Nutritionist Calls For Proper Diet For Children Of Today

Miss Dorothy Hacker, nutrition consultant of New Mexico department of Public Health, was guest speaker at Central School Parent Teacher Association meeting Monday evening. Her subject was "Feeding Our School Children."

Dr. W. E. Toney, president, was in charge of the meeting. Special music was furnished by Leroy Jacobs at the piano accompanying Albina Baco, who sang several numbers.

Miss Hacker said the modern trend toward helping our teenagers eat the proper diet is by a cosmetic appeal. For example pretty skin, firm muscle and a trim figure are very often the results of eating proper food.

School meals are very well balanced and many teenagers are eating hamburgers, cold drinks and candy in preference to the school lunches, resulting in sullen, pimply skin and insufficient energy to carry through the day. Many advertisements on radio and television about food that gives quick energy such as candy bars, but a

proper diet gives sustaining energy eliminating the necessity of eating quick energy foods.

She also said no food was worth a fight at the table, that children should eat in a pleasant atmosphere. For these children who don't eat any breakfast at all, parents should give them a good example by eating a good breakfast.

A typical American breakfast such as bacon and eggs and other foods with nourishment can be substituted which has more appeal to the child and just as nourishing for example a peanut butter sandwich and a glass of milk, or a cheese sandwich and glass of milk are better than no breakfast at all.

At the close of the meeting, refreshments of coffee and donuts were served by Mr. and Mrs. Bill Bullock, and Mr. and Mrs. Lowell Tenent.

DENVER CITY, TEXAS

FROM DISHWASHING TO FOOD FREEZING

Mrs. Pate says: "The dishwasher is my favorite appliance, and dishwashing drudgeries in our house are gone forever."

"Washdays are happy days with this wonderful laundry combination, and, of course, it's electric."

Mr. Pate is enthusiastic over the all-electric Weathertron which heats in winter and cools in summer. It will even heat and cool in the same day automatically, maintaining perfect comfort, regardless of outside temperature.

"Another favorite appliance of mine," says Mrs. Pate, "is my electric range. It's fully automatic, and so easy to use."

Modern water heating . . . electric water heating . . . is another feature of the Pate's home. "Our water heater is always clean, safe, dependable, and soot free. It's economical to operate, too."

"We always have plenty of food on hand with our electric freezer, and it eliminates shopping worries." Eliminate old-fashioned living at your home, and live as the Pates do, the modern electric way.

Fabulous Bevo Francis Still Scoring At Pretty Good Clip

SALT LAKE CITY, (AP)—Bevo Francis, who had the basketball world buzzing when he played for little Rio Grande College, is still scoring points at a pretty good clip, and his coach says he's a better player.

Francis is averaging 23.4 points with the Boston Whirlwinds, who are touring the country with the Harlem Globetrotters, the Philadelphia Sphas and the Washington, D. C., Generals.

His current average is nowhere near the 50.01 points he averaged at Rio Grande in the 1952-53 and 1953-54 seasons, but as Boston Coach Sid Goldberg said in Salt Lake City yesterday:

"His competition against the play for pay boys is much stiffer than at Rio Grande, where he played against many junior college teams. And his whirlwind average has been built up during a back-breaking schedule of more than 300 games in the past two years.

"Bevo was clumsy in college. His 6'9" height and tremendous shooting eye enabled him to score a lot of points, but he was a mediocre defensive player and he lacked floor finesse.

"Now, in addition to being the team's top scorer, he also leads in rebounds and is great at bringing the ball down the floor."

Bevo, who is 23, is willing to learn.

"I plan to play basketball for a living for several years," he said. "And if I want to stay in the game I've got to know everything there is about it."

Bob Satterfield Seeks 31st Kayo

CHICAGO (AP)—Bob Satterfield, one of boxing's most lethal punchers, aims for his 31st knockout victory tonight against another slugging Chicago heavyweight, Johnny Holman.

Satterfield, 32, will be spotting from 15 to 20 pounds to his foe in the nationally televised 10 rounds at Chicago Stadium 10 p. m. (EST, ABC). But belting Bob twice clobbered Holman in 1954 and also has taken care of such other big boys as Nino Valdes and Bob Baker in compiling a 40-19-3 record.

