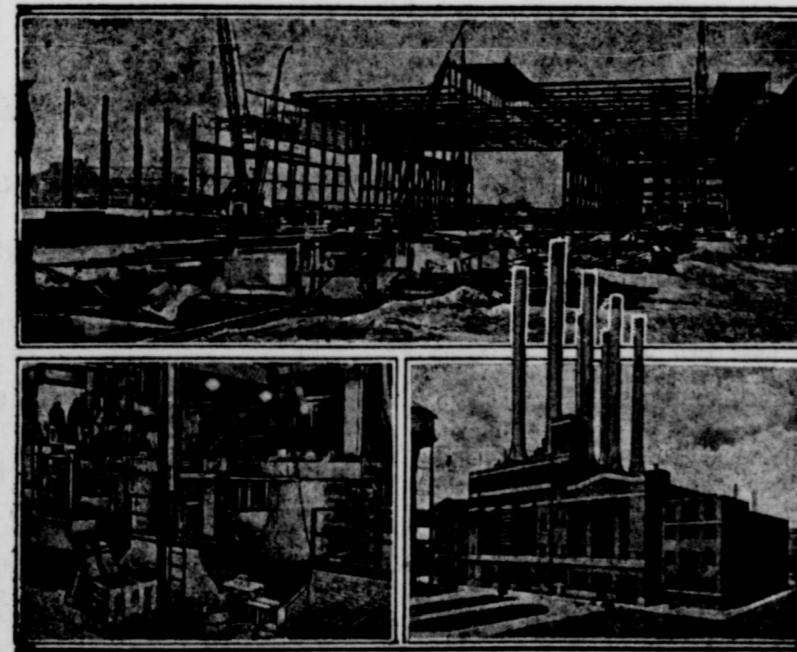

Current production is close to 20,000 passenger cars and trucks a day, and probably is near the year's manufacturing peak. Nowhere, however, is there any indication of a recession in manufacturing activity, nor a curtailment of buyer interest.

Wedding announcements, printed or engraved.—The Advocate.

Last year's heavy shipments and government sales caused a large reduction in cattle. If feed conditions improve, there will be a tendency to hold and restock, but present drought conditions will force cattle out of eastern New Mexico.

ARIZONA: The spring shipments of cattle will be slightly smaller than a year ago when 55,000 were shipped, compared with 51,000 in 1932, and the nine-year (1925-1933) average of 81,000. Range conditions and later feed prospects are the best in years.

\$23,000,000 Ford Plant Expansion

Top photo shows construction work on the new Ford steel hot rolling and cold finishing mills; left, installation of furnaces and other equipment in foundry for casting alloy steel parts; right, Rouge plant power house.

HENRY FORD is well under way on one of the year's largest single industrial construction projects in the United States—a \$23,000,000 program designed to improve and expand the facilities of the great Rouge Plant of the Ford Motor Company at Dearborn, Mich. Among the projects are: New hot strip steel rolling mill, \$6,350,000; new sheet steel cold finishing mill, \$8,460,000; modernization of main power house into the largest high pressure steam power house in the world, \$4,600,000; new glass plant, \$3,000,000; modernization of foundry and installation of furnaces and other equipment for production of cast alloy steel parts, \$675,000; and reconstruction of one blast furnace to increase its capacity from 600 to 800 tons daily, to cost \$800,000. In addition, new tools, machinery and other equipment and facilities in all departments to increase daily output, totals \$3,000,000.

March Pontiac Sales Are Biggest Since Year 1929

Pontiac Motor Co., built and sold more cars in March and during the first quarter of the year than in any similar periods since 1929, it was announced today by A. W. L. Gilpin, vice-president and general sales manager of the company.

Retail sales of Pontiac cars were 17,180 for the month against 7,946 for March 1934, an increase of well over 100%. March retail sales in 1933 were only 5,440. The last ten day period produced 6,759 sales compared with 3,169 in 1934 and 2,886 in 1933.

First quarter sales were 38,573 cars compared with 15,164 during the first three months of 1934, an increase of 154%. Pontiac sales in the month of March alone this year exceeded those of the entire first quarter of 1934.

These first quarter sales figures are the best that Pontiac has had since 1929. The same record holds true for the entire month of March and the final ten day period of the month.

Export shipments at the end of March had almost doubled those of the entire year of 1934.

Commenting on the excellent business that Pontiac is enjoying all over the United States Mr. Gilpin pointed out that sales to date easily justify the earlier predictions of total sales for the year approaching the 150,000 mark. His conclusions are based on the fact that over a long period of years 23.1% of General Motors car sales have been in the first three months of the year. Using that percentage figure Pontiac's total sales for 1935 should be over 165,000.

"Sales of Pontiac cars are excellent all over the country," said Mr. Gilpin. "Our problem is one of production."

"We have as many unfilled orders right now as we had when the cars were announced the first of the year, or at any other time since then."

"I believe that this record-breaking will continue well on into the summer, with total sales for the industry of at least 3,000,000 cars. Last year the industry sold 1,800,000."

"One of the big factors that will keep motor sales at a high point is the fact that there are more than 12,000,000 cars in use over six years of age, and any degree of prosperity such as a large percentage of the motoring public is experiencing now is certain to mean the replacement literally of millions of these old cars."

"The widespread good that a continuation of business like this in the automotive industry is bound to bring about can well be imagined when it is realized that next to building construction motor car manufacturing draws upon more diversified trades and sources of material than any other industry in the world."

"The General Motors spring shows this month are coming at the right time, I believe. It is just at the beginning of the real buying months April, May and June. Although March at times is a good buying month, invariably the second three months of the year produce the greatest volume of sales."

PLANS TO PURCHASE MORE GRAZING LAND APPROVED BY GOVT.

