Connected Sidewalk System Begins

Plainview Folks Say Will Join Silvertown Special at Sterley

Denver Issues Train Order For Special

They Have Already Bought Tickets for the Outing Next Sunday Afternoon

The Fort Worth & Denver railroad has ordered the special train to be run from Silvertown to the gravel pit and tunnels next Sunday afternoon, according to E. C. Kuykendall, general agent at Plainview, who was here Wednesday in connection with the train.

Ticket checks have been printed and are being distributed among those who will be able to go on this community picnic, and other arrangements.

OTHERS WANT TO GO

PLAINVIEW, Feb. 25.—M. B. Copeland of this city expects to take his Sunday-School class on the Silvertown special, getting off at Sterley. It is expected there will be 20 in the party headed by Mr. Copeland, and they look forward with pleasure to joining the Silvertown people on the planned outing. Also many business men have expressed intention of joining the trippers.

Plans are being rushed to fill the special to the tunnel and other caprock scenes and make the trip a pleasant one.

The special will leave Silvertown at 1 o'clock Sunday afternoon; Whiteley at 1:35, where a stop will be made to accommodate those of that section; Sterley at 2:00; and will arrive at the gravel pit at 2:50. On return it will reach Silvertown around 7 p. m. Other stops and movements of the special will be at the will of the passengers.

Next Sunday is Texas Independence Day, March 2. It is a holiday, sacred to all Texans, and its observance is always in order. It would be quite proper to celebrate the holiday with a community gathering, and the community special to a spot of Texas that is unique is well in line with Independence day by "Seeing Texas First."

Coffee will be furnished free on the picnic ground by private arrangements, and those who wish to carry

Hundreds of Masons in Special Service

Floyd Lodge Presented Big Annual Affair, with Refreshments, Commemorating Washington.

The Floyd City lodge was host Monday night at Floydada in a Washington birthday celebration, an annual affair, to over two hundred Masons from points in the South Plains, which was perhaps the largest gathering of Masons in this part of the state within many years.

Although the number of visitors exceeded expectations, so much that the floor of the hall had to be used as seats, every comfort was provided and plenty of refreshments in the way of a turkey supper was furnished.

J. D. Starks, Floydada postmaster, was master of ceremonies, and the

Chinese Elms for School Bought Tues.

Seventy-five Chinese trees were bought Tuesday from a Plainview nursery by the school board through Fred Lemons, secretary, who was accompanied on the trip by W. M. Gourley, agriculture teacher.

Fifty of these trees will be set out around the high school campus and the others were secured for private parties who pooled their order with the board. The Chinese elm is the best shade tree for the plains, where the rainfall is limited and the wind unlimited, according to best nursery authorities operating in this section.

Dental Essay Prize Contest Announced

Dr. R. F. McCasland Will Reward Best Essay on "Care of the Teeth." Observing Dental Week.

Next week, March 3 to 8, has been designated Texas Dental Health Week, and all dentists have been urged by the state dental society to do all they can to bring about a proper observance of the week in accordance with the purposes of its selection.

Dr. R. F. McCasland, local dentist with offices in the Nunn-Hill building, is planning a program, in cooperation with Mrs. A. L. Kelsay in her English department, to build up interest in the main idea of dental hygiene. All the students will be given an opportunity to write an essay on "Care of the Teeth." Dr. McCasland will supply source-material for all who care for it.

The three best essays will be published in the News, and the one handling in the best article will be given a nice fountain pen and pencil set.

The object of the contest is to get the younger people to study and read what some eminent authors have to say about clean teeth. And after they have given the subject a little thought, they will no doubt practice it in the course of their oral hygiene, states Dr. McCasland.

M. E. Sunday-School Institute Fri. Night

B. L. Nance, Extension Service, Will Be Here to Direct Work for Teachers and Officers

A Sunday-School Institute is announced for this Friday night, Feb. 28, at the Methodist church, beginning at 7 o'clock. Rev. B. L. Nance, Northwest conference dual extension secretary, will be present to conduct the institute, and all officers and teachers are urged by the pastor, M. G. Brotherton to be present with their question book. Also, every layman should attend if possible to get the benefit of the meeting.

"It will cost you nothing," said the pastor. "The church pays for the lights and heat, our family will keep the out-of-town workers, so you will not even be expected to provide homes or meals for any one; so come."

Enlarges Ice Plant

Memphis—Construction of 17-ton ice plant and adjacent office will begin around first of March.

Palace In Merger Will Install Talkies

The Palace theatre will be merged into the Southwestern Amusement company and talking-picture equipment will be installed in the Silvertown house within the near future, according to information issued from the head office of the Southwestern company.

Mass Meeting Thursday Will Draft Candidates For City and School

A mass meeting of the citizens of Silvertown and the independent school district has been called for next Thursday night, March 6, at the court house for the purpose of nominating candidates for coming vacancies on the city official staff and the school board.

City officers whose time expires in April are Mayor T. M. Nichols and Councilmen T. R. Whiteside and J. S. Fisher. Places on the school board to be filled in the April election are now held by C. D. Wright, Ernest Tibbets, and T. J. Hodges.

It has been the custom for the people in mass meeting to select these candidates in convention as-

sembled, and next Thursday night has been agreed upon as the most suitable date. A representative body is hoped for in the naming of such men from which the electorate may choose its officers April 5.

The city council and school board offer only honorary positions and call for men who are willing to give their services for the sake of the general welfare. It is natural that men do not seek the offices but must be drafted as a sacrifice to the cause.

Silvertown has many good men available to fill these approaching vacancies, and it is the sole object of the mass meeting to call from among them several names to go on the ticket for final decision at the election.

