## Farm Service Agency Provides Assistance to Livestock Producers

(BAIRD, TX), August 24, 2012 — Callahan County USDA Farm Service Agency (FSA) Executive Director Robert Frost, announced that special provisions will be made to the FSA emergency loan program and to the Risk Management Agency (RMA) federal crop insurance program in order to provide greater flexibility for livestock producers facing forage and feed shortages as a result of drought.

On August 22, 2012, Secretary Vilsack announced that modifications will be made to the emergency loan program allowing them to be made earlier in the season. In the past, emergency loan eligibility was determined after the production cycle. Producers will no longer have to wait until the end of the production cycle to obtain a loan. This change will support producers who currently need assistance to help offset high production costs.

Vilsack also announced that a special provision will be made to the federal crop insurance pro-

gram through RMA that will allow producers to hay or graze cover crops without forfeiting crop insurance eligibility on planted 2013 spring crops. This change is beneficial to livestock producers making forage and feed available this fall and winter. However, before making any plans to plant crop cover, producers should consult with their insurance agent, according to RMA.

"Adding more flexibility to current program requirements will make much needed assistance more readily available to producers affected by disaster," said Frost. "These changes in particular should benefit livestock producers who are facing higher feed costs or are at risk of liquidating their herd due to the drought," he said.

For more information regarding special provisions to the emergency loan program, please contact the Callahan County FSA office at (325) 854-1049 ext 2 or visit [www.fsa.usda.gov](http://www.fsa.usda.gov).

## Obituaries

John Wesley Limmer, Sr.

John Wesley Limmer, Sr., of Houston, surrounded by his loving family, peacefully made his final journey to the Lord after a brief, unexpected illness on Thursday, August 23, 2012. He fought a courageous battle to the end.

Graveside services will be held at the Cross Cut Cemetery at 10:00 a.m. on Saturday, September 1, 2012 with Robert Chambers officiating.

John was born on November 16, 1938, to Hilda (Johnson) and Leonard Henry Limmer in Ft. Worth. He graduated from Irving High School in 1957, where he was Co-Captain of the cheerleading squad, and voted "Wittiest" in high school.

He proudly served his country as an active member of the U.S. Naval Air Reserve as a Petty Officer, Aerial Photographer's Mate 3rd Class. After the Navy, he pursued a career as a commercial photographer and photo finisher until 1969, at which time he moved from Dallas to Albany where he lived and worked on his Uncle Pryor Reeves' farm.

On December 23, 1969, he married Carla Chambers of Albany, and exchanged his photographer profession for one in the oil patch. On March 1, 1971, John went to work for Shell Pipe Line Corp. where he was employed for the next 23 years. He retired in 1993, only to return to working for Shell Pipe Line as an Oil Measurement Analyst Contractor. John continued to work as a measurement analyst for various companies until May 2012. He was well respected in the oil field community.

Johnny, as he was lovingly known by his family and close friends, was a loving and devoted husband, father and grandfather, a 32nd degree Mason, and a member of Second Baptist Church in Abilene. Johnny always had a smile on his face and a twinkle in his eyes. He was loved by many and was always willing to go that extra mile and lend a helping hand to anyone in need. He will truly be missed by all who know him. He was a wonderful Christian man.

He is survived by his wife of 43 years, Carla Chambers Limmer of Houston; son John Wesley Limmer, Jr. and wife Denise of Houston; daughter Melody Parsons and husband Gregg of Austin; grandson Justin Long of Lubbock; grandsons Spencer Thomas and Nolan Wesley Limmer of Houston; one granddaughter Lauren Cassidy Limmer of Houston; brother Len Limmer and wife Marty of Oak Point; brother-in-law Don Chambers and wife Martha of Abilene; mother-in-law Peggy Chambers of Abilene; cousin Jim Reeves and Micah of Brenham; and many wonderful nieces, nephews, great-nieces and great-nephews and many dear friends.

John was preceded in death by his parents; sister Leona Spears; daughter Cheryl Long; grandson Cody Long; and his father-in-law Carl Chambers.

Rest in Peace Johnny Limmer, you will be greatly missed by all.

In lieu of customary remembrances, and for those desiring, the family requests with gratitude that memorial contributions be made to the Cross Cut Cemetery, the Children's Miracle Network, Hendrick Health System in Abilene, the Houston Society for the Prevention of Cruelty to Animals, 900 Portway Drive, Houston, TX 77024 or your favorite charity.

## Cottonwood News

Cottonwood Volunteer Fire Control Group's Water Truck — The group is raising money to have some work done on the inside of the tank.

Cottonwood was blessed with almost an inch of rain Sunday and Monday.