WASHINGTON—Approval of plans for the purchase of approximately 68,000 acres of land in New Mexico and Oklahoma for grazing purposes in connection with the Indian rehabilitation program was announced Tuesday by Federal Relief Administrator H. L. Hopkins.

In McKinley and Valencia counties, New Mexico, a total of 57,741 acres will be purchased as soon as satisfactory titles have been established. The tracts will be devoted to the use of the Zuni Indian Pueblo which is now in need of additional grazing facilities.

In Delaware county, Oklahoma, options have been accepted in 10,998 acres which will be used for grazing purposes by the Cherokee Indians.

Miss Ella Ohlenbusch, Reporter

Misses Alma and Margaret Lane visited friends in Hope Saturday. Mr. and Mrs. R. B. Mathews were in Carlsbad on Saturday to attend to business matters.

Mrs. Z. L. Wallace is again able to be out after being confined to her home with the measles for a week.

John Havens returned home on Sunday from Albuquerque where he has been in the veteran's hospital for the past four months.

Mr. and Mrs. Roland Frazier have moved to the Bob Bailey place where he is employed. They also plan to make a truck garden there.

Mrs. Jasper Ford and young daughter returned to their home here Saturday after visiting relatives in Texas for the past two weeks.

The Woman's Missionary Society met on last Wednesday for their regular business meeting. On April 24 a program has been prepared.

George Walton arrived here on Saturday from Antioch, California, to make a short visit with relatives here before going to Gallup where he expects to make his home.

Members of the Methodist league presented a play, "Henry's Mail Order Wife" at the high school gym on last Friday evening. After the play refreshments of cake, pie coffee and cocoa were served. The proceeds from this went to the league building fund.

Plans are complete for the junior-senior banquet which will be held in the Artesia hotel on Thursday, April 18th. Veldean Edington, Lena Bob Merrit, Joyce Alexander and Florence Evans are the decorating committee and Lee Chandler has charge of the invitations. Covers will be laid for twenty-one persons.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

C. O. Gadberry and Roy Newson were business visitors at Pampa, Texas, last week, returning home Sunday.

R. H. McCune of Roswell, secretary of the Roswell Building and Loan Association, was a business visitor here yesterday.

What's NEWS To YOU?

THRIFTINESS is a state of mind that is nearly as valuable an asset as a bank account... For thriftiness can always get a bank account of its own.

And it's easy to tell thrifty people from the way in which they read the newspapers—just as you can usually spot the other kind.

The great majority of men and women never put a newspaper down until they have read the important news which is directed to them thru the advertisements.

The modern woman, especially, finds the advertisements indispensable. She spends more than five-sixths of the family income. And the prosperity, happiness and health of her household frequently depend on her reading of the advertisements and on the wisdom with which she chooses everything she buys.

The advertisements bring you complete information about accepted products and new ones. Thru them you can compare values... discover ways and means for greater household efficiency and enjoyment... and make sure that every dollar spent will bring its full return.

In The WEEK'S NEWS

NEW BRIDGE CHAMPION—Oswald Jacoby of New York is the new bridge champion of America, ranking first in the "All-America" listings just announced by Collier's Weekly. He is the youngest champion in the history of contract bridge. The picture shows him with Oswald, junior.

"THE AMERICAN MOTHER"—Mrs. Fletcher M. Johnson, of Irvington-on-Hudson, N. Y., was selected by the Golden Rule Mother's Day Committee as "The typical American mother for 1935."

WELLS URGES WORLD STATE—H. G. Wells, British author, comes sharply into the news this month with his article in the American Magazine advocating a "Federal World State" to replace the League of Nations. He maintains that all talk of disarmament without establishing an international police army to enforce it is "rubbish."

KAYE DON (right)—Noted British sportsman, and Stanley L. Reed, of the American Automobile Association, test inside temperatures of General Motors cars protected from tropical Key West sun by the solid steel "turret top" Fisher body. Tests showed that the "turret top" Chevrolet, Pontiac, Oldsmobile and LaSalle models are less affected by atmospheric conditions than others.

PUBLIC ENEMY CAUGHT—Raymond Hamilton, Public Enemy No. 1 since Baby Face Nelson's death, is shown just after he was captured by Fort Worth, Texas, police without a single shot being fired.

SIMPLE FORMAL FROCK—Charming simplicity is the motif of the formal frock of white embroidered crepe worn by Virginia Reid in "Roberta." The bodice is a triangular piece, cut straight across the front neckline and in a deep V in back.

ALBINO FROG—Rarer than quintuplets is this albino frog being carefully raised at the American Museum of Natural History in New York.

Outlook Is Bright For Garden Truck

Vegetable growers may congratulate themselves upon being engaged in a business which as a whole is relatively stable in spite of the fact that individual truck crops and localities show wide fluctuations, says H. C. Stewart of State College, New Mexico. Our state and national situation is decidedly better than a year ago.

The following statements, briefly review the current releases on the acreage and production forecast of a few of the more important commercial truck crops for the 1935 season.

Reports seem to indicate for the intermediate states, New Mexico included, an acreage of cabbage 5 percent larger than the record high of 1934 and 11 percent larger than the average acreage for the 5 previous years. It was generally expected that because of the low average return on the cabbage crop for last year, the intermediate states would reduce their acreage for 1935. The improvement in recent months of the cabbage price has apparently influenced the growers.

The planting intentions of onion growers in the intermediate states points to some expansion of the 1935 acreage. The present indications are for an 8 percent increase in plantings over last year's record acreage and a 40 percent increase above the average for 1929 to 1933. Unless there should again be an unusual loss of plantings, due to low temperature and high winds, there may be a national harvest increase of at least 2 percent.

There is an indicated decrease of 7 percent below the 1934 production in the lettuce crop forecast for the second early group of states. The estimated acreage shows an increase of 17 percent over 1934 but the average indicated yield per acre is considerably below the high average yield of last year. Commercial potato growers in the intermediate states report plantings of around 12 percent less than last year and nearly 18 percent below the previous five-year average. This may offer New Mexico growers some advantage.

