Ferguson - Steere Hearing Enters Its Third Day

ARTESIA, N. M. — A hearing on the record of the Ferguson-Steeere Truck Co. went into its third day today with 13 oil company workers under subpoena to testify.

The firm's accident record is the subject of an investigation by the Corporation Commission. The commission says it has the power to suspend or revoke the company's operating authority.

Chairman John Block Jr. ordered the firm's accident record to be made a part of the hearing.

No Immediate Expansion Seen for MALCO Plant

There are no immediate prospects for the expansion of the MALCO refinery here, despite reports that effect circulated recently, a high-ranking officer of the firm said today.

W. L. Lackey, a MALCO vice president, said some expansion of the plant may be considered if and when the proposed products pipeline from Artesia to El Paso goes through Lackey added that not a definite on the pipeline will be decided until after the first of the year.

Lackey went on to say that nothing in the way of enlarging the refinery has been scheduled although an engineer has been engaged in a study of existing facilities in keeping with normal long-range planning.

Plans were recently circulated for the Artesia refinery would be expanded and were included in connection with Robert O. Anderson, chief head of MALCO, that negotiations are underway for the sale of the company's Prescott refinery and some pipeline in the San Juan Basin of El Paso Gas.

Republican Central Committee To Meet

The Eddy County Republican central committee will meet Monday in Carlsbad, Ed Hartman, county chairman, announced today.

Hartman said the meeting is scheduled at 7:30 p. m. in the Carlsbad city hall. The central committee will discuss possible candidates for local races, the Salute to Ike at the meeting of the state Central Committee last week.

HIGH SCHOOL STUDENTS from the health and physical education classes are shown here packaging fruit today for the annual children's party sponsored by the Rotary Club and held at the football stadium. Left to right, in foreground, Larry Kennedy and Jerry Burns. (Advocate Photo)

45 Enlist In Army Reserve At First Meet

Artesia's new Army Reserve unit, a light truck company, signed up 45 enlisted men at its first meeting here last night, highest first night enlistment of any unit in the state, Capt. John E. Uxer, commanding officer of the new unit announced today.

The new unit, which has not yet received an identifying number, will hold its first pay meeting Jan. 10. There will be a meeting of officers and top non-coms Jan. 3. Orders for the unit are expected early next month.

Col. Lynn L. Bowin, unit advisor for the Army Reserve, Roswell, explained to those attending last night's organizational meeting that under the new Army Reserve law, boys from 17 to 18½ years of age may join the Reserve, finish high school, take six months active training and then serve out the remainder of their eight-year hitch in the Reserve without being subject to draft.

Men over 18½ years may join for six years, serve two years active duty, three years active reserve, and one year in a stand-by capacity.

Those in the first category, after they finish their six-month training period, must participate actively in the Reserve organization for the remainder of their hitch.

The Artesia unit will meet one night each week for two hours, for which members will be paid on a quarterly basis. The unit will spend two weeks each year in a summer encampment. This year the summer camp will be in (Continued on page four)

Bowin, district unit advisor, U. S. Army Reserve, Roswell; Lt. Percy C. Burk, supply officer for the new unit; and Maj. Leonard M. Kirk, assistant unit advisor, Roswell. (Advocate Photo)

Lea County Voters Keep Legal Liquor

HOBBS, N. M. — The voters of Lea County have decided to retain the legal sale of liquor here by a final vote of 6,174 to 3,585.

The unofficial vote was reported as the county's 27th precinct returns came in late Tuesday night.

The "drys" managed to carry only five of the rural precincts up until just before the final vote was announced.

A far heavier turnout of voters resulted from this election than for any previous election in the history of the county.

Lea County last voted on the liquor issue in 1948 when the vote for retaining the sales was 3,961 and the vote against was 2,509.

Registration of voters totals 15,914. Of these about 3,500 signed up after the pro-dry Loyalty League petitioned on Oct. 17 for the special election.

The voting proved quite heavy in the early hours. In the city of Hobbs, 1,356 votes had been cast by 10:30 a. m. In the November, 1954 general election, about 500 persons had cast their vote by that hour, and in last year's primary election 284 voters had appeared.

The polls were open from 8 a. m. and closed at 7 p. m. Liquor establishments were given their choice of closing or remaining open. They closed by agreement, displaying signs on their front doors saying "closed today" and if you don't vote we may be closed permanently.

Growers Vote To Continue Growing Cotton Under Federal Limitations Next Season

WASHINGTON, D. C. — The surplus-plagued cotton crop will be grown under federal limitations again next year.

In a referendum lacking in interest, growers voted yesterday to continue Agriculture Department marketing quotas which seek a crop next year a third smaller than this year.

Preliminary returns from the 21 cotton-producing states gave 267,235 votes for quotas and 20,191 against.

This was a favorable majority of 93 per cent—far above the two-thirds margin required by law. In a similar referendum last year the majority was 92 per cent.

The bulk of the estimated 1,300,000 growers who were eligible to vote failed to cast ballots.

Next year will be the third consecutive year in which federal restrictions have been imposed on cotton and the tenth time since 1938, when legislation was enacted authorizing such limitations. Cotton controls never have been rejected by the growers.

Quotas were proposed by the department in a move to prevent the production of additional surplus supplies of the fiber crop.

As in the past, growers were influenced to vote for controls because of their tieup with government price supports. Farm law directs that price floors—which were at 90 per cent of parity this year—be reduced to 50 per cent of parity in the event controls are rejected.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices they must pay.

But in voting for quotas, farmers balloted somewhat in the dark insofar as next year's support level is concerned. It will be determined under the administration's new flexible price support system authorizing floors between 75 and 90 per cent of parity.

Secretary Benson has not yet set the support level, but department experts say it might be as low as 80 per cent of parity.

Under the program, farmers will be allotted 17,391,304 acres for next year's crop compared with 18,113,208 allotted for this year's crop. The department hopes the crop will be held to 10 million bales compared with 14,843,000 grown this year.

Cotton grown in excess of a farm's quota is subject to a penalty tax equal to 50 per cent of parity.

The Agriculture Department said in an official preliminary returns showed that growers of long-staple cotton voted for marketing quotas with a national total of 988 in favor and 104 against or 90½ per cent in favor.

Christmas Around The World

American GI's Changing 'Old' German Christmas Traditions

By HANNS NEUERBOURG
FRANKFURT, Germany (AP) — The American GI is changing some of the centuries-old Christmas traditions in Germany.

Santa Claus arrives in an Army jeep or helicopter. And with a GI playing the role of Santa, he may bring along such presents as a cowboy suit or a coonskin cap.

Since the end of World War II, American servicemen have opened their mess halls and recreation rooms to German orphans and underprivileged children for Christmas parties. Some American units also play host to refugees from the East. Military police units collect and repair toys to give German youngsters.

In turn, many German families invite American servicemen to spend the holiday with them.

In West Germany, currently enjoying a boom, everyone expects his Christmas will be the best in many years.

Sentimentally, Christmas is the year's No. 1 event for German-speaking peoples. Many of theuletide customs were originated by their ancestors. Reputedly, it was in Germany that the idea of a Christmas tree started.

As for the German younger generation, Santa Claus makes two visits: The first in Dec. 6, known as St. Nikolas Day. On that occasion, children place their shoes outside their doors and St. Nikolas fills them with candies, cakes and fruits. Sometimes, if a child has been bad, Santa also leaves a small whip — a warning to the youngster to mend his ways.

The second visit, on Christmas Eve, is the time for children to receive toys and other presents from Father Christmas Weihnachtsmann or the Christ Child Christkind. As elsewhere, adults exchange presents too.

Germans observe Christmas Day much as they always have. They go to church, open their presents and have a big family dinner. Sometimes it is the only family reunion of the whole year.

The traditional main dish at dinner is goose but some prefer carp. The meal usually includes a loaf-shaped, sugar-coated cake filled with raisins, almonds and candied lemon peel.

