CALLING ALL KIDS!!! Beginning Monday, tomorrow, there's an all new Summer Recreation Program for all local youth.

It will be held daily at the Watson Junior High School Gym, 9 a.m.-noon and 7 p.m.-11 p.m. (with times subject to change at a later date.)

This will be a supervised program of recreation, and no street shoes will be allowed.

All Muleshoe school students will be allowed to participate in this summer program.

For additional information, call Ruben Osuna, 272-5789 or Wade Littlefield, 272-5826.

Pat Lewis of St. Mary of the Plains Hospital, Lubbock, said representatives of the hospital will be in Muleshoe on Monday, June 27, at 11:30 a.m. at the Old Depot to explain the St. Mary's Senior Class Program.

All local and area senior citizens are asked to attend the meeting.

Also expected to be in Muleshoe at that time will be the Flight For Life helicopter.

Della Snell, of the Muleshoe Police Department, announced the annual rabies clinic for dogs and cats.

It will be 2-5 p.m. on Thursday, June 23, at the old fire department building across from the police department on Avenue

Lazbuddie Site For Post Office Being Sought

The U. S. Postal Service is seeking a suitable site upon which to build and lease a new main post office building in Earth, Postmaster Shirley Sigman said.

The "preferred area" for site consideration is north by either side of N. E. First, south by either side of S. E. First, east by either side of Elm Street and west by either side of Highway 1055. All utilities and access to a two-lane paved public street must be available.

Minimum site size needed is 21,875 sq. ft. of land, or a lot with dimensions of 125 ft. by 175 ft.

Property owners are asked to submit their site offerings no later than July 6, 1988 to: Mr. John A. Logan, Real Estate Specialist, Facilities Service Office, U. S. Postal Service, P. O. Box 667180, Dallas, TX 75266-

After a suitable site has been located, the Postal Service will call for construction bids for a building that will be built with private funds and leased to the Postal Service for a long term

period. The proposed post office building will have approximately 2,320 sq. ft. of interior floor

Rotary Film Has Review Of Past Year

It was a day for 'Rotary Network News' at the Muleshoe Rotary Club on Tuesday at noon, when J. D. Cage was in charge of the program.

Rotary Network News provides current information on what is occurring worldwide in Rotary International.

The latest film dealt with the problem with loss of membership in rotary -- citing the lack of information about Rotary and its many service programs and projects.

There was a very positive update on Polio Plus, and moneyraising activities in various parts of the world.

Current Rotary International President Charles Keller spoke on programs and accomplishments for Rotary during the past

President Keller said, "Rotary News Network' was an instant and immediate success, so will be continued at least through this

The program is now being filmed in Japanese, and in the future will be adapted to French, Spanish and Portugese.

Rotary Network News also touched on the decision to accept qualified women members and the positive influence they are having on the club.

about the healthy growth of Rotary as well as long range plans. His final reminder: "Rotary is United In Service -- Dedicated To

President Keller also talked

Independent School District. announced concurrently Tuesday the election of Dr. H. John Fuller to the Superintendent's post in San Marcos Consolidated ISD from a field of 28 candidates.

In a 6 p.m. called press conference on Tuesday, June 20, Mrs. Cage said the MISD Board of Trustees held a special called meeting and went into executive

She said they did accept the resignation and have now begun the process it will take to fill Dr. Fuller's position. "We will fill the position to the

best of our ability," she added. "We also want to wish Dr. Fuller the best of luck in his new position. At our regular board meeting on Monday, we will continue the steps necessary to fill the superintendent's position.

"It is our fondest desire to have someone by the time school starts, but at this point, feel

DR. H. JOHN FULLER

Help In Assessing Finances Available

Help in assessing the financial situations and options for the family farm or ranch is available to families of the Texas Panhandie and Plains. It is offered through a new project, Texas Volunteers for Rural Families, conducted by the Texas Agricultural Extension Service.

The project provides trained volunteer counselors who will help farm and ranch families assess the financial situation in their operation, identify problem areas and offer alternative strategies to improve profitability, explained Dick Cummins, project coordinator of volunteers.

It is funded by a grant from ACTION - Center for Volunteers, Inc., which administers domestic volunteer programs sponsored by the federal government, announced earlier this year by U. S. Senator Phil Gramm (R-TX).

The volunteer counselors have backgrounds in agriculture and related business and have undergone extensive training by professional specialists of the Extension Service, an arm of the Texas A&M University System. Cummins said.

Currently, counties where the trained volunteers are ready to serve are: Castro, Dawson, Deaf Smith, Donley, Knox, Lamb, Lynn and Shackelford. Volunteers are being secured and trained for other counties, including Randall, Briscoe, Hale, Lubbock and Jones.

"These volunteers know how to help you look at your business figures and determine what they really mean to you," said Bonnie Piernot, Extension consumer economics specialist at College

Station, who is project administrator. "They're not going to tell you how to run your business, but they will suggest your options.'

Cummins said the volunteers have been trained in procedures to follow for family budgeting and for financial planning of businesses of farming, ranching or which are agriculturally

Cont. Page 6, Col. 3

Dr. Fuller expressed his appreciation to the community, and thanked the local news media for their professionalism and strong support, not only for the schools, but for the entire community.

As Dr. Fuller started to read the following letter of resignation, he could not finish reading it, so Board President Cage completed reading the letter to the news media:

June 21, 1988

Cont. Page 6, Col. 1 **Amarillo Youth** To World Meet

In Quarter Horse

Quarter Horse enthusiast Lisa Gilbreath of Amarillo will be competing at the 17th Annual American Junior Quarter Horse Association World Championship Show and Convention in Tulsa,

OK, July 31-August 6. She is the 15-year old daughter of Jerry and Linda Gilbreath of Amarillo and a sophomore at Amarillo High School. She is also the granddaughter of Hazel Gilbreath and the late Francis Gilbreath, of Muleshoe and T. L.

and Nancy Gleason of Lazbuddie. Lisa will be among 1,300 youths, ages 19 and under, from the United States, Canada and Australia, participating in the show. She will compete with her American Quarter Horse Lucky Sonoita, a 16-year-old chestnut gelding, in Showmanship at

Halter. The AJOHA World Championship Show is an invitational event for top exhibitors, so competition promises to be intense and exciting! Only youths who have earned a predetermined number of points in competition between May 1, 1987, and April 30, 1988, plus two entries from each affiliated state junior Quarter Horse association will be eligible to vie for the 28 AJQHA World Championships and prizes.

Lisa started showing horses in 1985. Since that time, she has received awards in many events such as western horsemanship, western pleasure, halter, hunter under saddle, English equitation, trail, western riding, reining and showmanship.

She has traveled as far as Columbus, Ohio to the prestigious Quarter Horse Congress, and has been all over the states of Oklahoma, Colorado, New Mexico and Texas.

DPS Predicts Holiday Death Toll: High

The Texas Department of Public Safety has estimated that 36 persons will die as the result of traffic mishaps in the state during the 78-hour Fourth of July weekend.

"There is a greater potential for accidents during the summer months because of the increases in the number of vehicles and miles driven on Texas roadways," DPS Director Leo Gossett said. "We appreciate the recognition of this potential by the careful Texas drivers who observe the laws. Our troopers and local officers hopefully will be getting the attention of careless motorists through enforcement of these statutes.'

The DPS counting program for traffic fatalities begins at 6 p.m. on Friday, July 1 and ends at midnight on Monday, July 4th.

During the 1987 July 4th

Congressman Says **Pleased With** New Bill

Late last week, President Reagan signed legislation by U. S. Representative Larry Combest (R-Texas) authorizing a Plant Stress and Water Conservation Research Facility to be constructed at Texas Tech University in Lubbock.

Approval to construct the facility was received from Congress on June 2 when the U. S. House of Representatives authorized the lab and sent it to the President for signature. The House authorization ended years of planning and legislation spearheaded by Combest.

"I'm pleased that the need for this type of facility has been recognized and that my colleagues in Congress and the President agree that the time has come to make this important type of research a priority," Combest

Plans call for construction of a \$27 million facility at the Texas Tech campus. Twenty-two researchers will study methods of developing hybrid seed and that relatives. will better withstand the intense and unpredictable West Texas weather. The researchers are currently doing their studies in various temporary facilities around the campus.