School Gets Another Payment From State

The Silvertown independent school district has received another payment of two dollars per capita from the state department of education, making a total payment to date of \$7.00 and leaving a balance due of \$10.50.

Final payment of the apportionment cannot be made until about August 1, states State Supt. Marrs, but remittances will be made during March and April to the school depositaries.

No forecast was made of the amount of the per capita for next year, as it will depend upon the increase in scholastics, amount of school funds collected, and the amount of balance on hand Sept. 1.

Primitive Baptist Services Sunday

Rev. S. J. McCarty, Primitive Baptist, will hold preaching services at the Church of Christ here next Sunday evening at 7 o'clock, according to an announcement of S. J. Ellis.

Rev. McCarty is from Hart, Castro county. He and the Silvertown congregation extend a cordial invitation to everybody to attend the service.

Rin-Tin-Tin Is Coming to Palace

Another benefit show has been arranged for the Aggie boys of the high school who are raising a fund to pay their expenses to A. & M. College. The Palace theatre announces quite a special for the occasion next Monday and Tuesday, March 3-4. On the bill is Rin-Tin-Tin, the \$250,000 dog, in "The Land of the Silver Fox."

Baptist Pastor Is Injured in Wreck

Rev. R. P. Davis, who was recently severely injured in an auto accident while on his way to Oklahoma, has been carried to a Floydada hospital for special care. Rev. Davis sustained a severed tendon in his leg when his car turned over several times while making a trip into Oklahoma to meet his son.

Two Cars Registered Herefords Purchased

A. C. Wimberly has just shipped in two cars of three-year old registered Hereford heifers, which he will keep on his home place in the southwest part of the county.

Mr. Wimberly has also bought a \$600-bull to head his herd, and he states that he will exhibit some of his cattle in the Briscoe County Fair this fall if beef cattle are permitted.

Grade School Chapel Has Fine Program

Featured in the chapel program at the grade school Wednesday was the work of the expression class. A cutting from a Gypsy opera, several readings and original speeches by the boys, readings from two girls of the high school expression class, and two short plays were given. Assistants on the program were the music pupils.

The original talks were outstanding, producing an agreeable surprise even among the performers' teachers.

Ice Company Makes "Cold" Proposition

The Silvertown Ice company is making a good proposition to customers this week, in which the manager, L. L. McAnaw, generously proposes to keep ice boxes filled the latter half of March free of charge. Read the ice advertisement for particulars.

Bake Sale Announced

A Bake Sale is announced for the Junior Camp Fire girls at Elmer Stinson's radio shop for Saturday from ten to two o'clock.

Slow Rain Falls

A beneficial rain visited Briscoe county early Wednesday. Beginning around five o'clock there was a slow fall for several hours moistening the surface and causing slippery roads.

Nichols Says Will Not Be Candidate

Tom M. Nichols, present mayor of Silvertown, will not be a candidate for the office in April, he said Wednesday in an interview relative to the mass meeting next week which will select suitable timber for filling vacancies on the council.

Mr. Nichols said that in as much as he had held the office for four years he thought it time for some other man to be brought forward as mayor and give him a rest from public affairs.

Patton Motor Starts Big Used Car Sale

Today Cars Are Built With Years of Life and "Used Cars" Have Real Values.

The greatest ten-day sale of used cars ever staged locally is announced for tomorrow by Patton Motor Co., Chevrolet Dealer. A large number of automobiles of all makes, each completely reconditioned, will be offered.

"Unused transportation" is the key-word of the sale, according to Mr. Patton. "That is what these cars really mean, service that has not yet been used."

"Too many persons have the wrong impression of used cars and the values that lie in them. This results from the unfortunate employment of the word 'used' which implies a previous ownership and a reduced worth.

"Today cars are built with years of life and limitless thousands of miles in them. Drivers are more efficient today. Cars are serviced more often than formerly. Better roads reduce abuse of travel. Cars are traded in when the bulk of their lives still is ahead of them. Some have been driven only a little longer than is necessary to break them in. Thousands of so-called used cars being

(Continued on Page 8)

Dividends Paid By Loan Association

Silvertown Farm Loan Association Has Loaned Over Half-Million Dollars to Farmers of the County.

The Silvertown National Farm Loan Association declared a six per cent dividend to its stockholders as of Jan. 31, according to the secretary, J. E. Daniel. Over \$1100.00 in cash dividends were distributed to local shareholders.

The association is in the best financial condition, able to pay a dividend, has a surplus fund, owes nothing and has no one owing it.

Since organization the association has loaned over a half-million dollars to farmers of this section, and up to Monday, present loans in effect totaled \$420,685.00, states Mr. Daniel. This money is loaned to the farmers at a low rate of interest, long terms and on the amortized plan.

Visits in Happy

Mrs. A. L. McMurtry and children were visiting Mr. and Mrs. W. B. Burleson at Happy last week.

Civic Project Is Sponsored By Lions Club

Caprock Construction Company Representative Here to Handle Work on Installment Plan

Another great forward step is being taken by Silvertown in the starting Wednesday with the laying of sidewalks, the first link in the connected system of the near future.

The chief concern of the Lions club at its last several meetings has been connected sidewalks in the town, tying the residential districts with the main points of gatherings, such as the business district, the churches, and the schools.

Mr. Hartzog of the Caprock Construction company met with the club Tuesday, presented his plan and stated all he desired was an indorsement by the organization for the sidewalk work. His plan was approved and liberal support promised the company in this civic enterprise.

