### Oil Firms Obtain Land Concessions For Exploration

Special To The Advocate  
DUSTON, Tex. — Land concessions for oil exploration, totaling slightly less than 35,000,000 acres, have been granted by the Kingdom of Libya, in Africa, to wholly owned subsidiaries of Continental Oil Company, Ohio Oil Company and Amerda Petroleum Corporation, it was announced today.

Subsidiaries of the three companies are Continental Oil Company of Libya, Oasis Oil Company, and Amerda Petroleum Corporation of Libya.

Each company is entitled to participate to the extent of one-third interest in all concessions obtained by any of them or their subsidiaries in Libya.

The concessions, which are located along the coast and inland from the Mediterranean Sea, include slightly more than 7,000,000 acres in the province of Tripolitania, more than 14,000,000 acres in the province of Cyrenaica, and more than 13,000,000 acres in the province of Fezzan.

Offices for the exploration and development of these properties will shortly be established in Tripoli and Benghazi. The three companies have carried on joint reconnaissance work in Libya for more than a year under an exploration license issued prior to the final passage of the mineral resources law. This work will be continued and considerably expanded as soon as additional personnel and equipment can be placed in the field.

### Bandmen Earn State and Places

Seventeen Artesia school bands have been honored by being selected for the All-State Band and Orchestra, which will perform in Santa Fe in January. The All-State Band, which will be conducted by Gene Sawhill, U. C. L. A., will have 175 members, while the All-State Orchestra, under the direction of Orlando Berera, conductor of the Paso Symphony, will have 100 members.

Artesia has the honor of having the largest number of students in the All-State band — being Santa Fe with 15 members each. Our school also ranked two top positions in the All-State Orchestra.

The addition team from High School University, which heard all the 84 youngsters who tried for positions in the groups, selected to 11 cities of New Mexico during the past month.

Artesia students' ever to be in the All-State group and it is the fact that five of these students selected were members of the Junior High school. These students rated above school students in many cases.

The following students were selected: Mary Parham, Carol Han, Bill Lewis, Charlotte Flute-Claire Carver and Turner, Baritone Sax-Joe, Bass Clarinet-Bud McQuay, Cordell Smith, Kenny Cam, and Patty Woerdel; French Keith Mauldin; Tuba — Bill Paul and John Sperry; Trombone Paul Turner and Danny S. Stare Drum-Bobbie Jo Han.

These students hold down chair positions: Bobbie Jo Han, Bud McQuay, Paul Turner, Bill Yeager, John Sperry, and Stare.

Sperry and Turner are in the orchestra. State Chorus lists will be issued later.

### Judge Orders Lea County Attorney Probe Registration

HOBBS, (AP)—Dist. Judge John R. Brand today ordered a grand jury to convene Dec. 13 to investigate alleged illegal voter registration.

The date is one day following a special election in Lea County to determine whether legal control of liquor sales shall be retained.

Judge Brand bypassed petitions for the jury which was presented to his Saturday by the Lea County Civic Loyalty League and took the action on his own.

The jurist instructed Asst. Dist. Atty. Kermit Nash to abandon the check of the petition signatures. The petition bore 98 names. Nash had intended to authenticate the signatures to see if all were taxpayers. Only 75 signatures are required to call a grand jury.

The Civil Loyalty League has contended that persons without required residence had been registered to vote in the Dec. 13 election. However, one case worked up by the Rev. Laverne Laing, Lovington minister, collapsed when the accused voter proved he had lived in Lea County more than a year.

Judge Brand drew the names of 24 persons and ordered them in for jury duty.

### Fast Moving Storm Leaves Snow In State

By THE ASSOCIATED PRESS  
A fast-moving early winter storm spread a light mantle of snow over central New Mexico early today, leaving one highway blocked but other major routes in reasonably good shape.

The hit-and-run front, the second in a week, dropped, up to one inch of snow in the Albuquerque, Otto and Mountainair areas.

The new precipitation, coupled with heavier amounts late last week, left the highway in the Mountainair blocked. State Police said the road was expected to be clear by late today.

While other major routes were open, authorities urged caution in driving because of icy spots. A number of sections were reported slippery.

At mid-morning, the weather bureau reported very light snow at Tucumcari Las Vegas, Roswell and Portales.