Combest says the Plant Stress Lab is necessary because growers in the South and Western Plains produce one-quarter of the country's food and fiber crops. In order for the area to keep up with the increasing demand for products and commodities, sturdier strains of crops will be needed.

"The demand for the crops grown in West Texas is increasing every year, not only domestically, but also in export markets. In order to meet these needs, we will have to increase our yields. The research done at this facility is designed to help us produce more from our farmlands.'

Combest says farmers have already seen benefits from research done at Texas Tech and expects the research facility to produce major improvements in area farming operations for years

10 a.m. to 5 p.m. Monday thru Saturday

period, also 78 hours in length, 37 traffic deaths occurred. Three additional fatalities were reported later from critical injuries suffered during the holiday program. A total of 58 percent of the fatalities occurred in accidents where speed or driving while intoxicated was listed as a contributing factor.

"Our agency is cooperating with the Texas Coalition for Safety Belts program, supporting the goal of a 'deathless day' during the 101 Driving Days of Summer," Colonel Gossett pointed out. "The last deathless day on Texas roadways occurred on January 5, 1977.

Along with the usual duties, the DPS will be working in Operation CARE (Combined Accident Reduction Effort) with the Louisiana State Police, Arkansas State Police, Oklahoma Highway Patrol and the New Mexico State Police to reduce drunk driving and speeding along interstate highways during the July 4th period.

"Available troopers in Texas and these four states will be increasing their cooperation to reduce fatal accidents as part of the Operation CARE program," according to DPS Lt. Charles Dorbandt of DPS Austin Headquarters, who also serves as the CARE regional president with Texas and the four neighboring

"The CARE program is designed to increase the smoothness and safety of the traffic flows on the interstate highways in the U. S.," Lt. Dorbandt said. "We'll be working with the state troopers in the four contiguous states to minimize dangerous driving practices on these roadways through enforcement. However, we will also provide assistance to the motoring public.'

Denton became the bride of William Perry Flowers of Houston in a candlelight ceremony at 8 p.m. Saturday, May 28 in the Southwest Church of Christ. Dr. Everett Blanton read the double ring vows.

Parents of the couple are Mr. and Mrs. Don Beasley of Amarillo and Mr. and Mrs. Tom Flowers of Muleshoe.

Church decorations included candelabra arches, surrounded with greenery; heart shaped candelabras trimmed with greenery; white isle cloth and pew bows on the pews; and a unity candle with greenery.

Hank Fenn, Tricia Caudle, and Bryan Miller sang the traditional "Wedding March" as well as various popular songs.

Given in marriage by Don and Glenna Beasley, the bride chose a designer gown of shimmering

Baby Shower

Honors

Mrs Kirven, Trey

The home of Laverne James was the scene of a baby shower Saturday afternoon, June 18, honoring Twila and Trey Kirven.

Twila, Trey, and Billie Downthe guests between the hours of 2 and 3 p.m. Guests were registered by Michelle Williams.

LaVon Hunt and Tori Bruton served a white cake, decorated with a blue bear, nuts, mints, and lemonade, from crystal appointments.

A white lace table cloth covered the serving table and the centerpiece was Grumpy Bear and Sunshine Bear. The honoree's corsage consisted of blue silk flowers and baby booties.

Special guests included Mrs. Billie Downing, grandmother of Trey; and Mrs. Nelda Hunt, great aunt of Trey.

The hostesses gifts was a baby monitor and an arrangement of sleepers and baby toys. Hostesses for the occasion included the ladies from the Progress Baptist

much his parent. Trespass not on his -R. W. Emerson.

Miss Melissa Jane Beasley of white crystal organza, featuring an exquisite sabrina neckline bordered with pearls and sequins.

Lace appliques, pearls and sequins covered the bodice down to the flattering dropped basque waistline. The back of the bodice dropped to a low "V" back enhanced by lace. The sleeves of the gown are capped in style with full apple peel ruffles.

The skirt gracefully flowed into a cathedral length train. A double bow accented the back with apple peel ruffling cascading down the entire train. Her bridal veil featured apple peel ruffles, beading and sequins.

She carried a large cascading bouquet of white roses, pearls and seven red roses, white streamers and greenery.

