Junk Metals MUST Be Turned In

War Production Board Calls For Every Available Pound To Keep War Factories In Operation

Briscoe County, and every community in the United States, is joining during the month of August in an effort to see every piece of scrap iron and scrap metal on its way to help the war effort. This united effort is called of even more importance by the War Production Board, than was the recent scrap rubber drive.

It is impossible to estimate the amount of waste metals still lying right here in Briscoe County, and it is absolutely necessary that it be moved to market—and now! This drive is not for individual tonnage—it is for every available little piece of junk iron that you may find. All of it!

Perhaps you may not be able to find enough to pay you to look up the junk dealer and sell it. It is certain however, that you do have some of it. For those with small quantities, a pile has been started at the northwest corner of the court house yard. Take the scrap you wish to donate, to that pile. It is in charge of the Lions Club and it will be sold to a regular junk dealer and the money given to some worthwhile war cause. You will be making your scrap do double duty—it will go into tanks and guns, and the money will go to the USO, the Boy Scouts, or one of many other worthwhile causes. If you need help in unloading on the pile, call on the editor or any Lion Club member.

The drive is under the direction of the War Production Board, and in this county, under the leadership of Otis Wilson, Claude Carpenter and Lem Weaver, who comprise the County Salvage Committee.

All junk is to be handled through regular salvage dealers, as it will facilitate handling and transportation. The dealer has a big job, that of sorting the junk into the various types and preparing it for shipment to the steel manufacturers.

There is no need emphasizing further the urgent need of you turning in your metal. The thought that the Germans are gaining each day in Russia, that the Japs have advanced almost at will, and that they plan to TAKE THE UNITED STATES, should be enough to drive each of us to more effort.

Yes, they know they will TAKE THE U. S. and they know it just as strongly as we know they will not. It is YOU, Mr. American who stand between your home and the Axis fiends!

BOMB 'EM WITH JUNK!!

MERCHANTS MUST KEEP LISTS UP TO DATE

All merchants in Briscoe County were reminded today by D. J. Northcutt, chairman of the Briscoe War Price and Rationing Board, that they must file with the local board by August 10 a list showing cost-of-living articles and their ceiling prices which the merchant has added to his stock since July 1.

"The filing of such lists by the tenth of each month is made mandatory by General Maximum Price Regulation No. 1," Mr. Northcutt pointed out.

He also called attention to the fact that many retail merchants still have not filed the initial listing of cost-of-living articles and their ceiling prices, which should have been in the hands of the Briscoe Rationing Board Office not later than July 1.

"Failure to file that list is a violation of the General Maximum Price Regulations," Mr. Northcutt said, "and we have been advised that the state office of Price Administration staff is now making a field survey to determine how many merchants have not filed this list." The results of this survey, he said, are to be turned over to the OPA compliance and investigation department, for immediate attention. Any merchant who still has not obtained a copy of the General Maximum Price Regulation, or of Bulletin No. 2 — "What Every Retail Merchant Should Know About the GMPR" — can get copies by applying to the office of the Briscoe War Price and Rationing Board, Silverton, Texas. Mr. Northcutt stressed that compliance with Price Control is an essential duty in winning the war "on the HOME FRONT."

Briscoe County's First Casualty

... WILLIAM C. CURBY, step-son of F. C. Gatewood, has been listed by the War Department as "Missing in action since May 7, 1942." Young "Gatewood" as he was known here was among the heroic defenders of the Philippines. His last letter to Mr. Gatewood, written on Christmas Day, arrived here about two months ago. He enlisted in the army for three years, February 14, 1941 when he was 19 years old.

HARMONY CLUB GETS YEARBOOKS

The Harmony Club, composed of ladies of Silverton, who are musically inclined or interested in the study and history of music, received their yearbooks this week for the coming year.

According to the study programs, the ladies have an interesting year ahead of them in studying Pan-American Music and Dances. The first program of the year will be held September 9, with Mrs. O. T. Bundy and Janie Schott as hostesses at the Reassembly Coffee. Mrs. Bundy is Chairman of the club.