The Caprock Construction company also agreed to use all home labor, excepting concrete finishers, giving employment to many people who are at this time idle. The company has a finance plan for putting in the walks, completing the work and collecting its pay by installment from the property owners, wherever such a plan is preferable.

Already Jno. Burson, president of the First National Bank has begun tearing out the recently built rock sidewalk leading from Main street to the bank and postoffice and will put in immediately a six-foot concrete walk. And the Willson & Son lumber company will front its property with a concrete walk, states the manager, T. M. Nichols. Mayor Nichols further states that the walk will probably be extended to the city hall corner on Broadway and Sixth streets.

Silvertown has made much progress during the past two years through the efforts of its city council and civic organizations. A railroad has been built, adequate waterworks secured, natural gas brought here in abundance, a municipal sewer system installed, a new telephone system is under construction, and now the Lions club has been able to get the much-needed sidewalk paving underway.

It is predicted that, with this improvement actually started, it will go over in a big way, the citizens falling in line rapidly.

Nunn-Warren Has Farm Publication

Agricultural Journal Has Been Moved to Amarillo; and Be Issued for Panhandle.

With the purchase of the Southwestern Stockman-Farmer the Nunn-Warren Publishing Company enters the field of farm paper publishing and adds another publication to its group of daily and weekly newspapers. The newly acquired publication, now in its 47th year has formerly been published at Phoenix, Arizona, and El Paso, Texas.

The Southwestern Stockman-Farmer will have its general headquarters at Amarillo, and will issue the first number from that point March 15. D. F. Biggs, Editor and General Manager for the past three years, has retired to engage in other business and

ANTELOPE
Mrs. John Rhea
Correspondent

Mr. and Mrs. George Heckman and children of Clarendon were pleasant callers in the W. N. Bullock home Tuesday.

We were glad to have the folks from Silverton who witnessed the basketball game between Antelope and Silverton Wednesday. The score was 13 to 14 in favor of the Silverton school girls and 12 to 13 for the outside players.

Mr. and Mrs. Iry Graves and son were Memphis visitors Thursday.

Mr. and Mrs. Hobb Conn and children of Abernathy spent Saturday night with Mrs. Conn's parents, Mr. and Mrs. H. B. Edens.

Those who attended the basketball game at Silverton Saturday night from Antelope were Mr. A. L. Durham and family, Lloyd Bullock, Mr. and Mrs. Oscar Bullock, Mr. Thomas and son, Cloteil.

L. L. Waldrop and family were shopping in Clarendon Saturday.

Mrs. W. N. Bullock and daughter, Gussie Marie returned home Saturday night from Palo Duro where they have been visiting with Mr. and Mrs. S. E. Johnson. Mrs. Johnson and daughter, Emma Lee returned home with them, going to visit her relatives at Silverton. Miss Emma Bullock accompanied them on their trip.

Mr. and Mrs. C. C. Biggs made a trip to Silverton Saturday.

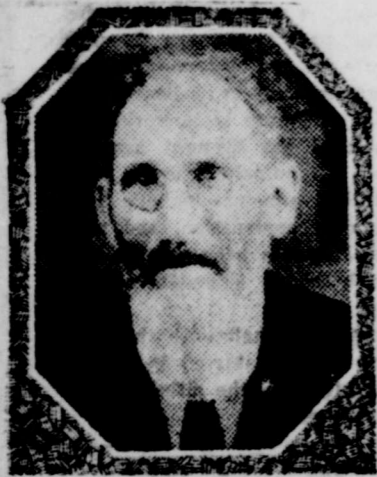

W. N. Bullock went to Amarillo Sunday to visit his son, Walter Bullock.

Mrs. Henry Heckman and daughter, Lorene, went to Clarendon Sunday to spend a few days in the George Heckman home and secure medical treatment for Lorene, who is on the sick list.

Mr. and Mrs. Horace Sanders of Pampa were guests in the C. C. Biggs home Sunday.

**Konjola Again
Triumphs Over
Stubborn Case**

My Experience With New Medicine Was Amazing, Says Farmer, Aged 68.

MR. JOHN OELRICHS

"For years rheumatism in my legs and hips made it practically impossible for me to get about," said Mr. John Oelrichs, a farmer, residing on Route No. 2, Mora, near Sedalia. "The pains and swelling in my limbs and joints were frightful at times. My kidneys, too, were weak and I was subjected to frequent night risings. My nerves were shaky and my general health was gradually becoming undermined."

"I tried many medicines without avail until I heard of Konjola. My experience with this great medicine was amazing. My nerves improved from the very beginning and my kidneys soon began functioning properly. The pains and swelling from rheumatism grew less and less, finally disappearing altogether. Today I am free of all my ills, and although 68 years of age, get about with less trouble than many younger men."

Konjola is sold in Silverton at the Silverton Drug Company, and by all the best druggists in all towns throughout this entire section.

George Heckman, Dwade Karnes, Irene Heckman and R. T. Karnes of Clarendon were pleasant callers in the W. N. Bullock home Thursday.

Mr. and Mrs. Dan Dean and son, Dan Nelse were pleasant bedtime callers in the W. N. Bullock home Sunday evening.

Mr. and Mrs. Elmer Sanders and son, Leon called in the John Rhea home Sunday evening.

Mr. and Mrs. L. L. Waldrop, Pauline, Edith and Nadine Waldrop and Mr. and Mrs. Elmer Sanders visited in the W. N. Bullock home Sunday afternoon.

Misses Pauline and Edith Waldrop, Bertha and Cleo Gibson, M. L.