Karen Morton of Abilene served as maid of honor. Bridesmaids were Elizabeth Anthony of Albuquerque, N.M., Mrs. Rick Spears of Amarillo, D'Ann Blankenship of Dallas, Paige Byers of Lubbock and Mrs. Jeff Reese, sister of the groom of Lubbock.

They wore identical red tea length satin dresses accented with a bow and gathers. The dresses dropped waistlines gathered onto the skirt. The attendants wore white hose and red satin shoes, and carried nosegay's of red and white roses and white baby's breath with red ing, grandmother of Trey greeted and white satin ribbons and greenery. They all wore pearls.

> Heather Dixon and Ashley Dixon, both of Memphis, Tex. served as flower girls. They wore red shimmering organza dresses with layers of ruffles and white lace with a big bow in the back, white lace hose and white patton shoes. They carried baskets with red and white ribbon and dropped red satin love knots.

> Erich and Nicholas Schmidt of Lubbock served as ring bearers. They wore black tuxedos with white shirts and red cumberbuns and ties.

Glen Flowers, brother of the groom, of Muleshoe served as best man. Groomsmen were John Wuerflein of Muleshoe, Keith Gregory of Sublette, Kansas, Michael Isaac of Austin, Greg Hamby of Port Neches, and Mike Fults of Nederland.

Ushers were Jeff Reese, brother-in-law of the groom, of Lubbock and Rick Spears of Amarillo. The groomsmen and ushers wore black tuxedos with white shirts and red cumberbuns and ties.

Following the ceremony, a reception was held in the

fellowship hall of the church. The bride's table was covered with a white cloth with an eyelet skirt around it. The four tiered strawberry cake with white icing decorated with fresh red roses, greenery and baby's breath was topped with a Precious Moments cake top with a groom holding the bride. Heartshaped cakes with satellite cakes coming from staircases completed the arrangement. A fountain was placed underneath the cake. Mixed nuts and heart shaped white mints, made by the mother of the bride, were also placed on

the table. The groom's table was covered with a white cloth. Red Velvet cake with white icing decorated with scarlet red and grey KY symbol (Kappa Psi) and roses were served along with fresh fruit, coffee, cheese and crackers, mixed nuts and chocolate rosette shaped mints made by the mother of the bride. Mary Alice Adams, Dana Bell and Brenda Stamps served at the bride's table and Dana Eaton, Cindy Fults served at the groom's table. Guests were registered by Sheri Dixon and Cissy Fenn.

Following a wedding trip to a ranch in East Texas, the coupie will make their home in Houston.

The bride is a graduate of Texas Tech University with a B.S. degree in Home Economics. She is presently working on a Master of Education degree at North Texas State University in Denton. She is a member of Zeta Tou Alpha and the American

Home Economics Association. Flowers attended Texas Tech University and is currently attending the University of Houston School of Pharmacy in Houston. He is a member of Kappa Psi Pharmaceutical Fraternity and the American Students of Pharmacy.

Out of town wedding guests included the grandparents of the bride and groom.

The groom's parents hosted a rehearsal party on Friday night, serving BBQ and followed the western theme.

A bridesmaids luncheon was served on Saturday at the back porch. Sandwiches, soup and muffins were served.

All flowers for the wedding were designed by Alvana Harms, a family friend.

FATHER'S DAY CELEBRATION--Friday afternoon all of the fathers who are residents of the Muleshoe Nursing Home were honored with a Father's Day party, hosted by Lona Embry, Kathy Embry, Joyce Turnbow and Nancy Kidd. Roy Whitt provided special entertainment. The family of one of the residents donated money to a special fund to help sponsor this party. Kathy Embry baked and decorated two cakes in the shape of a horse shoe, with blue icing. The residents enjoyed the special suckers, gigantic cookies and balloons. Pictured (not in order) Connor Burford, Arnold Morris, Lynn Bratcher and Eric Smith.

60 Years Ago REDUCTION IN WATER RATES

FOR JULY 1st A substantial reduction in water rates has been given the patrons of the City of Muleshoe water works. This was passed by unanimous vote at the last regular meeting of the City Council and will go into effect July 1st., 1988.