PLANS FOR SOIL EROSION CONTROL IN STATE ARE RUSHED

SANTA FE—Dudley Frank, acting FERA administrator for New Mexico, said he was "making every effort" to work out a soil erosion control program for New Mexico upon his return Tuesday from a conference of relief officials in Washington.

Frank said he had no knowledge of when federal funds will be made available for this work, but said just as soon as an allocation is made his office will be ready to carry out the program.

He said he had been advised work of this nature was being started in Kansas now and hoped federal funds will be made available to New Mexico in the very near future.

Health Column

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

We Drink

The Alcoholic Beverage Commission of the state of Rhode Island has made a painstaking study of the consumption of alcoholic beverages in that state; for, they say, the promotion of temperance can best be accomplished when the habits of the population are known.

Following are the figures given for drinking in Rhode Island in gallons per adult person per annum:

Still wines, 25 gallons
Sparkling wines, .008 gallons
Distilled spirits, .8 gallons
Beer, 21.00 gallons.
Distilled spirits or hard liquor is the item which does most of the damage. Can the drinkers of hard liquor be persuaded to drink something else instead? The Rhode Island commissioners are hopeful as a result of their study that beer may gradually be substituted until such time as Rhode Islanders learn to like soft drinks.

How does New Mexico compare? It has been hard to get any reliable estimate. The staff of the liquor control board is not large enough to allow of analysis of the more than 4,000 permits issued. We have no way of finding out the stocks on hand. Neglecting these and with the help of the stamp tax division of the state treasurer's office I have arrived at the following estimates for consumption in New Mexico per adult person per annum:

Wines, 0.4 gallons
Distilled spirits, 1.5 gallons
Beer, 7.0 gallons.
In Rhode Island they believe that illicit liquor is not consumed in significant quantities. In New Mexico it is. As this paragraph is written the federal grand jury in Santa Fe has before it 31 indictments for illicit distilling of liquor. It is estimated that there are from 1,500 to 2,000 illicit stills in the state. Here is a problem for the mathematician. How much do those stills cost the State of New Mexico in (1) loss of revenue (2) wasted wages (3) damaged health? It is evident that a considerable proportion of our people must be consenting to this loss.

Hope Items

Frances Johnson, Reporter

Mrs. C. J. Ferrell of Carlsbad spent the week-end here visiting her parents, Mr. and Mrs. J. W. Reed.

Alice Ruth Williams of Dexter spent the week-end here visiting her parents, Mr. and Mrs. Bryant Williams.

Mrs. Dave Bunting, Mrs. Bonnie Altman and Babs Mellard spent Thursday in Carlsbad visiting friends and shopping.

Betty Parks and Maxine Bunting returned Friday evening from Carlsbad where they attended the Tri-State Music Contest.

Mrs. Ozella Tarrant returned Friday evening from Alamogordo where she spent two days attending to business and visiting friends.

Mrs. Connie Baldwin of Artesia spent several days on the Parks ranch the latter part of the week visiting Mr. and Mrs. Robert Parks.

Rex Seely returned from Las Cruces the first of the week after having spent a few days there visiting friends and attending to business.

Mrs. C. S. Hobbs of Las Cruces arrived here Monday to spend several weeks visiting her daughter and son-in-law, Mr. and Mrs. H. B. Elmendorf.

Mr. and Mrs. Charley Cole entertained at their home Saturday evening with a dinner and forty-two party. About forty guests were present.

Mr. and Mrs. Albert Black (nee Mary Jane Williams) of Albuquerque, spent the week-end here visiting Mrs. Black's parents, Mr. and Mrs. Bryant Williams.

Dough Bunting returned Saturday from Carlsbad where he has been in the St. Francis hospital the past two weeks recuperating from a serious case of pneumonia.

Margaret Williams, assisted by her mother, Mrs. Bryant Williams, entertained at the home of her parents Saturday afternoon at one o'clock with a bridge luncheon honoring several of her friends.

The living and dining room were attractively decorated with tulips, apple blossoms and sweet peas. Mrs. Joe Hamann won high score for the afternoon. Guests invited were Elsie Palmateer, Corinne Puckett, Maurine Lewis, Ethel Bullock, Winifred Dettler, Helen Bullock, Lucille Morris, Beulah Strang, Mary Woods, Jean Macdonald, Mrs. Fletcher Collins and Mrs. Joe Hamann of Artesia and Alice Ruth Williams, Marjorie and Frances Johnson.

PROSPECTS SLIM FOR ANOTHER FEDERAL JUDGE IN NEW MEXICO

The prospects of this congress passing a bill granting a new federal judge to New Mexico at this session are slim, according to a report received from "those in the know" in the national capital. The bill will be returned to committee, it is announced, for further discussion.

In the meantime, the hopes of half a dozen or a dozen New Mexico attorneys undoubtedly will rise and fall.

It is being pointed out in some quarters that there is no need of an extra federal judge to do the work, as Judge Neblett has it well in hand and has had it in hand for many years.

Some years ago the one-time republican leader, Judge Orie L. Phillips, was named federal judge of New Mexico, to assist Judge Neblett. He was appointed by the late President Harding in 1923. Six years later he left this district bench to become a U. S. circuit judge.

New Mexico has had three federal judges since statehood. The first was the late William H. Pope, named by President Taft. After his death Judge Neblett was appointed. Judge Phillips was the third.

Mr. and Mrs. I. L. Spratt will have as their guests over Easter Sunday, Mrs. Spratt's aunt and two daughters, Mrs. S. L. Wilkenson and Misses Martha Helen and Jane, of Belen. Miss Jane will be remembered as having visited here last Thanksgiving.