In his last fight, Satterfield—No. 6 light-heavy in the current Ring Magazine rankings—scored a ninth-round kayo over Paul Andrews at Buffalo last month.

Doak Walker May Return To SMU As Coach

LOS ANGELES (AP)—After talking to Doak Walker, Matty Bell, SMU athletic director, said last night there still was a chance the All-America halfback might return to the Dallas school as backfield coach.

Bell and Walker talked at length yesterday.

"We are going to talk it over more with Doak when we get back to Dallas next week," Bell said.

"There is a chance that we might work something out on a part-time coaching basis."

Walker, former star for the pro Detroit Lions, is in town for the last game of his career, the Pro Bowl, Sunday.

Hogan, Crosby Team In Pro-Am

PEBBLE BEACH, Calif. (AP)—Ben Hogan, former king of the fairways, will tee off with amateur Bing Crosby Friday in the \$15,000 Crosby Invitational Pro-Amateur Golf championship.

Hogan, explaining his decision to come out of retirement for the charity event, said "Crosby was looking for somebody to play with, so I called him and asked if he would play with me."

"We certainly won't be in contention," Hogan added last night. "The 54-hole tournament will be completed Sunday."

University Of Miami Must Remain In NCAA Doghouse

LOS ANGELES, (AP)—The University of Miami in Florida must remain in the doghouse for another year, the matter of football participation in such invitational affairs as football bowl games, the Drakes and Penn relays, and the Sugar Bowl midwinter games, all staged by agencies which abide by NCAA rulings.

The school was originally cited in October 1954 and placed on probation for one year on three counts.

The probation was continued until this convention pending a further study of affairs in Miami. Originally, Miami was accused

of paying transportation costs to the campus of prospective athletes, trying out the prospects and excessive use of grants in aid.

A subsequent examination by a representative of the committee on infractions brought the allegation of rule violations involving a loan fund for medical students and athletes, known as the Eaton Foundation.

Also suspect was a matter of outside financial aid rendered to two unidentified athletes during the period of probation.

The NCAA in its business session today was expected to ratify the council's action.

Up for action too was a recommendation that television controls be continued in 1956, patterned after the 1955 program.

This consisted of eight national and five regional telecasts.

The expected controversy over the small college tournament activity centered on the proposal that the NCAA stage an annual basketball and track and field meet restricted to this class of school.

The issue was whether this proposal would wreck the already established National Intercollegiate Athletic Assn., which has been conducting meets for five years.

Two Boxing Guilds, Officers Under Anti-Trust Indictment

CLEVELAND (AP)—Two boxing guilds and three of their officers were under indictment today, charged with boycotting and otherwise violating the Sherman Anti-Trust Act.

One of the defendants named in the indictment, returned yesterday by a federal grand jury here, says his group did not boycott anyone and worked for the good of fighters because "the promoters were making all the money from television."

The denial was made by Albert W. Del Monte of Cleveland, president of the Boxing Guild of Ohio. Named with Del Monte and the Ohio Guild in the seven-page indictment were the International Boxing Guild of New York City, Charles Johnston of New York, general president of the IBG, and William Daly of Englewood, N. J., IBG general treasurer.

The IBG is an association of local boxing managers' guilds. Membership includes managers of virtually all boxers participating in major bouts in this country.

NEW YORK (AP)—The New York Boxing Guild stages its own wake tonight. Its members will hear a plan for a new managers' group which they hope will be more to the liking of the New York State Athletic Commission.

Bobby Gleason, who handles heavyweight Nino Valdes, said he had contacted a majority of the guild members and that they indicated they were ready to dissolve and unite anew under his proposed plan.

San Francisco Dons Chalk Up 38th Straight Win - Near All-Time College Basketball Record

By BEN OLAN
The Associated Press
Sometime, somehow, the San Francisco Dons are going to be beaten. The big question today is "Who's going to do it?"

From all indications the Dons are going to run up a college basketball winning streak to end all winning streaks.

The nation's top-ranked team won its 38th straight game last night, trouncing Santa Clara 74-56 to move within one victory of tying the all-time major college

record held by Long Island University (1935-1937) and Seton Hall (1939-1941).