The mininum charge will remain at \$1.50 for 3,000 gallons used. All water over that will only be 12½ cents per thousand gallons. The old rate was based on a sliding scale, which required the consumer to use over 8,000 gallons before he could get advantage of the cheap water.

One motive in giving the reduction to the consumers is to promote tree planting and better lawns. It is now up to the people to beautify their homes. The officials have done their part and plans should be made now for a more beautiful lawn and more trees. Muleshoe now has the cheapest water of any town on the south plains with the exception of one.

RAIN MELTS DOWN TENENT

HOUSE FOR JOHN KROPFF John Kropff, farmer residing about four miles north of Muleshoe paid the Journal office a visit Tuesday morning and O reported having the misfortune

of getting his four room tenant house destroyed by the heavy rain and storm Friday afternoon of last week.

The 24X26 foot building was constructed of stuccoed adobe and occupied by J. S. Horsley and family. Practically all parts of the walls collapsed leaving the roof supported by the frame and doors. The water raised to a depth that covered the floors entirely and overflowed the yard

and other surrounding ground. More than 60 frying size chickens and other poultry was drowned. Kropff estimlated the damage of the residence and his other losses to be around \$500.

40 Years Ago

108 DEGREES HOT HERE

TUESDAY

The weather man was on the job this week and gave Muleshoe weather to talk about. Tuesday the mercury soared to 108 degrees and the citizens swelt-

However the temperature the day before reached a high of 104 degrees. Minimum during the hot spell was about 70, and some complained of a hot night or two, 'very unusual" as California would say.

Thunderstorms passed over or around the city first of the week but no rain fell.

POSTAL RATES TO GO UP, **BOX RENT TO GO DOWN**

Although you'll be paying four cents to mail a letter out of town after August 1, there is some consolation for postoffice patrons, after all, in the new change in postal rates due at that

Although no official word has been received here it is known that the four cent rate is due to go into effect on that date.

However, effective July 1, postoffice box rents will decrease somewhat, to offset the advance in stamp costs.

Postal officials said this week that on July 1 postoffice boxes renting for \$1.10 will be cut to 90 cents: boxes now renting for \$1.50, will go down to \$1.10; \$2.25 boxes will remain the same, for rental, while \$3.00 boxes will drop to \$2.25.

The decrease in box rent is said to equalize other services with the value of box service to postal patrons.

Give Your House A Bath For Good Maintenance

Your house may not need a paint job this summer, but it could probably use a bath.

Scrubbing down exterior walls once or twice a year improves their appearance and alerts homeowners to small problems that can be corrected before they become serious, according to housing specialist Dr. Peggy

"Start by giving siding and trim a good scrubbing with a light detergent solution and rinsing it away. As dirt washes away, look for mildew, popped nails and minor cracks that need caulking," she said.

The Texas A&M University Agricultural Extension Service specialist suggested that homeowners pay particular attention to areas under eaves, porches and other sheltered places.

"House paints are designed to chalk, or gradually wear away with exposure to rain. This self-cleaning action doesn't occur in protected zones, so you can help maintain an even color on the house by washing these areas," said Ownes.

merchandise award.

"If you find dark, rash-like spots that won't wash off siding, suspect mildew," she said. "The fungus thrives in areas with high humidity and little sunlight."

The specialist said mildew can be removed by scrubbing with a trisodium phosphate solution or using a special mildew remover available at paint stores.

"If mildew has already damaged the paint, you'll need to strip to bare wood, bleach it with oxalic acid and then refinish it with mildewcide paint," she

Owens said masonry walls sometimes suffer from another type of blemish called efflorescence. It shows up as a white, powderly residue that resists scrubbing.

"You can scour ifflorescence with a stiff brush using a mild solution (1 to 10) of muriatic acid and water. Clean small areas at a time and rinse well," said the housing specialist.

While you're doing all this scrubbing, you might as well make minor repairs as you go

The experiences in Muleshoe have provided me with countless memories and allowed me to grow both professionally and personally.

To you, the people dearest to my heart, I say, THANK YOU for all the fine things you've done for me and my family. Even though Muleshoe has so much to offer, the opportunity to serve in a Class 5A school district presents a challenging opportunity that I can not turn down.

The faculty and staff here in Muleshoe are of the highest quality and will, without doubt, pull together and support the person that you name as the next superintendent of this excellent school district.

