Cage Falls 230 Feet At Potash Mine—Two Dead

By The Associated Press
A cage carrying five men plunged 230 feet to the bottom of a shaft in a new potash mine one quarter mile east of the Eddy County line, today, killing two.
Project engineer James A. Lilly reported there were two known dead and three others who obviously were seriously injured.
McKenzie-Whittle, the company drilling the shaft, refused to issue any information at the site.

BULLETIN
One of the men killed in the accident at the National Potash Company mine this morning was identified as Billy J. Littlefield, of Carlsbad, nephew of Mrs. Charles Ransberger, of 301 Richardson, Artesia.
Two men were taken to the St. Francis Hospital in Carlsbad. They were identified as Bill Jurney, in serious condition, and Dick Morris, whose condition was considered "good." Both were from Carlsbad. At least two other men were reported still in the shaft at midday.
State Mine Inspector John Garcia said Project Engineer James A. Lilly told him a mechanical failure caused the working cage to fall from the 370-foot level to the 600-foot level.
Garcia added that in response to a question Lilly told him a safety crosshead which the inspector had ordered installed last September was not being used at the time the accident took place.
The crosshead was installed as directed above the cage and was being used at the time of Garcia's last inspection, on Oct. 26.
"It would have kept the cage from dropping more than 10 feet at the most," Garcia said.
New Mexico's last fatal mining accident occurred in June, 1954.
The shaft is being sunk for the National Potash Co.
The mine mishap occurred at the site of two shafts being sunk for National Potash Co. about one mile north of U. S. 180 at a point 40 miles west of Hobbs. The site is about a quarter mile inside Lea County, east of the Lea-Eddy County line.
McKenzie & Whittle are sinking two holes. Each is concrete lined and 15 feet in diameter and 300 feet apart on a north-south line. The shafts started on April 22, 1955, will be taken down 1,000 feet to the potash deposit. The shaft had reached 134 feet by last August 7.
Garcia quoted Lilly as saying the shaft of a sheave wheel broke. This is the mechanism which holds the cable to drop, and as it dropped the cable also broke, Garcia was told.
The mine inspector planned to leave immediately for the scene.

Issues May Make Or Break Hopes Of Many Candidates

WASHINGTON, AP—The 84th Congress today convened its second session which will draw the issues—and perhaps make or break hopes of potential candidates—in the 1956 presidential election year.
The lawmakers gathered in an atmosphere of post-holiday joviality, but they were already jockeying over such vote-important questions as a farm program—titled No. 1 by both parties—tax reduction, foreign aid and highway building.
And the Democrats in control of the congressional machinery, were talking more about investigations, commonly an enthusiastic pastime of election years.
House Democratic leader McGarmack, Mass., said he thought his party should center its investigations on "control of government by big business."
"This administration is dominated by big business," McGarmack told reporters, "and I think the public should know the extent to which big business has taken over."
Traditionally, the Congress conducts no legislative business until it received the President's annual State of the Union message.
President Eisenhower, recuperating at Key West, Fla., from his Sept. 24 heart attack, will send the message to the Capitol on Thursday. It will be read by clerks.
Eisenhower will return to Washington next weekend. At present, he has scheduled no personal appearance before the legislators.
Once again, the session will put to a test the question of how well a Republican administration and a Democratic-controlled Congress can work together.
The Democrats outnumber the Republicans 49-47 in the Senate and 230-203 in the House. Two House seats are vacant. They were held by Democrats.

Eden Calls Cabinet To Meet Crisis

LONDON, AP—Prime Minister Eden called his Cabinet today to discuss the growing crisis in the Middle East and to consider Laborite demands for parliamentary debate on the government's policy of selling arms to Arabs and Israelis.
Eden assembled his minister after meeting Labor party leader Hugh Gaitskell and turning down a Socialist request that he invite the Kremlin to help maintain peace in the explosive Middle East.
The Cabinet meeting preceded an emergency conference tomorrow between Foreign Secretary Selwyn Lloyd and British ambassadors to eight Middle East countries who were suddenly ordered back to London.
Accompanying the flurry of diplomatic activity was a warning by Israel's Premier David Ben-Gurion that Israel must be ready for imminent war with her Arab neighbors. Ben-Gurion told his Parliament, however, that was not "unavoidable."
Britain's press kept up a barrage of criticism against the Eden government over revelations that old British tanks and other surplus World War II goods have trickled through Belgium to the Middle East.
The government issued a statement pledging anew to do all in its power to prevent a Middle East (Continued on page four)