One minister said he did not think John had gone East with any traitorous intent.

A reporter for Denmark's biggest daily newspaper, the Berlingske Tidende, said he had brought John back to West Berlin. Hendrik Bonde-Hendriksen, Berlin correspondent for the paper, wrote in a dispatch:

"I drove quite legally to East Berlin, and I took Dr. John quite legally to West Berlin. I was the only person who knew about it. Nobody else helped him."

Bonde-Hendriksen's account continued:

John had told Communist agents who followed him everywhere he had an appointment for talks with officials at Humboldt University in East Berlin and wanted to be alone. The agents remained outside while he went inside the university.

John walked through the building, left through the front entrance

Stormy Congress Session May Mark Presidential Vote Year

WASHINGTON, D. C. — President Eisenhower's proposal for a billion-dollar boost in defense spending and a possible battle over tax cuts pointed today toward a stormy election-year session of Congress.

The President's plan to step up the production of B52 bombers, jet interceptors and development of the guided missile program won general support from Republicans and Democrats.

But the 35½-billion-dollar defense budget he outlined to top congressional leaders at a White House briefing yesterday held a threat to tax reductions and budget balancing. Several leaders in both the House and Senate said they saw little chance of substantial tax reductions.

Several other issues arose out of two days of White House briefings which signaled forthcoming battles.

In individual statements, Democrats and Republicans displayed sharp differences of opinion with each other—and even with their party colleagues — on debt payments, continuance of foreign economic aid, proposed new farm programs, highway financing and school construction.

Both Chairman Bridges (R-NH) of the Senate GOP Policy Committee and Chairman Byrd (D-Va) of the Senate Finance Committee joined the chorus of those calling for a balanced budget before taxes are cut.

Byrd said he will fight to wipe out all foreign economic aid, a position already taken by Chairman Russell (D-Ga.) of the Senate Armed Services Committee.

The President was reported to have proposed a \$2,800,000,000 new appropriation by Congress for all foreign aid, including military assistance.

Chairman Richards (D-SC) of the House Foreign Affairs Committee said that while there might be some differences of opinion on economic aid he doesn't see how the over-all program can be reduced (Continued on page four)

Way Sought To Add 18 UN Members

UNITED NATIONS, N. Y. (AP) — Sponsors of the proposed package deal to bring 18 new members into the United Nations cast about today for some way to keep their veto-riddled plan alive.

There appeared no chance, however, that any of the 18 would make the grade at this session of the General Assembly.

The package proposal was defeated in the Security Council last night. Nationalist China cast its promised veto against Outer Mongolia and the Soviet Union then carried out its threat to veto the 13 non-Communist applicants.

In the final round of voting the four other Communist applicants could muster only one council vote, six short of what they needed.

As soon as the council finished its rapid-fire balloting, supporters of the package scheme began sounding out fellow delegates on possible courses of action. Two were suggested:

1. A formal request that the council action be reported back to the Assembly, where the package originally received 52 favorable votes. The Assembly then might repeat its recommendation and toss the question back into the council's lap during the current session.

2. Calling of an "interim" Assembly next spring at which the membership question and other unfinished business could be dealt with before the regular 1956 Assembly convenes.

Canadian Chief Delegate Paul Martin, mainspring behind the (Continued on page four)

Ranchers Watch Hopefully For Sign Of Moisture

By THE ASSOCIATED PRESS
A nippy cold wave touched lightly at the northeast corner of New Mexico today as farmers and ranchers in the east and south portions of the state watched anxiously for signs of snow or rain.

The Weather Bureau predicted light drizzle and light snowfall in the extreme northeastern part.

Otherwise fair weather dominated most of the state. Winter rains on the eastern plains have been retarded by cold weather and lack of moisture, the bureau said.

Wheat pasture is becoming short in some sections, and some fields where soil is lighter have suffered some wind damage. Range forage is fair to good in most areas of New Mexico. But in the east and south grass is dry and brittle and some ranges have been damaged by winds. Rain or snow would improve the quality of grass in those areas.

In western and northern sections on the other hand, little supplemental feeding of livestock has been reported. Cattle and sheep are generally in good condition and wintering well.

Clayton received a trace of precipitation last night. Overnight temperatures ranged upward from 15 above zero at Raton. Carlsbad next week.

Help Needed In Repairing Toys For Needy Kids

S.O.S.
That was the message out today by Bill Dunnam, who holds a wide variety of Veteran Affairs offices in the city.

Dunnam was calling for help in the repair and mending of toys to be given needy children in the city on Christmas Day.

The repair-mending session is scheduled at 7 p. m. tonight in the Veterans Memorial Building. Dunnam emphasized that volunteers need not be veterans and said "we want men and women, boys and girls to help."

He also pointed out that the city's children have "done their part in gathering the toys, now is time for adults to show their will ingness to help an unfortunate child have a merrier Christmas."

Toys will be collected and repaired "right up to Christmas," Dunnam said, and it may be necessary to have more work sessions next week.

West Germans Keep Close Watch On John

BONN, Germany, (AP) — The West German government kept multiple turncoat Otto John under close security wraps today while a high-level investigation continued of his defection to the Communists and return to the West.

Communist East Germany issued a brief comment on the arrival in West Germany of the Bonn Government's former counterintelligence chief after a 16-month stay with the Reds. The 47-word comment, distributed by the East German news agency ADN, tried to give a sort of tacit blessing to John's departure to the West, saying:

"Herr Dr. John, former president of the Bonn Office for the Protection of the Constitution, who was granted asylum in the East German Democratic Republic on July 20, 1954, has left the German Democratic Republic. Dr. John had repeatedly stated he intends to conduct the fight against neo-fascism in West Germany."

In Bonn, where John was brought after slipping secretly into West Berlin Monday, he was given a thorough grilling by an examining judge. Federal officials said that after several hours of questioning, the judge took off last night for Karlsruhe, seat of the Federal Constitutional Court, West Germany's highest court.

John—officially tagged as a traitor by West Germany—was being kept strictly secluded, officials said. There was no hint of what the government would do with the handsome, six-foot 46-year-old blond who had at one time or another deserted the three German regimes with which he has been officially connected—Nazi, postwar West Germany and Communist East Germany.

Some West German sources expect the government to let John off with only disciplinary action for abandoning his official post.

One minister said he did not think John had gone East with any traitorous intent.

A reporter for Denmark's biggest daily newspaper, the Berlingske Tidende, said he had brought John back to West Berlin. Hendrik Bonde-Hendriksen, Berlin correspondent for the paper, wrote in a dispatch:

"I drove quite legally to East Berlin, and I took Dr. John quite legally to West Berlin. I was the only person who knew about it. Nobody else helped him."

Bonde-Hendriksen's account continued:

John had told Communist agents who followed him everywhere he had an appointment for talks with officials at Humboldt University in East Berlin and wanted to be alone. The agents remained outside while he went inside the university.

Russian Traveling Salesmen Complete Tour Of South Asia

NEW DELHI (AP) — Premier Bulganin and Nikita Khrushchev, Soviet traveling salesmen of Communist cooperation and discord, left India today after a month of warming up the cold war with bitter attacks on the Western nations.

They left behind pledges of closer political, economic and cultural cooperation between Russia and this key nation of Southern Asia.

The Russians planned to fly direct to Tashkent, in the South of Soviet Asia, to wait out a snowstorm raging at Kabul, Afghanistan, final stop on their tour through non-Communist Asia.

In a final communique, Bulganin and Indian Prime Minister Nehru called for "unconditional prohibition" of nuclear and thermonuclear weapons, along with a "substantial reduction of conventional armaments, coupled with effective international control."

But in a separate statement to (Continued on page four)

Alpha Alpha Chapter Meets At Home Of Mrs. J. T. Hamrick

The Alpha Alpha chapter of Beta Sigma Phi met at the home of Mrs. J. T. Hamrick, 1208 Merchant, last night. Mrs. Homer Parker was co-hostess.