STATE WIDE INSURANCE RATE REDUCTIONS

A sweeping, statewide reduction in fire insurance rates, announced today by Marvin Hall, State Fire Insurance Commissioner, will result in an estimated saving of \$3,200,000 to Texas policy holders during the next 12 months. The new rates involved in today's order by the Board of Insurance Commissioners, will become effective on fire insurance policies written after August 1, 1942.

DRIFT BOARD RELEASES NAMES OF YOUNGEST REGISTRANTS

Figures were released this week, on the number and names of the boys who registered under the Selective Service Act, June 30th. The list includes the names of 87 boys from 18 to 20; however, under the present regulations there are only 21 of these registrants who are 20 years of age; that is of fighting age. The first 21 listed are the 20-year-olds, born on or before June 30, 1922.

COMMANDER OF AMERICAN TROOPS IN EUROPE

WASHINGTON, D. C.—PIXPAGE—U. S. Army Signal Corps Photo—Major General Dwight D. Eisenhower, tank warfare expert, who has been placed in command of American troops in the "European Theatre of Operations" according to War Department communique.

FIVE AMENDMENTS ARE PROPOSED FOR THE TEXAS CONSTITUTION

This week is the second of a series of "Proposed Amendments" which are running in the Briscoe County News. These amendments were resolutions adopted by the Legislature, and will come up for a vote of the people of Texas at the General Election on November 3.

SJR, No. 20 is a joint resolution to permit army officers on duties in the colleges of Texas to receive warrants on the State in the time of John Tarleton Agricultural they are assigned to such duties.

SJR, No. 21 proposes that the legislature appropriate \$75,000 to build improvements on the campus College.

HJR No. 1 will require the State Comptroller to give his final report and approve all revenue bills passed after January 1, 1945. No revenue bill will be sent to the Governor for his approval until the Comptroller certifies that the funds are available.

HJR No. 23 would authorize the Legislature to construct a State Office Bldg with \$2,000,000 borrowed from the Permanent School Fund, and provides methods of repayment.

HJR No. 24, provides that in certain counties other courts may be established having the same jurisdiction as the county court in civil, criminal or probate matters. Be sure to read these proposed amendments to our State Constitution carefully, that you may cast an intelligent vote on them. Better still clip a copy of them and keep them so you can refresh your memory just before the November election.

TOM McCUTCHEEN PASSED AWAY TUESDAY NIGHT

Tom McCutchen, a resident of Briscoe County for the past 21 years, passed away at the Plainview Sanitarium, Tuesday night, August 4, after an illness of only two days. He would have been 57 years old on August 31.

Twenty-one years ago, Mr. and Mrs. McCutchen moved to the Haylake Community and farmed there until about 1931. He was employed by the Highway Department for several years, and made his home for a time in Silverton, and then in Quitaque. He has been operating a service station in Quitaque for nearly ten years.

Thomas C. McCutchen was born August 31, 1885 in Coryell County. He moved from there while a child and in 1906 he was married to Miss Eddie Hardin in Nolan County. To this union were born four children, Alvin, Pauline, Louvene, and Jay D. Louvene preceded her father in death a few years ago.

Mr. McCutchen was a member of the First Baptist Church of Quitaque and a regular attendant. His life is well reflected in the things he has done, and the shock and sadness of his friends show that he was well liked, and admired.

He is survived by his wife and three children mentioned above, and many relatives in Coke County whose names are not available.

Funeral services were conducted in the First Baptist Church in Quitaque, Thursday afternoon by Rev. Draper and Rev. Ponder. Interment was made in the Silverton Cemetery.

Subscribers to daily papers were disappointed and distressed here several days over the week end when their favorite daily failed to arrive. Several days have elapsed and on Tuesday the routing isn't straight yet. That's one advantage the Briscoe County News has over the dailies — come Friday morning and the paper is in the Post Office. If you aren't a regular subscriber, or your subscription is about to lapse, why not drop by the News Office now.