A cloud cover kept temperatures generally fairly high, but it on reported five above zero and Farmington 12 degrees as overnight low marks.

The storm, from a weak low pressure area at high levels, moved across the state from west to east. The Weather Bureau said the front was expected to pass over the state quickly without any significant snow fall. The forecast for the western part of the state is partly cloudy late today and the east portion tonight and Tuesday generally fair and warm.

Precipitation amounts reported by the Weather Bureau included .05 inch at Albuquerque, Socorro .07, Grants .02, Clovis .03 and Portales a trace.

The new front followed an extremely cold Sunday afternoon with the high readings for the day ranging from 30 degrees at Otto and Grants to 54 at Hobbs.

**40 Killed In  
French, Algeria  
Market Battle**  
ALGIERS, (AP)—At least 40 persons were killed yesterday in a violent battle between Algerian nationalists and French troops in the market place of a little village near the Tunisian border.

The rebels, mixing with the market crowd, opened fire on police. They cut all telephone and telegraph wires connecting the village of Lamy with the rest of Algeria.

It was the worst single incident in months in Algeria, where assassinations and guerrilla warfare have become common in the past year. Initial reports indicated 31 Algerians were killed in the market place and nine more died when troops opened fire on a bus that refused to halt. The number of police or soldiers lost was not announced.

### Drunken Driving Costs Pair \$100, Drivers Licenses

Two men were fined \$100 each on drunken driving counts and received automatic suspensions of their driving privileges in police court here today.

They were George Ernest Aaron, 41, a Carlsbad mechanic, and Julio Rason, a farm laborer on the Terry Sanders farm. Aaron was arrested at 10 p. m. Saturday after being chased a mile north of town by police.

A Weed rancher, Albert J. Chandler, 30, was sentenced to 50 days in jail on a fraudulent check charge, by John Ellicott, police judge, today.

Daniel Esquibel, 28, of 406 Logan, a gin worker, was fined \$20 for drunkenness and a like amount on a disturbance charge, in police court.

Marcos C. Costello, 41, Route 1, Atoka, received a \$20 fine on a drunk count.

**Charge Artesian  
After Slashing  
Of Two Sunday**  
Leonard Coulter, Artesia, today filed charges of assault and battery against LeRoy Clay, also of Artesia, growing out of a brawl early Sunday in which Coulter received a knife slash on the left wrist and arm.

Mrs. LeRoy Clay, a sister to Coulter and estranged wife of Clay also received a minor cut the left arm during the altercation.

A hearing was scheduled for Clay in justice of the peace court here at 1:30 p. m. today.

Both Coulter and Mrs. Clay were treated at the Artesia General Hospital and released after the knifeing.

**Semi-Truck, Car  
Damaged Sunday**  
In a car-truck accident one mile north of here at 6:15 a. m. Sunday, a 1937 model car driven by Manuel Rodriguez, a Mexican National employed on the Lee Mitchell Farm at Lovington, was rendered a total loss and \$85 damage was done to a semi-truck driven by Doland Gaskill, Carlsbad, state police reported today.

Rodriguez was charged with driving while intoxicated, police said.

Police said that Rodriguez was driving north on Highway 285, on the wrong side of the road. The truck driven by Gaskill pulled off on the shoulder of the road but was unable to avoid the collision. Rodriguez' car collided with the left rear side of the tractor trailer, police said.

**SIMMS ATTENDS**  
SANTA FE, (AP)—Gov. John F. Simms will attend a quarterly meeting of the New Mexico Cattle Growers' Assn., in Roswell tomorrow, his office said today. Simms is also scheduled to be present at the state convention of soil conservation districts at Portales Friday.

### Eisenhower, Eden Schedule January Meeting In Capital

GETTSBURG, Pa. (AP)—President Eisenhower will confer with British Prime Minister Eden in Washington at the end of January. The White House announced this today, saying Eden will spend "a few days" in Washington-obviously to plan cold war strategy in the light of Russia's return to an openly belligerent attitude.

White House press secretary James C. Hagerty made the following announcement: "The President of the United States has invited the British Prime Minister to spend a few days as his guest in Washington at the end of January. This invitation has been cordially accepted. The British foreign secretary will accompany the Prime Minister and they will arrive in Washington Jan. 30."

Britain's foreign secretary is Harold Macmillan, who, with Secretary of State John Foster Dulles and the French foreign minister, recently concluded a fruitless session with the Russians at Geneva.

The announcement of the new Washington talks was made while Eisenhower was conferring here with his special assistant in charge of short-of-war planning, Nelson Rockefeller.

Hagerty said, however, there was no connection between the Eisenhower-Rockefeller talk and the forthcoming visit of Sir Anthony Eden.

Hagerty likewise declined to give details of subject matter for the top level U. S.-British talks, saying they would encompass affairs of mutual interest to the two countries.

He said the invitation to Eden was extended about a week ago and was accepted over the weekend.

Asked if Eden suggested the-get-together, Hagerty said no. "This was an invitation on the behalf of the President."

The announcement was perhaps "the strongest indication yet that Eisenhower, recuperating here from a September heart attack, is getting ready to resume a full role in national and international affairs."

**Airline, U.S.  
Held At Fault  
In Plane Crash**  
WASHINGTON, (AP)—The Supreme Court held today that the U. S. government and Eastern Air Lines were jointly negligent in a 1949 air crash here which killed 55 people.

The court simultaneously refused to interfere with a decision that the government and airline could not be held liable for more than \$15,000 damages each for any one death in the spectacular crash.

An Eastern Air Lines DC4 and a P38 fighter flown by Bolivian pilot Eric Rios Bridoux collided while both craft tried to land at the Washington National Airport. Bridoux, alone in the P38, was the only survivor. He later was absolved of blame.

### Eastern Truckers Affected Most By Commission Action

SANTA FE, (AP)—Truck license agreements with 11 states including Texas, were cancelled today by the New Mexico Reciprocity Commission.

The move has particular significance for eastern and southern New Mexico towns where there is heavy truck travel from and to Texas.

Now, trucks entering the state will have to pay from 1 1/2 to 3 cents a mile tax instead of the flat license plate fee. New Mexico trucks will have to pay a similar mileage tax in Texas.

Bob Ferguson, of Artesia and the Ferguson Trucking Co., said today it appears the new ruling will double the cost of operating the firm's trucks.

The company, he said, operates 193 trucks in eight states. At one time or another during the year each one travels in Texas. Ferguson planned flying to Santa Fe this afternoon to discuss the situation with the reciprocity commission.

James F. Robertson, manager of Ferguson-Steele here, another large fleet operator, was reportedly in Lubbock and not available for comment today.

Gov. John F. Simms announced the cancellation. He is chairman of the State Reciprocity Commission.

Corporation Commissioner James F. Lamb, secretary of the commission, said the cancellations do not close the door to future negotiations. They are effective March 1, 1956. Lamb said existing agreements will not be in effect after that date.

States whose agreements were cancelled in addition to Texas were Louisiana, Nebraska, Maryland, Indiana, Illinois, Rhode Island, Oklahoma, Ohio, Pennsylvania and Connecticut.

Texas is considered the most important of these since the others have only a minor percentage of trucks traveling through New Mexico.

Many oil companies operate in West Texas and New Mexico and there is heavy wholesale truck travel from El Paso.

The letter of cancellation said: "In view of the clearly stated policy of our Legislature, we cannot extend reciprocity privileges now existing between our two states beyond March 1, 1956. It is our hope to achieve a fair and equitable reciprocity proportional agreement with all states whose commercial motor vehicles operate in New Mexico. We will be glad to reopen negotiations with your state to this end at any time."

At the same time, agreements between New Mexico and eight Western states have been signed, Lamb said.

These were California, Oregon, Washington, Montana, Nevada, Idaho, Colorado and Kansas.

The reciprocity agreements signed with these states work this way: A truck fleet based in Colorado, for example, operating half of its mileage in New Mexico would buy half its plates here and

## New Measures Studied As State's Road Toll Jumps

SANTA FE, (AP)—New Mexico's traffic toll crept to within two deaths of last year's mark today and Safety officials urged renewed efforts in the traffic "crackdown."

An accident death was recorded Sunday and another mad died as a result of injuries to bring the toll to 335 for the year, compared with 337 last year.

State Police Chief Joe Roach said he was calling a meeting of police supervisors this week to seek new means of controlling fatalities as the critical Christmas holiday period approached.

Roach also said he was attempting to obtain more planes for traffic control above highways.

The director mentioned greater use of license suspensions and revocations and jail terms for some violator.