The business meeting was conducted by Mrs. Huck Kenny. It was decided to donate a piece of equipment to the emergency room at the hospital. An announcement was also made of the annual Valentine dance which is to be held February 11.

The program was led by Miss Jo Connell and her topic was "Express Yourself." She gave a very interesting talk on different ways people express themselves and the preparation of your speech. The group participated in impromptu speeches and charades.

Refreshments of pecan pie and coffee were served by the hostesses. Those present were: Mrs. Bill Brittain, Mrs. Reese Crouch, Mrs. John Daugherty, Mrs. Henry Donnelly, Mrs. Clyde Gillman, Mrs. James Green, Mrs. J. T. Hamrick, Mrs. Huck Kenny, Mrs. Homer Parker, Mrs. Ralph Vandewart, Mrs. Percy Burke, Miss Jo Connell, Mrs. Vincente Foster, Mrs. E. K. Gillespie and Mrs. Ray Thompson.

Hospital Record

Admitted Dec. 13—Mary Aranzio; Mrs. Denver Garner; Jean Rodriquez; Walker Lewis; Mrs. Tommie Taylor.

Dismissed Dec. 13—Mrs. Taylor Ross; Mrs. C. R. Jones and son; Mrs. R. K. Stiles and daughter; Antonio Domineuez, Paul Taylor, T. E. Joy; Louis Florez.

Births, Dec. 13—Mr. and Mrs. Denver, twin boys, 8:35 p. m.—7 pounds, 8 1/4 ounces; 8:45 p. m.—6 pounds, 6 ounces.

Personal Mention

Sarah Curtis, a senior at the University of New Mexico, Albuquerque, was recently inducted into the Phi Sigma Iota, national romance languages honorary society. Miss Curtis will graduate in January. She is the daughter of Mr. and Mrs. Jerry Curtis.

Miss Betty Anderson left Tuesday morning for her home in Kenosha, Wis., after spending several months here with her sister and husband, Mr. and Mrs. K. R. Jones.

Guests over the weekend in the home of Mr. and Mrs. K. R. Jones were Mrs. Jones' nephew, Bob Anderson and his friend Audrey Todd of El Paso.

Hagerman News Briefs

Mr. and Mrs. Jim Langenegger and Verna Jeanne left Friday evening for El Paso and Juarez where they spent the weekend doing some Christmas shopping.

Miss Joann Nicks and brother, Johnny, of Albuquerque spent the weekend in Hagerman as the house guests of Mr. and Mrs. H. H. Cleek and family. Miss Nicks is a former member of the Hagerman High School faculty.

Mr. and Mrs. Oris Cleek and grandson Cleek, were business visitors in Roswell Thursday.

Mr. and Mrs. Tommy Harwell of Roswell, and formerly of Artesia, are the proud parents of a son, whom they have named Loyd. The Harwells have three daughters.

Mrs. Lincoln Cox, Mrs. Elmer Leard and Irvin Scott, all of Mayhill, attended the PTA meeting in Clouderoff on Thursday night. After a short business meeting the program, "How can better understanding between teachers and students be achieved," was given by seven high school students, in the form of a round table discussion with Dr. Evans, of Sun Spot, as the moderator. The students were Nell Davis, Frances Green, Richard Mitchell, Ronald Scott, George Manning, Marla Herndern, and Jeanie Read. Following the program and meeting, the home economics girls were hostesses at their Christmas tea in the home Economics room.

Mr. and Mrs. Cole Webb were business visitors in Roswell the first of the week.

Mr. and Mrs. Virgie Kennedy and family moved from the Regan

CUSTODIANS AND MAINTENANCE MEN of the Artesia school system are introduced by Walter Short, director of special activities, at a dinner in their honor last night at the Hermosa School cafeteria. Seated next to Short is Mrs. Short. (Advocate Photo)

Girl Scout Troop Six Fetes Brownies At Christmas Party

Girl Scouts of Troop Six entertained members of Brownie Troop Five yesterday at a Christmas party at the Presbyterian Parish Hall.

Entertainment consisted of a puppet show, folk dancing and singing. The puppet show was planned by Sally Lamb, Sara Stromberg, Roxey Knorr, and Barbara Jo Houy as part of the Second Class Badge requirements. Girls of Troop Six chose partners from Troop Five and taught them two folk dances and several songs.

Refreshments of Christmas cupcakes and cranberry punch were made and served by the Girl Scouts from a table decorated by the Turquoise patrol. The Beaver patrol acted as hostesses and the Apache patrol served as entertainment committee.

Leaders of Brownie Troop Five are Mrs. John Gates and Mrs. Hazel Thomas. Troop Six leaders are Mrs. Jack Knorr and Mrs. Raymond Lamb.

Members of Troop Six who participated were: Ann Ahlvers, Sue Barton, Rosemary Dowell, Linda Fairry, Ann Higgins, Barbara Jo Houy, Roxanne Knorr, Sally Lamb, Verne Lucas, Janice Lucas, La Juana Quain, Marilyn Stout, Sara Stromberg, and Billie Dee White.

Three U.S. Presidents have been assassinated—Lincoln, Garfield and McKinley.

Jack Wallace discussed the importance of keeping accurate records and gave explanation of the livestock records and how they should be filled out.

A discussion followed about the selection of a calf for feeding. Attending the boys meeting were 17 4-H members, five visitors and the leaders, Mrs. Russell Rogers and Mrs. Orval Gray.

4-H Club Meets Tuesday Night

The Artesia 4-H Club met Tuesday night at the Methodist Educational Building.

The girls were given instruction on their Home Living and Baking projects. The leaders helping the girls were Mrs. Elsie Clark, Mrs. Jack McCaw, Mrs. James Thigpen, Mrs. Ray Zumwalt, Mrs. Clyde Champion. Fifteen girls attended the meeting.

The boys saw a movie on the raising of cotton, followed by questions and discussion.

Jack Wallace discussed the importance of keeping accurate records and gave explanation of the livestock records and how they should be filled out.

A discussion followed about the selection of a calf for feeding. Attending the boys meeting were 17 4-H members, five visitors and the leaders, Mrs. Russell Rogers and Mrs. Orval Gray.

Mr. and Mrs. Joe Bingham and daughter returned home Sunday from Andrews, Texas, where they were called Tuesday night. Mr. Bingham's son, Mervin, who had been in an automobile accident, had died before his father reached Andrews.

Lincoln Cox and Elmer Leard left Wednesday morning for Ranger, Texas with a load of Christmas trees. Mr. Cox then caught a bus and went on to Austin, where he is spending several days visiting relatives.

Mr. and Mrs. Ernest Harwell and son Ernest Ray were Christmas shopping in Artesia Thursday. The Harwells also visited with Mr. Harwell's mother, Mrs. Norma Harwell.

Ruth Ann Cox missed a couple of days of school last week due to a sore throat and cold.

Mr. and Mrs. Hezlie Powell motored to Alamogordo Sunday where they visited Mr. Powell's sister and husband, Mr. and Mrs. James Thompson, and brought Hez Powell home with them. Mr. Powell had spent the past week with his daughter.

Mr. and Mrs. Lewis Earl Netherlin of Dunken are the proud parents of a son whom they have named Mark Lewis. Mr. and Mrs. Netherlin also have a daughter, Cindy.

Charles Cleve, Bud Cleve and Edmund Runyan are spending several days in Mexico quail hunting.

Martha Leard spent Wednesday night with Shirley Cox.

Rock Hudson Proves Marriages Can Be Private In Hollywood

By BOB THOMAS
HOLLYWOOD — Hollywood's bridegroom of the year is handsome Rock Hudson, who has proven that movie marriages can be private.

This is heresy to the Hollywood publicity mill. The lives of the stars, particularly one so popular with the younger set as Rock, are supposed to be public property.

While not being as defiant about it as Marion Brando, Rock has gently rebelled against the system. He will play ball up to a certain point, but draws the line when his privacy is involved.

