VOLUME FORTY-SEVEN

ARTESIA, NEW MEXICO, FRIDAY, AUGUST 25, 1950

NUMBER 68

POT POURRI

We have developed different reading habits for different periods. Some of them we read from front to back, others from back to front. In still others we look first for certain departments.

Our reading of Readers Digest comes in general under the second category, except that we first read all the fillers, short features, and regular departments, from back to front, then we start at the back again and take the articles one by one, working our way towards the front, sandwiching in that reading with other of our favorite magazines, thus making that treasurehouse of information and reading last nearly until the next issue comes out.

That's why we have just come to "Danger-Gossips at Work," a condensation from Your Life by Frederic Sondern, Jr. In the August issue, which you probably read some days ago.

The article tells of the harm that gossiping can do. And it points out how original impressions may be distorted and that as they are passed along they become even more so.

And it can be deadly to others when you gossip, say things about people which may or may not be true, but which frequently may be no more than half truths.

There is no direct connection, but the article made us think about a practice of certain tribes in Africa, in which the death of an enemy is brought about by having a medicine man stick pins into the intended victim, on the supposition that the pain is transferred to the unlucky one, bringing death ultimately.

It's a funny thing, but we believe it works, perhaps not in exactly that form, but in a similar method—needling!

Perhaps the savages of Artesia do not call it needling, but needling is a practice of the so-called civilized peoples, and we have observed numerous cases.

Continual needling can drive a victim to distraction. It can put one nearly out of his head. It can affect his health.

And needling, whether intentional or not, is one of the most cruel forms of punishment for a human.

This needling is not sticking pins or needles or thorns into a doll, but it is sticking things into a victim indirectly, by means of remarks, the repeating of half truths, accusing him of things which are not so.

We recommend to everyone the reading of "Danger-Gossips at Work."

Frankly, we think anyone believing in the Golden Rule and reading that article would consider twice before gossiping about or needling another, thus saving others from mental anguish.

Two things about which we have harped often, loud, and long are safe driving and the exercise of one's privilege to vote.

Practically every other editorial writer in the nation has done the same thing over and over again.

But it has been to no avail, it seems, for people continue to drive like maniacs and when election days come along the qualified electors stay away from the polls in flocks.

Wes Izzard of The Amarillo news sums the thing up in a single sentence:

"If all the editorials and radio sermons on these two subjects were placed end to end, they still wouldn't be read or listened to."

Nevertheless, Wes, other editorial writers, and we will continue to harp on the two subjects, in hopes, at least, that we will do a little good.

We'll have a little more to say next week about safe driving just before the two-day Labor Day week end.

And we'll pause now on the other subject only long enough to remind you that there will be a general election on Tuesday, Nov. 7, and that unless you are registered, even though otherwise qualified, you will not be permitted to vote.

So register now!

Speaking about Wes Izzard again, he says there's one sure way to make people believe something they ordinarily wouldn't: Whisper it!

Don't forget we are staging a one-man campaign to raise \$300 to recompense the American Legion for the deficit from the state junior baseball tournament recently

Quarterback Club to Name 1950-51 Officers at Meeting on Monday

Officers of the Quarterback Club for the coming year are to be elected at a meeting in the Artesia Senior High School auditorium at 7:30 o'clock Monday night, it was announced by Bill Keys, who has served as president the last year.

It had been planned to elect the new officers Monday evening of this week at a previously-announced meeting, but the attendance was poor attributed to change of location from the high school cafeteria, where the club met last year.

President Keys urged that all old members of the Quarterback Club and others interested in joining the organization's backing of the Bulldog teams throughout the school year be present for the meeting next Monday.

He said it is desirable that the club start functioning no later than that time, in order to lay plans for the year and have them in practice prior to the Bulldogs' first grid game of the season, which will be Friday night of next week at Jal against the Panthers.

It is probable there will be a membership drive launched immediately after the meeting, so as to enroll as many members prior to the Jal game. However, this will be a matter to be considered Monday.

A nominating committee appointed by President Keys on Thursday announced nominees for the various offices, whose names

will appear on printed ballots for voting at the meeting.

They said the nominations are merely suggestions of candidates who, in their opinion, would make good officers and that members may write in the name of anyone else desired.

On the nominating committee are Ralph Nix, Jerry Curtis, Bob Bourland, Tom Boyd and Jack Clem.

The committee made three nominations each for president, vice president, secretary and treasurer.

For members of the board of directors, the committee made 12 nominations. Members of the committee said they will recommend at the meeting Monday that the five candidates receiving the greatest number of votes be elected and that of them the two topping the list be elected for two years each and the other three for one year each.

The candidates:

For president—Shirley Hager, Jack Fauntleroy, Stanley Carper.

For vice president—A. C. Sadler, Edwin Ward, Charles E. Currier.

For secretary—Glenn Collard, T. C. Williams, Leland J. Price.

For treasurer—Fred Cole, Landis B. Feather, Cecil Waldrep.

For directors—Bill Keys, Jerry Curtis, Tom Boyd, Bill McGinty, S. P. Yates, Charles Brown, J. L. Briscoe, Marshall Rowley, Wayne Paulin, Earle Allen, Bob Bourland, Jack Clem.

Three members of the New Mexico National Guard from Artesia and one from Hobbs were injured, none seriously, in a misfire explosion of a 40-millimeter gun about 10 o'clock Tuesday morning on a Fort Bliss firing range.

The National Guard units are in the second week of a two-week summer training camp period at Fort Bliss and are expected home Sunday.

The Artesia men and the extent of their injuries:

Second Lt. Allen Mills, 26, two shell fragments in his leg.

Cpl. Robert C. Stevens, 20, burns on his arm.

Cpl. V. P. Torres, 21, several shell fragments in his face and neck.

Sgt. Robert C. Rains of Hobbs, 22, was treated for possible head injuries, but was found to be suffering chiefly from shock.

Another Artesia member of the Artesia unit, Pvt. Jerry M. Dominguez, who had blood on him, reported injured, but it was found at William Beaumont Army Hospital (Continued on Page Eight)

Three Guardsmen Injured in Gun Blast at Bliss

One lone male is among the 14 contestants to date who have submitted articles of 100 words or less on "Why I Like to Trade in Artesia" along with a name for the special merchandising monthly event.

He is Arthur Wilson, Box 873. All the other competitors are women. The contest, in which awards worth \$100 are offered the winner, closes Saturday, Aug. 26. First special merchandising day is to be Thursday, Sept. 7, the event to be held the first Thursday of each succeeding month.

Beach Barton is chairman of the merchants committee sponsoring the contest. Entries are to be brought or mailed to Artesia Chamber of Commerce, Artesia Hotel.

On file are the latest compositions and slogans suggested by Betty Rutherford, West Star Route, Artesia; Gwinda Jean Smith, 907 Grand; Marguerite Cunningham, 406 West Grand; Mrs. M. H. Rutledge, 805 Washington; Sylvia Amstutz, 1201 Grand and the essay and slogan of Wilson.

Municipal softball play has bowed out of the sports picture. Jack Tinson, director of the city recreation program, said it was the consensus of a majority of the team managers that play should end now rather than attempting a championship playoff to wind up the season as originally planned.

There will be three girls games played at Artesia Municipal Park, as made known in another story in this issue, but so far as the rest of the teams and leagues in the municipal setup, this is final.

One Man Joins Contest, Closing Saturday

Reason for the decision to ring down the curtain now, Tinson said, is the way the schedule has been thrown askew by the American Legion junior baseball tourney and the V-J celebration rodeo.

Seeking to overcome schedule bottlenecks next year, Tinson said the plan was for play to begin early in May and conclude before rodeo time in 1951, with no interruptions contemplated in that arrangement, except possibly bad weather.

With softball wrapped up and a football season at the high school underway, next step considered was the formation of a city basketball league.

The director announced it was contemplated opening the cage season in early December. Opening play will be an exhibition game, between New Mexico Aggies and REA. Tinson stressed that REA would not be in league but that the exhibition tilt would officially open the city league season.

He said he hoped business concerns and churches would sponsor basketball teams, asked them to get in touch with him.

ARTESIA MEN ATTEND BROTHERHOOD IN ROSWELL

Four Artesia men journeyed to Roswell Monday night to attend a meeting of the Brotherhood of the First Baptist Church. A hamburger fry was held on the lawn of the home of Luther Tankersley.

Rev. S. M. Morgan, pastor of the First Baptist Church, Artesia, was the main speaker at the meeting, at which about 50 men were present.

Other Artesia men attending the meeting were Fred Cole, state Brotherhood president; V. E. Boyd, associational missionary for the Pecos Valley Association and Tom Mayfield, president of the Artesia Brotherhood.

ARTESIA MEN ATTEND JACKSON DAY DINNER

Among Artesians attending the Jackson Day dinner Wednesday evening in Albuquerque were Mayor Oren C. Roberts, Mr. and Mrs. Quentin Rodgers, Bill Keys, Jim Berry, George Teel, W. T. Haldeeman, and Mr. and Mrs. J. B. Mulcock.

Vice president Alben Barkeley was the speaker at the banquet.

Next meeting will be a covered dish supper at 8:30 o'clock Tuesday night, Sept. 5, at the home of Mr. and Mrs. Briscoe, 905 South Ninth.

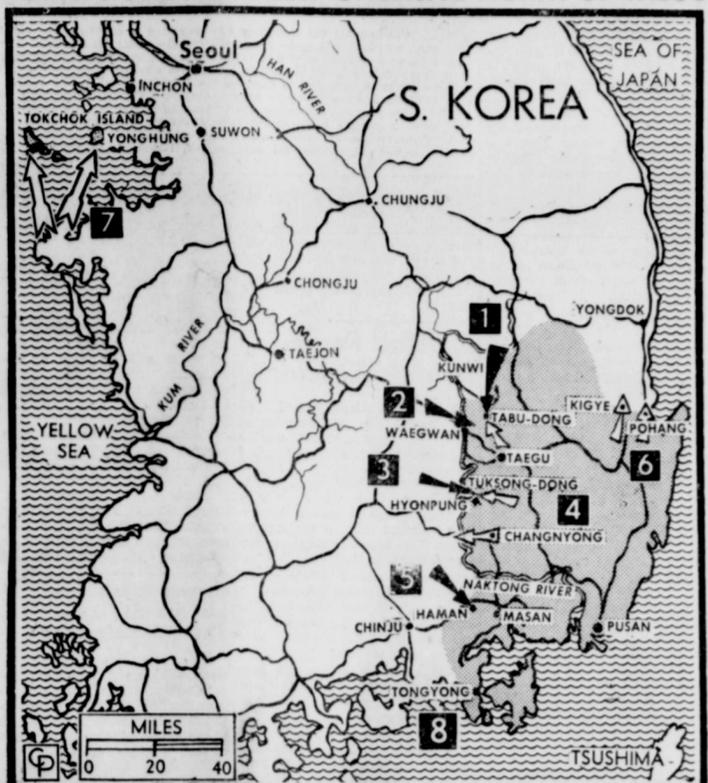

"Regarding our neighbors," says a sports story in that newspaper, "first will come Artesia with a hardy bunch of youngsters that are bidding for district and state honors and it is the writer's guess they will be hard to head off."

"They closed last season with a strong delegation and have recruited several top men for this year."

"Hobbs will be in good form but not up to last season due to the loss of several men."

"Tucumcari will show up in the crippled stage for the season by loss of two of the state's best."

NORTH KOREANS RENEW OFFENSIVE NORTH OF TAEGU

THE KOREAN WAR'S heaviest artillery duel is underway north of Taegu (black arrow, 1), where halted North Korean forces are hammering for a breakthrough. North Koreans crossed the Nakdong river above Waegwan (2), and reinforced their Hyonpung bridgehead (3). American forces probed across the Nakdong west of Changnyong (4) after a week-long battle which flattened the enemy bridgehead. Other North Korean forces attacked at Haman (5) in the southern sector, from which Marine forces were previously withdrawn, but to the south at Tongyong (8) South Koreans were fighting northward after an amphibious landing. American and South Korean forces advanced farther north of recaptured Pohang and Kigye (6). Two South Korean amphibious forces have landed on Tokchoek and Yonghung islands (7).