He also said there is a problem in cities which are not handling out citations for driving infractions. He said one unnamed New Mexico town had 30 intersection accidents last month where no citations were given.

"It's not reasonable that no one was responsible in all 30 of those cases," Holmes said.

He added that this laxity among some communities of not giving citations gives a motorist false confidence that the same thing will exist in highway mishaps.

With 26 more days in the year, the state is only 37 fatalities away from topping last year's toll of 371 deaths.

During the first 14 days of December last year, there were only five deaths, Holmes said. The first

five days of this month has already resulted in seven deaths, he said.

The week of Dec. 19-25, Christmas week, was the worst time last year. New Mexico had 22 fatalities in that one week. Two accidents resulted in 13 of the deaths. A family of seven persons was killed in an Otero County accident on the 20th and six persons died in a collision in Dona Ana County on the 23rd.

During the Christmas weekend last year, 11 persons died. Roach said he will map plans for further steps in the crackdown in the meeting with supervisors. He is attempting to line up more planes for traffic enforcement, he said. Several from state agencies have been used so far but the entire state hasn't been covered.

The chief said he was trying to get private plane operators to help in the patrol, through the Civil Air Patrol.

### Gail Ray Elevated To Top 20-30 Club District Office

Paul Ripberger of Albuquerque is to remain as district secretary.

Gail Ray of the Artesia 20-30 club was officially elevated to district governor yesterday to fill the vacancy left by the death of Loren Ford.

The board of governors met in Albuquerque. The meeting was one of the largest ever held in any district. Every club in the state was represented with the exception of Hobbs.

Tony Ruvolo of Albuquerque was appointed lieutenant governor to fill the remainder of the term which expires at the Las Cruces convention Jan. 20-22.

The main topic of the meeting was to carry on with the expansion of 20-30 in New Mexico as planned by the late Loren Ford. Seven new clubs will be chartered within the very near future, the Thunderbird Club of Albuquerque within two months, with Estancia Farmington, and Roswell following, Raton, Espanola and Taos are in the early stages. Every sub-district governor and everyone present pledged hearty support to carry on everything planned by the late governor. A headstone will be furnished by the 20-30 for Ford's grave, and will have the usual 20-30 club emblem inscribed thereon.

Mr. Ray reported that 20-30 in New Mexico is progressing very rapidly as well as International.

### Holiday Heyday — Pic-wise!

Holidays mean work—but in spite of all the extra people to cook for... the extra-nice meals to get... and the extra housekeeping, homemakers in general think it's fun! And, this year, they'll want to try a brand new product—Angel Flake Coconut—which has arrived in time to make holiday desserts extra special. So, with this tender, wonderful tasting coconut, and an extra-easy recipe such as this one, every homemaker will have a Holiday heyday!

**Pink Alaska Pie**  
10 marshmallows  
2 tablespoons butter  
1 tablespoon hot water

Melt marshmallows and butter in top of double boiler, stirring until blended. Add hot water and food coloring, stirring well. Add coconut and mix thoroughly. Spread on bottom and sides of greased 9-inch pie pan. Chill until firm. Serve with pudding or chiffon type pie filling or try Alaskan Filling.

**Alaskan Filling**  
3 egg whites  
1/2 teaspoon salt  
6 tablespoons sugar  
1 pint very firm ice cream (any flavor)

Beat egg whites with salt until foamy. Add sugar gradually and continue beating until meringue mixture will stand in peaks. Pack ice cream into the chilled coconut crust. Spread meringue quickly over entire top of pie. Bake in moderate oven (450°F.) 5 minutes, or until meringue is lightly browned. Serve at once, or keep in freezing compartment of refrigerator until ready to serve.

### Boyer Plagued, Not Pleased With Continental Lover Tag

By HAL BOYLE

NEW YORK (AP)—Charles Boyer doesn't mind what you call him—just so you don't call him "the last of the continental lovers."

"I never liked that reputation," he said, then added with a wry smile:

"And now I can't live up to it. Age has taken care of that."

"Actually, I really have done only a few highly romantic roles, but the lover tag stuck to me for some reason. I've been plagued by it, not flattered by it. It is silly to be labeled a 'continental lover,' and I never accepted the label."

In private life the veteran actor, surprisingly youthful looking after more than a quarter century on stage and screen, lives an inter-continental romance. He is married to Pat Patterson, a British actress.

