For the fourth consecutive Taylor Electric Cooperative and Texas Co-op Power will award up to \$4,000 in cash prizes for winners of the competition.

Students in grades 6 through 12 whose parents or legal guardians are current members of an electric cooperative in Texas can participate.

The grand prizewinner will receive \$1,500 and be profiled in Texas Co-op Powermagazine. If a school is involved as a sponsor of the first-place winner it will receive \$1,000.

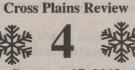

The second-place winner, determined by the most YouTube views, will receive \$500. Four runners-up will each receive \$250 for best performance in one of four judging categories: creativity, educational value, video editing and technical quality.

*Texas experienced a very strong rebound from a severe recession," Combs said. "The state's robust economic recovery led to better-than-expected revenue collections in major taxes such as the sales tax, oil and natural gas production taxes estimated to be \$2.5 billion, and motor vehicle sales taxes. The outlook for both the economy and state revenue is for continuing expansion as the fast-growth of the economic recovery gives way to moderate, sustained growth."

collections from taxes, fees and other income is estimated to be \$96.2 billion for the 2014-15 biennium, of which about \$3.6 billion would be set aside for future transfers to the Rainy Day Fund. This leaves approximately \$92.6 billion in net general revenue. Adding to that is a projected \$8.8 billion ending balance from the current biennium, giving the Legislature the estimated \$101.4 billion for general- purpose spending for the next biennium.

The Texas economy, in inflation-adjusted terms, is projected to increase by 3.4 percent in fiscal 2013, another 3.4 percent in fiscal 2014 and 3.9 percent in fiscal 2015. Celebrate Texas!

Help the Cross Plains Public Library celebrate Texas 177th birthday with a Texas Trivia Contest & Barb-B-Que Saturday evening, March 2. Don't think you know history well enough? Just come eat Bar-B-Que and enjoy the fun, but don't decide until you read the rules! Those who attended our Cross Plains Trivia contest can tell you how much fun it was.

Some rules remain the same and some have been changed. NO one individual will EVER be required to give an answer alone – this is a TEAM effort. Answers will be multiple choice on paper and decided upon by the entire team. Talk as loud as you want. If you can overhear the answers the next table comes up with, feel free to use them - but be careful. They may be shouting out the wrong answers just to throw you off! Most questions are likely NOT what you'll find in text books, so your guess may be as good as anyone else's, and your team has a 1 in 4 chance of choosing the correct answer. Cell phones or other electronic devices may NOT be used during the rounds. It will be up to each team to decide how many members they have so long as it is no more than 7 and no less than 5.

The questions will be served up with a full Bar-B-Que brisket meal. The cost will be \$15.00 per person, and that includes the meal and the contest. For any of you who don't think you are quite up to the trivia challenge, we'll have a \$10.00 "My Hat's Not Big Enough" section where you can enjoy the food and watch the fun while you learn about our great state. We are adding a silent auction, so those who do not come out ahead in the Trivia contest may still have a chance of winning something. The auction will be open to all who attend.

Businesses, organizations and groups of friends, you will want to show off your team's skill as you compete against other businesses, organizations or groups of friends. Start putting your team together & get registered! March 2 will be here before you know it, and seating will be limited, so don't wait! If you would like to play trivia, but do not have a team, let us know and we will try to put you together with others needing team members.

Texas-inspired prizes will be awarded to the winning team members.

Dinner will begin at 6:00 PM, round one of the contest will begin at 7. To register your team or get more information come by the library or call 725-7722.

Former Resident makes a Difference

I am one person and I would like to make a difference. Have you ever had that thought? The Cross Plains Community Cancer Fund received a donation recently that shows exactly just the difference one person can make. Kay Justice, formerly of Cross Plains and a resident of the Rising Star Nursing Home, decided she wanted to do something to honor her nephew, Kyle McClure, that was diagnosed with cancer in November. Kay had received stuffed animals as gifts for years and she took great care of and loved each one and she decided that she wanted to share these gifts with others and set up a "gift shop" in her room at the nursing facility for employees, residents and their family to purchase.

One stuffed toy at a time, she was making money to donate, and when all the purchases were made, Kay was able to make a donation of donation of \$145.00 in honor of Kyle to the Cancer Fund.

Thank you Kay for providing that one person can make a difference, no matter where they are!

Public meeting planned Tuesday in Baird NRA looking to form Friends of the **NRA Committee in Callahan County**

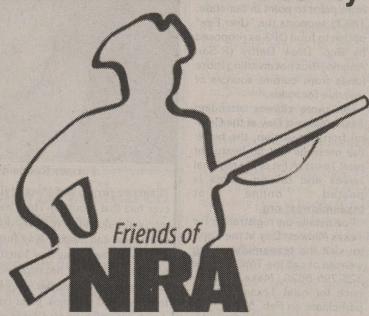

The National Rifle Association is looking for volunteers to put together a committee to establish a Friends of the NRA banquet in Callahan County sometime in 2013.

According to Jack Cannon, Senior Field Representative for the NRA, a public meeting will be held on Tuesday, January 22nd in Baird at the T&P Depot Meeting Room on Market Street to see if there's interest in forming the Friends of the NRA Committee. The doors for the public meeting will open at 6:30 p.m.

Cannon is the Senior Field Representative for the NRA, covering the western half of Texas.

Cannon said the Friends of the NRA is a grassroots offshoot for the NRA Foundation 501 C nonprofit organization. He said the year NRA Foundation is a nonpolitical organization which has held some 1,100 fund-raising banquets nationwide over the last year. He said the Friends of the NRA donated over \$250,000 to support youth shooting sports, FFA organizations, 4-H shooting sports clubs, Boy Scouts, Junior ROTC, law enforcement organizations, as well as educational, historical, and gun safety course and more than 175 other

Take a brisk walk every day. Any kind of moderate daily exercisesuch as cycling, swimming, or working out at the gym can improve lung and immune function. Physical activity enhances the ability of T lymphocytes (white blood cells that attack virus and cancer cells) to ramp up the immune response, says Neil Schachter, a professor of pulmonary and critical care at the Mount Sinai School of Medicine, in New York City. But don't push yourself too hard. Some studies suggest that high-intensity exercise for two or more hours at a time

increases stress hormones. which can lead to suppression of the immune system.

Stay three or more feet away. from people who are coughing or sneezing. This will keep you outside the immediate spray of their germs, says Chuck Gerba, a professor of environmental microbiology at the University of Arizona in Tucson. Wash your hands frequently and thoroughly. If you're not near a sink during the day or you work in a highgerm environment, such as a school, carry an alcohol-based hand sanitizer with you.

As you've been told millions

of times, drink lots of water, don't skimp on sleep, and get a flu shot. The tried-and-true advice still holds. Staying well hydrated keeps the tissues of the respiratory system moist and helps the immune system work properly. Sleep helps the body function at an optimum level. If you get seven to eight hours of rest a night, you'll be less likely to become sick, and if you do catch something, you'll recover faster. October through November is the best time to be immunized, even if you're a healthy adult. Finally, stay home from work when you first feel ill. It's possible that work-related stress (not to mention commuting) could slow your recovery:
