VOLUME THIRTY-TWO

ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 3, 1935

NUMBER 40

OCT. 6 TO 13 SET AS WEEK OF CLEANUP

Artesia Asked To Observe Cleanup - Fire Prevention Week; Plans To Be Made Tonight For the Event.

October 6th to 13th will be observed in Artesia as Cleanup and Fire Prevention Week, or Fire Prevention and Cleanup Week, which ever term suits the best. It has been decided to combine the two enterprises since they are closely connected and go hand in hand. The City Council through Mayor Hollis Watson has issued a proclamation calling on the people of Artesia to observe next week as Cleanup and Fire Prevention Week.

Preliminaries have been started for inaugurating the cleanup campaign, which will get underway next week. Tonight, committees from every civic organization in town will meet with C. J. Dexter, president of the Chamber of Commerce at his office in the Artesia hotel to map out a definite program. These committees include: Woman's club; Mmes. I. L. Spratt, G. F. Hartell, John Lanning; Legion Auxiliary; Mmes. Ben Pior, John McCann, Elmo Naylor; American Legion; Frank Smith, Gail Hamilton, B. D. Clarke; City Council; H. G. Watson, S. E. Ferre, Arba Green; Chamber of Commerce; C. J. Dexter, G. V. Price, J. S. Ward; Rotary club; W. E. Kerr, W. C. Martin, D. I. Clowe; School Board; R. L. Paris. (Two other committees to be named).

Several have expressed the hope that the cleanup week activities can be made into a permanent organization and function every week in the year rather than one week. Hope has also been expressed that the residents of Mexican town, north of Artesia, can be induced to cooperate in the effort. Tonight a committee will likely be appointed to confer with the Mexican people regarding a cleanup campaign of that area, which is designated to aid both the appearance and the health of the community.

The cooperation of every citizen is urged in this worthy effort. Cutting weeds and removing rubbish from both the improved and vacant property over town will be in order. The city will have a truck to haul away all trash. Please pile your trash in the alley back of your property.

Free Show

The Ocotillo Theater has offered a real inducement to the boys and girls under fifteen years of age. A matinee will be given at the Ocotillo Wednesday afternoon, October 9th, beginning at 4:00 p. m. The only admission charge is a gunny sack filled with tin cans or rubbish. This is for children under fifteen years.

BUGS INVADE MAIN STREET

Millions of bugs invaded Main street Monday night, probably attracted by the street lights and the lights in the show windows. The little black bugs were so numerous they blackened the screens in places and proved to be a general nuisance.

Local Officer Is Hurt In Head-On Collision Sunday

Irvin Martin, local deputy, was painfully injured Sunday evening near 7:30 o'clock in a head-on auto-truck collision about three hundred yards this side of his residence, southeast of town. A brand new Chevrolet sedan driven by Mr. Martin collided head-on with a Chevrolet truck driven by Joe Ruiz, local farmer. Ruiz escaped serious injury as did several of the Ruiz children, riding in the rear of the truck. Both the car and the truck were badly damaged.

Mr. Martin's hurts were painful, but are not expected to prove serious unless complications set in. He was bruised about the face and was badly cut on the lip and left hand. The left side of his chest was painfully bruised, thought to have been from a blow from a 2x4 piece of timber, protruding from the truck, which came thru the windshield of the Martin car as the collision occurred.

The lights of the Ruiz truck went out just before the collision and Martin said he thought the truck had turned west on another road.

Preliminaries Are Made For Annual C. of C. Meeting

Preliminary plans have been started for holding the annual Chamber of Commerce banquet here on December 10th. Donald MacKay, president of the Eastern New Mexico Junior College at Portales has accepted the invitation to make the principal address at the banquet program. Other features of the program will include an outline of the Chamber's activities for another year by the manager and the election of four directors.

The annual meet is expected to attract 100 to 150 members and visitors and will be held in the Roof Garden of the Artesia hotel.

E. N. MEX. FAIR GOT UNDERWAY ROSWELL OCT. 2

Parades, Exhibits and the Rodeo Each Afternoon Expected To Attract Many; Old Timers Day Tomorrow Is Feature.

The thirteenth annual Eastern New Mexico State Fair at Roswell got under way promptly at 10:00 o'clock yesterday morning with the opening parade headed by the New Mexico Military Institute band and 500 cadets. More than fifty floats were entered by commercial firms, organizations and communities, each with a candidate for Queen of the Fair. The lady on the winning float becomes queen of the fair and the ladies on the floats placing second and third will be maids of honor.

Exhibit hall, with the largest collection of farm products from all parts of New Mexico, was thrown open to the public at 11:00 o'clock and will remain open until Saturday night. The livestock show, including Herefords, sheep, hogs, dairy cattle and poultry already has the largest number of entries in the history of the fair.

Old Timers day Friday will be one of the big days of the fair with those who have lived in New Mexico thirty years or longer having the center of the stage throughout the day. A rodeo will be held each afternoon and special entertainment features at the fair grounds day and night.

Yesterday, the opening day, was known as Grand Parade Day. Today is Roswell Day. Tomorrow is Old Timers Day, with a parade at 10:00 a. m. (in which the automobile will be barred) and Saturday is School Children's Day.

Pre-School Clinic To Be Held October 8th At the Central School

Dr. O. E. Puckett, district health officer, announced here Tuesday that on October 8th a pre-school clinic would be held at the Central school auditorium. The clinic to be held from 10:00 to 12:00 o'clock is for immunizations against diphtheria and mothers of pre-school children are cordially invited to bring their children and have them immunized against this disease. A case of diphtheria recently developed in the south end of the county and the patient is seriously ill in a Carlsbad hospital.

Yesterday Dr. Puckett and his workers spent the day inoculating residents who live in the farming area southeast of here, where there has recently been a serious outbreak of typhoid fever. Last week a Mexican child died from the effects of typhoid and the health department is trying to stamp out the effects of typhoid in this area.

Seven Property Owners Protest Curb and Gutter Project Friday Evening

Seven property owners entered protests against the curb and gutter project at a special protest meeting held at the City Hall Friday evening. It has not been determined what policy the City Council will pursue with reference to carrying out the entire project. There are over 700 property owners involved in the project. Work on installing the curb and gutter is expected to start within about two weeks, or possible less time.

A Seismograph Party To Work Tatum Sector

Midcontinent Moves Crew Of Thirty Men To Lovington; Four Wells Are Finished and Five New Locations Made.

One of the most interesting developments connected with the oil activity in this area is the coming of a large seismograph party to the Lovington area in Lea county. Reports say the Midcontinent Seismograph crew has moved into Lovington and the crew consisting of about thirty men has taken the entire Fair-weather hotel there. The Seismograph party plans to work in the vicinity of Tatum, it is understood.

Four wells were completed in Lea county the past week and five new locations staked for new wells.

Among the completions was the State 1-G of the Amerda Oil Co., sec. 18-19-37, which was drilled to 4041 feet and given an acid treatment. The State 1-G responded to treatment by flowing 858 barrels in nineteen hours.

The Wallace No. 1 of Jim Murray et al, sec. 18-19-37, was completed for an average producer of the district. Drilled to 3875 feet, the Wallace made 500 barrels in ten hours through a three quarter inch choke on tubing.

The Rice No. 2 of the Shell Petroleum Corp., sec. 13-18-37, was completed for a fair producer at 4263 feet. On a proration gauge through tubing the well made 4568 barrels of oil and an estimated 8,000,000 feet of gas.

The best producer of the group was completed in the Hobbs district in the Repollo Oil Co., Grimes No. 4, sec. 28-18-38, which was drilled to 4220 feet. On proration gauge thru casing the Grimes made 14,353 barrels of oil and 19,000,000 feet of gas.

One well was plugged and abandoned during the period, this being the Culberson and Irwin, Sue Richards No. 1, sec. 10-21-32, which was drilled to 3872 and developed a hole of sulphur water.

Five new locations were staked during the week and include: Gypsy Oil Co., Culp No. 2, sec. 19-19-37; Sun Oil Co., Adkins No. 1, sec. 3-21-36; Phillips Petroleum Corp., Woolworth No. 1, Group 4, sec. 8-25-7; Atlantic Oil Co., State 1-J, sec. 29-21-36; General Crude, State 1-D, sec. 32-21-36.

Football Game Here Tomorrow

Bulldogs Meet Tularosa In The First Game of The Season.

Tomorrow, the Artesia high school Bulldogs will meet the invading Tularosa football squad in the first game of the season at the Brainard park. Predictions as to the final outcome of the game are hazardous as both teams are apparently about evenly matched. For several years now the Tularosa eleven have been comparatively strong and this year is expected to prove no exception. From the standpoint of numbers and experience the visitors will likely have the edge over the locals, as they have a squad of thirty-four eligible players to choose from, ten of whom have had three years of football and eleven have had at least two years. Last year Tularosa defeated the Bulldogs 13 to 7. Artesia's chances this year are more promising than last despite the fact that the squad was larger last season. So far twenty-three has been the limit of the practice squad, but every member reporting for practice had played in the practice games between the first and second string men and between the first team and the ex-high school stars. Scrimmage with the ex-players has given the squad some valuable experience.

The Bulldogs are expected to put up a hard fight to win tomorrow's game and thus wipe out the sting of last year's defeat.

Mrs. George Dixon and son of Roswell were week-end guests at the I. C. Dixon home.

Proclamation

WHEREAS the week of October 6th to 13th has been designated as "Fire Prevention Week." And whereas since the citizens of Artesia are desirous of inaugurating a cleanup campaign for the City of Artesia on the same dates, as the two worthy efforts go hand in hand, therefore be it known that plans have been perfected for the observation of the week of October 6th to 13th, to be known as THE CLEANUP AND FIRE PREVENTION WEEK.

The cooperation of every property owner is requested during Cleanup and Fire Prevention Week, the purpose of which is to make Artesia a cleaner, more attractive city and to remove the unnecessary fire hazards, thereby saving the needless loss of life and property.

It is hoped that the Citizens of Artesia will take this occasion to learn the simple lessons that will enable them to keep their homes and other property safe from fire and in return that they may receive knowledge that may be the means of saving property from destruction and loved ones from violent and horrible deaths.

The opportunity and the challenge are yours. I call upon you to act.

H. G. WATSON,
Mayor of the City of Artesia.

14,653 Grazing Licenses Issued

Licenses Issued To Thirty Districts Set Up Under The Taylor Act.

WASHINGTON—Officials of the interior department, division of grazing, announced Monday 14,653 licenses have been issued in thirty grazing districts set up under the Taylor grazing act.

A total of 7,958,542 head of livestock were reported grazing on the public domain under government jurisdiction. Sheep lead, with 6,182,823 head under grazing licenses in ten western states.

Licenses cover 1,484,542 head of cattle, 172,365 sheep and 119,323 horses.

The grazing division said 6,501 grazing licenses have been issued in Utah, more than any other state, for 2,657,480 head of livestock.

Figures announced for other states follow:

State	Livestock Licenses
Arizona	238,717 385
Colorado	951,103 2,155
New Mexico	1,044,856 1,702

Officials said the statistics were of September 1 and the work accomplished by the grazing division, assisted by thirty boards of locally elected stockmen as district advisers, with a total membership of 483.

Cottonwood Fair Attracts A Large Crowd On Monday

The first community fair at the Cottonwood school house Monday evening went over in a big way, according to reports. Both the general interest and the number of exhibits exceeded all expectations. Estimated attendance was given as 300. A small gate fee was charged as admission and the gate receipts ran to about \$6.00.

Five booths containing farm products such as cotton and alfalfa, a canned goods display, and a sewing display were probably the outstanding feature of the fair. There was also a good display of farm animals and pets. Sheep, dogs, rabbits, and three Shetland ponies were among the animals placed on exhibit. Entertainment provided after the exhibits were viewed also proved to be enjoyable.

GOOD SHALLOW WELL

Pearson Brothers have completed one of the best shallow water wells in the Pecos valley on a 240-acre farm they recently acquired, about two miles southwest of Hagerman. The well, sixteen inches in diameter, was drilled to a depth of 165 feet. When a pump was installed the new well pumped 2,000 gallons per minute.

Mr. and Mrs. Sid Cox returned to their home here Tuesday after spending several months at their mountain home in the northern part of the state.

Cotton Advanced \$2 Per Bale Yesterday On Rumors of War

The December cotton market jumped about \$2.00 a bale yesterday morning on a rumor that the Italian army or part of the Italian army had invaded Ethiopia. At the close of the market yesterday afternoon, it was stated the rumor had not been confirmed. The December market closed on the New Orleans market at 11.06 cents.

Water Levels Are Showing Stronger

Reading Up 2 1/2 Feet Over Corresponding Period of Last Year.

Water levels at the various gauges in the artesian basin are showing stronger, according to Clifford Smith, artesian well supervisor of Roswell. On recent readings the gauges showed from a half a foot at the Berrendo gauge north of Roswell, to two and a half feet at the local gauge south of town, above the readings at the corresponding period of last year, Mr. Smith said.

The levels in this district have been materially aided by the plugging and repairing of wells here and in the Cottonwood district, Mr. Smith reported. The plugging crew has plugged the third well in the Cottonwood district, west of the Basel farm and has moved to another location just west of the third well plugged.

Another plugging crew working in the Roswell district has made faster time to the shallow wells that have been plugged. This crew has averaged plugging a well a week and has plugged a total of sixty-two wells.

The crew on the Cottonwood will work out that district before moving to this area.

R. E. HORNE DIES EARLY TODAY

Death Due To Pneumonia; Funeral Arrangements Are Pending.

R. E. Horne, aged 62, well-known Artesia resident, died here this morning about 4:30 o'clock at the home of his daughter, Mrs. Howard Byrd. Mr. Horne's death was due to bronchial pneumonia and a complication of heart trouble. He was brought here Sunday from Yeso, where he was employed as project engineer with the State Highway Department. For two days before his death, Mr. Horne's condition was critical and members of the family held little hope for his recovery.

Mr. Horne and family came to Artesia in the fall of 1920 from Stratton, Mississippi, and although he has been stationed at various places over this section in his connection with the highway department, he called Artesia his home. His wife, Mrs. Horne, died here about two years ago.

Surviving the deceased are two daughters, Mrs. Howard Byrd of Artesia and Mrs. Basil Gordon of Decatur, Mississippi; three sons, Charles Horne of Santa Fe; Henry B. Horne of Detroit, Michigan, and R. E. Horne, Jr., of Artesia; three brothers, Sim Horne, Grover Horne and Hurley Horne, all of Decatur, Mississippi; and a sister, Mrs. Cooper of Cleveland, Mississippi.

Funeral arrangements are pending. The body has been taken to the McClay funeral parlors.

Mr. and Mrs. Leslie Martin spent the week-end at Abilene, Texas, visiting relatives.

The Pinon Mohair Clip Brings 53 1/2c and 43 1/2c per lb.

The fall clip of mohair of the Pinon growers has been sold. The sale was made at Roswell Saturday and netted the growers 53 1/2 cents for kid hair and 43 1/2 cents for adult hair. The mohair, amounting to approximately 45,000 pounds, was loaded out Monday morning for the Boston market.

Mohair from the Queen area was sent to Carlsbad and part of the clip, amounting to about 35,000 pounds, was sent to Texas to be sold with the fall clip from that area.

GATHERING OF COTTON SLOW IN THIS AREA

Cotton Movement To Gin Expected To Be In Full Swing Next Few Days; Labor Supply Plentiful To Gather Crop.

Aided by several days of sunshine, cotton picking is getting off to a fair start in this section, although up to the present time, movement to the gins has not gotten underway in a substantial manner. Ginners said yesterday they anticipated gathering operation would be speeded up by the latter part of the week.

The maturity of the cotton has been a decided factor in slowing up the picking operations to date. The cotton ginned so far has been rather green and some farmers complain of the cotton stains and of the worm damage. Some gins have been able to turn out good middling samples even under these conditions, it was understood.

The cotton crop generally over this area is from three weeks to a month late and the final yield will depend largely on the growing conditions and the time of frost. Last year cotton growers were aided by a late frost and lots of cotton was made after the normal growing season had passed. In this connection it might be of interest to mention that 4,415 bales of cotton had been turned out by the six gins serving this area on the corresponding date of last year.

Sixty cents per hundred is the average price paid for picking over this section. The labor supply is reported plentiful and is expected to be adequate to care for the needs of the section.

According to tabulations completed yesterday morning the ginnings of the district were divided as follows:

Lake Arthur gin	5
Cottonwood gin	26
Association gin, Espuella	33
Farmers gin, Artesia	18
Association gin, Artesia	52
Association gin, Atoka	25
Totals	159

First Snow Falls In State; Temperature Drops to 44' Here

The state experienced its first real cold spell of the fall season Friday and Saturday following the general rains over the greater part of New Mexico. While snow fell in the northern part of the state Friday evening, the Pecos valley shivered in the lowest temperature of the season. Here the thermometer registered 44 degrees above zero. Snowfall was reported at Raton, Las Vegas, Santa Fe and the Estancia valley, where bean growers were in the midst of cutting their bean crop. Snow fell in Colorado and caused concern for truckers growing late garden stuff and fruit growers growing late fruit.

Friday a tenth of an inch of moisture fell here, bringing the total precipitation for the rainy spell to 1.14 inches.

Cavern Travel During September Reaches A Total of 11,604 Visitors

Attendance records at the Carlsbad Caverns continue to be broken. During the past month 11,604 people passed through the Caverns from forty-seven states, the District of Columbia and fifteen foreign countries. Texas, as usual, contributed the largest number of visitors with 5,417. Oklahoma was next with 1,119 and New Mexico third with 1,112.

THREATS OF WAR REAL IN ETHIOPIA

Movement of Troops Is Reported In Ethiopia With Casualties; Benito Mussolini Issues Mobilization Orders.

LONDON—Premier Mussolini, in a militant address to mobilized Italy, told last night he would go ahead with his East African program and an unofficial report said the long-expected fighting had already started.

The newspaper Paris Soir reported from Addis Ababa that 25,000 Italian troops advanced into the Musa Ali region of Ethiopia and engaged in combat with irregular Danakil tribesmen, with casualties resulting.

Confirmation was not forthcoming, but Emperor Haile Selassie in a protest to the League of Nations charged Italy had invaded Ethiopian soil in that region.

Haile Selassie will order a general mobilization today, expected to bring 10,000,000 men, women and children into military service. Already, nearly 250,000 warriors were reported on the march in Ethiopia, most of them toward Italian colonial frontiers.

Church bells and sirens called fascist Italy into one of the world's greatest peace-time mobilizations.

Il Duce, speaking through radio and loud speakers to the far corners of his land, said Italy would meet "war" with "war" should the League of Nations apply sanctions. He expressed belief Britain and France would not adopt sanctions.

"A solemn hour is about to strike in the history of the fatherland," the dictator said.

"Not only our army marches toward its goal, but 44,000,000 Italians are marching with the army," he asserted.

In his protest to the League, Haile Selassie claimed Italian troops "have established themselves in Ethiopian territory preparing a base for extensive attack."

French officials said Premier Laval had received, through Great Britain, assurance from Adolf Hitler that Germany has no intention of joining Italy or of taking advantage of the Italo-Ethiopian situation. Laval, because of fears of Germany, had hesitated to commit himself to a definite position with Great Britain.

King George himself took a hand in the situation in London. Before a cabinet session, he called in the foreign and war ministers for a conference.

Reports from India indicated army commanders there are preparing to send troops to Africa in case of an emergency.

Gloom was thick at Geneva and some delegates feared the crisis had got out of the league's hands. The British labor party at Brighton overwhelmingly voted in favor of sanctions against Italy in case of aggression in Africa.

Mrs. Roosevelt Pays Santa Fe Surprise Visit

Just to visit a sick friend, Mrs. Franklin Delano Roosevelt, wife of the president, came to Santa Fe last night, went directly to her suite in a Santa Fe hotel and sought rest.

Accompanied by a secretary of her husband's, Stephen Early and by C. R. Smith, American Airways official, Mrs. Roosevelt arrived shortly after 10 o'clock after a 70-mile auto trip from Albuquerque where she landed two hours earlier after flying from San Diego, California.

"Mrs. Roosevelt is extremely worn," Early said, "and she would appreciate it very much if she were permitted to rest. We have been on the train, plane and auto for a week now and all are tired.

Mrs. Roosevelt is just here calling on a sick friend, that is all. She wanted to slip in quietly and slip out the same way. It's just a friendly call like she would make at home."

AGITATORS AND RECOVERY

People of the southwest have never fully realized the menace the professional agitator has been to the industrial east during the recovery period. In the industrial east and in the mill towns, the agitator and trouble-maker has sought to prevent the return of the honest worker at a fair wage scale. At the same time a lot of these trouble-makers have been accepting government dole, they have sought to prevent recovery by creating dissatisfaction among the workers.

A local merchant showed the writer a letter last week from an eastern mill. The letter was an explanation of the delay in filling orders. The delay was caused by labor troubles; the troubles were not between the mill owner and the trustworthy workers, but between the so-called agitators and the mill owner. The mill owner in this instance had been able to run only spasmodically and had been shut down for the greater part of the last few months, while the manufacturer attempted to meet the demand of the agitator.

Here was the mill owner with a heavy investment, but with an idle mill and if left to the owner and his employees, an amicable adjustment could have been reached, the mill would have been able to make a fair return to its owner and to have paid the workers a fair wage, thus retaining the employees in private industry and lifting the burden of government relief. As it is the mill owner is not able to run his own business after he has spent years in building it up and placed his life's earnings in his business. The worker in most instances is anxious to return to private employment. Here both the capitalist and laborers are prevented from executing their plans, all because of some outsider, whose only interest is to make trouble.

The government might find it more profitable to take some of its dole funds and charter a few boats to deport these foreign-born Reds, who care nothing for the American people, except as the Americans serve a selfish end.

WHAT FIRE PREVENTION MEANS TO YOU

The coming of Fire Prevention Week, which will be observed between October 6 and 12, makes it worth-while to meditate on what fire prevention means to you as an individual, a taxpayer, a home-owner and a worker.

Fire prevention saves lives—yours and your loved ones. Thousands of people are now cremated each year—because someone was careless.

Fire prevention is the friend of the home. Without it, your home may be turned to ashes—and insurance can never replace the many intangible values each home represents. Money cannot compensate for everything.

Fire prevention tends to keep taxes down. Each time a fire destroys taxpaying property, thus removing it from the tax rolls, higher taxes must be paid by all other property within the community.

Fire prevention keeps insurance rates down. Over a period of years, the rate for each locality is based upon fire loss—many fires mean high rates.

Fire prevention is the friend of employment. When a fire destroys a business, jobs are lost, and thousands of dollars in purchasing power is lost with them. Untold privation and misery can result.

Fire prevention means progressive towns and cities. Cases are on record where a single fire, destroying a town's main industry, has resulted in permanent retrogression, at the expense of property and all other values in the community.

Prevent fire—and save lives and money. Do your part during Fire Prevention Week.

WORTHY DONATIONS

We realize we are talking about a time-worn theme when we attempt to discuss the way peddlers, beggars and what-not wart the merchants and business men of Artesia every week and no doubt the other towns and communities face the same problem, which will never be solved unless by a systematic effort. Government relief agencies have lessened the number of the beggars, but their numerous appearances here would no doubt be a surprise, if an accurate check was kept for a period of time.

The most popular form of touching the business men here still is by the old story of trying to get a sick husband or a sick wife to the hospital. Usually the beggar walks in with a statement signed by some notary public with a signed statement by the notary that he knows so and so and knows that so and so is in need of medical aid. The notary statement of course looks impressive with its seal, but aside from looking impressive, it means little.

There are also various forms of taking the money from local business men on some sort of advertising scheme and the same worthless scheme has been pulled over and over and incidentally they usually pull lots of money out of town.

The point we wish to make is the Chamber of Commerce could perform a useful function in this respect thru an investigation of questionable schemes. Attention has been called to this matter before, but thus far the suggestion has not received a hundred percent support. Investigation of such matters could really be made an important part of the functions of the Chamber of Commerce without cost to its members and the savings thus effected would be a substantial portion of the cost of operation of the Chamber of Commerce.

HOW CIVILIZED ARE WE?

Savages without the benefits of civilization might find an explanation difficult, if he could look in on and understand some of the performances of his white brother. And he would go no further than to the ringside of a world championship boxing fight or to the session of the League of Nations to see things that would only make the modern civilization more complex to him.

Outwardly the white race may be civilized but the race reverts to type when the real opportunity presents itself. As an instance, 90,000 boxing fans screamed with delight at the Baer-Louis fight and liked it all the better when blood began to flow. Really there was little difference between the 1935 example and the savage, who often finds it amusing when some misfortune befalls a member of

Cattle Board To Seek To Stop the Livestock Thefts

ALBUQUERQUE—Action of the state cattle sanitary board in putting two undercover officers in the field to discourage livestock thefts was endorsed in a resolution passed by the New Mexico Cattle Growers Association executive board at the recent Las Cruces meeting, Lee S. Evans, association president, said Monday.

The officers have been in the field a month. Walt Naylor, secretary of the cattle sanitary board, revealed Monday.

The cattle growers also commended the action of the cattle sanitary board in requiring that all brands be recorded and that no one be permitted to continue using brands registered in the name of another person, Evans said.

Another resolution passed by the committee asked Frank C. Pooler, regional forester, to permit calves born late this year to remain on the forests until April 30, on payment of regular fees. The resolution said that because of last year's drought the calf crop was late this year and is not now in a marketable condition.

SHIPS CAR ALFALFA SEED
Saturday E. B. Bullock shipped a car of alfalfa seed, purchased from Hal Bogle of Dexter. The seed was sent to an eastern seed house. Movement of seed has been exceptionally slow this year. The greater part of this year's crop is still in storage.

his tribe or between the 1935 emotional display and the gladiator days of the old Roman empire.

Apparently the human race has come to desire peace, but recent demonstrations in Italy and Ethiopia, in which the masses gathered and demanded war, would seem to indicate otherwise. The policies of a dictator are dangerous to the welfare of the people, but the course of conflict is made easy by the application of a little psychology. All a dictator has to do is to work up a little emotion and his subjects do the rest, without a thought of the possibilities of the outcome.

Yes, we are civilized all right until we reach a place where the cloak of customs may be removed and we are not restrained by the rules of society. Then we can quickly revert to the days of ancient history.

What Brisbane, the noted columnist, says about the small dailies and weekly newspapers over the United States may interest you: "The most important and influential newspaper, by far, in proportion to circulation, is the so-called 'country newspaper,' smaller dailies and weeklies.

"Their readers know who runs them, and those readers, not living in city apartments, with a can opener, buy everything from the paint on the roof to the cement in the cellar floor, from the piano and radio in the sitting-room to the car in the garage."

Security and Your Father

Security Safety

YOU and Your Father

You do not wear clothes like your father wore. In many ways you live in a very different world.

You have more conveniences, more enjoyments. Between you two at the same age there would be a marked contrast—on the surface. But deep down, in sound character and principles, you are the same.

Banking, too, is going thru this "father and son" process of growth and change. Many practices and methods are being altered to meet the needs of a new age. But the bed-rock principles of sound bank management have not changed—and will not change. Above everything else we want to assure every customer of ours that their transaction is backed with safe and sound banking practices.

LOCALS

Miss Helen Bullock visited friends in Carlsbad Sunday.

Mr. and Mrs. John Norris of the Cottonwood were shopping here Monday.

A daughter was born to Mr. and Mrs. Wm. J. Laman of the Cottonwood Saturday.

Mr. and Mrs. Glenn Booker and children left Monday for Jal. They expect to be located there for the next few months.

Mr. and Mrs. Fred Hill and Mrs. A. L. Allinger, all of Carlsbad, drove up for the funeral of Mrs. Wes Oliver Friday.

A belated announcement was received last week of the birth of a daughter to Mr. and Mrs. Guy Smith on September 19th.

News has been received here of the birth of a son to Mr. and Mrs. Guy Reed Brainard, Jr., of Henderson, Texas, Sunday, September 29th.

Mrs. H. J. Taylor of the Cottonwood community underwent a major operation Saturday and is recuperating nicely, according to an early report.

Dr. Lillian Mohler of Pine Bluff, Arkansas, who had been the guest of her sister-in-law, Dr. Lura L. Hinshaw, for ten days, left for her home Friday.

Mrs. Rockwell of Denver, mother of Richard Rockwell, was called here last week on account of the critical illness of her daughter-in-law, Mrs. Richard Rockwell.

Miss Betty Reed, daughter of Mr. and Mrs. J. A. Reed of the Cottonwood, has recovered sufficiently from burns received several weeks ago, to be about and expects to enter school next week.

Harry B. Wheeler of Baltimore, Maryland, who has been on The Advocate subscription list for several years, thinks enough of the visits of The Advocate to send his renewal in by registered mail.

Miss Alice Johnson, former resident of this section, left for her home in Santa Monica, California, last week after a visit to the home of her cousins, Mr. and Mrs. Oscar Pearson and family and Mr. and Mrs. Clarence Pearson of the Cottonwood.

Wes Oliver of Aztec, this state, and his sister, Miss Lillie Oliver of Delta, Colorado, who were called here on account of the death of his wife, Mrs. Wes Oliver, arrived Friday evening about 9:00 o'clock. They were delayed on account of the muddy condition of the roads and failed to reach here in time for the funeral services. Mr. Oliver and his sister left for their homes Sunday morning.

The Supreme Court—Our National Umpire
By RAYMOND PITCAIRN

National Chairman
Sentinels of the Republic

Picture a sand-lot baseball diamond on the outskirts of any American town.

The home team is at bat—and going strong! An exciting play occurs. In an effort to stretch a three-bagger into a home run, a player runs wide of the line.

"You're out," cries the umpire. There is a moment of stunned silence. Then the home-team players break into loud recrimination. "Throw out the umpire," they shout.

But the spectators—a typical American crowd—boo the disgruntled players down. Out of the clamor arises a clear voice.

"The umpire," it announces, "is here to see that the game is played according to the rules that have made it a success. If he didn't perform that duty, the game couldn't last. If he interpreted the rules to meet every player's whim, baseball would no longer be the orderly American game that we love. It would degenerate into a disorganized and un-American free-for-all. So let's keep the umpire and play the game according to the rules that have demonstrated their value and utility."

Broaden that picture a bit, and you get a rough analogy to something that's happening in the American political scene today.

Certain lawmakers and their followers are annoyed because the Supreme Court has pointed out that some of their impractical measures violate the body of rules under which our government operates—the United States Constitution. They fear that still other measures will suffer the same fate. So they want to weaken the authority of the Court as our official interpreter of the rules.

They are shouting, "Throw out the umpire!" Will they succeed? That's up to the people. No change so drastic in effect could be consummated without the consent of the voters. Fortunately, a nation-wide reaction has shown the popular attitude.

The people are determined to retain a National Umpire who will hold lawmakers to the rules which made us a great, successful nation offering liberty and opportunity to all.

New Enrollment Program For CCC Started October 1

ALBUQUERQUE—A new CCC enrollment program started October 1 to replace men who have dropped out and to increase the strength of the corps above that of August 31, when the number of men in forest camps had reached a total of 519,000, said Robert Fehner, ECV director, today.

New age limit reductions which have been made, from eighteen to seventeen for physically fit boys, will substantially increase the number of enrollees, it is believed. Only boys with families on the relief rolls are eligible. With the enrollment of a son in the CCC the majority of the boy's wages sent home.

It is estimated that this new age limit reduction will see about 40,000 new men eligible for enrollment with an equal number of families taken from the relief rolls. There is no age limit for veterans.

Former enrollees who are eligible under the age restrictions of 17-28 and who were given honorable discharge from the corps after serving at least four months are eligible to enroll again if they come from families now on the relief rolls.

New Tires Bought Now Will Guard Against Skidding

The average motorist will be endangered by skidding seven times to every one time that he will be subjected to the hazard of accident from a blowout, according to the Guy Chevrolet Co., local Godeyar dealer.

"A recent survey by insurance companies," said Mr. Guy, "ascertained that motorists representing all sections of the United States are seven times more likely to be involved in accidents, or near-accidents, as the result of skidding on slippery streets, than as the result of blowouts.

"The blowout hazard has been reduced to a minimum due to modern tire and tube construction methods," Mr. Guy continued, "but a car can skid at any speed if not provided with sufficient traction, and many traffic fatalities are caused as a result.

"With the winter season approaching, protection against skidding increases in importance. Tires with a good, clear-cut tread are essential to safe winter driving. The Goodyear G-3 All-Weather tire uses the famous diamond block tread that has been used for 27 years where maximum protection against skidding is needed.

"This tire provides protection against skidding in any direction and will give traction in deep mud as well as on wet or icy hard surfaced highways."

LOVING YOUTH HAS CASE OF DIPHTHERIA

Amador Orguides, a Loving youth, is seriously ill at a Carlsbad hospital with diphtheria, Dr. O. E. Puckett, district health officer, said Monday.

Dr. Puckett urges that all children who have not been immunized against this disease be given the antitoxin immediately.

Oilfield Items

Miss Margaret McCrory, Reporter
Sam Akins of Wink, Texas, was in Artesia on business last week.

Mrs. Steve Finchbaugh made a business trip to Carlsbad Thursday.

Claude Matthews is rapidly recuperating from an appendicitis operation.

Mrs. Floyd Shipley of Midland, Texas, is visiting her sister, Mrs. Fred Mann.

Floyd Solt, who was visiting his brother, Walter Solt, returned to his home in Ohio Saturday.

Mr. and Mrs. Orville Browning of Oklahoma are visiting her sister, Mrs. James Francis, this week.

Mr. and Mrs. Allen Williams and family visited Mr. and Mrs. John Hnulich of Carlsbad vicinity Sunday.

Mr. and Mrs. Fred Knowles and Roscoe Knowles visited Mr. and Mrs. Freddie Knowles and family Sunday.

Mrs. Day and children and Miss Ruby Kennedy spent the day with Mr. and Mrs. W. A. Beard and Louise Beard.

Mr. and Mrs. Charles Dungan moved to their new home in Hobbs last week. They leave many friends here and in Artesia.

Mr. and Mrs. Peterson and family of Texas have moved into the Oilfield. Mr. Peterson was transferred here by the Continental Oil Company.

Miss Ruby Jenkins, who was visiting Mr. and Mrs. W. A. Beard, was suddenly called back to her home in Portales, Saturday, by the death of her mother.

Mr. and Mrs. Will Foster and Mrs. Karl Foster left Thursday morning for Drumright and Oilton, Oklahoma. They will visit friends and relatives there.

A large crowd enjoyed the monthly social Friday evening at the school house. They were entertained by a very good program given by the school children. Coffee, cocoa, sandwiches and cake were served.

2,600 EMPLOYED BY NRA

WASHINGTON—NRA officials contended Saturday that the work being done by their 2,600 employees—recording and analyzing the history of the Blue Eagle—would be worth many times its cost.

Taking issue with those who have criticized the retention of so many on the payroll, the officials said it would be "almost criminal" to waste the mass of data collected during the two years of code operation.

About half of those still on the NRA rolls are writing the history of NRA and saving its records for future use.

Nation's Wheat Sector Spreads

WASHINGTON, D. C.—Wheat, restricted in the chief production areas by the farm program, was shown by the agricultural census Monday to be spreading into new territory.

Figures based on complete tabulations for over half the nation showed many farmers in non-commercial wheat sections were turning new lands into the production of grain.

The census report showed a heavy shift of lands to cattle and food crops in recent years, with potatoes leading the way. The AAA has said that in general there was no relation between the increase in potato acreage and the acres taken out of production by its adjustment programs.

There were fewer horses and mules, however, in most all states, even though the nation as a whole had 500,000 new farms and 68,000,000 more acres under plow.

Experts said the shift to food crops and cattle was largely explained by the hosts of former city workers who had taken small tracts of land in suburban areas and were endeavoring to grow their own food.

In most cases, they said, the first thing that the new farmers bought was a cow. Milk and a few acres of potatoes helped tide these amateur farmers over the depression, they said, but the home production of these necessities also cut down the potential market of the professional farmer.

World's Deepest Well Is Plugged

The Gulf McElroy test in Crane county has been plugged and is now rated as a producer at approximately the same depth as nearby wells, says the Crane News.

Gulf No. 103 McElroy reached an ultimate depth of 12,786 feet—the greatest depth to which any hole had ever been drilled for any purpose. Production was not obtained, and the hole was plugged back as preceding formations were tested for oil, until it is now at the same depth as nearby holes in the field, and is being rigged as a pumper from the regular McElroy horizon.

But the total depth of the hole is not altogether what creates interest in the test.

Twenty-five men were kept steadily employed on the test during the two and one-half years of active drilling, at a time when the entire nation was in the throes of the depression, when work was hard to find and wages were small. These twenty-five men were enabled to live and to spend, and were kept off relief roll, perhaps.

TO BUY LAND FOR MIGRATORY BIRDS

ALBUQUERQUE — Buying of land for federal migratory bird refuges in New Mexico is under way and details will be announced when the purchases are completed, Don Gilchrist, of the biological survey, said Thursday.

Improvement of the Carlsbad federal bird refuge has been started with funds allotted by J. Clark Salyer, II, head of the survey's migratory bird restoration program.

Penasco Items

Miss Madie Reeves, Reporter
Lee Reeves is a visitor in Roswell this week.

Miss Edna Page was a Roswell visitor over the week-end.

Mr. and Mrs. E. L. Cox spent the day with Mr. and Mrs. Jack Vickers Sunday.

Mrs. Bernard Cleve returned home Sunday after spending several days in Artesia.

There was a dance at the Allen Arrington home Saturday night. Everyone had a nice time.

Mr. and Mrs. E. L. Cox spent the day with Mrs. Cox's parents, Mr. and Mrs. Austin Reeves, Saturday.