Like many another Hollywood star, Boyer has responded to the golden call of television. He now produces 10 dramas a year for "Four Star Playhouse," a CBS network program.

manding. He made some 60 films in 25 years in Hollywood, but turned out 33 shows in his first four years in television.

"Finding the material is the big headache," he said. "They're making some 6,000 TV films a year, and it is getting more and more difficult to find good material before it happens. The public is wise to all old pilots. They can guess the thing before it happens. But it is hard to surprise anyone. The public has become more sophisticated."

"The thing I like best about work is the freedom. We are not on our own. While it is true some to find something new and good, at least we don't have what we don't like."

Boyer, who returned from shooting some extra scenes in Paris, hopes to bring Bradway next fall a new play called "Ornife," a title he said "doesn't mean anything. It's just a name."

It is with his quality and shows in his movement. He is a man whose feet manners are a pleasant watch. He is always poised.

### Lincoln O'Brien To Share Estate Of His Father

Washington, D. C. (Special)—Robert Lincoln O'Brien, who died here November 23 after a long and successful career in journalism and politics, left an estate of \$477,842, according to a petition filed in district court November 29 asking probate of his will.

Under the terms of his will, Mr. O'Brien left \$50,000 to his widow, Helen Victoria O'Brien, and the remainder to his two children, Lincoln O'Brien, of Farmington, N. M., and Mariam Eliot Underwood, of Concord, Mass.

Mr. O'Brien died at his home, 4545 Connecticut Ave., N.W., after a long illness. He was 90.

The petition filed yesterday stated that all of his estate was in the form of personal property and that he left debts of about \$50,000.

Lincoln O'Brien, who inherits part of his father's estate, is president of The New Mexico Newspapers, Inc. and The Southern New Mexico Newspapers, Inc. The latter organization owns and operates the Daily Press but sold it during the war. The other corporation owns The Farmington, Gallup and Las Vegas daily papers. The corporation at one time owned the Tucuman Daily Press but sold it during the present year.

### SIX KILLED

GREENVILLE, S. C. (AP)—A train moving 75 m. p. h. smashed into a car at a grade crossing yesterday, killing six persons.

The only survivor in the car was a 10-month-old baby. None of the passengers aboard the Southern Railway's Crescent, headed for New York, were injured.

## Favored Cagers Open Season In Fashion Expected Of Them

By ED WILKS  
The Associated Press

The collegians hop off on their first six-day week of the basketball season tonight with NCAA champion San Francisco, Kentucky, Iowa and North Carolina State already setting the pace and a surprising number of past giants seemingly headed for long, cold winters.

Duquesne, the NIT champ, makes it bid to join the front-runners this week, opening against Carnegie Tech tonight and then joining Pitt, Geneva and Westminster (Pa.) in the Steel Bowl Tournament at Pittsburgh Friday. The big question for Coach Duddy Moore's club is whether Jumpin' Jo Green can carry a double load now that All America Dick Kicketts has graduated.

San Francisco still has its All America, big Bill Russell, and as expected the Dons have had no trouble with their first two foes. They've whipped little Chico State 79-93 and big-time Southern California 58-42 for 28 straight victories.

Col. Adolph Rupp's Kentuckians were pressed a bit, but kept control to win their Saturday debut against Louisiana State 62-52, Iowa, again the team to beat in the Big Ten, also was to snuff in defeating Nebraska 60-51.

North Carolina State, meanwhile, has waited through two games, running its winning string to 14 games by beating Penn State 73-42 Saturday.

None of the four were extended in getting the 1955-56 schedule underway. But others of last year's top teams have discovered this is another season.

LaSalle and new Coach Jim Pollard got the news Saturday from Muhlenberg 69-58. Arkansas hasn't won yet, losing first to Southeastern Oklahoma, then to Tulsa 53-45 Saturday. Texas Christian, even with high-scoring Dick O'Neal, netting 67 points, is only 1-1 for two games, losing to Texas Tech 76-64 Saturday.

UCLA had two cracks at Brigham Young, and missed on both, losing 75-58 and 67-65.

The week doesn't hold much of a threat for the Big Four, but it may bring the over-all picture into sharper focus.