NEWS from the BOYS IN SERVICE

... (Nuke) May enlisted the Marines Wednesday. He reports for duty Monday, goes to San Diego, California.

FRED FORTENBURY, who has been stationed at the Great Lakes Naval Training Base, was here today on a ten-day leave. He was formerly the Tulia Route mail carrier. Fred says that he loves that he is in the greatest job in the world—but that his isn't quite so enthused over being in service.

FROM CHESTY DUNN comes the news that he is one of Uncle Sam's best sailors: "Dear Folks: I just got back from church. We went to church in the Navy when Protestant or Catholic.

I got your letter yesterday. We are going to change camps Monday but there will be no change in my address. I have had five letters and one Briscoe County letter. I am pretty well contented now. I forget whether I told you in my other letter, but I took a test for cook and failed by a rating as cook I will have to work up to it after I get aboard unless they change the rating before I graduate.

I can get five days leave and five days travel time. This won't be much time but I may be home anyway. Bus fare would be about \$35.

I thought the West Texas sun was bad but it is nothing to this one here. You blister here while it is foggy.

I hadn't told you but they clip everyone's hair in the Navy. They clip mine down to half an inch. Of course you can let it grow after three or four weeks. I will take mine three months to grow out again. If I don't send a picture it will be because I'm ashamed of my hair."

BOMER GILKEYSON writes that he is now with the 1st Troop Cavalry in Wisconsin and the week end is fine, and is having a good time. Their camp is what was once C.C.C. Camp, and is only one mile from a lake where they go swimming often. He says "people really like to soldiers here. We go to town on Sundays without being asked out to dinner or a party or picnic. The U.S.S. has us free candy, sandwiches, and just about anything else we want."

He is assigned to two large transport planes and all he has to do is keep the radios in shape. He has been up twice and stayed several hours once and four hours another time, and plans to make cross-country flight soon.

PHYLLIS HODGES son of Mr. and Mrs. Buster Hodges, who is now stationed at Midland is on a furlough.

THE NAVY BOOKLET

The answer to many questions men considering entering military service is an illustrated four-page booklet entitled "Men in the Navy — The Navy Likes Men". It is six by nine inches in size and 50 pages in length. Men between the ages of 17 and 50 years may obtain a free copy by writing to the U. S. Navy Recruiting Station, Dallas, Texas.

Included in the new booklet are pictures illustrating the life of a man may be assigned to serve in; the general characteristics of the training he will receive; medical and dental care he can expect to receive; sports and recreation; food, how it is prepared and served; quarters aboard ship; entertainment, afloat and ashore; training; ratings; how to discipline them; men whose Navy training paved the way for a successful civilian career, and many other features.

This book answers the majority of questions that arise in the minds of applicants whether in regard to pay in the Navy, years of service expected under different types of enlistment, type of training to be expected, the various classes open to applicants, or other most frequently asked questions.

C. R. Reed of the Boles Orphans Home was here Tuesday. There were 278 children in the home. He is gathering supplies for the home, which is a Church of Christ institution.

WELL, THE NEWS OFFICE is getting a little back to normal. Here I am a day later starting the bunk column. Will be back to Wednesday I reckon before long.

JACK WAS AROUND again and had a telegram from the Press at A. and M. asking him to work. He started to work Monday --- the same linotype job that Cranny had.

HERE'S A FABLE... a modern Fable according to Boyce House, and perhaps it may show cause, just and true, as to why I keep writing this column. The fable: "Once upon a time there was a Mamma Cow, a Papa Cow, and a little Baby Cow. And the little Baby Cow asked if he could go over into the next lot and play. Mamma cow said he could. Well, a few hours later, they went over to get him and he wasn't there. They wandered from field to field and finally found him about ten miles away. ... And Mamma Cow said, "Well, it just goes to show how far a little bull will go, sometimes."