The success of his methods was proved Nov. 9. That was his wedding date. No one suspected he was going to get married, although he had decided last March to wed pretty Phyllis Gates, secretary in his agent's office.

"We couldn't get married then," he related, "because I had to start 'All That Heaven Allows' with Jane Wyman. After that, I went into 'Giant.' That's what delayed us so long."

He said that he and Phyllis decided on a Monday that they would get married in two days. The operation was carried out in commando-like secrecy.

An operative was sent north to Santa Barbara to scout the situation. He lined up the place for the wedding and interviewed the minister. When Rock and Phyllis drove up with a small party on Wednesday, he applied for the license under his legal name, Roy Fitzgerald. No one divulged his identity.

After the wedding was over, the necessary news sources were called, to keep peace with the studio. Then the pair vanished on a honeymoon.

They even had privacy on their honeymoon. They went to Jamaica under assumed names, the airlines playing along with their hoax.

Now they're back in Rock's small home above the Sunset Strip, and he reports that the fans haven't even bothered him there.

Each Prisoner Costs State \$1.59 Daily

SANTA FE — It cost the taxpayers \$1.59 a day last fiscal year for each prisoner at the state penitentiary.

Room, board and other expenses averaged out to a cost of \$581.20 per prisoner in the year, according to the annual prison report issued by Warden Edwin B. Swope.

Actually the cost of feeding and housing each prisoner was \$4.51 a day but that is based on the total expenditures of the prison. Using the total expenditures and an average prison population of 633, the yearly cost per convict was \$1,647.

Swope outlined in the report some of the things he has instituted at the prison since taking over as warden in February.

He said he has established a new policy of custody where minimum custody men are assigned to the farm at Los Lunas and outside the walls, medium custody men work in the tag plant, school, library and similar jobs, and close custody men are assigned to the brickyard, cellhouses and kitchen.

The warden said the practice of using heavy, wide-striped clothing as punishment, was abolished later this year. Instead, all inmates wear pin-striped white clothing or dungarees.

"We are hopeful that by the time the new penitentiary is occupied, we will be able to have an educational supervisor," Swope said.

"It is also hoped that an intensive program of rehabilitation, by providing trade-training and related subjects, will develop at the new institution; that new industries will be provided in order that inmates may be gainfully employed."

He said all convicts would be re-classified in this connection before transfer to the new penitentiary.

Doctor Claims Neutral Sex Is On The Increase

CHICAGO — A St. Louis physician said yesterday he is completely convinced a third sex—the neutral gender—is rapidly increasing in numbers.

Dr. William H. Masters said members of the third sex are "former males and females" whose sex glands fail to secrete adequate hormones during the aging process.

Although there is marked variation among individuals, he said, some women reach the stage before they are 50 and some men not until after 70. Women average 15 years ahead of men, he said.

Dr. Masters said members of the neutral gender have passed the reproductive age and suffer from senile physical and mental symptoms.

Other investigators have described them as persons developing a distinct lack of the usual characteristics of their sex. They suffer from a loss of interest in their appearance and in cleanliness.

Dr. Masters said the injection of a combination of the male and female hormones, testosterone and estrogen, brought significant improvement among 75 per cent of a group treated.

Dr. Masters of the department of obstetrics and gynecology of the Washington University School of Medicine, described the therapy in a prepared paper at the annual clinical meeting of the American Academy of Obstetrics and Gynecology.

among doctors whether the artificial administration of sex hormones is desirable as a general thing. He added, however, that the constantly increasing life span is placing more men and women into the third sex category.

Persons treated for the condition with sex hormones generally reach a plateau of improvement, but evidence of physical and mental senility returns when treatment is stopped, he said.

Simplicity With A Flourish

Lime Gelatin Party-Style

These charming Christmas tree molds are wonderful holiday treats and so decorative on a buffet table. Simply mold lime gelatin, fruit cocktail and nut meats into individual Christmas trees and garnish with whipped cream to outline the branches. There's nothing to it, yet that extra touch can make all the difference in a world of desserts especially during the merry yuletide season.

- CHRISTMAS TREE MOLDS
- 1 package strawberry-flavored gelatin
 - 1 cup hot water
 - 1 cup minus 2 tablespoons fruit juice
 - 2 tablespoons lemon juice
 - 1/2 cups (No. 2 can) drained fruit cocktail
 - 1/4 cup coarsely chopped nut meats, toasted, if desired
 - 1/2 cup cream, whipped and sweetened
- Dissolve gelatin in hot water. Add fruit juice and lemon juice. Chill and slightly thicken. Fold in fruit and nut meats. Spoon into molds. Chill until firm. Unmold. Make tree design on top of molds using whipped cream in sastry bag. Serve with remaining whipped cream and maraschino cherries for dessert. To serve as salad, garnish with crisp lettuce leaves. Makes 8 servings.

Past Presidents Parley Holds Christmas Party Monday Night

Past Presidents' Parley, American Legion Auxiliary, held its annual Christmas party Monday evening at the Veterans Memorial building, with husbands as guests.

Turkey dinner was served. The tables were decorated with Christmas greens and candles.

Members brought white elephant gifts, and they were awarded as gifts when the group played bingo.

Those present were Mr. and Mrs. K. R. Jones, Mr. and Mrs. P. V. Morris, Mr. and Mrs. Earl Darst, Mr. and Mrs. Irvin Martin, Mr. and Mrs. Pen Pior, Mr. and Mrs. Albert Richards, Mr. and Mrs. Ralph Rogers.

Also Mr. and Mrs. Ray Bartlett, Mr. and Mrs. Francis Painter, Mr. and Mrs. H. B. Gilmore, Mr. and Mrs. Jack Whitaker, Mr. and Mrs. J. L. Briscoe, Mr. and Mrs. Frank

ANDERSON GETS AWARD
CHICAGO — The American Farm Bureau Federation last night presented an award for distinguished service in agriculture to Sen. Anderson (D-N.M.).

Sen. Anderson (D-N.M.) has served a few years ago as secretary of agriculture.

Smith, Roswell, Mrs. Meryl Smith, Mrs. John A. Mathis, Jr., and D. M. Walter.

Ameche, Graham Top Ground Gainers

PHILADELPHIA (AP)—Rookie Ameche (The Horse) Ameche of the Colts and retiring veteran Otto Graham of the Cleveland Browns captured the two big offensive titles for 1955 in the National Football League. Ameche became the first fresh-

man to win the ball carrying title since Bill Paschal of the New York Giants did it in 1943 while Graham made his swan-song season with the Browns another year atop the league's passers, final NFL statistics showed today.

Ameche, former All-America from Wisconsin, lived up to his pre-season billing as he ground out 961 yards in 213 carries, an average of 4.5 yards. Howie Ferguson of Green Bay was second with 859 yards on 192 carries, also for a 4.5 average. The league's best average per carry went to Dick Casares of the Chicago Bears with 672 yards on 125 runs, an average of 5.4.

Last year's ball carrying leader, Joe Perry of San Francisco, also had a 4.5 average on 156 carries for 701 yards.

Graham tossed the ball 185 times completed 98 for a gain of 1,721 yards—an average gain per pass attempt of 9.30 and a completion average of 53 per cent. Bobby Layne of Detroit also had a 53 per cent completion average but he gained only 6.78 yards per toss.

Ed Brown of the Chicago Bears tossed 164, completed 85, gained 1,307 yards for an average of 7.97 yards per pass attempt, second best in the league. Jim Finks of Pittsburgh was the total passing yardage leader with 2,270 in 344 attempts, 168 completions, for a 48 per cent completion average and an average gain of 6.60.

Pete Pihos, retiring from the Philadelphia Eagles, finished atop the pass receivers for the third successive year with 62 catches for 864 yards and 7 TDs. He edged Bill Wilson who gained 834 yards on 53 receptions and 7 TDs for San Francisco. Harlon Hill of the Chicago Bears caught nine touchdowns, high for the league in that division.