EARLY LAMB SITUATION

WASHINGTON, D. C.—Weather and feed conditions as factors in the development of the early spring lamb crop varied greatly during March among the different early lambing areas. In California and Arizona they continued exceptionally favorable, in the southeastern states, Tennessee, Kentucky, and Virginia, they improved considerably; in the northwestern states, Idaho, Washington, and Oregon, they were rather unfavorable; in the Corn Belt areas, they were about average; in Texas, they continued very unfavorable. In general, the development of the lambs to the first of April in the earlier areas, those from which the marketing will be in volume before the middle of May, was considerably above average, while in the later areas, the development of the lambs was hardly up to average as of April 1.

LOCAL FISHERMEN HAVE GOOD CATCH OF BUFFALO

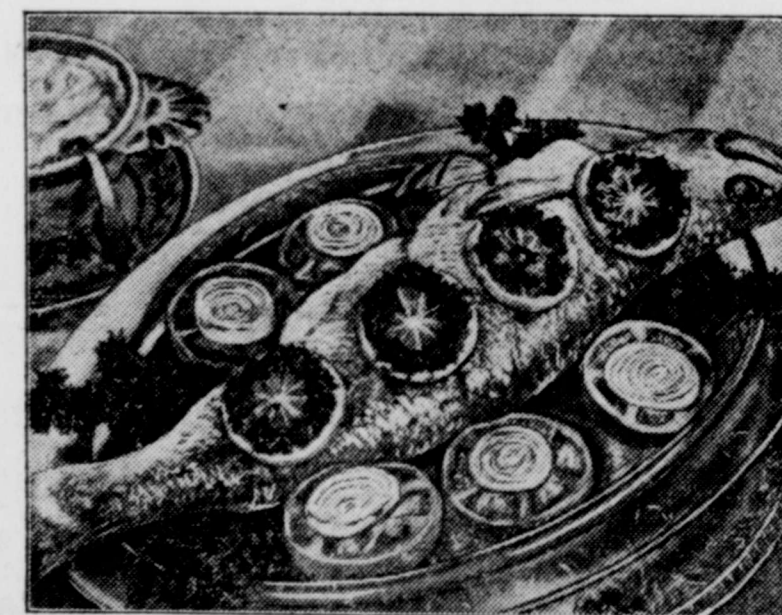

S. C. Albright and Ed Gray made a catch of between 35 and 40 buffalo fish in the river just below McMillan dam Monday morning in a short length of time. The fish were coming up stream in large numbers all days Sunday and Monday.

Yum-Yum! Fish with Nut Sauce!

By Jane Rogers

FISH for Lent is commonplace, but fish with nut sauce is an event.

The art of blending intriguing nut sauce flavors has been practiced and relished in Paris for years. At other crossroads of the world some noted chefs have artfully captured and popularized their own conceptions.

Not by chance is the meaty Brazil nut used as the basic ingredient, for it imparts delightful chewy "substance," both to the stuffing and the sauce. Delicately bland, Brazil nuts blend well with other more stimulating flavors which enrich the natural juices of the seafood.

Quickly prepared, these recipes assure a delicious new taste sensation.

- Baked Stuffed Fish**
 - 1 three-pound fish
 - 2 cups soft bread crumbs
 - 1/4 cup coarsely ground Brazil nut
 - 1 teaspoon salt
 - Pepper
 - 4 tablespoons melted butter
 - 5 tablespoons lemon juice

- 3 small tomatoes
- Salt, pepper
- 6 onion rings

Split and clean fish. Mix crumbs, nuts and seasoning, add two tablespoons of melted butter and lemon juice and mix well. Stuff fish with mixture, sew split edges together and place fish on oven-proof plate. Halve tomatoes, place around fish, sprinkle with salt and pepper and arrange an onion ring on each half. Pour remaining butter over fish and tomatoes. Bake in a hot oven, 450 degrees F., about fifteen minutes, until fish is tender. Remove from oven and garnish with sliced lemon and parsley. Serve either with or without the following sauce.

- Savory Fish Sauce**
 - 5 tablespoons chopped pickle
 - 2 tablespoons chopped olives
 - 1/2 cup chopped parsley
 - 2 tablespoons roasted Brazil nuts
 - 1/2 cup mayonnaise
 - 1/2 cup sour cream
- Mix all the ingredients together. Serve with fish, soft shell crabs or cold meat.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. REBLAND
Director, Physical and Mental Education
New Jersey State Department of Public Instruction

Substitutes

Most adults today can remember the hard work of their fathers and grandfathers. Wood had to be chopped and fields plowed. It was a long day they spent at heavy muscular labor. Even the store keeper, the minister, the doctor, the postmaster, and most all the women had their back-bending chores. Theirs was a rugged existence. And from it they acquired the stamina, the strength, and the constitution that has been no small factor in the successes of this young nation. They were unconsciously obeying a law of nature which states that "growth and development take place through activity." No great analysis is needed to contrast our time with those days. Automobiles, buses, elevators for the slightest errand. Gas, electricity, no trees to fell. Push buttons, gadgets, devices in great number save the steps which to our ancestors brought vitality. And we hail with joy every invention which promises greater ease and luxury.

Combined with competition, speed, short cuts, tension, greed, this change is our loss. It will be a disastrous loss unless we pay more attention to providing the right kind of substitutes for the young generations. Those substitutes are and will be to an increasing extent, playgrounds, golf courses, tennis courts, gymnasiums, swimming pools, parks, and beaches. In them lies our hope for preserving the vitality, the organic power, which has been the birthright of the American people.

And here is the reason of course why educators the world over are urging these facilities and asking for trained leaders to guide our children.

Subscribe for the Advocate

Billions May Be Spent On Nation's Roads

WASHINGTON—Surface indications pointed this week to the possibility that \$1,000,000,000 of the administration's work relief fund may be spent on streets and highways.