A FEW FOLKS have been handling me money to send to the China Relief Fund. Rev. Craft is chairman of the drive and asked me to keep the money for him and to collect what I could. So far there hasn't been any heavy drive, and probably won't be. Those who know what China has done for us, will be glad to send them a little help. They ask for so very little, and they make it go so far, that we should help them more than we've been asked, which is \$50.00 for the whole county. I know I could go out and raise that much in a few hours, and from a comparatively few people --- but how much better it would be if the money be given voluntarily --- and represent as many of us as possible. Here are the folks who have given without urging:

- John Hamilton \$1.00
Chester Burnett 1.00
Roy Hahn 1.00
T. G. Craft 1.00
Jack Burleson .25
Conrad Alexander .25
Alvin Redin .25
Mrs. O'Neal .25
Mr. and Mrs. Edd Thomas 1.00
Bill Tennison .25
Mrs. Warner Grabbe 1.00
Homer Sanders 2.00
J. T. Luke .50
Jake Honea .50
Claude Carpenter .50
W. Coffee, Jr. 1.50
Jimmy Webb .50
T. R. Whiteside .50
Fred Lemons .50

That's \$12.75. And the Chinese can make it go a long way. It isn't for munitions --- it's for the medicine and food for the women and children who have been suffering from the depredations of the Japs for five long years. And during most of that time we money-grabbing Americans have been sending the Japs the scrap iron and oil with which to do their dirt on defenseless China. And now it seems that the whole affair has just been a sort of practice maneuver for the Japs, getting ready for their big job --- which is us. The least we can do is to send them what relief we can.

MR. WATTERS WAS just in the shop. He needs a wheel chair

for Mrs. Watters. She has been unable to walk now for five weeks. If you have, or know of anyone who has a wheel chair please let him know.

IT HAS BEEN a long time since I have tried to promote the sale of bonds and stamps in this column. What are you doing about your share? There were fifteen of us at the Lions Club today and we each wrote secretly the amount of bonds we had bought. The amount was \$375 each on the average for a total amount of \$5,622. I think, that, was pretty good but it has got to be a lot better. One of the club had bought a \$2,000 bond and of course, that will knock the average down for the rest of us.

UP TO JULY 1st there were \$62,270.85 bought in this county. From the poll taken at the Club and by comparing it with the total amount bought in the county you can see that fifteen fellows have bought nearly 10% of the bonds in Briscoe County. That isn't right and it won't get the job done.

NEXT WEEK IS the Bond Meter, and we will give you the exact amount of bonds and stamps bought in July. I am hoping that with harvest over and a little money around, the Bond Meter will take a jump.

THE THING OF it, is a little like Homer Sanders says, and that is, WHY in the HELL should anyone have to prod anyone else up to buy bonds? Why should we? I don't know but it is a truth that there are many among us who still think that when we get ready to, McArthur, Roosevelt, or somebody will wave a wand and we'll march straight to Berlin and Tokyo and the war will be over just like that.

WELL SO FAR, it has been Hitler who has waved the wand and he is fairly well waving it this week. We haven't started to stem the tide. We might as well face it. So far, we, the American Public have acted like we were in a Fourth of July parade. All we have done is talk and little show. Don't get me wrong, I'm not criticizing our fighting boys. I'm just ranting because we are giving them so little to fight with. They have better nerve and more stamina, man for man, than the men of any country on earth. But like I have quoted before here, "you can't stop a tank by throwing guts at it."

RIGHT NOW, WE people who are still enjoying ourselves here at home have a chance to show in a little tiny way, that we want these boys to have something to fight with. A national effort is being made to get hold of every piece of old junk iron that is in the country. The scrap is absolutely vital to our war industries. Our industries are producing goods faster right now than all the nations combined, and they are still gaining. BUT, they can't operate without materials and that's what the scrap is for. Already they are feeling the pinch of such strenuous production. Already a factory or two has had to miss shifts because of the lack of materials or parts. That won't get it. Every bit of scrap is going to be needed. It is needed THIS MONTH.