Other leaders: Donak Walker, Detroit, scoring 96 points; Norm Van Brocklin, Los Angeles, punting 44.6 yards per boot; Ollie Matson, Chicago Cardinals, punt returns, 13 for an average of 18.8 yards; Al Carmichael, Green Bay, kickoff returns, 14 for an average of 29.9 yards, and Willard Sherman, Los Angeles, interceptions, 11 for 101 yards total.

Sooners Begin Contact Work

NORMAN, Okla. (AP)—Oklahoma's national football champions have started light contact work building up a scrimmage between the first and second teams next week and to the New Year's Day clash with Maryland in the Orange Bowl.

Center Jerry Tubbs jogged around in sweat clothes yesterday after his cast was taken off. The cast had been applied a week ago when Tubbs' knee, hurt in the final game against Oklahoma A&M, failed to improve. Tubbs will be held out of all the practice sessions in Oklahoma, but will begin working again when the team arrives in Florida.

Eldon Loughridge, senior tackle, went through a light drill without feeling effects from an injured knee which had kept him out since mid-season. Quarterback Jimmy Harris still nursed a sore shoulder.

Horned Frogs Put Stress On Defense

FORT WORTH (AP)—The Texas Christian University Horned Frogs, preparing for the Cotton Bowl game, are emphasizing their defense against Mississippi's ace quarterback, Eagle Day.

Coach Abe Martin yesterday drafted Hunter Ennis, passing ace, to impersonate Day in intersquad practice for the bowl game.

Martin sent the Horned Frogs through a short workout yesterday, emphasizing the aerial attack.

OLYMPIC TRYOUTS JUNE 29

LOS ANGELES (AP)—The final track and field trials for the 1956 U. S. Olympic Games squad will be held in Los Angeles Memorial Coliseum next June 29-30. The Olympic Games are to be held in Melbourne, Australia, Nov. 22 to Dec. 8.

Herb Score Named American League Rookie Of The Year

NEW YORK (AP)—Herb Score of the Cleveland Indians, who fanned 245 batters to set a record for most strikeouts by a pitcher in his first major league season, was named the American League's 1955 Rookie of the Year today.

The 22-year-old stylish southpaw received 18 votes in the balloting of the 24 committeemen of the Baseball Writers Assn. Three writers from each of the eight Am-

erican League cities made up the committee.

Only two other players received votes. Infielder Billy Klaus of the Boston Red Sox was picked got five and first baseman Norm Zachin, also of the Red Sox, one.

Score's streakout mark eclipsed the previous record of 227, established by Grover Cleveland Alexander in his rookie season with the Philadelphia Phils in 1911. Score, a 6-2, 185-pound fast-baller won 16 games and lost 10. He ranked fourth in earned run listings with a 2.85 average.

He was signed to a bonus contract by the Indians for an estimated \$60,000 in June 1952. He posted a 22-5 won-lost record for Indianapolis during the 1954 season, striking out 330 batters for an American Assn. record.

Klaus, a peppery shortstop who failed to make the grade in the National League after trials with the Braves and the New York Giants, was instrumental in Boston's successful season. He hit .283.

Cubs Invite Eight Young Men To Camp

CHICAGO (AP)—Eight young minor leaguers, ranging in age from 19 to 26, have been invited to train with the Chicago Cubs at their Meas, Ariz., spring baseball camp which opens Feb. 20.

Five of the rookies are on assignment from Los Angeles of the Pacific Coast League, and three from Tulsa of the Texas League.

Selected from Los Angeles: right-handed pitchers Bob Anderson and Dick Drott, outfielder first baseman Prentice Browne, infielder K. C. Wise and outfielder Eddie Haas.

From Tulsa are outfielders Dave Cunningham and Frank Ernaga and infielder Don Lauters.

Anderson had a 15 record last season with Des Moines and Drott, 10-8 for Burlington, Iowa. Browne hit .304 and led the Texas League in homers with 33 at Shreveport.

Wise batted 276 for Beaumont and Haas 323 with Des Moines. Cunningham included 30 homers and 93 RBIs in a 287 average for Des Moines. Ernaga hit .260 and 23 homers for Burlington. Lauters, a shortstop for Macon, Ga., batted 275.

Indecision Leads To Two-Car Crash

Indecision as to who had the right-of-way led to a two-car accident at the intersection of Cleveland and Third, at 8 a. m. today, which did an estimated \$200 damage to one car and \$150 damage to another, police said.

Benito Brizeno, 1016 Cleveland going east on Cleveland, and Patricia Moreno, Route 1, Artesia, driving south on Third, came to the intersection at the same time, and both cars stopped, according to police. Then both cars started across the intersection at the same time and collided, investigating officers said.

There were no injuries and no charges were filed. An estimated \$200 damage was done Brizeno's car and \$150 damage was done to the Moreno car, police said.

Police reported another accident at Third and Main Streets yesterday, day at 11:24 p. m., in which about \$90 damage was done to two cars involved, and the driver of one vehicle, Bill Britton, 912 S. Second St., was charged with reckless driving.

Police said Britton made a right turn onto Main Street off Third and collided with a car belonging to Elsie Burl Bailey, 1015 S. Sixth St., which was parked at the curb. Damages of about \$75 were done the right rear fender of the Bailey car and damages of \$15 were done the front end of Britton's car, police reported.

Sports In Brief

By THE ASSOCIATED PRESS
MIAMI, Fla. — I Geegee (\$3) won the feature at Tropical Park NEW ORLEANS — Mighty Moment (\$11.20) captured the Oak River Purse at the Fair Grounds.

SAN BRUNO, Calif. — Pappus (\$5.40) took the 6-furlong feature at Tanforan.

Fights
MIAMI BEACH, Fla. — Miguel Diaz, 150, Havana, outpointed Danny Giovanelli, 150, Brooklyn, 10.

North Carolina Coach, Staff Fired After Three Losing Years

CHAPEL HILL, N. C. (AP)—George Barclay, who earned All America honors as a guard at North Carolina but couldn't win enough games as the school's head football coach, has been released.

Athletic Director C. P. Chuck Erickson and Chancellor Robert B. House announced jointly yesterday that Barclay's three-year contract, which expires Dec. 31, will not be renewed.

At the same time, Barclay's four assistants were dismissed, leaving the way open for his successor to name his own staff.

Barclay, who came here in 1952 as assistant to Carl Snavely and took over as head coach when Snavely was fired at the end of that season, posted an 11-18-1 record in his three years.

Speculation immediately centered on Maryland Coach Jim Tatum as Barclay's successor—although university officials insist that no successor has been discussed.

Tatum only Monday reminded reporters that he had denied plans to move to North Carolina. Barclay and Tatum played together at North Carolina in the early 1930s.

Carmen Basilio Voted O'Neil Plaque As Fighter Of The Year

NEW YORK (AP)—Welterweight champion Carmen Basilio, rookie welterweight Bob Murphy of Boston and publicity man Harry Mendel today were named to receive the Boxing Writers Assn.'s three main awards.

Basilio, 28-year-old ex-Marine from Chittenango, N. Y., was voted the Edward J. Neil Memorial Plaque as Fighter of the Year.

Murphy, undefeated, 22-year-old 147-pound prospect, was chosen Rookie of the Year.

Mendel, 52-year-old former promoter, matchmaker and newspaperman, was singled out for the James J. Walker Memorial Plaque, "for long and meritorious service to boxing over a period of years."

The award-winning trio will be honored at the BWA's annual dinner Jan. 19.

Basilio, a pro eight years, won the 147-pound crown from Tony De-Marco by stopping the hard-hitting Bostonian in the 12th round of a thrilling fight in Syracuse June 10. He is unbeaten in his last 15 fights over a two-year span. His record is 48-11.

"It's a real surprise and I'm terribly happy," said Basilio when informed of the award at Waynesboro, Ga. "Whoever would have thought three or four years ago that I'd be picked for such a great honor?" Basilio is bird hunting in South Georgia.