Jim Harwell took Austin Reeves' stock down to the Eastern New Mexico State Fair at Roswell Sunday.

The Penasco ball team played the Mayhill ball team at the Penasco ball park Sunday, the score being 5-19 in favor of Mayhill.

Among the Elk people who went to the CCC dance at Mayhill Friday night were: Messrs. and Mmes. Jack Vickers, Joe Green, Oris Cleve and Bernard Cleve.

EDDY SOCIAL WORKER INJURED

Esther Cohen, supervisor of social service in Eddy county, and Miss Vick Boyce, case worker, were injured when the car in which they were riding overturned eight miles north of Estancia Saturday.

Miss Cohen was not seriously hurt. Miss Boyce was reported to be in a serious condition with scalp wounds, cuts and bruises and a neck injury.

Both are in an Albuquerque hospital.

ONE LOOK AT THESE PHENOMENAL FOUR AND YOU'LL SAY "BUICK'S THE BUY!"

Two years ago Buick deliberately leveled its sights on 1936. It coolly set its aim on bringing to market for that year a line of motor cars that would startle the world. It proposed to do that, not by freak or superficial design, not by skimping quality to make a price, but by sheer merit as expressed in automobile beauty, value, ability. It submits to you now the eminently satisfying results of that fruitful two years of concentrated endeavor. Here are four separate series of sensational new Buick cars — cars called phenomenal by experts in the trade who previewed them. Each is a feast to the eye schooled in mature modern styling, as you can see. Each has under the smooth flowing planes and surfaces of its smart exterior, the solid, tough, durable, beautifully engineered chassis that underwrites Buick dependability. And each offers you from the stepped-up power of its big thrifty valve-in-head eight-cylinder engine such safe, thrilling performance as you have never known. These cars are big cars every one — built to almost lavish dimensions of body room and head clearance — yet they handle with the fingertip lightness of small cars. They are literally breath-taking in power and speed and take-off, yet under their new tiptoe hydraulics and easy-steering knee-action they are almost as manageable as a telephone. They are thew and sinewed by that quality which springs from Buick's third of a century of manufacturing experience, advantaged by \$14,500,000 worth of new tools, dies and factory re-equipment devised for these cars alone. These things are so true and so obvious that everywhere you will soon hear the motor-wise saying, "BUICK'S THE BUY!"

Social Activities

SUSANNAH WESLEY BIBLE CLASS IS ENTERTAINED

Mrs. W. S. Williams and Mrs. E. T. Jernigan were co-hostesses Thursday afternoon when they entertained members of the Susannah Wesley Bible class at the home of Mrs. Williams.

Fall flowers of many colors were used to decorate the spacious living room of the Williams home. No special entertainment had been planned for this meeting, therefore the afternoon was spent visiting and renewing friendships after the summer vacation.

The annual election of officers was held and the following elected to serve the new year: President, Mrs. E. T. Jernigan; Mrs. E. B. Bullock was re-elected as vice-president, and Mrs. W. S. Williams, secretary and treasurer.

At the close of the social hours, a delicious salad course was served by the hostesses. They were assisted in serving by Mrs. John Williams.

The following class members were present: Mmes. W. S. French, William Gissler, Geo. Frisch, R. O. Cowan, Grover Kinder, Carrie Hinrichsen, Ohrr, A. P. Mahone, E. J. Holland, Reed Brainard, John McCann, E. B. Bullock, Ed Stone, I. C. Keller, I. C. Dixon, H. A. Stroup, Roger Durand, Inskip, Ione French and Alwino Shearman.

BRIDE COMPLIMENTED BY MRS. JOHN LANNING

Charmingly informal was the delightful bride party and linen shower given Thursday afternoon by Mrs. John Lanning, complimenting Mrs. Herman Terry, a recent bride.

A color scheme of orchid and yellow was carried out in house decorations in which a profusion of wild astors and daisies were effectively used.

Guests enjoyed five rounds of contract, Mrs. J. R. Attebery receiving the beautiful high score prize and Mrs. Landis Feather, consolation. At the conclusion of the games, Mrs. Terry was presented with a lovely linen shower. Master Johnnie Bert Lanning, small son of the hostess, announced that the daintily wrapped packages had been left for her and presented them.

The orchid and yellow color scheme was also effectively used in the table appointments and in the dainty refreshment course of grape ice and gold cake. Mrs. Lanning was assisted in serving by her daughter, Bettynele.

The invited guest list included: Mrs. Terry, Mmes. Carl Bildstone, Earl Bigler, Howard Whitson, Henry Caudle, Malcolm Mitchell, Van P. Welch, Landis Feather, Wendell Welch, Lloyd Simon, Preston Hare, Leslie Martin, J. R. Attebery, Reed Dowell, C. Bert Smith, Ethel Bullock and Harold Dunn.

BARTON-CONNER MARRIAGE

The surprise wedding of the week was the marriage of Miss Juanita Barton to Mr. Ross Conner. The ceremony was solemnized at Carlsbad Sunday afternoon at the Carlsbad Baptist parsonage with the Rev. Weldon, Baptist minister, officiating. The ceremony was witnessed by ten friends of the bride and groom, who were: Mrs. Jack Rigger of Slaton, Texas, and Mr. and Mrs. Douglas Walden, Mr. and Mrs. Cavitt Jackson, Mrs. Clarence Conner, Mr. and Mrs. Carson Howard, Miss Faye Grimlan and Miss Geneva Bailey, all of Artesia.

Mrs. Conner, a former resident of Tahoka, Texas, was a student in the Artesia high school and a member of the Junior class last year. She is the daughter of Mr. and Mrs. R. F. Barton of Artesia.

Mr. Conner, son of Mr. and Mrs. Ed Conner, grew up in the Artesia community and is well known here. He is also a former student of the Artesia high school and was a member of the Junior class last year. He is employed at the Artesia Auto Co., filling station.

Mr. and Mrs. Conner are at home to their friends at the Abe Conner residence, corner 8th and Grand, where they have an apartment.

THE CHORAL CLUB BEGINS REHEARSALS

The first meeting of the Choral club following the summer vacation was held at the Central school building Monday afternoon.

Regular weekly rehearsals are to begin for the Christmas concert. Rehearsals will be held at the Central school building each Monday afternoon at 3:50 p. m.

Mrs. Mark A. Corbin, who has so ably served as director of the club which was organized two years ago, will again serve as director this year.

WOMAN'S CLUB NOTES

Mrs. J. D. Atwood, past president, Roswell Woman's club, and most recent past president, New Mexico Federation of Women's Clubs, has been appointed by Mrs. Roberta Campbell Lawson, president General Federation of Women's Clubs, as vice-chairman Junior Club Department. Mrs. Atwood made Junior Clubs her major project during her state administration and this honor given her is merited. Mrs. Atwood will have a large group of western and southwestern state clubs under her supervision.

Announcement has been made that the October convention of the New Mexico Federation of Women's Clubs will be held in Santa Fe this month. The principal theme, "We Must Be Educated Too," on this subject, Mrs. McGaffy-Brown of Roswell will give a bird's eye view of national legislation. Lea Rowland will also appear on the program and tell about "Building A Home For Your Club and Benefiting Your Community While Federal Aid May Be Had."

Dr. Lucinda de L. Templin, principal of the Radford School for Girls in El Paso, was guest speaker at the Woman's club Wednesday afternoon. Dr. Templin has been associated with the above school for the past six years and formerly was associated with Lindenwood College. She is a most able speaker with a pleasing personality. Her subject "Modern Interpretation of Education," dealt with the practical things of life as well as the cultural arts. She stressed an all-around education for the home as well as social science, a knowledge of mathematics and law for the well educated woman, explaining that every woman who had a Ph. D. was not a well educated woman.

A large number of club women heard Dr. Templin, also the teachers of the public schools were invited to hear her. The Artesia Woman's trio, composed of Mrs. V. L. Gates, Mrs. I. L. Spratt and Mrs. Mark A. Corbin, delighted those present with two numbers, "The Little Red Lark," and "To A Wild Rose." Mrs. Herman Terry accompanied them at the piano.

Mrs. John Lanning and Mrs. G. U. McCrary were elected delegates to the state convention to be held in Santa Fe this month. Mrs. Jeff Hightower and Mrs. Hollis Watson were elected as alternates.

Mrs. J. B. Atkeson and Mrs. P. G. Hartell were hostesses for the afternoon.

FORTNIGHTLY LITERARY CLUB WITH I. L. SPRATTS

The Fortnightly Literary club met at the home of Mr. and Mrs. I. L. Spratt Friday evening with Mrs. Spratt in charge of the program. Mrs. Spratt discussed the subject of "palmetry" and gave club members some pointers on how to read the palm. Mr. and Mrs. M. A. Corbin were guests of the club.

MISS BRAINARD MADE ASSISTANT

DENTON, Texas—Miss Peggy Brainard, daughter of Mr. and Mrs. Reed Brainard of Artesia, is serving as student assistant in the department of biology at Texas College for Women (CIA).

PECOS VALLEY YOUNG PEOPLE IN ROSWELL

Some one hundred and fifteen members of the Pecos Valley Young People's association of the Methodist Episcopal church, South, met Sunday in Roswell for their quarterly meeting, with young people attending from Carlsbad, Hope, Artesia, Lake Arthur, Hagerman and Roswell.

At the 10:00 o'clock service Sunday morning the Senior Young People's choir from the Carlsbad church gave a short musical program, and at 12:30 o'clock a basket lunch was served buffet style in the church parlors.

During the afternoon a most enjoyable Japanese play was presented by the Girls' choir of the Roswell church, also the election of officers was held with those elected as follows:

Marjorie Johnson, Hope, president; George Melhop, Lake Arthur, vice-president; Wilba Hoffman, Roswell, secretary, and Jimmie Zimmerman, Carlsbad, treasurer.

The next meeting will be held in Carlsbad, Sunday, December 29th.

PAST PRESIDENT'S PARLEY

The Past President's Parley, an organization of the American Legion Auxiliary, was entertained by Mrs. Albert Richards at her home Friday.

Georgious fall dahlias and long-stemmed roses were used as house decorations. A three-course luncheon was served at 12:00 o'clock from a long table, beautifully laid with white linens. A bowl of lovely autumn flowers of brilliant red formed the centerpiece, the same color was carried out in the floral favors at each plate.

Covers were laid for Mmes. J. M. Story, Frank Linell, Lewis Story, Frank Seale, Dick Vandagriff, Jess Truett, Aleck McGonagill, P. V. Morris, Ben Pir and the hostess.

A brief business session was held at the close of the luncheon hour with Mrs. P. V. Morris, president, presiding.

CARD OF THANKS

We deeply appreciate the many kindnesses shown us during the illness and death of our wife, daughter and sister, Mrs. Wes Oliver. We especially appreciate the floral offerings.

Wes Oliver, Mr. and Mrs. G. B. Dungan and family, Mr. and Mrs. Herman Green.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.—The Advocate.

W. C. T. U. Notes

Bootleggers After Repeal

"As one who urged Repeal I have been disappointed." (Senator Walsh, Democrat, May 2).

Since repeal Bootleggers with large plants are making products and putting them under labels with counterfeit stamp tax seals. (Reported by Asst. Atty. General Hurley).

The nation even after repeal is a bootlegger's paradise. (Congressman R. L. Doughton, N. C.)

A fleet of 20 coast guard planes are ordered to fight rum runners on Florida coast since repeal. The coast guard's anti-smuggling forces are greater than before repeal. (Associated Press report, July 30, 1934).

It is now costing \$632,000 per year more to fight bootlegging since repeal than the average cost of enforcing the 18th amendment. (Congressional Appropriations).

Since repeal the government is sending reinforcements to Pacific coast to head off increased narcotic smuggling. (Associated Press, July 13, 1934).

U. S. Congress has appropriated \$11,500,000 for additional cutters to guard our coasts against increased rum runners since repeal.

"There are more distills in operation here (Detroit) since repeal, and their capacity is double." (Maj. W. L. Ray, Special Investigation Division).

Secretary of treasury will send 5,000 men (1,000 more than the forces in prohibition days) to enforce repeal laws. (Press report, August 4, 1934).

Drunken drivers increased 162% after repeal in Philadelphia. (Asst. Supt. of Police).

Auto accidents compiled from 86 cities show that deaths increased 21% in four-week period after repeal. (U. S. Official Figures).

Arrests for drunken drivers after repeal increased 1300% in three months comparison in Rochester, N. Y. (Rochester Police Records).

Deaths from auto wrecks increased 500% in Idaho since repeal. (Record compiled Jan. 1934).

Enrollment at national institutions for alcoholic diseases has broken all previous records since repeal. (Cleveland Plain Dealer, Jan. 22, 1934).

