Filing Deadline Draws Near For Candidates Seeking Local Offices

BAIRD — Citizens of the county continue to register for the up-coming elections, and it is predicted to be a record in voter registration for 1972. If you haven't register at this time, be sure to do so in the very near future, as two elections are scheduled on April 1 - the election of two trustees to the Baird Independent School Board of Trustees, and the election of a mayor and two aldermen for the City of Baird. Both of these elections will be

held at the American Legion Building.

Terms of Jim Clark and Jimmy Roy Higgins are expiring as trustees for the School Board. Candidates seeking these vacancies must file with County Judge A. E. Dyer Jr. prior to 6 p. m. March 1. The incumbents, Clark and Higgins, have announced that they will be candidates for re-election.

Bus Ride In The City

CLYDE — What could be more exciting to a child than a trip to the city for a jolly ride on a big blue and white bus - the first for many. Motoring to Abilene last week were the students from Cottage School, where they boarded one of Abilene Transits new buses and traveled south on the Cooper High route. At the end of the line, the students were told by their friendly driver, "everybody has to walk back if you don't have a quarter." Well now, of course this did create quite a noise among the boys and girls. One wide-eyed youngster, Kye Corn, assured Mrs. Oscar Brown, "everything's alright cause I have six pennies," and still another little one, distressed and close to tears, just couldn't see that long walk back.

The bus ride was especially interesting to Mrs. Brown and daughter, Betsy. Mrs. Brown's father, the late Floyd Willis, was executive secretary-treasurer of Abilene Transit at the time of his death in 1969.

The bus ride was indeed a real success.

Other educational trips pre-scheduled for the students include the Planetarium, Municipal Air Port, Nelson Zoo, Abilene Police Department and Hertz Dairy Farm at Tye.

Survey on Peanut Insecticide Use To Be Conducted in County

BAIRD — A survey of insecticide use on peanuts is planned to be conducted in Callahan County, reports county agricultural agent, Greg Gerngross. The survey will be conducted by mailing questionnaires to randomly selected producers in the West Cross Timbers area. Growers are urged to complete the brief report form and return it in the envelope provided. Instructions for completion of the form will be included in the questionnaire packet. Agent Gerngross noted he will be of assistance to any grower having questions or problems concerning the survey.

This insecticide use survey is being conducted to establish documented evidence of insecticide use patterns on peanuts. Estimates of insecticide use are not adequate for present and future scientific needs. Written evidence of this type is needed by local, State and Federal planning agencies working with

peanut insect control programs. The objectives of the survey include the establishment of recent trends in respect to number of applications, type insecticide, type information and method of application employed in peanut insect control practices.

The Texas Agricultural Extension Service in Callahan County has assisted with the implementation of an insect control program to use insecticide application only when needed. The program goal is to assist producers with receiving more net dollar returns from money invested in insect control practices.

Our incredible journey 5½ miles beneath the surface of the earth.

We're going deep, deep, deep into the earth. 28,000 feet beneath the surface. We're drilling a 5½-mile-deep well at the Anadarko Basin in Oklahoma. We are pioneers in drilling for gas at this great depth. This well is just part of our continuing search for natural gas. We're continuing our

search even though we already have an adequate supply to meet our customers' needs. We know we have a responsibility to look after the needs of the next generation. What does this mean to you?

It means you'll have adequate gas energy for all your needs. It means we'll be able to operate at peak efficiency and keep your gas service reasonable. And we'll be able to support the growth of our

service area. This will mean more jobs and more money. And a better life for all of us. You might say we're going to great depths to stretch your dollar.

8th Grades Ends Season With Loss

CLYDE — The 8th grade ended their season Thursday night with a disappointing loss to the Cisco 8th by a score of 37-21. However, for the entire year, the team had a record of 9 wins and 5 losses. Three of the losses were to the undefeated Cisco team.

The Bulldogs are very proud of their record, since this same team won only two games as 7th graders.

LETTER TO EDITOR

"May I take this opportunity to tell you how much I enjoy reading about 'my part of the country.' I'm the former Jo Veri Everett and was born and reared in Putnam. My father, Loren Everett, still resides there. It gives me a great deal of pleasure to read about the people I have known and loved. Thank you for what you do."

AUSTIN — The complex question of financing May and June primary elections is heading for a final legal test.

Comptroller Robert S. Calvert asked Atty. Gen. Crawford C. Martin for an official opinion on Secretary of State Bob Bullock's plan to pay for the party primaries with state funds.

Bullock forced the issue to a head last week by handing Comptroller Calvert \$73 worth of initial pre-primary bills and asking him to pay them.

Calvert balked and took the matter to Martin for advice.

"I will not pay anything out of the treasury for this unless I have a written opinion from the attorney general or an order of the court," Calvert said. He added he does not think Martin will advise him to pay the bills submitted by Bullock.