Murphy, Army veteran of Korea, turned pro this year. The optime star high school infielder and half-back won his first 14 fights, 10 by knockouts, and showed he was ready to step up in class by holding experienced Chico Vejar to a draw in Boston last Saturday night.

Mendel, popular with sports writers, has been connected with boxing for over 45 years. He is publicity man for the International Boxing Club.

Remember When...

50 years ago
E. F. Hardcastle is proprietor of another big well this week, and it is indeed a crack-a-jack—easily the largest well in the Pecos Valley north of Artesia. It was brought in by S. A. Butler. The well is seven miles north of town, one mile south of Cottonwood.

The trustees of the Baptist Church of Artesia bought from the Board of Directors Monday the old school building in Blair Addition, and will move to the church lots on the corner of Grand and Rose avenues.

Mr. and Mrs. S. W. Gilbert, left Monday for Missouri, because of the serious illness of Mrs. Gilbert's mother.

30 years ago
The annual banquet of the Chamber of Commerce will be held Dec. 10 at the roof garden of the Artesia Hotel. The principal speaker this year is Donald MacKay of Portales.

Misses Sue and Katy Flint, daughters of Mr. and Mrs. T. H. Flint, students at the University of New Mexico, Albuquerque, were home for a short vacation.

10 years ago
Miss Katherine Walterschied was hostess Tuesday afternoon when the First Afternoon Bridge Club met at the home of Mrs. Mattie Evans and enjoyed several rounds of bridge. Mrs. J. J. Clarke won high score.

Miss Virginia Johnson, drum majorette of the Artesia High School band has been named as one of the candidates to run for "Sun Princess."

We Can Go On Forever

THE AVERAGE INDIVIDUAL or the average business firm which goes on indefinitely without the income meeting the outgo; without balancing their budget, so to speak; without being able to hold down their expenditures so that the income will take care of their costs of operation gets into trouble.

The fact is that sooner or later they are forced to go into bankruptcy or to close down their business and call it quits. This happens to a good many individuals and to a good many business firms.

There is a business principle involved—that is, a business must pay its own way whether it is operated by a firm, a company, a corporation or an individual.

The same principle applies to our government. Sooner or later there comes a day when our income must equal our outgo and there definitely is a limit to that income.

As we approach the next election we are already hearing a great deal of talk about balancing the budget; attempting to reduce taxes; and a sound economy. Such a step means some of the programs—unsound when business principles are applied—will have to be halted.

Some of them should have been halted years ago. We know we can not subsidize a business or an industry or ignore the laws of economics, including the law of supply and demand; and carry on an artificial condition year after year, indefinitely.

We also know we can not continue to carry on 'give-away' programs to other countries and peoples while we go into debt; have an unbalanced budget; and can't provide the things our own people need.

The mere fact these are good politics; they will get votes; and they will keep a certain party in office or return them to office is not sufficient reason or grounds to continue them when the need for which they were originally intended is gone and we can't afford them.

We can continue to use the taxpayers' money to hoard funds in order to make this same taxpayer pay a higher price for the things he buys and spend millions just for storage space to hold this merchandise off the market.

As we say, maybe it will win votes and help elect politicians but in the final analysis it doesn't help the majority of the people. It is time to apply the same business principles to government programs as we apply in business life.

The World Today

Two Men Named Lee Fired From CAB, CAA Positions

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON, Dec. 13—Here is an ABC on two men named Lee who lost their jobs on the CAA and CAB. Sound confusing? It is. Even telling the difference between CAA and CAB gets confusing. Now, with politics involved, things are worse.

Just keep this in mind about the two Lees before getting any deeper. One is Josh Lee; the other is Frederick B. Lee. Josh Lee, a Democrat, lost his job when his term was up; Frederick Lee, a Republican, was booted.

CAB—Civil Aeronautics Board—is a five-man board which is the big boss of civil aviation. It says what airlines get what routes, writes the safety rules, investigates accidents, and decides who's to blame for them. The CAB is answerable directly to the President. Josh Lee was a member of this five-man board.

CAA—Civil Aeronautics Administration—carries out CAB's orders through teams of inspectors, operates flying facilities such as signals and radar warnings and airport control towers, and is supposed to foster the development of civil aviation in general.

The CAA—Frederick B. Lee was the administrator and boss here—is part of the Commerce Department. This made Lee answerable directly to Secretary of Commerce Weeks.

Here is what happened: Josh Lee, former Oklahoma senator, was appointed to two six-year terms on the five-man CAB by President Roosevelt and Truman. President Eisenhower announced Dec. 8 he would replace him with another Democrat, G. Joseph Minetti of New York, when his second term ends Dec. 31.

This might not have attracted much attention if Frederick Lee had not bounded into the news about the same time. Republican Secretary Weeks forced Lee, a Vermont Republican, to resign as boss of CAA, a job Eisenhower gave him in 1954. On Dec. 10 Eisenhower announced he would be replaced by another Republican, Charles J. Lowen Jr.

The Democrats jumped on this, not so much on the exit of Democrat Josh Lee as on the firing of Republican Frederick B. Lee, but linked the two departures. The big question—not fully answered yet: Why was Frederick B. Lee forced to resign?

In a letter sent with his resignation to Eisenhower, F. B. Lee said Weeks told him they weren't getting along satisfactorily. But, Lee informed newsmen, Weeks had never told him what was wrong.

Then Weeks, undersecretary of commerce, Louis S. Rothschild, got into the act with an explanation which explained little. He said Lee was asked to quit because of an "accumulation of stresses detrimental to the sound development of civil aviation."

Sen. Monroney (D-Okla.), chairman of the Senate's subcommittee on aviation, said his group would investigate the whole thing in January.

He said Frederick B. Lee had been let out because he didn't "knuckle under" to Weeks and Rothschild so they could be the big bosses of aviation. He said Frederick B. Lee favored a big federal aid program to help build more airports while Weeks and Rothschild wanted a "railroad-slanted transportation policy." Then he took another crack at Rothschild. He said Minetti, picked by the Republicans to succeed Josh Lee on the CAB, although a Democrat, was a "buddy" of Rothschild.

The sacking of Frederick B. Lee from the CAA, Monroney said, "is all part of a pattern which included the blocking of the reappointment of Josh Lee to the CAB. Ross Rice, a Republican and chairman of the CAB is soon to be appointed a federal judge. And Weeks will have another position to fill in his grab for control of aviation."

Stormy

(Continued from Page One)

below its present level. "There would have been no use for military aid in Europe if there had been no economic aid first," he said. "The same thing applies to Asia now."

House Speaker Rayburn (D-Tex) reaffirmed his support of legislation to finance highway construction which would put the burden of the cost on road users. Conference said the Eisenhower administration still has not resolved the financing question but appears ready to abandon its previous bond plan.

Eisenhower stood firm on his flexible farm price support program, plus some additional measures he has indicated he will propose. Rayburn and Senate Majority Leader Johnson (D-Tex) plugged for a return to high, rigid supports.

Democrats were reported still at odds on the form of a school construction bill but unwilling to accept the Eisenhower bond plan in this instance.

Maryland has 1,280 miles of railroad.

Russian

(Continued from Page One)

newsmen, Bulganin and Communist party boss Khrushchev said the Soviet Union could not disarm unless the other big powers did. Until atomic and hydrogen weapons are banned "completely and unconditionally," they declared, "the Soviet Union is compelled to, and in the future will take care to, strengthen its defense capacity and produce atomic and hydrogen weapons."

The huge enthusiastic crowds which greeted the Russians everywhere on their four-week tour of India and Burma again were out to give a goodbye ovation. Touring loud-speakers and free buses swelled the outpouring along the route to the airfield and at the field itself.

"I am leaving part of my heart behind in India," Khrushchev, echoing Nehru's statement when he wound up his visit to Russia last June.

"Our entire generation will remember your visit," Nehru replied.

But the Indian Prime Minister took pains to reassure the non-Communist world, as he had several times after his Russian visitors' blasts at the West, that "our friendship with the Soviet Union is not directed against anybody."