The children in this community will continue to receive the utmost attention as you, the trustees, continue with the school improvement program and as you continue with the high expectations you have set during the past five years.

I wish you the very best in your continued efforts at school improvement.

Sincerely.

H. John Fuller H. John Fuller received his Doctor of Education degree from Texas Tech University. Dr. Fuller also holds two masters degrees from Stephen F. Austin State University and a bachelors degree from Dallas Baptist College.

Dr. Fuller has 18 years of experience in public education with 10 years as a school superintendent.

He has been the superintendent of the Muleshoe Independent School District for the past five years. He began his teaching career in Palmer in 1970, serving as teacher, coach, and part-time

Muleshoe...

Cont. From Page 1

Shots available will be rabies, \$6; parvo, \$6; DHL, \$14 for adult dogs; distemper and measles, \$9 for puppies; FVRCP, \$9 for cats; leukemia, \$15 for cats: and worming will also be available for dogs and cats.

City license tags will also be available at the time.

Bobbie Dunham, operator of the city swimming pool, said swimming lessons begin at the city pool on Monday, June 27, at 10 a.m.

It will cost \$30 for the eight lessons, to be conducted from Monday, June 27, through

Thursday, July 7. Call 272-5336 for further information, or to register for the lessons.

The Muleshoe High School graduating class of 1978 will be holding their 10 year class reunion on Saturday, July 2, at 7:30 p.m. at the Muleshoe Fire

Department. Persons wishing to attend, who are not class members, will be charged a \$5 fee at the door, and will be welcome to attend after 9

Any class members who have not been contacted are asked to call 272-4351 or 925-6751.

Also, if the addresses of the following: Ana Hernandez, Leon Phillips, Mark Lovelady or Sharla Farmer, are known, please call the above numbers.

He has also served as principal of Central High School in East Texas and as superintendent of the Wells Independent School District located 60 miles south of Tyler, TX.

His educational career spans six universities: Dallas Baptist University, University of Texas at Arlington, North Texas State University, Stephen F. Austin State University, Texas A&M University, and Texas Tech University.

During the past several years, Muleshoe ISD has received several recognitions including being recognized for excellence in rural education at two national conventions.

The Muleshoe ISD Board of Trustees was recognized as one of four "honor" boards by the Texas Association of School Administrators in 1986.

H. John Fuller was recognized as one of five finalists for the 'Superintendent of the Year Award' sponsored by the Texas Association of School Boards in

According to Fuller, "It will be difficult leaving Muleshoe. The people in Muleshoe have been very good to us and for us. Muleshoe has so much to offer; yet the opportunity to serve in a Class 5A school district presents a challenging opportunity that I can not turn down.

"I trust that the many good things that are currently taking place in the Muleshoe Public Schools will continue to flour-

San Marcos Consolidated Independent School District is a Class 5A school district located 35 miles south of Austin.

Dear Friends,

It is after much thought, considerable deliberation, and many prayers that I wish to inform you of my decision to resign my current position as Superintendent of the Muleshoe Independent School District effective July 29, 1988. New challenges and professional opportuunities await me as I will be assuming the Superintendency in the San Marcos Consolidated Independent School District. It will be difficult leaving Muleshoe. The people in Muleshoe have been very good to me and my family.

The five years I have served as Cont. From Page 1 your superintendent have been five of the best years of my life.

The first Texas school health promotion conference (All Well '88) took place in San Marcos at Southwest Texas State University June 5-10. The conference attracted school district teams from all over Texas, including a team from Muleshoe ISD.

Team leader Connie Kenmore, counselor, coordinated a plan for school health promotion for the coming year. Assisting with the planning was team member, Margaret Gleason.

The five-day event focused on school health issues and helped school personnel learn how to improve school climate. Workshops included nutrition, teaching self-responsibility, smoke/tobacco free schools, humor and health, drug-free schools and communities, health and high performance, health for special populations, family communications, teen suicide, and more.

Structured into the conference agenda were exercise classes concentrating on aerobic fitness. There was also time for social recreation.

Research has shown that healthy school staff are more effective educators and role models for students. Health promotion programs in schools also help reduce health care

related.

"This includes financial structuring, debt restructuring and reorganization of business to maximize the resources which are available," Cummins said.