Optimism For Settling Phone Strike Noted

SAN ANGELO, Tex., AP—Both union and company representatives express optimism over reaching an agreement in the strike against the General Telephone Co. of the Southwest, including Carlsbad and Hobbs.
Negotiations were suspended yesterday as both sides worked on various phases of the dispute. There were no formal sessions but it was reported that company and union officials conferred frequently by telephone.
"It looks pretty good," F. W. Hamper, industrial relations director for the company, said.
"I definitely think some progress is being made," R. W. Staley of Dallas, international representative of the Communications Workers of America, said.
At midnight Saturday employees walked off their jobs in Texas and four other states with the expiration of the contract.
The strike director, Jack Limbroth, said the strike was 95 percent effective, although there were some isolated spots in all five states where union members stayed on the job.
The union claims 2,300 members. The company said that it made payroll deductions for union dues from only 1,700.
The company said it was main taining service at all points. Company supervisory personnel were flown from San Angelo to points where they were needed to manage exchanges in Texas, New Mexico, Arkansas, Louisiana, and Oklahoma.
An "area wage differential" which the union wants eliminated has been the basic point of disagreement. The hourly wages for switchboard operators ranged from 7 cents an hour in small towns to \$1.39 in San Angelo and Texarkana.
Basic wage increase, full pay for on the job injuries, company-paid health insurance, and a modified no-strike clause are other issues.

Artesia Ends Fifth Year Minus Fatality

Artesia today was in the midst of its 2,067th day since its last traffic fatality after completing a fifth full consecutive year without a death on its streets.
The feat made the city eligible for another plaque from the National Safety Council citing its outstanding record.
The last death in the city occurred in May of 1950 when a small child was struck by a truck near its home.

Fatality - Free Days In Artesia

2,066

A recent check was held over the state in the belief that the city had compiled the longest fatality-free record in New Mexico. However, Portales came up with an even longer period.
A pleased Chief of Police Frank Powell today expressed his gratitude to drivers and pedestrians for the record and called for continued care "so next year we can complete a sixth straight 12-months without a death on our streets."
Meanwhile, one mishap was reported by police.
The latest holiday accident in the city occurred Sunday at 2:40 p.m. at the intersection of Bullock and Eleventh when a car and motor scooter collided, doing an estimated \$100 damage to the two vehicles.
A car driven by Charles Knidier, Englewood, Colo., and a motor scooter ridden by Ronnie Loyd, 14, of 1204 Mann Ave., collided and damaged the car to the extent of about 40 and the scooter \$50.
The car was going west on Bullock and the scooter south on Eleventh at the time of collision.
Loyd was cited for having no driver's license, police said. No injuries were reported.

A. C. Roberts Dies Suddenly At Hospital

Funeral services will be conducted at 2:30 p. m. Wednesday from Paulin Funeral Chapel for A. C. (better known as "Wig") Roberts who lived in the Oil Field, 28 miles northeast of Artesia. Roberts was born in Meridian, Texas, July 16, 1898, and died suddenly at 3:15 a. m. Monday at Artesia General Hospital.
He married Rose Elizabeth Edwards, Nov. 5, 1924 in Meridian, Texas, and came to Artesia in 1940 from Arizona. He was a tool-dresser in the oilfield.
The Rev. J. H. McClendon will be in charge of the funeral services. Burial will be in Woodbine Cemetery.
Survivors are his widow; one daughter; two grandchildren; four brothers, Dick and Dilley, Texas; Bernard of Woodland, Calif.; Morris of Pampa, Texas; and Jack of Arlington, Texas; and two sisters, Mrs. Viola Alford, San Angelo, Texas, and Mrs. Sue Gunnells, of Amarillo, Texas.

Police Probe Thefts From Artesia Homes

Artesia police today continued to investigate thefts that occurred from two different homes on Hermosa Drive during the past week. A search was continued for a blond teenage boy reportedly seen by neighbors leaving by the back gate to the yard of one of the residences.
A Winchester model 70 rifle with recoil pad and sling was reported taken from the home of Harmon Bush, 1504 Hermosa, along with \$11 from a drawer, sometime during the past week.
G. P. Ivers, 1104 Hermosa, reported the theft of a small bank containing \$10 or \$12 from his home while he and his family were away for the holidays.
A teenage boy was seen leaving from the rear of the Ivers home during their absence. Police have not yet identified the suspect.

KEFAUVER CLUB FORMED

ALBUQUERQUE, AP—Robert H. LaFollette, Albuquerque attorney, is opening a Kefauver for President Club in Albuquerque. LaFollette, a personal friend of the Tennessee senator, said he hopes to enlist enough members to impress delegates to a state convention which will name delegates to the national Democratic convention.