Traffic deaths due to drink in Oregon, after repeal, increased 90% for December 1933 over 1932. (Record compiled Jan. 1934).

Arrests for drunkenness in Denver, Col., increased in one month from 142 to 444 after repeal. (Police Record of Arrests).

THE REV. AND MRS. THOS. MASSIE ARRIVE

The Rev. and Mrs. Thomas L. Massie, recent groom and bride, arrived home Tuesday afternoon from Mineral Wells, Texas, where they spent a few days visiting the Rev. Massie's parents, Mr. and Mrs. Robert Massie, en route home from Plainville, Connecticut, former home of Mrs. Massie. The Rev. and Mrs. Massie were married at the Chapel of Yale Divinity School in New Haven, Connecticut, on September 14th, with the Rev. J. Roy Wilkenson and Prof. Alfred E. Lucecock, officiating.

Their marriage grew out of a romance which began when the Rev. Massie was a student in Yale University.

Mr. and Mrs. Massie are at home in the parsonage of the Christian church and are receiving congratulations from their friends and parishoners.

GAIL TALBOT, JR. TO SPEND YEAR IN GERMANY

Gail Talbot, Jr., former resident of Artesia and a nephew of Mrs. John Lowery of this city, has notified his aunt that he is to spend this next year in Berlin, Germany. Mr. Talbot, a newspaper man, spent the summer vacation on the Isle of Capri about twenty miles from Naples on the Mediterranean.

Wedding announcements, printed or engraved.—The Advocate.

Health Meeting Is Held At Central School On Tuesday

The northern Eddy N. O. P. H. N. advisory committee met at Central school Tuesday.

Miss Agnes Covalt, county public health nurse, gave her monthly report which showed that though she had not been in the county long she had found plenty to do. She reported twenty-two visits to schools; 155 personal conferences; thirty-four conferences with parents; 597 surveys of pupils; 208 full inspections of pupils. Arrangements have been made for a clinic at Hope on October 11.

She also told how the Carlsbad Red Cross had aided in her work by furnishing hospitalization in forty-two maternity cases. Aside from this they paid for gowns, medicine and thirty-three layettes. They have also assisted with correction of defects.

An article from the American Journal of Public Health, on typhoid fever and one on diarrhea and enteritis, under two years of age, were presented. Graphs showed the alarming high death rate from these diseases, in New Mexico, as compared to the death rate in neighboring states and the United States as a whole. Two new cases of typhoid in upper Eddy county brought the subject

closer to the committee. A number of problems were discussed. The problems are many but the finances to solve these problems are not so plentiful.

NEW BAPTIST CHURCH PLANNED FOR CARLSBAD

Plans for the construction of a new \$45,000 Baptist church building in Carlsbad have been inaugurated, it is understood the first of the week. The building will be located west of the present church building and will be of the Spanish style.

In The WEEK'S NEWS CURRENT EVENTS PHOTOGRAPHED FOR THE ADVOCATE

"NEW FRONTIERS FOR RECREATION" will be discussed and charted in Chicago, this month, when more than a thousand delegates gather at the National Recreation Congress.

COLLEGE BEGINS AGAIN—and the good plans her autumn entertaining. This young lady will serve cinnamon toast and milk after football games, using the new Toastmaster Hospitality Tray. Result: no broken training rules, for football, figures or fine skins.

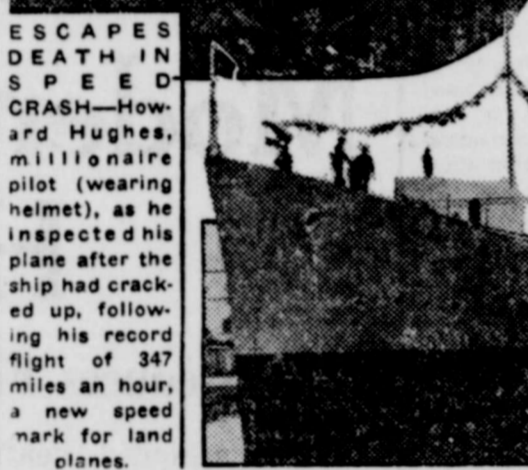

FEARS BRAZILIAN COTTON—Edward Tomlinson, outstanding American authority on South American affairs, has just completed a report on 'Brazilian cotton,' published by The Country Home, national farm magazine, which indicates that Brazilian growers may end the United States' supremacy in world cotton markets.

NEW DESTROYERS CHRISTENED—The flag-bedecked destroyers—Coryngham, left, and Case, after they slid down the ways in the Charlestown Navy Yard at Boston. Both will be in active service next year.

WINTER COAT WITH SILVER FOX—Simplicity supplies the chic to the stunning winter coat of black velour cloth worn by Irene Dunne, picture star. It makes lavish use of silver fox fur on the inverted cowl collar and as cuffs on the wide, loose sleeves. A black suede felt hat with a saucy quill enhances its beauty.

ESCAPES DEATH IN SPEED CRASH—Howard Hughes, millionaire pilot (wearing helmet), as he inspected his plane after the ship had cracked up, following his record flight of 347 miles an hour, a new speed mark for land planes.

TOMATOES and ADVENTURE

EATING the same foods all the time is as tiresome as taking the same walk every day—or reading the same book over and over. Some foods, however, seem to refuse to be boring. Tomatoes, for example. They're bright in color and their enticing taste lures you into new paths. The Italians have found all sorts of adventurous uses for them. Sauces that blend into exciting flavors; the French have put them into salads that are as simple as they are exquisite. Americans are doing more and more things that are adventurous with tomatoes. They are baking them with cheese or with mushrooms, making them in picturesque little individual casserole dishes, and combining them with other vegetables to which they lend piquant flavor.

Garden Grown and Canned

If you like to garden, set out some twenty little tomato plants and see how soon they will crop forth with sixty or seventy red tomatoes for your table. If you haven't time to raise them yourself, eat the choicest tomatoes possible to raise—those raised by the canner—in some such recipe as the following: Tomato Timbales with Cheese Sauce: Combine the contents of one No. 2 can of tomatoes, one slice of onion, one-half bay leaf, three whole cloves, one-half teaspoon salt, one teaspoon sugar and a few grains of pepper. Cook gently for fifteen minutes and then press through a sieve. Add one-half cup of soft bread crumbs and two slightly-beaten eggs. Turn into buttered timbale cases or custard cups and set in a pan of hot water. Bake for thirty to forty minutes in an oven at 375 degrees, or until a knife, inserted, comes out clean. Turn out and pour over them a very rich cheese sauce. This serves four persons.

Scout News

What Cubbing Is

The "Cubs" is a leisure-time, character-influencing movement for boys of pre-Scout age—boys of 9, 10 and 11 years. It provides activities suited to the nature of the boy—which activities also afford opportunity for the development of habits and attitudes essential to good citizenship. It does not aim to draw a boy away from his home for his good times, but seeks definitely to multiply the ways in which a boy may find joy in his own neighborhood and back yard. Like scouting, it is used alike by all religious groups, all economic groups, all racial groups. Similar movements alike in spirit and world friendliness, though differing in program details, are found in twenty-six different countries of the world.

How the Program Started

The Cub program has been organized along scientific lines by the Boy Scouts of America in response to a call and demand from parents and churches and schools in various parts of the United States. The National Council of the Boy Scouts declined to undertake the work a decade ago following the first training conference of Scout executives, because they felt it was not wise to undertake a new program until they had made fuller progress with the Scout program. In 1925 a research psychologist made a study of existing efforts in younger boy programs as well as a summary of the characteristics of this age level, recommending that a program be developed. In 1928, a fund was made available by one of the major foundations to carry on the needed research and build a program in terms of the findings. In the Eastern New Mexico Area Council of which Artesia is a part, there are approximately 3500 boys of Cubbing age. There is an increasing demand from these boys for this program and this is the first of several articles dealing with Cubbing in an effort to acquaint the general public with this new character building program for young boys. In Artesia a definite effort will be made this fall to develop a Cub Pack. Scout Reporter.

Victor Buell and his sister, Miss Olive Buell, recently returned from California where they visited their sister, Mrs. Overton and family.

ENGRAVING—THE ADVOCATE

Lake Arthur Items

Miss Joyce Alexander, Reporter

Mrs. E. J. McWenig spent the week-end in Carlsbad with friends. Miss Alice Johnson returned to her home in California last Sunday.

Roland Frazier and wife have moved to town from the Bailey farm.

Mr. and Mrs. J. W. Sharp of Dexter visited friends in Lake Arthur Sunday.

Mrs. Moots and grandchildren spent the day with Mrs. Lyle Moots last Sunday.

Mrs. Luke Alexander and children spent the week-end on the ranch east of Artesia.

The high school ball game which was scheduled for Friday was postponed until Tuesday.

A number of Lake Arthur people attended the Hagerman fair last Friday and reported it a success.

Sy Murphy, who has been working on the railroad section in Lake Arthur left Friday for his home in Clovis.

Mr. and Mrs. Fred Eddington have bought the property of I. M. Williams and will make their home there.

Sunday Mr. Merritt and daughters Lena Bob and Elizabeth and son Chris drove to Abilene, Texas, after Mrs. Merritt and baby.

Miss Lavora Hedrick accompanied Miss Eva Deering to her home north of Roswell where they spent the week-end, returning here Sunday evening.

The first assembly of the school year will be held in the school auditorium on Thursday afternoon at one o'clock. All parents and patrons are invited to attend.

Following are the names of the pupils in the fifth and sixth grades who are on the honor roll for September. To be on the honor roll, pupils must have perfect attendance and make an average of 90. Sixth grade: Marguerite Nelson, 93 6/7; Peggy Sims, 91 6/7;

Fifth grade: Audrey Douthitt, 93 2/7; Dorothy Ann Nihart, 91 6/7; Lucille Frazier, 91 2/7.

The Epworth League of the Methodist church went to Roswell last Sunday to attend the Fifth Sunday League meeting. Those who attended were: George Nihart, Ferron and Gervis Cummins, Ben Scott, Max Walden, Dicky Hedges, June Moots, Ruth Walden, Mabel Mills, Florence Evans, Annie Jo Pate and Edith Coleman. They were very sorry they did not win the cup again but want to congratulate Hagerman for winning it.

Mrs. L. E. Dohner gave a stork shower in honor of Mrs. Roy Hammonds on Thursday, September 26th. Those present were: Mmes. Calvin Graham, Tom Derrick, J. M. Jones, J. E. Gromo, Don Riddle, Eva Crook, Russell, John Haven, Mary H. Moots, Ollie Smith, L. T. Alexander, Fred Eddington, Bruce Evans, L. H. Ellington, and the Misses Valora Napier, Ola Bea Derrick. Many lovely gifts were received. Refreshments of cookies and cocoa were served.

The Junior class of the Lake Arthur high school had their first class party of the year last Friday night at the home of Mr. and Mrs. E. R. King. After spending the greater part of the evening in playing games, the refreshments of sandwiches, cookies and lemonade were served. Those who enjoyed this occasion were: Annie Jo Pate, June Moots, Ruth Walden, George Nihart, George Price, Ben Scott, Harry and Harvey Nelson, Ferron Cummins, Robert Payne, Jack McClure, and their sponsor, Miss Emmarie Perce.

EASTERN STAR OFFICIAL VISITS HERE

Mrs. Matie Edwards of Hobbs, district aid of the OES, made her official visit to the local Eastern Star lodge here last Thursday. Mrs. Edwards and Mrs. A. C. Kimbrough of Hobbs, who accompanied her here, were guests of Mrs. Stanley Blocker, worthy matron of the local lodge, at noon at a dinner served at the Artesia Hotel Coffee Shop. In the afternoon she conducted an inspection of the local Eastern Star and in the evening a covered dish supper was served at the lodge hall and later a session was held and Mrs. Edwards addressed the lodge members.

Hope Items

Frances Johnson, Reporter

Mrs. Joe Parker is in the St. Francis hospital in Carlsbad where she is recuperating from an operation.

Mrs. D. Swift is in Portales this week visiting her daughter and son-in-law, Mr. and Mrs. Harold Merhens.

Mr. and Mrs. Dave Bunting spent the week-end at the Parks ranch as guests of Mr. and Mrs. Robert Parks.

Elizabeth Trimble left Monday for Berino where she will spend the next few weeks visiting her aunt, Mrs. Ethel Baker.

E. F. Harris and daughter Ethel left the last of the week for Hamilton, Texas, where they are visiting relatives and attending to business.

Mrs. Walter Coates was taken to the St. Francis hospital in Carlsbad Wednesday where she is receiving treatment for a severe carbuncle.

Mary Plowman left Tuesday for Draughon's Business College in Lubbock, Texas, after spending a week here visiting her parents, Mr. and Mrs. John Plowman.