As an added service to Artesia, The Artesia Advocate has printed a three-color blotter listing the Artesia Senior High School 1950 football schedule.

This handy reference will keep you up to date on Bulldog games, dates, opponents and whether played here or away. The blotter is in white, black and orange. Games are printed in black superimposed on an orange background and the word "Bulldogs" in white.

Many of the blotters have already been distributed, but there is an ample supply for all. In case you haven't received one, just call at The Advocate, 316 West Main and receive yours.

There is no charge for the blotter.

Printing of these blotters is in line with The Advocate policy of public service and of giving all-out support to Artesia enterprises.

Bulldog Parents Membership Drive to Start

Aimed at obtaining memberships and cash in the quickest possible time and also at eliminating the constant hammering for funds, Artesia Bulldog Parents Club will begin a membership campaign tomorrow.

The organization is cognizant of the multitude of calls for support and with this in view has mapped out two projects for the year. Besides the membership campaign, the club asks the public to patronize its pillow rental service for games here.

This method of money raising was used by the club last year. Rental fees are 15 cents a pillow or two for a quarter.

Memberships sell at \$2 each. J. L. Briscoe is chairman of the committee. Other members are Mrs. Jack Easley, Mrs. W. C. Brashear, club secretary, Mrs. H. C. Golden, and Mrs. J. L. Briscoe, club vice president.

Student Activity Tickets Offered Again This Year

Activity tickets for students in the ninth through the 12th grade entitling them to admission to all athletic events and other activities will be available at the time of registration, for \$5, it was announced by R. M. Parham, director of guidance.

Or they may be purchased prior to that time from Parham at the office of T. Stovall, Artesia Senior High School principal. But the final date of purchase will be Sept. 15.

This will be the third year such activity tickets have been offered to high school students. The student body voted for them two years ago, when they were first offered.

The activity tickets will admit purchasers to all home football and basketball games, student assemblies, junior and senior plays, band and music recitals, and all other regularly scheduled school events.

In addition, a student purchaser is entitled to receive the school annual, newspaper, and magazine.

Parham said all of these activities and purchases would cost approximately \$11 at the regular prices, so a student saves more than half by buying an activity ticket.

The football team will play seven games at home and approximately half, or 10, of the basketball games at home. At 50 cents for football games and 25 cents for basketball games, this would total \$6, if all were attended. The school annual will sell for \$3.

In addition there will be about seven special school assemblies at 10 cents each, the junior and senior plays, band concerts, the school paper, and the magazine.

Parham said activity tickets must be presented at the gate or door for games, recitals, plays, and the like. If they have been left at home, the regular admission price of the event must be paid.

The tickets will not be transferable and will be honored only when presented by the purchaser.

Parham said a receipt will be issued at the time an activity ticket is purchased. In case a ticket is lost, the receipt will not be honored for admission, but upon presentation of the receipt a duplicate ticket will be issued.

The director of guidance said that last year a number of students did not buy activity tickets or did not buy them until late in the school year, and as a result did not receive copies of the annual.

Carlsbad Foresees Artesia Bulldogs As Rugged Rivals

Artesia Senior High School football team will be "hard to head off" this season, in the opinion of the Eddy County News of Carlsbad.

"Regarding our neighbors," says a sports story in that newspaper, "first will come Artesia with a hardy bunch of youngsters that are bidding for district and state honors and it is the writer's guess they will be hard to head off."

"They closed last season with a strong delegation and have recruited several top men for this year."

"Hobbs will be in good form but not up to last season due to the loss of several men."

"Tucumcari will show up in the crippled stage for the season by loss of two of the state's best."

ARTESIANS ATTEND JACKSON DAY DINNER

Among Artesians attending the Jackson Day dinner Wednesday evening in Albuquerque were Mayor Oren C. Roberts, Mr. and Mrs. Quentin Rodgers, Bill Keys, Jim Berry, George Teel, W. T. Haldeeman, and Mr. and Mrs. J. B. Mulcock.

Vice president Alben Barkeley was the speaker at the banquet.

New Ordinance Prohibits Keeping Livestock Within Corporate Limits

The keeping of livestock within the Artesia corporate limits is prohibited by an ordinance passed Wednesday night by the City Council.

The new ordinance extends the provisions of Ordinances 85 and 87, which were passed in 1945 and which permitted the keeping of livestock north of Adams.

The ordinance provides a fine of \$50 for an offense and makes the keeping of livestock within the city a separate offense each day.

It recites that it shall be "unlawful for any person, persons, associations, firms, or corporations to keep, cause, or permit to be confined one or more cows, horses, mules, burros, goats, sheep, pigs, hogs, or swine at any place within the corporate limits."

The council voted to restrict the parking of vehicles on the east side of Roselawn from the alley south of Main Street to Richardson Avenue.

Agreeable with a request from Police Chief Earl D. Westfall, the council voted the approval of stop signs at the intersection of Bullock

Avenue and Watson Boulevard to stop traffic entering Watson.

The council took action as to the purchasing of uniforms for police officers, deciding that a new officer is to purchase one uniform and the city will purchase him one and that the city will purchase him another at the end of each year of service.

The uniforms purchased by the city are to remain the property of the city.

An officer will be required to replace any uniform lost or destroyed through his own negligence, the council decided.

The council approved a plat of Artesia Estates, a new city addition south of Keinath Acres, and a re-plot of Keinath Acres.

W. W. Ports presented a re-plot of the southeast part of the city, which was given tentative approval by the council.

In the absence from the city of Mayor Oren C. Roberts, Councilman Fred Brainard served as mayor pro tem. Other councilmen present were Frank Smith, Ed Gillespie, Bill Yeager, Marshall Rowley, and H. D. (Dude) Dunn.

Boy Scout Plans for Year Include Chuck-Wagon Round-Up on Sept. 25

Accomplishments were reported and plans were made for the Gateway District of the Boy Scouts at a planning committee meeting Wednesday evening in the Artesia schools administrative office.

Of great importance to the Boy Scout movement here is obtaining the services of more adult leaders, it was decided in a discussion, out of which plans were made for a chuck-wagon round-up at Artesia Municipal Park Monday night, Sept. 25.

An effort will be made to have all present scouts and others interested in scouting, including mothers of boys, to be present. Members of the planning committee and others will try to interest more adults in taking a part in the program.

T. Stovall, district chairman, presided. The meeting was opened by prayer by Walter G. Short.

Chairman Stovall introduced Bill McRee, field executive, who briefly discussed the National Boy Scout Jamboree at Valley Forge this summer.

The field executive in turn introduced two of the local Boy Scouts who attended. They were Billy Cox of Troop 295, who gave highlights of the camp and told of the side trip the boys took to Washington, Philadelphia, and New York, and Tommy Thompson of Explorer Post 28, who said seeing the Statue of Liberty was an outstanding experience for him.

Walter G. Short, cubmaster, announced a Cub training course is being planned for the near future.

J. D. Smith, organization chairman, said the district at this time is in need of six more Cub packs and three more Boy Scout troops.

Charlie Bullock, camping chairman, reported that 30 boys from the district attended Camp Wehinahapay in the Sacramento Mountains, 11 attended the National Boy Scout Jamboree, and six attended Philmont Boy Scout Camp in North New Mexico.

He also reported on the district

Boy Scout Plans for Year Include Chuck-Wagon Round-Up on Sept. 25

swimming meet Tuesday of last week at the municipal pool and said it was quite successful.

Earl Grabhorn, advancement chairman, announced plans to improve the merit badge system. He likewise stressed the need for merit badge counselors.

Fred Jacobs, who represented the First Methodist Church, which sponsors Troop 28 and Explorer Post 28, was requested to take up the matter of his church also sponsoring a Cub pack.

J. L. Briscoe resigned as financial chairman for the district and S. P. Yates was named in his stead. Yates announced the budget for the Eastern New Mexico Area Council for the next year is to be increased 10 per cent and will be for \$55,450.

It was announced the decision has been made to make the Boy Scout campaign for funds separate from the Community Chest drive throughout the council.

The date for the campaign here will be decided on after a council planning convention in Portales Sept. 12, which local scouts were urged to attend.

It was announced the second annual merit badge show will be sponsored by the commissioners under the leadership of Glenn Collard, district commission chairman, early in December. It was decided the merit badge show last year was a great success.

The meeting was closed by all reciting the Boy Scout oath under the leadership of Bill McRee.

Chairman Stovall announced the next planning meeting for the district will be held at 6:30 o'clock Thursday evening, Sept. 21, at the Artesia Hotel, where a dinner will be served.

Besides the scouts and Boy Scouts named, others attending the meeting were R. H. Trivitt, Rufus Waltrip, A. R. Wood, Rufus Stintner, Howard Stroup, Charles Gaskins, Don Jensen, Fritz Moeller, and Dave Button.

Goldstein Tells of Facing Death at Hands of Colombia Communists

All of us read about communism but few in Artesia have been close to death because of it. Irv Goldstein, proprietor of Goldstein's Book & Stationery Store, is one who has.

A tale almost as thrilling as the adventures contained in any of the books of fiction he sells, was told by Goldstein to the Artesia Junior Chamber of Commerce at the Jaycees regular semi-monthly supper meeting at 7:30 o'clock Wednesday night in Artesia Hotel.

It was no second-hand account. Goldstein and his wife were virtually prisoners inside their Bogota, Colombia apartment for days while Red terror reigned.

The Artesia man was once in a crossfire between soldiers and Red rioters, but came out unhurt. Another time, a mob of rioters, drunks and carrying machetes, started out with a call "let's kill all the gringos," invaded his apartment building, then by some odd quirk, left without creating whole-sale massacre.

What were the results of the barbaric fury of the Reds?

There were 3000 persons murdered in one night alone; a 20-block square of the city was burned so extensively a visitor in the land from war-blitzed London said it far exceeded the damage to the British capital.

Ten-story "fireproof" buildings were set on fire, probably by incendiary bombs; a street car overturned; sharpshooters stationed in tall buildings murdering in typical gangster fashion.

Streetscars and automobiles were overturned.

Government records were burned.

A candidate for president, running under the rebel banner was

shot and killed by the rebels, who then threw the blame on the opposition.

A church built in 1610 was destroyed.

Goldstein's account of this reign of terror centered around the Pan-American conference, attended by representatives of 21 Latin-American nations, April 9, 1948, in Bogota, a city of 600,000.

He prefaced the account by telling of the Red-inspired strike of 1934-35.

"Then came the war and the Colombians swung back to the side of the democracies," he continued.

What happened in Colombia could be, he indicated, a sample of what could happen anywhere when communism gains supremacy.

In other remarks of his extemporaneous talk, the speaker told of Colombians still being resentful over Teddy Roosevelt and the "revolution" that resulted in severing Panama from Colombia, thereby enabling the United States to get the Panama Canal Zone and the construction of the Big Ditch at a lower cost.

He said Franklin Roosevelt was an expert in the good neighbor policy and made more friends for the U.S.A. in South America than any other chief executive.

Work Outlined

In other parts of the program, Harry J. Nelson, president, told of the plan to resume the "get-out-the-vote" campaign in the general election and announced the new "I Speak for Democracy" public speaking contest, that is in line with the Americanism project of the national organization.

In the contest, radio talks by students are to be given.

Nelson also gave brief mention (Continued on Page Eight)

JACK BROWN

As easy going as Sunday night supper on the front porch, Jack Brown of the Lubbock Black Hubbers does his rocking chair act while catching for the famous Texas nine.

Brown's act is limited to two innings but he has a full set of other tricks to amuse the fans, including his shadow ball act.

The Hubbers will play the Artesia Yankees at 8 o'clock Sunday night in Artesia Municipal Park. This will be a sequel to their game the preceding night at the same time and place against a Hobbs team.