The Bureau of Public Roads, it was said, has got the jump on other spending agencies. It already has \$100,000,000 of grade crossing eliminations and other projects contracted for under authority granted by congress last year, officials revealed, and these contracts are to be met with work relief money.

State highway departments were reported to have detailed programs for crossing eliminations, trunk line routes through cities, arterial highway improvements and the like ready for consideration as soon as President Roosevelt indicates the sum he wants to spend in this direction.

The president said at a press conference last week that between \$100,000,000 and \$200,000,000 will be used to eliminate grade crossings.

An official expressed belief that 2,000 hazardous crossings could be made safe by expenditure of the larger amount. But it was recalled that Arthur W. Brandt, president of the American Association of State Highway Officials, advised a congressional committee recently that states were prepared to wipe out 4,058 dangerous crossings if as much as \$461,881,500 were made available. He said \$277,567,500 of such projects could be completed in a year.

Scout News

Final preparations are being made by local Boy Scouts to attend the Camp-O-Ral, at the new state park between Portales and Clovis, April 25th to 27th. An entrance fee of \$1.00 per troop will be charged at the time of registration. Troops and Scouts must be registered with charter in force. Headquarters will be maintained at the Red Cross tent at the camp entrance.

Camp-O-Ral begins Thursday afternoon, April 25th, and ends Saturday morning, April 27th. Scoutmasters must see that their Scouts are properly equipped for this period, also for any weather emergencies that may arise. Be prepared! Sufficient bedding must be brought. There must be provisions (with menus prepared in advance), for the following meals:

Supper Thursday, April 25

Breakfast Friday, April 26

Dinner Friday, April 26

Supper Friday, April 26

Breakfast Saturday, April 27.

In many cases, provisions should also be made for a lunch on Thursday before the opening of camp, and for lunch on Saturday after the closing of camp. It is suggested that sandwiches be prepared for these two meals (before leaving home on Thursday and again before leaving camp on Saturday) so that they may be eaten en route. If possible, provisions should be made for one or two guests at the various meals. Arrangements can be made through headquarters for the delivery of milk, fresh vegetables, groceries—cash on delivery.

Camp-O-Ral has the cooperation of the schools, if you wish to attend, grades must be sufficient to justify obtaining an excuse from your school superintendent or principal. See that this matter is attended to properly before you absent yourself from school.

Camp-O-Ral permits the troop to use whatever equipment it may choose.

Vesely Says Oil-Gas Revenues To Be Over \$1,500,000.00 For The Year 1935

Frank Vesely, state land commissioner, estimates that revenue from oil and gas for the fiscal year ending June 30th, 1935, will be over a million and a half dollars and that Eddy and Lea counties will furnish eighty-five percent of this revenue. Some interesting figures are given in a letter to the Artesia Chamber of Commerce last week. The letter:

Artesia Chamber of Commerce, Artesia, New Mexico. Gentlemen:

I have been requested by many citizens from Lea and Eddy county to furnish information about what the state income from its state land is from Lea and Eddy county.

I am mailing you under separate cover the biennial report of the Commissioner of Public Lands for the year ending June 30th, 1934, and also in it you will find a Calendar Year Report of the last three years of the Commissioner of Public Lands. In the Calendar Year Report of the Commissioner of Public Lands for the years 1932, 1933 and 1934, I wish to draw your attention to the income from the gas and oil lease rentals and royalty. In 1934, the income from the gas and oil lease rentals from the state owned lands in the entire state was \$810,612.17. I cannot give you the exact percentage, but I am very safe to state that eighty-five per cent of the \$810,612.17 is the income from the state lands in Lea and Eddy county. The \$531,495.73 is the gas and oil royalties which of course is one hundred per cent income from the state owned land in Lea and Eddy county.

I am predicting quite an increase in revenue from the gas and oil lease rentals and also in royalties for the present year, and I am quite sure that the income at the end of the fiscal year, June 30th, 1935, will show the state income from gas and oil rentals for that year from its state owned land in the entire state will be a little over one million dollars, and royalties, I know will be over one half million dollars. The same thing will apply as last year, that eighty-five per cent of that one million dollars from the gas and oil rentals will be from state owned lands in Lea and Eddy county and of course one hundred per cent of the royalty will be from Lea and Eddy county.

Then on top of that, I say ninety-nine per cent of the state owned lands in these two counties is also covered by grazing lease

and about 65,000 acres in these two counties is also leased for potash, and rentals on the potash leases last year will show \$6,133.02 and this is about ninety per cent out of Lea and Eddy county. Potash royalty for the entire state for the last fiscal year was \$9,782.80, which of course is one hundred per cent out of Eddy county.

I am submitting these figures for your information and from it you gentlemen can see that it does not take an unusually smart mathematician to figure from what part of the state most of the land revenue in the land office comes from. It certainly is from Lea and Eddy county.

Any more information that you desire and I have available, please do not hesitate to ask for it.

Yours most respectfully,
FRANK VESELY,
Commissioner.

Supreme Court Agrees To Pass On NRA At Early Date

WASHINGTON—The supreme court agreed to pass on the constitutionality of the National Industrial Recovery Act.

A final decision in a New York poultry case, selected by the government as ideal for the purpose, is expected before the present term of court ends late in May or early in June. Arguments will be heard on May 2.

A previous case—against William E. Belcher, Alabama lumber dealer—was dropped by the government after it reached the supreme court on the ground it was not a satisfactory test. The lower federal court held the recovery act and the lumber code invalid.

In the poultry controversy, the circuit court of appeals in New York decided principally in favor of the government.

The appeal was filed by the government and by A. L. A. Schechter Poultry Corporation, the Schechter live poultry market and individuals of the two firms convicted of violating the live poultry code.

The court's determination to review the case was made as the senate finance committee entered the last week of its investigation into NRA prior to framing a law extending the recovery unit.

Farmers Begin A Mass Attack On Erosion Of Soil

KANSAS CITY—Harassed by dust storms which already have inflicted serious erosion damage on 34,000,000 acres of farming land in half a dozen states, residents of the midwest are turning to the first massed attack on drought's brother bugaboo in Kansas.

Farmers in the western part of the state, financed by a federal emergency relief allotment of \$50,000, will take the offensive with 15,000 tractors ready to list deep furrows at right angles to the direction of prevailing winds. These ridges, it is hoped, will become "dust barriers" to mitigate the scourge of flying soil.

Officials of Kansas State College, who will direct the technical side of the campaign, estimated 4,500,000 acres in western Kansas must be plowed solidly with listers, and an additional 2,000,000 acres strip-listed before the project could achieve the desired result. In meetings at Stockton, Colby and Garden City, they outlined their strategy to county officials and co-operating farmers.

The federal soil erosion service, listing the six states worst stricken, estimated serious dust storm dam-

age had been done to 9,000,000 acres in Colorado, 8,000,000 acres in Texas, 6,000,000 acres in Kansas, 4,000,000 acres in Oklahoma, 4,000,000 acres in South Dakota, and 3,000,000 acres in Montana.

An immediate cause of the dust storms, which sent thousands upon thousands of tons of soil floating eastward and fogged the atmosphere to a height of three miles, may be found in the rainfall deficiency in many western and Rocky Mountain states. Oregon, Idaho, Utah, New Mexico, Colorado, Nebraska and Wyoming, according to department of agriculture figures, showed precipitation from 24 per cent to 36 per cent below normal for the first three months of 1935.

\$93,000,000 IN PWA LOANS REQUESTED

SANTA FE—The state and its various subdivisions have requests for loans from the federal government totalling \$93,000,000 pending with the local PWA engineer, according to figures obtained from the department.

Not all of the requests for loans are likely to be granted, it was learned, but all communities have been urged to get in their requests early.

The portion of the new relief appropriation which will be allotted to New Mexico is not yet known, nor is it known how the funds to be allowed New Mexico will be administered.

FARMERS PLANTING COTTON

Cotton planting is the order of the day among the farmers of this district. The major part of the planting will be finished within the next week. Garden truck and row crops planted earlier are growing off nicely.

OWEN CAMPBELL IS REPORTED SERIOUSLY ILL

Owen Campbell is reported seriously ill at his farm east of town, suffering from high blood pressure.

Typewriters for rent—Advocate.

AT KELLER MOTOR CO.

Is Your Car over 70 horsepower?

If it is, you must have motor oil of extra high film strength to get SAFE LUBRICATION

YOUR car today has twice the horsepower and speed of the car you drove ten years ago! The average of 22 leading cars in 1934 was 108 horsepower.

Bearing pressures and temperature have increased correspondingly—so greatly that motor parts are now made of new alloy metals of extra strength and durability to stand the load!

To protect such a motor you need an oil with enough extra oiliness and film strength to withstand the extreme pressures and temperature!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these refining processes have lowered instead of increased oiliness and film strength—the very qualities on which depends an oil's lubricating value!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles. But, more important, the new Germ Process—adding concentrated oily essence to highly refined oil—puts into this oil 2 to 4 times the film strength of any straight mineral oil, as tests on Timken and other machines have proved! That extra film strength gives safe lubrication under the most extreme pressures!

Germ Processed Oil protects your motor another way. Its penetrative film, the "Hidden Quarts," stays up in your motor and cuts down starting wear.

Germ Processed Oil gives longer mileage with greater motor protection, as the Indianapolis Destruction Test proved.

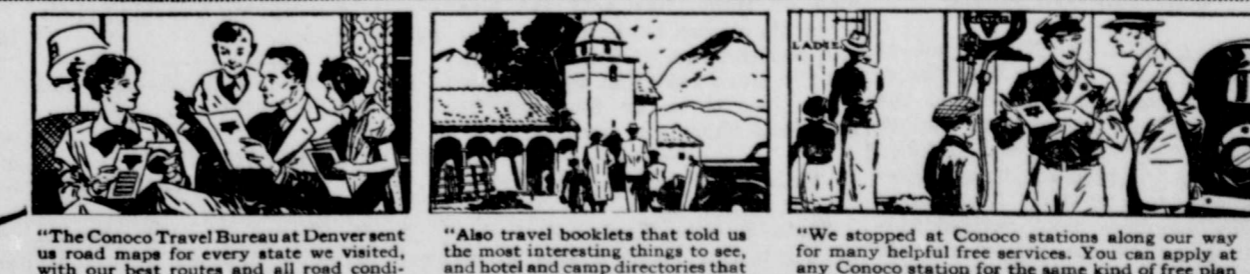

Say "O. K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the assurance that your oil meets your motor's needs!

CONTINENTAL OIL COMPANY • Est. 1875

CONOCO GERM PROCESSED MOTOR OIL

From the diary of a family who saw America

"The Conoco Travel Bureau at Denver sent us road maps for every state we visited, with our best routes and all road conditions marked—all free of charge!"
"Also travel booklets that told us the most interesting things to see, and hotel and camp directories that helped us choose places to stay."
"We stopped at Conoco stations along our way for many helpful free services. You can apply at any Conoco station for the same kind of free plan for your trip."

The SUMMER HOSTESS

The hostess who owns an electric refrigerator has no fears on hot days, not even when an unusual number of guests have been invited. She is reassured because she knows an electric refrigerator is not affected by outside temperatures.

She can make her desserts and depend upon the freezing time set forth in the recipe in August just as certainly as in January. She knows that there will always be plenty of ice cubes for cold drinks because they can be frozen quickly.

Then, too, she need have no worry about the foods she is to serve for dinner. Although several days have passed since purchasing groceries, there can be no tint or contamination because the temperature in an electric refrigerator stays below 50 degrees, the critical danger point.

Their simplicity is in their performance.