"If the vouchers are, for some reason, not approved, I intend to place this question before the Texas Supreme Court at the earliest possible moment so that the entire matter of primary financing can be adequately, equitably and finally resolved," Bullock stated.

He moved with court authority to formulate rules for the primaries after a three-judge federal court January 20 struck down the filing fee law relied on to finance the spring elections. Gov. Preston Smith proposes to transfer to him more than \$1 million for paying primary bills if the plan is finally cleared by legal authorities.

Rep. Rayford Price of Palestine accused Smith and Bullock of pre-empting prerogatives of the legislature, and said the governor should call an immediate special session to give lawmakers another whack at resolving the problem. Reps. Price Daniel Jr. of Liberty and Jim Nugent of Kerrville defended Smith and Bullock and charged Price was trying to further his House speakership campaign. Daniel and Nugent are also seeking the speaker-

PRIMARIES CROWDED

A total of 55 candidates for statewide office entered the Democratic primary before the February 7 filing deadline. There are contests for every office on the statewide ballot except four judicial places.

Republicans fielded only 10 state office candidates - and seven of them are running for governor.

There are 10 Democratic candidates for governor, five for U. S. Senator, nine for lieutenant governor, three for attorney general, nine for comptroller, seven for treasurer, two for land commissioner, two for agriculture commissioner and four for railroad commissioner.

Republicans have only one candidate each for U. S. Senator (incumbent Sen. John Tower), treasurer and railroad commissioner.

Former Sen. Ralph W. Yarborough and Barefoot Sanders of Dallas are the leading Democratic candidates for senator. Governor Smith, Lt. Gov. Ben Barnes, Dolph Briscoe, of Uvalde and State Rep. Frances Farenthoid of Corpus Christi will stir most of the action in the governor's race. Three state senators and a newspaper executive are battling for a runoff spot for lieutenant governor.

HOSPITAL FUNDS APPROVED — Loan guarantees with interest subsidiaries totalling more than \$23.8 million have been approved by the Texas Board of Health for 14 Hill-Burton hospital construction projects. Another \$450,000 was set aside for the Ranger General Hospital pending completion of a feasibility study of its new building program.

Subsidies were approved for Texas Medical Center Laundry Co-op Association, Houston; Scott and White Memorial Hospital at Temple; Henderson Memorial Hospital; Eastland Memorial Hospital; Freestone County Hospital in Fairfield;

Heart of Texas Memorial Hospital at Brady; Decatur Hospital Authority; Marshall Memorial Hospital; Bailey County Hospital District Muleshoe; Red River County Hospital, Clarks-ville; Nocona Hospital Authority; King's Daughters Hospital at Temple; Richards Memorial Hospital at Rockdale and St. Anthony Hospital at Amarillo.

Twenty-six other applications will be considered at a March meeting.

COURTS SPEAK — Texas Supreme Court ordered a district court trial of an Andrews property owner's suit to force his local school board to tax bank stocks.

The High Court also held a 57-year old woman who received a broken leg after being butted by a "petting zoo" goat cannot collect damages from Six Flags Over Texas.

The State Court of Criminal Appeals reversed convictions of three El Paso men for possessing obscene material (girlie magazines) for purposes of sale.

For the second time, the Court of Criminal Appeals reversed lower courts and ordered a new trial for a man arrested with a truck load (567 cases) of cigarettes which had no state tax stamps.

The Third Court of Civil Appeals ruled out a suit by parents of a blind boy who drowned at a school for the blind swimming pool against the institution.

APPOINTMENTS — Robert B. Gilmore of Dallas was reappointed to a new six-year term on the Texas Water Development Board.

Governor Smith made these appointments to the Criminal Justice Council: Harmon Schepps of Dallas, Kent Hance of Lubbock, Mayor Ken Ritter of Beaumont, Mrs. Ray W. Willoughby of San Angelo, 148th District Judge Noah Kennedy of Corpus Christi, W. E. Haynes Jr. of Laredo, Dr. I. T. Hunter of Tyler, Mrs. Carroll Koch of Quanah and Police Chief William Harold McGee of Texarkana.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all

OFFICIAL PROCLAMATION

By
PRESTON SMITH
Governor of Texas

GREETINGS:

Texas is known as a land of contrast and the Big Thicket of Southeast Texas is one of the nation's most remarkable and unique wilderness areas.

It has been described as the "Biological Crossroads of North America" because it lies athwart north-south-east-west demarcations of plant and animal patterns.

Rare birds, plants, flowers and many of the world's largest trees make the value of the Big Thicket to science, Texas and the nation immeasurable.

During the month of March, the members of the Texas Federation of Women's Clubs will devote their time and efforts to the Big Thicket project.

THEREFORE, I, as Governor of Texas, do hereby designate the first week of March, 1972, as

BIG THICKET WEEK
In Texas.

(S.F.A.L.)

In official recognition whereof, I hereby affix my signature this 24th day of Jan. 1972.