Morris Teel is expected to be able to return home within a few days from the St. Francis hospital in Carlsbad where he is recuperating from an appendicitis operation.

Dorothy Weddige, small daughter of Mr. and Mrs. Bert Weddige, was taken to the St. Mary's hospital in Roswell the last of the week where she underwent a mastoid operation.

W. T. Haggart of the Haggart-Wilson Livestock Commission Co., of Kansas City, arrived here Monday and expects to spend several days in this section of New Mexico attending to business.

Luther and Clarence Trimble left the last of the week for Long Beach, California, where they will visit their uncle, Carl Trimble. Luther and Clarence expect to spend the winter in California.

Mr. and Mrs. H. B. Elmendorf returned Saturday evening from Lovington where they spent several days and where Mr. Elmendorf was attending to business on the Hope irrigation readjustment project.

Bonnie Altman motored to El Paso Wednesday to take his mother, Mrs. A. B. Altman, home after she had spent a week here visiting her son and daughter-in-law. Mr. Altman returned home Thursday.

Mrs. F. E. Fite received a broken finger Friday afternoon when she slipped and fell on a piece of tin at the Fite ranch southeast of here. Mrs. Fite was taken to Artesia where she received medical treatment.

Tom Plowman left Tuesday for San Diego, California, where he will again be with the U. S. Navy. Tom expects to stop a few days in Las Cruces on his way out to California and visit with his uncle and aunt, Mr. and Mrs. Lewis Means.

A negro minstrel, sponsored by the P. T. A., was presented at the high school auditorium Saturday evening. The minstrel was directed by Mrs. Anderson Young. Proceeds of this program will go to provide hot soup for the school children

RULING MADE ON PORT OF ENTRY LAW

SANTA FE—New Mexico's port of entry law provides that clearance certificates shall be issued for motor vehicles transporting property not for hire, when such vehicles have been duly licensed and are displaying proper tags, Attorney General Frank H. Patton Saturday informed Hood Brothers of Douglas, Arizona.

Jack Boren announced yesterday he had severed his connection with the Brite Spot and was back with the Liberty Beauty Shop. Mr. Boren will specialize in cutting women's and children's hair. See his announcement in this issue.

The Young Adult class of the Methodist church entertained at the home of Mrs. Oliver Scoggin Wednesday with a covered dish luncheon honoring Mrs. Edwin Hawkins. Guests invited were: Mmes. Elmer Teel, Jim Carson, Hanson Fite, Virgil Craig, Bob Means, the honor guest, Mrs. Hawkins, and the hostess, Mrs. Oliver Scoggin.

The Hope high school orchestra will broadcast a fifteen-minute concert over station KGFL, Roswell, Friday afternoon at four o'clock. This broadcast will be for the purpose of advertising the town and community of Hope at the Eastern New Mexico State Fair.

Mr. and Mrs. Gus Snyder of Glenrose, Texas, spent several days here the last of the week visiting their sister and brother-in-law, Mr. and Mrs. Joe Parker. Mr. Snyder, accompanied by Mrs. Snyder's mother, Mrs. Margaret Tollifero, returned to his home the last of the week.

A number of the young people of the Methodist church motored to Roswell Sunday where they attended the Fifth Sunday meeting of the Pecos Valley Young People's Union of the M. E. Church, South. A very interesting and colorful Japanese play was presented by the girls of the Roswell Young People's division at the afternoon program. The election of officers for the coming year was also held. Officers elected were as follows: Marjorie Johnson, Hope, president; George Mehlhop, Lake Arthur, vice-president; Wilba Hoffman, Roswell, secretary, and Jimmie Zimmerman, Carlsbad, treasurer. The next meeting will be held in Carlsbad.

IN THE PROBATE COURT OF EDDY COUNTY, NEW MEXICO.

NOTICE OF FINAL HEARING

In the Matter of the Estate of John J. Buel, deceased, the Administrator, Victor A. Buel, has filed his Final Report as such Administrator, and Notice is hereby given that the Hon. P. J. McCall, Judge of the said Probate Court, has set the 14th day of October, 1935, at the hour of 9:00 o'clock A. M., as the day and hour for the Final Hearing of said Report.

NOW, THEREFORE, you, Ara N. Buel, Artesia, New Mexico; Olive Buel, Artesia, New Mexico; Mary E. Overton, Ceres, California; Clara A. La Rue, Tucson, Arizona; John A. La Rue, Tucson, Arizona; and Theodore L. La Rue, Santa Fe, New Mexico; Francis La Rue, and Robert La Rue, Santa Fe, New Mexico; Charles H. La Rue, Artesia, New Mexico; Alva La Rue, Tucson, Arizona, being the only heirs of John J. Buel, deceased, or persons interested in his estate, and each of you are hereby notified that on said day the Court will proceed to determine the heirship of said decedent, the ownership of the said estate and the interest of each respecting the distribution thereof, and the name of the attorney for the Administrator is J. B. Atkeson, whose post office is Artesia, New Mexico.

THEREFORE, anyone desiring to object to the report, are hereby notified to file their objections with the County Clerk of Eddy County, New Mexico, on or before the day set for the hearing.

R. A. WILCOX, County Clerk. By DOTTE C. CRAFT, Deputy. (SEAL) 37-4tc

NOTICE STATE ENGINEER'S OFFICE

Number of application RA-1292 Santa Fe, N. M., Sept. 10, 1935.

Notice is hereby given that on the 9th day of September, 1935, in accordance with Chapter 131 of the Session Laws of 1931, W. E. Ragdale of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the underground shallow ground water of the Roswell Artesian Basin to the extent of 1,000 gallons per minute by drilling a well 12 1/2 inches in diameter and approximately 200 feet in depth, located in the NW 1/4 SW 1/4 Sec 20, T. 17 S., R. 26 E., N. M. P. M., for the purpose of irrigating 120 acres of land described as follows: 80 acres in the W 1/2 NW 1/4 and 40 acres in the NW 1/4 SW 1/4, all in Sec. 20, T. 17 S., R. 26 E.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer on or before the 21st day of October, 1935, the date set for the State Engineer to take this application up for final consideration unless protested.

THOMAS M. McCLURE, State Engineer. 38-3t

The Churches

CHRISTIAN SCIENCE SOCIETY 613 West Main St.

10:15 a. m. Sunday school. 11:00 a. m. Sunday services.

"Unreality" is the subject of the lesson-sermon which will be read in all Churches and Societies of Christ, Scientist, on Sunday, October 6th. The golden text is: "What is the chaff to the wheat? saith the Lord." (Jer. 23:28).

Among the citations which comprise the lesson-sermon is the following from the Bible:

"Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man." (Ecc. 12:13).

The lesson-sermon also includes the following passage from the Christian Science text book:

"We must realize the ability of mental might to offset human misconceptions and to replace them with the life which is spiritual, not material."

FIRST CHRISTIAN CHURCH

Announcements for the week:

Friday—7:30 Meeting of Conference club at the home of Marjorie and Ruby Rowland.

Sunday—9:45 Sunday school. 11:00 Morning worship and Communion.

6:30 Young People's meeting. 7:30 Evening preaching service.

Wednesday—7:30 Prayer meeting.

THOMAS MASSIE, Pastor.

MAY STOCK NATIONAL FORESTS WITH ELK

SANTA FE—Notified that elk from the Yellowstone National Park herd may be obtained at Gardiner, Montana, for about \$3.00 each, the State Game Department is considering stocking several national forests in New Mexico if the forest service consents, George F. Ellis, assistant to the state warden, announced Tuesday.

Especially suitable, the game department believes, would be the Amarilla division of the Carson forest and the Jemez division of the Santa Fe forest.

BIRTHS

A daughter was born to Mr. and Mrs. Kersey Funk of the Cottonwood Sunday morning. Mr. and Mrs. G. W. Forsee of Artesia announce the birth of a son, born Sunday morning.

A son was born to Mr. and Mrs. Pete O'Brien on September 20th. A daughter was born to Mr. and Mrs. H. J. Fortenberry of the Cottonwood community on September 23rd. Another birth was reported from the Cottonwood, a daughter was born to Mr. and Mrs. S. Waldrip. A son was born to the Rev. and Mrs. Ray McGrew of Hope, at the Eddy County hospital in Carlsbad, last Sunday.

To bar and forever estop you and each of you from having or claiming any lien upon, or any right or title to the premises adverse to the Plaintiff, and to quiet and forever set at rest the Plaintiff's Title thereto.

You are further notified that unless you enter your appearance in said Cause on or before the 22nd day of November, 1935, Judgment will be taken against you by default; and that J. B. Atkeson, whose address is Artesia, New Mexico, is the Attorney for the Plaintiff.

WITNESS my hand on this the 25th day of September, 1935.

R. A. WILCOX, County Clerk. (SEAL) 39-4t

NOTICE FOR BIDS

The Eddy County Board of Education will receive at the office of the County Superintendent up to 5 P. M., October 14, 1935, bids for the Construction of: A one-room addition to the Cottonwood School building, Dist. No. 27. A two-room addition to the Lovings School building, Dist. No. 10. Specifications covering same will be available at the office of the County Superintendent, after 12 noon, September 26, 1935.

EDDY COUNTY BOARD OF EDUCATION WALTER CRAFT, President.

ATTEST: G. R. SPENCER, Secretary. 39-4t

Many Uses For Apples In Menu

With the approach of the fall days, the apple, that delicious and adaptable fruit appears in plenty on the markets. Appealing to the eye as well as to the taste, a large amount of the apple crop is eaten raw. However, according to Miss Veda Strong of the New Mexico State College, apples have many culinary uses suitable for every meal in the day and can be served, when the supply is plentiful, almost as frequently as potatoes. As sauce or baked, they serve as a fruit for breakfast, and a dessert for the other meals. They are especially good with fresh and cured pork in its many forms as well as with roast duck or other fowl. Many combination dishes of apples with vegetables are new and tempting. Among these are fried carrots and apples, scalloped cabbage and apples, scalloped sweet-potatoes and apples and a variety of salads. Following are a few ways in which apples can be served:

Apple Crisp 4 cups sliced apples 7 tablespoons butter 1 cup sugar 1 teaspoon cinnamon 1/2 cup water 1/4 cup flour

Cut apples into one-fourth inch slices. Butter baking dish, put in apples and pour over them water and cinnamon. Work together, flour and butter until crumbly, and spread over the apple mixture, and bake slowly, uncovered until apples are tender. Serve while warm with whipped cream.

Apple-Pan Dowdy Buttered bread Apples 4 tablespoons brown sugar 1/2 teaspoon cinnamon

Line a baking dish with thin slices of buttered bread. Fill in the center with sliced apples, sprinkle over the top dark-brown sugar and cinnamon. Add one-half cup of water and cover with another layer of buttered bread, with the buttered side up. Bake for one hour in a moderate oven. Serve with liquid pudding sauce.

Delmonico Apples 3 cups apple sauce 1/4 cup almonds 1/2 cup macaroons, crushed 1 tablespoon butter

Put a layer of apple sauce in a buttered baking dish, sprinkle with ground almonds. Dot with butter and sprinkle with crushed macaroons. Add small amount of water and bake. Delicious when served with meat.

ALLEN MOVES TO PROBE LONG'S ASSASSINATION

BATON ROUGE, Louisiana -- Gov. O. K. Allen and Attorney General Gaston L. Porter Monday obtained a court order to permit scrutiny of telephone long distance calls from Baton Rouge the night Senator Huey Long was shot and fatally wounded.

APPROVE TOILET PROJECTS

SANTA FE—Approximately 650 persons in every county of New Mexico will be given work in a WPA project for the construction of sanitary pit type toilets, it was announced Tuesday by State WPA Administrator Lea Rowland. The project has been approved for an allotment of \$164,975.

Final Plans For Putting 3,500,000 Idle Men To Work

WASHINGTON—The administrative drive to put 3,500,000 men on work relief by November 1st turned into its final month October 1st with the present status of the campaign undisclosed.

The last public statement September 19th, showed 931,703 at work under the program. More recent figures were not available today at Works Progress Administration headquarters.

Direct relief, known as the "dole," had been abandoned in six states where the work relief program was most advanced. They were: Indiana, Nevada, New Hampshire, Alabama, Wyoming and Vermont. But \$61,000,000 was allocated for the other states for October, indicating that the work plan has a long way to go in them to absorb the burden.

Though administration officials faced a tremendous task in getting the full quota of workers busy during the next month, they had passed a big bump in allocating the money and deciding how it would be spent.

Only a few hundred thousand dollars, the exact sum changing from day to day and from hour to hour, remained unallocated according to the latest available figures. Even here there was some uncertainty. Inquiries at WPA headquarters, national emergency council offices, and the treasury, brot varying replies about the exact allocations.