Brown, Manager Red Goodwin of the Yankees says, was at one time with the Kansas City Monarchs, and has "caught the great Satchel Page and other outstanding colored pitchers."

"He still possesses one of the strongest throwing arms in baseball and can rifle that ball from his rocking chair to second base with ease."

REA Wins First Round in El Paso Softball Tourney

REA of Artesia, winners of the southeastern New Mexico softball tournament, took its first round triumph in a tourney at El Paso by blanking El Paso Natural Gas of Deming 6-0 on Wednesday night.

Big Don Heathington was the spark plug, pitching a two-hit

game and knocking out a pair of triples.

The double elimination series began Monday night. REA, top seeded team, drew a bye in the opening, is to play the winner of Deal Motor-Machine Shop, two El Paso teams, on Friday night.

Deal is the favorite. Announcement of the tourney results was furnished by Red Goodwin, REA manager.

Other teams in the tourney include those from Alamogordo, Clovis, Las Cruces, five teams from El Paso, and one from Fabens, Texas.

Eagles to Battle Vets Fourth Time

Artesia Eagles and Artesia Veterans will battle for the fourth time this season on Sunday afternoon, Aug. 27. At the time of going to press location had not been decided but probably will be either Eagle Field or Artesia Municipal Park.

The Eagles have won two out of the three game series. A pair of games with the Vets opened the Eagles season. Third game went to the Vets by a two-run margin.

The series scores: Eagles 9, Veterans 5, Eagles 7, Veterans 3, Eagles 6, Veterans 8.

Realty Firm Adds Counselor

Len Maddox, 27, World War I veteran, has been added to the personnel of Southwestern Realty, 315 West Quay, as insurance consultant.

Along with the announcement of the new man is the company's note of the anniversary of its six months in business here and of Better Homes Week.

Maddox has been in the Pecos Valley for four years. He had his own agency in his home town of Providence, Ky., and took two years instruction in insurance at the University of Minnesota, Minneapolis, after the war.

His work here will include representing the Travelers Insurance Companies of America. Their kind of policies cover scores of fields, include automobile, fire, health, accident, life, workmen's compensation, and bonds.

Maddox was in the armed forces four years, served in the European Theater of Operations for two and one half years with a tank destroyer outfit, was in three campaigns, Normandy, Ardennes, and Rhineland.

He won the Bronze Star, Silver Star, and has the Order of the Purple Heart.

His wife is in Roswell but will join her husband here as soon as they find suitable housing. The insurance consultant is a

member of the American Legion, Junior Chamber of Commerce, and of the Baptist Church.

Grid Campaign Offers 24 Tilts On Three Fronts

Artesia football fans have a full menu offered them this season. Between Sept. 9 and Nov. 23 they have the opportunity to see 24 games played by three local squads, 15 of the games at home.

In all there are 29 dates on the grid calendar, including three dates marked pending, two marked open.

The schedules have previously appeared in The Artesia Advocate but this time here is the complete schedule of the senior high varsity, senior high B, and junior high.

An error in a story on the senior high varsity, some time ago, listed location of the senior high-New Mexico Military Institute game as Roswell. This was incorrect. The correct location is Artesia.

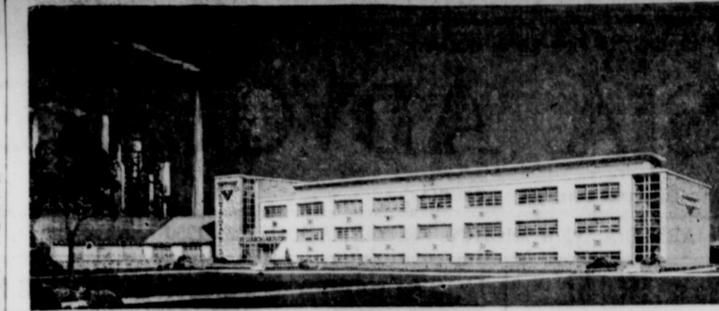

Mistake was that of the writer. It was not a typographical error.

The complete three-squad schedule, as supplied by courtesy of Bill Keys, 1949 president of Artesia Quarterback Club ("home indicates Artesia):

Horses to Race On Coates Track Sunday Afternoon

A trio of horse races at Coates Race Track, two and one half miles northwest of Artesia, will be held at 2 o'clock Sunday afternoon, Aug. 27. These are the first horse races

Centinella Oil Company has awarded a contract for construction of a \$2,250,000 research laboratory building in Ponca City, Okla., that will provide the Company with one of the most advanced development and research programs in the American oil industry. It has been announced by President L. F. McCollum. The new structure, as shown in the architect's sketch above, will be three stories and is expected to be completed in the fall of 1951. Approximately half of the building will be occupied by the Company's central research laboratories, which will include an organic chemical laboratory, comprised of a petroleum chemical division and a lubricating oil division; a physics research laboratory, for research in electronics, X-ray diffraction and mass spectrometry; an analytical laboratory, consisting of both chemical and physical methods units; and a colloid laboratory, for carrying on fundamental work on greases and allied materials.

Presbyterians Plan Outdoor Worship At Walnut Grove

The annual outdoor Sunday School and worship service of the First Presbyterian Church of Artesia will be held Sunday, Aug. 27, at Walnut Grove, 35 miles west of Hope.

Classes will assemble by units under the trees for their regular session and later, worship will be held, conducted by Rev. Ralph L. O'Dell, pastor.

Families will bring basket lunches for the noon meal. Softball and horseshoe pitching will be part of the afternoon recreation.

Members will assemble at the church, Fourth and Grand, at 9:30 o'clock that morning. The motorcade will be led by R. L. Paris, arrangements committee chairman.

Conner Says Enemy Convinced Yanks Through Retreating

Maintaining his optimistic note, sounded in prior letters, Sgt. John A. Conner, son of Mr. and Mrs. Abe Conner, 310 West Grand, has written his parents saying he "believes the enemy is at last convinced we are through retreating."

He told of an attack night before last (letter dated "Still Here — Korea, Aug. 17," that was repulsed his battery firing 1806 rounds of 105 howitzer ammo.

The Artesia soldier said that since his outfit had moved into its new position, it had repulsed every enemy attack.

With all their extra value **DODGE "Job-Rated" TRUCKS** are priced with the lowest
HART MOTOR COMPANY
211 West Texas Artesia, N. M.

Looking for a "good break"?

You get the best brakes on DODGE "Job-Rated" TRUCKS

Best for stopping... Smooth, sure stops are yours with a Dodge "Job-Rated" truck... thanks to extra-large braking area. The driver has full control of brake action, because of "equal-pressure" design of service brakes. These famous hydraulic brakes are very easy to adjust, too.

Best for parking... You get the added safety of two separate brake systems in your Dodge "Job-Rated" truck. On every Dodge model, the hand parking brake is completely independent of service brakes. Operating on the propeller shaft, it helps lengthen the life of the service brakes.

... and the best brake lining, too!
You get longer lining life and better braking with Cyclobond linings. It's fused to the shoe! No rivets means lining can be used practically down to the shoe... with virtually no danger of drum scoring. Ends are full-thickness—not tapered—to provide more braking surface.

Now! **GYROL FLUID DRIVE!**
Available on all 1/2-, 3/4- and 1-ton models. Ask us for Fluid Drive booklet.

Job-Rated... for low cost transportation

POWER:... 8 great truck engines—each "Job-Rated" for PLUS power.

ECONOMY:... priced with the lowest "Job-Rated" for dependability and long life.

BIGGER PAYLOADS:... carry more without overloading axles or springs because of "Job-Rated" WEIGHT DISTRIBUTION.

EASIER HANDLING:... sharper turning! Parks in tight places. "Job-Rated" maneuverability!

COMFORT:... widest seats... windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

SAFETY:... finest truck brakes in the industry... hand brake operating independently on propeller shaft on all models—1/2-ton and up.

Teachers in Gallup Find Housing Short

Gallup is having troubles. For the first time in history there aren't enough places for teachers to live.

Asked how the situation there compared with Artesia, T. Stovall, high school principal said: "We've been fairly lucky so far."

To be on safe side, however, although he indicated there was no apparent shortage of places, he requested those with houses, rooms, or apartments, furnished or unfurnished to rent, to list them with Telephone 140 or Telephone 141.

Miss Claudine Read Becomes Bride Of D. W. Carson at Cloudercroft

Miss Claudine Read, daughter of Mr. and Mrs. J. C. Read of Cloudercroft, and D. W. Carson, son of Mr. and Mrs. Dick Carson of Hope, were married at 6:15 o'clock Wednesday evening, Aug. 16, at the home in Cloudercroft of the bride's grandparents, Mr. and Mrs. J. O. Frilick.

The ceremony was read by the Rev. W. C. Miller, pastor of the Lutheran Church of Alamogordo, before an improvised altar decorated with baskets of white gladioli and chrysanthemums, banked with palms and white tapers in floor candleabra.

The bride, who was given in marriage by her father, chose an ivory lace and net gown posed over taffeta in ballerina length. She wore a tiny poke bonnet which held her shoulder length veil of illusion. The bonnet was trimmed with clusters of orange blossoms at either side.

The bride's bouquet was white gladioli centered with a single orchid and tied with white satin ribbon and streamers. Mr. and Mrs. E. M. Shaffer of Coolidge, Ariz., with a dinner Sunday night at their lovely home.

The room was decorated with summer flowers, and a large bouquet of mixed flowers centered the table. Those present besides the honorees were Mr. and Mrs. A. H. (Sug) Hazel, Mr. and Mrs. Roy Ingram and children, Mr. and Mrs. Ralph Pearson and daughter, Abbie, and the hostesses and their son, Clarence Melvin Pearson.

Mr. and Mrs. Shaffer lived in Artesia a number of years ago.

Past Presidents' Parley Meets on Monday Evening

The Past President's Parley met Monday evening at Cliff's Cafeteria for dinner.

After the dinner the group went to the home of Mrs. Fred Jacobs, Mrs. L. E. Francis, president, conducted a short business session.

Those present were Mmes. Francis, Jacobs, Frank E. Smith, Albert Richards, Francis Painter, H. R. Paton, D. M. Walter, and Earl Darst, members, and J. L. Briscoe and Ralph W. Rogers, guests.

Francine Chandler of Mayhill, maid of honor, and Jeannie Read, sister of the bride, junior bridesmaid, Aubrey Kincaid of Cisco, Texas, served as best man.

The brides attendants were gowned similarly in pink and blue organdy frocks and carried Colonial bouquets.

"I Love You Truly" and "Because" were sung by Mrs. Bill Dick Hansen, accompanied by Mrs. Mary Edna Bivens, who also played the traditional wedding marches.

Mrs. Read chose a navy sheer dress with white accessories. Her corsage was of purple orchids. Mrs. Carson, mother of the bridegroom, chose a navy blue ensemble. Her corsage was of white camillias.

Immediately after the ceremony a reception was held.

Out of town guests were Mr. and Mrs. Max Bush and Miss Clara Miller of Alamogordo, Harvey Taylor, Jeri Lynne Carson, Bill Weddige, and Henry Coffin of Hope, Mr. and Mrs. L. A. Mrs. Griffin Writes Rebekahs From England

An interesting letter was read from Mrs. James Griffin, who is visiting her parents in England, at a meeting of Sunrise Rebekah Lodge No. 9 Monday night in the I.O.O.F. Hall, with 37 members present.

Mrs. Ulas Golden, noble grand, presided over the business meeting. Various committees gave their reports. Reports were given of illness of four members and others reported several sick calls made.

The Rebekah Lodge here sent a package to the Rebekah Lodge in England by Mrs. Griffin. She wrote they appreciated the package. Mrs. Griffin also said England is in much better shape than when she left to come to the United States to live. She also said cotton and cotton material are scarce and very expensive. She explained in her letter that because of the Korean situation she had changed her sailing date and would sail for home earlier than she had planned.