FEDERAL LAND BANK GIVES CLASS ONE TO SILVERTON ASSOCIATION, MANAGED BY J. E. DANIEL, SEC'Y

The local farm loan association has been rated in Class One, according to a letter of classification just received from John V. De Mark of the Federal Land Bank of Houston by J. E. Daniel, the Silverton secretary.

The classification was made after careful study of the conditions of the loans in this territory, and semi-annual reviews will be made in the future to keep the associations on the alert for the high rating, says the land bank man.

To understand the high order which grouping in Class One means, Mr. Van de Mark explains the classifications. Class One are all solvent, having no obligations to pay and no losses or distressed loans. Their members will receive payment in full at par for proceeds of stock represented by loans paid off.

Also, this class may continue to receive new applications for loans.

Durham and Major and Walter Gibson attended the party given at the R. R. Riley home at Goldston Saturday night.

and it will receive dividends in full when declared and paid by the land bank. The association may foreclose when borrowers default, and collections will continue to be made by the secretary-treasurer.

You can get richer without getting bigger; and you may become bigger without getting richer.

Let's have a sharpen-up, speed-up, and buck-up week.

"I LOAN YOU MORE MONEY"
W. A. SCOTT
Room 26, Grant Building — — Plainview, Texas

**THREE IMPORTANT FACTORS
ENTER INTO THE COST OF
YOUR AUTOMOBILE**

- 1. How much it costs to make the car
- 2. How much extra you pay the dealer
- 3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

NOTE THESE LOW PRICES

Roadster . . .	\$435
Phaeton . . .	\$440
Tucker Sedan	\$500
Coupe . . .	\$500
Sport Coupe	\$530
Two-window Fordor Sedan . . .	\$600
Three-window Fordor Sedan . . .	\$625
Convertible Cabriolet	\$645
Town Sedan	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

Low up-keep costs

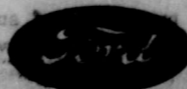

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

VOCATIONAL AGRICULTURE NEEDED FOR COMPLETE EDUCATION OF BOYS IN PREDOMINANT FARM DISTRICTS

(BY W. M. GOURLEY)

Recently it was my privilege to meet heads of schools, civic clubs, and other representative citizens of six panhandle towns who were seeking definite information regarding the introduction of vocational agriculture instruction in their schools, and I found they had very little knowledge concerning the details of the work. Even in this section, where the department has been established for five years, some local people do not know all the facts about this work in the high school.

Vocational agriculture trains students or college in two ways—intellectually and financially. And the latter value carries much import since many boys are not in institutions of higher learning today because of financial difficulties. They had no funds when they graduated from high school and their parents were unable to help them, and you will find many of them around town with nothing to do.

It is true that not all boys who take this subject make it pay financially. This is up to the student himself. If he is taking the subject for credit alone he will not likely have any money or have anything in the way of investments when he completes a three-year course.

But far the great majority in this community have made money and will have something of financial value to put them through at least the first year of college. There is one student in the Silvertown agricultural class who already has a saving account of \$861.00, besides other investments.

Don't you know this boy is going to be well-fixed to pay his way through college when he graduates here? He is making good money from his supervised practice work. Many others are making money, and many are going to make good.

Not only this, but the training will enable them to handle money and

develop habits of business. Some investigations have been made relative to the financial status of vocational agriculture boys and those of straight academic courses. All evidences pointed to the fact that the aggie students excelled in a financial way.

Aside of any preparation of future college schooling, there is the problem of training for life on the farm. Statistics show that only four per cent of all high school students take up professional work, such as law, medicine, teaching, ministry, etc. In other words, 96 out of every hundred enter some trade or business.

Since agriculture is the main business in Texas, particularly this part of the state, it will naturally claim most of the boys sooner or later. Therefore it is folly not to have a department fully equipped and organized to give practical agricultural instruction.

If this were an industrial center, training along other lines, such as science, mechanics, etc., would be appropriate. An educational system should be in keeping with the business that supports it. Shut off the agricultural resources of this school and you would have to close its doors. Business houses would close up, and the town would decay.

Everybody realizes this fact, and when they speak of good or bad times, they refer directly to the condition of the farming interests of the community. We have no other industry. When you would maintain a straight academic course of eleven years in the public schools, without providing for training that will improve home conditions and conditions of the community, you have set up a system that fails to meet the needs of the people.

Too many mistake schooling for education. It should be a process that trains the whole boy or girl.

A well-rounded education means

the training of the heart, the head, the hands, and observance of the laws of health. The development of these attributes in the boys and girls of the public schools is necessary for the advancement of American civilization, and speaking locally, the advancement of Briscoe county.

In the next article we will discuss the salary and support nature of the work, and affiliated credits allowed for the department of vocational agriculture.

Value of Terracing Shown On Plains

The course in terrace instruction which was held on the Quinton Brown farm Feb. 11, met with fine response on the part of interested farmers. stated J. E. Daniel, secretary of the Silvertown National Farm Loan Association. It was held under the supervision of the Federal Land Bank and A. & M. College.

Some terraces were run as a demonstration on Mr. Brown's farm, and the value in conserving moisture on sloping ground was pointed out. A. K. Short, conservation and terracing agent, Mr. Bennett of A. & M. College, and W. M. Gourley, agriculture teacher, were in charge of the work, and it was claimed that proper terracing will increase the yield from two to four times, and many instances of the fact were cited.

Show the town you're alive and young in spirit: advertise.

EARLY-HATCHED CHICKS WILL HELP SOLVE PROBLEM OF HAVING EGGS IN FALL AND WINTER WHEN HIGH

A hen in the laying house is worth a dozen in the barnyard in September and October. when egg prices start to soar. Farmers seeking to obtain the utmost profit from their poultry flocks should make an effort to have their pullets ready to lay by the middle of December, thereby getting the full advantage of fall and winter egg prices, market experts point out.