Shaky Years Ahead For France As Faure-Mendes France Split

PARIS, AP—France today looked forward to more years of shaky coalition governments as the rival moderate factions of Premier Edgar Faure and ex-Premier Pierre Mendes-France split the majority of returns from the National Assembly elections.
The Communists and Pierre Poujade's tax rebels piled up unexpected gains. The Reds actually were running slightly behind their 1951 popular vote, but the moderate split-breaking up anti-Red alliances successful in 1951. With returns in for 500 of the 544 seats filled in European France, these were the major Assembly standings from the voting yesterday:
Faure's right-center coalition—170.
Mendes-France's leftist "Republican Front"—140, including 81 for the Socialists.
Communists—135, already 36 more than the 99 they held in the last Assembly.
Poujadists—46, a lot more than the 4 to 8 observers had conceded them before the voting. They had jumped to prominence only last year with their leader's campaign against paying taxes.
An estimated 25 million voters turned out, a record for France.
Faure at once called for a reunion of his forces with those of Mendes-France to rebuild the moderate coalitions which have governed France since 1947. But there was no immediate echo from Mendes-France, a close associate of Faure until they split last year.
"The first results of the vote," Mendes-France said in a statement, "confirm the discredit into which the outgoing majority has fallen."
With no faction anywhere near a majority of the Assembly membership, three possibilities of a coalition seemed likely:
1. Faure or one of his friends—perhaps Foreign Minister Antoine Pinay—might lure enough Mendes-France supporters to make up a Cabinet team.
2. Mendes-France might work the same maneuver on the Faure-Pinay forces.
3. Mendes-France might yield to Communist pressure and take them into a "popular front" Cabinet. He has said he would not seek Red support, but some of his friends thought this might become inevitable.

FIRE DESTROYS press box structure at Morris Field in an 8:37 a. m. blaze today. The fire started in a shed beneath the press box and swept through the structure before men could get water to it. (Advocate Photo)

Fire Destroys Press Box at Morris Field

Fire of undetermined origin destroyed the press box, a large room, and damaged two sections of bleachers at Morris Field, home of the Artesia Bulldog football team, at 8:37 a. m. today.
Vernon Mills, superintendent of schools, declined to estimate the damage, but said the press box structure and the storage room were completely lost and that the two sections of bleachers would probably have to be replaced.
Mills said that some field equipment stored in the room, including a \$500 blocking machine, was also destroyed by the blaze. The entire loss is covered by insurance, Mills said.
Dr. C. A. Stryjewski, 301 W. Missouri, discovered the blaze as he drove by, and called firemen. Dr. Stryjewski said that when he first saw the fire it was confined to the storage room beneath the press box. It spread rapidly through the rest of the structure until the whole thing was a mass of fire by the time firemen arrived and got water to bear on the flames.
Mills said that the cause of the fire was undetermined but that it could not have started from faulty wiring as electricity was turned off. He said that no authorized personnel were working around the stands at the time and that it was probably started by someone (Continued on Page Four)

March Of Dimes To Get Underway Here Saturday

The Artesia March of Dimes campaign will kick off here Saturday at 10 a. m. with both the High School and Junior High School bands playing at the corner of Fourth and Main Streets. Mrs. Bill Keyes, publicity chairman for the campaign, said today.
Volunteer campaign workers will solicit dimes on the streets and in public places during the day. Mrs. Keyes said.
No definite goal has been set for the 1956 campaign. Mrs. Keyes said, other than to attempt to beat last year's figure, which amounted to over \$10,000.
The March of Dimes campaign is to carry on through the month of January. A complete schedule of activities for the drive is not available at the present time, Mrs. Keyes said.
Nationally the "March" runs from today through Jan. 31.

S. L. D. Lockhart To Be Buried In Roswell Monday

Funeral services will be conducted at 2:30 p. m. Wednesday at Lucas Funeral Home Chapel here for Mrs. Lottie Davis Lockhart, who died in Artesia Monday.
Mrs. Lockhart was born Dec. 1876 in Texas. Her husband preceded her in death in April, and is buried in Roswell. The family came to New Mexico in 1900 and ranched near Tucumcari. Mrs. Lockhart moved to Roswell in 1927 and established a farm near Arthur and maintained their home there.
Her husband, minister of the Methodist Church, will officiate. The pastor who conducted funeral services for her was Clyde Keith. (Continued on Page Four)

Weekend Traffic Toll Sets Record For Same Period But Is Far Short Of Christmas Toll

THE ASSOCIATED PRESS
Weekend traffic deaths set a record for a three-day New Year holiday period.
The total was far short of the recent Christmas holiday toll and was lower than the toll for a non-holiday test period. The final tabulation for the New Year weekend, including deaths, today showed 356 deaths, 72 deaths in fires and 72 in the miscellaneous class. The overall toll was 500.
The traffic toll for the period began at 6 p. m. (local time) and ended at midnight today. It broke the three-day record of 317. The toll also surpassed the holiday New Year period record of 317.
The toll failed to approach the record for any holiday period—809 total compiled during the Christmas holidays. The toll was well under the 420 deaths of the recent Christmas holiday. The toll was well under the 420 deaths of the recent Christmas holiday.

Thomas K. McCarter Takes Bride In Las Cruces Rites

Miss Sharon Lynn Vipond, daughter of Mr. and Mrs. Glenn Vipond of Las Cruces, became the bride of Thomas Kirk McCarter, son of Mrs. Nina McCarter of Artesia, Wednesday, Dec. 27, at St. Paul's Methodist Church, at Las Cruces. The Rev. Nelson Wurgler officiated at the double-ring rite. Vows were repeated before an altar backed with gladioli in pastel shades, evergreen and branched candelabra holding white tapers. Miss Ruth Nees played an organ prelude and the traditional wedding marches.