At the close of the meeting a drill practice was held.

shown were slide pictures of Mr. and Mrs. R. L. Smith's vacation, spent in the Sacramento Mountains. Pictures of Southwestern Baptist Theological Seminary at Fort Worth, Texas, were included in the showing.

About 25 people were present.

Mrs. Baggett Is Honored Tuesday At Stork Shower

Mrs. Edward Baggett was the honoree at a stork shower at 7 o'clock Tuesday evening, for which Mrs. Y. G. Partlow and Mrs. Lawrence Partlow were hostesses. The shower was held at the home of Mrs. Y. G. Partlow, 912 South Second Street.

A pink bassinet filled with carnations served as a centerpiece for the gift table.

Refreshments of ice cream, cake, mints and salted nuts were served to eight guests.

Those present were Mmes. J. L. Jover, Foster Howard, B. F. Neagle, C. W. Smith, Mildred Burns, Harold Pope, Mollie Craddock and W. L. Walker.

LOCALS

Guests in the home of Mr. and Mrs. A. W. Boyce last week end were Mr. and Mrs. Luther Anderson and daughter, Ann, of Pecos, Texas. On Saturday the group spent the day in the Sacramento Mountains, and left Monday morning for the northern part of the state.

Mr. and Mrs. Kenneth Miller and daughter, Carol, of Pecos, Texas, formerly of Artesia, are visiting Mrs. Miller's parents, Mr. and Mrs. S. P. Emmons, this week.

Duane James Hillard of Artesia was among 102 students at the University of New Mexico who received bachelor degrees at the close of the summer session.

Joe Richards, a brother of Mrs. Russell Hill of Artesia, has received his bachelor of science degree from San Jose (Calif.) State College and has accepted a position with the Pacific Gas & Electric Company as assistant office manager at Half Moon Bay, Calif.

Coach and Mrs. Floyd Davis returned home Monday afternoon from Greeley, Colo., where Coach Davis worked during the summer at Colorado State College towards his master's degree. They came home by way of the Royal Gorge, Taos, and the Indian Pueblos.

Mrs. Elizabeth Williams received her master of arts degree from Highlands University, Las Vegas, at the annual summer commencement exercises Thursday of last week. She majored in English and minored in history.

Guests in the home of Mr. and Mrs. W. E. McClellan earlier this week were Mr. and Mrs. Harry Seiber and family of Dayton, Ohio.

Mr. and Mrs. B. K. Graham of Las Vegas are spending the week with Mrs. Graham's parents, Mr. and Mrs. D. C. Blue.

Mr. and Mrs. R. M. Stinnett returned to Artesia Monday after attending eight weeks of summer school in Greeley, Colo. Their children, Rosemary and Arba, stayed with relatives in Gorman, Texas, while their parents were in Colorado. Mr. and Mrs. Stinnett went to Gorman from Greeley for their children before returning home.

Mr. Stinnett is the principal of North Side School, and Mrs. Stinnett is a teacher in the Park School.

Mrs. G. Kelley Stout and daughter are on a trip to Woodward, Okla., and Wichita and Anthony, Kan., where they are visiting relatives. Mrs. Jerry Robinson, Mrs. Stout's sister, went with them. They are expected to return Sunday.

Visitors in the home of Mr. and Mrs. Ben Wilson, Sr., the first part of this week were their daughter, Mrs. George Willigrod, and children, Barbara and Bill, of Albuquerque. They returned to Albuquerque Wednesday.

Mrs. Ruth Joss, a teacher at North Side School, returned Monday night from Texas, where she had attended summer school and visited relatives.

High Schools Told to Check Gridsters Now

New Mexico high schools are notified by the New Mexico High School Athletic Association that "now is the time to check your football boys regarding their eligibility."

"A thorough check at this time might prevent unfortunate circumstances from arising later in the season. Penalties incurred due to ineligibility are uncalled for since all players should be screened before participating in any athletic program."

"If there is any doubt regarding a student's eligibility status, get it cleared up before any games are played, thus preventing any questions from coming up later."

"Eligibility has always been a major problem. Numerous cases have been ruled upon and others are pending. Study your eligibility rules and clear any doubtful cases through your state office."

"Begin now. Be sure your players are eligible."

This timely admonition is contained in the August, 1950 bulletin of the association, issued in advance of the football season. The association is headed by a two-man board of control and 10 vice-presidents, each over one district.

T. Stovall, Artesia Senior High School principal, is vice president for District 5.

For Students Prefacing the summary of rules is a section addressed to students. 1. Read these rules carefully and be sure that you understand them.

Sports Board Finds Headache in Search For Correct Report

Even the association that has to do with high school athletics and which deals with principals, superintendents and coaches, finds that accuracy is not easy to attain.

Getting a sample of a newspaper's difficulty, latest bulletin of the New Mexico High School Athletic Association, finds administrators misspelling names, giving in correct birth dates, incorrect enrollment by semester and incorrect number of seasons participated.

"Reports can be accurate if you will do your part," says Morris W. Ward, the executive secretary—a comment to which many a newspaper has a parallel comment.

On seasonal reports the bulletin says: "Accuracy in compilation of seasonal reports are of the utmost importance. Your report is checked and double checked against the ones previously submitted."

Numerous unnecessary errors are often detected that require an abundance of correspondence to correct. Each administrator is urged to carefully check the information before mailing the report.

"No reports have been returned for correction by this office, but beginning with the football season this year, those having errors will be returned."

Standard Uniform Rule for Officials There'll be no mistaking the water boy for the referee in New Mexico high school football games this season. The state high school athletic association has set a rule for a standardized uniform to be worn by all officials who work New Mexico high school games.

All officials being dressed alike makes a good impression upon those who witness the game and also tends to make individual officials less conspicuous, says the association's August bulletin.

Two Towns Prepare For Civil Defense

It looks like 1941-45 all over again in Hot Springs. The town has asked Brig. Gen. Charles G. Sage, adjutant general, for a copy of a proposed ordinance creating a municipal defense council.

Hot Springs had such a program in 1941. It includes police work, scrap drives, bond sales.

Belen has already formed a defense council. To date there has been no similar setup in Eddy County.

School Budgets Show Steady Trend Upward in State

According to the report of State Educational Budget Director R. H. Grisson, the total of the maintenance and direct charge budgets for 1950-51 amounts to \$31,893,158, as compared with budgets for previous years as follows: 1949-50, \$29,367,417; 1948-49, \$24,369,647; 1947-48, \$20,832,131; 1946-47, \$16,646,124; 1945-46, \$13,953,462; 1944-45, \$12,051,569; 1943-44, \$10,574,379; 1942-43, \$9,521,866; 1941-42, \$8,798,738; 1940-41, \$8,704,858; and 1939-40, \$8,581,792.

This does not include estimates for interest on and retirement of bonds which amounted to approximately \$1,600,000 for 1949-50. For the current year 1950-51 this amount will be substantially increased because of the issuance of approximately \$3 million in new bonds by various school districts.

Mrs. Smith and Son Return From Coast Mrs. Julia Smith and son, Clarence, Jr., returned home Saturday night of last week from the West Coast, where they went for Clarence's health on advice of an El Paso physician. Clarence's health was greatly improved and he gained some weight.

They also visited Mrs. Smith's brother and family in Los Angeles, and while there went to the NBC broadcasting studios and heard Curt Massey sing over the radio.

Massey formerly lived in Roswell, and played in the same band with Clarence Smith, Sr. Massey also sent his autograph on a program to Smith.

Prior to this trip Smith made a three-week trip with his family, visiting relatives in Topeka, Kan. He was unable to accompany his wife and son to California because of his cotton business and rentals at Artesia.

Two Benefit Tilts In Girls Softball Team Season Final

A trio of games, two of them for the benefit of Artesia Lions Club Christmas fund for underprivileged children, will wind up the season for Guy Chevrolet girls softball team, only girls team in the Artesia Recreation Program softball leagues.

The benefit games will be played Friday night, Sept. 1 and Thursday night, Sept. 7. There will be no admission collected at the gate, but the customary passing of the hat will be in effect.

In the first tilt, the Chevrolets will play the Catholic Youth Organization girls of Carlsbad; in the second, the Carvettes colored team, also from the county seat.

Opening the series will be a game at 7:30 o'clock tonight, Friday, Aug. 25, against the 400th Women's Air Force Squadron team from Walker Air Force Base, Roswell.

All three games will be in Artesia Municipal Park.

The schedule: Friday night, 7:30, Aug. 25—Guy Chevrolet vs. WAF. Friday night, 8 Sept. 1—Guy Chevrolet vs. Carlsbad CYO. Thursday night, 8 Sept. 7—Guy Chevrolet vs. Carlsbad Carvettes.

Linemen Crawl High To Make Antenna Low
 Two Southwestern Public Service linemen crawled 95 feet into the air Thursday morning to make a one foot alteration on an antenna. That's a lot of work and it isn't as simple as it sounds. The job required a lot more than mere climbing, and it took nearly all morning to finish the work. The antenna was atop a 15-foot metal pole that in turn was on top of an 80-foot power pole. Overall length of the pole is 90 feet since a 10-foot length is underground. Objective was to shorten the antenna by 12 inches. The men who did the trapeze act were Beryl Jepsen and Hershel Lewis, linemen. Groundmen were Lawrence Carter and John Gipson. In charge was L. E. Naylor, superintendent. Southwestern Public Service is one of the three places in town that has its own radio hook-up. Others are REA and the police. Location of the pole and antenna is in the alley north of the electric company, 108 South Fourth. J. D. Smith is manager.

Fire and Flood Attack on Both Coasts of the Nation

Flames rage out of control in San Diego county, California.

Flood three feet deep sweeps through Queens, N. Y.

60,000 ACRES of brush and timber are wasteland in San Diego county, California, in a fire raging out of control. Bulldozers and helicopters are being used in efforts to stem the flaming tide. Across the con-

tinents in the Glen Oaks section of Queens, L. I., floodwaters rose to knee-high depth in streets and three feet depth in some stores in a storm accompanying the offshore Atlantic hurricane. (International)

'The Outriders' Is Absorbing Outdoor Drama

A magnificently photographed, absorbingly dramatic motion picture to be shown at the Landsun Theater Sunday through Tuesday is "The Outriders," one of the year's prize-contending outdoor dramas. Filmed in Technicolor against the spectacular mountain and canyon settings of Utah, here is the compelling story of three Yankees who escape from a Missouri prison stockade during the Civil War and embark on one of the strangest and most suspense-filled adventures to be shown on the screen in a decade of filmmaking. Joel McCrea, Barry Sullivan, and James Whitmore form the oddly assorted trio who make their escape only to find themselves prisoners again, this time in the hands of a roving band of guerrillas led by one of Quantrell's infamous raiders. In exchange for their lives they agree to head for Santa Fe to become instruments in a plan to ambush a wagon train carrying a million dollars in gold bullion

for the Federal Treasury in St. Louis. Before this 800-mile trek is completed, the members of the wagon train encounter one hazard after another, including an Indian attack, a disastrous stampede of livestock and a terrifying episode in which the caravan is forced to cross the rain-swollen Arkansas River and in which the youngest rider in the group, played by Claude Jarman, Jr., loses his life in an act of cowardice. An enemy builds up between McCrea and Sullivan who become rivals for the love of Arlene Dahl and the story moves to a thundering climax of intrigue and gunplay in which this romance is finally resolved and in which McCrea proves himself a true patriot. Some of the finest acting portrayals of the year are engendered in the principals of "The Outriders." Joel McCrea, who has come to be the screen's foremost representative of virile Western heroes, is superb as the strong-willed, fearless Will Owen. Barry Sullivan scores as his double-crossing partner and James Whitmore tops his famous "Battle-ground" role with another striking performance as Clint Priest, the

squat, stooped and squint-eyed third member of the trio of outriders. Arlene Dahl gives a warm and sympathetic appeal to the role of the young widow who becomes the cause of dissension between the two rivals. Claude Jarman, Jr., is unforgettable in his role as the cowardly Roy, and another outstanding role is played by Ramon Novarro, remembered as one of the screen's most famous stars, who now makes his return in the part of Don Antonio, leader of the wagon train.