"It's a hands-on process, it isn't theoretical, and it is completely confidential," he

"Our goal is to help rebuild rural Texas, one family at a time," Cummins added.

The project resulted from a national competition to find ways to assist financially distressed rural families, Gramm said. Texas A&M won an \$84,000 grant to conduct the effort.

"These funds are important because they apply the resources of Texas A&M and ACTION to the real problems faced by many Texas farmers," Gramm said. The senator said he hopes the Texas volunteer network will serve as a model for other industries confronted with financial difficulties.

Families or individuals wanting information on the project can contact their local county Extension agent; Call Cummins at the Texas A&M University Agricultural Research and Extension Center in Amarillo, telephone (806) 359-5401; or telephone Bonnie Piernot at Texas A&M, College Station (409)-845-7227.

The Answers

1. Sept. 4. 2. Washington defeated Denver.

3. Sept. 5, against N.Y. Giants. 4.11

Effective Bagworm Control Needed Now

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch began in early May on the South Plains this year.

Hatching is usually completed in about three weeks. Insecticide control is most effective in late May and early June when the bagworms are small, says County Extension Agent Spencer Tanks-

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on leaves. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about one and one-half inches long, Tanksley adds. In the fall, the bagworms become adults, mate and the females lay eggs inside their bags. They then overwinter in these bags in trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1,500 eggs.

"Since the bagworm only completes one generation a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest," says Tanksley. "But, if bagworms were present on the plant last year and control measures were not applied, chances are very good that an insecticide will be needed this spring."

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion, dylox and orthene. The biological insecticide Bacillus thuriengensis can also be used.

To obtain effective control, through coverage of the foliage is important. The addition of a small amount of liquid soap or surfactant to the spray solution will improve control because it helps adhere the insecticide to the treated trees and shrubs. Always read and follow label instructions when applying insecticides, concluded the county agent.

COUNTRY REHEARSAL--"Country Caravan" cast members put the spit and polish to their 1988 country music show as they rehearse in preparation for the June 24 performance in Muleshoe. This energetic blend of contemporary and classic country music styles will be presented at 8:30 in the New City Park. Admission is free. The performance is being sponsored by Chamber of Commerce and Agriculture. Students and faculty members from South Plains College's country and bluegrass music program in Levelland, Texas, spend literally hundreds of hours rehearsing and preparing for their summer season. "Caravan" will tour 37 cities and towns in Texas and Eastern New Mexico. The Bailey County 4-H Club will host a concession stand. In case of bad weather, the performance will be moved to the Civic Center.

Sherri Doty and Kimberly were recently in Clifton where they attended the wedding of Lisa Hurst and Roger Parks. Sherri and Terri were members of their cousin's wedding party, and Kimberly passed out rice bags. They also went by Six Flags along with their brother, Andy, and then took Andy back by Munday to stay, where they all visited with their Mother, Joyce Thompson, aunts and uncles, including Mrs. Adele Smith of Aston, Pa.

Evelyn Ritchie left last week

SUDDEN DEATH PLAYOFF--Before a gallery of interested, players and viewers, two partnerships held a 'sudden death' playoff for second place in the bi-monthly MAC Golf Tournament at the Mule Putt Miniature Golf Course. Feeling the pressure, Joey Chancy tees off on the second hole, while watching the action are players Gary McDaniel, Jerry Hicks and Gary Shipman. Hicks and Shipman won (Journal Photo) the playoff on the fourth hole.

Mr. and Mrs. Ray Hamilton of Great Falls, Mont. arrived the last of this week to visit her mother, Mr. and Mrs. Ray May,

Buddy Lowrance has been in Austin to attend a workshop.

STATEMENT OF INTENT TO CHANGE RATES

GTE Southwest Incorporated, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective July 6, 1988. This proceeding has been previously docketed by the Commission as Docket No. 5610.

The proposed changes in rates will affect approximately 970,500 of the Company's Texas customers who represent all classes of customers subscribing to the Company's local exchange and foreign exchange services within the State of Texas, as well as all entities subscribing to the Company's billing and collection services within the state. The proposed changes in rates are designed to increase the Company's intrastate revenues by \$81,407,000, or approximately 11.8 percent annually

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's office of each affected Municipality.