SENATOR MORGAN 118 —P 1
Murray Morgan, state senator from Alamogordo and senate majority leader, was an Artesia visitor yesterday in the interests of his campaign for election to the state land commission.

Sen. Morgan is former owner of the Alamogordo News and is well known throughout the state.

Way Sought

(Continued from Page One)

package plan, voiced confidence the "prospects for a solution have not been exhausted and further efforts may yet prove decisive."

India's V. K. Krishna Menon, powerful Asian co-sponsor of the scheme, rallied Arab-Asian support for a request that the Assembly reconsider the question.

But most delegates held little hope the voting lines would change at the present time. Several diplomats expressed belief it would be wiser to let the stormy issue cool off before trying to reach agreement.

In all, Soviet Delegate Arkady A. Sobolev cast 15 votes. In addition to the 13 against the non-Communist states in the package proposal, he turned thumbs down on a proposal by T. T. Tsing of Nationalist China to admit South Korea and South Viet Nam.

The afternoon's work brought the Soviet total of vetos to 75 in the 10 years of the U. N.

France has used the veto twice but not against membership applications. The only other veto in council history was Nationalist China's against Outer Mongolia.

The non-Communist applicants in the package plan who lost out were Italy, Ceylon, Jordan, Ireland, Portugal, Austria, Finland, Nepal, Libya, Japan, Laos, Cambodia and Spain. The Reds were Albania, Hungary, Bulgaria, Romania and Outer Mongolia.

Ten colleges existed in colonial America—Harvard, William and Mary, Yale, Princeton, Washington and Lee, Pennsylvania, Columbia, Brown, Rutgers and Dartmouth.

Sen. Anderson, Other Democratic Leaders Ask Congress Take Direct Hand In Dixon-Yates Suit

By FRED S. HOFFMAN
WASHINGTON, Dec. 13—Democratic foes of the repudiated Dixon-Yates contract want Congress to take a direct hand in a "no holds barred" court fight against the private power group's claim for 3 1/2 million dollars in damages.

Sen. Kefauver (D-Tenn) announced yesterday he plans to introduce a resolution calling for appointment of a special counsel to fight the Dixon-Yates suit, filed earlier in the day at the U.S. Court of Claims.

Kefauver thus joined Sen. Anderson (D-N.M.), who said such a special lawyer should make certain the Justice Department puts up "no milk toast defense" against the Dixon-Yates claim. The Justice Department regularly defends the government in suits against it.

There was no immediate comment from the department. Anderson, chairman of the Senate-Atomic Energy Committee, said the proposed special counsel should also hunt for evidence of possible law violations in connection with negotiations which led up to the signing of the power contract more than a year ago.

Both Anderson and Kefauver who heads a Senate Antimonopoly subcommittee which held hearings on the contract, indicated plainly they do not want to trust the Justice Department to handle the claim case alone.

Anderson said the department had been involved in negotiations "looking toward paying Dixon-Yates money."

Kefauver said that if administration officials were "doing their duty they would have a case in court against Dixon-Yates" by this time, trying to recover some of the real damages suffered by the government through the conflict of interest which permeates this entire contract.

The Atomic Energy Commission,

Ferguson-Steere

(Continued from Page One)

August and it is not definite whether this unit will attend or not, as yet.

The organization of the local unit will consist of a company headquarters, a maintenance platoon, and three truck platoons. The company will have an authorized strength of 127 men.

Enlisted men will receive training in relation to their capacity. Practical training will be given in mechanics and truck driving, for those whose jobs demand it.

Those serving as officers in the local unit are, Capt. John E. User, commanding officer; Lt. Johnnie Ware, executive officer; Lt. Perry Burk, supply officer; Lt. Lew Pitts, public information officer, and Mack Taylor, first sergeant.

In 1624, the value of the Mayflower, the ship which took the Pilgrims from England to America, was set at \$750 because she was then in poor condition.

'I Guess We're Lucky To Be Alive!'

How-To-Do-It Book Disturbs Writer, Perspective Altered

By JIAL BOYLE
NEW YORK, Dec. 13—One of the best how-to-do-it-yourself books is at hand—and I don't know which hand to throw it from.

It destroys my whole sense of perspective. The title is, "How to Gain an Extra Hour Every Day."

The reason I don't dare throw it from either hand is that just by looking at it my whole life has changed. I started to throw this book away with the left hand, and now I've determined to go back to the starboard muscle. With it I can hurl further. But I am confused. Thereby I've gained a minute—and, frankly, I don't know how to invest it.

I hate to have this minute to astray in the long horology of time. But I really don't know what else to do with it.

That's my trouble. Most of the people I know don't find enough time to do half the things on their minds. I find I have more than double the time on my hands to do the things on my mind. Except for one thing, that is—and that's to loaf.

I always run out of loafing time, which to me is thinking-time, growing-up-time, getting-away-from-it-time, getting-back-to-you- however - you - are - time.

Naturally, when I think about serious problems like these I'm not really loafing. I'm ordinarily just getting drowsy, as I lean tiredly against my tall friendly Irish wolfhound and wave hello to guests coming across the meek drawbridge of my existence.

This volume about "How to Gain an Extra Hour Every Day" is written by Rap Joseph, triple threat career man himself—author, public relations specialist and home-maker, here and in South America.

This book opens a new world to me, and I want to get out of it. But it fascinates me and gives me a sense of guilt.

On its cover the book says "The things he really wants to do." And more opportunity also. It offers 243 time-saving techniques, developed by "scores of America's best-known, busiest people."

It tells, for example, how "Stan Goldwyn breaks up those long time-wasting luncheons by discussing business before eating." It doesn't go into the question of who's able to eat when the discussion is over.

The book also tells how President Eisenhower "has learned to bathe, shave, and dress in 20 minutes or less—almost 10 to 15 fewer than most men—but using a routine developed over his many years as a military man."

Former President Harry Truman shares with Gen. Eisenhower this talent of being a fast morning dresser.

But I like Joseph's description of how the former British prime minister safeguards his hours against waste.

"Sir Winston Churchill," he points out, "does half his day's work in bed; gets added rest while accomplishing twice as much in half the previous, constantly interrupted office time."

This is the soundest of all Mr. Joseph's 243 different ways to save time. The gamble is great but the possible reward is fascinating.

Who wouldn't dare the possibility of unemployment if by saving half of every day a fellow might hope to become prime minister of England?

The problem of how to pile an extra hour every day wouldn't seem so bad if a man could spend it in bed admiring other people.

LEGAL NOTICES

NOTICE

STATE ENGINEER'S OFFICE Number of Application RA-1503-D & RA-2088-Combined, Santa Fe, N. M., November 25, 1955.

Notice is hereby given that on the 23rd day of November, 1955, in accordance with Chapter 131 of the Session Laws of 1931, Parker B. Ramsey of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change place of use of 45 acre feet of shallow ground water per annum by abandoning the irrigation of 15 acres of land described as follows:

Subdivision NE 1/4 NE 1/4 NE 1/4, Section 31, Township 16S, Range 26E, 10 Acres; Subdivision E 1/2 NW 1/4 NE 1/4 NE 1/4, Section 31, Township 16S, Range 26E, 5 Acres; and commencing the irrigation of 15 acres of land described as follows:

Subdivision Pt. NW 1/4 NW 1/4 NE 1/4 Section 31, Township 16S, Range 26E, Subdivision Pt. SE 1/4 NW 1/4 NE 1/4 NE 1/4, Section 31, Township 16S, Range 26E, 6.5 Acres.

No additional rights over those set forth in License No. RA-1503-D & RA-2088-Combined are contemplated under this application.

Appropriation of water from all sources combined not to exceed a total of 3 acre feet per acre per annum.

The 15 acres to be moved from to be dried up to further irrigation from shallow ground water.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing to the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 28th day of December, 1955.