Potpourri—

(Continued from Page One) staged in Artesia under the auspices of the local post. A splendid job was done by Commander John Simons, Jr., and others, but the thing cost more money than was collected at the gate, for the expenses were great in taking care of eight junior teams and their leaders and coaches. Just make your check out to American Legion Baseball Fund and mail it to us, Box 427, Artesia, A. L. E.

Three Guardsmen—

(Continued from Page 1) pital, where the five were taken, that he was uninjured and the blood was from one of the others. The accident happened on Alvarado Road, one of several firing ranges in the Fort Bliss area being used by the National Guard units during their training period. Lieutenant Mills' wife and his father, J. S. Mills, went to Fort Bliss Tuesday evening, after receiving word of the accident, and returned home Wednesday night. They reported all of the injured men doing nicely and either released from the hospital or to be released soon.

Four Boys—

(Continued from Page One) Tuesday to Mr. and Mrs. J. D. Yell. He weighed eight pounds nine ounces. Mr. and Mrs. Stephens Sanchez are the parents of a son, born Thursday. He weighed seven pounds three ounces and has not been named. Clean the attic and sell the surplus thru the Advocate Want Ads.

Calvary Baptist Church Is Holding Revival in Tent

Rev. Everett M. Ward, pastor of the Calvary Missionary Baptist Church, is announcing the opening of a revival meeting which is being held in a tent at the corner of Eighth and Washington Avenue. Rev. L. B. Culbertson, evangelist, from O'Donnell, Texas, will bring the sermons. The revival opened yesterday, Aug. 24 and will continue through Sept. 3. Services are being held at 8 o'clock each evening. Rev. Ward also announced the time for other services of the church. Sunday School begins at 10 o'clock each Sunday morning, with church services at 11 o'clock. B.T.S. meets at 7 o'clock each Sunday evening, with preaching at 8 o'clock. Cottage prayer meetings are held at 8 o'clock each Wednesday evening.

State Sports Board Tells of Work Done

A new manual is being prepared by the New Mexico High School Athletic Association. Present plans include a new type of booklet of loose-leaf type making it easier to replace pages as changes occur in the rules and keep the booklet up to date. Among the last was one dated Jan. 1, 1947. "It might be well," suggests Morris W. Ward, executive secretary of the association, "to have an emblem on the cover, as other states have one, making our handbook more attractive. There are always teachers and students who have excellent ideas for design. It is requested that those in school figure out an appropriate emblem and mail it to this office. The design adopted will be placed on the cover and due recognition given to the person submitting it. Send in your suggestions right away as the handbook will be published this fall." The bulletin issued this month contains a summary of the association's work:

1. A bulletin to be published monthly and sent to member schools. Mailed on the fifteenth. News copy from schools requested not later than the tenth.
2. Board of control is making a study and working on a program for girls athletics.
3. State office will maintain files on all high school and basketball schedules selected. Schools asked to mail grid schedules before first game played.
4. Delinquent reports draw a \$5 fine.
5. Work underway to standardize and improve officiating.
6. A list of all football officials affiliated with the association to be in the mail by Sept. 15.
7. A list of all member schools

to be compiled and mailed at "earliest possible date." 8. Two football films, King Football and Football Today are available for member schools. Rental is \$4 each. This year marks the first time the association will operate with a full-time executive secretary. He is Morris W. Ward. Address is Box 1268, Roswell, N. M. T. Stovall, Artesia Senior High principal, is one of the association's 10 vice presidents, each over a district. The complete table of organization: Board of Control Paul H. Deaton, Roswell, president. Morris W. Ward, Roswell, executive secretary. Vice Presidents 1. Earl Nunn, Springer. 2. Glen McCracken, McCurdy Mission. 3. Glen O. Ream, Albuquerque. 4. Roy Melugin, Lordsburg. 5. T. Stovall, Artesia. 6. R. K. Staubus, Clovis. 7. Solon Newton, Tucumcari. 8. Charles Owen, Gallup. 9. Phillip Ludi, Las Vegas. 10. Julian Caton, Eunice.

Sees Atomic Dust Wiping Out Life Without Any Fuss

Washington (APPS) — Atomic dust that could wipe out life in a given area without the noise and difficulty of bombing from the air, is described by Dr. Louis N. Ridenhour, dean of the University of Illinois undergraduate school, in a recent issue of The Bulletin of the Atomic Scientists. The method described calls for the collection of the debris of smashed uranium atoms from

atomic "furnaces." Fine sand could be coated with these radioactive particles and spread over the desired area. People in the doomed area would have no warning that they were in danger, and would die within a few days from radioactive poisoning.

IMPERIAL...is the word for it!

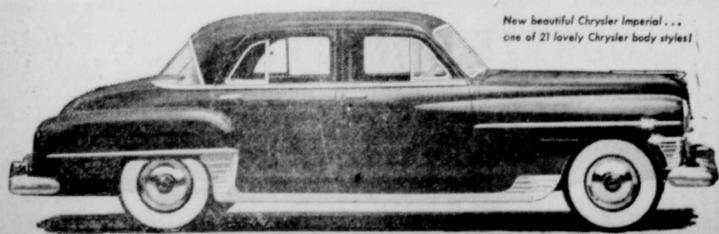

"Imperial," says Webster, means "superior excellence." IMPERIAL, says Chrysler, is this luxurious new car that excels anything on wheels in the sheer exquisiteness of its styling. Come look inside this reigning beauty . . . look at the lavish wool broadcloth fabrics, tastefully combined with topgrain leathers. Look at the lovely color harmonies, the soft sheen of the butter-finished chrome. Consider the advantages of Fluid Drive . . . exclusive new automatic transmission . . . Waterproof Ignition . . . Full Flow Oil Filter . . . High Compression Spitfire Engine . . . electric window lifts . . . the CLEARBAC rear window for exceptional driver vision . . . and dozens more. Surely, of all the world's fine automobiles, only the Chrysler CROWN IMPERIAL, this car's running mate, achieves the same aristocratic distinction. Come see the flawless workmanship, the fine materials, the superb Chrysler engineering . . . and you'll agree that no other car, at any price, compares with the Chrysler IMPERIAL. Inside or out, there is no finer car in America!

ONLY THE CHRYSLER IMPERIAL offers you this absolutely unique system of window control! Each window has its own separate electric motor . . . each one can be raised and lowered independently from the driver's seat or at the window itself. And that's not all! So many other de luxe features . . . the kind you think of as being in the "special order, extra cost" category . . . are STANDARD EQUIPMENT on the Chrysler

Imperial. For example: armrests on all four doors . . . foam rubber seat cushions and seat backs . . . double-width center armrests in front as well as rear seats . . . stainless steel wheel covers . . . white sidewall low-pressure tires . . . carpeted luggage compartment! Full flow oil filter and many other engine features! Yes, you get all these extras as standard equipment with your beautiful new Chrysler Imperial.

New beautiful Chrysler Imperial . . . one of 21 lovely Chrysler body styles!

Inside and out . . . it has no equal at any price . . .

An official list of the 60-school, district, three-class football classification of New Mexico high schools was issued this week by Morris W. Ward, Roswell, executive secretary of the New Mexico High School Athletic Association.

Artesia is in Class A of District 5 along with Carlsbad and Roswell. There is no Class B team in the district. In Class C of the Artesia district are Capitán, Carrizozo, and Ruidoso.

Explaining the classification, Secretary Ward says: "The following is a list of schools and classification by districts. The information is prepared in this manner only as a matter of convenience since scheduled games or participation in the conference is not on a district basis."

In his introduction, he writes: "The football conference for 1950 is almost completed; however, some schools are encountering trouble making the necessary schedule arrangements. The response from member schools has been magnificent and it is hoped that this will be our best year for high school football."

"As the season progresses there will be problems arising regarding our conference and each school is urged to contact the executive secretary at any time and regarding any other of their difficulties."

Complete address of the secretary: Morris W. Ward, Executive Secretary, New Mexico High School Athletic Association, Postoffice Box 1268, Roswell, New Mexico.

Hagerman News
(Mrs. Edna Burck)
The C.Y.C. held a folk dance on Friday evening of last week with a number of the parents present. They also held a dance on Monday evening at the American Legion hut, which was exceptionally well attended.

There will be a community hayride this evening to which all parents and their children are invited. The group is to meet at the Kirkpatrick home at 7 o'clock and a wiener roast will be held at the chosen destination. Each family is to furnish its own eats. A benefit dance will be held at the Legion hut on Saturday, Sept. 2. The charge per family will be \$1. Two circles will be formed for folk dancing. Circle No. 1 will include six couples of the more advanced dancers and circle No. 2 the younger group. These circles will be pleased to present request programs for any of the clubs or other organizations of the town. They plan to present a program in costume on Nov. 1.

Mrs. A. C. Yielding and daughters of Roswell are spending the week at Hagerman visiting the A. N. Franklin and Jody Troubfield families.

Miss Thelma Freeman of House is visiting friends here this week. Mrs. Spurgeon Wiggins left Tuesday for Clovis for a visit with her parents.

Mrs. Mary Shotwell and Mrs. Helen Jackson of Santa Rita are visiting Mrs. Margaret Barnett and family this week.

Mr. and Mrs. Joe Luce motored to Portales Tuesday in response to a message informing them that Mr. Luce's father was quite ill.

Miss Georgina Silliman of Ohio and her sister, Mrs. Clemmens, and children of Louisiana were recent guests of Mr. and Mrs. Jack Sweatt. Miss Silliman, who formerly taught in Hagerman, is now an instructor at the University of Ohio.

Word has been received that Mr. and Mrs. Elton Lankford, who are vacationing in Tennessee and other points, are enjoying their trip very much.

Mr. and Mrs. Marvin Tollett and daughter of Sudan, Texas, were Sunday guests at the home of Mrs. Edna Burck. The Tolletts and Mrs. Burck have just returned from a 4000-mile trip which included visits to the Grand Canyon, Meteor Crater, Painted Desert, and Petrified Forest in Arizona, and various points of interest in California, Nevada, Utah, Colorado, and North New Mexico. En route they spent some time with Mr. and Mrs. Cornelius Kooiman, Jr., and children of Hawthorne, Calif., and Mr. and Mrs. Lauren Conrad and children of San Bruno, Calif., and made brief visits at the home of Mr. and Mrs. L. J. Burck and family of Espanola and Mr. and Mrs. W. J. Burck and family at Santa Cruz.

Cecelia Burck, 10, of Santa Cruz won a \$25 bond as first prize at State College competing with other 4-H Club members at State College and Russell Burck, 12, won first place in public speaking. Cecelia demonstrated the various types of containers used in home freezing of fruits and vegetables, explaining their advantages and disadvantages and Russell chose for his subject "Safety on the Farm." Cecelia and Russell, the children of Mr. and Mrs. W. J. Burck and grandchildren of Mrs. L. R. Burck of Hagerman and Mr. and Mrs. J. P. Menefee of Artesia.

Mr. and Mrs. George Morehead and Jimmie Wheat of Mintone, Texas, were recent visitors at the Jack Sweatt home. Mrs. Morehead is a niece of Mrs. Sweatt and Jimmie Wheat is a nephew.

Mr. and Mrs. Oscar Kiper brought Doris, their tiny twin daughter, home from Artesia Sunday, where she had been spending several weeks in an incubator. She and her twin sister, Donna, are both doing nicely now.

Mr. and Mrs. Bennie Paupas of Silver City were overnight guests at the Harry Cowan home Saturday night, returning to Silver City Sunday. Mr. Cowan returned home with them after a visit of several days with his daughters, Mrs. Kaupas and Mrs. Johnson, and their husbands.