Early-hatched chicks offer the simplest solution to the problem. Chicks hatched before May 1 should be ready to start laying during September, if the stock is good, and proper care is given the growing pullets.

Many farmers, seeking to effect economies in the first cost of chicks, often put off purchasing until late in the season. This is merely a case of false economy, since late-hatched chicks are late in coming into production, and are not laying during the period when eggs are at their highest. The early-hatched chicks returns many times the net profit of the late-hatched chicks, in the normal course of events.

In response to this tendency to obtain chicks early in the year, hatcheries usually are ready to deliver by Mch. 1, and some even earlier. Chicks hatched at this period of the year are

husky and strong, and capable of quick growth, provided proper treatment is given them. Leading hatcheries of the country, too, are advising

their customers to obtain eggs in order to reap the advantage of the high egg market. Pullets ready for the laying house in early September more than pay for their original cost in the first few weeks. Figures compiled by agricultural experimental stations indicate that the profits from early hatched chicks are from three to five times as great as from late-hatched chicks, under normal circumstances.

Mr. and Mrs. Yocum and family visited in the T. C. McCutchen home Sunday afternoon.

Denver Issues

(Continued from Page 1)

with them sandwiches and other refreshments may do so.

People have about quit riding on trains, and there are probably many children in this community who have never had such a pleasure. In addition, less than half the people here have ever visited the tunnel site or that part of the plains. The Sunday special presents a rare opportunity to have a get-together meeting, ride the oldtime railroad excursion again or give the young folks a thrill which they have never experienced before, and get acquainted with our own worthwhile show places. And the cost of the outing is small, only \$1.10. Again it is urged for those who will go to make the necessary arrangements with N. M. Baird, station master, or any of the three drug stores here.

CHURCH AND CLUB

Mrs. Bland Burson Honors Visiting College Girls

Honoring friends of Miss Rheua Alexander from West Texas State Teachers College at Canyon, who were house-guests at the R. G. Alexander home for the weekend. Mrs. Bland Burson was the charming hostess to five tables of bridge at her home Saturday evening.

The day was Feb. 22, and cherries and hatched symbols of George Washington's flaming youthfulness, were combined in the scheme as carried out in the taines and plate favors.

On the guest list were Misses Pearl Wimberly, Anna and Florence Throckmorton, and Rheua Alexander of Canyon; Misses Elizabeth and Carolyn Schott from Lubbock; Misses Sue Mae and Mary Ollie Persons and Allie Mae Tipps of Quitaque; and Miss Martha Brown.

Other guests included Rucker Tipps, Virgil Gregg and Roy Burgess of Quitaque, Toney Burson, Wayne Crawford, Clarence Anderson, Troy Burson, W. E. Schott, Jr., Roy Jarnigan and Ned Baird.

Dinner Served By Mr. and Mrs. A. P. Donnell

Mr. and Mrs. A. P. Donnell were host and hostess Sunday in a one-o'clock dinner served to a number of young people. Among those from out of town were Mr. and Mrs. D. H. Alexander and Burl of Hereford. Completing the dinner party were Mr. and Mrs. R. G. Alexander and sons, Donnell and Conrad.

Blue Bonnet Club Is Organized By Speech Art Girls

The speech-art girls met Saturday afternoon with their teacher, Mrs. C. D. Wright, and organized the Blue Bonnet Girls' club. Winona Bomar was elected president; Wilma Dickerson, vice-president; Billie Lou Lowry, secretary; Annis Fowler, treasurer; and Bertie Castleberry, reporter.

The club will have their class work and outing together, and promises to be rather active in the future, according to Bertie Castleberry.

Presbyterian Auxiliary Held Annual Meeting

The annual meeting of the Presbyterian auxiliary was held Monday, Feb. 17, at the church, at which time Mrs. O. T. Bundy was elected president; Mrs. Chas. Dickerson, vice-president; and Mrs. P. B. Henderlite, secretary-treasurer.

The next meeting of the ladies' auxiliary will be held next Monday.

Series of Entertainments For House Guests

House guests of Miss Rheua Alexander, accomplished daughter of Mr. and Mrs. R. G. Alexander, who accompanied her home from Canyon for the past weekend, were Misses Pearl Wimberly, Anna and Florence Throckmorton.

Several entertaining features were given in honor of the college guests. Friday evening Roy Jarnigan was host to a theatre party for the visitors.

And Saturday a picnic party was enjoyed at the W. E. Schott ranch northeast of Silverton. In the party were the house-guests, Miss Alexander, and Misses Elizabeth, Carolyn and Janie Schott.

Dinner and Bridge Enjoyed In Graham Home

A dinner and bridge party was given by Mr. and Mrs. Thurman Graham at their home Friday night to a large number of friends. It was a George Washington affair, in keeping with the season's motif. Plate favors and place decorations were sweet peas.

Dinner guests were Messrs and Mesdames D. O. Bomar, D. W. Cowart, R. G. Alexander, T. M. Nichols, R. E. Douglas, Fred Lemons, W. W. Fogerson, Mrs. Bland Burson, and O. R. Tipps.

The after-dinner guests were Messrs and Mesdames W. Coffee, jr., O. T. Bundy, A. R. Castleberry, T. R. Whiteside, and A. L. Kelsay.

A miser thinks too much of money; a spendthrift thinks too little; seek the middle road.