A wildcat in Otero county, being drilled by Flynn, Welch & Yates is making good progress. This is the Donahue No. 1 in sec. 28-24-15, which is drilling below 125 feet.

CARLSBAD MEN DIES

Russell C. Pigman, 54 years old, died at his home in Carlsbad Monday evening.

He is survived by his widow and two children.

REAL ESTATE TRANSFERS

Ed C. West of Carlsbad has purchased the J. T. Collins farm south of town and plans to take possession of the farm the first of next year. Mr. West contemplates building a new residence on the farm and making additional improvements, it is understood. D. S. Martin has purchased the John Dunn residence on Sixth street and plans to take possession soon.

KERR HEADS ROTARY CLUB

W. E. Kerr was elected president of the Artesia Rotary club at the first session of the new board of directors Tuesday afternoon. H. G. Watson was chosen vice-president and D. I. Clow was re-elected secretary. Plans were also made for the Rotary Ann banquet to be held April 22nd at the Artesia Hotel Roof Garden.

GIRL SCOUTS MEET

Girl Scout troop No. 2 met at the Continental Station last Thursday afternoon and decorated the truck of E. N. Bigler with Conoco signs. After this task was finished Mr. Bigler treated the troop members each to a bottle of Dr. Pepper.

The members have devised various ways of earning money to defray their expenses to Camp Mary White this summer. It is hoped that each girl may have enough money saved to attend camp this summer.

"Buy American Made"

NEW MEXICO CATTLE SHIPMENTS ARE LOW

ALBUQUERQUE—Livestock shipments from New Mexico during March fell below the previous month and the same month last year. W. A. Naylor, secretary of the State Cattle Sanitary Board, reported Tuesday.

The shipments totalled 19,048, compared to 25,242 in February, and 25,441 in March, 1934.

Shipments by districts as announced by Naylor are:

Springer, 229; Las Vegas, 200; Clayton, 200; Tucumcari, 1,580; Alamogordo, 632; Roswell, 1,225; Farmington, 272; Deming, 616; Albuquerque, 1,124; Gallup, 787; Santa Fe, 205; Las Cruces, 893; Carlsbad, 685; Lovington, 353; Portales, 3,673; Magdalena, 452; East Vaughn, 126; Hachita, 2,482; Silver City, 826; Solano, 13; Hobbs, 1,349; Horse Springs, 351; Raton, 705.

CATTLE ON FEED LESS

A decrease of thirty-six percent was registered in the number of cattle on feed in the eleven corn belt states as compared with the corresponding date of last year. The decrease is equivalent to about a half million head. The number on feed as of April 1st of this year was the smallest of that date in many years. However, shipments of stocker and feeder cattle into the corn belt for the first three months of the year were fifteen percent higher than for the first three months of 1934.

RELIEF FUND TO BE \$760,865 FOR APRIL

WASHINGTON—Harry L. Hopkins, relief administrator, Saturday allotted \$113,661,284 for April relief.

Georgia is the only state not receiving grants.

The grants included the following:

New Mexico, \$760,865.
Colorado, \$1,768,680.
Wyoming, \$260,780.

CLOUDY TODAY

After another dust storm last night, clouds are passing today, obscuring the sun. There is a remote prospect for moisture.

MAY START CREAMERY

It is understood negotiations are underway to sell or lease the local creamery plant, formerly operated at the Sunshine Valley Creamery, but it is not known at this time whether the lease or purchase agreement has been consummated.

HONOR QUEMADO STUDENT

SANTA FE—H. R. Rodgers, state superintendent of public instruction, will present Wilbur Curtis of Quemado with an autographed book as a reward for his record of being neither late nor tardy at school for six years, it was announced at the state education office Tuesday.

FIRST OF SPRING WOOL CLIP

The first of the spring wool clip was brought here to be placed on the market last week. Bryant Williams, Hope sheepman, brought three bags to the Bullock warehouse to be sold in consignment. It is understood J. P. Cahope, also of Hope, has sold the clip from his spring lambs at 15 cents per pound. The wool market outlook is much better at the present time than three or four months ago, local sheepmen say.

SENATOR JULIAN HERE

State Senator Taylor E. Julian of Tucumcari spent a few hours here yesterday transacting business and visiting. Senator Julian's home is in the worst of the wind erosion district of the state. He said unless conditions made a radical change soon, not a grain of wheat will be raised in either Quay or Curry counties this year.

LAST TRACT OF STATE LAND SOLD

The last tract of state oil and gas land, tract No. 25, offered for sale April 10th by the state land commissioner, has been sold, we are advised by F. S. Donnell, Santa Fe abstractor. Tract 25 was sold to W. R. Webb of Los Angeles, California, for \$120.00.

Mmes. J. K. Wallingford and Wendell Welch were visiting with friends in Roswell Tuesday.

Mrs. John Brown and Miss Lucille Gribble were visiting in Roswell Tuesday afternoon.

Dan Vaughan of Las Cruces spent a few days in this section last week looking after his oil interests.

Mrs. Buford Chunn and Miss Vesta Frisch returned to Groom, Texas, Saturday after a visit with their parents, Mr. and Mrs. George Frisch.

Loose leaf note books—25c and 50c—The Advocate.

Mr. and Mrs. J. C. Floore drove up to Roswell Wednesday to visit their son-in-law, Phillip Kranz, who is a patient at the St. Mary's hospital.

Phillip Kranz of Roswell, son-in-law of Mr. and Mrs. J. C. Floore, underwent a successful operation for appendicitis Tuesday, according to word received here.

Mr. and Mrs. C. J. Dexter were visitors in El Paso, Texas, last week, driving over to visit with Hugh Burch, a patient at an El Paso hospital.

Miss Linna McCaw celebrated her birthday anniversary Wednesday by entertaining Miss Mary McCaw and Miss Merrill Bradley at dinner at the Artesia hotel.