Mrs. E. M. Hill, Jr., and baby, James Loyle, of Roswell are staying at the home of Mrs. Hill's parents, Mr. and Mrs. Lester Hinrichsen, this week. Mrs. Hill is the youngest daughter of Mr. and Mrs. Hinrichsen and James is the first child in the Hill family.

Mr. and Mrs. Charles Moseley and sons, Jimmie, Michael, and Tommy, of Fort Worth, Texas, have been visiting Mrs. Moseley's brother, C. E. Smith, and family.

Miss Myrtle Harbour of Lometa, Texas, who is the head of the home economics department of Hagerman High School, arrived this week to make preparations for her work beginning Monday.

Mr. and Mrs. Elwood Watford and Betty have left for a visit of several days at El Paso, where Mr. Watford also was to visit the markets.

Miss Pearl Harrington came in Sunday from Norman, Okla. Miss Harrington will teach second grade in Hagerman School.

Mr. and Mrs. Vernon Finley and daughter, Mary Lou, of Muleshoe, Texas, were recent Hagerman visitors.

Mr. and Mrs. Mark Smith and Mark, Jr., of Lometa, Texas, were recent guests at the home of Mr. and Mrs. C. E. Smith.

Mr. and Mrs. Lowell Price and children, Bobbie and Lowell, Jr., of St. Louis, have been visiting Mr. and Mrs. C. E. Smith.

Mrs. Bess Willoughby of Artesia has been a guest of Mr. and Mrs. C. E. Smith and family.

Mrs. Martin has been visiting friends at Hagerman. She spent some time here a number of years ago visiting her parents, the late Mr. and Mrs. Jennings.

Mr. and Mrs. Earl W. Smith and children, Janice and Bobby; Mrs. J. W. Smith, and Miss Flo Beth Berry, all of San Angelo, Texas, visited Mr. and Mrs. E. C. Smith and daughters last week.

Mrs. J. M. Smith is Mr. Smith's mother and Earl Smith, his brother.

Rev. L. B. Trone of Pecos, Texas, district superintendent, held quarterly conference at the Hagerman Methodist Church Sunday evening, preceding the revival services.

Mr. and Mrs. Charles Criddle and children were visitors in Roswell Saturday.

Mrs. Eulalia Gregory and children have returned from an enjoyable vacation trip to Silver City. While there they enjoyed several

airplane rides as well as a pleasant visit.

Miss Jean King is spending the week in Artesia with her sister, Miss Norma King.

Al White came down from Melrose Saturday evening for an overnight visit at the Lester Hinrichsen home. He was accompanied home Sunday by Mrs. White and children, who had been visiting here.

The Youths' Revival services which were held at the Methodist Church closed on Sunday evening. The attendance was very good and much interest was taken in the meeting.

Your State Government

By Thomas J. Mabry GOVERNOR

"Moral force is, unhappily, no substitute for armed force, but it is a very great reinforcement." - Winston Churchill.

The New Mexico State Police has made an excellent reputation since its creation in 1933. The primary function of the State Police is to help apprehend criminals using our highways, the enforcement of state traffic laws against reckless driving, speeding, driving while intoxicated, and other dangerous driving habits which are a menace to the life and property of others using the state highways. And, to encourage highway safety habits generally is a part of their job.

For years, the State Police was greatly understaffed and worked under the handicap of lack of quick communication. In 1949, under my recommendation, the State Legislature increased the department's appropriation so that the number of uniform police was increased from 41 to 37—still short of the required force, however.

The state has provided radio equipped cars which keep all patrolmen in constant touch with headquarters in Santa Fe, and the local law enforcement officials who have radio equipment. For a state as large as ours, even 57 police men are inadequate to maintain constant patrol of the highway system on a 24-hour basis. We have more than 8000 miles of highway under state maintenance.

People who see the highway patrol cars only occasionally probably have little idea of the tremendous volume of work these men perform. In a typical year we find that the state patrolmen investigated some 1700 automobile accidents. They lent assistance of one kind or another to 39,000 motorists, rendered first aid in 380 cases, removed 8500 obstructions from the highways, made some 3000 investigations, gave 17,000 warnings for minor traffic violations, served 139 orders for the department of financial responsibility, recovered 147 stolen automobiles and other stolen property valued at \$18,000, gave nearly 9000 drivers' examinations, and col-

lected more than \$110,000 in various fees and fines. They also made 2223 arrests and drove about 1,250,000 miles on patrol duty. They also found time to deliver 96 addresses on safety.

The work of the State Police has drawn high commendation from the FBI, and it is generally regarded as one of the best organizations of its kind in the United States, although still greatly understaffed. These men are on call

24 hours a day. I believe they are deserving of all the praise they have received, both from organizations inside the state, from thousands of visitors they have helped in one way or another and from out-of-state organizations that appreciate excellent police work.

To assure as much permanency in position as possible we have set up rules and regulations which provide for orderly promotion, prohibiting discharge without cause.

Farm Facts

By Dallas Rierson (Eddy County Agent)

Young chickens raised on the nation's farms this year are estimated at 670,275,000—10 per cent less than were raised in 1949 and 14 per cent less than the 1939-48 average.

The total run-off from national forest land in 11 Western states is estimated at 60 trillion gallons. That much water, if it could all be saved, would irrigate 46 million acres of crop land.

One animal unit (one horse, or one cow, or seven sheep, or 1400 pounds of hogs) produces in a year, in the form of manure, fertility which would cost \$15 if purchased in a fertilizer bag.

Mrs. Preston Sykes is taking care of little "Jud" Heard, while Mrs. Fred Heard is working in the Texas-New Mexico office here.

Bobby Collins was honored on his fourth birthday Friday afternoon of last week with a party by his parents, Mr. and Mrs. Frank Collins. Red balloons were hanging from the ceiling. The balloons, little baskets filled with mints, and small cars were given as favors. The birthday cake was red and white and was served with ice

cream and punch. Guests present were Wally Krouskop, Skippy Newport, Dennis and Irene Nivens, Darla Whiteaker, Janet Ward, Bobby Davis, Darryl Jones, Eddie Reid, Paula Hammond and Roy Thorp of Artesia. Mothers attending were Mmes. Daniel Reid, H. A. Hammond, Claud Nivens, Raymon Jones, Norma Krouskop, Don Thorp of Artesia, and A. E. Shaffer.

Darryl Jones, son of Mr. and Mrs. Raymon Jones, was honored with a birthday party last week. Games were played during the afternoon and movies were made of the children playing. Favors of little farm animals were given. Refreshments of ice cream, cake and punch were served to Janet and Ginger Ward, Sylvia Campbell, Bobbie Davis, Bobbie and Roy Collins, Wally Krouskop, Irene and Dennis Nevins, Mrs. Nevins, and Mrs. Frank Collins and sons. Those attending from Artesia were Mrs. Homer Short and children, Roy and Kay; Marie Barton and children, Sue, Larry, and Don Ray; Mrs. M. E. Wathen, grandmother of the honoree; Mrs. Glen Brown and Glenn; Pat Davis, and Florence Worley.

Mrs. Charles Rogers of Frank-

lin Camp entertained with a coffee Thursday morning of last week in honor of her mother, Mrs. Wick Miller, and grandmother, Mrs. John W. Raper, wife of the noted columnist of Albuquerque, and her aunt, Mrs. Irene Delahunt of Buffalo, N. Y. The honored guests arrived Wednesday night of last week and they, with Mrs. Charles

Rogers, left for El Paso Friday morning to attend the wedding of Mrs. Rogers' cousin at the Biggs Field chapel. Mrs. Rogers served a variety of delicious cookies and coffee to Mrs. Loree Evans and her daughter-in-law and granddaughter of the Illinois field, Mrs. Elrey Wier, Mrs. J. W. Brasfield and children; Mrs. Earl Smith, Mrs. E.

R. McKinstry, and Mrs. Norma Krouskop. Mr. and Mrs. Earl Smith and son, Darryl, have gone to Yellowstone Park, and expect to be gone about two weeks. Mrs. Smith will resume writing news upon her return.

Just how ~~much~~ little need a really fine car cost?

YOU'LL find the answer written in the delivered price tags of this bold and strapping beauty pictured here.

It's a Buick ROADMASTER — and you have only to put yourself behind the wheel to see that it is truly fine by any yardstick.

But it leaves the factory carrying the lowest price per pound of any car in the fine-car field.

That means that the money that goes into its building goes for things that really count —

For a big, husky Fireball straight-eight engine of 152 hp and all the brilliance of performance the highways can handle —

For room that measures up with the biggest, and for comfort contrived of deep soft seats and abundant space for taking it easy —

For a ride that's literally "out of this world," soft and easy as only all-coil springing can make it, yet firm and steady always, thanks to torque-tube drive —

For handling that is feather-light, for the complete smoothness of Dynaflo Drive as standard equipment, for a whole host of fine-car touches such as rich upholstery materials, flexible-spoke steering wheel, non-glare rear-view mirror, even automatic windshield washers, all included in the price.

Yes, the big question ROADMASTER answers is not how much a really fine car costs, but how little you need to pay to get all that a fine car can give.

Drop in any time on your Buick dealer for a trial ride in a ROADMASTER — and the surprisingly happy news on its delivered prices.

SUMMONS AND NOTICE OF PENDENCY OF SUIT
THE STATE OF NEW MEXICO
TO: G. P. Ferree, if living, if deceased, the unknown heirs of G. P. Ferree, deceased, defendant, impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to wit: G. P. Ferree, if living, if deceased the unknown heirs of G. P. Ferree, deceased; Unknown heirs of T. G. New, deceased; Unknown heirs of S. E. Ferree, deceased; and Unknown Claimants of Interest in the Premises Adverse to the Plaintiff, GREETING:

Each of you are hereby notified that an action has been commenced and is now pending in the District Court of Eddy County, New Mexico, wherein D. L. BATIE is plaintiff, and each of you are defendants, said cause being No. 11858 on the Civil Docket of said Court.

That the general object of this action is to quiet title in the plaintiff, in fee simple, against all claims of the defendants in the following described lands in Eddy County, New Mexico, to wit: Lots 5 and 7 in Block 3 of the Artesia Heights Addition to the City of Artesia, New Mexico; and to bar and forever estop each of you said defendants from having or claiming any lien upon, or right, title or interest in said lands adverse to the plaintiff.

If you, or any of you said defendants, fail to enter your appearance in said cause on or before the 19th day of September, 1950, judgment by default will be entered against each defendant failing to appear; and plaintiff will apply to the Court for the relief demanded in the Complaint.

NEIL B. WATSON, Artesia, New Mexico, is attorney for the plaintiff.

WITNESS MY HAND and the seal of said Court on this 2nd day of August, 1950.

Santa Fe, New Mexico

September 1st through 4th

The Santa Fe Fiesta, the oldest community celebration in the United States, was instituted in 1712 to commemorate the re-conquest of Santa Fe by De Vargas in 1692. Although a local expression of thanksgiving and happiness, it attracts thousands of visitors to Santa Fe for 4 days of colorful pageantry.

Eddy Invests Nearly Million During July

L. B. Feather, chairman of the Eddy County Savings Bonds Committee, has announced that residents of this county invested \$93,641.50 in U. S. Savings Bonds during July.

Of this total \$44,662.50 was placed in Series E's, \$9,879.00 in Series F's, and \$39,100.00 in Series G's. Those figures do not include purchases through the payroll savings plan by federal civilian employees and military personnel of the Army and Navy, who give this county as their residence.

Residents of New Mexico purchased \$1,096,619.50 worth of Savings Bonds at issue price last month, \$951,846.00 worth of which were Series E's. If held to maturity, the owners will receive \$1,269,128 for them.

Substitute Teachers Asked to Register

Calling for a registration of reserve teachers, T. Stovall, Artesia Senior High School principal, has invited ninth, tenth, eleventh, and twelfth grade teachers to list themselves at his office, Telephone 141.

Don Riddle, junior high school principal, has similarly asked those desiring employment as substitute teachers for grades six, seven, and eight, to register with him at the same number.

Principal Stovall said the need averaged eight to 10 substitute teachers a season.