**The Burn Ban is OFF.** You can burn, but you must call the Sheriff's department and let them know that you will be burning—before you light the match. Their number: 325-854-1444.

A group of Cottonwood folks will be cooking hamburgers, hotdogs and sausage on a bun in front of Lowe's Market in Cross Plains this Friday. We'll be there from 11 am. until 3 p.m. Stop by and say hello. Proceeds from the lunch benefit the Senior Center.

The Cottonwood Volunteer Fire Control Group is raising money to have some work done on the inside of the tank on the water truck that was donated to the group by the Dublin Fire Department earlier this year. The truck holds 2500 gallons of water and can fill up the firetrucks on the

scene of a fire, saving a lot of time. Before, the firetrucks had to stop fighting the fire and go into Cross Plains for water. If you'd like to help with the repairs on the water truck, send a donation to:

**Cottonwood Volunteer Fire Control Group  
13210 CR 429  
Cross Plains, TX 76443.**

The Cottonwood Musical is coming up on Friday, September 7th. Refreshments will be served in the kitchen.

The next day, Saturday, September 8, look for members of the Cottonwood Volunteer Fire Control Group at the Memorial Ranch Rodeo at the Turkey Creek Rodeo Grounds. They will be helping with the gate at the entrance to Treadway Park. A portion of the proceeds from the Memorial Ranch Rodeo goes to help local firefighters and EMS.

September 15 is Homecoming for Cross Plains High School. Come home and see your friends and classmates and visit Cottonwood. The Homecoming parade is at 2 p.m. on Saturday, the 15th. The Cottonwood Volunteer Fire Control will have trucks in the parade and coloring books for the kids. Are you planning a parade float? Let me know and we'll let folks know so they can look for you in the parade!

The last coon hunt of the season for the Battle Creek Coon Hunters Association is Saturday, September 22. Instead of a barbecue dinner, this time there will be a hamburger and hotdog cookout at the firehouse. **Dinner is BYOC—bring your own lawn chair, folding chair or stool** with you when you come for dinner. There are only a handful of chairs at the firehouse.

## Cross Plains Remembered Volume 2 Available NOW

*Cross Plains Remembered Volume 2*, the second *Cross Plains Remembered* book is on the stands and available now at Texas Heritage Bank, the Senior Center, Salamander's, Lawrence Farm and Ranch Supply, *Cross Plains Review*, Cross Plains Library or Connie's Cuts and Curls. The book is \$20.

The new book features more photos, other material gathered at the scanning events at the Senior Center this spring. In fact, so much material came in during those scanning events that it wouldn't all fit into Volume 2. Rather than condense the histories and not use some of the photographs, the material has been divided into two books. So a third book, *Cross Plains Remembered Volume 3* will be available in late August.

Family histories and photos, school photos, photos of Burkett, Pioneer and surrounding areas, Veterans photos and lots of others are in the *Cross Plains Remembered Volume 2*.

To order a copy of *Cross Plains Remembered Volume 2* or *Volume 1*, send \$20, plus \$4.50 shipping to:

Barbarian Festival  
P.O. Box 741  
Cross Plains, TX 76443.

We will send one out to you. Just specify which book you'd like us to send. If you'd like one of each or two of Volume 1 or 2, send \$6 shipping instead of \$4.50.

## Local DQs Add Vintage Orange Julius Beverages

The Cross Plains Dairy Queen store is among the first in a new wave of installations in the State to install new equipment to produce Orange Julius beverage products at Dairy Queen and thus include a product that for a long time was available only in a free-standing Orange Julius facility.

Re-introduction to the 86-year-old formula product is ongoing throughout area DQs owned by TheRichesonGroup. Originally, back in 1929, an orange juice stand owned by Julius Freed collaborated with real estate developer Bill Hamlin to develop this frothy, creamy product, and people lined up at the free-standing store, demanding, "Give me an Orange, Julius!" Thus the new product was ordered as Orange Julius. Orange Julius was named the official drink of the 1946 New York World's Fair, and in ensuing years became known with the slogan, "A Devilish Good Drink."

In 1987, the Orange Julius chain was bought by International Dairy Queen and in 1999 became part of Berkshire Hathaway, as part of its purchase of International Dairy Queen.

The local Orange Julius menu will feature the Original Premium, in its primary flavor as well as Strawberry Banana, Mango Pineapple and Tripleberry, which will also be the flavors for the exciting new Smoothies, made with real fruit and yogurt.

TheRichesonGroup is a 53-store organization based in Graham, Texas, with stores in ten of the State's 18 Designated Marketing

Areas. Annually is provides jobs for some 1,000 people, serves up a million pounds of potatoes, over a half million pounds of American beef and a half million gallons of soft serve dessert mix.