San Francisco has just one game against San Francisco State tomorrow; Kentucky puts the test to Temple, marked a comer in the East, Saturday; Iowa meets Southern Methodist Friday; and North Carolina State plays Wake Forest in an Atlantic Coast Conference game tomorrow and Eastern Kentucky Saturday.

Unbeaten SMU may have the toughest road, moving on to Minnesota and Wisconsin after invading Iowa.

LaSalle at TCU get a chance to revise their prospects. The Explorers meet Albright tomorrow and Saturday play Niagara, which dumped Fordham 72-70 Saturday on Top Hemans' 40 points. TCU plays Oklahoma City tonight, then moves on to the weekend Birmingham (Ala.) Classic with Alabama, rated right behind Kentucky in the Southeastern Conference, Houston and Valparaiso, Ind.

## Scientists Study Barbary Sheep To Learn If New Game Available

By STEVE LOWELL  
ROY, (AP)—Scientists delved into the biological secrets of an African animal today to see whether a new kind of game—the Barbary sheep—can be made available to American sportsmen.

But it will be many months, says Rex Allen, a U. S. Agriculture Department parasitologist stationed at New Mexico A and M College before the whole story will be known.

"We've run into a few parasites in preliminary studies here," he said, "but they are nothing out of the ordinary. You would probably find them in cattle, domestic sheep and deer."

The big part of the job will be done at the New Mexico school where the necessary laboratory facilities are available.

Allen and Bob Stewart, State Game Department biologists, were busy examining the organs and the blood of the Barbary sheep from the Atlas and anti-Atlas mountains of North Africa.

The animals were being taken in a closely-supervised hunt, the first of this continent. Special \$20 permits were issued to 15 persons from the general New Mexico public and 10 land owners whose property borders a 30-mile stretch of the rugged Canadian River canyon to the west.

More than a dozen state game department men were along to take the entrails of the 25 rams sought and to supervise the hunt. Even partly digested food the animals had eaten was packaged for examination at the California Game Department laboratory.

A preliminary study was made a few months ago when two rams were bagged by officials from the Smithsonian Institute, but Homer Pickens, State Game Department director, said "We're still in the dark ages about these animals. Almost nothing is known about them." Allen and Stewart agree.

This herd of about 200 is the only collection of the animals running wild in North America. The first group of eight was planted here in 1948. It came from a small bunch owned by Roswell rancher Joe McKnick, who had obtained them from Balboa Park zoo at San Diego, Calif. Then, about 1950, the State Game Department obtained 60 more from Balboa Park.

The department wants to find out if the animals carry any "bugs," which might be injurious to other wild game or livestock.

## AAU Sets Out To Clean House In Amateur Ranks

LOUISVILLE, Ky. (AP)—The National Amateur Athletic Union, troubled by reports of repeated infractions of its Simon Pure code, set out today to clean house.

A study was ordered yesterday at the close of the AAU's 68th annual convention to see if drastic measures are necessary to end the practices of overpaying amateur athletes.

Accepting blame for letting the athletes shoulder full responsibility in the past, the AAU said it will set up penalties for promoters and for its own officials, too, if that is the cure.

The study—by a committee to be appointed by the new AAU president, Carl Hansen of Los Angeles—was termed the most far-reaching since the U. S. amateur code was established.

Wes Santee's recent brush with the Missouri Valley Assn. of the AAU started the ball rolling on the action.

# Ruidoso Dominates Class C All New Mexico Grid Team

By The Associated Press  
Ruidoso's state champion Warriors dominated the Associated Press 1955 Class C high school all state football team.

Coach Cy LeLand's mighty Warriors, unbeaten in 10 games and unscored upon in the regular season, placed seven men on the mythical squad chosen for the AP by coaches, sports writers and announcers.

Leading the pack was Ruidoso's shifty, high-scoring halfback, Nyles Lackey. He is joined in the dream backfield by teammates Ronnie Perry, a quarterback, and Gene Nelson, tackle Jovan Donathan, guards Royce Lackey and Pat Rooney and center Barry Swanson.

Others on the team are end Gene Nelson and fullback Ronald Jack of runnerup Central of Kirtland. Off-beaten Corona surprised by

placing tackle Gilbert Bryan and halfback Sheldon Dickey.

Jack, a hard-running fullback at 170 pounds is the only repeater on the squad from last year's team. He pushed Nyles Lackey hard for the honor of drawing the most votes.