S. E. REYNOLDS, State Engineer. 11/30-12/7-14

Aircraft propeller blades are usually made of hollow forgings of alloy steel containing one to two per cent nickel.

ARTESIA BUSINESS AND INDUSTRIAL REVIEW

Survey Shows Christmas Sales Setting Records Across Nation

NEW YORK (AP)—Christmas shoppers in Baltimore are buying handbags at \$100 each. In Dallas, they're splurging on live Mexican burros with carts. Merchants along New York's Fifth Avenue say diamonds and mink are "selling like crazy."

That's the pattern of Christmas buying this year. An Associated Press survey shows pre-Christmas retail trade in two dozen major cities smashing records right and left. People are spending more freely than ever before. And their preference seems to lean toward gadgets, gimmicks, luxury gifts and frills, rather than "practical" items.

Confidence that this year's Christmas volume will top the record levels of a year ago is evident from San Francisco to New York, and Boston to Atlanta.

"We're ahead about eight per cent," says President Herbert Wilson of Emery, Bird Thayer Co. of Kansas City.

"Business is excellent," declares John P. Murphy, president of Higbee's, Cleveland. M. H. Segner, vice president of Seattle's Bon Marche, describes business as "very, very good—so far, it's 10 per cent or more ahead of last year."

A Los Angeles retailer finds shoppers "not just looking; they're buying. And they're buying good merchandise all the way down the line."

Booming employment and high wages are boosting Christmas trade in many of the nation's great industrial centers. Pittsburgh is "3 to 10 per cent ahead of normal."

J. W. Vandien Bosch, business analyst for the Cleveland, Ohio, Chamber of Commerce, says heavier Christmas sales are expected because payrolls in the Greater

Cleveland industrial area for the final quarter of 1955 are up about 35 million dollars from a year ago.

Here and there, you'll find shoppers curbing their Christmas spending. A New Orleans department store official notes that "shoppers are a little more cautious this year. . . Credit is a little tight." And a survey by the Los Angeles Mirror-News shows that families in the \$3,000 to \$5,000 income bracket are buying less for Christmas than a year ago. Reasons include: new babies, medical bills, payments on new homes, higher property taxes. Higher income shoppers are spending lavishly, however, and many Los Angeles merchants see new records coming up.

Free spending is the rule this year in the Carolinas. An AP shopping survey finds Carolina customers "plentiful, eager and loaded with money or ready credit."

New York's glittering shops are gunning for new records. Macy's says its business is "going according to plan, or about 5 per cent ahead of last year."

If you're for off-trail gifts, you'll find a wide assortment. Neiman-Marcus in Dallas is selling quilt claims to real estate on the moon "for people who have everything on earth." Macy's New York is advertising "things you never knew existed." They include: a fur dust mitt for mother, a commuter's coffee pot which plugs into the dashboard, a whistle that attracts squirrels, a shaving brush especially designed for men with handlebar mustaches, a hair brush for bald heads.

Black, Starr & Gorman, Fifth Avenue jewelry store, offers a combination whisk broom and shoe horn for \$10. Also featured on New York gift counters: mink-trimmed toothbrushes, jeweled flyswatters, beer can openers trimmed with ermine.

SOX SLUGGER SIGNS
CHICAGO (AP)—George Kell, the Chicago White Sox' leading hitter last season, yesterday signed his 1956 contract. The 33-year-old third baseman and 12-year American League veteran batted .312 in 1955 and drove in 81 runs.

Safe driver Frank Welch looks on as H. O. Hodson, Southwest Public Service Company vice president, presents National Safety Council plaque to Glen Chase, superintendent of company's construction department. 47 employees drove heavy duty truck fleet of 32 vehicles 375,000 miles without single accident winning national first place in competition with 20 other utility truck fleets over the year.

Detroit Finding It Hard To Get Along Without Newspapers

DETROIT (AP)—Detroit is trying to get along without its three regular daily newspapers, but it isn't easy.

The stereotypers' strike that has paralyzed the presses of the Detroit News, the Detroit Times and the Detroit Free Press ended its second week today.

Most people have turned to stepped-up radio and television newscasts, or to four or eight-page local emergency papers.

The struck newspapers have continued collecting local news through a jointly operated hotel newsroom. They provide it to radio and television stations without cost.

Swamped by a windfall of local advertising, the stations have canceled some of their national programs for local shows punctured with commercials.

Retail stores, without newspaper advertising, report Christmas business falling short of anticipated record levels.

Advertisers are turning to other media. Neighborhood weeklies have expanded. A foreign language newspaper switched to English pages. A strike-born union newspaper and "throwaway" shopping guides have appeared.

Out-of-town newspapers and all kinds of magazines sell faster than usual.

The effect of the strike on retail trade since Dec. 1 is difficult to measure. Some stores say sales still are running ahead of last year. But most say they were anticipating even higher increases over 1954. Other stores say sales are

Two Men Deny Bar Disturbance

TWO Mexican Nationals pleaded innocent in police court today to disturbance charges and trial was set for 4 p. m. Thursday. Bond was set at \$25 each.

The men, Pedro Valenzuela, 29; and Joe Gomez Pacheco, 32, were arrested at 11 p. m. yesterday following a disturbance at the Owl Bar.

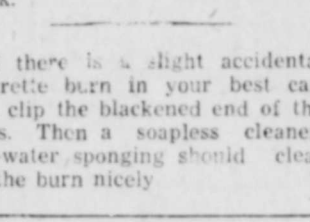

Police were called to the Artesia Motel today at 12:48 a. m. to investigate a report by J. B. Wood, stopping at the motel, that some men he worked with had come in drunk and started a disturbance.

Investigating officers reported that Wood had hit another man, J. E. Crow, who was staying with him at the motel, across the forehead with an automatic pistol.

Neither man would file charges against the other, officers reported.

A-PISTOL LIGHTS 75,000-WATT BULB

REVERE AND SAM LITTLE, direct descendants of Paul Revere, show how they turned on the world's largest light bulb using atomic energy at the Atomic Congress and Exposition in Cleveland. The 75,000-watt bulb was lit after gamma rays from the pistol hit the geiger counter at right. The atom pistol was made by Dr. John R. Dunning, Dean of the Engineering School, Columbia University.

off considerably as compared with a year ago.

Attendance is reported below normal at sports events, movies and other entertainment lacking the usual newspaper publicity.

Federal and state mediators reported last night at the end of a 2 1/2-hour bargaining session tentative agreement had been reached on all points except wages.

State Magazine Charged With Being Partial

SILVER CITY (AP)—The Silver City - Grant County Chamber of Commerce has forwarded a resolution to Gov. John F. Simms charging that "New Mexico Magazine is not equitably and fairly publicizing all areas of the state."

Chamber of Commerce Chairman Harold Welch said the resolution was passed Oct. 24 and said that it does not result from the recent controversy between Sun Trails Magazine of Albuquerque the state - supported New Mexico Magazine.

"But it has certainly been stimulated by recent developments," Welch said.

Welch said that the resolution urged Simms to take action that would result "in New Mexico Magazine equating or surpassing publicizing of neighboring states."

Chamber of Commerce President Melvin Porterfield said in a letter to Simms, which was sent along with the resolution: "The time has come for strong action to make New Mexico Magazine a more worthwhile investment for the people and taxpayers of New Mexico."

Two Men Deny Bar Disturbance

TWO Mexican Nationals pleaded innocent in police court today to disturbance charges and trial was set for 4 p. m. Thursday. Bond was set at \$25 each.

The men, Pedro Valenzuela, 29; and Joe Gomez Pacheco, 32, were arrested at 11 p. m. yesterday following a disturbance at the Owl Bar.

Police were called to the Artesia Motel today at 12:48 a. m. to investigate a report by J. B. Wood, stopping at the motel, that some men he worked with had come in drunk and started a disturbance.

Investigating officers reported that Wood had hit another man, J. E. Crow, who was staying with him at the motel, across the forehead with an automatic pistol.

Neither man would file charges against the other, officers reported.