Wouldn't Be Necessary

IF EVERYONE WOULD CONSIDER the bills they create real obligations and then pay them when they are due it would not only save a lot of extra work and a lot of extra expense but there would be no reason for us to make any comment about credit ratings.

And if business and professional people would check those to whom they grant credit; know the account is going to be paid; and not take all the chances they take—they could save a lot of extra expense in bookkeeping, mailing out statements and attempting to collect accounts.

But a good credit rating is a fine thing. It is something which comes in mighty handy when we need credit but we have to create such a reputation. We don't just get it overnight—it takes time. And the only thing which makes for a good credit rating is taking care of our accounts and obligations when they fall due.

If we meet our bills when we promise and when we are supposed to pay them we can usually buy what we want on credit. And if we pay them promptly we are never having any collectors come to see us and we don't receive any nasty letters through the mail because we have failed to pay our obligations.

But despite the fact that we all know this and despite the fact that all of us like to think we have a good credit rating and a reputation for paying our bills when they come due there are an awful lot of us who are an extremely bad credit risk.

We are a bad credit risk because we spend our money for other things and fail to take care of our obligations. We just postpone paying some of our honest debts because we want to spend our money for something else.

There seemingly are some business firms which feel that they can let their credit run indefinitely and they can use the money which they should be using to pay their honest debts to do other things.

It certainly isn't fair and it isn't being honest. Credit is granted for a definite period—usually 30 days. Those who grant us this credit count on their collections in order to be able to pay their bills. And when we fail to pay they are not in a position to pay their bills and it spoils their credit rating.—O.E.P.

Always Others

MOST OF US WHO think we have all the world's trouble on our shoulders only need to look around a little to find that there are others with more troubles and greater problems.

Oftentimes, however, we are so blinded by our own troubles we don't see those of the other fellow.

Only recently we heard of a mother whose son had an accident that cost him one of his eyes. That is not a very pleasant experience for anyone to undergo. However, only a short while afterwards she heard of a case of a mother of two sets of twins suffering from cancer. While the mother was home from the hospital for a brief period all four of the twins caught pneumonia.

The mother whose son suffered the accident was then convinced her troubles were not serious.

That is true with most of us. And the fact remains that many of our problems are of our own creation. We are to blame for them or at least part of them.

And we can do considerable about them. We can always find others who are in far worse condition than we are and find those whose problems are greater.

It is a pretty well known fact we all have trials. They are various degrees. They come to everyone sooner or later. We all have illness and sooner or later we all lose loved ones and then eventually we reach the end of the trail.

But we fail to realize this and to appreciate this fact. And oftentimes we make ourselves more miserable and those about us feel bad merely because we refuse to understand and to appreciate the fact that tragedies and sorrows and heartaches come to each and everyone of us in this life we live.

About the greatest satisfaction that any of us can secure out of life when we reach the end is to know that we have been willing to lend a helping hand to our neighbors and our friends.

It is the little things we do for others; the help we render; and understanding we have for our own problems and the problems of others that counts.

And we need not only to appreciate that others have troubles and problems but we need to learn to be grateful for the help we receive from others.—O.E.P.

No Security In Foreign Oil

THERE IS NO SECURITY in foreign oil for the defense of our own borders." That statement appears in red ink on news releases from the Independent Petroleum Association of America as a constant reminder of the importance of the oil industry within our own confines.

In order to have a sufficient storage of known oil continuously and to meet the ever growing demands for petroleum products, it is necessary to keep on drilling wells, always exploring for new pools and fields.

Many persons in Artesia do not realize the importance of wild-cating and constantly trying to expand production areas. Nor do they appreciate the fact that there must always be new wells in order to maintain the production, for old fields and wells play out in time.

But Artesia is a very important place, as are all other oil communities, in the military might of the United States.

We should appreciate the work which has been done and is being done by the oil men of the community, as we remember there is no security in foreign oil for the defense of our own borders.—A.L.B.

The beauty about youth is its faith and confidence—the two worthwhile possessions of the human race.

The government is about to investigate the sudden increase in the price of necessities—it's very mysterious.

What Other Editors Are Saying

DELAY NEW CAPITOL BUILDING

The capitol improvement commission, we think, is right in curtailing the second phase of the capitol remodeling and construction program.

That's a hard thing to say for any Santa Fean who has endured 15 years of frustrating delays and defeats in efforts to do something about the inadequate ugly old statehouse.

It would not have been right to have committed precious structural steel to the building which might be needed for munition plants, and it wouldn't have been right to accept bid prices which would have obligated the state for some 20 per cent more than estimated six weeks ago.

The commission has adopted a modified plan to show contractors next week which will not go so far as originally contemplated but which will not detract from the final result. The public will approve, we think.

In times like these we can wait.—Santa Fe New Mexican.

JAPANESE SPEAK OUT

Issuance of a white paper by the Japanese government, dealing with Soviet Russia and Red China, is of vast importance to the world and to history.

That white paper, released in Tokyo Saturday, attacked Soviet Russia and communist China and blamed the two Red nations for instigating the invasion of South Korea.

The Japanese warned that appeasement of communism anywhere in Asia would be "nothing less than suicide" for the democratic West.

The Times cannot help observing that the Japanese are past masters in knowing what appeasement of an aggressor will bring about. The warlords of Japan were appeased by the U.S., Britain and France when they invaded Manchuria.

Perhaps the Japanese of today, wiser by their sad experiences, realize the folly of appeasement and wish to warn the Free World. The Times is inclined to take them at their word. At least we should be able to look back today and see where we made our grave errors of the last two decades.

The question now is: What is Japan going to do about communism in Asia?

It is true, of course, that the Japanese are under the thumb of the United States. Even so, Tokyo can be of real assistance by preaching democracy among its own people and among those of all Asia.

The simple truth today is that the Free World is having great difficulty in trying to convince the Asians that we are their friends and that communism is their enemy.

Let us gradually permit the Japanese to extend their influence again, provided it is not accompanied by warlike aims and ambitions.—El Paso Times.

A FABLE OF THE TIMES

A little while ago the Barnett National Bank published an advertisement in the Jacksonville newspapers which attracted a great deal of attention. It has been republished in other papers as a piece of interesting and important writing.

We think it a good idea to give the little essay circulation among our own subscribers and are here reprinting it, as an editorial that will be read and remembered.

"In our friendly neighbor city of St. Augustine great flocks of seagulls are starving amid plenty. Fishing is still good, but the gulls don't know how to fish. For generations they have depended on the shrimp fleets to toss them scraps from the nets. Now the fleet has moved to Key West.

"The shrimpers had created a Welfare State for the St. Augustine seagulls. The big birds never bothered to learn how to fish for themselves and they never taught their children to fish. Instead they led their little ones to the shrimp nets.

"Now, the seagulls, the fine, free birds that almost symbolize liberty itself, are starving to death because they gave in to the 'something-for-nothing' lure! They sacrificed their independence for a hand-out.

"A lot of people are like that, too. They see nothing wrong in picking delectable scraps from the tax nets of the United States Government's 'shrimp fleet.'

"But what will happen when the government runs out of goods? What about our children of generations to come?

"Let's not be gullible gulls. We Americans must reserve our talents of self-sufficiency, our genius for creating things for ourselves, our sense of thrift and our true love of independence."

For a fable, we submit, this piece has both fact and logic. In fact, old Aesop would have been proud of its authorship.—Atlanta Journal Constitution.

SCARE ADVERTISING

We have been writing and talking against scare buying and hoarding ever since the Korean debacle touched off a wave of such hysteria. It has been mentioned to us that the buyers are not the only guilty ones in this sorry business, but that advertisers and sellers help the cause along by advertising and suggesting slyly that "you better get it while gettin' good." We agree that this is so and we do not approve and will discourage any advertiser from using such copy in this paper.—Old Shep's Reflections in Eddy County News, Carlsbad.

Romance is just a love affair that makes the first page.—Elizabethtown (Ky.) News.

EVIDENTLY THEY GOTTA GO WHERE THE PEOPLE GO

EVIDENTLY THESE wild geese are sold on Chicago as a vacation stopover, for they swooped right down to the 57th street beach on Lake Michigan and got in with the bathers. Apparently the 73-degree temperature gave the 30 birds nothing to squawk about. They did not comment on destination. (International)

Chamber Topics

By BOB KOONCE

(Manager Chamber of Commerce)

Telephone company is acting to improve service, Bill Hinde says. One bright feature, according to the local manager, is fact that installations are handled promptly in Artesia. That statement is true. New businesses in some neighboring cities must wait, losing money steadily, for weeks or even months in certain instances. With only the best word for Hinde personally, the writer thinks phone service throughout the entire Southwest is worst in the U.S. maybe because we're growing so rapidly.

Dave Button took exception—and rightly so—to seeming implication in last column that there is only one way to get messages across to people. What we meant was that television is by no means out of this world, although it will have some merit as entertainment and educational outlet. We should have said that while graphic portrayals are nice, a working knowledge of the language will still be necessary, whether spoken or written.

Urgent people ought to acquaint ourselves with English more thoroughly than we do, and both radio and newspaper ordinarily offer sound basic courses. If we become dependent on pictures, then sketch pads will be necessary for conveyance of our thoughts.

Merchants should be more cautious. Also, they might wisely turn down more promotions and solicitations than they ordinarily do. Of course, some businessmen can stiffen the backbone to a fast shuffle, and they are joys to behold in action. Carlsbad was recently subjected to a fake 4-H ad-hooker, and a Van Horn merchant wrote us about a hot check boy who had worked merchants over down that way. A while back the bite was put on Artesia businessmen for some vague scheme having to do with safety signs. While it apparently was on the level, its contribution to the betterment of our community was dubious in the extreme.

Chamber of Commerce position is: No clearance or approval for any money raisers except by special approval of board of directors in regular meeting; if any local club, church or organization sponsors the deal, that is sufficient recommendation, chamber will take no position, and you clear with local officers of organization concerned.

Therefore, if the "gimme" boys say they have chamber endorsement, either back off, call us, or police.

Frankly, the chamber does not like most promotions. You businessmen shell out on such legitimate deals as March of Dimes, V-J Day, church charities, civic clubs and the like, without the 57 varieties of near rackets that come along. So do as George V. Price of Thompson-Price said to the writer: "Brace up and say 'no' when it doesn't appear to be in the best, overall, long-range interest of the community."

An unusual meeting was held in the Artesia Hotel basement nearly a fortnight ago. There were unexpected developments. A board meeting was scheduled, yet only four attended. Much heat had been anticipated, but probably more light was shed on certain subjects than warmth. For one thing, some complainants did not appear, and we admire the forthright attitude of those who did show up. Housing was the subject. Allow us to observe that Artesia has by no means reached the housing saturation point, provided we all pull to keep her growing. Over and above normal growth, we might land a military installation or defense plant if we are in there pitching. Not to mention what roads, air service, and a close watch on public administrations can do for us. All this requires money, co-operation between city officials, chamber and other groups, and lots of individual effort.

Many of us might better expend our effort on browbeating hoarders, exposing subversives and planning home defense, rather than butting heads against each other. Sooner or later we will be at war with Russia, and unless world affairs change radically, why not? Are our resources inexhaustible? Can we feed, supply and police half the world indefinitely?

The answer is a resounding no. Take a look at timber, one of the renewable resources, as opposed to gold, for example, which is not a renewable resource.

Time was when forests in America were cut, burned and dynamited simply to get them off the land. Today we expend effort and dollars to save our trees from fire and to replant them. Yet our forests are still shrinking, despite importation of saw timber and pulpwood from Canada, among other places. So how about our non-renewable resources?

We can't eat our cake and have it too, but feeding it to someone else will get us into the same mess while depriving us of the fun of having eaten it. Speaking of depletion of resources, the time is past when water can be wasted here in the Pecos Valley. (At this point, the reader should be in-

MARCH OF EVENTS

Probe of McCarthy Charges | Foresse No Action, However, By House Committee Probable | Until After November Elections

Special to Central Press
WASHINGTON—It is a good bet that the House un-American activities committee will take up the investigating of charges of Senator Joseph McCarthy (R), Wisconsin, that the State department of the committee will not get underway until after the November elections.