Royce Lackey, a scrawny 155-pounder, gained the distinction of becoming the first freshman ever to make on AP all state team. Rooney and Swanson, who share the middle of the line with Lackey, are both accomplished, promising more of the stern defense that vaulted Ruidoso into the title with amazing ease.

Perry made the mythical team easily, having piloted Ruidoso to the championship with a strong hand. It was the first year he had played football. Dickey, the spark-plug of Cordona's offense, was on the second team last year.

Hall, of Ruidoso, joins Lackey, Rooney and Swanson, as the underclassmen on the team. All the rest of the selections are seniors. Rooney is the heaviest man on the team, scaling 193.

There were ties in the balloting for the second team at ends and tackles, resulting in a 14-man second squad.

The first team:  
Ends — Gene Nelson, Central, 175, Sr.; Charlie Hall, Ruidoso, 160, Sr.

Tackles — Jovan Donathan, Ruidoso, 160, Sr.; Gilbert Bryan, Corona, 185, Sr.

Guards — Royce Lackey, Ruidoso, 155, Fr.; Pat Rooney, Ruidoso, 193, Soph.

Center — Barry Swanson, Ruidoso, 165, Soph.

Quarterback — Ronnie Perry, Ruidoso, 178, Sr.

Halfbacks — Nyles Lackey, Ruidoso, 150, Sr.; Sheldon Dickey, Corona, 160, Sr.

Fullback — Ronald Jack, Central, 170, Sr.

The second team:  
Ends — Billy Goodson, Ruidoso; Harold Brito, Estancia; Billy Hicks, Carrizozo.

Tackles — Ronnie Chastain, Ruidoso; Charles Kellogg, Espanola; Jeff Morris, Carrizozo; Pat Garcia, Mountainair.

Guards — Leon Nix, Mountainair; Jim Minter, Capitan.

Center — Gene White, Estancia. Backs — Tommy McMullan, Vaughn; Eddie Brito, Estancia; Tom Barnett, Carrizozo; Bingo Morales, Ruidoso.

## Olson Believes He Can Handle Robbie's Rushing

CHICAGO, (AP)—Middleweight champion Bobo Olson, who has sampled Sugar Ray Robinson's punches twice before, thinks he can handle any blitz tactics the former kid might try in seeking an early KO victory in their title scrap Friday night.

"I was a green kid and Robinson was a great fighter back in 1950 when he got me in the 12th round," said Olson as he entered the final week of drills for defense of his crown in Chicago Stadium.

"But even then my style bothered him for 10 rounds. And when we met two years later I really gave him trouble before he took a split 15-round decision. We both know each others styles and what to expect in this third fight."

"I look for Ray to try to knock me out early. Although reports are that he is in wonderful condition, the man still is 35 and must realize that he can't stand up under the pressure I'll give him through 15 rounds."

"I only hope that he tries to blitz me from the start. If he comes in to me, that will suit me fine. I know I'll go after him."

Olson shrugs off his third-round knockout by light heavyweight champion Archie Moore in last June's title bout as "a thing of the past—and something I'd just as soon forget."

"I was just wrong to think I could hold my own with a good big man," he said. "I was lucky. I couldn't get up after he floored me. That way I didn't get hurt."

## Nail Named Top Two-Year-Old By Race Association

MIAMI, (AP)—Nail, a grew \$20,000 bargain beauty, was crowned the champion 2-year-old colt of 1955 today by the Thoroughbred Racing Assn.'s board of selectors.

Practically unknown during the early part of the season, Nail surprised everyone by winning the \$125,125 Belmont Futurity in October, and followed up by taking the \$85,600 Remsen Stakes at Jamaica and the \$79,350 Pimlico Futurity.

Owned by Mrs. Anna A. Bigelow of Palm Beach, Fla., the little grey galloper picked up \$67,980 in the Pimlico Futurity and headed for Florida with \$239,930—tops for the year in the 2-year-old division.

## Little League Case In Court

LEWISBURG, Pa. (AP)—The dispute between Little League Baseball, Inc., and its founder headed into Federal Court today as the league sought to prevent him from setting up a rival organization.

The league asked Judge Fredrick Follmer to issue an injunction barring Carl Stotz from establishing a group to be known as "Original Little League."

Stotz, who founded the league for boys between 8 and 12 in 1940, was fired as commissioner of Little League Baseball, Inc., after he filed a \$300,000 breach of contract suit against the organization.