The public works administration, however, had finished the allocation of its \$323,000,000 and announced the approved projects, subject to revision by Comptroller General McCarl. It also had completed the allocation of \$100,000,000 earmarked for low cost housing projects.

Health Column

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

Opportunity New Mexico has the highest death rate from diarrhoea of any state in the union. Indeed there are only two states that have a diarrhoea death rate even half as high as ours. If we look for the root causes of this misfortune we shall probably find the twin evils of ignorance and poverty.

New Mexico has made a magnificent and successful effort, the less poor aiding the very poor, to employ public health nurses to combat ignorance. But poverty has hitherto prevailed against our attempts to put sanitary privies in the place of the fly-infested shacks that spread contagion. At last we have an opportunity. The federal government has allotted \$344,900 to pay for the labor necessary to build sanitary privies. If all this money is properly spent for this purpose the diarrhoea death rate in this state will be jerked sharply downwards.

The crucial question now is whether we can take full advantage of this opportunity. The WPA through which the federal grant comes to us will not buy materials for the construction of the privies. This fraction of the cost must be borne either by the property owner or by the community that receives the benefit. Have we enough insight and enough public spirit to pay for these materials? A few "salesmen" will be employed under the project to take orders. What success will they have? If every reader of this column will make it his patriotic duty to drum up the trade for the sake of the little children of his or her community we shall have the success we hope for. Will you help? And if we can help you in any way to bring this succor to your community will you write to us and let us know what we can do?

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants thus cleansing the intestinal tract of the germ-laden mucus and toxins. Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Farmer's Income Is Rising Now

"The false propaganda about the loss of cotton exports and the destruction of our cotton producing industry, originated in the desire of the prosecutors and handlers of cotton to prevent a continuation of cotton production control and the processing taxes," states an editorial in October issue of Progressive Farmer.

Here are the facts that the editorial cites: Cully A. Cobb, director, division of agricultural adjustment administration, claims that Dixie is to harvest this fall the first billion dollar cotton crop since 1929.

"In 1932 the cotton farmer received only one per cent of the national income—\$1 out of each \$100. Last year his proportion of the national income had increased; he received \$1.70 out of each \$100 of national wealth. In 1935 with a billion dollars in prospect for the cotton crop (from market prices plus parity payments), the southern farmers' proportion of the national income should be even better than 1934.

"In other words, the promise is that the 11,798,000-bale crop of the present year will bring more than twice as many dollars as the 13,000,000-bale crop of 1932 brought," Cobb's Progressive Farmer article states.

1931-32 exports 8,708,000 bales, value \$248,178,000. 1932-33 exports 8,419,000 bales, value \$273,617,000. 1933-34 exports 7,534,000 bales, value \$365,399,000. 1934-35 exports 4,800,000 bales, value \$302,400,000.

In another part of the story he brings out that the cotton adjustment program has released millions of former cotton growing acres for the production of food and feed crops and for soil improvement purposes, bring benefits from the program to landlords, tenants, and croppers alike.

Opponents of the cotton reduction program, have lambasted it from every angle, one of those used most frequently is that the increased prices will cause consumption to fall. But consumption since the AAA program began has run along far ahead of the 1931 and 1932 levels and in the meantime those who were holding cotton purchased at 6 1/2 cents a pound are using up their surplus awaiting another period of cheap cotton resulting in last year's 36 percent decrease in exports.

Mr. Cobb maintains that the south's domination of cotton growing will not be broken by foreign competition. The south can produce cotton of a quality and at a cost that can be depended upon to sustain its position in world leadership.

World production of cotton, which averages the ups and downs of production of countries, this year promises to about equal the past five-year average. But the fact remains that the United States cotton producer is to get twice as much for less cotton in 1935 than in 1932, the last pre-control year.

If the 50,000,000 acres of land that have been out of production in the cotton belt for the past three seasons had been in production, or if they had been in use just for this season when a bumper crop is due to be harvested, the farmer would again be back in position to sell for five or six cents on a distressed and glutted market—which is just what some interests would no doubt like to see.

CCC OFFICIALS VISIT ROTARY CLUB

Lt. S. B. Whetmore and Lt. B. R. Gulow, officials in the CCC camp west of Lake Arthur, were guests of the Artesia Rotary club Tuesday and made brief talks at the luncheon program. Lt. Whetmore in referring to the CCC work stated there was nothing connected with the CCC work of a military character. The CCC work is not connected with the military operations in any way, he said. Lt. Whetmore promised that a program would be presented soon at the club luncheon in which the duties of the CCC enrollees would be outlined. Lt. Gulow expressed his appreciation for the opportunity to attend the luncheon and said this was the first opportunity any CCC official had had of attending any luncheon club.

HIGHWAY CONTRACTS MAY BE LET IN APRIL

SANTA FE—Hope that contracts for New Mexico's complete highway construction program will be let by April was expressed here Friday by State Highway Engineer Grover F. Conroy.

The vast program, which includes all federal road funds allotted the state, contemplates an expenditure of approximately \$8,-

000,000, Conroy said. He said he was not prepared to estimate the number of men to be employed on the projects.

Fire Prevention Week October 6th to 12th

Friendly fire—fire under control—is one of man's greatest boons. It keeps us warm, cooks our foods, motivates our industries and serves us in countless ways. Unfriendly fire—fire out of control—is one of man's greatest enemies. It destroys property, causing irreparable loss. It menaces life. It hampers progress. It threatens community development and industrial activity and employment.

A building, for example, represents something besides money. It represents energy, achievement and labor. When the building is destroyed, insurance will give back part of the money it cost, but nothing can give back the energy that is wasted. Nothing can make up for the work lost and the jobs destroyed, the diminished purchasing power the fire cost.

As you read this, a building is being burned to the ground, a man is screaming in pain from burns that will prove fatal, all because of someone's oversight.

LOCALS

Edgar Williamson, Hope rancher, was trading in town Saturday.

Morris Teel of Hope is recovering from an appendicitis operation on the 25th of September.

Van Welch, Sr., returned the first of the week from a business visit to Colorado Springs, Colorado.

Miss Ella Belle Smith of Roswell has recently accepted a position as operator at the Artesia Beauty Service.

Mr. and Mrs. Rube Dunn and children returned to their home here the first of the week after being away for several months.

Mrs. J. E. Robertson of Santa Fe, drove down with Homer Dunagan Thursday and visited until Monday with her sister, Mrs. R. L. Paris and family.

Mr. and Mrs. Marshall Rowley and Mr. and Mrs. Stanley Carper left the latter part of last week for Jal where they will be located for a few months.

Miss Nolie Stephens has recently accepted a position as teacher in the schools at Los Lunas, New Mexico. She left immediately to take up her duties.

Mr. and Mrs. J. H. Myers left last week for Glassgow, Kentucky, to spend a few days at the old home of Mr. Myers and to visit friends and relatives.

Glenn Stone, son of Mr. and Mrs. Ed Stone of Artesia, a student in the McMurry College at Abilene, Texas, is playing a trombone in the McMurry College band.

Homer Dunagan of Santa Fe, who was here to attend the funeral of his niece, Mrs. Wes Oliver, left for his home Friday afternoon late, going by Roswell to attend to business matters there.

Mrs. Richard Rockwell, who has been ill for several weeks and was thought to be improved after spending a week in a Carlsbad hospital, was taken to the St. Francis hospital in Carlsbad Saturday evening. She is reported critically ill.

Dr. J. J. Clarke spent several days in the St. Mary's hospital in Roswell after another sinus operation Saturday. Mrs. Clarke and Dr. John Clarke visited him Sunday. He will spend several days here recuperating before returning to his office work at Hobbs.

Campaign Started To Pay Delinquent Tax Before Dec. 1

A campaign is being initiated by county treasurers throughout the state for the collection of delinquent taxes before December first next. In this effort the state comptroller, the state tax commission, and the state board of finance are cooperating with the county officials.

Attention is called to the fact that according to the latest compilation of the state tax commission there were unpaid taxes on June 30, 1935, in the total amount of \$8,694,938.50. An eighty per cent collection of this amount would make unnecessary the levying of any property taxes in the state for one year. The hope is that this amount of outstanding taxes will be greatly reduced under the authorization of chapter 133 of the laws of 1935 to accept delinquent taxes for 1933 and prior years without interest or penalties if paid before December first next.

According to the law cited, those who have paid their 1934 taxes or those who will pay the taxes for 1934 with a small amount of interest that has accrued therein, will have the right, option, and privilege of paying all delinquent taxes for 1933 and prior years without interest. This is an opportunity which may not come again. The taxpayer will have the benefit of a remission of interest and penalties, and the large accumulation of taxes will be cleared up. Taxpayers will save from twenty to seventy-five percent of the total charges, including taxes now standing against the property of delinquents.

PUTTING THE STATE ON THE MAP

An editorial in the current issue of the Pathfinder, a national weekly magazine, has given S. E. Ferree, Artesia resident, a prominent place on the editorial page in discussing the subject of tax tokens. The article in question was the result of Mr. Ferree sending the Pathfinder a sample of the New Mexico tax tokens. Saying that the tax tokens had been declared illegal the editorial continues:

"Some of the states, with their tongue in their cheek, are going ahead anyway. S. E. Ferree of Artesia, New Mexico, has just sent the Pathfinder some specimens of the baby tokens which are in use in his state. These tokens are only five-eighths of an inch in diameter and are quite light. They are much easier to handle and keep track of than the old \$1 gold pieces, which used to be in quite general circulation. At one time there were even 25-cent pieces which were made of gold. These indeed were so small and thin that they were easily lost. They were only coined in a very limited way and were not a part of the federal money system.

"One of the New Mexico tokens is made of aluminum and the other of copper—thus paying equal tribute to the aluminum trust of the east and the copper trust of the west. The wording on the coins is so small that it can hardly be read without a magnifying glass. The great seal of the state is on one side—this seal representing one eagle standing in a bunch of cactus and presenting a nice snake to another eagle, while the second eagle grasps three arrows in her claw. Underneath is the Latin motto "Crescit Eundo"—meaning "It grows as it goes." The use of the state seal makes these tokens official, since private parties would not be allowed to use it. On the side of the coin with the seal are the words "New Mexico Bureau of Revenue," with the date 1935. The aluminum piece is one mill and the copper piece

No New Taxes Needed To Balance National Budget, Says Roosevelt

WASHINGTON—New taxes were conditionally ruled out by President Roosevelt Sunday night in a report to the people that improving business had fortified the government's financial position.

Peering into the nation's industrial and fiscal future, the chief executive saw the curves of tax collections and expenditures swinging toward a meeting point. He predicted a big cut in the deficit originally estimated for the current fiscal year of 1936 and another for the next financial twelve months. But no date was set for a completely balanced budget.

The nation's tax structure, Roosevelt said, was "stronger than ever before," the return of normal business will produce revenues sufficient for all purposes, the prevailing rate of recovery forecasts a speedy drop in emergency spending, and the 1937 budget is being prepared with a view to "sharply decreasing the spread between income and outgo."

"Thus, it is clear to me," the president concluded, "that the federal government under provisions of present tax schedules will not need new taxes or increase rates in existing taxes to meet the expense of its necessary annual operations and to retire public debt."

Budget in Brief
President Roosevelt's revised budget, announced Sunday night, was an innovation in government fiscal methods, presenting a comparison of up-to-date estimates with those submitted in the regular budget message of last January.

High points of the up-to-date minute budget follow:
(Figures are for millions of dollars.)

Income Exp.	4,470	7,752
Sunday estimate	3,391	8,520
Actual figures for year ending June 30, 1935	3,800	7,375
Actual figures for year ending June 30, 1934	3,115	7,105

TURKEY GRADING SCHOOL

PLAINVIEW—Texas' only official turkey grading school will be held in Plainview October 11 and 12, according to J. T. Hoggins, president of the Plains Turkey Inspection Association, who is broadcasting an invitation to everyone in this area who is interested to attend. The school will be held in the Hilton Hotel.

Thomas W. Hoyt, marketing specialist of the U. S. Department of Agriculture, and R. P. McCarthy, poultry specialist of the Texas A. & M. College, will have charge of the school and certificates for turkey graders will be issued those who pass the examination following the school.

five mills. The reading on the first one says: "Tax token, one mill. Emergency school tax on purchase of five cents." The copper piece is five mills and is for a purchase of 25 cents."

Good Season Aids Wheat Plantings

TOPEKA, Kansas—The wheat belt farmer, who never lost faith despite dust storms and drought, is planting his new crop—hopeful that next year's harvest will rival the bumper crop of 1931.

Agricultural observers said late rains have put the soil in excellent condition in the winter wheat regions of Kansas, Oklahoma, Colorado, New Mexico and Texas.

"The new wheat crop faces the best season in three years with planting conditions more nearly normal than those of the past two years," said J. C. Mohler, secretary of the Kansas Board of Agriculture.