Given in marriage by her father, the bride wore a gown of pastel pink delustered satin fashioned in a princess mode with bolero of Chantilly lace. She wore a small French velour hat of pastel pink with brief veil and carried an orchid atop a white prayer book.

Miss Bobbie May Brandberg was maid of honor, and Ed Foreman served as best man. Candelighter was the bride's brother, Bernard Vipond, and ushers included Joe

Watkin, Howard Price and William Vipond, brother of the bride. Miss Brandberg wore rose delustered satin, with wide ballerina skirt.

Mrs. Vipond chose for her daughter's wedding an airline blue crepe with tucked bodice and wide skirt. Her corsage was of red roses.

Mrs. McCarter wore a sheath dress of black and gold taffeta, with small gold hat and a corsage of pink carnations.

Following the ceremony, a reception was held at the Town and Country. The bride's table, draped with pink net was centered with a double-ring cake, garlanded with roses in shades of pink.

Cake was served by Mrs. William Caldwell, assisted by Miss Joan Rooker and Miss Dacie Custer presided at the punch bowl.

The guest book was in charge of Miss Lorraine Cochran.

When the couple left on a wedding trip to Mexico City and Acapulco, the bride wore a suit of

DAR Hears Talk On Americanism By Bill Dunnam

Bill Dunnam spoke on "Americanism" at a meeting of Mary Griggs chapter of Daughters of American Revolution Monday evening in the home of Mrs. Cecil Waldrep.

The meeting was opened in ritualistic form by Mrs. Paul Francis, regent.

Mr. Dunnam pointed out the threats of Americanism—such as communism, extreme liberalism, organizations masking under patriotic names. He stated without the constitution and Bill of Rights Americanism would not exist, adding "Our greatest blessing under Americanism is that we have spiritual freedom with no persecution from leaders." He also pointed out the material blessings under Americanism.

A short business meeting followed the program, and it was announced the area observer corp meeting in December.

Refreshments of fruit cake topped with whipped cream, nuts and coffee were served.

Those present were Mrs. John Cochran, Mrs. Harold Kersey, Mrs. Jack Knorr, Mrs. D. M. Schneberg, Mrs. W. I. Trembley, Jr., Mrs. Cecil Waldrep, Mrs. Paul Francis, Mrs. Hollis G. Watson, and Mrs. Shirley Justice.

Star Of 'Marty' Named Top Actor By Drama Critics

By BOB THOMAS

HOLLYWOOD (AP)—One evening last week Ernest Borgnine answered the telephone at his Van Nuys home.

"Congratulations!" said the voice at the other end. "You have just been voted the best actor of the year by the New York movie critics."

"That's nice," said Ernie.

Later he and his wife were sitting before the television set, as is their nightly custom. "Do you realize what happened?" she asked.

"Yeah," he replied, "and it scares me."

You can understand why he was flabbergasted. Two years ago, he was just another struggling actor having fair success at earning a living. Then came Fatso in "From Here to Eternity." That turned him into one of Hollywood's busiest character actors.

"Marty" changed his life again. This time he emerged as a star. The New York critics' prize is one of many honors that have come to him and the picture.

"I was floored," said Ernie after he had some time to recover.

"It's more amazing when you consider that I was up against some really top actors like Alec Guinness, James Cagney, Frank Sinatra and James Dean."

"The Academy? I can't even think of it. I've already had the frosting on my cake."

Ernie has that rare quality in Hollywood: genuine humility. It's not the phony kind of modesty you generally find here. He never ceases to be grateful for the help he has been given or to be amazed at the success he has made.

There is no evidence that success has spoiled him. He still lives quietly with his wife and their daughter, 3 1/2, in their seven-room valley home. He paid \$23,500 for it, he reports.

One of his wires of congratulation said: "Better tear out the rose garden and put in a swimming pool." But Ernie rebels at that symbol of Hollywood success.

"I've got air conditioning," he said. "That should keep us cool in the summer."

SHISH KEBAB

Ingredients: 2 pounds boneless tender lamb (cut in chunks about 1 1/2 by 1 1/2 inches), 3 tablespoons peanut or olive oil, 1 medium sized onion (coarsely grated), 1 bay leaf or 2 large cloves garlic (minced), 4 small onion (peeled and quartered), 2 medium-sized tomatoes (each cut in eighths), 1 large green pepper (seeded and cut in about 12 squares).

Method: Cut off most of excess fat from outside edges of lamb chunks. Mix oil, grated onion, bay leaf and garlic in a flat container; roll lamb chunks in mixture in container; cover tightly and refrigerate 2 to 3 hours. At serving time, alternate on 4 large skewers, the lamb, onion and tomato wedges and green pepper squares. Broil quickly until browned, turning, and just cooked through. Make a small slit with a sharp knife in one of the kebabs to test doneness. To serve, remove meat and vegetables from skewers on plates so meat can be removed individually at the table. Makes 4 generous servings.

Note: When you are planning to serve leg of lamb, part of it may be cut off and used in this recipe.