Latest Paris Enthusiasm Is Short Evening Coat

Here's one of the very latest in evening coats. It is of gold cloth with a scarf of the same material. "Short" is the word for formal wraps, regardless of dolman or wrap-around capes. The fur cuffs in the picture emphasize the new trend in sleeve treatments.

Graham Chandler Entertains Senior Class

The high school senior class were entertained in the home of Mrs. C. C. Blackwell Feb. 17 with a Valentine party, with Graham Chandler as host to his classmates. Mr. and Mrs. A. L. Kelsay had charge of the games.

Refreshments of cake and chocolate were served to Lallie Haynes, Geraldine Biffle, Christine Bundy, Bonnie Mae Walling, Mildred Jackson, Faden Lee, Studie Lee Foust, Jonnie Bundy, Ray Murphy and Albert Dickenson, Herbert Davis, Kemp Thompson, Fred Biffle, Haynes McClendon, Phillip Murphy, Hoyt Hill.

Mrs. Roy Allard Hostess to London Bridge

Mrs. Roy Allard entertained Thursday of last week with a lovely bridge party at her home, honoring the London Bridge club.

The home was decorated with bright and attractive flowers, suitable for the occasion.

Bridge favors fell to Mrs. Elmer Allard, Mrs. True Burson, Mrs. Dick Cowart, and Mrs. O. T. Bundy.

Refreshments were served to Mesdames Bruce Burleson, Tom Bomar, Max Crawford, Leo McAnaw, Wood Hardcastle, E. G. Snapka, James Meeker, Dick Cowart, Oran Bomar, Dean Allard, Elmer Allard, True Burson, O. T. Bundy, Jeff Gunter, and John Bain, jr.

Mmes. Bundy, Jeff Gunter and Bain were guests.

The club will meet with Mrs. Dean Allard next Thursday, March 6.

Baptist W. M. S. In All-Day Session Wed., March 5

A royal service meeting was held by the W. M. S. of the First Baptist church last Monday in the home of Mrs. Alice Baker. The society will meet at the church in business session next Monday and on the following Wednesday, March 5, the W. M. S. will render their week of prayer program, with all members urged to be present with their lunches.

Those who are not on the program are asked to come and take part by listening to the week of prayer observance.

Those present at the Monday meeting were Mesdames W. Allard, Haynes, Morgan, Miller, Buchanan, Jim Bomar, Mollie Bomar, McKinney, Garrison, Cox, Patton, Davis, and Clifford Allard.

Joining the parade isn't enough. Organize one.

Wednesday Bridge With Mrs. Neill As Hostess

Wednesday bridge club was entertained by Mrs. J. A. Neill as hostess Wednesday afternoon in her home, where an artistic color motif of pink and green was developed in the favors, tallies and the house decorations of pink roses. Violets were also used in the decorative scheme.

The relative positions of the bridge tables were marked uniquely through the four car-suits in accord with their importance in the game, and the tallies had similar groupings in designating partners.

Score favors went to Mrs. T. R.

Whiteside and Mrs. Jeff Gunter.

In the guest list were Mesdames Elmer Allard, Roy Allard, Frank Bain, Bland Burson, Max Crawford, Dick Cowart, R. E. Douglas, and T. R. Whiteside.

Club members were Mesdames John Bain, jr., O. T. Bundy, W. Coffee, Jeff Gunter, C. R. Goldhamer, Ben O. King, L. L. McAnaw and C. D. Wright.

WHAT BECOMES OF THE GRADUATES?

Wise people are learning that it pays to patronize a good reputable business college, just as it pays to go to a good doctor, or a good dentist, or a good lawyer.

Modern methods and equipment, trained instructors and the "know how" gets results, and it's only results that count. The cost of your training actually comes back to you in salary, better opportunities, and a better position.

Scores and scores of prominent business executives attribute most of their success to the training received at Plainview Business College. Employers realize that their employees are better qualified if they are trained at P. B. C.

The following are typical of the positions in which graduates are placed upon completion of their courses: Clinton H. Pickett was placed with Waples-Platter Grocery Co., Lubbock; Ned Bolin accepts position with District Attorney, Plainview; Walter B. Harmel accepts position with G. M. A. C., Amarillo; May Patten accepts position with Valley Motor Company, Muleshoe; Lester E. Langford accepts position with large Steamship Company, Galveston.

Plainview Business College is a FULLY ACCREDITED Service Standard School.

Those who are interested may obtain full information relatives courses by writing—

The FAMILY DOCTOR

By John Joseph Gaines

"AUTOINTOXICATION"

Most any patient who doesn't know what is the matter with himself, because "nobody seems to understand my case," will at once conclude that he has found a capable doctor, when he is told that he is "full of poison." In other words, autointoxication. For doesn't he feel just that way? Certainly he is full of poison, no matter what sort—he has known it himself all along, only he had never thought of it till he found a smart doctor who knew his business! All he wants is, to have that poison gone after; he leaves the smart doctor's office with a glad hope of recovery.

And, that's some good done after all—the improved mental state produced.

Now, I have seen hundreds of men and women who suffered more from the belief that they were full of poison, than from any real toxic condition. A man follows a grinding occupation until his nerves are tired to shreds—just tired. He begins to ache in his muscles here and there; his efficiency is dwindling; his bowels nerves bankrupt—no action possible; his disposition changes; he becomes irritable, hard to get along with; both he and his family grow fearful; medicines have failed to improve; the idea grows that nobody understands his case—until some medical wisecracker tells him solemnly that he is "full of poison."

This for a man that is just plain tired!

Hundreds of women have been "fed up" on such diagnoses, and grope aimlessly and expensively, fighting a poison that exists only in imagination! when may we expect good, plain horse-sense to come into its own, in the matter of caring for our bodies?