"We are proud to bring Orange Julius products into our Dairy Queen operation, and thus include right in the midst of our full menu one of the long-esteemed frothy beverage favorites," says Doris Richeson, Chairman of the Board.

## Pioneer News

Summer is nearly over and school has started again. Now is the time to start some crafting projects. I wrote last time that our club is going to start quilting on Thursday nights, but due to a scheduling conflict, we have changed that to Tuesday nights. The hours are the same—6 p.m. till 9 p.m. The first meeting on Tuesday nights will be September 4th at the Pioneer Community Building located on Highway 569 in Pioneer. Please come and join us. We always have a good time.

At our last meeting there were five members present: Olena Ezzell, Barbara Jo Medley, Norma Tucker, Mary Dean and Marqueta Westbrook. The week before, we finished the beautiful 50 states quilt that Olena's daughter Linda had pieced. Norma has finished piecing our Rehab Quilt and we plan to put that in the frame today. As always, she has done an outstanding job! We are also working on a quilt for a friend of ours in Brownwood. It is a lovely appliqued pattern of ladies in old-

fashioned dresses, holding umbrellas over their heads.

We meet every Tuesday to quilt and visit all day. Now we will be adding our Tuesday evening quilting and we are really looking forward to this. If you have any questions please call me at 254-643-3223 in Rising Star. We want to share our love of quilting with you and promote an interest in the fascinating art of quiltmaking. Hope to see you there, and remember, "Quilters never grow old...they just go to pieces."

## ATTENTION Ex-Band Students Who Went on the Indi 500 Trip

A float honoring the Cross Plains High School ex-band members at the time of the trip. The youngest band student was David White, who was 12 years old. This was a "trip of a lifetime." Many of us had never been out of the state of Texas and seeing all the states in between was quite an experience.

I recall staying in dormitories in Indianapolis where other bands from various states were also being housed. They were fascinated by our "southern draws" and they would ask us to talk. "Just say anything, they would say!"

We even played baseball against other bands and had a great time. One evening we attended a concert featuring clarinet player

Pete Fountain. The parade downtown was very lengthy and it was hot in those new wool band suits that we had worked so hard to purchase, but we sure looked sharp!!!! Remember selling all those light bulbs plus everything else???? Everyone worked diligently to get the funds together to make this amazing trip.

See you at Homecoming and I'm looking forward to talking about old times. The band was a source of pride for our community and taught many of us responsibility and dedication to a group effort. It was some of the best days of my life and the memories will be treasured forever.

## Stuttering DVD available to teachers and parents at Clyde Public Library

When teachers hear a child stutter, the immediate reaction is one of concern mixed with a host of urgent questions:

- Should I call on the student in class, or will that only make it worse?
- How should I handle teasing and bullying by other students?
- What should I do about reading aloud in class?

The Stuttering Foundation has produced the DVD **Stuttering: Straight Talk for Teachers**. This 20 minute film helps parents and teachers understand how stuttering can affect children of all ages in the classroom and is available at most public libraries. Some libraries have the video version.

This DVD was offered to all public libraries in Callahan County. The Clyde Public Library has agreed to shelve the DVD.

The highlight of the DVD is the children who discuss their experiences in the classroom and share what was helpful for them. "Even when I knew the answer, I wouldn't raise my hand because I was worried about what others might think," says Umberto, a teenager in the DVD. He added that giving a classroom presentation on stuttering to the entire class has made him feel more at ease. "At the beginning of the school year, I was embarrassed to read aloud in front of my teacher and friends because of my stuttering," says Kate. She worked with her teacher to make a plan about how she could practice first at home and then individually with her teacher. Martin offers a different perspective. "I feel confident and even though I might mess up when I talk, I'm not ashamed. I still want the teacher to call on me even though I might be having a bad day."

Noted speech-language pathologists Bill Murphy, M.A., of Purdue University and Kristin Chmela, M.A., of Northwestern

University present practical strategies teachers can use immediately to help children feel more comfortable talking in the classroom. "The courage and honesty of the children sharing their experiences helps teachers find solutions for the children in their class," says Lisa Scott, Ph.D., of The Florida State University and co-producer of the DVD.

At school, children who stutter often face bullying and teasing. This treatment by other students sometimes causes more anxiety than does the speech disorder itself. "Even the children who receive therapy to help them speak more fluently continue to have negative feelings as they grow older," Murphy says "Their ability to communicate is still hindered by the shame and embarrassment they feel about stuttering, which is often brought on by teasing."