The bright picture was in contrast with a darker one painted recently by E. J. Smiley, secretary of the Kansas Grain Dealers' Association. He warned the country would be threatened with a wheat famine if the wheat belt is struck by another damaging drought.

The price outlook is encouraging. The nation's virtually wiped out surplus, a smaller world production, talk of war abroad and the AAA program calling for acreage reduction of five per cent contrasted with fifteen per cent last year—all are factors spurring the planting of grain.

CARLSBAD PROJECT CUT

WASHINGTON—The reclamation bureau Monday announced reduction of works allotments made in Wyoming, Colorado, and New Mexico by \$2,700,000. The \$1,500,000 made to the Carlsbad project was cut \$500,000.

FIRE!

Fire Prevention Week
October 6th to 13th

Fire is a ruthless destroyer. It feeds upon cluttered basements and attics. It lurks in broken pipes, in furnaces and stoves out of repair, in defective chimneys and flues. It gains headway in partitions not properly stopped.

Fire is an ever-present menace today because many homes in Artesia have not been given the normal attention the past five-year period. People have neglected even ordinary repairs. Many have put off repairs until "next year" and the "year after that."

Now you can eliminate the undue fire hazards in your home by modernizing, repairing and improving. Today you can modernize your basement, your attic, repair your chimney and flues. And while you are at it, you can add all the conveniences that will make a better home for you and your family.

Inquire about the national housing plan.

Hitchcock Hearing Is Held At Carlsbad On Thursday Afternoon

A hearing for Archibald Hitchcock, Carlsbad farmer, in bankruptcy proceedings, was held at Carlsbad last Thursday afternoon by William Dooley of Artesia, conciliation commissioner. The purpose of the hearing was to allow Mr. Hitchcock an extension of time in which to meet his obligations. All creditors were present and agreed to permit a sixty-day extension from the date of hearing, which was granted by Mr. Dooley. In the meantime it is hoped the debtor may be able to dispose of his property.

This is the first case of its kind to be held in Eddy county under the new federal bankruptcy law.

WANTED—Clean Cotton Rags at The Advocate.

COMMISSIONERS IN SPECIAL SESSION

The Eddy county commissioner's court held a special session Saturday at Carlsbad for the purpose of considering a successor to W. A. Wunsch as county agent. One application was considered, but no action was taken by the court at this time. G. R. Brainard, chair-

man of the board, said that the appointment of a county agent might be deferred for another two or three weeks.

Cotton Letter

(Courtesy Artesia Alfalfa Growers Association)

As has been the case for the past several weeks, trading in the cotton futures markets is confined almost entirely to the hedging of spots and trade buying with little or no outside interest in evidence. Apparently the speculative public fears the usual increase in hedge selling and is determined to wait until the peak of the movement has been passed before entering the market on the long side. In our opinion there is little to be gained by such waiting as from present indications the trade demand will prove sufficient to prevent anything more than moderate recessions and as we think the crop is still going back.

CARL MARTIN

GETS GOOD WELL

Carl Martin recently drilled in a good shallow irrigation well on his farm about two miles south of town. The well, twelve inches in diameter, was drilled to 180 feet and is capable of producing 1,200 gallons per minute.

War Clouds Loom In Ethiopian Area

LONDON—October, the month many observers predicted would see the outbreak of war between Italy and Ethiopia, found those nations steadily preparing for just such an eventuality. Emperor Haile Selassie was believed preparing to call a general mobilization. He received assurances from women leaders of the country they would do their share at the front.

Because of the increased tension, the Italian minister to Ethiopia ordered Italian consulates in the provinces of Anduwa and Harar evacuated. Other consular agents in the interior are en route either to Addis Ababa or points outside the country.

Increasing uneasiness was noted in Rome over the fact the British fleet is still massed in the Mediterranean. Anglo-Italian tension was relaxed recently through mutual assurances but the Rome press Tuesday resumed its bitterness against London.

Authoritative circles construed the British concentration as a military sanction, far in advance of any action the League of Nations may take. One Rome newspaper called it "the most incredible aggression."

Two great factors in the European situation—Great Britain and France—dickered in Paris. Negotiations for a mutual assistance pact, officials disclosed, found both nations dodging specific pledges.

TRANSIENT CAMPS TO BE CLOSED

Closing up of the transient camps, maintained in New Mexico as one of the federal relief measures, is to be completed within two months, Lea Rowland, state WPA chief, said Monday, and thereafter the way of the transient will be hard.

Only the camps on national forests are to be continued, and possibly one at Socorro. On the former the transients are to be put to work and Rowland has been informed, an exodus of the single men has already been observed in these camps. Word that there is to be work appears to be getting around.

The federal relief administration has spent two million dollars for these camps in this state alone, Rowland estimates.

THIRTEEN BIRTHS FOR SEPTEMBER

Thirteen births were recorded by S. E. Ferree, sub-register for the Cottonwood, Atoka and Artesia districts for the month of September. Two deaths were recorded for the same period. Thirty-nine births and five deaths were recorded in the same districts for the third quarter.

September births were to: Mr. and Mrs. James A. Lee, son; Mr. and Mrs. Buford Gray, daughter; Mr. and Mrs. Lester Hill, son; Mr. and Mrs. Irving S. Cox, daughter; Mr. and Mrs. Loren D. Gelwick, son; Mr. and Mrs. M. Sosa, son; Mr. and Mrs. Guy Smith, daughter; Mr. and Mrs. F. Ruiz, son; Mr. and Mrs. Elmer O'Brien, son; Mr. and Mrs. J. Aguilar, son; Mr. and Mrs. Will J. Laman, daughter; Mr. and Mrs. J. K. Funk, daughter; Mr. and Mrs. G. W. Forsee, son.

Eddy County Farm News

A joint meeting of the Atoka and Cottonwood Woman's clubs will be held at 10:00 o'clock Monday, October 7th, at the home of Mrs. Virginia Briscoe. Miss Dee Maier, assistant home agent from State College, will be present at this meeting and will give a discussion on simple textiles.

Mr. Vance will be in Artesia Saturday, October 5th, to distribute tax exemption certificates to those producers who have not yet received same. We have not yet received certificates for those applications with less than a five-year base history, but it is expected that they will be received soon.

It is expected that those 1934 certificates sent in to Washington to be exchanged for 1935 certificates, and those remaining 1934 certificates in the national pool, will be received in a short time in a form that can be used on this year's cotton.

W. M. Ginn, extension poultryman, was in the county yesterday and is putting much stress on strict culling of poultry. Under ordinary conditions it does not pay to keep hens that do not lay at least 140 eggs every year for careful tests show that it takes the income from this number of eggs to pay for the feed and other expenses. It is the eggs produced in excess of this number which provide the profit. Beaks and shanks of the flock should be examined closely in the fall to determine persistent layers. Heavy layers have beaks and shanks which have lost most of their color while light layers retain nearly all. Poor layers are also late molters.

The canning equipment in the county agent's office has been much in demand, and during September over 1200 cans of vegetables have been reported canned. Much interest is being shown in canning of meat. Canning is one of the simplest and best ways of preserving meats for future use. There is little waste through this method, because odds and ends of meats otherwise likely to be thrown away are excellent for canned sausage, hamburger, or mince meat. Bony pieces can be boiled and the meat rimmed from the bone. Pack it in jars and cover with the liquid it was cooked in.

Several entries have been entered for exhibit at the Eastern New Mexico State Fair at Roswell, by Eddy county producers. Mr. Vance has taken some of these exhibits to Roswell and spent Tuesday and Wednesday at the fair grounds placing these exhibits.

RED LIGHTS BEING INSTALLED IN POST OFFICE

The Artesia post office is getting real up town in adopting modern devices and this week installed a system of red lights. One light tells the post office patrons the mail is not in, another tells patrons the mail is being worked, with a third telling patrons all first-class mail has been worked. Along with the lighting system, the schedule of the mail service is given.

WHITE BIRTHS STILL IN MAJORITY

If the report of Dr. H. A. Stroup may be taken as a criterion in figuring the birth percentage by races, the Anglos are still safely in the lead. Up to Monday afternoon Dr. Stroup had delivered ninety-eight births for 1935. Of this number, sixty-four were Anglos and thirty-four were Mexican births.

STATE OIL SERVICE CAR IS WRECKED

A Ford pickup belonging to the State Oil Service was wrecked Sunday at the intersection of Main street and the highway. The Ford driven by Miss Dollie Vandever, bookkeeper for the State Oil Service, was struck by another car driven by a Dexter farmer as Miss Vandever entered highway 2. Fortunately Miss Vandever escaped injury except for slight bruises.

Mrs. French Gray and small son Garry of Carlsbad were guests at the W. C. Gray home from Sunday until Tuesday.

The World Series Started October 2

Starting yesterday the World Baseball Series will be broadcast here through the courtesy of the Artesia Auto Co., cooperating with Mann Drug Co., local Philco dealer. A sixteen-tube set is being used and the returns are amplified through a special loud speaker attachment, which can be heard for several blocks. The series between the Chicago Cubs, winners of the National League pennant and the Detroit Tigers, winners of the American League pennant, started yesterday at 11:30 (Mountain Time). Games 3, 4 and 5 will be played in Chicago, if five games are needed. In Chicago the broadcasts will be an hour later.

The Cubs added the Tiger scalp to their belt yesterday in the first of the World Series games by a score of 3 to 0. Warneke, pitching for the Cubs, and School Boy Rowe, pitching for the Tigers, both did good work. Although Rowe lost he struck out seven men.

This morning the second game of the series will start at Detroit at 11:30 (Mountain Time).

WE THANK YOU

STOCKMEN TO MEET IN SILVER CITY

ALBUQUERQUE—The annual meeting of the New Mexico Cattle Growers association will be held in Silver City in March, it was decided at the meeting of the executive board at Las Cruces Saturday. Approximately 200 stockmen from all sections of the state attended the Las Cruces meeting and heard F. R. Carpenter, federal director of grazing, discuss various phases of the enforcement of the Taylor grazing law.

ARMY RECRUITING PARTY TO BE HERE

An army recruiting party from Fort Bliss, Texas, will be here for three days, beginning about October 4th, according to word from Col. M. H. Thomlinson, recruiting officer. Approximately twelve men with five trucks will be here and will be located near the Cunningham building.

BANK DEPOSITS IN NEW MEXICO UP 31.4 PERCENT

WASHINGTON—The Federal Deposit Insurance Corporation reported Saturday deposits of forty insured commercial banks in New Mexico increased to \$39,547,000 in the year ended last June 30. The total of all types of deposits was 31.4 percent greater than on the same date last year. Capital funds of New Mexico insured commercial banks were shown to have a book value of \$3,948,000. Cash in vault and other items in reserve accounts totaled \$16,679,000, while loans and discounts amounted to \$10,661,000.

HEAD-ON COLLISION ON MAIN STREET

Two cars ran together on Main street Sunday afternoon, at the corner of Eighth and Main street and one, a model T Ford was badly wrecked. The collision occurred when "Shorty" Alinez, a local Mexican, apparently started to turn the corner to go south, and collided with a car driven by Ernest Grimlan, which was traveling east. Except for a severe shakeup the occupants of neither car were hurt.

The residence of Earl Darst on Quay street is being remodeled into a beautiful bungalow of the Spanish Mission type.

Farm Mortgages Have Decreased \$1,200,000,000 In Past Four Years

WASHINGTON—Agriculture department records Tuesday disclosed a decrease of more than one billion, two hundred million dollars in farm mortgage debt since 1930.

This decrease was attributed by Bureau of Agricultural Economics statisticians to both a liquidation of debts by farmers and—to a large degree—to foreclosures by the lending agencies.

In addition, bureau statisticians reported that there has been a heavy shift of agricultural loans during the past twelve months from life insurance companies to federal land banks.

Whereas detailed figures for 1934 were not available, informed officials said the total debt had declined to eight billion dollars.

While saying that foreclosures and losses of homes were to be regretted when individual cases were considered, one official argued that a decline in the nation's total farm mortgage debt meant that a larger portion of cash income from sale of crops might be used to buy new commodities by the farmers.

Miss Agnes Covalt, county nurse, spent Thursday night at the home of Mrs. G. C. Kinder. She was working in Hope Thursday and Friday.

Jerry Chestnutt of San Angelo, Texas, vice-president of the Republic Production Corp., was a business visitor here the first of the week.

Paint Up
During Cleanup Week
October 6th to 13th
Yes, you can really clean up by painting up and remove many unsightly spots with paint. At the same time you can add cheer to the home. A good paint job will not only improve the appearance of your home and help to preserve it, but you can make housekeeping easier.
Plan now to paint your property this fall when the dust menace is less.
We have a select stock of paints and will gladly help you with your painting problems.