Cooked Vegetable Salad

DEVILED HAM AND CHEESE ROLL

Ingredients: 6 butter-flake rolls, 1 can (3 ounces) deviled ham, cup (1-4 pound) light packed grated cheddar cheese, 3 tablespoons mayonnaise, onion salt, finely grated onion (pulp and juice).

Method: Separate top sections rolls with fingers or small sharp knife, but do not cut all the way through to bottom so rolls will remain intact. Stir together deviled ham, cheese, mayonnaise and onion salt. Spread mixture over inside of cut sections rolls. Place in moderate (350 degrees) oven until browned on top and heated through—12 to 15 minutes or longer. Serve hot.

PALACE DRUG Monthly News

A Message from Palace Drug Store and Employees

THE PRACTICE OF MEDICINE has changed greatly since the days when Doctors visited their patient in a horse and buggy. Physicians then used to carry a few drugs in their bag which they gave, even though the same medicines seemed to be used for every ailment.

IT DIDN'T MAKE TOO MUCH DIFFERENCE because there were very few drugs known then that could accomplish a positive result. The most important things a physician could do were to diagnose the condition, offer some medicine to ease distress, and give his valuable advice on how to take care of one's self while slowly waiting to get better.

BUT NOW WE HAVE THOUSANDS of new medicines, we know them, that can be depended upon to not only give relief, but often, almost a miraculous overnight cure. Slowly, but surely, we are perfecting specific drugs that will treat specific diseases. We would take a physician's bag, the size of a prescription department to hold all we now have.

ONE OF THESE MEDICINES, your physician knows which will help you most if sickness invade your home. In our prescription department are these thousands of different medicines. Your modern physician knows he is no longer limited by the few drugs he can carry in his bag or office.

Field Goal Gives Spartans Rose Bowl Win

MSU End Hits With Seven Seconds To Go

PASADENA, Calif. (AP)—Sophomore end Dave Kaiser hadn't connected with field goal for Michigan State before, but with just seven seconds left in the Rose Bowl game yesterday, he boomed the 41 yards to give the Spartans the 17-14 victory over UCLA.

The last previous time MSU controlled the ball, fullback Jerry Planutis had tried a field goal but missed. Many of the 100,809 spectators thought it was Planutis making another attempt. But Coach Duffy Daugherty fumbled on Kaiser, a 203-pounder who needs to wear contact lenses. There was 1 minute and 34 seconds to play after Planutis missed his attempt. UCLA had the ball in its 20. Then came a 15-yard penalty for coaching from the sidelines. Next halfback Ronnie Knox threw a desperation pass and a penalty for an ineligible receiver on the field moved UCLA back to its 11.

MSU, on the 19, sacrificed five yards on a penalty to trot in a substitute with the kicking toe. It was Kaiser's third field goal try of the season and the first that connected. The ball was placed upon the 31 and had to carry an extra 10 yards to the goal posts.

The victory was the Big Ten's ninth in 10 games since the pact with the Pacific Coast Conference was signed.

Knox punted and Spartan Clarence Peaks was hit before he could catch the ball. Another 15-yard penalty.

Extra Point Gives Mississippi 14-13 Bowl Victory Over TCU

DALLAS, (AP)—A jarring tackle on the first yard and a 25-yard run by talented Eagle Day, the quarter Cherokee Indian lad, were most important happenings in the Cotton Bowl yesterday. They gave Mississippi a 14-13 victory over Texas Christian and handed Coach Johnny Vaught his first major bowl victory in three tries.

The tackle was put on by Dick Goehe, huge Mississippi lineman, and it sent Chuck Curtis, the Texas Christian quarterback who had been the heart of the offense, to a hospital for repairs. It sorely crippled TCU for its battle with the Rebels.

Day, voted outstanding back of the game, cut loose with the 25-yard run with less than 4 1/2 minutes to go and it set up the touchdown that gave Mississippi an upset triumph.

TCU was leading 13-7 at the time, however, and there didn't seem to be too much to worry about. The Frogs threatened repeatedly in the third period and the Rebels were getting nowhere.

Georgia Tech Beats Pitt On Disputed Play

NEW ORLEANS (AP)—Georgia Tech is wearing its fourth Sugar Bowl crown at a jaunty angle today, caring little about the arguments over the touchdown in its 7-0 victory over Pittsburgh.

The first break came when Pitt quarterback Pete Newt fumbled and Tech guard Allen Ecker recovered on the Pitt 32 in the first quarter. The second came on the next play, when quarterback Wade Mitchell tossed toward end Don Ellis in the Pitt end zone.

Officials ruled that Pitt defensive back Bob Grier, the first Negro to play in the Sugar Bowl, pushed Ellis. They penalized Pitt for pass interference and placed the ball on the Pitt 11.

Grier, sobbing in the dressing room, told newsmen the penalty "should have been called the other way. He pushed me from behind, that's why I fell forward."

Pat Marcune Stopped By Peppy Berrios

NEW YORK (AP)—It was the old story of the ring in St. Nicholas Arena last night when Peppy Miguel Berrios of Puerto Rico stopped fading Pat Marcune of Brooklyn in 1:52 of the eighth round of a television 10-rounder.