Murphy suggests teachers make stuttering an open topic for discussion in the classroom. One exercise a teacher can use is to discuss famous people who stutter, NBA basketball star Kenyon Martin, news anchor John Stossel, and actors James Earl Jones and Nicholas Brendon are just a few of the many celebrities who struggle with stuttering. A list of famous people who stutter and a downloadable poster can be found at

[www.stutteringhelp.org](http://www.stutteringhelp.org). Elementary school teacher Katie Lenell says, "This DVD is an excellent resource for educators at all grade levels. I now feel more at ease having a child who stutters in my classroom."

Books and DVDs produced by the 65-year-old nonprofit Stuttering Foundation are available free to any public library A library that will shelve them can contact the Foundation at 1-800-992-9392, e-mail [info@stutteringhelp.org](mailto:info@stutteringhelp.org), or visit [www.stutteringhelp.org](http://www.stutteringhelp.org) or [www.tartarmudez.org](http://www.tartarmudez.org).

## Don't Be in the Dark About Child Care; Always Choose Regulated Day Care

It's almost back-to-school time. This is also a time when a lot of parents are hunting for day care. If you're in the market for day care, the Child Care Licensing Division of the Texas Department of Family and Protective Services urges you to do your homework and always choose regulated day care.

At first glance, unregulated or illegal day care might seem like a good deal - but without any oversight there are no checks and balances to protect your kids.

You can find a state-regulated day care in your area and review its record by using the TxChildCareSearch.org database on the DFPS website. You can also learn more about choosing child care at [www.DontBelTheDark.org](http://www.DontBelTheDark.org), where you will find a downloadable tip card and brochure.

If you're looking for day care, remember to look, learn, visit, and meet:

- Look for features that will help your child thrive. Consider the caregiver's education, experience, and training, as well as the size of the group and setting.
- Learn about licensed and registered child care at [DontBelTheDark.org](http://DontBelTheDark.org) and [TxChildCareSearch.org](http://TxChildCareSearch.org). You can explore day care options - searching by ZIP code, city, or county and read the history of the day care's inspection records.

• Visit the day care you are considering while children are there so that you can see activities, how caregivers interact with children, and how the children like it there.

• Meet the caregiver or director. Discuss any concerns and make sure you are satisfied with their answers. Make a surprise visit later for a second look.

All regulated day care staff must undergo background checks but regulation and state oversight increase with the size of the day care.

1. Listed homes (1-3 unrelated children) must apply and pass background checks but are not inspected regularly.

2. Registered homes (maximum of 12 children at any time) must meet training requirements and pass background checks, and are inspected every 2 years.

3. Larger licensed homes and day care centers must meet health and safety requirements, get regular training, and are inspected every 5-12 months.

- Texas Child Care Facts\***
- Daycare centers and homes - 25,045
  - Capacity of regulated day care operations - 1,073,882
  - State inspections conducted - 49,650
  - Abuse or neglect investigations - 2,062
  - Permits revoked: 742

## Letter to the Editor

Dear Vanda,

Betty Kinnard has been sending me some cuttings from recent "Cross Plains Reviews", specifically the great article that you carried concerning our 1964 band trip to Indianapolis, plus the information about the upcoming Homecoming 2012.

That article about Indianapolis really brought back great memories, and your recent

editorial even added to the smile on my face. I agree, it was a "trip of a lifetime".

I also have many warm thoughts about our time in Cross Plains and the wonderful classmates that I had there. Although I did not get to graduate in Cross Plains with my Class of 1966, since we moved away in 1964, they were always, and always will be, MY class.

I hope that Homecoming 2012 is a great success; and I will be riding, in spirit, on that float honoring the 1064 band that Karen and Mickey are organizing.

Rick Latson

## Referendum due on grain indemnity fund

Thanks to a new law, Texas farmers have an opportunity to vote on a grain indemnity fund, a 100 percent farmer-funded program, to protect their assets during grain elevator bankruptcies, according to Sam Snyder, Callahan-Shackelford County Farm Bureau president.

"A law passed during the last Texas legislative session aims to protect producers from losses incurred when they are not paid for stored grain by a buyer or storage facility," Snyder said. "It would be 100 percent funded by farmers and is a self-help solution that benefits the Texas grain industry."

Money supporting the fund would come from collections at the first point of sale of a grain, such as wheat, corn, soybeans or sorghum. There would be no cost to the state.

Referendum voting will be held from Nov. 19th-Dec. 7th. Ballots may be picked up at Texas AgriLife Extension Service offices and returned to the Texas Department of Agriculture by

mail.

A two-thirds majority vote must be cast for the referendum to pass.