THE WONDERFUL thing about this Uncle Sam of ours is that he doesn't take stuff --- even old junk iron. Bring it to the regular dealer and get his regular price for it. If you have a small dab, too small to bother selling, put it on the Lions Club pile on the corner of the courthouse lawn. It will be sold in a bunch and all the money given to some worthwhile cause, and a complete report will be given on what was done with it.

FRANK HAVRAN IS a funny guy. For the past three months he has been bumping the west end of his garage when he drives in and he had her sagging pretty bad. That old wreck of a Chevrolet is just about old enough for the brakes to go bad --- but does Frank fix the brakes? NO SIR! He lets the brakes alone and built the garage four feet longer.

AND IN COMES Joe O'Neal's little gal with a great story. She had her tonsils out. And the highlight of the whole happening as she told it was "I didn't lose a pound, not even a half a pound --- and Mother lost SIX pounds." 'Tis a pity old Joe couldn't have taken it seriously. He could have dropped off a couple of hundred or so and still be O. K. Ever have him get hold of you?

PROPOSED Constitutional Amendments

S. J. R. No. 20 A JOINT RESOLUTION.

proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16 of the Constitution of the State of Texas, be amended to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

S.J.R. No. 21 A JOINT RESOLUTION.

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;" and

"Against the constitutional amendment authorizing the Legislature to pay for building con-

structed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

H. J. R. No. 1 A JOINT RESOLUTION.

proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature, to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes."

"From and after January 1, 1943 save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation."

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two per cent per annum and shall mature within twenty (20) years from date."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts, as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of

bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words:

"Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts, as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

H. J. R. No. 23 A JOINT RESOLUTION.

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said Fund, the Treasurer shall pay the interest on said bonds as it becomes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Section 3. The Governor of the State is hereby directed to issue

the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

H. J. R. No. 24 A JOINT RESOLUTION.

proposing an amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising such local law) in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Section 2. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

court in civil, criminal or probate matters."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time voters favoring such proposed amendment shall have written printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposing to said Amendment shall have written printed on their ballot the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the result of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have it published as required by the Constitution and the existing laws of the State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

MAN: Here she is... what'll you give me for her?
DEALER: Sounds like she just breathed her last. We want good second-hand cars but not this kind.
MAN: Why, it's got only 30,000 miles... and look! ... it's the same make, model and year as that gray job you've got tagged to sell for \$450.
DEALER: But that engine is OIL-PLATED and runs like new. Good for another 30,000 miles. Its owner took good care of it... greased it and drained the crankcase every thousand miles.
MAN: I always thought that was the bunk.
DEALER: Well, you've got a pile of junk there to prove you're wrong.
MAN: All right... all right... I'm wrong. Tell you what, I'll give you three hundred cash and my car for that one if you'll wise me to the motor oil that fellow used.
DEALER: It's a deal. He used Conoco Nth oil. That's oil with the synthetic that helps keep both the motor and the oil clean.
MAN: Oh, now I remember reading about that oil and the synthetics they use. Brother, I'll use nothing but Conoco Nth from now on!

OREGON AND VANCOUVER SHELLED

PIXPAGE—Six to nine Jap shells, landing on the Oregon coastline, brought the war to the United States mainland for the second time since Pearl Harbor. This attack followed by about 24 hours submarine shelling of the Canadian government radio station at Estevan, Vancouver Island. No damage or casualties were reported from either shelling.

ARE YOU NEEDING FURNITURE?

IF YOU ARE, now is the time to buy it. We received a big car load Tuesday of this week, and already, so much of it has been sold that we hesitate to advertise it. Shipments are irregular. You know, we just can't say for sure when an order will arrive. And so, if you are needing furniture come in now, while we are pretty well stocked. We've sold furniture to folks from other towns and so our prices and quality must be pretty much in line.