Berrios, an ambitious 23-year-old, throws leather in clusters but isn't rated a hard puncher. Marcune traded blows with his younger and shorter rival through most of the fight but was tiring noticeably when he was felled for the long and final knockdown in the eighth.

Juniata's Long Winning Streak Ended In Bowl

ORLANDO, Fla. (AP)—Once again the Tangerine Bowl was the graveyard of one of college football's longest winning streaks when Juniata's string of 23 straight ended in a 6-6 tie with Missouri Valley last night.

Two years ago it happened to East Texas State, winner of 30 straight until held to a 7-7 tie by Arkansas State.

arms race. At the same time, it partially lifted its recent embargo on war surplus goods. It said such goods could be shipped abroad if governments of the countries concerned could guarantee the material would not be reconditioned and resold for military purposes.

In response to Gajtskell's request for a "new approach" to Russia on Middle East issues, Eden said he already had made futile overtures to the Russians, who are busy winning the Arab world and channeling arms to Egypt.

The Soviet answer, he said, "was not in the Geneva spirit." He said he doubted a new approach could gain anything "unless there was a change in the Russian attitude."

He said he undoubtedly would discuss the Middle East situation when he meets President Eisenhower in Washington later this month.

This was believed one of the reasons for Lloyd's sudden decision to summon Britain's Middle East envoys for talks here. It was reported they will be consulted in preparation for the Eden-Eisenhower meeting.

who had no business being there. Albert Richards, fire chief, said that the fire was probably started by someone dropping a lighted cigarette or match into some trash around the storage room at the base of the bleachers. He said that there may have been some children playing around the bleachers.

The fire was too far along and destruction too complete for the exact cause of the blaze to be determined, Richards said. He said that the fire department plans no further investigation.

Richards also ruled out spontaneous combustion as a cause of the fire, saying that the temperature was too low and that there were no items stored in the shed that were subject to that type of fire.

Mills said that the burned part of the bleachers was built during the fall of 1947. Figures on construction costs of the burned structures were not available, Mills said.

swept into power in the 1952 elections, but two years later they lost control of Congress to the Democrats.

In the present session both parties will be trying to write a record that will win votes in November. All House members and one third of the senators will be up for election. Control of the White House is also at stake.

The biggest unanswered question of the moment is whether Eisenhower, stricken by a heart attack last Sept. 24, will run for a second term. He has given no hint and is not expected to do so before mid-February.

Eisenhower, getting some sun and exercise in Key West, Fla., will outline the administration program in his annual State of the Union message Thursday. He will send it to Congress to be read by clerks.

A series of messages on specific subjects will follow later, as will the annual budget and a report on the nation's economy.

At conferences with congressional leaders in mid-December, Eisenhower urged legislation to step up construction of highways, to help overcome a shortage of 200,000 school classrooms, and to improve the social security system.

The White House announced that agreement was reached to give "top priority" to legislation to aid farmers, best by declining prices and rising costs. Just a couple of days ago, Senate Democratic Leader Lyndon B. Johnson of Texas called the drop in farm income "the No. 1 trouble spot" in the country.

Also discussed at the White House conferences were measures to revise the immigration laws, encourage development of water resources, give a boost to housing construction and increase postal rates, as well as legislation in the field of labor, civil rights and statehood for Alaska and Hawaii.

In broad outline, the administration's legislative goals generally paralleled those advanced by Democratic leaders, but so far they are largely in skeleton form.

Export Increases Only Barrier To Good Oil Year

WASHINGTON, (AP) — Independent oil and gas producers look ahead to another good year. There is a hedge? They say just how good it will be may depend upon the outcome of some problems such as imports and gas legislation.

Basing predictions on the general level of business being slightly higher in 1956, the Independent Petroleum Assn. of America (IPAA) estimated total demand for petroleum will be about 9 million barrels daily in 1956, an increase of 3.4 per cent over 1955.

The total includes an anticipated domestic demand of 8,669,000 barrels for 1956 compared with 8,334,000 in 1955 and exports of 328,000 barrels compared with 363,000 this year.

"If imports are held to the recommendations of the cabinet committee, domestic production of crude oil may be 311,000 barrels daily higher next year than in 1955 when it was 6,775,000 average," one independent oil official said.

The president's cabinet committee headed by Defense Mobilizer Arthur Flemming has recommended that the ratio of imports to domestic production be held to the 1954 level. Imports averaged 1,050,000 barrels daily that year, or 16.6 per cent of the 6,346,000 average daily domestic production.

There may be considerable controversy over the administration's announced plan to ask for nearly five billion dollars in new foreign aid funds so as to build up a backlog for spending in future years. Last year Congress voted about \$2,700,000,000.

More doubtful is the fate of legislation to provide federal funds for school construction.

In foreign policy, bipartisanship is expected once again to be the general rule.

America Land Of Saints As Resolution-Filled Year Begins

By HAL BOYLE
NEW YORK (AP) — If the world should end this very day, it could not find America better prepared.

If the universe suddenly exploded, practically every one in the land would be blown straight up into Heaven. The rush of rarefied souls would wear out the turnstiles at St. Peter's Pearly Gates.

For America today is an earthly paradise inhabited not by ordinary people but by 160-odd million pure-purposed angels.

An aura of unaccustomed saintliness rises over the nation like clean fog above a dismal swamp. Look around you. Isn't everybody wearing a shiny new halo?

There is a reason, of course. It is the season of the New Year's resolution, when all look within themselves and take an interior vow to lead a finer, nobler life.

The bad resolve to be good, the good resolve to be better. The old, feckless, sinful past seems unutterably repugnant. One looks back at the mire-speckled creature he was only a week ago and mumbles wholeheartedly: "How could I ever have been like that? Never again!"

Sweetness and light brighten the very air. Everyone has decided to be more trustworthy, loyal, helpful, thrifty, courteous, kind, brave, clean and reverent — plus a lot of other things.

Nowhere is a frown in sight.

Wherever you glance, all you see are rows of teeth determinedly fixed in a smile, smiles, smiles. There is a determined fix to the halos, too, as if this time the wearers really meant to keep them clamped! on their noggin's forever.

The wife has vowed to spend more time playing with her children.

The husband has vowed to spend more time at home, and also take his wife out often.

The stenographer has vowed to quit primping at her office desk.

The bus driver has vowed to move to the back of the bus in 1956, he won't let it ruin his temper.

The truck driver has vowed to quit letting out loud vows whenever he gets caught in a traffic jam.

The factory hand has vowed to do less shirking on the job.

The boss has vowed not to buy a vocal chord every time he sees a minor company rule flouted.

The bank robber has vowed to give up his uncertain craft and go into some more honest form of labor, such as maybe press agency.

The professional boxer has vowed that the next time out he will really put up a good fight — if he can find an opponent in the same mood.

Yes, whoever has a bad habit of any kind, has silently vowed to rid himself of it — whether it be beating his wife in private or wearing a toothpick in public. An atmosphere of personal sanctity wraps the country from coast to coast.

Ah, perhaps it would be better if the world did end this very day and waited all us suddenly pious puritans to the Heaven. Now aspire to create on earth. For New Year's resolutions have a traditional brief life.

Certainly if a cataclysm destroyed the universe even as we speak, half of us, or less, or already forsaken, would find ourselves blown not toward Heaven but in exactly the opposite direction.

JOUSTING VERSUS THE WIND

THEY laughed at Don Quixote when he attempted to joust with windmills and they may do the same watching you play the following game. But chances are you'll be laughing, too.

This is a game for a windy day. Object is to see who can spear the most curtain rings suspended from a clothesline.

Your lance in this case is a broomstick. Curtain rings are strung from the line with thin thread.

Four or five rings are suggested and do-it-yourself fans may wish to make them of varying sizes. These may be painted and numbered, if a point

score is desired. They may be suspended at the same or different heights. Contestants begin at a point ten or twelve feet from the first ring. The charge is a continuous run through the curtain ring field.

Find The Faces

FACES of at least eight of Karen's playmates are hidden in this drawing. How many can you find? Shade faces lightly with a pencil as you find them to avoid duplicates. If an opponent is available, use tracing paper and make the test a race against time.

Riddle

WHAT has a foot at each end and one in the middle? Answer: A yardstick is one thing.

Helping Yourself

Horoscopes for Pussy Cats

Books: \$2). With the help of an unidentified human amanuensis, the feline Miss Campbell argues, "Pussy cats, as all humans know, are human, and if humans have horoscopes, why not pussy cats?" This novel and amusing idea has cat pictures by Warren Wille.

Music & Recordings, 1955

Frederic V. Grunfeld & Quaintance Eaton (Oxford University Press, 361 pages: \$4.95). An excellent choice for the "hi-fi" fan.

How to Direct for Television

edited by William L. Kaufman (\$2.50), a technical treatise that reviews the directorial problems involved in presentation of such successes as "Gambler," "Justice" and "Producer's Showcase."

MILE LONG ACCOUNT

MILES	FURLONGS	RODS	YARDS	FEET	INCHES
1	0	0	0	0	0
7	39	5	1	5	

WE SAY we've missed by a mile when we get an answer that's far wrong, but it would be incorrect to make such a statement here. No matter what your answer, it must be less than a mile. The problem, you see, is one of subtracting 7 furlongs, 39 rods, 5 yards, 1 foot and 5 inches from a mile—without use of written figures other than those presented above.

How quickly can you obtain the answer? Answer: This answer is one inch. In starting to subtract from the mile, borrow six pence (six inches) and deduct the five inches from the pence, leaving one penny (one inch).

JUST 3 COLORS

OBJECT of this puzzle is to use three colored crayons to shade in the various segments without using the same color in adjoining areas. Tip: It is easier to correct an error if you pencil in initials of colors first.

Mini-Test

HOW quickly can you think of a feminine name that is a palindrome, that is, is spelled the same backwards and forwards? One example is an anagram of another feminine name.