Next on the San Francisco agenda is Fresno State Friday night in the likely record-equaler. And if the Dons get past California Jan. 28 there's no telling when they'll be stopped.

Last night, the Dons ran up a 26-2 lead in the first minutes with Mike Farmer, Bill Russell, Hal Perry and Carl Boldt doing most of the damage. Farmer was the game's high scorer with 18 points.

Two other teams among the top 10 also scored impressively. Duke's Blue Devils, No. 6, manhandled South Carolina 63-52 and

ninth-rated North Carolina followed Virginia 101-65.

In other games, Holy Cross, No. 11, romped over Rhode Island 105-61. Furman tripped Richmond 94-85 in a Southern Conference tilt.

George Washington beat Wake Forest 78-74. Kansas State racked up a 61-50 Big Seven victory over Oklahoma. Rice ran over Texas Christian 60-60 in the Southwest Conference and Dartmouth defeated Harvard 71-58 in the Ivy League.

Duke, which handed North Carolina State its first setback in 23 starts last Saturday, trailed 26-19 near the end of the first half, but pumped in five layup shots in a row to take command.

Holy Cross had an easy time of it all the way, running up its highest point total of the season.

All America Darrell Floyd netted 22 points for Furman, but he was outscored by teammate Fred Fraley, who shot his team into a 47-40 lead at the intermission. Fraley wound up with 27.

Mustangs, Rice Hold Top Spots In SWC Chase

By The Associated Press
SMU and Rice had a firm hold today on top spots in the Southwest Conference basketball race.

SMU had little trouble beating the Texas Aggies 97-68 at Dallas. Rice took TCU 80-60 at Houston.

Trouncing the Cadets, the Ponies ran their conference record to 3-0 and strengthened their position as leading contenders for the conference crown.

The Owls, pre-season favorites until trimmed twice by the Mustangs, are rated second.

The Owls meet a rejuvenated Arkansas team at Fayetteville Friday. The Hogs proved a surprise in coping their first two conference games after an impressive start.

The Aggies take on Texas at College Station Friday. TCU and Baylor meet Saturday in Fort Worth.

The Mustangs, whose game on Tuesday was their last until Jan. 28, were paced by Larry Showalter who scored 24 points. John Fortenberry with 18 was high for the Aggies.

Rice and TCU bottled up their opponent's stars. The Frogs held Rice's Temple Tucker to 18 points. The Owls throttled TCU's Dick O'Neal to 17 points. The Frogs weren't so hot in stopping Joe Durenberger who chalked up 21 points to keep the Owls way out front.

Gilman Readies Lineup For Pro Bowl Tilt Sunday

LOS ANGELES (AP)—Sid Gilman has just about decided on his offensive lineup for the West against the East in next Sunday's pro Bowl game in Memorial Coliseum.

The Los Angeles Rams' coach who won the Western Conference championship of the National Football League in his first year in the pro ranks, has Harmon Hill of the Chicago Bears and Billy Wilson of San Francisco at ends; Lou Creekmur of Detroit and Bill Wightkin of Chicago at tackles; Duane Putnam of Los Angeles and Stan Jones of Chicago at guards; Dick Szymanski of Baltimore at center; Norm Van Brocklin of Los Angeles at quarterback; Bill Hewitt of Green Bay and Ron Waller of Los Angeles at the halves and Alan Ameche of Baltimore at fullback.

"Casey Jones" Case Up For Decision

LOS ANGELES, (AP)—The "Casey Jones" loomed large today at the business session of the 50th annual National Collegiate Athletic Assn. convention.

Jones is the captain and ace play-maker of the national champion University of San Francisco basketball team, No. 1 club in the nation last winter and this.

His eligibility for this year's NCAA tournaments—and a big share of the undefeated Dons' hopes of winning their second straight title—hung on the decision of the some 200 voting delegates.

The meat of the case is this. Three seasons ago Jones, then a sophomore, played in the Dons' opening game with a ruptured appendix. He held no one he was ill, but three nights later as the team readied for its second game he collapsed and was taken to a hospital. He remained there for six weeks before he could be taken home and played no more that season.

As NCAA regulations now stand, Jones' appearance in the one game used up a full season of eligibility.

Ted Atkinson, Doug Dodson, Hedley Woodhouse and Johnny Choquette are natives of Canada.

Diets For Pets
ESTES PARK, Colo. (AP) — Humans aren't the only animals troubled with too much fat, heart disease and kidney ailments. Your dog has 'em too. Veterinarians are prescribing diets to make a dog's life longer and happier.
Dr. Mark Morris, 55, who has been experimenting with dog diets since 1928, says his diets have lengthened the lives of dogs from two to four years. That's the equivalent of adding 15 to 30 years to the human life span.
He noticed startling improvements in dogs whose symptoms indicated special nutrition was necessary. But when the dogs were returned home and the owners disregarded feeding instructions, the symptoms recurred.

That Polio Campaign

THERE WAS A LOT of too premature conversation, announcements and stories on the polio serum a year or more ago that helped handicap those still designated to raise funds to aid polio victims and to fight this disease.

Those announcements left the impression that the campaign being conducted would be the last one needed; the job was done; the serum was found; and we longer needed to give to the cause.

Later, of course, efforts were made to withdraw those announcements; to clarify them; to explain that a mistake had been made but once we are told we do not need to give—then we have to be sold all over.

There is every reason to believe we do have the serum; that we can combat the disease; and that we no longer will have to provide so much funds for the research program but we do need money to aid and help those victims of the disease.

For years we have been told, and those who have experienced the disease know, that the treatments are too costly for the average father or family to bear all the expense.

In many cases children whose parents have difficulty getting the 'cnds' to meet now can't afford the special braces, shoes, and other things needed by the individual who has suffered from polio and we have thousands and thousands of them in our nation.

Those individuals handicapped from polio are going to need to be educated; helped; and to be made into useful citizens and people with earning capacity, making their own way. Funds are still needed for this and they will continue to be needed until we complete the job.

If we have halted the epidemics; if we can stop polio; if we no longer have new victims in large numbers then we can begin to slow down in our gifts when the present victims have been cared for, educated and given the attention they deserve and must have.

Until that time arrives, however, our funds are going to continue to be needed.

So the usual March of Dimes campaign is again being conducted this year. We feel sure that all of us want and desire not only to give as liberally and generously as possible to the fund but we want to aid and help in anyway we can to insure the success of the drive.

Your help is needed as usual to make the drive a success.

President Would Have Good Reasons Not To Tell Facts

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower would have some good political reasons for staying mum a while if he has decided not to run again.

He has already indicated he reached some decision because he said his mind is not so fixed that he can't change it.

He'd probably anger a lot of Republicans if he said he won't run now instead of waiting till mid-February when the doctors say whether they think he's able to.

They could say: "The party needs him but he made up his mind even before waiting for the doctors to tell him what shape he's in."

Eisenhower could forestall that kind of complaint by waiting until after the medical verdict is in. He may do that, if he's not going to run.

By the same token he could hardly say he will run until the doctors tell him and the country whether they think he's physically able to.

If he has about decided not to try again he could, by waiting a while before saying so, get the maximum mileage out of his program.

Right now he is sending the ma-

New CBS News Program Fills Weekend Void

By CHARLES MERCER

NEW YORK (AP)—CBS-TV has an excellent new program in CBS Sunday News presided over by Eric Sevareid. It fills a void in weekend television news programming.

In his first edition last Sunday Sevareid showed that he recognizes front page news. That's worthy of mention because some television commentators sacrifice front page news for secondary news—chiefly because films of the less important events are available.

As time passes it's probable that Sevareid will be haunted by a frequent paucity of important weekend news. One hopes that he and his CBS force will develop a great variety of news features which on many a dull weekend could well fill 25 minutes of the 30 minutes allotted to CBS Sunday News.

A good example of a news feature was shown Sunday in a report from London on British commercial television.

George Schaefer is one of the most skillful directors in television, as his work on Hallmark Hall of Fame NBC-TV regularly reveals. Perhaps it was not his fault that "The Corn Is Green," as seen on television Sunday, was inferior to the Broadway stage presentation many years ago starring Ethel Barrymore.

Eva Le Gallienne, as a woman who wants to bring enlightenment to a dark bit of Wales, simply lacked the warmth, gusto and conviction that Miss Barrymore brought to the role. John Kerr lacked the tough abrasive quality of a young Welsh miner. The result, to one viewer, was rather wooden drama—at least in the first hour of the hour and a half show.