Hardware and Houseware

Shop our store for your hardware and houseware. We have some new colored dishes, and a better than usual line of all kitchen needs. Stove time will soon be here too, and are they scarce? As for tractor and implement repairs, we have most of them but don't wait til you break down to order.

We invite you to visit our store!

UNHAPPY WIVES FIND NEW HOPE IN SPECIAL VITAMIN COMBINATION

Clinical Tests Demonstrate Sterile Women May Be Aided—Happy Homes Are Dependent on Babies

Nothing equals a baby to bring complete unity and happiness into the home and the husband and wife into a stronger bond of enduring love and mutual interest.

Many homes break up from lack of children and contribute to the amazing American record of one divorce for every five marriages. Unhappy wives, childless due to a vitamin-deficient functional weakness, may now enjoy the desires and activities of Nature's most wonderful creation—a normal, fully-developed, vigorous woman.

new vitamin of the B Complex group has a striking effect on sterility. Twenty-two women, with known sterility records for as much as five years were selected for the test. After weeks of heavy dosage with Paraminobenzoic acid (a vitamin of the B Complex group) more than half of these women became mothers. Many of these women had been told their condition was hopeless. The vitamin is absolutely harmless and decidedly beneficial to general health as well.

Thus it is apparent that highly fortified vitamin combination may be just the thing needed by the childless wife and quickly bring the happiness of a baby into the home. If you are childless and have even given up hope, if you wish to eliminate one of the greatest causes of unhappy marriages, by all means give the Perlex Combination Vitamin System a short trial in the privacy of your home. To introduce this new vitamin combination quickly to a million women, the Perlex Company, 314 North Michigan Ave., Chicago, Illinois, will send a regular \$2.00 supply for only \$1.00 and a few cents postage. You need send no money for just your name and address. Perlex comes in a plain wrapper—directions are quite simple, and no special diet or exercise is required.

AGGIE BRIEFS

Secretary Briscoe Co. Committee
By Ray S. McEntire

The Briscoe County Salvage Committee and USDA War Board met in joint session Tuesday in order to take appropriate steps toward carrying out an urgent request received from Governor Coke Stevenson, requesting all farmers to bring scrap metal and rubber to town. As a result of the

emergency telegram, the Briscoe County Salvage Committee is staging a drive for every Saturday in August and are urging you to bring your scrap metal or rubber to your nearest town. If it is impossible to bring your scrap to town, please notify the Salvage Committee of the amount you have. Some war plants are having to close down because of the shortage of raw materials, namely scrap materials. Some boys you know are having to face the enemy without proper fighting equipment because of the shortage of raw materials. Will you help that boy by bringing in your scrap metal and rubber?

WASTE FATS

Recently the USDA War Board

has received information relative to saving your waste fats. The following information is passed on to you in order that you may know what to do and what not to do.

FOUR THINGS TO DO

1. Save all your waste cooking fats. Save pan drippings from roast, ham, beef, lamb and poultry. Save broiler drippings from steaks, chops, veal and bacon. Save deep fats, whether lard or vegetable shortening, from fried potatoes, fish, doughnuts, etc.
2. Pour into clean, wide-mouth can. It is best to pour into a wide-mouthed can, such as a coffee or vegetable shortening can. Be sure the can is spotlessly clean. And strain your fats as you pour them in, so that all foreign matter is removed.
3. Keep in refrigerator or a cool, dark place until you have collected at least one pound.
4. Take to your meat dealer, who is cooperating patriotically in this drive. He will weigh your can of fat, pay you the established price for it, and start it on its way to the war industries. Frozen food locker plants will also accept your salvage fats.

Four Things NOT to Do

1. Don't take less than one pound at a time to your meat dealer.
2. Don't take your fats to the meat dealers in glass containers or paper bags.
3. Don't let fats stand so long that they become rancid. If they do, the glycerine content is reduced.
4. Don't take your fats to the meat dealer on week ends if you can avoid it. Help him by returning them early in the week.