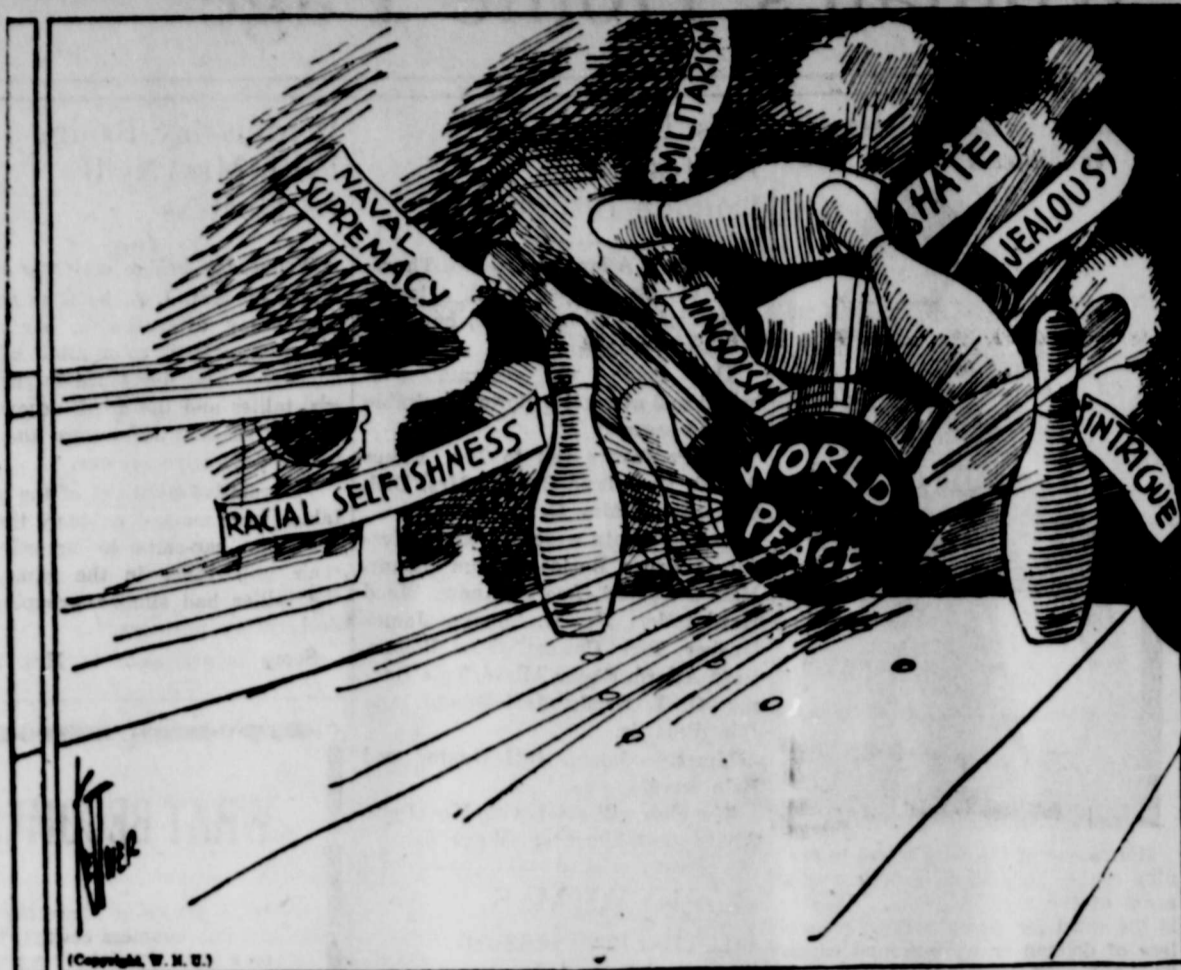

And it seems to satisfy certain neurotic individuals to be told they are full of germs. They are in fighting mood. It is true, and they welcome something tangible to go after. O, for common sense in diet, exercise, sleep and mental equilibrium! Right living is the ounce of prevention that is better than a ton of so-called "cure".

What are your plans for the next ten years? Are you going to tell more buyers that you are in business?

Pins That Are Hard to Hit

(Copyright, W. H. E.)

The WAY of LIFE

BY BRUCE BARTON

I REASSURE A MOTHER

A mother writes me about her son's reading. Among other things, she says:

"In spite of all I can do or say, he insists on reading stories. How can I correct this habit?"

Frankly, madam, I do not know.

It is about as easy to cure a boy of eating as it is to destroy his love for good stories.

Centuries before there was any writing, story-tellers drifted about from village to village, gathering the people together and telling them stories.

The love of fiction is as old as that—older than recorded history, older even than civilization. It can not be rooted out; its roots run back too far.

And why should you want to root it out?

The greatest Teacher that ever lived spent half His time telling disciples, "Without a parable (a story) He taught them nothing." These stories have transformed humanity.

One great story written in our own country, "Uncle Tom's Cabin," so stirred men's hearts that they said, "Slavery must go."

Good stories will not hurt your boy; they may, if he is the right kind of boy, inspire him to real achievement.

And they will do something else

for him, equally important. They will develop his imagination.

We have too little regard for the high value of the imagination, we Americans. We are too matter-of-fact. We forget that all great inventions, all great discoveries, all great achievements in science or business, came to pass because some man first had imagination enough to conceive them.

Many men have been hit on the head by a falling apple. Newton, when the apple hit him, had imagination enough to formulate the law of gravitation.

Many men have been burned by their wives' tea-kettle. Watt had imagination enough to conceive the steam-engine.