## ENM Tips Tables In Basketball In Texas Conference

By The Associated Press  
Eastern New Mexico, which couldn't beat anybody much in football, is doing an about-face in Texas Conference basketball.

The Greyhounds, only undefeated team in the league, downed St. Michaels 83-65 and Adams State 73-51 last week. McMurry and Howard Payne, the other two members of the conference, were losers.

McMurry apparently is in for more of the same against Southwest Texas State at Abilene Monday and Tuesday. Howard Payne meets Texas Lutheran.

Eastern New Mexico plays New Mexico Western and Sul Ross. McMurry competes in a tournament at Snyder Friday and Saturday against Wavland, Trinity and Midwestern.

## Otto Graham Paces Cleveland To 6th Straight Championship

By The Associated Press  
There are only 20 shopping days until Christmas, but if you asked Paul Brown, astute coach of the Cleveland Browns, he'd probably tell you he got his gift back on Sept. 3.

That was the day Otto Graham decided to take one more fling in the National Football League. And today, largely on the strength of the veteran quarterback's efforts, Cleveland owned its sixth straight Eastern Conference title.

With an assist from the New York Giants, the Browns wrapped up the championship yesterday, one week before the regular season's close.

While Graham and his mates were pulverizing the hapless Pittsburgh Steelers 30-7 for an 8-2-0 record, the Giants came from behind to nip second-place Washington 27-20, putting the Redskins' mark for the year at 7-4.

At the moment, the Los Angeles Rams look like the best bet to oppose the Browns in the championship game. However, the outcome of the Western Conference race still is in doubt.

The Rams knocked off Baltimore 20-14 yesterday and climaxed the Colts from contention while the runner-up Chicago Bears squeezed past the Detroit Lions 21-20. Los Angeles is 7-3-1 and the Bears 7-4.

The Rams play Green Bay Sunday and a victory or a tie will give them the division title. The Bears meet the Philadelphia Eagles in their final game.

In other games yesterday, the Eagles trampled the Chicago Cards 27-3, and the Packers defeated the San Francisco 49ers 28-7.

## Like Souchak Captures Title Havana Meet

HAVANA, (AP)—Mike Souchak, who chose golf over a pro football career after starring on the grid-iron at Duke University, was 100 richer today after winning \$15,000 Havana Invitational tournament.

The husky pro from Grossing, N. Y., put together a 72-hole score of 273, 15 strokes under par, in the event by two strokes over Ed Porky Oliver of Newark.

Souchak wound up with a yesterday while Oliver turned 180 after blowing a chance to get closer with a double bogey on the par 4 18th.

Oliver's second place was worth \$10,000. De Wininger of Oklahoma finished third with 278, good \$1,000 while Ted Kroll of Bethesda, Md., and Billy Maxwell of Dallas, Tex., tied for fourth with 284. They split \$1,550.

## MAILMAN WINS TOURNEY

PASADENA, Calif. (AP)—The Pasadena city golf championships belong to Al McDaniels, 42, a Los Angeles mail carrier, and one of few negroes to win a links trophy open to his race and to his color.

He beat Dick Tang of near-Glendale on the second extra hole at the Brookside Municipal course in the rain yesterday.

### UP AND ATOM TEST

WHAT'S THIS? Gogo Moonbeam has discovered the fuel gauge on his atom-powered rocket to be nearly empty. Even if one teaspoonful is good for 20,000 celestial quadrants, he won't go anywhere if the fuel runs out. As you see, Gogo's rushing down to "gas" up. Will he make it? That depends on how quickly he can get from his present location at the top of the rocket, through the various chambers, to the ship's motor, small X at the bottom right.

### Glassy-Eyed??

TWO water tumblers are exactly the same size as shown in the drawing above. One is empty, and the other is full. You are asked to measure half a tumbler of water without using any other vessel, adding any water, or pouring any water away. Can you devise some simple means of measuring the quantity stated?

SOME of us can draw well naturally. Others can learn proficiency with practice. This cartooning lesson is a challenge to all. To draw this plump pig, start with 2 circles. Add more lines as shown in steps 2, 3, and 4. Erase some of the guide lines and the drawing is complete. Tracing paper may come in handy the first few times you try; then try drawing the figure free-hand.