GOOD JUDGE?

WHY can a thief be said to be broad-minded? Answer: He's open to conviction.

Numbers That'll Cross You Up

CROSS-NUMBERS are solved by the same method as crosswords, with definitions or clues referring to numbers instead of words. One digit is to be placed in each square of the diagram.

ACROSS

1. How many months in 1956 will have 29 days?
3. How many stars are there in the Big Dipper?
4. Marriage should be a — proposition.
6. Make a number from some of the letters in "factory," and add to it the number found in "note."
7. A \$4 dividend on a \$400 investment.
9. It's freezing out at this point.
11. A two-digit number that decreases in value by one-third, when inverted.
13. Year the Titanic went down.
15. Number of ships in the Boston Tea Party.
16. Write the word for the 4th odd number; add the letters in a name for a loyalist; subtract the letters in a two-letter conjunction.

DOWN

1. Maximum number of words in a telegram, without extra charge.
2. Bicentennial.
3. In Greek legend there are — heroes against Thebes.
4. Man's age if adding 6 to it and dividing the sum by 30, will give 2.
5. None won three.
8. It's sixteen and one, upside down.
10. He can pay for a marriage license, and a 17-cent bus ride home.
12. A two-year-old nonagenarian.
14. Twenty-two bridge tables and two kibitzers.
15. This may sound simple but it has fooled plenty of people: If it takes 3 minutes to boil an egg, how many minutes will it take to boil three eggs?

Hunter's Dilemma

AN American hunter with only one bullet in his gun found himself beset by a panther, a puma and a mountain lion. How did he save himself?

Can you answer in less than sixty seconds? Answer: He shot it. Panther, puma and mountain lion all share the same name.

WORDWISE?

EACH of the words below has at least one point of structural similarity with the other words in its particular group. It's up to you to find out what it is. For example, the similarity between the words suggest, smallest, prettiest, dizzy is that each has a double consonant.

1. Least, steal, tales, slate, staid.
2. Pacer, strad, draws, timer, tuber.
3. Golf, polo, stud, bridge, scarte.
4. Copyrightable, pneumo-gastric, imponderable.
5. Thrift, gnarled, cable, tender, rimple.
6. Erstwhile, witchcraft, hearthstone, blackstrap, downstream.

Banking Problem

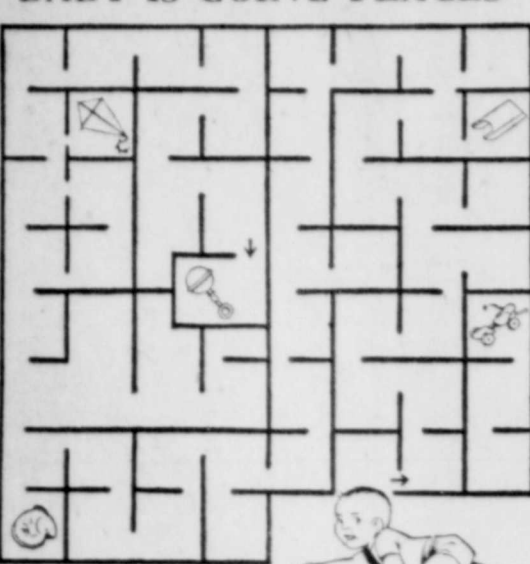

SUPPOSE that you are working as a teller at a bank. A depositor wants you to cash a check for \$63, but he wants his money solely in paper bills. Moreover, he doesn't want any \$1 bills, and you are to give him the \$63 in just six bills. How would you do it? Solution: One five dollar bill and four one dollar bills.

A CHISELLING SCHEME

CHIPPER, the elf, is taking part in a winter sports carnival and has launched an ambitious project: he's attempting to carve a huge figure out of a block of ice. To determine what figure he has in mind, draw a continuous line from dot to dot consecutively. Begin at dot 1, of course. Afterward, you may wish to add appropriate colors.

BABY IS GOING PLACES

BABY is interested in only one toy in the maze above—his rattle. How quickly can you guide him through the maze to where the rattle lies? Small arrows indicate start and finish.

How are Your Reflexes?

EVERYONE doesn't have sharp reflexes. Do you? Here's a simple test for two or more participants.

Place a coin or other small object on a table or other flat surface, equidistant from two contestants. Contestants vie to see who can reach the coin first at the word "Go," given by a third person.

For a party pastime, winner is then challenged and the test repeated until the tournament produces a champion.

Participants are cautioned against sharp fingernails, of course.

There's another reflex test you may wish to try that involves a ruler. One person suspends the ruler from between the index finger and thumb; the person being tested places his index finger and thumb about the ruler at the six-inch mark, with the fingers spread about one-half inch. The person holding the ruler drops it without warning; the other participant attempts to catch it as quickly as possible.

"Readings" may be taken on the ruler to see who does it fastest.

SOLVE A CRYPTOGRAM

HOW quickly can you decipher this substitution crypt? It's a reflection made by a famous 17th century poet-philosopher on the vicissitudes of growing up. Original letters have been substituted for, of course.