The E. T. Jernigan family drove over to Hobbs Sunday with Mrs. Harry Jernigan, who has been visiting here for several days and visited their sons, Harry and Jerry and family.

Loose leaf note books—25c and 50c—The Advocate.

Mrs. Cash Austin drove over from Farmington, arriving Sunday night and is visiting her parents, Mr. and Mrs. Jeff Hightower and her sister and husband, Mr. and Mrs. Stanley Blocker.

Dr. O. E. Puckett, county health officer, Monday evening stated no further outbreak of small pox had occurred in the Hope community. He gave ten more small pox vaccinations Monday, making a total of 213.

ATTRACTIVE WINDOW

Window shoppers will find an attractive window at the McClay Furniture store in a display of Congoleum rugs. The curious shopper will also find what appears to be a good example of perpetual motion in the picture of the lady and child occupying a rocking chair kept in motion.

Loose leaf note books—25c and 50c—The Advocate.

FINE ARTESIAN WELL FOR W. T. HALDEMAN

L. R. Sperry, pioneer artesian well driller, completed a fine artesian well on the farm of W. T. Haldean east of town the first of the week. The well, drilled to 920 feet, is estimated to flow from 1,200 to 1,500 gallons per minute. Mr. Sperry moved his rig to the Chas. Martin farm to start drilling another artesian well.

REID HERE

Walter Reid of Dallas, Texas, president of the Pecos Valley Gas Co., spent several days here last week in company with Joe Reid, company engineer, also of Dallas, looking over company properties.

Loose leaf note books—25c and 50c—The Advocate.

Consumption Of Wool Increases

Consumption of wool by United States mills since November has been higher than at any time since 1933, but stocks of wool in this country are still relatively large. Domestic wool production in 1935 will be reduced somewhat. Shearing of the new clip is now under way in the western states and large offerings of this wool will be available in the next few months. At the same time, dealers are said to be carrying a much larger proportion of the remaining supplies of old clip wool than is usual at this season of the year. The large stocks of wool still to be marketed from Southern Hemisphere countries and the recent decline in the pound sterling, will tend to prevent any marked improvement in wool prices in the next few months.

The high rate of wool consumption reported for January and the heavy movement of wool in the Boston market in recent weeks confirm last month's statement that the carry-over of 1934 clip will not be as burdensome as had been expected earlier.

The sharp reductions in quotations on spot territory wools in Boston in February brought prices of similar grades of territory wools and eastern grown fleeces wools into a more normal relationship. The unusual price situation which has prevailed in the Boston market since the early months of 1934 is shown in the figure at the end of this release.

Wool prices in foreign markets showed a moderate decline in February and the early part of March. The favorable developments which have prevailed in the continental European wool industry since September were halted during February. While manufacturing activity appears to have undergone little change the renewed decline in prices of wool products on world markets was reported to have had an unfavorable effect on business activity in European wool centers.

Apparent supplies of wool in the five most important wool producing countries of the Southern Hemisphere on March 1 are estimated to be approximately 50 percent larger than on the same date a year ago when they were unusually small. The increase in supplies compared with the same date of the 5 preceding years was 24 percent.

RAIL RATES ON FEED EXTENDED TO MAY 31

CHICAGO—Reduced railroad rates on livestock feed for the drought areas will be extended 31 days to May 31 and the special rates on movements of livestock in the drought region in effect last summer will be restored. E. B. Boyd, chairman of the western traffic executives committee, announced yesterday.

GOP TO REBUILD PARTY

WASHINGTON—A series of private conferences between republican leaders aimed at rebuilding the party for the 1936 presidential campaign began here today.

Disclosure of the parleys, considered of major importance by some G. O. P. leaders here, came on the eve of the arrival of the veteran Emporia, Kansas, republican publisher, William Allen White, from New York, and former Senator Henry J. Allen, former Wichita publisher. Both will participate in discussions.

197 NEW CCC CAMPS AND 167 OLD TO OPEN

WASHINGTON—Opening of 197 new camps and reopening of 167 old ones were announced Tuesday by Robert Fechner, director of the Civilian Conservation Corps, first of the governmental units to get under way on the new work relief program.

BUS CONTROL BILL PASSED

WASHINGTON—The senate Tuesday passed the Wheeler-Eastman bill providing for the regulation of motor buses and trucks by the Interstate Commerce Commission.

The bill now goes to the house. It has been before congress for the past eight years.

ICKES THREATENS TO CANCEL ALL PUBLIC FUNDS IN LOUISIANA

WASHINGTON—In a scathing attack on Senator Long (D-La.), Secretary Ickes Tuesday threatened to cancel all public works projects in Louisiana if legislation is passed to give the state authority over local projects.

Referring to Long as "The Emperor of Louisiana," Ickes said at a press conference:

"PWA funds haven't been used to set up a political machine anywhere and they won't be used that way in Louisiana—they certainly won't be used to build up Senator Long's political machine."

Specifically, Ickes said a \$1,800,000 PWA allotment had been made to the New Orleans sewer and water board, and if it was dissolved "there isn't any contract and we'll take back the money."

SCHOOLS NEED FEDERAL AID

SANTA FE—Federal help to the extent of \$59,280 is being requested to keep schools open in New Mexico cities, H. R. Rodgers, state superintendent of public instruction, said yesterday.

The grant for schools from federal funds to date has been for rural schools or those in communities of less than 5,000 population. The new application is for schools not coming within those classifications.

WANT IRRIGATION PROJECT

WASHINGTON—Five states—Colorado, Texas, New Mexico, Oklahoma and Kansas—combined forces at Washington Tuesday to push for construction of three irrigation and flood control dams in the Arkansas river basin.

There was entire agreement by representatives of the states for presentation to President Roosevelt Thursday of their case for building of the Caddo dam in Colorado, the Conchas dam in New Mexico and the El Reno dam in Oklahoma.