Look through the pages of history, and you will discover that the leaders of men have been those who could dream great dreams and carry them out—the men of powerful intelligent imagination.

Because this is true, the editor of a magazine that prints stories has a responsibility that he must take seriously if he is any sort of man at all. He is intrusted with the duty of stimulating the imagination of thousands of children of mothers like you.

He may, if he choose, publish stories whose appeal is to the baser side of the imagination—and ven achieve a certain sort of circulation increase for his magazine by so doing. Or he may regard every mother among his

AT THE CHURCHES

Observance of Lord's Supper at 11 League's at 7 o'clock. No service Sunday night. We worship with the Presbyterian congregation in the second of a series of cooperative night services.

Sunday-school institute at the church Friday night at 7:30 o'clock. Rev. B. L. Nance will be with us. The public is cordially invited to worship at the Methodist church always.

CHURCH OF CHRIST

The Church of Christ meets each Sunday at 10:30 a. m. for Bible study.

Rev. Early Arceneaux preaches every Sunday afternoon at 3 p. m., and teaches a Bible class on Tuesday evenings at 7 o'clock. The public is cordially invited to all of these services.

readers as if she were his own mother, and every mother's son as a younger brother.

You need not concern yourself because your boy likes stories. But are the stories he reads the right kind of stories—do they appeal to his imagination on its best and highest side? That is the important question for you.

Silverton Dry Goods Merchants a Credit to a City Much Larger

Few, if any, of the citizens of Silverton, or for that matter any other city, give credit to local merchants that they rightfully deserve. We have several splendid dry goods establishments that carry a stock of merchandise that will supply the most fastidious. Shelves are crammed with choicest of fresh merchandise, standard advertised brands that are tried and proved products represent the stocks of the dry goods merchants here . . . the very choicest materials in the latest styles . . . everything from the dainty pink and blue clothing for the new born babe to the most complete trousseau for the june bride is carried . . . awaiting the choice of the patrons . . . and sold to Silverton people at live and let live prices.

At once you say the merchant is not in business for his health . . . he derives a profit from his investment . . . and he should. True, he gets a profit and if he handles merchandist without a profit and if he handles merchandise without a this, you will grant that he can if he is so a-mind to, work off shoddy merchandise, sell off-brand clothing, practice the shyster methods that will profit him more for the time being . . . but these kind, too, are not long-lived.

Tell your friends as you well know it to be a fact, that Silverton has splendid dry goods merchants, and that they cannot go wrong when they patronize these merchants.

(NOTE: This the second of a series of articles sponsored by this publication about Silverton business houses. This advertisement is contributed by the management, and the dry goods merchants were not informed of our intentions in publishing same.)

BRISCOE COUNTY NEWS

Official Paper for Briscoe County

LOCALS

Silverton guests of the Floydada chamber of commerce in annual banquet last Friday night were C. D. Wright, W. M. Gourley and J. A. Neill.

Mrs. C. R. E. Weaver's father, Mr. Snoddy of Benjamin, was a visitor in her home the past weekend. Mr. Snoddy is a gin operator and cotton man of Knox county.

Mrs. Carroll Gunter came over Tuesday from Dimmitt to spend a few days with relatives.

Mr. and Mrs. Chas. Dickerson and Wilma spent the weekend at Happy with relatives.

offered today at prices far below their actual value are better than cars of like age still being run by their original owners."

"Backing our policy of careful trade-ins is the national Chevrolet policy of completely reconditioning a car before we offer it for resale. Every part of such a car is carefully checked, and if not up to our rigid standards, is repaired or replaced. The result is a car in more nearly perfect condition and with more service in it than if it was still in its first owner's hands."

Levelland—Gymnasium building to be erected on school campus.

Nunn-Warren—

(Continued from front page)

has been succeeded by Seth B. Holman, member of the staff and stockholder in the Nunn-Warren Company. Virgil E. Hobby, assistant to Mr. Biggs, remains with the publication. R. C. Hughes will be the new advertising manager.

The Nunn-Warren Company's group of newspapers consists of six dailies and eleven weeklies. The daily papers are located at Roswell, Carlsbad and Clovis, New Mexico, and at Pampa, Borger and Childress, Texas. The company publishes weekly newspapers at Friona, Hereford, White Deer, Panhandle, Stinnett, Spearman, Childress, Silverton, Quitaque, Dimmitt and Pampa, Texas. The Nunn-Warren group originated in 1926 with the purchase of the Panhandle, Texas, Herald, a weekly newspaper, and has steadily grown since that time to its present proportions. J. Lindsey Nunn is president of the company; Dr. J. E. Nunn, vice-president, both of Amarillo; and David M. Warren of Pampa, Texas, is secretary-treasurer and general manager of the properties.

... ALSO the new Flor sheim shoe style ... any last in any number.

M SYSTEM

SAVES FOR THE NATION

Everyone Knows That the 'M'-System Stores Are Home Owned Stores

Our store is on the Corner of Main Street, in Silverton owned and operated by Cowart & Son, who have lived in Silverton for more than 31 years. If you will look up our records you will find that we have paid more taxes, given more to charity, churches and the development of Silverton than a bunch of these men, who would have you believe we are a national chain.

There are hundreds of "M"-System Stores operating in 14 Southern States, that have nothing to do with us and we have nothing to do with them except that by pooling our orders together, we are enabled to force the manufacturer to sell us cheaper than they would do otherwise, and are therefore enabled to compete with any foreign chain that might come to our town.

Each man in each town owns his own store or stores separate and distinct from every other "M"-System Store.

COWART & SON, Owners