## WIC Income Guidelines Increase

Effective July 2012 the income qualification guidelines for the WIC program have increased. To be eligible for WIC, an applicant must make less than 185 percent of the federal income guidelines, but incomes vary based on number in household. If you have previously not qualified for WIC or think that you wouldn't qualify for WIC, you may now qualify due to this increase. In addition, if you are pregnant or have a child under age 5 and are on Medicaid, TANF, or SNAP (Food Stamps), you automatically qualify for WIC benefits. What is the WIC program and what does it have to offer?

WIC is the Supplemental Nutrition for Women, Infants and Children program. The purpose of WIC is to give children the best possible start by providing optimal nutrition during critical stages of development. WIC provides pregnant moms with

breastfeeding education and nutrition counseling. For breastfeeding moms, WIC provides peer counselors, answering questions one-on-one, in addition to breast pump support. For children birth to five years of age, WIC provides answers to questions parents may have about their child's growth and development, such as picky eating, weaning from the bottle, or serving healthy snacks. In addition to breastfeeding and nutrition education, WIC also provides a supplemental nutrition package consisting milk, fruits, vegetables, proteins and whole grains. For infants, WIC provides baby foods and infant cereal, as well as formula for mothers who are not able to breastfeed.

The Cross Plains WIC office is located at he old Cross Plains Community Resource Center building on 200 North Main. Clinic hours are the first

Wednesday of the month from 8:30 a.m. to 4:30 p.m., closed 12 p.m. - 1 p.m. and the third Wednesday of the month from 8:30 a.m. to 12:00 p.m. The Cross Plains WIC office serves both Cross Plains and Rising Star. To make an appointment call 254-212-9914 or the Clyde WIC office at 325-893-4552.

## “Murder at the ‘Meet the Author’” Reveals Even More Characters

Cross Plains Public Library will present “Murder at the ‘Meet the Author’” on Saturday, September 29th in the Cross Plains High School Auditorium. This second play of our “Murder at the...” series is the perfect “pre-kick-off” event for The Big Read “Everything Poe” celebration.

The 7:00 p.m. performance will be preceded by a “Pre-Carnage Party” beginning at 5:30 p.m. with non-alcoholic “POE-tions” and hor d’oeuvres (enough to fill any appetite) to fit in with the theme of the library’s usual “Meet the Author” fare.

Tickets for the party and play are \$15 and include a program and first choice of seating. General admission for the play “only” is \$10 and a limited number of programs will be available for purchase for \$1.00 each. Tickets are now available at the library.

More suspects this year:

Marco Solo (Mark Finn) is the

distinguished guest of Crossed Plains’ “Meet the Author.” He will be discussing his newest best-seller about his adventure around the world called, “Traveling Solo-Life without Han.” Is he planning a tell-all book about Crossed Plains?

Danny Dozenell (H.D. Weaver) and James Rook (Jack Shepard) will be back to take the credit for solving the case as the local sheriff and deputy.

Monte (appearing...and disappearing...as himself)...poor old guy just wanted a warm home for the winter, but now it seems like everyone wants to eliminate him.

And not appearing this year, but notable: Dr. Charles Rodentburger (Dr. Charles Rodenberger) has become a hero in Crossed Plains, since his experiments inadvertently resulted in a cure for a rare disease. Because of his monumental breakthrough and the accolades that followed in

newspapers from coast to coast, Doc won the Nobel Peace Prize and spends most of his time on the lecture circuit. Unfortunately, he will not be available this year due to a previous speaking engagement in Sudan.

Ricky Barnes (Russ Miller), Belinda’s husband, finally broke down and confessed his real past to her: his drunken mother who ran off with a beer truck driver, his father’s imprisonment for a bank robbery, his previous marriage, and the childhood accident that left him sterile. Ricky reconnected with his incarcerated father who told him where to find the hidden loot from the bank robbery. Ricky is pondering whether to take the money or tell the authorities where to find it. With the recent adoption of their baby girl, Ricky has become very protective of his family. Would he go so far as to kill for them?

## Dorothy Woody recognized for 4,000 hours of volunteer service

Dorothy Woody, former Cottonwood and Clyde resident, was recently honored at a banquet for her many years of service with the RSVP (Retired & Senior Volunteer Program) organization.

This organization is devoted to assisting local businesses, agencies, and other organizations with mail-outs, ticket-taking and selling among many other volun-

teer activities.

Dorothy received a beautiful pin depicting an eagle, a letter from President Barack Obama and a letter from the President of RSVP. She has logged over 4,000 hours of volunteer service. Dorothy now resides at The University Place in Abilene and continues to volunteer each week for RSVP.