Democrats believe that McCarthy has been "discredited, dishonored, and unusung" with the release of his subcommittee's report by Senator Millard Tydings (D), Maryland. With that, they believe they have laid the ghost of the GOP's announced effort to campaign on the Communism issue.

However, the Republicans believe that the Tydings subcommittee overplayed its hand by its bitter report language which, in the main, blasted McCarthy personally. They think many voters will look on it as a whitewash.

In the light of this, the House group is not expected to launch any quick probe based on information McCarthy is giving it.

An eventual investigation is almost certain. The House committee is traditionally unimpressed by administration opposition to any such undertaking.

Several House committeemen are convinced that the Tydings group failed to follow up good leads furnished by McCarthy's investigators.

Besides, as Rep. Harold H. Velde (R), Illinois, points out, the House committee is "the proper forum" for such charges.

BATTLE OF THE SEXES—The Senate armed services committee has appointed a special subcommittee to try to talk the Navy into dropping its rigid opposition to women doctors in its medical corps. The highly placed sea dogs who come before this group are assured of a rough time—for the subcommittee chairman, Senator Lester C. Hunt (D), Wyoming, has a special interest in the question of sex equality involved, since his state was the first to grant women the right to vote.

Hunt has in his office the framed and engrossed bill which passed his state's territorial legislature in December, 1869, giving women the right to hold office and "cash" their votes providing they were 21 years old or older.

Near the bill is a picture of Esther Morris, the one-woman pressure group behind its passage.

With such stern reminders of the rights of women—and of how militant they can be when they don't get them—Hunt can be expected to conduct a most searching investigation of the Navy's "men only" medical policy.

HOME FRONT DEFENSES—In response to a growing clamor for a federal civil defense program designed to cope with atomic missiles and other weapons of modern warfare, the National Security Resources Board has promised to have a blueprint ready by Sept. 1. It will be turned over to the governors of the states, who will be responsible for getting the defense program into operation on a local level.

The program is expected to be greatly influenced by a new government publication on the results of atomic bombing, which is being made public this month.

This thick volume paints an unpleasant picture of the destruction wreaked by A-bombs but it contains much helpful information for keeping casualties to a minimum.

The NSRB is known to be working hard on its CD plan, spurred by the knowledge that there is a terrific recruitment and training job to be done before any adequate program can become useful.

formed that no opinions expressed in these columns represent the official view of the Chamber of Commerce, unless specifically designated as such).

Know-your-Chamber item: Directors, elected by members at large, represent a fair cross-section of local business and professional interests. Bill Siegenalter, president; lawyer; Henry Caudle, druggist; Jay Taylor and C. T. Gaskins, farmer-ranchers; Bill Keys, clothing; A. C. Sadler and C. D. Hopkins, hardware and appliances; J. D. Smith, public utility; Stanley Carper, oil industry; Doyle Funeriks, banker; Wayne Paulin, hunkin' director, and Clyde Guy, Bob Bourland, G. Taylor Cole and Thad Cox are auto dealers. Where a segment is not represented on the board, a representative is usually

appointed to a committee, as two grocers and a restaurant owner on merchants' committee, etc.

One thing you can depend upon: An intensive membership drive will be staged in December, and you and you will be invited to join. Then, practically everyone will be placed on some committee or another. Right now we're handicapped because so many are not members. Your committee will have work to do, because we're laying some sky-high plans for Artesia. The work can be fun once you get into it—demanding, stimulating, satisfying, and maybe even exciting at times.

Next week: The Trials of a Cranberry Merchant, or Don't Go To Seed.

ENGLAND'S Bonnie Prince Charlie is about to discover that he isn't the No. 1 personality in this universe. Charlie, like many another male moppel, now has a baby sister.

Zadok Dumkopf says that, paradoxically, the Red's Jack Malik's arguments can't be made of whole cloth—they have too many holes in 'em.

In Mansfield, O., a swarm of bees attacked a street traffic light. Must have thought the amber light was just a clump of honey.

The man at the next desk says his nephew entered an amateur musical contest, playing the accordion. It seems the youngster just managed to squeeze by.

Three Stockholm scientists claim they can make human beings grow to twice ordinary size. Aitch Kay thinks that might be one way of solving the farm surplus problem.

The real question is, of course, whether we really need humans who are any larger. A lot of them are too big for their britches as it is.

What Junior can't understand about those villainous wrestlers on television is how come the Lone Ranger doesn't step in and polish 'em off, once and for all!

Try and Stop Me

By BENNETT CERF

AN OVERWORKED Columbia professor returned to his desk after a hurried luncheon at a nearby snack bar and snapped at his secretary, "Anybody call while I was out?" The secretary, a romanticist at heart, reported, "Yes, two. A couple of pigeons lighted on your window sill and stayed there several minutes." "Hmm," said the professor, his mind already on something else. "Did they leave any message?"

Will Mahoney, the top comedian who can "dance" a tune on a xylophone (he wears special shoes, and the stunt invariably brings down the house) is back from a triumphant tour of Australia. The story has reached Melbourne, reports Will, of the island farmer, at the seaside for the first time, who pointed to a bird soaring over the breakers, and exclaimed, "Coo! Look at that strange bird up there." "That's a gull," volunteered his friend. "Well, gull or boy," concluded the farmer, "it's still a mighty peculiar looking fowl to me."

Former High School Secretary Transfers To Junior High Post
Marguerite Collard, who last
year was high school secretary,
becomes junior high school sec-
retary for the 1950-51 session.
For the record she thus becomes
the first junior high secretary in
Artesia's history. Although the
new building at Eleventh and Bull-
ock will not be ready by Sept. 1,
Principal Don Riddle, first prin-
cipal of Artesia Junior High
School, maintains his office in the
west wing of the main floor of
the high school.
Succeeding the junior high sec-
retary in the office of Principal T.
Stovall, high school principal, is
Mrs. James Abbott, wife of the
on-the-farm training veterans ad-
ministration representative.

Formation Of Local Civilian Defense Systems Urged By American Legion

Immediate organization of local civilian defense systems is being pressed by the American Legion of New Mexico through its 100 posts covering every county and every major community in the state.

Letters have gone out to post officials from State Commander Seaborn P. Collins of Las Cruces, warning that adequate defense planning "may well mean the difference between life and death" in event of war.

Legionnaires have been urged to organize emergency committees and to offer the services of these to the mayors of their communities as a nucleus for any official defense programs which may be set up.

"Our only purpose," Collins explained, "is to have an organization already set up and operating which can fit into whatever federal or state program may be developed later."

A suggested model plan of organization for a community defense setup accompanied the letters, calling for a local director of defense and five deputy directors, each charged with a separate phase of the program.

The phases to be covered, as recommended by the commander, include communications and public information, engineering and public works, rescue and fire fighting, transportation, and air-raid warning service.

Collins recently returned from an emergency conference of state commanders and other key American Legion officials at the organization's national headquarters in Indianapolis to head the present world crisis.

"The nations leaders are calling the country to arms, hopeful that we are not already too late," he declared. "Every hour of delay helps our enemies and hurts us."

Citing the possibility of all-out war, the Las Cruces man added that "we will win if we are ready."

Quarterback Club To Select Officers Next Monday Night

A five-member nominating committee will make its report and present a slate of 12 candidates for six offices at the next meeting of Artesia Quarterback Club.

The meeting is scheduled for 7:30 o'clock Monday night Aug. 23 in the high school auditorium. Election of officers, originally set for the meeting held at 7 o'clock Monday night Aug. 21 at the same place, was postponed because many members were out of town.

Attendance at the meeting totaled 30. Bill Keys, president, was in charge of the gathering.

The 1949 club roster lists 85 members. Keys announced Tuesday that the club plans to resume its regular Monday night suppers in the senior high school cafeteria as soon as the football season begins.

He also made known the fact that the senior high grid team will be in Class A competition. A wire story earlier this season omitted Artesia from the list of Class A schools.

Cattle Growers To Meet Sept. 5-6 In Silver City

The third quarterly meeting of the New Mexico Cattle Growers Association will be held in Silver City, September 5-6, according to Roy Forehand of Carlsbad, president. More than 500 state ranchers are expected to attend the regional meeting scheduled to be held in the town where the association was first organized in 1915, under the guidance of Grant County cattlemen. Several pioneer ranchers who are charter members of the organization are expected to be present.

"In the past 36 years this association has grown from a dozen southwestern ranchers to its present strength of 5387 members representing every county in New Mexico," Forehand said.

J. S. Culberson, Lordsburg, vice-president of the association, has been named chairman of the general resolutions committee to serve during the meeting. The resolutions committee will include all members of the association executive committee.

A tour of Grant and Hidalgo County ranches will be an added attraction during the Silver City business meeting, Forehand said. "A group of 30 prominent California and Arizona cattlemen plan to extend their annual ranch tour into southwestern New Mexico this year and will continue their New Mexico visit with the Silver City meeting," Forehand continued.

Albert K. Mitchell, Harding County rancher, has been invited to explain progress being made

in artificial rain making in North-eastern New Mexico under the direction of the Water Resource Development Corporation of California. Mitchell is a member of the Water Resource Development Committee of the State Economic Development Commission.

Forehand said Dr. E. J. Workman, president of the School of Mines in Socorro, explained the scientific work being done in the rain-making field at the last association meeting in June, and that livestock producers are now interested in practical steps being taken to actually produce rain in New Mexico. "The unusual heavy rainfall in Northeastern New Mexico during the past month has lead many to believe the rain-making project has had telling effects," Forehand said.

Coyotes to Again Use T-Formation

Roswell High School football team will again use the T-formation in its backfield this season. The coyotes play Artesia here on Sept. 22. It will be the third game of the season for the Coyotes and the third for the Bulldogs.

Out of 35 players now working out 12 are lettermen. The Coyotes will be minus the work of Eddy Fields, end, hurt in an accident early this year, and Terry Yoder, center, who suffered a physical disability that will keep him out of action.

N. L. Akin is expected to fill the quarterback slot left vacant by graduating Jerry Keith, 1949 all-state.

The Coyotes are counting on Benny Taylor and Herbert McKinley. Taylor will play end or quarterback, will be a four-year letterman, is now at New Mexico National Guard camp at Fort Bliss.

McKinley was an eighth grade star last season. He weighs 175 pounds. McKinley left Roswell after completing eighth grade for Hollywood, Calif., but will return to Roswell this season.

Lettermen returning are: Ends—Benny Taylor, Jerry

Bear, Buck Jones. Guards—LaVon Arrington, Grant Williams, David Carter, Tackles—John Cox, Don Canfield. Backs—Homer Klees, N. L. Akin, Kenneth Wills, Jack Goodnight. Roswell colors are maroon and white; nickname, Coyotes; coaches, Roy Anderson and Walt Carpenter.

Eddy County Location For New Mexico Jaycee Convention Next Year

Artesia Jaycees can stay right in their home county when they attend the next state convention of their organization.

The 1951 New Mexico Junior Chamber of Commerce convention will be held in Carlsbad on May 7-10.

Cliff Ryan, president of the Carlsbad club, has named a six-member convention committee: Elmer Skinner, chairman, J. B. Smith, Bob Whittington, Bill Bartlett, Bill Ross, and Ryan.

USDA Forecasts Big Crop In 1950

Another big crop year! That's the prospect for 1950. The United States Department of Agriculture forecasts yields below 1948 and 1949, but equal to an average for the past eight seasons.

About 357 million acres in the U.S. were planted in 52 leading crops. Crop losses will bring harvested acres down to 340 million. Corn plantings show that farmers over the nation did not meet USDA's recommendation to cut down the surplus. National corn acreage was reduced only 4.2 per cent. USDA asked for a 13 per cent reduction.