GTE **GTE Southwest** Incorporated

- Watch for power lines when climbing in trees. •Do not climb electrical poles, towers or structures.
- •Do not trim trees near power lines. ·Do not set ladders or scaf-
- folds near power lines. •Do not shoot at insulators on poles, towers or structures.
- ·Never climb on or go inside a substation fence. Call SPS to help you retrieve anything thrown into the substation or caught in its fence.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- by shortening them or replace them entirely. ·Beware of exposed wires. ·Don't touch portable appli-

The trouble with spring gardens is summer grass.

CLINIC SUCCESSFUL--Last week, a cholesterol screening clinic was held at Bailey County Electric Cooperative Association, Inc. In the top picture, JoAnn Head checks one of the participants, while a large group waits their turn. The clinic was so overwhelmingly successful that a follow-up clinic is planned in the near future. Appointments may be made for the second clinic by calling the Texas Health Department in Muleshoe.

Make sure your equipment is ready to make hay when you're ready to make hay

The hay-making pros at John Deere have all the parts you need to keep your John Deere mower, rake and baler in top con-dition. They're all top quality, all at everyday low prices.

New Dura-Cut™ knife sections, for instance, are double heat-treated, chromed, and have deeper serrations for longer life.
For optimum raking performance, count on John Deere highly flexible rubber-ball rake teeth to pick up all your crop. And to ensure smooth power delivery for

mowing, conditioning, baling or chopping, install our top quality U-joint kits. Check over your equipment, then check out our prices. For the price of

most imitations, you can own the real thing. See us today. LEADERSHIP

candy vending route.

Mr. and Mrs. Glen Green of Lubbock and Mr. and Mrs. Bobby Adams visited in the home of Mrs. Mamie Adams Sunday afternoon. Mrs. Green is a grandaughter of Mrs. Adams.

The first load of wheat was harvested Wednesday June 8, 1988, by John Barker which he brought to the Enochs Co-op Elevator. Several of the farmers are cutting their wheat. The cotton is growing now since thehot weather.

The enrollment was 39 and average attendance at the Vacation Bible School last week was 34. We wish to say thanks to everyone that helped to make it a success and for everyone that brought cookies.

Brent George of Lubbock visited his grandparents, Mr. and Mrs. E.N. McCall, last Wednesday.

Mr. and Mrs. Dale Nichols visited Mr. W.B. Grant at the Methodist Hospital in Lubbock Saturday. They also visited in the home of his brother, Mr. and Mrs. Harold Dean Nichols at Idalou also, in the home of his sister. The L.B. Davis's at Shallowater.

Coby Abney of Wolfforth is spending the week with his grandparents, Mr. and Mrs. Burford Peterson, while his parents went to the Association at San Angelo. He attended Church with them at the Baptist Church.

Mr. and Mrs. Dale Nichols visited their son, Mr. and Mrs. Donnie Nichols and children at Canyon, Sunday afternoon.

Mr. and Mrs. Wendell Lee Speck and Mrs. Clara Coffman of Muleshoe came by and picked up Mrs. Ellen Bayless Saturday morning and they drove to Lamesa, where Ellen spent the weekend with her brother and wife, Mr. and Mrs. Carl Coffman.

The others drove on to Garden City and visited Clara's son Mr. and Mrs. Harvey Coffman who is Mrs. Specks brother, they had a family gathering. There were over 20 present. They all returned home Sunday after-

It was several days before little Stanley's birthday, and he was pestering his mother for a pair of skates. His mother suggested, "Why don't you pray for skates?"

"Why are you shouting?" interrupted his mother. "God isn't hard of hearing."

"I know," Stanley replied, "but daddy is."

Nursing Home News By: Joy Stancell

Our thanks to Mr. & Mrs. Earl Peterson for the birthday cards that they send our residents. It is so nice to be remembered.

Sammy Moore had several of her family to visit her on her birthday and to bring her birthday greeting cards.

Connor Burford was visited by his grandchildren recently also Mr. & Mrs. Joe Smallwood, his wife Willie Burford and Ruby

Jonessa Jennings came Wed. afternoon to sing and play the piano for our Sing-A-Long.