The kindest one can be about The NBC Comedy Hour, which was launched on NBC-TV opposite the Ed Sullivan Show on CBS-TV, is this: Let's pretend it wasn't launched last Sunday. Let's pretend it's going to be launched next Sunday when the ways are better greased.

Jonathan Winters and Bob and Ray supplied some fun, but the rest of the hour fell flat. Just what to do about it must be troubling many earnest minds. For one thing, has anybody considered pulling it out of Hollywood?

Heat Cuts Grades
NEW YORK (AP)—If your youngster's report card is poor, maybe you should blame the heat, not the homework.

Zephyrin A. Marsh, an expert on heating and father of seven children, told a meeting of educators that overheated classrooms in a majority of the nation's schools are dulling the learning capacity of grade school children.

Marsh, director of school activities for the Minneapolis Honeywell Co. says, 20 to 30 youngsters packed into an average classroom will generate enough body heat to warm a five room house in freezing weather. This heat, he says, is the principal cause of overheating which makes pupils drowsy, inattentive and difficult to instruct.

Mistaken Identity
SALEM, Ore. (AP)—Mrs. C. W. Hedges was puzzled when she returned to her parked car to find it locked, but she went to the police when she found a shotgun, cartridge belt and a pair of men's shoes inside.

Next day Jim D. Tallman arrived at the police station to report the articles missing. He said he was returning the articles to his brother-in-law, saw a parked car on the street, and mistakenly thinking it the brother-in-law's put the articles inside.

To be sure they wouldn't be stolen, he locked the car which was a model which didn't require a key.

Missed Cue
PHOENIX, Ariz. (AP)—A gunman held up the ticket office at a drive-in theater here while a policeman was working a few feet away as a special guard and the movie playing was "Gangbusters."

The bald eagle was selected as a national emblem by an act of Congress, June 20, 1782.

Audie Murphy Sensation After 10 Years In Films

HOLLYWOOD (AP)—Latest "overnight sensation" in Hollywood is a 10-year veteran of the movie mills named Audie Murphy.

Critics and pollsters are always hailing new sensations, most of whom spent long years learning their craft with little recognition. Now everyone is discovering Audie. Long overlooked, he surprised everyone by scoring one of 1955's biggest film successes. His auto-biography, "To Hell and Back," is the biggest moneymaker in the history of Universal-International. A nine million dollar worldwide gross has been predicted for it.

"I'm just as surprised as anyone," the war hero confessed. "I can't figure it out. The picture just isn't that good.

"The amazing thing about it is that women go for it as much as men. You'd think they would shun a war picture, but half of the people you see buying tickets for it are women.

"The only thing I can figure is that these women are married to men who took part in the war. They have heard their husbands talk about the war; now they are able to see what it is like."

Audie was asked if the success of "To Hell and Back" had changed his life.

"Audie admitted the picture did zoom his career.

"I had offers from every studio but MGM," he said. "I don't suppose they'd want me back there again. I must say it's mutual."

He referred to the colossal failure of "Red Badge of Courage" the John Huston picture in which Audie starred. It has long been the subject of controversy, arguing that it did everything possible to save the Civil War. But Audie feels differently.

It was released on the half of a double-bill and not previewed for the press. Audie called that a British paper the studio should have received "Yellow Badge of Cowardice" its handling of the film.

So strong are Audie's feelings about the picture that he refused to buy it for \$250,000, wanted to restore it to the original form and bring it out again. Audie hasn't replied to his offer.

Fishermen Get Shrimps

CHATTANOOGA, Tenn. (AP)—A thief using a four-hook fishing plug landed 21 dozen work worth about \$400, from a store.

Henry Sear, the store owner, said the man tore a hole in the roof and used a length of line to lower the plug repeatedly into a pile of shrimps without entering the building.

The lure was found on the apparently where the thief dropped it beyond retrieving.

Emotion For Justice

DETROIT (AP)—A University of Michigan psychiatrist says he and judges should work with psychiatrists because the latter have "a better understanding of the emotional behavior of people involved in the case."

Dr. Roscoe W. Cavell says "Human behavior is essentially emotional, not intellectual."