Plenty of People to Help You

There are thousands of Local Salvage Committees set up throughout the country. Call your local committee for information if you haven't one yet, get in touch with your County or State Salvage Committee. They'll answer your questions.

Neighborhood leaders of the County Extension Service of the Department of Agriculture are standing by, working in every way with them fully. Get your neighbors in on it too. This is another opportunity to help with your Country's Salvage for Victory Program.

the oil that will fly our planes, power our mechanized divisions, and fuel the ships of America and her Allies will come from Texas. There must be no bottlenecks in Texas' oil production and transportation.

"The people of Texas need a war veteran and a fully qualified Railroad Commissioner who will see to it that every industry regulated by the commission can and does function at its maximum in our war effort," Mr. Jester declared.

A native of Corsicana, Jester is a graduate of Texas University and served from 1932 to 1935 as chairman of the university's board of regents. He interrupted his law studies to go overseas in 1917 as an infantry captain in the 90th Division. He saw action in the St. Mihiel and Meuse-Argonne offensives. Returning to the law after the Armistice, he completed his studies and has practised in Corsicana ever since. He has taught a Sunday school class in his Methodist church since 1924, and since 1935 has been a member of the State Advisory Board of the National Youth Administration.

WRITE CHEERFUL LETTERS TO THE FIGHTING MEN

Be careful what you write to the fighting men of Uncle Sam's armed forces.

This is the advice of hundreds of American Red Cross workers who come into contact daily with the troubles and personal problems of American service men both at home and abroad.

Too many times, they warn, the folks at home pour forth petty family problems in letters to their boys who are away in camp or fighting at the front. The result in many cases is the demoralization of a brave soldier. The loving mother, sweetheart, uncle or aunt, unwittingly may be aiding the enemy.

There are too many cases, Red Cross workers declare, of a soldier sailor, or marine receiving a wire, "Come home, mother seriously ill," Verification of the facts by the Red Cross often reveals that there

was no real reason for alarm. Rather, it appears, had been suffering from an illness for many years. It was no worse at the time the wire was sent, but she sent it, because she had a motherly desire to see her son.

During the waiting period, while the Red Cross workers check the facts in the soldier's home town the army is confronted with a bewildered, worried boy, who had a moment before was a determined soldier.

Red Cross workers have encountered numerous cases where a lovesick sweetheart wishing to have a visit with her soldier boyfriend has forged a wire stating that "Aunt Mary" is ill and expected to live through the day. Red Cross workers are soon able to wire back the comforting news that no illness exists, but meanwhile, another soldier has spent agonizing hours trying to visualize the actual conditions at home.

Cases of suicide of service men have been reported to the Red Cross which were directly traceable to the thoughtless letter of "girl friend" at home in which she wrote the service man that she no longer cared for him.

By far the majority of the cases investigated by Red Cross Home Service workers are legitimate. In these instances, the Red Cross mobilizes its forces both in the soldier's camp and in his home town to provide financial assistance, arrange for transportation and aid to his family during an emergency.

It is the minority of letter writers who bring about demoralization among the troops. Many of these writers are unintentionally worrying the service men, a few deliberately. Most of them are merely too prone to seek comfort on small personal problems from a soldier who himself needs the united support of his family at home.

So the next time you write Johnny Doughboy be cheerful, factual, the Red Cross warns. Demoralizing letter, whether intentional or not, can be as damaging to Uncle Sam's armed forces as an enemy bullet.

CITY TAILORS GIVE ME EXTRA TIME FOR WAR RELIEF WORK

I'm beginning to send more and more of our family's garments to the City Tailors dry cleaners because it gives me more time for war relief activities. In spite of priorities, Frank still does a careful, thorough cleaning job on every garment. All spots disappear, clothes are neatly pressed, fabrics are like new again. You can trust them with your precious silks, too. Try them this week!
